

## Kiss Me 291

### Chapter 291: Zuo Yi's Reluctance

Moreover, there were a lot of things that she still has to figure out, and there were still many things that she wanted to ask Shi Yuting.

As she thought about it, Zuo Weiyi looked at Zuo Yi before she nodded. "Yes. Grandpa Zuo, thank you for taking care of me and looking out for me."

Zuo Yi could not help but feel a little disappointed when he heard her reply.

He really wanted to keep her by his side so that he could make up for the debt that he owed toward her grandmother, mother, and herself throughout all these years.

"Will you regret it?" Zuo Yi asked as he looked at her.

In fact, it was not that he disliked Shi Yuting. Even though he had his own share of grievances with Shi Le, Zuo Yi had always admired Shi Yuting from the bottom of his heart.

After all, even though he was still very young, he could solve many tedious national affairs, and this was the reason why he was elected as the next presidential candidate.

However, Zuo Yi understood Shi Le's character and personality very well. Therefore, he knew that it was completely impossible for him to accept an illegitimate child as his granddaughter-in-law.

He also knew that Shi Yuting obviously did not have as much power as his grandfather. Therefore, Zuo Yi did not want his precious granddaughter to be wronged, and he did not want her to suffer any grievances at all.

Zuo Weiyi also felt a little lost when she saw the desolate expression on Zuo Yi's face. She could not understand why Grandpa Zuo was so concerned about her.

Zuo Weiyi did not know what she should reply to his question.

After all, who knows what would happen tomorrow?

She did not know if she would regret her decision, and she did not know if Shi Yuting would be able to give her a future. However, she knew that she was deeply in love with this man and if he was not engaged to Tengtang Xi, then she would definitely go back to the seaside villa with him.

She was not going to give up on her relationship just like that!

Zuo Weiyi smiled as she looked at Zuo Yi and said, "I don't know, Grandpa Zuo. I will only think about it when I start having any regrets!"

Right now, all that she wanted was to go home with the man that she loved.

Zuo Yi was a little disappointed when he heard her answer.

"Alright then. If you are unhappy or if Shi Yuting bullies you, do not hesitate to come and look for me. Grandpa Zuo will protect you!"

Zuo Weiyi was very flattered that he was pampering her so much.

She smiled as she nodded slightly. "Okay!"

Zuo Weiyi felt that Grandpa Zuo was a really good and kind person.

If it was not because of her humbler background, she would really love to have a grandfather like him.

Shi Yuting who was standing nearby could not help but frown when he heard their conversation.

Why was Zuo Yi so kind toward Zuo Weiyi?

The expression on Zuo Yi's face was the kind of expression that could only be found between relatives. This was the exact expression that his grandfather always had when he was pampering and doting on Shi Nuannuan.

Moreover, Zuo Yi was usually not such an amicable person. However, Shi Yuting could not understand why Zuo Yi had a very loving and cordial expression on his face when he looked at Zuo Weiyi.

As he raised his head to look at Zuo Yi, Shi Yuting frowned as a strange feeling of discomfort suddenly appeared in his heart.

Was it possible that this old man was interested in Zuo Weiyi? Was he trying to snatch his woman from him?

Possessiveness was a man's nature, and when he thought about it, Shi Yuting grabbed Zuo Weiyi's hand and said, "Let's go home now!"

Zuo Weiyi was completely caught off guard as Shi Yuting dragged her out of Zuo Yi's house immediately.

Zuo Yi's eyes were filled with dismay as he watched both of them leave.

What reason should he come up with so that Zuo Weiyi would come back to accompany him occasionally?

Zuo Yi felt very sad when he thought about it.

After Shi Yuting and Zuo Weiyi left, Uncle Yu walked over to Zuo Yi's side to comfort him. Uncle Yu felt very distressed when he saw the reluctance in Zuo Yi's eyes.

### **Chapter 292: Do You Like Children?**

Other people might not understand what Zuo Yi was feeling but Uncle Yu understood his feelings very well.

He knew that the old master's love for Shen Ruoxi had never wavered from the beginning to the end. That was also the reason why he chose to be alone instead of getting married to anyone else.

He finally found his granddaughter after so many years but he could not acknowledge her. The old master must be feeling very distressed.

He was already more than seventy years old now, and he did not have much time left in this world.

"Old Master..." Zuo Yi stopped Uncle Yu before he could speak.

“Send someone to pay closer attention to Weiyi.”

“Yes, sir.”

\*\*\*

After leaving Zuo Yi’s house, Shi Yuting could not help but ask Zuo Weiyi a question.

“How did you meet Zuo Yi?”

Zuo Weiyi, who was sitting at the passenger’s seat, turned around to look at the handsome man before she replied, “I met him on the bus.”

Shi Yuting frowned as soon as he heard her reply. “A bus?”

“Yes.”

It was not surprising for Shi Yuting to look so surprised because Zuo Weiyi was also surprised when she saw Grandpa Zuo’s place of residence!

He obviously had a very luxurious house and cars, but it was really unbelievable that he would actually take the bus.

However, Zuo Weiyi felt that it was very difficult to comprehend the old man’s thinking. Therefore, she did not put too much thought into it. After all, it was just something irrelevant.

“How many times have you met him?” Shi Yuting asked again as he continued driving.

“Including this time, it should be three times in total.”

Shi Yuting frowned when he heard her words.

It seemed as though Zuo Yi did not meet Zuo Weiyi by accident. Was he really interested in her?

As he thought about it, Shi Yuting started to feel even more possessive.

“You should see him lesser in the future.”

Zuo Weiyi was taken aback at his sudden jealousy, and she quickly asked with a puzzled expression on her face, “Why?”

“No reason why!”

Zuo Weiyi was confused as she stared at the displeased expression on his face.

“I think that Grandpa Zuo is a very kind and good person. If he did not save me last night, I would have...”

She would have been hit by a car.

“Grandpa Zuo? Did he ask you to call him that?”

They arrived at the seaside villa. After stopping the car, Shi Yuting turned around as he faced the person in the passenger seat with an anxious expression on his face.

Zuo Weiyi nodded as she looked at him. "Yes."

Shi Yuting lowered his head again.

So, did that mean that Zuo Yi had no intention of taking Zuo Weiyi as his woman?

If both of them really met by accident, why was he so interested and concerned about her?

"Shi Yuting."

As Shi Yuting was deep in thoughts, Zuo Weiyi suddenly called out his name.

He raised his head to look at her. "Yes?"

"If I..."

He did not know about her pregnancy. What would he do if he found out about it?

Would he want her to abort the baby or would he be happy to find out about her pregnancy?

Shi Yuting's curiosity sank in when he saw that she was a little hesitant to speak. "What's wrong?"

Zuo Weiyi looked at him and was not sure whether he would want this child or not. What should she do if he did not want the baby?

"Do you like children?"

Shi Yuting frowned when he heard her sudden question.

Children?

To be honest, he did not really like children.

"Why are you asking me this all of a sudden?"

"Well, nothing. I just wanted to know." Zuo Weiyi lowered her eyes because she did not want him to see the guilty conscience in her eyes.

Shi Yuting was convinced that she was really asking him the question on a whim. Therefore, he simply replied, "Generally, I really do not like children that much."

After that, Shi Yuting unbuckled his seat belt before he opened the car door and stepped out of the car.

### **Chapter 293: If It Is Your Own Child...**

Zuo Weiyi was a little startled when she heard his reply.

He... did not like children?

"Why? Do you feel reluctant to come out of the car?"

He walked around the front of the car before he opened the passenger car door, only to realize that Zuo Weiyi was still seated in the passenger seat as though she did not plan to get off at all.

Zuo Weiyi raised her head when she heard the sound of the car door opening. She glanced at Shi Yuting before she stepped out of the car.

Both of them walked toward the house but after taking a few steps, Shi Yuting seemed to realize that the person next to him was not following behind him. Therefore, he could not help but turn around as he looked at Zuo Weiyi with a frown on his face.

“What is wrong with you?”

Zuo Weiyi was completely immersed in her own thoughts and finally looked up when she heard his voice. “No, nothing is wrong.”

Shi Yuting raised his brows as though he already noticed that something was wrong with her.

Zuo Weiyi quickly caught up to him but after thinking about it, she could not help but speak up again.

“Shi Yuting.”

Shi Yuting turned his head when he heard her words and this time, he fixed his gaze on her as he asked, “What is wrong?”

“If... if it is your own child, would you like it then?”

Shi Yuting was slightly startled when he heard her question.

Just as he was about to give her an answer, Shi Nuannuan suddenly ran out of the house because she heard both of them talking!

As soon as she saw that Zuo Weiyi was finally home, Shi Nuannuan instantly felt relieved and she yelled out excitedly, “Weiyi!”

Zuo Weiyi raised her head and saw Shi Nuannuan running toward her at this time. Shi Nuannuan grabbed Zuo Weiyi and hugged her tightly as soon as she saw her.

“Weiyi, you are finally home. I was so worried about you!”

Zuo Weiyi could feel warmth in her heart as Shi Nuannuan hugged her because she could tell that she was really worried about her.

She gently pushed her away before she smiled and said, “Don’t worry, I am fine now.”

Shi Nuannuan felt very relieved to see Zuo Weiyi standing in front of her.

After that, she seemed to recall something important and she said eagerly, “Weiyi, my brother did not get engaged to Tengtang Xi! Why didn’t you stay until the end of the banquet? I was so worried about you!”

Last night, when Shi Nuannuan returned to the banquet hall, she was also shocked to see her brother throwing the engagement ring onto the ground!

She initially thought that her brother would definitely obey her grandfather’s order and that he would definitely be engaged with Tengtang Xi. However, she really did not expect to witness him throwing the ring onto the ground when she returned to the banquet hall.

It was a pity that Weiyi left without witnessing that scene. Moreover, they were even more worried because there was such a horrendous thunderstorm last night. Shi Nuannuan was really glad that Zuo Weiyi was fine.

Zuo Weiyi could not help but glance at Shi Yuting when she heard Shi Nuannuan's words.

If Shi Nuannuan was also saying the same thing, did this mean that he really did not get engaged to Tengtang Xi?

"Weiyi, do you know that my brother is going against my grandfather's wishes for the first time, because of you?"

Shi Nuannuan said sincerely as she looked at Zuo Weiyi.

What her brother did last night really hurt their grandfather, and he was still mad at her brother now. He even told him that he did not want him to come back to the Shi family in the future!

However, Shi Nuannuan knew her grandfather very well. She knew that he was only saying it out of angry but did not mean it at all.

After all, her brother was his precious grandson, so how could he possibly sever their relationship just like that? She knew that her grandfather was only saying that because he wanted her brother to give up on Zuo Weiyi and marry Tengtang Xi instead!

Zuo Weiyi could only stare blankly at Shi Yuting as Shi Nuannuan continued speaking.

He did not break his promise to her. She misunderstood everything.

Zuo Weiyi could not help but feel a little regretful after thinking about the events that transpired last night.

He obviously did not want her to watch television because he was afraid that she would misunderstand him and overthink if she saw the engagement banquet.

However, at the end of the day, she chose to turn on the television after all. As she thought about it, Zuo Weiyi felt that she was really stupid.

### **Chapter 294: What's Wrong? Your Stomach is Unwell?**

A piece of news was playing on the television in the living room at this time.

"Last night, for some unexpected reason, something went wrong at the engagement banquet of Shi Yuting from Di Zun Group..."

When the few people heard about this, they turned around to face the huge LCD television, and they realized that the news was about Shi Yuting's engagement banquet last night.

Zuo Weiyi was shocked when she saw Shi Yuting throwing the ring onto the ground.

"I will never marry Tengtang Xi..."

Shi Yuting had actually thrown the ring onto the ground...

She had really misunderstood him.

As she thought about this, Zuo Weiyi could not help but feel that she was really stupid.

“Xiangyi!”

The atmosphere in the living room was very quiet before Shi Yuting’s voice filled the entire living room.

Xiangyi rushed over to them as soon as he heard Shi Yuting’s voice. “Mr. Shi.”

“Go and find out which media has released the news about the events that transpired last night.”

“Yes, sir!”

Xiangyi replied before he turned around and walked out of the house immediately.

Shi Nuannuan was a little worried as she frowned and asked, “Brother, will there be any problems?”

For wealthy families like them, what they feared the most was the bad things that would ruin and tarnish their family’s reputation. However, Shi Nuannuan was afraid that this news would also affect her brother’s company, Di Zun Group.

“It’s okay,” Shi Yuting replied, solemnly.

Zuo Weiyi had a blank expression on her face as she observed the siblings.

If the news was broadcasted on television, would that not affect him badly?

As she thought about it, Zuo Weiyi could not help but raise her head to look at the man in front of her. Shi Yuting walked toward her slowly.

After that, he raised his hands as he cupped her delicate face in his hands and said, “Please stay at home and wait for me. I have to go and deal with some things.”

After that, Shi Yuting turned around to look at Shi Nuannuan as he said, “I want you to accompany her.”

As soon as he said what he wanted to say, Shi Yuting turned around and walked out the door immediately.

Zuo Weiyi lowered her head to look at her belly as she watched him disappear through the front door.

She wanted to tell him about her pregnancy but she was afraid because she did not know whether he would want the child or not.

Zuo Weiyi subconsciously stroked her flat belly and felt as though she could feel her baby’s heartbeat.

“What’s wrong? Is your stomach unwell?”

Shi Nuannuan could not help but ask when she saw Zuo Weiyi stroking her belly with her hand.

Zuo Weiyi raised her eyes and looked at Shi Nuannuan but she was at a loss for words.

After thinking about it, Zuo Weiyi felt that this was such an important matter, and the first person that she wanted to tell was Shi Yuting because this was his child after all.

As she thought about it, Zuo Weiyi shook her head before she smiled and said, “No, I am fine.”

\*\*\*

At lunch the next day, Zuo Weiyi still had no appetite at all.

However, she thought about what Gu Yansheng had said about her baby, and she knew that she had to do what she could to ensure that her pregnancy was stable. Zuo Weiyi quickly picked up her chopstick and bowl before she started eating her bowl of rice.

“Cough...”

After swallowing a mouthful of rice, Zuo Weiyi felt a strong discomfort in her chest and throat. She started gagging before she rushed to the bathroom on the first floor as she covered her mouth with her hand.

Shi Nuannuan stared at Zuo Weiyi’s back as she did not understand what was happening to her.

Zuo Weiyi was obviously feeling unwell.

Aunty Yu hurried out of the kitchen with Xiao Cui. When they saw that Zuo Weiyi had already left the dining table, they asked in a hurry, “Where is Miss Zuo?”

Shi Nuannuan frowned as she stared in the direction that Zuo Weiyi had run to before she said, “I think Weiyi is feeling a little unwell...”

### **Chapter 295: Shi Nuannuan’s Discovery**

After listening to Shi Nuannuan’s words, Aunty Yu looked around but she did not know where Zuo Weiyi was. She wanted to find out why she was feeling unwell.

Zuo Weiyi finally felt a little more comfortable after vomiting out all the food that she had just swallowed.

Zuo Weiyi still looked a little unwell after returning to the dining room.

Aunty Yu could not help but ask immediately, “Miss Zuo, what is the matter?”

Zuo Weiyi looked up at Aunty Yu before she smiled and said, “Nothing is wrong. I am fine.”

After that, Zuo Weiyi lowered her gaze as she looked at the food on the table. She still had no appetite at all.

She did not feel like eating the rice or dishes but she knew that she needed to eat something because of her baby. Therefore, Zuo Weiyi took a sip of the pork rib soup instead. When she realized that she did not feel nauseated after drinking the pork rib soup, she continued drinking the whole bowl of soup.

This was the first time that she had ever drunk so much soup, and Aunty Yu could not help but feel a little surprised.

She watched as Zuo Weiyi finished her bowl of soup before she took another bowl of rib soup before finishing that too.

“I am full now.”

Zuo Weiyi put down the bowl as she looked at Shi Nuannuan who was sitting directly opposite her.

Shi Nuannuan had only eaten a spoonful of her food because she had been busy watching Zuo Weiyi drinking her soup from start to the end!

It had only been a few days since she last saw her. When did her appetite become so good?

No, that was not right either. If she had a good appetite, she would be eating the rice and dishes too. Would she really be full from just pork rib soup?

“Aren’t you going to eat rice and the dishes?” Shi Nuannuan asked as she stared at Zuo Weiyi.

Zuo Weiyi smiled before she shook her head. “No. I am already full. You should eat more!”

Zuo Weiyi seemed to be in a very good mood today.

After she spoke, she stood up and walked into the living room before heading directly to her bedroom on the second floor.

Shi Nuannuan, Aunty Yu, and Xiao Cui were staring at Zuo Weiyi’s back blankly.

It seemed as though Miss Zuo was in an extremely good mood today.

Was it because the misunderstanding between Mr. Shi and Miss Zuo had already been resolved?

Zuo Weiyi sat on her bed on the second floor as she opened the white laptop that Shi Yuting occasionally used when he was home. After that, she browsed the internet for some information on pregnancy.

It was then that she realized that some people lose their appetite when they were pregnant. Moreover, if the baby was at risk and if her pregnancy was not stable, it would be advisable for her to stay in bed and rest more. Zuo Weiyi also found out that the first three months were the critical period, and she should pay more attention to her health and body at this time.

After reading all the information on the laptop, Zuo Weiyi did not leave her bedroom but she chose to take a nap instead.

After she was done having her lunch, Shi Nuannuan sat in the living room downstairs. However, after realizing that Zuo Weiyi was not coming down, she could not help but go upstairs to the master bedroom on the second floor to check on her. After opening the door, Shi Nuannuan realized that Zuo Weiyi was already fast asleep.

The white laptop was next to her on the bed.

Shi Nuannuan frowned as she walked over to the laptop and looked at the laptop screen out of curiosity.

It was only then that she saw that Zuo Weiyi had been searching for the word ‘pregnancy’ online.

Pregnancy? Why was Zuo Weiyi looking up information on pregnancy?

When Shi Nuannuan saw that Zuo Weiyi was sound asleep, she turned the laptop off before she left the bedroom, closing the door gently behind her.

However, after returning downstairs, Shi Nuannuan could not stop thinking about the word 'pregnancy'.

No, something was not right!

Pregnant?

Shi Nuannuan's eyes widened as though she had just thought of something.

Zuo Weiyi... was pregnant?

Shi Nuannuan frowned as she stood at the bottom of the stairs. She wanted to go up and ask Zuo Weiyi if she was indeed pregnant but she could not bring herself to wake her up.

Shi Nuannuan was very excited!

If Zuo Weiyi was pregnant, then who was she? Would she be the baby's aunt then?

What was she going to do? She was going to be an aunt!

Shi Nuannuan was overwhelmed with excitement as she thought about the possibility of Zuo Weiyi being pregnant.

### **Chapter 296: Brother, Weiyi is Pregnant!**

No, she had to tell this good news to her brother.

As she thought about this, Shi Nuannuan ran down the stairs before she took out her cell phone and made a phone call to Shi Yuting immediately.

In the meeting room at Di Zun Group.

The atmosphere was extremely silent.

The shareholders of Di Zun Group were seated around the huge conference table with a sunken expression on their faces.

This was because the stock prices of Di Zun Group shares had plummeted, and the company had already lost hundreds of millions in an instant because of the news that was released this morning.

Shi Yuting sat at the main seat at the conference table with a cold expression on his face. Even if the shareholders were all furious, they did not dare to say anything at all. They could only hold back their anger now.

However, they were still some people who were not afraid of death.

"Mr. Shi, can you give us an explanation?"

They could have earned hundreds of millions of dollars but after just half a day, they had already lost hundreds of millions of dollars because of the news. It was only natural for the shareholders to feel very dissatisfied.

Shi Yuting raised his eyes as he looked at the middle-aged man who had just spoken up. After that, he asked, coldly, "What do you want to say?"

"The company has lost hundreds of millions in half a day!"

"I will pay for the hundreds of millions that we have lost," Shi Yuting replied indifferently as if the hundreds of millions was nothing to him at all.

All the shareholders seated around the conference table were shocked.

He was going to pay for it?

Was he really going to make up for the company's losses by paying out of his own pocket? That was a few hundred million that they were talking about. It was not a small amount.

"Do you have any other questions for me?"

Shi Yuting asked in a deep voice as he looked around the room.

Even though the problem of the losses that the company suffered had already been resolved, the news this morning had clearly affect Di Zun Group. Moreover, the stock market was in a continuous state of decline. What should they do to solve this matter?

As he thought about it, one of the men spoke up immediately, "CEO Shi, our share prices have been dropping. If this continues, Di Zun Group will suffer a crisis!"

"Oh? Are you certain that our share prices are still falling?"

The shareholder was taken aback when Shi Yuting questioned him suddenly.

He had just checked the share prices before the meeting started, and the price of the share was dropping then. Did it stop declining already?

As he thought about it, the shareholder quickly turned his laptop around before he checked the stock market. Their share prices had really stopped falling!

What happened?

He raised his head to look at the man seated at the main seat. How did he do it?

Suddenly, the sound of a cell phone ringtone suddenly cut through the depressive mood in the conference room.

Everyone turned around as they looked at the cell phone that was ringing in front of Shi Yuting.

Si Yuting glanced at the screen on his cell phone and frowned slightly when he saw the caller ID.

As soon as he placed the phone to his ear, he could hear Shi Nuannuan's excited voice on the other end of the line.

"Brother, Weiyi is pregnant!"

Shi Yuting was originally very calm but he felt as though his heart was beating frantically when he heard Shi Nuannuan's words.

He stood up in shock as he asked Shi Nuannuan in disbelief, "What did you just say?"

"I think that Weiyi is pregnant!" Shi Nuannuan replied excitedly over the phone.

Shi Yuting was stunned for a few seconds before he turned around to leave after ending the meeting with a few words. "This is the end of the meeting for today."

He immediately strode out of the conference room in a hurry after the dismissal.

\*\*\*

The sun was still shining brightly at four o'clock in the afternoon.

Zuo Weiyi had already been sleeping the entire afternoon.

She opened her eyes in a daze and was immediately greeted by a perfect and beautiful face.

Zuo Weiyi was a little taken aback, and she seemed to lose all of her sleepiness as she woke up immediately.

"You... why are you here?"

As soon as she opened her eyes, she saw the man sitting on the edge of the bed as he was staring at her. Had he been staring at her all this while?

### **Chapter 297: How Did You Find Out?**

As she thought about it, Zuo Weiyi sat up immediately as she raised her hands to touch the corners of her mouth. She could not help but wonder if she was drooling while she was sleeping.

When she found that the corners of her mouth were clean, Zuo Weiyi put down her hands immediately.

Fortunately, she was not drooling.

Shi Yuting stared at her before he asked, "Are you pregnant?"

Zuo Weiyi was startled when she heard his words.

How did he find out about it?

She looked at the calm and composed expression on his face, and she could not help but feel a little nervous because he seemed very indifferent at this time.

Did he like or dislike the child in her stomach?

"How did you find out?"

"Yes or no?" Shi Yuting continued asking firmly.

Zuo Weiyi put on an indifferent expression on her face.

He had such a serious expression on his face. Was he going to ask her to get rid of the baby?

No, she would ever allow that to happen!

“No... no...” Zuo Weiyi lowered her eyes because she was afraid that he would force her to get an abortion. Therefore, she did not want to tell him the truth.

However, Shi Yuting felt a little disappointed when he heard her answer.

Was she not pregnant?

If she was not pregnant, why would she be searching for information on pregnancies on the internet?

When Shi Yuting came home, Shi Nuannuan had already told him everything. If this woman was not pregnant, why would she be reading up on all this information?

As he thought about this, Shi Yuting continued staring at the person sitting in front of him.

Zuo Weiyi lowered her head because she did not want to make any eye contact with him. Shi Yuting noticed that she was obviously lying.

But why was she hiding the truth from him? Was it because he told her that he did not really like children?

Shi Yuting suddenly realized what was going on.

“Tell me the truth, Weiyi. Are you pregnant?”

Zuo Weiyi raised his head to look at him.

She really wanted to tell him the good news in person but if it would not be good news to him, then she did not want to say anything to him at all.

Shi Yuting could see right through her worries when she continued keeping silent.

He stretched out his hands as he hugged her tightly in his arms.

After that, he whispered into her ear hoarsely and excitedly, “Are you worried that I will not accept this child?”

As soon as she heard his words, Zuo Weiyi could not help but raise her head to look him in the eyes.

Shi Yuting pursed his lips together as he smiled and said, “Silly girl! When I said that I do not like children, I was talking about other children. If it is our child, how could I possibly not like our own child?”

He was extremely excited!

Zuo Weiyi raised her head as she stared at him in a daze.

Did this mean that he would love their child?

As she thought about it, Zuo Weiyi suddenly said, “I thought you do not like children at all.”

Shi Yuting raised his hand and rubbed her cheek gently with his thumb before he replied proudly, “It depends on whose child it is. If it is our child, I would love the child to death!”

Shi Yuting could not help but feel extremely excited because he was going to be a father. He was already looking forward to welcoming this new life into this world!

Zuo Weiyi finally felt relieved after getting his assurance and affirmation.

Shi Yuting lowered his head as he kissed Zuo Weiyi on her lips as he stared at her delicate face.

"I am going to ask Zhong Shenghao to come over in a short while. I want to know all about the baby's condition!"

After that, Shi Yuting quickly made a phone call to Zhong Shenghao before dinner.

"Brother, I... I am not an obstetrician or a gynecologist!" Zhong Shenghao replied helplessly over the phone.

Shi Yuting frowned as he asked, "Is there a difference?"

"Of course there is! It would be better if you take her to the hospital to get a checkup instead."

### **Chapter 298: Some Strenuous 'Exercise'**

After dinner, Shi Yuting decisively brought Zuo Weiyi to the hospital.

After a series of inspections, they found out that the baby's condition was basically stable. However, since Zuo Weiyi experienced some spotting in the past, she needed to rest more and make sure that she did not get too tired or exhausted.

"I would also advise you not to do some strenuous 'exercise' for the first three months..."

Zhong Shenghao deliberately stared at Shi Yuting as he said this. However, Shi Yuting could obviously see the ridicule in his eyes.

He raised his eyes as he glared at Zhong Shenghao and said, coldly, "Didn't you say that you are not an obstetrician or gynecologist? Why are you sprouting so much nonsense?"

Zhong Shenghao lifted his hand before he gestured at the other doctor in the room. "If you don't believe me, you can ask for her opinion instead."

Zhong Shenghao was pointing at the obstetrician and gynecologist in the office.

As soon as she heard Zhong Shenghao's words, the doctor raised her head as she looked at Shi Yuting seriously. "Dr. Zhong is right. It would be best for you to avoid having any sexual intercourse for the first three months but in my personal opinion, it would be best if you waited until the fifth month instead."

"I thought you said the first three months?" Shi Yuting replied with a dissatisfied expression on his face.

"Well, she has a very weak body, and it seems as though she is extremely malnourished. I really feel as though she has been abused before this."

The doctor said as she looked at Zuo Weiyi. After that, she lowered her head before she started prescribing some fetal care medicine for Zuo Weiyi.

Shi Yuting was slightly startled when he heard the doctor's words.

Was her body in a bad condition because of her previous injuries?

It seemed as though she had gotten hurt a lot ever since she met him.

As he thought about it, Shi Yuting turned around to look at the person who was sitting beside him.

After they were done with the examination, they took the medicine prescribed by the doctor before they left the hospital.

On the way home, Shi Yuting suddenly received a phone call.

He glanced at the caller ID and he realized that it was Zhong Shenghao who was calling him. Shi Yuting put on his Bluetooth headset before he answered the call.

“What is the matter?”

“What are you going to do now? Are you really going to ask her to give birth to your baby without giving her any status at all?” Zhong Shenghao asked, calmly, over the call.

He was well aware of Shi Yuting’s background, and he knew very well that Zuo Weiyi would never be able to obtain any status as long as Shi Yuting’s grandfather refused to accept her as a part of his family.

Zhong Shenghao knew that Zuo Weiyi was also an illegitimate child. Therefore, he did not want Shi Yuting to do the same thing to Zuo Weiyi. He did not want her to follow in her mother’s footsteps.

That was the reason why he decided to call Shi Yuting.

Shi Yuting was stunned when he heard his sudden question.

He had never wanted to keep her by his side without giving her any status at all. However, he knew that his grandfather would never accept her as his granddaughter-in-law.

“I have my own plans.”

As soon as he replied, Shi Yuting hung up the phone before taking off his Bluetooth headset.

After a short while, his cell phone rang again and this time, it was Xiangyi who was calling.

Xiangyi’s deep and serious voice sounded as soon as Shi Yuting answered the call.

“Mr. Shi, the speaker is the one who released the news this morning.”

Shi Yuting frowned immediately.

Grandpa?

Why did he do that?

“What was his purpose?”

“It seems as though he wanted to punish you for what you did at the engagement banquet.”

“Alright, I got it.”

Shi Yuting sighed after hanging up the phone.

Zuo Weiyi, who was sitting on the passenger seat next to him, asked immediately, “What is wrong?”

Shi Yuting turned around and glanced at her pretty face before he smiled and said, “Everything is fine.”

Zuo Weiyi could only look at him speechlessly.

Was everything really fine?

When they got back to the seaside villa, it was already eight-thirty at night.

After taking a shower, Zuo Weiyi climbed back into bed immediately.

When Shi Yuting was finally done processing some important documents, it was already eleven o'clock at night. When he returned to the bedroom, he realized that Zuo Weiyi was already fast asleep in bed.

### **Chapter 299: The Faint Heartbeat**

The next day.

Zuo Weiyi woke up at eight o'clock in the morning before she opened her eyes slowly.

Unexpectedly, Shi Yuting was still lying in bed.

When Zuo Weiyi saw the man lying next to her, she was extremely surprised. He was staring at her, as though he was admiring something.

She felt a little uncomfortable after a short while and quickly asked, "Why aren't you getting up yet?"

He would already be late in another half an hour.

"I do not feel like getting up." This was the first time in twenty-eight years that he wanted to stay in bed for a little longer.

Shi Yuting felt as though his world had completely changed ever since he met this woman.

He reached out to hug her, and he felt that the fresh scent around her neck was really refreshing.

"But wouldn't you be late if you don't get out of bed now?" Zuo Weiyi frowned as she wondered what was wrong with this man today.

"Well, I am the boss, so I have the final say anyway," the man replied very arrogantly and domineeringly.

Zuo Weiyi felt her mouth twitching.

This man was really very territorial!

As he wrapped his arms around her waist, Shi Yuting suddenly seemed to recall something. He quickly raised his head as he lifted the thin quilt before he looked at her flat belly.

"Do you feel anything there?" Shi Yuting was very curious at this time. Was there really a small life growing in that flat belly?

Zuo Weiyi was a little stunned at his sudden question and followed his gaze as she looked at her flat belly.

"I can't feel anything..."

Apart from the occasional chest tightness and her lack of appetite, Zuo Weiyi did not feel anything at all.

In fact, she even doubted whether there was really a small life growing in her belly.

Shi Yuting was very curious as he stared at her lower abdomen and gently pressed his palm against her belly, as though he wanted to feel something.

Zuo Weiyi was silent as she stared at him and after a short while, she finally asked, “Do you feel anything?”

Shi Yuting remained quiet for a while before he looked at her and said, “It feels like a weak heartbeat.”

As he placed his palm on her belly, Shi Yuting could feel a faint beating in her belly. Was this proof of the existence of this little life?

After listening to Shi Yuting’s words, Zuo Weiyi placed her hand on her belly out of curiosity. After a few moments of silence, she felt as though she could feel a faint heartbeat. She could not help but curl her lips into a smile immediately.

She was really filled with happiness now.

When it was ten minutes past eight o’clock in the morning, Shi Yuting suddenly got out of bed.

“Let’s get up. We have to go somewhere.”

Zuo Weiyi could not help but stare at his perfect and attractive body before she asked, “Where are we going?”

Shi Yuting turned around and smiled before he said, “You will know when we get there.”

After that, Shi Yuting walked toward the closet before he put on a shirt and a suit.

Zuo Weiyi could only frown as she stared at the perfect figure in front of her. After that, she got up and washed up before changing out of her pajamas.

After they were done eating breakfast, Shi Yuting raised his hand before looking at the time on his watch. It was eight forty in the morning. His timing was perfect!

“Where are you going? Bring me along with you!”

When Shi Nuannuan saw that both of them were about to head out, she hurried down the stairs with a messy appearance, as though she had just woken up.

She had accidentally found out Xiangyi’s WeChat account from her brother last night. Therefore, she had sent him a friend request last night but he had not approved her friend request throughout the entire night.

That damn Xiangyi! What was he doing?

Shi Nuannuan waited until early in the morning and went to bed very late last night. However, Xiangyi had not approved her friend request at all. This was also the reason why she had woken up late today.

**Chapter 300: Where are We Going?**

As soon as she heard Shi Nuannuan's voice, Zuo Weiyi turned back but Shi Yuting dragged her toward the door before he rushed her out of the house immediately. He completely ignored his dear sister's presence on the stairs.

Shi Nuannuan was very relaxed as she stood on the stairs. However, when she blinked, Shi Yuting and Zuo Weiyi had already disappeared out the front door. When Shi Nuannuan ran out the front door, she realized that Shi Yuting had already driven the white Ferrari out of the house.

Shi Nuannuan pouted in a dissatisfied manner as she stared at the disappearing car.

Forget it! She would just stay at home and continue to wait for Xiangyi to approve her friend's request in WeChat!

Beep! Beep!

As she was deep in thoughts, Shi Nuannuan suddenly received a notification on her cell phone. Shi Nuannuan took out her cell phone, only to realize that her friend's request had already been approved.

Shi Nuannuan was very excited as she looked at the familiar name on her cell phone. After that, she sat down on the sofa before she sent Xiangyi her first message: "Hello, Mr. Xiang."

After sending the message, Shi Nuannuan waited expectantly on the sofa for Xiangyi's reply.

However, as time passed by, there was no response from Xiangyi at all.

Shi Nuannuan frowned before she picked up her cell phone to refresh her notifications repeatedly. However, there was no updates at all.

After that, she sent him another message: "Guess who I am?"

Twenty minutes later, there was still no reply.

At the same time.

The road was very congested at this time of the day, and the white Ferrari could barely move as they were stuck in traffic.

Shi Yuting had a very anxious expression on his face as he sat in the driver's seat in the white Ferrari.

Zuo Weiyi looked at Shi Yuting curiously because she did not know where he was bringing her so early in the morning.

She had never been on this road before.

"Where are we going?"

"Civil Affairs Bureau."

The car was finally moving again after Shi Yuting replied to her question.

Zuo Weiyi's mind went blank immediately, and she was in a daze as soon as she heard the words 'Civil Affairs Bureau'. She did not understand why they were headed there.

When she finally regained her senses, the white Ferrari was already parked and Shi Yuting had already gotten out of the car. He walked around the front of the car before he opened the car door on the passenger's side.

Zuo Weiyi was amazed when she stepped out of the car. When she looked up, she could see the words 'Civil Affairs Bureau' written on the building in front of her.

Before she could even come to her senses, Shi Yuting was already dragging her into the building.

Zuo Weiyi was a little lost as she struggled to keep up with Shi Yuting's pace.

Why did Shi Yuting bring her to the Civil Affairs Bureau?

No, this could not be right. Was this not the place for marriage registration?

As soon as they arrived at the Civil Affairs Hall and the Marriage Registration Office, Shi Yuting placed two accounts book at the front desk!

The staff raised her head before she glanced at both of them.

"Are you here to register your marriage?"

"Yes."

"Alright then, please fill in these two forms first."

The staff handed the two forms over to them as she motioned for them to fill up the forms.

After taking the form, Shi Yuting started filling in his information and details in a very serious manner but Zuo Weiyi was still in a daze.

Marriage registration... marriage registration?

Were they registering their marriage now?

"What are you doing? Why aren't you filling out the form?"

Shi Yuting was already done filling out his form and turned around only to realize that the person standing next to him was frozen in place.

When Shi Yuting spoke again, Zuo Weiyi finally regained her senses as she looked up at the man standing in front of her.

"You... you want to marry me?"

"Can't I do that?" Shi Yuting asked as he stared right back at her.

Zuo Weiyi was dumbfounded.

Was she dreaming? Shi Yuting was marrying her?

In order to make sure that she was not dreaming, Zuo Weiyi subconsciously raised her hand as she pinched herself really hard on her right cheek. She immediately frowned in pain.

"Ahh! That hurts!"

“Silly girl! What are you doing?”
