Chapter 361: Break off the Engagement! (3)

If his beloved grandson really did not care for the position of the president of the country, then why should he be bothered about it? At the end of the day, he would only be losing heart and cause his entire family to be in discord.

If that was the case, was it really worth it at all?

Shi Le's behavior also surprised Shi Nuannuan who was standing aside by the door and Shen Lanzhi who was seated next to him.

In their opinion, status and identity were very important to Shi Le. He would never bow down even in front of Zuo Yi, who was the president of the country. However, he was actually putting down his arrogant pride today and was even bowing to the Secretary of Defense, who had an even lower position and status compared to him?

Tengtang Li and Tengtang Xi were also shocked by his reply.

Tengtang Li was stunned for a few seconds and when he finally regained his senses, the expression on his face changed drastically as he said, "Mr. Shi, what do you mean by that?"

Shi Le raised his head as he faced Tengtang Li apologetically. "We will just act according to your suggestion. We should just break off the engagement!"

"You!" Tengtang Li got up from the sofa before he yelled at Shi Le, "What do you treat the Tengtang family as? You are the one who proposed the engagement in the first place, you are the one who keeps delaying the marriage and you are the one who is calling off the engagement now! Shi Le, what do you mean by all this?"

Shi Le could only lower his eyes and sighed as he was faced with Tengtang Li's anger. "I am really sorry about this."

"Sorry? Do you really think that an apology would be enough?" Tengtang Li was extremely furious at this point!

Tengtang Xi who was seated on the sofa was also fuming with anger!

She has already lived for more than twenty years on this earth and this was the first time that she had ever suffered such shame and humiliation!

Who did he think she, Tengtang Xi, was? Was she something that they could just dispose of whenever they wanted to?

As she thought about this humiliation, Tengtang Xi could not help but clench her fists in anger!

However, Tengtang Xi knew very well that the Tengtang family would not be able to do anything at all if the Shi family really wanted to break off the engagement. If they insisted on staying here, they would only be suffering further humiliation!

Tengtang Xi had more self-respect compared to Tengtang Li!

When she saw the determined expression on Shi Le's face, Tengtang Xi got up from the sofa and rushed out of the front door immediately!

When Tengtang Li saw his granddaughter leaving, he did not bother to continue arguing with Shi Le. He simply stood up as he hurriedly rushed out to chase after his precious granddaughter.

This was the first time that his precious granddaughter had been insulted and humiliated in this manner in her whole entire life! Shi Le was simply too hateful!

After both of them left the house, Shi Nuannuan who was stunned by the door suddenly regained her senses. In the next second, she rushed toward her grandfather with a pleasantly surprised look on her face!

"Grandpa! You... you actually agreed to break off the engagement?"

Shi Le glanced at his granddaughter who had just sat down on the sofa next to him.

"You don't have to be so happy right now. Even though I have already called off the engagement with the Tengtang family, this does not mean that I will accept Zuo Weiyi." In fact, Shi Le originally did not intend to break off the engagement in the first place. However, when he heard Tengtang Li's words, he somehow wanted to call off the engagement immediately.

He was indeed old and could no longer control his grandson. If he allowed this to continue, he was afraid that he would eventually lose the support of the people in the country, and he was also afraid that the Shi family would become a joke in front of the whole country!

Since his grandson did not want to be the president, then Shi Le should not be forcing him to do so.

However, Shi Le still found it difficult for him to accept Zuo Weiyi because of her identity as an illegitimate child.

If this incident reached the media, then his family's reputation would definitely be affected. How would they be able to face the country in the future?

"Grandpa... what is wrong with Weiyi?" Shi Nuannuan could not help but pout when she saw that her grandfather was still very unwilling to accept Zuo Weiyi.

Chapter 362: The Taste of Jealousy

"Okay, I want to rest now," Shi Le replied as he stood up and completely ignored his granddaughter's words. After that, he slowly headed up to the second floor.

Perhaps, he was really getting old now. That was the reason why he had a headache after experiencing only a small encounter!

Shen Lanzhi and Shi Nuannuan could not help but heave a huge sigh of relief as they watched Shi Le slowly make his way up the stairs.

Although Shi Le has not accepted Zuo Weiyi yet, at least he was willing to call off the engagement with the Tengtang family.

They believed that Shi Yuting would definitely be happy and more appreciative of his grandfather after he found out what happened.

After coming out of the Shi family mansion, the angry Tengtang Xi headed straight to the hospital where Zuo Weiyi was at right now!

All of the humiliation that she had suffered thus far was all because of Zuo Weiyi's existence!

Tengtang Xi headed up to the floor of the VIP ward that Zuo Weiyi was staying at, filled with hatred and resentment in her heart.

As soon as Shi Yuting entered the ward early in the morning, he saw Gu Yansheng sitting by Zuo Weiyi's bedside as he was chatting with her.

He could not help but feel his heart become a little flustered when he saw the happy expression on both of their faces.

As soon as they heard the sound of footsteps, Zuo Weiyi turned around to look at Shi Yuting and was stunned when she saw his dark expression.

"What happened to you?"

Shi Yuting glanced at her briefly without saying anything. Instead, he turned around to look at Gu Yansheng before he asked, "Are you so free every day?"

Gu Yansheng could see the hint of jealousy from Shi Yuting's dark expression, and he could not help but smirk a little. "I am fine."

"Shi Yuting, why are you saying that?" Zuo Weiyi quickly spoke up when she saw the tension between Shi Yuting and Gu Yansheng.

She did not understand why Shi Yuting always had this kind of expression on his face whenever he saw Gu Yansheng. Why couldn't he treat him better?

No matter what it was, Gu Yansheng was simply here to visit her because she was injured.

Shi Yuting did not pay any attention to her words at all and continued staring at Gu Yansheng with displeasure. Based on the expression on his face, it was obvious that he seriously disliked Gu Yansheng!

Gu Yansheng looked at the time on his watch because he did in fact have something that he had to do today. Therefore, he smiled at Zuo Weiyi before he said, "Weiyi, there is something that I have to do, so I will take my leave first."

Zuo Weiyi looked at Gu Yansheng before she smiled and said politely, "Okay then. Drive safe."

"Okay." Gu Yansheng chuckled slightly before he turned around and left the ward.

Before she could even say anything at all, Shi Yuting looked a little upset as he said bitterly, "Do you really care that much about him?"

Zuo Weiyi was stunned for a moment.

Did she really care too much about Gu Yansheng? She only said those words out of politeness.

Moreover, wasn't this a very common sentence? This man was really...

Zuo Weiyi could not help but grin when she glanced at the man who was standing in front of her.

When she saw the look on his face, she could immediately tell that he was jealous.

However, since she knew that he was arrogant and had his own self-esteem, she did not expose him directly. She simply lifted her quilt as she tried to get out of bed.

When he saw this, Shi Yuting's heart tightened immediately. He walked toward the bed in a hurry and frowned slightly. "What are you doing?"

"I want to go out for a walk."

After resting and receiving treatment in the hospital for the past few days, her wound has already healed a lot. As long as she did not touch it, it would not hurt at all.

Even though she was in a VIP ward, the air ventilation in the hospital was bad. The air conditioning was turned on all the time and Zuo Weiyi felt as though there was a constant lack of oxygen and fresh air in the ward. Besides that, she really missed the smell of nature outside.

"Are you sure you can do this?" Shi Yuting asked worriedly.

Although her complexion had improved a lot, she had not left the hospital bed yet.

"I will be fine. Aren't you here with me?" Zuo Weiyi looked up at him with a sweet smile on her face.

Shi Yuting was still feeling a little worried but since Zuo Weiyi wanted to go out so badly, he could not bear to stop her.

Chapter 363: Why Didn't You Just Die?

Shi Yuting glanced at Zuo Weiyi as though he suddenly thought of something. "Wait for me."

After that, Shi Yuting turned around and walked out of the ward!

Zuo Weiyi was a little surprised and could only stare at his back as he left. However, since he asked her to wait for him, she simply sat down on the edge of the bed as she waited for him to come back.

However, as soon as he left, someone suddenly pushed the door open.

Zuo Weiyi initially thought that Shi Yuting had already come back but when she looked up, it was...Tengtang Xi who walked into the ward.

Zuo Weiyi could not help but frown when she saw Tengtang Xi rushing into her ward.

Why was she suddenly here?

When she saw the angry expression on Tengtang Xi's face, Zuo Weiyi knew that she would be up to no good. She could not help but feel a little afraid that she was here to cause trouble for her again.

It was still so early in the morning, so what happened to make her so angry?

When Tengtang Xi saw Zuo Weiyi sitting on the edge of the bed, she felt extremely angry. How could she possibly sit here looking unscathed? How many lives did she have?

When she thought about the engagement that was called off earlier today, Tengtang Xi could no longer hold back the anger that she was feeling inside. She rushed toward Zuo Weiyi who was completely caught off guard before she gave her a tight slap across her face!

After slapping Zuo Weiyi, Tengtang Xi took advantage of this victory to press Zuo Weiyi down onto the bed. She looked as though she has completely lost her mind as she proceeded to strangle Zuo Weiyi.

Zuo Weiyi could feel a sharp pain coming from her back. She was also gasping as it was getting more and more difficult for her to breathe!

She tried to break free from Tengtang Xi's grasp but she could not do so at all.

"This is all because of you! You were obviously shot, so why didn't you just die? Why do you want to continue living in this world to snatch away everything that belongs to me? If it was not because of you, would the Tengtang family suffer from all these humiliations?"

Zuo Weiyi could not hear a single word that Tengtang Xi was saying at all because she was about to suffocate!

Zuo Weiyi endured the severe pain that she was feeling and kept struggling but to no avail. She caught a glimpse of the small vase that was on the bedside table.

She stretched out her hand as she tried to reach out for the vase but she could not move her body at all because Tengtang Xi was pressing her down with her whole body. The wound on Zuo Weiyi's back had already opened up, and she could feel a sharp and intense pain coming from the wound.

Zuo Weiyi broke out in cold sweat from the pain, and her breathing became even shallower. If this went on, she would definitely be dead!

Zuo Weiyi stared at the small vase on the bedside table and exerted all of her strength before she finally grabbed hold of the vase at the very last moment. After lifting up the vase, Zuo Weiyi brought it down on Tengtang Xi's head immediately.

Tengtang Xi, who was still behaving erratically, did not seem to have noticed what was happening at all. In the next second, she suddenly felt a sharp pain on her head and gradually loosened her grip on Zuo Weiyi. After that, she started sliding down to the ground...

Zuo Weiyi gasped for air as she breathed desperately after Tengtang Xi loosened her grip around her neck. After calming down a little, Zuo Weiyi saw that Tengtang Xi had already collapsed beside her bed and the blood that was coming out of her head was already forming a pool of blood on the floor.

Even though Zuo Weiyi was still feeling a little weak because of the severe pain that she was feeling from her back, she managed to smash Tengtang Xi's head with quite some force.

At this time, Shi Yuting returned to the ward, followed by a nurse who had a wheelchair in her hand.

As soon as he saw the scene in the ward, he rushed in immediately.

“Cough, cough, cough...” Zuo Weiyi started coughing as she gasped for air. Her face was extremely pale, and there was no trace of blood in her face at all.

When he saw the scene in front of him, Shi Yuting hurried over to the bed before he looked at Zuo Weiyi worriedly. At this time, he hurriedly asked, “What happened?”

Chapter 364: She Did This?

As soon as he approached her, he saw the patches of blood on the bedsheets. Upon closer inspection, he realized that the wound on her back had already opened up.

“Doctor!” Shi Yuting let out a loud roar. At the same time, the nurse who was following closely behind him saw Tengtang Xi lying on the ground. She recognized her at a single glance.

“Miss Tengtang, are you okay? What happened to you?”

The nurse did not know what had happened and helped the confused Tengtang Xi onto her feet.

Following Shi Yuting’s shout, the dean and a doctor rushed to the ward immediately. They did not dare to disobey him at all!

However, they were all shocked when they saw the scene inside the ward.

“This... what is going on?” The dean’s eyes widened in shock as he looked at Tengtang Xi who was lying on the ground with blood spilling out of her head.

With the help of the nurse, Tengtang Xi stood up as she swayed a little. The doctor who was standing aside quickly instructed, “Send Miss Tengtang for treatment immediately!”

The nurse hurriedly helped the bloodied Tengtang Xi out of the ward with the doctor.

Zuo Weiyi was still gasping for air as she tried to catch her breath on the hospital bed. Shi Yuting could clearly see that there were visible fingerprints on her neck!

When the dean saw how pale Zuo Weiyi’s face was, he hurried over to her before he started redressing the wound on her back.

He did not know what had happened in this ward but he knew that he could not afford to provoke these two figures. One of them was the granddaughter of the Minister of Defense and the other woman had a very close relationship with Mr. Shi and the current president of the country.

After spending several days in the ward, all of the doctors and nurses could tell that Shi Yuting’s relationship with Zuo Weiyi was unusual and not as simple as it seemed. Besides that, when the dean came to Zuo Weiyi’s ward to change her dressing sometimes, he would see Mr. Shi acting very intimately toward her. Only a married couple or a couple in love would behave in that manner!

Therefore, the dean did not dare to neglect either one of these two women at all.

After he was done with the treatment, the wound on Zuo Weiyi’s back finally stopped bleeding and it seemed as though she had already calmed down.

When Shi Yuting looked at the clear fingerprint marks on Zuo Weiyi's neck, he could not help but feel very distressed. "She did this?"

Zuo Weiyi could only nod slightly as she stared at the man in front of her.

When she was suffocating and gasping for air, she had really thought that she was going to die.

However, she knew that she hit Tengtang Xi really hard with the vase earlier. Would she die because of that?

Zuo Weiyi raised her eyes a little to look at the man in front of her. She could see a bloodthirsty and ruthless look in his eyes!

For a moment, she thought that it was simply her own illusion.

On the other side.

The doctor and nurses had just bandaged Tengtang Xi's wound in the other ward. Tengtang Li rushed over to the hospital as soon as he received the news.

His heart was broken when he saw the state that his granddaughter was in!

"Xi-er! What happened? Who did this to you?" Tengtang Li asked hurriedly with a distressed expression on his face as he walked toward the hospital bed.

Tengtang Xi was very frail as she slowly opened her eyes. As soon as she saw her grandfather, Tengtang Xi started crying and looked extremely fragile.

"Zuo Weiyi did this to me. She attacked me with a vase..."

"What? Zuo Weiyi did this to you?" Tengtang Li was shocked when he heard her answer!

That so-called illegitimate daughter had actually dared to hurt his precious granddaughter, Tengtang Xi?

"Grandpa, I want to sue her! I want her to end up in prison!" A sullen and cold expression flashed through Tengtang Xi's eyes as she lay in bed.

She did not believe that she would not be able to file a lawsuit against that illegitimate child because of this incident!

Chapter 365: Accusing Her of Murder

When he heard Tengtang Xi's words, Tengtang Li's face turned sour. He suddenly thought of the engagement that was called off earlier this morning and knew that it must have something to do with that illegitimate child, Zuo Weiyi. How could the granddaughter of the Minister of Defense actually lose to a lowly illegitimate child who had no status at all? Wasn't this simply a joke to the public?

As he thought about this, Tengtang Li looked at his beloved granddaughter before he said, "Don't worry, I will send someone over to arrest Zuo Weiyi in a short while! I will press charges against her for manslaughter!"

“But Shi Yuting will definitely protect her. Do you have a way to arrest her, Grandpa?” Tengtang Xi knew very well that Shi Yuting would definitely have the capability to do so if he really wanted to protect his own woman!

“Don’t worry. As long as she has really hurt you, then Grandpa will definitely fight for justice for you even if I have to exhaust all of my power and connections! Although the Shi family is very powerful, they also have a reputation and image to maintain. In the face of the evidence placed before them, they cannot simply protect and defend that woman even if they wanted to. Furthermore, they would also have to think about what the people in this country would think of them!”

As soon as she heard her grandfather’s answer, Tengtang Xi could not help but smile smugly. She could not wait for Zuo Weiyi to be locked up in the prison!

Later at noon, Shen Lanzhi brought some nourishing stewed supplements with her as she came to the hospital with Shi Nuannuan. As soon as they walked into the ward, they immediately realized that something was wrong with Zuo Weiyi today.

After resting and recuperating for more than a week, her complexion and health had clearly recovered a lot. However, she was lying in bed again today. What was the matter?

Shi Nuannuan walked toward the bed and instantly saw the clear fingerprint marks on Zuo Weiyi’s neck. She frowned in surprise as she asked, “Weiyi, what happened to your neck?”

That was obviously the mark of someone strangling her! Did something happen today?

As soon as she heard her daughter’s words, Shen Lanzhi put down the thermal flask in her hand before she turned around to look at Zuo Weiyi. She too saw the visible fingerprints on Zuo Weiyi’s neck.

Zuo Weiyi simply smiled at the mother and daughter and before she said, “I am fine. I was just caught by a mad dog just now.”

Mad dog?

Shi Nuannuan frowned. They were obviously fingerprints. Who was the ‘mad dog’ that Zuo Weiyi was referring to?

As Shi Nuannuan was deep in her thoughts, the door of the ward was pushed open again.

The three of them turned around as soon as they heard the sound, only to see a few men and a woman dressed in uniforms walking into the ward.

“Excuse me, which one of you is Miss Zuo Weiyi?”

As soon as these few people entered the ward, aside from Shi Yuting, the other three people could not help but frown immediately. They did not understand why these people were here.

“I am Zuo Weiyi. Who are you?” Zuo Weiyi, who was laying on the bed, replied slowly with a pale expression on her face.

As soon as they heard her reply, the group of people immediately looked toward the hospital bed. They were a little stunned when they saw Zuo Weiyi who was laying in bed.

After a short while, one of the men decided to speak up. He held out some documents in his hand before he said, "We are from Country C's Supreme People's Procuratorate office. Someone has pressed charges against you for manslaughter. We have to ask you to come with us to assist in our investigation today!"

As soon as they heard this, Shi Nuannuan, Shen Lanzhi, and Zuo Weiyi were all stunned.

Manslaughter?

"Hey! What are you talking about? Manslaughter? Did you make a mistake?" Before Zuo Weiyi could even speak up, Shi Nuannuan had already lost her temper as she yelled at the inspectors who were standing in front of her.

The prosecutors glanced at Shi Nuannuan before they glanced at Shi Yuting who was sitting next to the hospital bed. They naturally knew of the room occupants' identities. However, the officers were all very surprised because they did not know why Shi Yuting was in this ward at this time.

Chapter 366: Trying to Hide It Makes It More Conspicuous

When faced with Shi Nuannuan's question, one of the men replied, "If this young lady is indeed Zuo Weiyi, then the charges are right."

What surprised them a little was the fact that the accused was actually a patient? Was it simply because this young lady had gotten into a fight with Miss Tengtang Xi?

"I did not deliberately try to murder anyone," Zuo Weiyi replied from the hospital bed.

"But someone is indeed pressing charges against you for intentional murder and manslaughter."

"Who is pressing charges?" Shi Nuannuan asked angrily.

"Minister Tengtang Li and his granddaughter."

Shi Nuannuan and Shen Lanzhi were both surprised when they heard this!

Zuo Weiyi instantly understood what was going on.

Tengtang Xi was actually using her legitimate defense to accuse her of manslaughter? Trying to hide her wrongdoing made it even more conspicuous!

When she heard the officer's words, Shi Nuannuan quickly turned around to look at her brother and Zuo Weiyi before she asked, "What happened here?"

Didn't Tengtang Xi just leave her house earlier this morning? Why was she accusing Zuo Weiyi of murder in a blink of an eye?

This was not right.

Shi Nuannuan could not help but look at the fingerprints on Zuo Weiyi's neck. Did it mean that the 'mad dog' that Zuo Weiyi had mentioned earlier was none other than Tengtang Xi? Did she come all the way here to cause trouble for Zuo Weiyi?

Damn it!

"Is that so? Then, I am going to charge Tengtang Xi for attempting to murder my wife!" Shi Yuting who has not spoken at all suddenly spoke up.

As soon as he said that, everyone in the ward was stunned!

After that, one of the officers regained his composure and he looked at Shi Yuting before he asked, "You what?"

What kind of case were they investigating now?

Mr. Shi's wife? When did Mr. Shi get married?

No. Based on their understanding, Miss Tengtang Xi was Shi Yuting's fiancée. What did he mean when he said that he wanted to charge Tengtang Xi for the attempted murder of his wife? Wasn't his wife none other than Miss Tengtang Xi herself?

As he thought about this, the officer could not help but feel a little confused. He could not understand the situation!

Shen Lanzhi and Shi Nuannuan were also very confused when they heard Shi Yuting's words. They could not understand what Shi Yuting meant by the term, 'wife'.

"That's right." Shi Yuting had a cold expression on his face as he glared at the officer who was standing in front of him.

The officer seemed confused as he asked, "Are you referring to Miss Tengtang Xi when you said 'wife'?"

Shi Yuting smiled slightly before he replied, "No. My wife's name is Zuo Weiyi."

The prosecutor was stunned when he heard Shi Yuting's reply.

Zuo Weiyi? Wasn't this the woman that Tengtang Xi wanted to sue? She was... Shi Yuting's wife?

This...

The officers were all caught in a dilemma at this time.

Just then, one of the officers glanced at the pool of blood on the ground before he frowned slightly.

As members of Supreme People's Procuratorate, they had to clearly distinguish between public and personal affairs.

Even if this young lady was really Shi Yuting's wife, they would have to take her back to the station for further investigation.

"Why? Aren't you going to take my request for a charge against Tengtang Xi seriously?" Shi Yuting smiled confidently as he looked at the officer who was standing in front of him.

“Uhm... it’s not that. We will naturally accept your request to charge Miss Tengtang Xi. However, since Miss Tengtang Xi is injured and since she is the plaintiff... that means that we still have to take Miss Zuo back with us to assist us with the investigation.”

“Does it mean that nobody needs to be taken away if they are injured?”

“Uhm...” The prosecutor was speechless.

“Since that is the case, then you will have to wait for my wife to get well and fully recover before we assist you in your investigation then.”

Chapter 367: What Do You Mean By ‘Wife’?

The officers could not help but feel a little helpless when they saw the smile on his face.

Before coming here, their superior did not tell them that the defendant was none other than Mr. Shi’s wife! They could not help but be caught in the middle of the fence.

After careful consideration, the officers decided to return to the station first before making further plans about how they should proceed with this matter. After all, they could not afford to offend both the Shi family and the Tengtang family!

“Since Mr. Shi has already said so, then we will wait for Zuo...” After a short pause, the prosecutor decided to change his words instead, “Um, we will wait for her injuries to heal before she is brought in for further investigation on Miss Tengtang Xi’s claims.”

After he was done speaking, the group of officers turned around and left the ward immediately. This was the first time that they had ever encountered such a complicated and troublesome case.

After the officers left, Shi Nuannuan turned around to look at her brother before she asked eagerly, “Brother, what do you mean by ‘wife’?”

Did he say that on purpose just to stop those people from taking Zuo Weiyi away?

Shen Lanzhi was also curious after listening to her son’s words.

After looking at his mother and sister, Shi Yuting simply turned around calmly as he walked toward the round table at the side of the hospital bed. He slowly picked up the thermal flask before he sat down on the sofa by the side of the bed as he proceeded to open the insulated thermos flask.

After that, he replied, “It’s nothing.”

Shi Nuannuan could not help but narrow her eyes as she glared at her brother. Nothing?

“Clang!”

Since this was the first time that Shi Yuting was doing something like this, he could not help but feel a little uncomfortable. He dropped the lid of the thermal flask as soon as he opened it up.

Shen Lanzhi could not bear to watch her son’s awkward movements. She hurried over to him before she took the thermal flask from his hands and poured the chicken soup into a bowl.

After that, she took the bowl of chicken soup over to Zuo Weiyi before she sat on the edge of the bed. Shen Lanzhi smiled at Zuo Weiyi and said gently, "Drink some chicken soup. It is good for your health."

Shen Lanzhi was also very heartbroken over the loss of Zuo Weiyi's baby.

Zuo Weiyi was a little surprised when she was faced with Shen Lanzhi's concern.

Zuo Weiyi simply looked at Shen Lanzhi calmly but she did not give her any response at all.

Shen Lanzhi could sense a coldness in her eyes and could not help but feel that Zuo Weiyi must be holding a grudge against her because of everything that had happened in Country Z.

As she thought about this, Shen Lanzhi could not help but lower her head in guilt.

She was about to hand the bowl and spoon over to her son who was sitting nearby, Zuo Weiyi suddenly said, "Thank you."

Shen Lanzhi raised her head in shock as she looked at Zuo Weiyi who had already stretched out her hand to take the bowl of chicken soup from her hand with a smile on her face.

After taking the bowl of chicken soup, Zuo Weiyi drank a sip of the soup before she looked at Shen Lanzhi and said, "It's really delicious."

Shen Lanzhi was still immersed in her own thoughts. It took her a moment to come back to her senses. After regaining her senses, she could not help but feel even guiltier.

"If you like it, I will cook it for you again tomorrow."

"Okay. Thank you, Auntie," Zuo Weiyi replied as she smiled.

Although she was already officially married to Shi Yuting, she knew very well that the Shi family did not acknowledge or accept her existence at all. Therefore, she decided to be very polite in the way that she addressed Shen Lanzhi.

She originally planned to call her Mrs. Shi as she did before. However, she felt that it would be a little weird to address her that way since she was already legally married to Shi Yuting. Therefore, she decided to call her 'auntie' instead of Mrs. Shi because it felt much more natural that way.

Shi Nuannuan felt very pleased when she saw Zuo Weiyi's interaction with her mother.

She knew that Zuo Weiyi would definitely forgive her mother!

Shi Yuting stood aside as he gazed at Zuo Weiyi. He was also very pleased with this sight.

Meanwhile, in the other ward.

Tengtang Xi, who was laying down on the hospital bed, sat up immediately as soon as she heard that Zuo Weiyi had not been taken back to the station!

Chapter 368: When Did He Have a Wife?

"What? You did not take her away?"

Tengtang Li nodded slightly before he looked at his granddaughter and said, "They told me that Shi Yuting wants to press charges against you for attempted murder against his wife. Xi-er, did you try to do anything to Zuo Weiyi?"

Tengtang Xi frowned with a surprised expression on her face as soon as she heard her grandfather's words.

She was not shocked that Shi Yuting was accusing her of attempted murder, but...

What did he say? His wife?

"What does he mean by that? Since when did he have a wife?"

Tengtang Li nodded disapprovingly when he heard Tengtang Xi's words.

"Of course, he does not have a wife. The only reason why he had said this must be because he wants to protect Zuo Weiyi. That is the reason why he has deliberately told the officers that she was his wife."

This was the only way that he could stop the people from Supreme People's Procuratorate from touching or doing anything to Zuo Weiyi.

Tengtang Xi could not help but feel that Tengtang Li's words were right.

Her dark eyes were filled with hatred and jealousy as she sat on the hospital bed!

Shi Yuting had actually publicly declared that Zuo Weiyi was his wife just to protect her!

"Grandpa..." Tengtang Xi suddenly said as she stared straight ahead.

Tengtang Li raised his eyes to look at his granddaughter before he said, "Yes?"

"I want Zuo Weiyi to die!"

Tengtang Li could not help but feel a little startled when he heard his granddaughter's words.

He knew that his granddaughter really hated Zuo Weiyi. However, no matter what it was, he was still the Minister of Defense. He had to do a lot of things in the right manner and was naturally not allowed to do anything that would break the law.

"Don't worry. Grandpa will definitely make her pay the price for hurting you."

"No!" Tengtang Xi yelled as she turned around to look at Tengtang Li. "I want her dead!"

When Tengtang Li saw the decisiveness and persistence in his granddaughter's eyes, he felt a little helpless.

Furthermore, this was a crowded hospital. Even though they were on the VIP floor, the walls had ears. It would be better for them not to talk about this kind of matter so casually.

"Xi-er, we will talk more about this matter when we go home."

After what Tengtang Xi did to her, Zuo Weiyi had to stay in the hospital for another one week. After one month of treatment and recovery in the hospital, Zuo Weiyi could finally be discharged today!

On the day of her discharge, Shi Yuting and Shi Nuannuan arrived at the hospital together but they realized that there was no one in Ward 307.

Shi Yuting could not help but feel his heart tighten suddenly when he saw the empty bed in the ward.

He could not stay overnight in the hospital last night because he needed to attend to some urgent business needs.

He could not help but feel very flustered and helpless as he thought about the incident that happened with Tengtang Xi a few days ago.

“What is wrong? Where is Weiyi?” Shi Nuannuan turned around and asked her brother in astonishment when she saw the empty bed in the ward.

At this time, the dean who was not too far away saw Shi Yuting and walked over to him immediately.

“Mr. Shi.”

As soon as he heard this voice, Shi Yuting turned around and asked the dean, “Where is she?”

The dean glanced at the vacant bed in the ward before he smiled and said, “Are you talking about Miss Zuo? Mr. President came over to pick her up personally this morning.”

Shi Yuting relaxed a little after hearing the dean’s explanation.

She was picked up by Zuo Yi?

After glancing at the dean, Shi Yuting turned around and left the hospital immediately.

After Zuo Yi brought Zuo Weiyi back to the presidential villa early in the morning, Uncle Yu was extremely happy.

“Miss, do you want to take a look at the backyard?”

The presidential villa was composed of two separate buildings on the front and back. There was a shockingly large man-made lake in the backyard. The lake probably covered at least a few hundred acres of land.

Zuo Weiyi walked to the edge of the pond and at this time, a huge creature suddenly sprang out of the clear water. Zuo Weiyi was so shocked that she subconsciously took a few steps back!

After the creature jumped out of the water, Zuo Weiyi took a closer look at it and suddenly realized that it was actually a dolphin!

Chapter 369: This Dolphin Was Raised by Miss Ruoxi Before She Left

“This is Mr. President’s pet. Its name is Sisi.”

Zuo Weiyi was extremely surprised as she looked at Uncle Yu who was standing beside her. After that, she turned around to look at the dolphin named Sisi.

“Miss, do you want to touch it?” Uncle Yu asked.

Zuo Weiyi turned around to look at Uncle Yu before she said, “Can I?”

“Of course.”

After she was done speaking, Uncle Yu brought Zuo Weiyi to the side of the pond. Sisi seemed to understand people. Therefore, Sisi took the initiative to move its head toward the side of the pond when both of them were approaching the pond.

Zuo Weiyi stretched out her hand before she stroked Sisi’s head gently. Sisi felt very slippery and smooth, and Zuo Weiyi felt instantly affectionate toward Sisi.

“This dolphin was raised by Miss Ruoxi before she left.”

Zuo Weiyi was slightly surprised when she heard Uncle Yu’s words.

This dolphin was raised by her grandmother?

After visiting and looking around the entire presidential villa, Zuo Weiyi returned to the living room. At this time, there was a sound outside the door.

After a short while, one of the maids came up to report to Zuo Yi.

“Mr. President, Mr. Shi is here.”

Zuo Yi raised his eyes and replied calmly as he continued sitting on the sofa, “Ask him, what the matter is? Tell him that I am busy right now and do not have time to receive any guests.”

As soon as she heard his words, Zuo Weiyi who was seated on the other sofa was very surprised.

The reason why Shi Yuting came here today was obviously to look for her! What was her grandfather trying to do?

“Grandpa...”

Before she could even finish her sentence, Zuo Yi suddenly raised his hand to stop her. After that, he said, “I know that both of you are legally married and have already obtained your marriage certificate. However, this young man has already hurt you time and again. I have to let him suffer a little at least!”

The corner of Zuo Weiyi’s lips twitched slightly when she heard Zuo Yi’s words.

Shi Yuting and Shi Nuannuan were waiting patiently outside the door. This was the first time that they had to wait outside the door for anyone.

After the maid walked out, she bowed slightly to show her respect to the brother and sister pair.

“Mr. President asked me to ask you for the reason you are here today.”

Shi Yuting could not help but frown when he heard the maid’s words.

Wasn’t the reason why he was here today obvious? Did he really have to say it out loud?

Shi Yuting’s face was cold as he looked at the maid and said, “I am here to see Zuo Weiyi.”

The maid was slightly taken aback.

So, the reason why Shi Yuting came here today was not to look for the president, but to look for the young lady instead?

The maid hurriedly returned to the living room.

“Mr. President, Mr. Shi said that he is here to look for the young lady.”

Zuo Yi raised his brows slightly as he continued sitting on the sofa. After that, he said, “Tell him to leave! The young lady has no time to entertain him too!”

“Grandpa...”

Zuo Weiyi could not help but feel a little distressed when she heard Zuo Yi’s words.

Shi Yuting had told her that he would personally come to pick her up from the hospital today. However, her grandfather was already at the hospital early in the morning. At her grandfather’s insistence, she had no choice but to return to the presidential villa with him. She did not even have time to inform Shi Yuting about this...

Zuo Yi’s eyes were filled with love and affection as he looked at his granddaughter who was sitting in front of him. “Don’t worry. If he really leaves just like that, then he is not fit or worthy enough to be my granddaughter’s man.”

After he was done speaking, Zuo Yi looked at the maid before he said, “Go.”

The maid turned around and came to the door to meet Shi Yuting again.

“The young lady has no time to meet you either.”

Shi Yuting frowned as soon as he heard the maid’s words.

No time to see him?

“Is that so? That will not be an issue. I will go and see her then!” Shi Yuting replied immediately before he ignored the maid and walked straight through the gate of the presidential villa!

“Hey! Mr. Shi, you cannot go in there!”

After all, this was the presidential villa. Shi Nuannuan did not dare to go on a rampage like her brother but she simply followed closely behind him without saying anything at all.

Zuo Weiyi was still sitting on the sofa in the living room but she could not stop thinking about the situation outside the door.

She kept looking in the direction of the door. After a short moment, she suddenly heard the desperate voice of the maid.

Chapter 370: Breaking into the Presidential Villa!

“Mr. Shi, you cannot go in there...”

However, a mere maid would not be able to stop Shi Yuting.

Of course, if Zuo Yi really did not intend to allow Shi Yuting to enter, he would not have been able to step into the presidential villa at all!

Zuo Weiyi who was sitting on the sofa turned her head and saw the man who was walking into the living room.

She left her cell phone behind at the hotel the other day before the accident. After that, Gu Yansheng had helped her to retrieve her cell phone from the hotel. However, he always forgot to bring the cell phone to her at the hospital. She did not see her cell phone throughout her entire stay in the hospital and only saw her cell phone here after getting discharged from the hospital today. However, after arriving at the presidential villa, Uncle Yu had brought her to visit the backyard, and she momentarily forgot to inform Shi Yuting about her whereabouts.

After walking into the living room and seeing the two people who were sitting on the sofa, Shi Yuting nodded slightly at Zuo Yi, out of respect.

He was not showing Zuo Yi respect as the president of the country but simply because he was Zuo Weiyi's grandfather.

Shi Yuting had always known Zuo Yi as the president of the country ever since he was a child but aside from national affairs, the Shi family and the Zuo family had never had any form of contact or connections with one another. Therefore, Shi Yuting did not share a close relationship with Zuo Yi. Even if they met each other occasionally, they did not say much to one another and did not even bother to greet one another.

This was all because of Shi Le.

"Weiyi!" Shi Nuannuan who had been standing behind Shi Yuting hurriedly walked over to Zuo Weiyi as she shook her hand.

If it was any other ordinary day, Shi Nuannuan would have rushed forward to hug Zuo Weiyi immediately. However, Shi Nuannuan did not dare to act unreasonably since Zuo Yi was here today.

After all, this was the presidential villa, and this was her first time stepping into this place.

Zuo Weiyi smiled as soon as she saw Shi Nuannuan. "Nuannuan!"

At this time, Zuo Weiyi turned to her grandfather who seemed very displeased.

She could tell that her grandfather did not like anyone from the Shi family at all.

However, Shi Nuannuan had always been very good to her and had never disliked or looked down on her despite her lowly status in the past. Therefore, Zuo Weiyi had always felt very moved and grateful toward Shi Nuannuan.

Zuo Weiyi glanced at Zuo Yi before she said, "Grandpa. Nuannuan is my best friend."

As soon as he heard Zuo Weiyi's words, he raised his eyes before he said, "Is that so? Then, ask her to sit down quickly! Bring us some tea for the guest!"

Zuo Weiyi was very happy when she heard her grandfather's words. She patted the empty spot next to her on the sofa before she said, "Nuannuan, come over here and sit with me!"

Shi Nuannuan was very happy and excited to receive this form of special treatment. She walked over to the empty spot behind Zuo Weiyi unceremoniously before she sat down on the sofa.

However, Shi Yuting was obviously left out and was still standing at the side...

The atmosphere in the living room was a little awkward.

Zuo Weiyi glanced at Shi Yuting and knew that her grandfather was deliberately leaving him out. He wanted to show him that she had a very high status and identity now.

However, in her eyes, all of this meant nothing to her at all.

Even if she had already acknowledged who her grandfather was, she was still Shi Yuting's wife.

As she thought about this, Zuo Weiyi raised her head to look at Zuo Yi before she asked, "Grandpa, can you allow Shi Yuting to come over and sit down too?"

She knew that Shi Yuting had his own pride and self-esteem. However, she did not want him to continue standing aside as though he was an outcast. Zuo Weiyi could not bear for him to lose any dignity at all.

Shi Nuannuan was also carefully observing the expression on Zuo Yi's face.

Ever since his childhood, this was probably the first time that Shi Yuting had ever been intentionally left out of anything. It was really difficult for Shi Nuannuan to get used to this kind of situation.

No matter how big her brother's ego was, he chose to keep silent. Shi Nuannuan knew that her brother would definitely have to suffer a lot more in the future!

Zuo Yi glanced sideways at his granddaughter before he looked at Shi Yuting who was still standing aside. After a short while, he replied in a deep voice, "Yes, he can come over and sit down, but I want to know the reason why he came here today."
