

## **Kiss Me 371**

### **Chapter 371: I Don't Agree!**

Shi Yuting raised his eyes calmly on his face. Although Zuo Yi's identity was higher than his, the innate and strong aura around Shi Yuting was undeniable!

"Of course, the reason why I came here is to bring my wife home with me," Shi Yuting replied confidently as he was faced with Zuo Yi's question.

"Go home? Which home?" Zuo Yi knew very well that the stubborn old man, Shi Le would never accept Zuo Weiyi's identity if he did not know that she was Zuo Yi's granddaughter.

Without Shi Le's consent, his granddaughter would never be able to enter the Shi family mansion at all!

Shi Yuting raised his brows slightly when he was faced with Zuo Yi's question. He could immediately understand the meaning behind his question.

"I am planning to bring her back with me to Country Z." Though he might not be able to give her a place to stay here as his wife. However, he would be able to give her everything after they returned to Country Z.

Moreover, he has never thought of bringing Zuo Weiyi back to the Shi family mansion to live with his grandfather and mother for as long as his grandfather had not readily accepted her as his granddaughter-in-law.

Zuo Yi could not help but raised his head in shock when he heard Shi Yuting's words.

Return to Country Z?

Zuo Weiyi could not help but look at Shi Yuting.

Of course, compared to staying here at the presidential villa in Country C, she would love to return to Country Z so that she could go back to her simple life.

However, Zuo Yi spoke up immediately.

"I have no intention of letting her return to Country Z with you. She is my granddaughter and she will be living in the presidential villa with me from now on."

As soon as Zuo Yi spoke, Shi Yuting, Zuo Weiyi, and Shi Nuannuan were all startled.

Was Zuo Weiyi really going to live in the presidential villa from now on?

Of course, she would want to accompany and spend more time with her grandfather, but...

Zuo Weiyi lowered her head. Although there was no wedding, she was already legally married to Shi Yuting after all. She did not mind this but would Shi Yuting allow it?

As she thought about this, Zuo Weiyi could not help but raise her head to look at Shi Yuting.

He naturally disagreed and spoke up immediately, "I don't agree!"

She was his wife. So, why should she be living in the presidential villa? Should they really be living separately from now on?

Zuo Yi raised his eyes with a dark expression on his face as he said, "What rights do you have to disagree?"

"She is now legally my wife!"

"She is also my granddaughter!"

Zuo Yi thought to himself, would her grandfather be worth any lesser than her husband?

Moreover, he had absolute trust in Zuo Weiyi. He knew that she would definitely be reluctant to abandon the grandfather that she has just reconciled with, just to return to Country Z with Shi Yuting instead!

Shi Yuting clenched his fists in anger when he was faced with Zuo Yi's stubbornness. He turned to look at Zuo Weiyi who was sitting on the sofa because the decision would ultimately be up to her.

Shi Yuting thought that Zuo Weiyi would definitely be unwilling to live separately from him.

However, Zuo Weiyi simply lowered her head when she was met with Shi Yuting's gaze.

Shi Yuting had an incredulous look on his face when he was met with Zuo Weiyi's silence. His expression changed in the next second!

She was keeping silent? Was she really planning to live apart from him?

"Zuo Weiyi, where is your bedroom?" Shi Yuting suddenly asked as he stared at the person who was sitting on the sofa.

Zuo Weiyi looked up at the handsome man who was clearly very unhappy as she pointed in the direction of the third floor. "Uncle Yu prepared my bedroom on the third floor for me."

As soon as he heard her reply, Shi Yuting walked toward Zuo Weiyi before he pulled her up from the sofa and said, "I think both of us need to have a good talk!"

Before Zuo Weiyi could react, Shi Yuting was already dragging her toward the third floor!

"What are we going to talk about?" Zuo Weiyi could not help but panic and feel a little nervous when she felt the anger from Shi Yuting.

"We are going to talk about our future!"

Future?

As soon as they entered her bedroom, Shi Yuting closed the door behind him before he locked the door!

After that, he pressed her against the door before he asked, "What was that reaction of yours just now?"

### **Chapter 372: I am Innocent!**

When she saw the anger on his face, Zuo Weiyi was stunned, "What do you mean?"

“Why didn’t you say anything at all?” Zuo Weiyi felt as though Shi Yuting’s burning gaze has penetrated through her body!

Zuo Weiyi lowered her head guiltily.

“Grandpa and I have just reconciled with one another. To be honest, I really want to spend some time with him too...”

“What about me then?” Shi Yuting had a very dark expression on his face.

However, Zuo Weiyi seemed ignorant when she asked, “What about you?”

“What am I going to do if you are going to stay at the presidential villa with your grandfather?” Shi Yuting was very patient as he clarified everything.

However, it seemed as though the person in front of him was deliberately challenging his limit and patience!

She had a dazed expression on her face as she asked, “What are you going to do?”

When Shi Yuting saw the innocent look on her face, he narrowed his eyes slightly before he said, “Zuo Weiyi, are you still pretending to be innocent right now?”

Pretending to be innocent?

Zuo Weiyi frowned before she replied seriously, “I am innocent!”

Shi Yuting felt as though he was about to vomit blood.

A mysterious and dangerous expression shrouded his handsome face as the corners of his mouth curved into a smile before he said, “Yes. My wife is indeed very innocent, but...”

Shi Yuting stepped forward before he suddenly whispered into her ears. Zuo Weiyi could not help but feel slightly aroused as she felt his manly breath against her sensitive earlobes.

Zuo Weiyi suddenly felt the danger that was approaching but it was already too late.

“I specialize in treating innocence!”

As soon as he said that, Shi Yuting had already picked her up in his arms and walked over to the huge bed in the bedroom.

“Shi Yuting, what are you doing?”

“I am treating your innocence!”

“I don’t need any treatment!” Zuo Weiyi was struggling a little because this was her grandfather’s house!

“I need to!” He had no plans to let her go at all.

After placing her on the bed, Shi Yuting pressed her down on the bed as he stared deeply into her eyes with his dark and clear eyes.

He had really missed her. He missed her so much, from her heart to her body. He especially missed the smell of her body.

He had not touched her in such a long time. If he allowed this to go on any longer, he would really become an ascetic male god!

“Shi Yuting, don’t do this. We are at my grandfather’s house...” Zuo Weiyi tried to refuse his advances as she tried to push him away.

“Did he even try to stop us?” Shi Yuting asked as he looked at Zuo Weiyi.

If Zuo Yi really wanted to prevent them from having any time to themselves, then he would not have allowed them to come up to the third floor so easily!

Zuo Weiyi paused for a moment to think about his words. Shi Yuting starting kissing her soft and pink lips...

“Well...”

Shi Yuting kissed her gently, from her lips to her chest before he started going down to kiss her private area. In a short amount of time, Zuo Weiyi was extremely aroused, and she could only wrap her arms around him as she grasped his back tightly.

“Shi Yuting...”

“Yes.”

“I want you to give me another child... okay?”

Losing her first child was the deepest pain that she had ever felt in her life.

She would always wake up every night because of her nightmare. She would always be dreaming of a child who was covered in blood, lying in front of her eyes but there was no way that she could save him at all.

This dream had been torturing and tormenting her for the longest time.

Her sudden words made Shi Yuting’s heart sink. He could not help but feel a little startled.

After that, he looked up at Zuo Weiyi’s clear and moist eyes and could feel the sharp pain in his heart.

“As long as you like it, we can have as many children as you want to.”

As she met his tender eyes, Zuo Weiyi raised her hands before she wrapped it around his neck and started to kiss his sexy and thin lips...

### **Chapter 373: Zuo Yi Knocked on the Door**

Her initiative undoubtedly caused the fire in Shi Yuting’s body to burn harder. He was uncontrollable!

But at this moment...

“Knock, knock, knock!”

Someone was knocking on the door!

Both of them were stunned for a moment.

After that, they heard Zuo Yi clearing his throat from the other side of the door. Zuo Yi then raised his voice and said to the people in the room, "Weiyi, come down and have lunch."

Zuo Weiyi did not know how she was going to face the person outside now. She simply wanted to dig a hole to bury herself in the ground forever!

Shi Yuting's eyelids twitched as he frowned.

He felt that Zuo Yi was deliberately doing this!

Why didn't he come any earlier or later? Why did he come when they were just about to have sex? Damn it!

When her grandfather knocked on the door, Zuo Weiyi was already so embarrassed that she wanted to push Shi Yuting aside immediately.

But how could Shi Yuting put out the fire in his body just like that?

Therefore, he did not intend to end everything there and then!

The urge she had been holding back made her subconsciously tighten her fingers around the sheets but she was still a little worried.

What if her grandfather decided to knock on the door again?

As she thought about this, Zuo Weiyi raised her hands to try and push the man away from her as she said, "Grandpa... Grandpa is outside... he is asking us to go down for lunch..."

"It's okay. Making babies are more important!"

After a passionate love-making session, it was already twelve o'clock in the afternoon.

Both of them were neatly dressed when they went downstairs. Zuo Weiyi was still blushing a little.

She felt even more embarrassed when she faced Zuo Yi!

"Grandpa," Zuo Weiyi hurriedly greeted Zuo Yi as she walked into the dining room. She pretended to be really calm and composed, but the scene where her grandfather suddenly knocked on their door when she was about to get intimate with Shi Yuting kept playing in her mind.

She could not help but wonder whether her grandfather would suspect that they were doing anything suspicious?

Zuo Yi simply glanced at the two late arrivals before he raised his hand and cleared his throat, "Come, sit down and eat."

After glancing at Zuo Yi and Shi Nuannuan, who were already sitting at the dining table, Zuo Weiyi walked to the other side and sat down at the empty seat opposite Shi Nuannuan.

"You should come and sit down too."

Zuo Yi did not mention any names, but he was obviously referring to Shi Yuting.

If it was because of Shi Le, Zuo Yi would not have invited the pair of brother and sister to have lunch at the presidential villa.

However, one of them was his granddaughter's best friend and the other, her husband. Did he have any other choice but to invite them to stay and enjoy lunch with them?

If he drove them out, his granddaughter would definitely be unhappy.

The most important person in Zuo Yi's life right now was Zuo Weiyi. He held her high up on the pedestal, and he wanted to spoil her and pamper her as much as he could!

Shi Yuting knew that Zuo Yi was talking to him. He did not like to come up with any unnecessary excuses. Therefore, he simply sat down next to Zuo Weiyi without saying anything at all.

Zuo Yi, who was sitting at the main seat, raised his eyes a little and scrutinized Shi Yuting. After that, he could not help but scold him in his heart, 'He must be a very satisfied man now!'

"Let's eat"

Zuo Yi picked up his chopsticks, and everyone started to eat after that.

Zuo Weiyi felt relieved. Just when she thought that she would be able to enjoy a quiet and peaceful meal, Shi Nuannuan suddenly asked, "Weiyi, what were you doing upstairs with my brother? Why did you take so long?"

#### **Chapter 374: You Want Us to be Separated?**

"Cough, cough, cough!"

Zuo Weiyi had just taken a sip of the soup. After hearing Shi Nuannuan's sudden question, Zuo Weiyi had nearly choked to death!

She suddenly started coughing. Shi Yuting and Zuo Yi, who were sitting at the dining table, turned pale as they stared at her nervously.

"Shi Nuannuan!"

When he saw that his beloved wife's face was flushed as she was choking, Shi Yuting could not help but feel a little angry! He was furious at his little sister!

Of course, Shi Nuannuan was confused.

Did she say something wrong just now?

However, Shi Nuannuan was also very worried about Zuo Weiyi, who was choking right now. Therefore, she could not help but lean forward as she looked at Zuo Weiyi with a concerned expression on her face as she asked, "Weiyi, are you okay?"

Shi Nuannuan was still a little confused as she thought about it. Why did Zuo Weiyi choke when she asked her what she was doing in her room?

Zuo Weiyi raised her hand slightly as she said, "Don't worry, I am fine."

Uncle Yu hurriedly brought out a glass of water for Zuo Weiyi from the kitchen.

She did not dare to face Shi Nuannuan. Therefore, Zuo Weiyi simply took the glass of water from Uncle Yu and took a few sips of water at a go. She finally felt a little more relieved.

Shi Nuannuan frowned hard as she looked at Shi Yuting and Zuo Weiyi with a confused expression on her face.

She could not understand why her brother was so angry earlier. Did she say something wrong?

As she thought about it, Shi Nuannuan could not help but pout in an aggrieved manner.

\*\*\*

After they were done with lunch, Shi Yuting wanted to take Zuo Weiyi away with him but was stopped by Zuo Yi.

"I already told you that as long as I am still the president of this country, Weiyi is going to continue living in the presidential villa with me. As for you, you can go back to that stubborn old man's side!"

Zuo Yi spoke without any reserve as he stared at Shi Yuting.

He would not allow anyone to take his precious granddaughter away from him now no matter what.

"Do you mean to say that you want us to be separated although we are already husband and wife?"

"Why not? You have already been living alone for the past twenty-eight years anyway. So, what difference would it make if you were to be separated for another six months? Besides that, both of you have already done what a married couple would do upstairs just now..."

"Okay!"

Shi Yuting interrupted Zuo Yi before he could even finish his sentence!

Shi Yuting looked at Zuo Yi before he looked at Zuo Weiyi who did not say anything or try to refute Zuo Yi's words at all. Shi Yuting could not help but feel very helpless as he felt as though there was a big rock in his path!

This woman! Didn't she want to sleep in his arms every night, and didn't she want his face to be the first thing greeting her every morning?

Shi Yuting felt a little angry when he saw that Zuo Weiyi did not seem to care at all.

However, Shi Yuting could not do anything at all because of Zuo Yi!

Finally, he compromised as he said, "Then, I will come and pick her up once every two days."

"No way."

"Three days."

"No way."

“Once a week!”

“Absolutely not.”

“Old man!” Shi Yuting could not tolerate it any longer!

When he heard what Shi Yuting had just called him, Zuo Yi raised his eyes in shock as he said angrily, “What did you just call me? Old man?”

Zuo Yi pursed his lips tightly together and had a furious expression on his face as he said, “Uncle Yu! Send our guests off!”

After he was done speaking, Zuo Yi turned around as he walked into the living room with his crutches in hand.

As he was walking past Zuo Weiyi, Zuo Yi intentionally raised his voice as he said, “Weiyi, come and play chess with Grandpa!”

Zuo Weiyi glanced at Shi Yuting who was standing furiously by the door. When her grandfather continued urging her, she could only turn around silently as she entered the living room with Zuo Yi.

Shi Yuting frowned and instantly felt as though he had just been betrayed by the whole world. “Zuo Weiyi!”

When she heard the loud roar behind him, Zuo Weiyi who was walking into the living room could not help but stop in her tracks. She felt as though Shi Yuting’s gaze was piercing right through her back!

“Don’t be afraid, Weiyi. Grandpa is here!” Zuo Yi said loudly to give Zuo Weiyi some confidence. However, his words were clearly directed at Shi Yuting!

### **Chapter 375: The Phone Call from the Prosecutor’s Office**

Zuo Weiyi lowered her head as she walked toward the sofa in the living room without even looking back as she disappeared from Shi Yuting’s sight in a blink of an eye.

Shi Nuannuan could not help but laugh slightly behind him.

Ever since she was a child, she has never seen her brother looking so deflated and dejected before. Hahaha...

Shi Nuannuan continued snickering but she stiffened immediately when she was suddenly met with a pair of very sharp eyes that were staring directly at her. After that, she started to coax her brother.

“Brother, let’s go home soon!”

After that, she hurriedly got into the car first!

Meanwhile, at the Tengtang family mansion.

Tengtang Xi, who was sitting on the sofa in the living room, could not help but stomp her feet angrily!

“Damn it! Is there no way for the officers to arrest her? Why?”

Tengtang Li could not help but feel a little distressed when he saw how angry his precious granddaughter was. "It seems as though it would take a lot of work and evidence to be able to pin the crime on Zuo Weiyi."

"What is the matter? She was obviously the one who hurt my head and harmed me! I want her to be locked up, and it would be better if she died inside the prison..." A vicious murderous intent flashed in Tengtang Xi's dark black eyes!

Tengtang Li could not help but feel a little shocked at her terrifying thoughts.

When did his granddaughter become like this? Was it all because of Zuo Weiyi?

When he saw the murderous intent on his granddaughter's face, Tengtang Li replied sharply, "Xi-er, don't worry. Grandpa will definitely make sure that Zuo Weiyi ends up in prison!"

As soon as she heard her grandfather's words, Tengtang Xi calmed down a little. She looked at Tengtang Li sullenly as she said, "Grandpa, you have to make sure that you do everything that you can to make sure that Zuo Weiyi is locked up in prison. As long as she is arrested and locked up, I will have a way to kill her and get rid of her then!"

"I will call the chief of the prosecutor's office and ask him to do be a favor when dealing with this matter then."

After Tengtang Li made a phone call to the prosecutor's office, Zuo Weiyi received a phone call from the prosecutor, asking her to go in to assist in an investigation.

Zuo Yi was a little surprised when he heard the news.

Why was the prosecutor looking for Zuo Weiyi? Did she break any law?

"Ah Qiang!"

When he saw that Zuo Weiyi was planning to go out, Zuo Yi hurriedly called for Ah Qiang to escort her to the prosecutor's office.

When Zuo Weiyi heard that, she refused politely.

Although she had already acknowledged and reconciled with her grandfather, she did not want to let the world know just yet that she was the president's granddaughter. She did not want people to think that she was very pampered and arrogant. Therefore, Zuo Weiyi did not want to have a bodyguard or driver accompanying her when she went out.

"Grandpa, I can just drive there myself. I do not need Ah Qiang to come with me."

"Weiyi, your safety is my top priority now. If anything bad happens to you, how am I supposed to face your mother and grandmother in the future?"

"Grandpa, I have already called Shi Yuting. Don't worry."

Zuo Yi could not help but feel a little unhappy when he heard Zuo Weiyi's words.

"Weiyi, are you afraid that grandpa will interfere in your relationship with that kid?"

“Grandpa, I do not mean that at all!”

Zuo Yi sighed. Perhaps, he should really stop interfering in some matters, lest the young couple decided to blame him for it one day.

“Well, do not hesitate to call Grandpa if there is anything that you need help with.”

“Yes, I will, Grandpa.”

Although Zuo Weiyi said that, she did not want to disturb the old man even if she met any troubles at all. After all, he was the president of the country and could easily resolve many things with a lift of his fingers. However, Zuo Weiyi did not want that.

She wanted to prove her own innocence on her own. If her grandfather got involved in the matter, then the verdict would appear to be biased because of favoritism!

### **Chapter 376: I Believe that the Innocent Will be Set Free**

She did not want her grandfather to get involved in this matter. She believed that this was a society that looked at evidence anyway.

Moreover, she already had Shi Yuting by her side anyway. Even if Tengtang Xi’s grandfather was very powerful and could do almost anything that he wanted to, Zuo Weiyi knew that she would not need to worry as long as Shi Yuting was by her side.

“Yu, get the car key for Weiyi.”

“Okay, sir.”

Uncle Yu turned around and entered the house after hearing Zuo Yi’s order. After that, he hurriedly came out with a car key in his hand.

“Miss, you can drive this car.” Uncle Yu smiled before he handed the car key in his hand over to Zuo Weiyi.

Zuo Weiyi lowered her head as she looked at the car key that Uncle Yu had just given to her. There was a Porsche sign on the car key.

“Ah Qiang, please go and drive the car over here for the young lady,” Uncle Yu quickly instructed Ah Qiang who was standing nearby. After that, Uncle Yu looked at Zuo Weiyi before he said, “Miss, please wait here for a short while.”

“Okay.” Zuo Weiyi nodded slightly before she handed the car key over to Ah Qiang.

After a short while, a bright white Porsche sports car stopped in front of Zuo Weiyi.

Zuo Weiyi did not know whether she should feel happy or unhappy as she looked at the luxury sports car in front of her.

She turned her head around and smiled at Zuo Yi as she said, “Grandpa, I will take my leave now.”

“Okay, be careful on your way there! Give Grandpa a call if you need any help!”

“Okay!”

After she was done speaking, Zuo Weiyi got into the car.

Zuo Yi frowned as he looked at Zuo Weiyi who had already driven away. After that, he instructed Ah Qiang who was standing beside him, “Go and find out what lawsuit was filed against the young lady.”

If Zuo Weiyi was not involved in a lawsuit, the people from the prosecutor’s office would not be looking for her.

“Yes, sir!”

\*\*\*

Zuo Weiyi arrived at the prosecutor’s office about twenty minutes later.

As Zuo Weiyi was going to step out of the car, a car parked directly opposite her. Zuo Weiyi could see the magnificent man sitting at the driver’s seat through the windshield at a single glance.

Zuo Weiyi closed the car door before she smiled at Shi Yuting.

After Shi Yuting got out of the car, he wrapped his arms around Zuo Weiyi before they entered the prosecutor’s office building together.

“Are you worried?” Shi Yuting asked as he pursed his lips together and looked at Zuo Weiyi who was standing beside him. His eyes were filled with tenderness and affection.

Zuo Weiyi shook her head slightly before she said, “No, I believe that those who are innocent will definitely be set free.”

“Is that so?” Shi Yuting squinted slightly. He knew that the words, ‘the innocent will be set free’ had no basis in the Tengtang family’s ancestors or their grandchildren’s eyes.

They always solved everything with their power and money!

Zuo Weiyi raised her head and smiled at his handsome face before she said, “Of course, I still have you!”

It wasn’t until he heard these words that Shi Yuting finally smiled in satisfaction. After that, he embraced her as they entered the prosecutor’s office.

As soon as both of them entered the prosecutor’s office, a black car stopped behind them.

Tengtang Xi stepped out of the car. When she saw both of them entering the office, she balled her hands into fists. She glared at Zuo Weiyi jealously and resentfully. She could not wait to tear Zuo Weiyi apart!

When he saw the resentment on his granddaughter’s face, Tengtang Li walked over to her before he comforted her softly as he said, “Let’s go. Grandpa has already made all the necessary arrangements for you. Zuo Weiyi will definitely be held criminally responsible for manslaughter, and she will be sentenced to jail time!”

As soon as she heard her grandfather’s words, Tengtang Xi closed the car door behind her with a ‘bang’! After that, she entered the prosecutor’s office proudly in her eight centimeters’ high heels.

Due to the disparity between the identities of the two families, the prosecutor took the two parties directly into the VIP interrogation room. Shi Yuting and Tengtang Li both stood outside the door as they waited for the interrogation to be over.

When he saw Shi Yuting's cold profile, Tengtang Li turned his eyes away disdainfully. Both of them refused to talk to one another.

### **Chapter 377: How Can You Prove All of This?**

The prosecutor did not have a very kind attitude when he was interrogating Zuo Weiyi and recording her statement.

"Miss Zuo Weiyi, we will conduct some inquiries and investigations regarding Miss Tengtang Xi's accusations of manslaughter."

Zuo Weiyi was very calm and composed as she faced the prosecutor standing in front of him.

"Okay, sure."

"First of all, I would like to ask you, if this was the vase that was on your bedside table the other day?"

Zuo Weiyi looked down as she glanced at the vase in the plastic bag. After that, Zuo Weiyi raised her head before she replied, "Yes."

"Then, did you use this vase to smash Tengtang Xi's head and tried to murder her with it?"

"Yes, I used the vase to smash her head but I was not trying to kill her. There is also a legitimate reason for my behavior. I was simply acting out of self-defense."

As soon as he heard her words, the prosecutor frowned as he looked at her and said, "Justified defense? How are you going to prove all of this?"

Prove?

Zuo Weiyi frowned slightly. At that time, apart from her and Tengtang Xi, there was no one else in the ward. Therefore, she did not have any eyewitnesses at all.

Zuo Weiyi suddenly thought of something and subconsciously raised her hand as she tried to remove the gray scarf around her neck. However, she stopped mid-action.

There were originally traces and marks of Tengtang Xi's fingerprints left on her neck when she tried to strangle her in the hospital ward. However, since some time had already passed, it seemed as though those marks had already faded with no traces at all.

In other words, could she really established and justify her legitimate defense?

Zuo Weiyi raised her eyes to look at the prosecutor sitting in front of her before she replied calmly, "There was no one else in the room with us at that time. Therefore, I cannot provide you with the evidence that you want. However, I want to emphasize the fact that I did not try to murder Tengtang Xi. If you really want to charge me with manslaughter based on this so-called evidence, then I would also like to press charges against Tengtang Xi for attempting murder in Room 307 of the Central Hospital at

nine o'clock in the morning on November 29th! That was when I smashed her head with a vase out of self-defense!"

The prosecutor was stunned for a moment when he heard Zuo Weiyi's words.

However, he had received direct orders from his superior. He was told to get a confession out of Zuo Weiyi, and his superior had told him that he would have to get Zuo Weiyi to plead guilty to manslaughter today. However, Zuo Weiyi was trying to press charges against Miss Tengtang Xi for manslaughter now? This case... was a little too complicated, right?

The prosecutor looked at Zuo Weiyi briefly before he chose to completely ignore her words. After that, he picked up another document before he placed it directly in front of Zuo Weiyi as he said, "The investigation results show that the fingerprints on this vase match your fingerprints exactly. Furthermore, it has also been confirmed that the blood on the vase belongs to Miss Tengtang Xi. Do you have anything else to say about this?"

Zuo Weiyi could not help but frown when she heard the prosecutor's words. The prosecutor was obviously ignoring everything that she had just said earlier. Their focus was on getting her to confess and plead guilty to Tengtang Xi's accusation of murder.

It seemed as though there was something amiss about this matter. Zuo Weiyi stood up before she said, "I have already told you that I did not try to kill Tengtang Xi. I also told you that I want to press charges against Tengtang Xi for attempted murder. However, it seems as though your focus is only entirely on getting me to plead guilty to the charges that Tengtang Xi has filed against me. Are you telling me that the prosecutors in the prosecutor's office do not need to look at evidence when they are handling a case?"

"Who said that we are not looking at the evidence? The fingerprints and bloodstains on the vase are all the evidence that we need!"

"If you are going to act in such a dodgy and sloppy manner just to convict me, then I think that you should be talking to my lawyer instead!"

After she was done speaking, Zuo Weiyi turned around as she proceeded to walk out of the interrogation room.

"Stop right there!" the prosecutor wanted to continue speaking but Zuo Weiyi did not pay any attention to him at all. Instead, she simply opened the door and walked out of the interrogation room.

After walking out of the room, Zuo Weiyi instantly saw Shi Yuting waiting for her outside the interrogation room.

### **Chapter 378: Talk to My Lawyer**

She sighed as she was being pressed with a criminal charge for the first time.

She was about to walk toward Shi Yuting when the door of the other interrogation room was pushed open.

Zuo Weiyi stopped in her tracks and saw Tengtang Xi walking out of the interrogation room.

As soon as Tengtang Xi saw Zuo Weiyi, she smiled at Zuo Weiyi arrogantly and confidently.

Zuo Weiyi simply glanced at Tengtang Xi before she turned around and walked toward Shi Yuting.

“How did it go?” His words were very gentle as he looked at Zuo Weiyi.

Zuo Weiyi raised her head as she looked right into his eyes. “You might have to find a very good lawyer to represent me.”

Shi Yuting smiled as he said, “I have already gotten you a lawyer.”

As soon as she heard his words, Zuo Weiyi could not help but feel a little surprised. “Are you serious?”

“Of course.”

“Zuo Weiyi, I am not done interrogating you!” The prosecutor ran out of the interrogation room as he yelled at Zuo Weiyi arrogantly. However, he suddenly became very timid when he saw Shi Yuting.

The prosecutor stuttered when he saw Shi Yuting and greeted him in a hurry, “Mr. Shi...”

“In the future, you can talk to my lawyer regarding any questions about my wife’s case.” Shi Yuting smiled faintly before he turned around and said, “Lawyer Zhang.”

As soon as Shi Yuting spoke, a man dressed in a suit and leather shoes walked toward them with a black briefcase in his hand. After looking at Shi Yuting, the lawyer nodded respectfully before he said, “Mr. Shi.”

“You can talk to the prosecutors about the attempted murder charges that Miss Tengtang Xi is filing against my wife.”

“Okay.”

After he was done speaking, Shi Yuting took Zuo Weiyi’s hand before he turned around and walked out of the door.

Tengtang Li and Tengtang Xi could only stare at the both of their backs in disbelief as they left the prosecutor’s office!

The expression on Tengtang Xi’s face changed as she stared at them with hatred and resentment. Her arms were crossed in front of her chest.

Tengtang Xi was not afraid of going to court. Anyway, she was certain that no one would have seen her strangling Zuo Weiyi in the ward the other day. Furthermore, all of the fingerprints marks on Zuo Weiyi’s neck must have already disappeared after so many days. How was Zuo Weiyi going to press charges against her if she had no proof or evidence?

\*\*\*

After walking out of the prosecutor’s office, Zuo Weiyi could not help but feel that she had been too careless. When Tengtang Xi committed the crime the other day, she should have shown the fingerprint marks on her neck to the prosecutors who came to investigate the case. As a result, she did not have any evidence to prove that she was only acting out of self-defense.

When Shi Yuting saw the depressed look on her face, Shi Yuting turned around and asked, "What's wrong?"

Zuo Weiyi raised her eyes to look at Shi Yuting as she asked, "Is there any surveillance camera in the ward that I was in?"

Shi Yuting was very calm and relaxed as he glanced at the worried Zuo Weiyi.

"No, that is the special VIP ward. How can there possibly be any surveillance cameras installed in the ward?" Shi Yuting would have already demolished the entire hospital if there was even a single surveillance camera installed in the ward!

After all, he had hugged and kissed Zuo Weiyi so many times at night when she was still recovering in the hospital. What if his actions were being monitored by the hospital?

As soon as she heard his words, Zuo Weiyi lowered her head again. She felt very helpless.

There were no surveillance cameras in the ward or near the ward. So, how would she possibly be able to prove her innocence?

"Don't worry about these things. You can just leave it to me," Shi Yuting said softly when he saw Zuo Weiyi's disappointed face.

Zuo Weiyi raised her head and realized that in a blink of an eye, she had already arrived in front of her white Porsche sports car.

When she heard Shi Yuting's words, Zuo Weiyi turned around and looked at the man standing beside her before she said, "What can you possibly do when we do not have any evidence at all?"

### **Chapter 379: I Didn't Say That I was Going to Send You Home!**

"You don't have to worry about all this." As he spoke, Shi Yuting lowered his head before he whispered in her ear, "The only thing that you have to focus on right now is to get pregnant with our baby."

As soon as he said those words, Zuo Weiyi started blushing. She started protesting with a hint of dissatisfaction in her voice, "That is not something within my control. I cannot get pregnant just because I want to get pregnant..."

"You are right. So, we have to work harder from now on!"

As soon as he said that, Shi Yuting grabbed Zuo Weiyi's hand as he dragged her toward his black Bentley.

Zuo Weiyi was initially planning to drive home. However, she really did not expect to be dragged toward his car instead. She quickly said, "Well, I drove here on my own."

"I didn't say that I was going to send you home!"

"Then, what are you trying to do?"

"Make a baby with you!"

"Shi Yuting!" Was he really going to do that kind of thing with her in the car?

However, as soon as she spoke, the car door was closed behind her.

Xiangyi who had been waiting inside the car for Shi Yuting instantly reacted when he saw both of them walking toward the car. He had quickly opened the car door before stepping out of the car.

Shi Yuting pressed Zuo Weiyi against the passenger seat.

He pulled the curtains of the car closed, and the interior of the car was instantly dimmed.

“Shi Yuting, I don’t want to do it here!”

“I want to.” Shi Yuting was very domineering as he pressed Zuo Weiyi against the back seat.

Zuo Weiyi was very reluctant and did not want to do anything intimate with Shi Yuting at the moment. After all, both of them had just done that thing earlier in the morning today. Why were they doing it again?

“Shi Yuting, when did you become such a stallion?”

“A stallion? It seems like I really have to live up to the title that you have given me then!”

In the next second, Shi Yuting placed his warm hand into her sweater, and Zuo Weiyi knew that she had been completely subdued by this man again.

After they were done, Zuo Weiyi could only stare at the man in front of her with a look of dissatisfaction on her face.

Shi Yuting smiled wickedly as he glanced at the expression on her face. “Based on your facial expression, it seems as though you are not satisfied yet.”

Zuo Weiyi was stunned for a moment and quickly regained her composure. She hurriedly replied to Shi Yuting’s question, “Satisfied! I am greatly satisfied!”

After she was done speaking, Zuo Weiyi opened the car door quickly as though she was trying to escape from the devil’s claws!

As soon as she stepped out of the car, Tengtang Xi who had just stepped out of the prosecutor’s office saw Zuo Weiyi dashing out of Shi Yuting’s car. Zuo Weiyi’s appearance was slightly messy, and she had completely forgotten to comb her slightly messy hair. When Tengtang Xi saw Zuo Weiyi’s appearance as soon as she got out of the car, she could immediately guess what both of them were doing in the car just now.

Tengtang Xi could also see Shi Yuting sitting in the car through the open car door. Anyone would have been able to guess what both of them were doing in the car earlier!

When she thought about both of them acting indecently in the car, Tengtang Xi clenched her hands tightly out of hatred and resentment. She could not wait to get rid of Zuo Weiyi!

However, Zuo Weiyi simply glanced at Tengtang Xi before she turned around and walked toward her white Porsche. After that, she opened the car door before she got into the driver’s seat.

Tengtang Xi who was standing not far away narrowed her eyes in surprise when she saw Zuo Weiyi getting into the white Porsche.

Shi Yuting was obviously here with her, so why did Zuo Weiyi drive by herself? Was she planning to go back herself?

No. Even if her engagement to Shi Yuting had already been annulled, he did not bring Zuo Weiyi back to the Shi family mansion. So, where was Zuo Weiyi living after being discharged from the hospital?

Was Shi Yuting trying to keep her hidden again?

But even if that was the reason, why was Zuo Weiyi driving by herself? Was it because Shi Yuting had to deal with some business affairs and wanted her to go home first?

Tengtang Xi squinted as she looked at Zuo Weiyi and could not help but feel a little puzzled.

She only stopped staring when Zuo Weiyi's car had already disappeared into the distance. Shi Yuting's black Bentley had also left the parking lot.

### **Chapter 380: Young Mistress, or... Mrs. Chairman!**

Tengtang Xi clenched her fists. The jealousy that she was feeling was clearly visible on her face!

Zuo Weiyi had actually dared to accuse her of attempted murder? Well, she really could not wait to see how Zuo Weiyi was going to try and convict her without any evidence at all!

As she thought about it, Tengtang Xi sneered.

At this time, Tengtang Li walked over to his granddaughter and said, "Xi-er, let's go home."

Shi Yuting frowned as he was deep in his own thoughts at the backseat.

Xiangyi who was sitting in the driver's seat suddenly asked, "All of the evidence seem to be pointing directly at Miss Zuo. What should we do next?"

"We cannot convict Tengtang Xi for attempted murder but the least that we can do is to ensure that Weiyi is not convicted for the crime that she did not commit."

Xiangyi understood Shi Yuting's intentions as soon as he heard her words.

Although they did not have any evidence to prove that Tengtang Xi tried to harm Zuo Weiyi, they could try to look for some evidence to prove Zuo Weiyi's innocence. Although no one saw Tengtang Xi strangling Zuo Weiyi that day, a nurse in the hospital saw the traces and fingerprint marks on Zuo Weiyi's neck. They also saw the ruptured wound on her back. All of these could be proved by the nurses and the dean of the hospital. This would prove to be very beneficial to Zuo Weiyi's defence.

As expected, Shi Yuting was still the most thoughtful!

"Also, I want you to stop calling her 'Miss Zuo' in future. You should change how you refer to her," Shi Yuting said once again from the back seat.

Xiangyi was a little taken aback. When he saw Shi Yuting's unreadable face through the rearview mirror, Xiangyi suddenly asked, "How should I address her then?"

Shi Yuting was silent for a moment before he replied, "Young Mistress, or... Mrs. Chairman."

Young mistress? Mrs. Chairman?

Was Mr. Shi and Miss Zuo already officially married?

Xiangyi could only make this assumption in his heart. After all, if this was not the case, then Shi Yuting would not have asked him to refer to Zuo Weiyi as a young mistress or Mrs. Chairman.

As he thought about this, Xiangyi pursed his lips together as he replied, "Okay."

"What about the matter involving Shi Tiannan?"

"After hearing that your house arrest has already been lifted, Shi Tiannan has already returned to Country C today. He should be arriving back at the Shi family mansion anytime soon."

As soon as he heard that, Shi Yuting frowned immediately.

"I want you to return to Country Z tomorrow to deal with the affairs involving Di Zun Group."

If Zuo Yi meant what he had said earlier this morning, then that meant that he would have to stay in Country C until Zuo Yi stepped down as president of the country. He would only be able to bring Zuo Weiyi back to Country Z then. Therefore, he could only leave the affairs of Di Zun Group in Xiangyi's hands for the time being.

At this time, Shi Yuting's car had already arrived at the Shi family mansion.

As soon as they arrived at the gate, Shi Yuting saw Shi Tiannan's car. It seemed as though he had already returned home.

Both of them stepped out of the car immediately. As soon as they entered the living room, they saw Shi Tiannan and his adoptive mother, Xiao Yayue, sitting on the sofa.

The atmosphere in the living room was very quiet and depressing. Shi Nuannuan had a sullen expression on her face as she sat on the sofa. She was staring directly at Xiao Yayue who was sitting directly opposite her. She was the woman that her father had divorced when he was still alive!

Back then, Shi Xiaotian had been forced to marry Xiao Yayue. He had always been deeply in love with Shen Lanzhi. However, after Xiao Yayue was unable to conceive a child, Shi Le was not very comfortable and happy even though they had already adopted Shi Tiannan into the Shi family.

After all, the Shi family was a very powerful and influential family. Shi Le was naturally very unwilling to allow Shi Tiannan, who was not related by blood to him in any way, to inherit the Shi family.

A few years later, Shi Le suddenly learned of Shi Yuting's existence. He was very pleased to find out that he actually had a grandson who was related to him by blood in this world! At that time, he had quickly arranged for Shi Yuting to be brought back into the Shi family mansion.

Shi Xiaotian could see right through his father's thoughts back then. Therefore, it did not take him long before he filed for a divorce with Xiao Yayue, on the grounds that she was unable to bear any children for him. Shi Le could not refute his son's decision and simply gave Xiao Yayue some money and shares as compensation for the divorce.
