

Kiss Me 381

Chapter 381: This Was All Because Your Mother was Unable to Conceive a Child!

After the divorce, Shi Xiaotian had always wanted to bring Shen Lanzhi back to the Shi family mansion. However, his request had always been rejected by Shi Le. It was not until five years ago that Shi Le finally agreed to Shi Xiaotian's request.

Shi Xiaotian was then killed in a car accident when he answered Shi Le's phone call on the day that he headed out to pick Shen Lanzhi up.

His last words to Shi Le before his death was to ask Shi Le to be kind toward his wife and children.

It was also because of his son's last words that Shi Le had been treating Shen Lanzhi well for the past few years.

As she was faced with Xiao Yayue who was Shi Xiaotian's rightful wife in the past, Shen Lanzhi could only lower her gaze slightly.

Since Xiao Yayue held some equity and shares in the Shi family, she could still enter and leave the Shi family freely as she pleased.

Shen Lanzhi did not own anything at all aside from the identity of Mrs. Shi.

"Hey, what are you doing in our house?" Shi Nuannuan asked as she sat on the sofa.

The person that she hated the most in this world was Shi Tiannan and his mother!

"Nuannuan, watch your manners!"

Shi Le who was sitting aside, quickly lectured Shi Nuannuan.

Xiao Yayue simply showed a domineering smile as she looked at Shen Lanzhi and Shi Nuannuan and said, "I simply came here to see my son. Don't worry. Xiaotian has already passed away. I will not be competing with you for the position of Mrs. Shi anymore."

She was obviously hurling a direct insult at Shen Lanzhi. Shi Nuannuan could not help but feel a little angry as soon as she heard Xiao Yayue's words!

She bounced up from the sofa as she said, "You with the last name, Xiao! What are you saying?"

"Enough!" As both of them were about to continue quarreling, Shi Tiannan who was sitting on the sofa suddenly spoke up. "Are you still not satisfied after driving my mother out of this house? What else do you want?"

Shi Nuannuan could not help but feel even more irritated after listening to Shi Tiannan's words.

She pointed at herself as she yelled angrily, "What? Are you saying that we drove your mother out of this house? Hello? It seems like your mother is the one who intervened and came between my parents' relationship first! Besides that, this is all because your mother was unable to conceive a child!"

"Okay!" Shi Le snorted as he stopped Shi Nuannuan and Shi Tiannan who were arguing. "We should not mention anything that is already in the past!"

Xiao Yayue was also a little hurt because Shi Nuannuan had stabbed her directly in her weakest spot.

After all, the reason why Shi Xiaotian divorced her was indeed that she was unable to conceive a child.

However, she could not help but feel that this was a little unacceptable when someone mentioned this directly in front of her. Therefore, she could not stop herself from glaring fiercely at Shi Nuannuan.

Since Shi Le had already yelled that out loud, no one dared to say anything else.

Xiao Yayue stood up before she said, "Since I have already meet Tiannan, then I will leave first."

"If you do not have any other plans, you can just stay for dinner."

"No, that is okay. I will leave first. Otherwise, I will be an eyesore here."

After she was done speaking, Xiao Yayue picked up her small leather purse before she walked toward the door in her high heels.

The reason why she still had a place in the Shi family was entirely because of the fact that both she and Shi Tiannan held a certain amount of shares and equity in the Shi family.

Even though Shi Tiannan was adopted, Shi Le still treated him as his own grandson and valued him very much.

However, no matter how hard he worked and no matter how hard he tried, in Shi Le's heart, he could never be able to match up to his biological grandson, Shi Yuting!

This was the reason why Shi Tiannan had always been aggrieved.

"I will send you off." Shi Tiannan had also stood up as he walked Xiao Yayue out of the Shi family mansion.

As soon as both of them were walking out of the Shi family mansion, they ran into Shi Yuting and Xiangyi who were walking in.

The eyes of the two men met, and it seemed as if there was an invisible war waging between both of their unpredictable hearts.

Chapter 382: Can We Bring Weiyi Here to Stay in Our House?

Although they were brothers in name, Shi Yuting and Shi Tiannan seldom spoke to one another. They would not even greet each other and simply treated each other as strangers when they ran into each other like this.

Shi Yuting had never addressed Shi Tiannan as his 'elder brother' ever since his childhood.

Shi Yuting simply glanced at Shi Tiannan and walked past him without saying anything at all.

When Shi Nuannuan, who was sitting on the sofa, saw both of them walking in, she rushed over to them excitedly before she said, "Brothers!"

She turned her gaze around and shouted excitedly, "Xiangyi!"

Xiangyi glanced at the playful expression on Shi Nuannuan's face and simply lowered his head without saying anything at all.

During dinner.

Shi Tiannan was also sitting at the dining table tonight. Shi Tiannan had always felt that he was superfluous ever since Shi Yuting had been brought back to this home more than twenty years ago.

Even though Shi Xiaotian had also treated him very well when he was still alive, there was still a clear comparison between him and Shi Yuting.

This was especially obvious when it came to dealing with *** affairs. For the longest time, Shi Le would only bring Shi Yuting around with him but would never allow Shi Tiannan to step in and do anything about these affairs at all. This was the obvious difference in both of their identities.

Therefore, Shi Tiannan had always hated them!

He never felt that Shi Le was his grandfather but he always felt that his so-called brother and Shi Le were in the same family.

In his opinion, he had always been superfluous!

"Yuting, if you continue moving around more these days, it will definitely be of great help as you run for president."

Shi Le suddenly spoke as he sat in the main seat. Although his grandson would annoy and frustrate him to death most of the time, he would still think dearly of his precious grandson.

Shi Yuting was very clear about this matter.

However, he knew that his grandfather could be really stubborn about his views on certain matters.

When she noticed that her grandfather's tone was a little kinder, Shi Nuannuan cautiously asked, "Grandpa, since brother's engagement to the Tengtang family has already been annulled, then can we bring Weiyi here to stay in our house?"

As soon as he heard Shi Nuannuan's words, his expression changed immediately. He put down the cutleries in his hands and looked at Shi Nuannuan as he said, "Even though the marriage between Yuting and the Tengtang family had already been canceled, that does not necessarily mean that I will accept Zuo Weiyi."

Shi Nuannuan could not help but sigh as she pouted out of frustration when she heard her grandfather's words.

"I am already full."

Shi Yuting suddenly put down his bowl and chopsticks. After that, he stood up and left the dining table immediately.

When Shen Lanzhi saw Shi Yuting leaving the dining table, she turned around and whispered to her daughter, "You should not mention this matter in the future."

Shi Nuannuan could not help but feel a little aggrieved as she was reprimanded by her mother. "I was just hoping that Weiyi will be able to move in and live with us!"

Although the mother and daughter were whispering very softly amongst themselves, Shi Le who was sitting in the main seat could still hear their conversation very clearly.

He really did not have any intention of accepting Zuo Weiyi into his family. After all, her identity as an illegitimate child would always be a forbidden thing to him.

The Shi family was a very honorable and powerful family. How could he possibly accept an illegitimate child into his family? How could he possibly accept an illegitimate child as his granddaughter-in-law? If Shi Yuting was going to insist on being with that illegitimate child, then the best that he could do was to simply allow Zuo Weiyi to live in the Shi family mansion in Country Z. Moreover, he would never allow them to reveal this matter to the public. This was his bottom line.

The next day.

Shi Yuting had to go to the *** to deal with some major national affairs even on the weekend.

He put on a navy blue handmade suit and a sky blue shirt early in the morning, and his perfect figure was simply perfect!

He was planning to leave as soon as he was done with breakfast, but Shi Nuannuan suddenly called out to him.

Chapter 383: Announce Her Identity (1)

"Brother!"

Shi Yuting turned around when he heard Shi Nuannuan's voice. He saw his sister running toward him from the dining room.

"Brother, are you going to send Xiangyi back to Country Z?"

"What is wrong?" He asked as he raised his brows.

Shi Nuannuan pursed her lips slightly and had a melancholic expression on her face.

If Xiangyi was going to go to Country Z, then it would definitely be for a long period of time. Did that mean that she would not be able to see him for a long time then?

"Nothing..." Shi Nuannuan sighed as she turned around disappointedly. After that, she walked toward the sofa.

Shi Yuting glanced in the direction of the living room to look at Shi Nuannuan when he saw the listlessness on her face.

"Nuannuan."

Shi Nuannuan subconsciously turned around to look at her brother when she heard him calling out to her, "Yes?"

"He will be leaving tomorrow."

Shi Nuannuan frowned slightly and seem puzzled as she stared at her brother. "I know."

Last night, she unexpectedly received a WeChat message from Xiangyi, telling her that he would be going back to Country Z tomorrow.

This was the first time that Xiangyi had ever taken the initiative to send her a text message! Shi Nuannuan was initially very excited when she saw the incoming text message. However, she felt as though her heart had been shattered to pieces when she saw the content of the message. She was already panicking.

Shi Yuting glanced at his younger sister who was sitting in the living room. After a moment of silence, Shi Yuting spoke up again, "Didn't you say that you wanted to travel and relax a little?"

Shi Nuannuan was stunned for a moment when he heard her brother's words.

Travel? When did she ever say that she wanted to travel?

She stared blankly at her brother who was standing in front of her. Shi Nuannuan was a little lost but then, she came to a sudden realization! Her eyes widened as she stared at her brother joyfully.

"Yes, yes, I have been planning to travel for a long time now! Ah! I am going to pack my belongings now since I am planning to leave tomorrow!" After she was done speaking, Shi Nuannuan hurriedly ran up the stairs.

Shi Yuting chuckled slightly to himself when he saw Shi Nuannuan running up the stairs. He then turned around before walking out the door.

Later in the afternoon, Shi Nuannuan had already packed up all of her belongings and booked a flight ticket to Country Z. Furthermore, she intentionally booked the same flight as Xiangyi!

After making all the necessary preparations, Shi Nuannuan ran downstairs to inform her dear mother about her trip.

When she went downstairs, Shi Nuannuan saw Shen Lanzhi sitting on the sofa at the television as she watched television. Shi Le and Shi Tiannan were playing chess at the side.

"Mommy!"

Shen Lanzhi raised her head and looked up when she heard her daughter's voice. She could see her daughter running down the stairs as she walked toward her enthusiastically.

As she was about to get up, a figure on the television screen suddenly caught her attention.

"Mommy, I am going to be traveling tomorrow. I will bring back a gift for you when I come home, okay?" Shi Nuannuan held her mother's arms affectionately as she smiled.

However, when she looked at her mother, she realized that her mother's gaze was fixed on the television screen.

Shi Nuannuan followed her mother's gaze out of curiosity and she saw that Zuo Yi was facing the media and was announcing Zuo Weiyi's true identity to the public!

"This... what is going on here..." Shen Lanzhi was very surprised and was in disbelief as she stared at the caption at the bottom of the screen.

Zuo Weiyi was the president's granddaughter?

This...

How could Zuo Weiyi possibly be the granddaughter of the president?

In contrast, Shi Nuannuan could not help but jump up excitedly from the sofa as soon as she saw the event happening on the screen. She yelled excitedly, "Weiyi's true identity is finally revealed!"

Shi Le and Shi Tiannan who were playing chess raised their heads to look at Shi Nuannuan with a puzzled expression on their faces when they heard her sudden exclamation.

Shen Lanzhi had also turned around to look at her daughter in a daze. "Nuannuan, what do you mean when you say that her true identity has finally been revealed?"

Shi Nuannuan turned her head around. She had been waiting for this moment!

"Weiyi's true identity! She is the president's granddaughter!"

Chapter 384: Announce Her Identity (2)

When they heard Shi Nuannuan's words, the other three people in the living room were shocked!

Zuo Weiyi was actually the president's granddaughter? What was going on here? Wasn't she just an illegitimate child?

Shi Le and Shi Tiannan had also walked over to the television as soon as they heard Shi Nuannuan's words.

Even though Zuo Weiyi was not there in person, there was no doubt that the person in the picture was none other than Zuo Weiyi herself.

Zuo Yi was standing in front of the cameras as he announced that Zuo Weiyi was the granddaughter that he had lost many years ago!

Granddaughter? The old man had never even been married before! How could he possibly have a granddaughter?

Shi Le frowned as he stared at the television screen.

"Excuse me, Mr. President. Since today is the day that you are going to disclose the identity of your granddaughter, then why isn't your granddaughter here today?"

As he was faced with the reporter, Zuo Yi chuckled slightly as he said, "She does not like to attend this kind of event and occasion."

Shen Lanzhi and Shi Le were both shocked when they found out Zuo Weiyi's true identity!

Shen Lanzhi turned her head around and was still in disbelief when she heard the news. “Nuannuan, what on earth is going on here? How can Weiyi possibly be the president’s granddaughter? He has never been married in this life!”

As she was faced with this confusion, Shi Nuannuan smiled as she looked at her mother and said, “Mom, you are wrong. Mr. President has already been married more than forty years ago but... no one knows about this at all.”

Married? Shen Lanzhi was even more surprised when she heard Shi Nuannuan’s words.

Shi Le walked over to Shi Nuannuan and frowned as he asked, “Nuannuan, what do you mean when you say that the president got married more than forty years ago?”

“He obtained a marriage certification certificate with a woman named Shen Ruoxi!” As soon as she said those words, Shi Nuannuan suddenly thought of something.

She heard that her grandfather and the president used to be brothers and comrades who shared all weal and woes. They had a very close relationship. Both of them had only turned against one another when both of them fell in love with the same woman at the same time. Could it be that...

Shi Nuannuan raised her eyes and looked at her grandfather in surprise.

Could it be that the woman that her grandfather had been in love with, was also Shen Ruoxi?

Shi Le’s heart trembled a little as he listened to his granddaughter’s words!

Shen Ruoxi?

Shi Le turned around as he looked at Zuo Weiyi’s photo on the television screen. When he observed Zuo Weiyi’s features carefully, he noticed that she did indeed resemble Shen Ruoxi when she was younger. Could it really be that Zuo Weiyi was indeed Shen Ruoxi’s granddaughter?

But didn’t Shen Ruoxi leave Zuo Yi quietly back then?

Back then, Shi Le had already tried searching for her, but he could not get any news about her for the longest time. When he finally had news about her whereabouts, he found out that Shen Ruoxi had already gotten married and had a child. That was the reason why Shi Le had decided to give up looking for her. If Zuo Weiyi was really Zuo Yi’s granddaughter, then what was going on here?

“Grandpa, do you... also happen to know that woman named Shen Ruoxi?” Shi Nuannuan asked cautiously when she saw the surprised look on her grandfather’s face.

Shi Le turned around and fixed his gaze upon his granddaughter who was standing in front of him. It seemed as though he was trying to recall everything that had happened more than forty years ago.

If Zuo Weiyi was really Shen Ruoxi and Zuo Yi’s granddaughter, then did that mean that Shen Ruoxi was already pregnant when she left Zuo Yi that year?

After so many years, Shi Le would never have imagined that Shen Ruoxi had actually left a granddaughter behind in this world. Moreover, her granddaughter was actually his grandson’s most beloved woman.

As he thought about it, Shi Le could not help but feel that god was taking pity on Shen Ruoxi. Even after more than forty years, her granddaughter had finally returned to Country C, where Shen Ruoxi was born and raised.

Chapter 385: Announce Her Identity (3)

Shi Le could not help but feel a little sad and disappointed as he thought about Shen Ruoxi back then.

Zuo Weiyi, the person that he had always looked down on, was actually the granddaughter of the woman that he used to love. Wasn't this too much of a joke?

"So, does that mean that Zuo Weiyi's true identity is the granddaughter of the president of Country C then?" When Shen Lanzhi saw the photo of Zuo Weiyi and Zuo Yi's gentle and smiling face she could not help but feel very happy for Zuo Weiyi. Of course, she finally felt that many things were finally falling into place and making more sense now.

It was no wonder why the president went to the hospital in person and stayed there for three days and night when Zuo Weiyi was hospitalized for her injury. Back then, Shen Lanzhi felt that the situation was very weird. Now, everything finally made sense to her.

It turned out that the president already knew that Zuo Weiyi was his own biological granddaughter then!

"Yes! Isn't it very surprising?" Shi Nuannuan turned her head as she looked at Shen Lanzhi in excitement.

When Shen Lanzhi saw the expression on her daughter's face, she suddenly realized something, "You already knew about this?"

When Shi Nuannuan saw the news, she did not seem to be surprised at all. Therefore, Shen Lanzhi knew that Shi Nuannuan obviously knew about this matter a long time ago.

Shi Nuannuan nodded her head frankly when she heard her mother's question. Since the president had already publicly announced Zuo Weiyi's identity, then it would not be an issue if she mentioned this matter now, right?

"Yes, I found out when Weiyi woke up from her coma."

"Why didn't you tell us about it?"

When she was faced with her mother's question, Shi Nuannuan pouted before she lowered her eyes and said, "Brother said that this was a big deal. So, he asked me not to tell anyone about this for the time being."

Shi Le understood Shi Yuting's intentions when he heard Shi Nuannuan's words.

In front of the people of the country, Zuo Yi had always been an unmarried man. Now that he suddenly had a granddaughter appearing out of nowhere, it was inevitable that he would suffer some criticisms and opinions from the public.

Zuo Yi must have thought everything through before he decided to publicly announce to the people of the whole country that he had a granddaughter.

True enough, after Zuo Yi's revelation, all the major media platforms went viral immediately. Everyone was talking about the fact that the president had a granddaughter.

At this time, Zuo Weiyi, who was sitting in the living room, also saw the news on the television.

When her grandfather left the villa in the morning today, he did not tell her that he was going to announce his identity to the public today. She could not help but feel a little moved when she saw the news on the television.

At the same time, Zuo Weiyi was a little worried.

She turned her head around and saw Uncle Yu watching the news too. Zuo Weiyi quickly asked, "Uncle Yu, is it really okay for grandpa to do this?"

Zuo Weiyi asked softly. After all, this was not a trivial matter.

Uncle Yu looked at Zuo Weiyi before he smiled and said, "Since Mr. President has already made the decision to announce this to the public, he definitely knows what he is doing. Miss, you don't have to worry too much."

Zuo Weiyi felt a little more relieved after hearing Uncle Yu's words. However, she was still a little worried.

She took out her cell phone. The news had only been broadcasted about twenty minutes ago but everyone was already discussing this matter on their social media accounts.

[I thought that Mr. President has never been married? Where did his granddaughter pop up from?]

[Yes, but his granddaughter is so beautiful!]

[Did you take a look at the photo of his granddaughter? I saw her once in Country Z, appearing next to Shi Yuting, the next presidential candidate!]

Everyone had different opinions about this matter, and Zuo Weiyi was filled with anxiety.

She only hoped that this matter would not affect her grandfather's identity and reputation.

At the same time, in the living room of the Tengtang family mansion.

Tengtang Xi was so angry when she saw the news on the television that she clenched her fists tightly. She had a look of disbelief on her face!

Chapter 386: Chapter 386: Announce Her Identity (4)

"I don't believe it. Zuo Weiyi... how can she possibly be the president's granddaughter? How can this be? I don't believe it... I cannot believe this at all!" Tengtang Xi shook her head in disbelief. She felt that the scene that she had just seen on television was completely unacceptable!

Meanwhile, Tengtang Li, who was also watching the news, was also in disbelief.

How did Zuo Weiyi end up becoming the president's granddaughter? This was simply too surprising!

"I don't believe it. I absolutely will not believe this! How can someone like her possibly be the granddaughter of the president of the country? This news is fake! This news has to be fake!" Tengtang Xi was a little uncontrollable, and her voice was very loud.

Her fierce reaction shocked some of the servants in the living room.

The servants had already known of her arrogant and spoiled character. However, they had never seen her acting this way before. Therefore, they could not help but feel a little surprised.

When he saw his granddaughter losing her composure, Tengtang Li hurriedly tried to calm her down, "Xi-er, don't get too excited. This news might be fake."

Tengtang Li was also in disbelief regarding this matter. A lowly illegitimate child suddenly ended up becoming the president of the country overnight. This was incredible!

As soon as she heard her grandfather's words, Tengtang Xi turned around to look at Tengtang Li as she said, "Grandpa, do you think that this news is fake too? How can Zuo Weiyi possibly have such a noble status? It must be fake. The news must be fake! Perhaps, Zuo Weiyi is simply the child of the lover or mistress that is kept by the president. He is probably afraid that he would be exposed. That is the reason why he is deliberately saying that she is his granddaughter..."

Before Tengtang Xi could even finish her sentence, Tengtang Li covered her mouth with his hand before he muttered, "Xi-er, you should not be insulting the president like this. Do not say anything else about this matter!"

Although they were in their own home, there were many people around and things could get complicated. It would be bad if these words reached the president's ears.

"Why can't I say it? I have to say it!" Tengtang Xi could not calm down at all when she thought about the fact that the illegitimate child that everyone scorned and looked down upon had suddenly turned out to be the president's granddaughter!

She was jealous. She was jealous of everything belonging to Zuo Weiyi!

Why? Why did she have such a noble background? Why?

"Xi-er!"

Tengtang Li was heartbroken and worried as he faced his granddaughter who has been overcome by her jealousy.

This was his one and only precious granddaughter. Therefore, he naturally did not want anything bad to happen to her.

"Listen to Grandpa. Please calm down first, okay?" Tengtang Li tried to calm her down. If she continued saying things like she did just now, she could be destroyed if she was not careful.

When she looked at her grandfather who was in front of her, Tengtang Xi started crying, "Grandpa! Why can she have all of this? I wanted her to be arrested for attempted murder but she ended up becoming the president's granddaughter. Now, I will have to lower my head and bow down to salute her whenever I see her in the future. Grandpa, I do not want that. I cannot accept that at all!"

“Xi-er, just calm down. Calm down first, okay? If this is what you are worried about, then we will not meet up with Zuo Weiyi in the future, okay?”

“Grandpa, you do not understand. She took everything that originally belonged to me! If she did not exist, then Shi Yuting would have already married me. When he is elected as the next president, I will naturally become First Lady! However, because of her existence, she is stealing everything that belonged to me! I hate her! I want to kill her!”

Chapter 387: Announce Her Identity (5)

“Xi-er!” Tengtang Li felt helpless when dealing with her. He shouted sharply as he turned around and instructed their servants and butler, “All of you can retreat now.”

The servants and butler nodded and turned around to leave as soon as they heard his words.

Tengtang Li turned around and looked at his precious granddaughter as he said, “Xi-er, sit down and listen to Grandpa patiently.”

After Tengtang Li’s repeated persuasion, Tengtang Xi finally calmed herself down a little.

She looked at her grandfather before she said pitifully, “Grandpa, can you help me to kill Zuo Weiyi? I can only live happily in this world if she is dead. Grandpa, can you kill her for me?”

To soothe and calm his granddaughter down, and since there was no one else in the living room, Tengtang Li could only agree to her request as he said, “Alright then. Grandpa will look into this matter first. After that, I will help you to get rid of Zuo Weiyi, okay?”

“Really?”

“Yes, but Grandpa has to look properly into this matter first before I decide my next course of action. You have to promise me that you will be patient and not get angry for the next few days.”

“Okay, as long as you promise me, then I will listen to all of your arrangements.”

Tengtang Li nodded as he looked at his granddaughter.

His son and daughter-in-law were killed in an airplane crash, and they only left his granddaughter behind in this world with him. He would never allow anything to happen to her.

Tengtang Xi turned her head around as she fixed her gaze upon Zuo Weiyi’s photo on the television. After that, a strange and sinister smile appeared on her face.

The next day.

At the international airport.

Xiangyi was lining up with his luggage and air ticket in hand as he prepared to get through security at seven twenty in the morning. At this time, a familiar voice sounded behind him.

“Xiangyi!”

When he heard the sound of the voice that should not be here, Xiangyi thought that he had heard wrongly for a moment. He turned around and saw Shi Nuannuan dragging a pink suitcase behind her as she walked in from the airport entrance not too far away.

Xiangyi was a little surprised by her sudden appearance.

Moreover, she was also dragging a suitcase behind her. What did this mean?

“Hello, Xiangyi!” Shi Nuannuan dragged the suitcase behind her as she walked toward Xiangyi. As soon as he saw the expression on her face, he could immediately tell how excited she was!

Xiangyi was confused.

“Miss, where are you going?”

“I am going to Country Z too!”

Xiangyi was startled.

She was also going to Country Z? For what?

Xiangyi could only narrow his dark black eyes slightly as he glanced at the pretty face in front of him.

“What do you think? Isn’t this a pleasant surprise for you?” Shi Nuannuan asked as she waved her air ticket excitedly in front of him.

“What are you going to do in Country Z?”

Shi Nuannuan had a warm expression on his face as she replied, “I... am going there for fun!”

Xiangyi narrowed his eyes as he was about to speak. At this time, the sweet voice of the announcer at the airport suddenly spoke.

“The flight XXX bound for Country Z will be taking off in fifteen minutes. Passengers who have not boarded yet, please board as soon as possible...”

“Ah! Our flight is about to take off! Hurry up!” Shi Nuannuan seemed to have encountered a savior when she heard the announcer’s voice. She hurriedly took Xiangyi’s arms before she walked quickly toward the security checkpoint!

She continued dragging him along with her as they passed through the security checkpoint and Xiangyi finally had the opportunity to speak after they had already boarded the plane.

Shi Nuannuan was leaning comfortably against the luxurious seat in the first-class cabin. When she thought about the fact that she would be in Country Z with Xiangyi, she could not help but feel extremely excited!

“Miss, do the mistress and Mr. Shi know that you are going to Country Z?”

Chapter 388: My Dear, What is Wrong with You?

Shi Nuannuan turned around and said, “They know! I have already told them that I am going out to relax!”

Relax?

Xiangyi frowned. Was she really going to Country Z to relax?

However, why would she be going at this time? She was even on the same flight as him!

Xiangyi glanced at the person next to her. Although he felt a little confused, he could not deny that his heart was indeed a little excited the moment he saw her at the airport!

He turned his head and subconsciously smiled subtly.

There were still a few hours left before they arrive in Country Z. Shi Nuannuan usually found it very boring to travel by plane. However, she could not calm down her excitement today!

This was especially so when she looked at Xiangyi's handsome profile. He was so handsome!

Xiangyi was much calmer compared to her. He was leaning calmly against the seat, and his narrow eyes were closed, as though he was resting.

After Xiangyi fell asleep, Shi Nuannuan could not help but feel a little bored.

Since she was bored, she got up and went to the bathroom immediately. On the way back to her seat, she saw an unexpected scene.

"My dear, what is wrong with you?"

She saw a couple sitting two seats not too far behind them. It seemed that girl was airsick as she looked like she was a little unwell.

When she saw the boy's intimacy with the girl and the concern on his face, Shi Nuannuan was a little dumbfounded.

"Um... I feel very uncomfortable... I feel so unwell..."

"Are you airsick? Do you want me to get the flight attendant to get you some medicine for it?"

"No, I just want you to hold me in your arms..." The girl replied as she leaned lazily against the boy and hugged the boy's body. Although she was feeling unwell, it seemed as though all of her discomforts had vanished as soon as she clung to the boy. Shi Nuannuan who was watching this scene at the side, could not help but feel a little envious as she watched both of them.

So sweet...

When she saw the boy and girl leaning against each other, Shi Nuannuan smiled before she turned around and walked back to her seat.

When she returned to her seat, she saw that Xiangyi's eyes were still closed. Shi Nuannuan watched him calmly and suddenly, an image of the couple hugging one another suddenly flashed through Shi Nuannuan's mind.

She smiled mischievously before she looked at Xiangyi who was sitting in his seat, and...

"Um... I feel so uncomfortable..."

In fact, Xiangyi had just been closing his eyes since just now but was not fast asleep. Therefore, he could feel each and every move that Shi Nuannuan was making beside him.

When he heard her slightly uncomfortable voice, he could not help but open his eyes as he turned around to look at Shi Nuannuan who was leaning against her chair listlessly.

Xiangyi felt his heart ache a little when he saw the discomfort on her face. "What is wrong with you?"

Very good! The same exact reply as that boy!

Shi Nuannuan was secretly delighted in her heart, even though she had a very weak and frail look on her face.

"Well, I feel very unwell... I feel so uncomfortable..."

When he heard this, Xiangyi frowned harder. Was the young lady acting this way because she was airsick?

But he hadn't heard of the young lady having airsickness before.

Xiangyi felt a little puzzled but when he saw the look of discomfort on her face, he could not help but ask her softly with a hint of distress in his tone, "Are you feeling airsick? Do you want me to ask the flight attendant to get you some medicine?"

"No, I don't need any medicine..." In the next second, Shi Nuannuan leaned her body against Xiangyi before she said, "I just want you to hug me."

As soon as he heard her words, Xiangyi froze in place. He had a look of shock on his face, and his brows were raised.

Due to the disparity in their status and identity, Xiangyi subconsciously tried to push Shi Nuannuan, who was leaning against him, away. However, as soon as he raised his hand, the person who was leaning against his right chest suddenly raised her hand to grab his sleeve as though she was trying to block his hand.

Chapter 390: Came to Apologize?

As soon as they saw her, Tengtang Xi, who was sitting next to Tengtang Li, could not wait to tear the figure apart with her eyes. However, she held her anger in as her hands balled into fists.

It wasn't until Zuo Weiyi finally approached them that the hidden anger on her face gradually eased as she smiled slightly.

When she saw them, Zuo Weiyi was also a little surprised.

Tengtang Xi stood up with a smile on her face. It was rather difficult to tell whether it was a smile of kindness or sarcasm.

"Miss Zuo, long time no see."

Zuo Weiyi stopped in her tracks when she saw Tengtang Xi, who was standing in front of her with her hand stretched out. Before she could even respond, Zuo Yi who was sitting on the sofa had already begun speaking.

“Long time no see? I think it has only been a few days since you tried to press charges against my only granddaughter for attempted murder?”

His words were made in a questioning tone, and this made Tengtang Li and Tengtang Xi stunned.

A few seconds later, Tengtang Li recovered from the embarrassment and smiled before he hurriedly said, “Well, Mr. President, the reason why we came here today is to apologize for that!”

“Is that so?”

“Yes! Yes! Yes!”

“Since you are here to apologize, then you can apologize to my granddaughter!” After he was done speaking, Zuo Yi beckoned for Zuo Weiyi to come to him as he said kindly, “Weiyi, come here.”

Zuo Weiyi walked over to them as soon as she heard his words.

“This is my granddaughter. Please apologize to her!” Zuo Yi looked at Tengtang Li before he spoke in a sharp manner.

Tengtang Li suddenly felt a little embarrassed as he glanced at Zuo Weiyi who was standing in front of him.

After all, ever since he became the Minister of Defense, he had never bowed down or apologized to anyone aside from the president. He had never even bowed down or apologized to Shi Le, who was on an equal status as him.

Now, he was actually asked to apologize in a humble manner to a young girl. This was somewhat a huge blow to his reputation as a minister.

However, since he was the one who had said it himself, he would have to apologize no matter how much face he had to lose today!

As he thought about this, Tengtang Li raised his eyes to look at Zuo Weiyi, who was standing beside Zuo Yi.

“Miss Zuo, I would like to solemnly apologize to you for everything that happened before this. I can only blame Xi’er for not being sensible. I am sorry that we nearly had to go to criminal court with you!”

After apologizing, Tengtang Li bent his body at a ninety degrees angle. His apology was quite sincere.

When Tengtang Xi who was standing at the side saw her grandfather bowing before Zuo Weiyi, she could not help but feel even more hatred and resentment toward Zuo Weiyi!

However, she knew very well that even if she wanted to kill Zuo Weiyi, she would have to pretend to be sincere for now.

She had to make her careful calculations if she wanted to get rid of her completely.

In the past, she could not even harm Zuo Weiyi because Shi Yuting had always been protecting her. Now that Zuo Weiyi had the president's protection, it would be even more difficult for Tengtang Xi to get rid of her!

As she thought about this, Tengtang Xi could not help but clench her fists tightly again!

On the surface, she was very calm as she acted and pretended as though nothing was wrong at all.

Immediately afterward, Tengtang Xi smiled before she looked at Zuo Weiyi and said, "Miss Zuo, I really want to apologize to you for my actions last time. However, there are a few words in my heart that I will only feel convenient to say to you alone. Do you mind talking to me in private?"

When she saw the smile on her face, Zuo Weiyi could not feel her sincerity at all. She could not help but wonder what kind of tricks Tengtang Xi had up her sleeves this time.

However, this was her grandfather's presidential villa. Even if she had the courage, she would not be able to do anything to her, right?

Before this, Zuo Weiyi was just an illegitimate child with no one looking out for her. Therefore, she could not help but feel a little inferior in front of many people.

However, things were different now. After reconciling with her grandfather, she no longer felt inferior to others. At the very least, she could defend her own dignity now!
