

Kiss Me 391

Chapter 391: Indeed Much More Honorable than You!

If her grandfather had found her and her mother a little earlier, then her mother would not have been forced to death by Qiu Yun.

As she thought about her mother, Zuo Weiyi could not help but feel a little upset.

Tengtang Xi who was standing in front of Zuo Weiyi was still waiting for her answer.

“Okay.” Zuo Weiyi raised her head as she agreed to speak to her in private.

However, Zuo Yi was a little worried.

Even though Tengtang Xi looked very kind and amicable on the surface, he had already heard of everything that this girl had done to his granddaughter before!

As Zuo Weiyi was about to leave Zuo Yi’s side, Zuo Yi spoke up.

“Yu.” Zuo Yi could not help but feel a little worried when he saw both of them walking toward the backyard. He hurriedly called out for Uncle Yu to keep an eye on his granddaughter.

After all, Tengtang Xi was not a simple person. What if she did something to harm Zuo Weiyi?

After seeing the look on Zuo Yi’s face, Uncle Yu immediately understood his intention and he hurriedly followed after Zuo Weiyi and Tengtang Xi.

However, after hearing her grandfather’s voice, Zuo Weiyi turned around before she smiled at her grandfather and Uncle Yu before she said, “Grandpa, I am fine. You don’t have to worry.”

After all, this was the presidential villa. No matter how spoiled and arrogant Tengtang Xi was, she would not dare to do anything to her here, right?

After speaking, Zuo Weiyi turned around and looked at Tengtang Xi before she said, “Let’s go.”

After going into the backyard, Zuo Weiyi walked straight toward Sisi. When Sisi saw Zuo Weiyi coming, Sisi poked its head out of the water to let Zuo Weiyi touch it. This was their way of greeting each other.

“I really did not expect you to be the president’s granddaughter.”

Zuo Weiyi did not only hear the hatred and envy in Tengtang Xi’s voice, but also a touch of irony and sarcasm. However, Zuo Weiyi was already accustomed to her behavior.

This was a woman who had deliberately tried to kill her. Moreover, she had always been very proud and arrogant. So, how could she possibly lower herself just to apologize to her?

Zuo Weiyi was very indifferent toward Tengtang Xi’s words as she continued playing peacefully with Sisi.

When she looked around her, Tengtang Xi noticed the magnificence of this backyard. It probably took a lot of time just to build this big pond for the dolphin.

How could she be willing to accept the fact that this illegitimate child was actually staying in such a good and noble place?

“Are you surprised? I am surprised too.” Zuo Weiyi was squatting down as she continued playing with Sisi who was at the edge of the pond. She did not stand up or look up as she answered Tengtang Xi’s question.

Tengtang Xi said that she wanted to apologize to her but Zuo Weiyi did not expect to receive an apology from someone like her.

“Well, Zuo Weiyi, do you think you are very great, and do you feel very proud of yourself now?”

Tengtang Xi stood behind Zuo Weiyi with her arms crossed in front of her chest as she looked down at Zuo Weiyi.

Zuo Weiyi paused for a moment when she heard these words. After that, she made a gesture at Sisi. Sisi squealed a few times before diving into the water. After that, Sisi instantly disappeared without a trace, and there was only a ripple of water on the surface where it had dived just now.

After Sisi left, Zuo Weiyi stood up before she faced Tengtang Xi calmly.

“No, but...” Zuo Weiyi suddenly smiled before she continued, “My current status is indeed much more honorable than you!”

Tengtang Xi was startled when she heard this and the expression on her face changed immediately!

Zuo Weiyi was obviously saying this to provoke her on purpose!

Tengtang Xi could not hold in her anger anymore. This was especially so in front of Zuo Weiyi. She could not stand being inferior compared to her. Even if she knew that Zuo Weiyi was the president’s granddaughter, she could not accept this fact at all!

Chapter 392: Repeat What You Just Said!

She was obviously an illegitimate child with a lowly status. How could she possibly become the president’s granddaughter overnight?

She could not accept this. She could not accept it at all!

Tengtang Xi glared at Zuo Weiyi who was standing in front of her. She was furious so she yelled, “Zuo Weiyi! Are you doing this on purpose?”

Zuo Weiyi felt a sense of happiness that she had never felt before as she looked at the look of anger on Tengtang Xi’s face.

She was not the kind of person who would seek revenge. However, since she had the opportunity to frustrate Tengtang Xi, why wouldn’t she take advantage of this opportunity then?

“No, I am just speaking the truth. Don’t you agree with me?”

After she was done speaking, Zuo Weiyi turned around before she continued looking at Sisi who was swimming beautifully in the pond.

However, her words had undoubtedly aroused the anger in Tengtang Xi’s heart. At this time, she could no longer control the anger in her heart!

Since this was the presidential villa, she could not deal with her directly. Tengtang Xi suddenly felt a burning rage in her heart!

Although she did not dare to do anything to her, Tengtang Xi's mouth was extremely capable!

"Zuo Weiyi, why are you being so arrogant? Do you really think that you are really the president's granddaughter just because the president said that to the media and the public? I think that you are nothing more than an illegitimate child that the president had with a woman that he is secretly keeping! He is trying to hide the truth from the people of this country and that is the reason why he is saying that you are his granddaughter!"

If her words reached Zuo Yi's ears right now, she would not be the only person implicated in this matter!

However, there were only both Zuo Weiyi and Tengtang Xi in the entire backyard.

Moreover, Tengtang Xi only dared to speak so unscrupulously because she knew that there was no one else around at this time.

As soon as she heard these words, Zuo Weiyi suddenly turned around as she glared at Tengtang Xi coldly. Her voice was filled with anger as she said, "Repeat what you just said!"

"What? I was right, wasn't I?"

Slap!

Before Tengtang Xi could even finish her sentence and before she could even calm down, she suddenly felt a fiery pain on her cheek!

She raised her head in astonishment as she stared at Zuo Weiyi in disbelief. She raised her hand as she held onto her cheek that was burning.

"You... you... how dare you hit me?"

"Watch your mouth. Don't forget that I am no longer an illegitimate child that you can bully as you please anymore!"

"Zuo Weiyi!" Tengtang Xi was burning with rage! Her beautiful face was already flushed red. She could not wait to lay her hands on Zuo Weiyi!

She suddenly raised her hand as she was prepared to fight back.

Zuo Weiyi had already expected Tengtang Xi to fight back. Therefore, she reacted quickly and she easily avoided Tengtang Xi's slap!

Tengtang Xi did not expect Zuo Weiyi to avoid her slap so easily and lost her balance as her hand swung through the air. Zuo Weiyi had been standing right next to the edge of the pool. As Tengtang Xi lost her balance after missing the target, she fell right into the pond where Sisi was in.

At this time, there was only the sound of the water splashing as big waves appeared on the water!

Zuo Weiyi simply glanced coldly at Tengtang Xi, who had fallen into the water without any sympathy at all.

Tengtang Xi could say anything to her but Zuo Weiyi would never allow her to insult her grandfather's personality. She would especially not allow her to insult the feelings and relationship between her grandfather and grandmother.

Her grandfather became the president who would rather live alone and not marry in this lifetime because of his love for her grandmother. So, how could she possibly allow such a beautiful and sacred love to be tainted by Tengtang Xi's words?

Zuo Weiyi glanced at Tengtang Xi who had fallen into the pond before she turned around as she proceeded to enter the house.

She was not the one who pushed her in, anyway!

But as soon as she turned around, she heard—

Chapter 393: She Can't Swim?

However, as soon as she turned around, she heard—

"Help... help... help me—"

When Zuo Weiyi turned around, she saw Tengtang Xi's head bobbing up and down the water in the pond. Her arms were also flailing frantically on the surface of the water.

"Help me... I... I can't swim... quick! Help me!"

Zuo Weiyi was stunned for a moment when she looked at Tengtang Xi who was struggling in the water.

'She can't swim?'

"Help... help me... ahh!"

Zuo Weiyi's hands balled into fists as she clenched them tightly.

Although Tengtang Xi had done a lot of bad deeds to her in the past, there was a flash of unbearableness in Zuo Weiyi's heart when she saw her struggling in the water.

After all, it was winter now.

As she felt a little conflicted, she walked toward the edge of the pond before she reached out toward Tengtang Xi, who was struggling in the water. "Give me your hand!"

In fact, she did not know how to swim either. Therefore, all that she could do was to give Tengtang Xi her hand as she tried to reach out to her so that she could pull her out of the water.

When Tengtang Xi saw her outstretched hand, she tried to swim forward and struggled a little before she finally grabbed hold of Zuo Weiyi's hand!

However, as Zuo Weiyi was trying her best to pull Tengtang Xi out of the water, a sinister look suddenly flashed in Tengtang Xi's eyes. After that, Tengtang Xi violently pulled Zuo Weiyi's hand—

"Ahh!"

Zuo Weiyi's body plunged into the pond after she screamed.

The pond that was built for Sisi was extremely deep. Moreover, Zuo Weiyi really did not know how to swim at all!

As soon as she fell into the pond, Zuo Weiyi could clearly feel that she had already lost control of her body. She felt as though the icy cold water was penetrating through her body! Zuo Weiyi could not get a foothold at all. She could only struggle as she tried to stay afloat on the water. She had an extremely strong will to survive!

However, the more she struggled, the faster she sank into the water. At this moment, Tengtang Xi who was floating on the surface of the water, sneered as she watched Zuo Weiyi struggle to stay afloat.

“Help... help!”

Zuo Weiyi vigorously called out for help but her voice was almost always submerged by the pond water.

She could see the sinister look on Tengtang Xi’s face and finally realized that it would simply be stupid of her to continue calling for help now!

Therefore, Zuo Weiyi stopped shouting!

The house was a long way away from this pond. So, it would be impossible for Zuo Yi or anyone else to hear her cry for help!

Just as Zuo Weiyi thought that she was about to drown in the pond, a behemoth suddenly lifted her above the surface of the water from under her feet. Zuo Weiyi’s head was finally above the surface of the water.

She used the surface of the object to gain support as she lifted herself on the back of the behemoth. Zuo Weiyi was very happy when she touched the behemoth.

“Sisi!”

“Tweet! Tweet!” Sisi squealed a few times, as though it was responding to her.

When Tengtang Xi saw Zuo Weiyi sitting on the dolphin’s back as she gradually emerged from the water, she was utterly shocked. She was in disbelief!

She had never seen anything like this before. She never knew that a domesticated dolphin would actually save a person!

Sisi sent Zuo Weiyi to the edge of the pond, and Zuo Weiyi hurriedly climbed ashore. Her body was completely soaked, and she was shivering from the cold!

Tengtang Xi was also trying to climb ashore.

However, as soon as she reached the edge of the pond and placed her hand on the edge of the pond, she felt something hitting her body. Tengtang Xi fell into the pond again and swallowed a mouthful of water!

After stabilizing herself, Tengtang Xi was shocked to find out that the thing that hit her was none other than the dolphin named Sisi.

She gritted her teeth before she turned around as she planned to swim back to the shore again.

Chapter 394: Sisi's Wrath!

However, as soon as she turned around, Sisi galloped behind her as it used its tail to push Tengtang Xi back into the water again!

Zuo Weiyi, who was on the shore, was shivering from the cold. However, she did not stop Sisi at all.

Tengtang Xi obviously knew how to swim but it was really annoying to be dragged into the water in such an unpredictable way!

“Miss!”

At this time, Uncle Yu yelled from not too far away. His face turned pale in shock as he ran over immediately when he saw that Zuo Weiyi was soaking wet.

“Miss, you... what happened to you?”

Zuo Yi was still a little worried after both of them came to the backyard. Therefore, he finally asked Uncle Yu to come over to the backyard to take a look at them. Unexpectedly, as soon as he came over, he saw that Zuo Weiyi was already drenched.

Zuo Weiyi was shivering really hard from the cold. Her lips were already purple.

She trembled as she spoke to Uncle Yu with much difficulty, “I am fine... ask Sisi to stop attacking.”

Zuo Weiyi was a little worried as she looked at Sisi who was attacking Tengtang Xi continuously in the pond.

If this continued, Tengtang Xi would definitely drown or freeze to death!

This was her grandfather's presidential villa. Therefore, Zuo Weiyi naturally did not want anyone to die here!

Uncle Yu turned around when he heard Zuo Weiyi's word, only to realize that Tengtang Xi was in the water. Sisi was hitting Tengtang Xi again, and she had submerged in the water once again because of the impact!

Uncle Yu was shocked. No matter what it was, Tengtang Xi was still the granddaughter of the Minister of Defense. If something bad happened to her in the presidential villa, then it would not be good for their diplomatic representation!

“Sisi, stop!” Uncle Yu exclaimed when he saw Sisi continuously attacking Tengtang Xi.

He was really surprised because he could not comprehend why Sisi was attacking someone when it had always been very meek and docile?

No, it was very weird. How did the young lady and Tengtang Xi fall into the pond in the first place?

Sisi finally stopped attacking Tengtang Xi after Uncle Yu's command.

Tengtang Xi finally came above the surface of the water as she swam toward the shore hurriedly!

The pond was filled with seawater and Tengtang Xi felt extremely uncomfortable after swallowing a lot of seawater. She could not stop coughing after she came up from the pond.

Cough! Cough!

“Hurry up and go inside!”

The weather was so cold and it was hard to imagine how cold they must be feeling after falling into the icy cold water!

Zuo Weiyi stood up and hurried into the house under Uncle Yu’s urging.

As soon as they entered the living room, Zuo Yi and Tengtang Li who was sitting on the sofa could not help but bounce off the sofa when they saw them coming into the living room, soaking wet.

“Weiyi! What happened to you?” Zuo Yi frowned immediately. He felt extremely worried when he saw Zuo Weiyi’s purple lips as she was shivering from the cold!

“Miss fell into the pond! She should go upstairs and change into a set of dry clothes!”

“Hurry up and bring the young lady upstairs!” Zuo Yi turned around as he gave an order to a maid, who was standing not too far away!

“Xi’er, what happened to you? Tengtang Li was also surprised when he saw his granddaughter drenched. He was so stunned he did not know what to do.

Although there was a heater in the living room, she was still soaking wet. The heater would not be of any help at all!

However, this was the presidential villa. Since Zuo Yi did not say anything. He naturally did not dare to ask anyone to give Tengtang Xi a change of clothes. He was only afraid that his precious granddaughter would have already frozen to death before they got home!

Tengtang Li felt that he was about to go crazy from worry!

Zuo Yi simply stared at the grandfather and the granddaughter without saying anything at all.

After all, he knew very well that his granddaughter would not fall into the water for no reason at all. Therefore, Tengtang Xi must have done something to her!

Chapter 395: How Did You Fall Into the Water?

However, Uncle Yu noticed that Tengtang Xi’s face was already pale as she was also shivering from the cold. In any case, Tengtang Li was the Minister of Defense, and he had an equally distinguished status. If anything bad happened to his granddaughter in the presidential villa, then it would not be easy for them to explain things to the public!

As he thought about this, Uncle Yu could not help but look at Zuo Yi as he reminded him in a lowered voice, “Mr. President, why don’t you let Miss Tengtang Xi go upstairs and change into a set of dry clothes too? It will not be good if something happens here today.”

The anger in Zuo Yi’s heart was slightly suppressed after listening to Uncle Yu’s words.

He would just wait until his granddaughter had already changed into a set of clothes and warm herself up before he found out what had happened!

“Ask someone to send her up to get a change of clothes!” After that, Zuo Yi turned around and walked toward the third floor.

Zuo Weiyi finally changed out of her wet clothes with the help of the maid. However, her body was still trembling uncontrollably because she was still feeling extremely cold!

“Ah-chooo!” Zuo Weiyi could not help but sneeze as she wrapped her quilt tightly around herself when she sat on her bed.

Zuo Yi and Uncle Yu walked into her room. Zuo Yi had a very distressed look on her face when he saw her.

“Weiyi, tell grandpa what happened just now. How did you fall into the water for no reason at all?”

Zuo Weiyi who was sitting on her bed, raised her eyes as she glanced at her grandfather. She could see the look of anger and worry in his eyes. Even though she was still shivering from the cold, she suddenly felt a warm current flowing through her heart.

She had not felt the warmth of being cared for by her family in a very long time. Of course, aside from Shi Yuting, Zuo Yi could also be considered her family now, right?

As she stared at Zuo Yi, the scene where Tengtang Xi had dragged her into the pond suddenly flashed in Zuo Weiyi’s mind!

Perhaps, she could tell her grandfather that Tengtang Xi was the one who dragged her into the pool. However, if she really told him that, then wouldn’t her grandfather go after Tengtang Xi to seek justice on her behalf?

She knew that Tengtang Xi’s grandfather was the Minister of Defense and worked closely with her grandfather to deal with all the major national affairs every day. If both of them had a fallout because of this, wouldn’t it be very difficult for her grandfather to deal with work in the future?

Besides...

Sisi had already helped her to teach Tengtang Xi a lesson just now. So, why should she report this incident to her grandfather then?

As she thought about it, Zuo Weiyi finally raised her head before she said to Zuo Yi, “I am fine. It’s nothing.”

Zuo Yi frowned as soon as he heard this. “It’s nothing? You are already in this state, so how can you tell me that you are fine and nothing happened?”

“Tengtang Xi is already in a worse situation compared to me, isn’t she?” After all, Zuo Weiyi had been rescued by Sisi not long after she fell into the water. However, Tengtang Xi had been repeatedly attacked by Sisi in the water. In comparison, Tengtang Xi would definitely be in an even worse state compared to her!

As she thought about it, she felt that Sisi had already avenged her!

Zuo Yi finally understood everything all at once as he looked at his granddaughter in front of him.

“All of this is all because of that Tengtang Xi, isn’t it? Grandpa will go and find her to settle the score with her now!” After he spoke, Zuo Yi who was holding a walking stick in his hand turned around angrily.

“Grandpa!” However, Zuo Weiyi stopped him before she sneezed again. “Ah-chooo!”

This sneeze made Zuo Yi stop in his tracks. He turned around to look at her worriedly. “I think you are already coming down with a cold!”

“Yu, ask the housekeeper to make some ginger soup for Weiyi.”

As soon as he heard this, Uncle Yu hurriedly turned around and head downstairs to ask the housekeeper to make some ginger soup!”

Zuo Weiyi sniffed and realized that her nose was already slightly blocked.

“Weiyi, didn’t I say that I will never allow anyone to bully you anymore?”

Chapter 396: I Will Not See You Out!

Zuo Weiyi was very moved by Zuo Yi’s concern. She shook her head before she said, “As long as Grandpa is supporting me and have my back, then I will definitely know how to fight back. However, Sisi has already taught her a lesson on my behalf just now!”

After all, if Zuo Yi was really going to deal with Tengtang Xi, then wouldn’t it be very difficult for him to face Tengtang Li in the future?

As the president of the country, if Zuo Yi actually dealt with the grandchild of the Minister of Defense just because of his own granddaughter, then what would happen if this word spread to the people of this country? Wouldn’t this be very harmful to her grandfather’s reputation then?

“Are you worried that your grandfather will be placed in a tough spot?” Zuo Yi seemed to read her mind at a single glance.

Zuo Weiyi lowered her gaze but she did not deny it at all.

She did not want people to think that she was already using her grandfather’s position to gain favor and deal with others, only after she had just reconciled with her grandfather less than a week ago.

Zuo Yi could only sigh as he looked at his granddaughter and did not say anything else anymore.

On the other side, Tengtang Xi had already changed out of her wet clothes and finally warmed herself up.

However, she could not help but feel even more hatred and resentment toward Zuo Weiyi when she thought about being attacked by the dolphin just now!

“Damn that Zuo Weiyi! She had actually ordered that beast to attack me!”

“Shhh!” Her voice was a little loud and the expression on Tengtang Li’s face changed as soon as he heard her words. After that, he hurriedly made a gesture for her to keep silent. “Xi’er! You cannot speak nonsense whenever you like here!”

This was the presidential villa. What would happen if someone heard what she had just said?

“Grandpa, do you know how miserable I was just now?” This was the first time that she had ever felt so pathetic and aggrieved in her twenty years of life. She could not even fight back at all when she was getting attacked by the dolphin!

“Grandpa knows that but you have to calm down now even if you are feeling very annoyed and irritated. If you want to vent your anger and frustrations, wait until we leave this place, okay?”

Tengtang Xi clenched her fists tightly as she looked at her grandfather who was standing in front of her. She finally suppressed the anger and hatred in her heart.

“I don’t want to stay here anymore. I don’t want to come to this kind of place of horrible place ever again!” Tengtang Xi could not help but feel a little afraid as she thought about the dolphin that was in the pond in the backyard.

She did not ever want to come back to this place again!

In order to prevent his granddaughter from saying any more words that might be harmful to them, Tengtang Li could only helplessly take her away from this place as soon as possible.

“Okay, okay. Shall we leave now?” With that, he helped his granddaughter up from the sofa before they walked out of the room door. “Go downstairs and wait for me. I will go and tell the president that we will take our leave now.”

Tengtang Xi ignored him and simply walked downstairs.

As soon as he reached the top of the stairs, Tengtang Li ran into Uncle Yu, who was holding a bowl of ginger soup in his hands.

“Excuse me, where is Mr. President? We are going to leave now.”

Uncle Yu glanced at Tengtang Li before he said, “He is in the young lady’s room on the third floor. Come with me.”

When they arrived at Zuo Weiyi’s room, Uncle Yu handed the bowl of ginger soup over to Zuo Weiyi.

“Miss, hurry up and drink this!”

Zuo Weiyi glanced at the bowl of ginger soup that Uncle Yu had given to her. After that, she took a sip of the ginger soup. She did not like the taste of it at all.

However, since Zuo Yi was looking at her, Zuo Weiyi had no choice but to hold her breath as she drank the entire bowl of ginger soup.

“Mr. President, we are really sorry about everything that happened today. To disturb the young lady’s rest, we are going to leave now.”

"I will not see you out!" Zuo Yi simply replied coldly without even looking back at all.

Tengtang Li was felt a little stunned and embarrassed because of Zuo Yi's cold and indifferent attitude. In the end, he did not say anything but simply nodded before he turned around and left.

Tengtang Xi was filled with anger as she sat in the back seat of the car when they left the presidential villa!

When Tengtang Li saw the expression on her face, he could only try to calm her down. "Xi'er, don't be angry anymore."

Chapter 397: Bullied By a Beast!

"How can I not be angry? I, as the granddaughter of Tengtang Li, the Minister of Defense, was actually bullied by an illegitimate child and a dolphin! I cannot tolerate this at all!"

"Xi'er, you have to get something clear. Zuo Weiyi is no longer an illegitimate child. She is the president's granddaughter!"

"So, what?" Tengtang Xi asked angrily. At this moment, she suddenly calmed down as though she had suddenly thought of something.

Her eyes were filled with hatred and jealousy as she looked straight ahead. She had an extremely sinister expression on her face.

"Grandpa, do you really think that Zuo Weiyi is the president's granddaughter?" As Tengtang Xi asked her this question, she did not look at Tengtang Li but simply stared straight ahead. A strange dark shadow suddenly appeared at the corner of her mouth as she laughed!

Tengtang Li was puzzled by her question and frowned as he said, "Of course. The president has already announced this matter to everyone in this country. How can this news possibly be false then?"

At this time, Tengtang Xi finally turned her attention back to Tengtang Li.

As he looked into her bright eyes, this was the first time that Tengtang Li had ever felt that his granddaughter had become so unfamiliar. She was no longer his granddaughter who would never have this kind of sinister expression on her face no matter how arrogant she was.

"Why can't it be fake?" Tengtang Xi's smile deepened as she stared at her grandfather in front of her.

"Zuo Yi has already been single for decades. There must be a story behind this matter since his granddaughter has suddenly appeared out of nowhere. I really do not understand why his granddaughter has to be none other than Zuo Weiyi. Why can't it be someone else instead?"

Tengtang Li could only frown in surprise when he heard his granddaughter's words. He did not understand what she meant.

"Xi'er, what do you mean by that?"

Tengtang Xi did not answer his question but simply asked again "Grandpa, since she is just his granddaughter, there must be no way for them to get a paternity test, right?"

Tengtang Li could not help but feel a little startled when he heard Tengtang Xi's words.

What was she going to do?

It would be really difficult for a grandfather and his granddaughter to do a paternity test. Could it be that...

“Xi’er, what are you planning to do?”

Tengtang Li seemed to sense a conspiracy forming behind those dark eyes.

“Grandpa, if they cannot prove that they are indeed related by blood, then how can Zuo Yi be so sure that Zuo Weiyi is indeed his own granddaughter?”

As soon as she said this, Tengtang Li immediately understood what Tengtang Xi was going to do!

Was she going to try and change Zuo Weiyi’s identity as the president’s granddaughter? How could this possibly happen?

As he thought about the terrible thoughts that were forming in his granddaughter’s mind, Tengtang Li suddenly felt very distressed. “Xi’er, don’t do anything stupid. Since the president is so sure that Zuo Weiyi is his granddaughter, then he must certainly have a way to prove it. Don’t start a fire and cause trouble for yourself!”

“What can he do? The most that he could do to prove her identity is to get some witnesses to step forth and say a few words!” Tengtang Xi did not understand what Tengtang Li was so worried about at all. Instead, she smiled as she was glad that she had finally found a way to deal with Zuo Weiyi!

“That was more than a few decades ago. What good can any witnesses be? In this world, there is nothing that we cannot do with money!”

“Xi’er!” Tengtang Li could not help but feel a little upset when he saw what his granddaughter had become.

When did she become so irrational?

“Grandpa!” Tengtang Xi started persuading him again, with an annoyed expression on her face. “Didn’t you promise me that you will kill Zuo Weiyi for me? So, please do not try to stop me now! I know what I am doing!”

Chapter 398: Flu

Their car had arrived at the Tengtang residence. As soon as the car stopped, Tengtang Xi hurriedly opened the door as though she did not want to hear Tengtang Li saying anything else anymore. She walked directly through the brown gate with flowers carved on it as soon as she got out of the car!

Tengtang Li could not help but feel very worried and distressed when he looked at his granddaughter who was walking away.

The next day.

Zuo Weiyi was really down with the flu and was a little groggy.

She was resting in her bedroom on the third floor, and everyone could hear her sneezing from time to time.

“Ah-chooo!”

Zuo Yi felt very distressed when he saw his granddaughter who was wrapping her quilt tightly around herself on the bed.

The doctor had already seen her and prescribed her some medication. However, it felt as though her situation has not improved at all even after taking the medication.

“What is the matter with this doctor? She has already taken her medicine so long ago, but it seems as though there is no effect at all! It seems as though his medical skills have already deteriorated with his age!”

Uncle Yu was a little speechless when he saw Zuo Yi’s worried look and heard his tone.

Yes, Zuo Weiyi had indeed taken the medication a while ago. However, how could there possibly be such a miraculous cold medicine in this world?

The medication would not take effect in just one day. The young lady’s cold would definitely get better tomorrow.

“Mr. President, medication for the flu always works like this. Doesn’t it take you a few days to get well after you catch a cold too?”

Zuo Yi raised his head slightly when he heard Uncle Yu’s words. He had a startled expression on his face as he asked, “Is that so?”

“Yes!” Uncle Yu nodded.

Whenever Zuo Yi was worried about the young lady, it felt as though he would become very absent-minded.

“No! I have to call and ask for Dr. Cheng to come over again. I want to ask him what kind of medication he prescribed to Weiyi, and why it has no effects on her at all!”

Zuo Yi was about to get up after he spoke.

“Grandpa!”

At this moment, Zuo Weiyi, who was lying on the bed, hurriedly called out to him.

Zuo Yi turned around as soon as he heard her voice. He felt extremely distressed when he saw her haggard face.

“Grandpa, you are making a big fuss. I can already feel that my nose is not congested anymore after taking the medicine. I will feel better tomorrow.”

“Really?” Zuo Yi asked skeptically as he frowned.

Zuo Weiyi nodded slightly. Her voice was a little hoarse as she said, “Yes, Grandpa. How can the effects of cold medicine be so fast? How can I recover immediately after eating the medicine?”

The warmth that her grandfather brought her had already made her feel very happy because she could experience what it felt like to have a family member caring and showing concern for her again. She felt the warmth in her heart!

Her words finally convinced Zuo Yi and stopped him from going downstairs to call Dr. Cheng.

The housekeeper's voice suddenly sounded at the door.

"Mr. President, Mr. Shi is here."

Shi Yuting's figure appeared at the door.

As soon as he arrived, he immediately looked at the person who was sitting on the bed with a quilt wrapped tightly around her. He had not seen her for only two days, but she had already ended up like this.

Shi Yuting walked over to Zuo Weiyi as he completely ignored Zuo Yi, who was sitting at the side. In his eyes, all that he could see and all that he cared about was Zuo Weiyi. No one else mattered to him at all!

"What happened to you?" Shi Yuting sat at the edge of the bed as he raised his hand to stroke her slightly reddish cheek. She seemed like she was down with a fever.

When he used his warm hand to touch her forehead, he realized that she was really down with a fever.

Zuo Weiyi felt a little embarrassed because of his affectionate behavior and could not help but glance at her grandfather who was sitting at the side. After that, she took Shi Yuting's hand before she said, "I am fine..."

Zuo Yi, who was sitting nearby, suddenly started clearing his throat.

He was obviously doing it because he was dissatisfied with Shi Yuting.

If they were comparing statuses, Zuo Yi was the president of the country. If they were looking at personal relationships, Zuo Yi was also his wife's grandfather. Shi Yuting did not even greet him at all upon entering the room! He really had no manners!

Chapter 399: Mr. President, You are Swearing...

When she heard him clearing his throat deliberately, Zuo Weiyi hurriedly pushed Shi Yuting's hand away. After that, she used her eyes to motion for him to greet Zuo Yi.

When he saw her moving her eyes, Shi Yuting paused for a moment before he pursed his lips and asked nonchalantly, "What is wrong with your eyes?"

Zuo Weiyi felt as though she was about to vomit blood!

Zuo Yi cleared his throat again.

"Hurry up and say hello to Grandpa!" Zuo Weiyi knew very well that her grandfather did not like Shi Yuting at all because of the injuries and torment that she had suffered before. Moreover, her grandfather did not welcome Shi Yuting because of the fact that he was Shi Le's grandson too.

At this time, her grandfather felt even more dislike for Shi Yuting because of his indispensable character.

She continued urging him in a lowered voice, and Shi Yuting finally raised his brows before he turned around and looked at Zuo Yi.

“I am here.”

Zuo Yi and Zuo Weiyi were speechless.

Was this how he was going to greet him?

Zuo Yi was so angry that he was about to lose his cool!

“Get out!” He held his walking stick tightly in his hand before he pointed in the direction of the door as he shouted at Shi Yuting.

However, Shi Yuting was not affected at all. Speaking of which, Zuo Yi’s personality was actually somewhat similar to his own grandfather.

“It’s okay if you want me to get out, but she has to come with me too,” Shi Yuting replied as he looked at Zuo Weiyi!

“Dream on!”

Shi Yuting ignored Zuo Yi’s anger and simply turned around as he continued observing Zuo Weiyi’s face.

“How did you catch a cold?”

When he saw that Shi Yuting was simply ignoring his existence, Zuo Yi felt as though he was about to explode in anger!

However, the anger in his heart subsided a little when he saw that Shi Yuting really cared for his granddaughter from the bottom of his heart.

If it was not because of his undying love for his granddaughter, he would never have allowed Shi Yuting to take a single step into the presidential villa!

As she looked into the man’s eyes, Zuo Weiyi suddenly thought of the scene that happened in the backyard yesterday.

“It’s nothing. The weather is just a little cold.”

After listening to her answer, Zuo Yi and even Uncle Yu could not help but feel that Zuo Weiyi really had a very good heart.

“It seems like the presidential villa is not warm enough. You should come home with me then!”

When she heard this, Zuo Weiyi raised her eyes as she repeated, “Go home?”

“Yes.” Shi Yuting lowered his eyes as he looked down at her face that was flushed red.

“You fart!” Zuo Yi jumped up from the sofa. He could not stop himself from cursing out loud!

As soon as these two words came out of Zuo Yi’s mouth, Shi Yuting, Zuo Weiyi, and even Uncle Yu were all extremely surprised!

Uncle Yu had been with the president for decades, but he has never heard a single foul word coming out of his mouth before!

“Mr. President, you are swearing...” Uncle Yu hurriedly reminded him.

Zuo Yi suddenly realized that he had said something that he should not have said. He felt as though he had lost control of himself and could not help but try to keep a straight face as he regained his composure.

Zuo Yi was a little embarrassed as he faced the young couple now. “Well, what do you mean when you say that this place is not warm enough? Let me tell you something! Without my consent, you are not allowed to abduct my precious granddaughter and take her away from here!”

As soon as he heard those words, Shi Yuting frowned hard. He had a cold expression on his face as he looked at Zuo Yi and said, “Abduct her? What do you mean? She is my legal wife now!”

“So, what? I am her family! Do you think that I am more important or you?”

“Of course, her husband is more important!”

“You fart!”

“Mr. President, you are swearing again...”

Uncle Yu reminded him again. Zuo Yi was extremely embarrassed but he did not want to lose face.

“Anyway, as long as I do not give her permission to leave, Weiyi has to continue living here with me at the presidential villa!” After he was done speaking, Zuo Weiyi stood up as he did not want to continue arguing with Shi Yuting anymore.

Chapter 400: Her Snot

It was true that an older person would not be able to win in an argument with a younger person nowadays. Ahh! He really felt as though he was at a disadvantage!

After Zuo Yi and Uncle Yu disappeared behind the door, Zuo Weiyi turned around before she looked at the man in front of her as she said, “Why do you have to say that on purpose to make Grandpa angry?”

“Who asked him to make us live apart from each other?!”

Zuo Weiyi did not know how to answer that.

Her mouth twitched slightly after hearing his words.

It turned out that Shi Yuting also had a very childish side to him!

“Ah-chooo!”

Zuo Weiyi sneezed once again. Even though the problem with her nasal congestion had already been resolved, her nose was still running. As she sneezed, her snot fell on Shi Yuting’s chest immediately.

When she saw that his sky blue shirt had already been stained with her own snot, Zuo Weiyi could not help but feel extremely apologetic.

She knew that Shi Yuting was a person who really loved cleanliness. However, she had sprayed her own snot all over him now...

"Well, that... I am sorry..." Zuo Weiyi tried to reach out her hand to wipe the snot away from his shirt.

"It's okay," Shi Yuting simply replied calmly, as though he did not care about the snot that was on his chest at all. After that, he pulled a few pieces of tissue from the round table at the side before he wiped his shirt gently.

Zuo Weiyi was a little surprised at his indifference.

"Don't you hate it when it is dirty?" Zuo Weiyi asked in a daze.

In fact, even Zuo Weiyi would feel that it is dirty if she got her snot on herself.

Shi Yuting raised his eyes before he stared at her apologetic face. His mouth twitched slightly before he smiled and said, "That depends entirely on who sprayed their snot on my shirt."

After that, he took another two pieces of tissues before he wiped the snot that had inadvertently come out from her nose.

Zuo Weiyi felt that that gesture was as sweet as honey.

When it was lunch time, Shi Yuting did not intend to leave at all.

He seemed to be completely at ease here. He did not feel like he was at the presidential villa, but instead... he was at his wife's family home!

Although Zuo Yi seemed to seriously dislike him on the surface, deep inside, he was actually rather pleased and satisfied with this grandson-in-law!

After all, in the entire Country C, apart from Gu Yansheng whom he really admired, Shi Yuting was probably the only other person that could ever be worthy of his own granddaughter!

At this time, the housekeeper had already made some porridge for Zuo Weiyi. Shi Yuting brought the porridge up to the third floor without even eating lunch.

Zuo Weiyi felt very tired and exhausted, as though she did not have any energy at all as she lay in bed.

She raised her head to look up when she heard the sound of footsteps and saw Shi Yuting walking over to her with a bowl of large porridge in his hands.

Upon arriving at the huge princess bed, Shi Yuting put the bowl of porridge down before he turned around and raised his hand to check the temperature on her forehead. When he could not really feel the temperature on her forehead, he lowered his face as he pressed his handsome face against her cheek.

"You are still a little warm."

Zuo Weiyi allowed him to do as he pleased, and her heart felt warm.

"Eat this." Shi Yuting picked up the bowl of porridge before he lifted the spoon to feed the porridge to Zuo Weiyi.

When Zuo Weiyi looked at the spoonful of porridge that he was feeding her, she raised her eyes to look at the man in front of her as she asked, "Have you eaten yet?"

"I am going to feed you first."

Zuo Weiyi paused for a moment. However, he interrupted her before she could say anything, "Be good. Open your mouth."

Zuo Weiyi could not resist his thoughtful behavior and opened her mouth obediently. After he put the spoonful of porridge into her mouth, she chewed twice before she let the porridge slide down her throat directly.

"It is too much. It is such a waste."

Zuo Weiyi looked at the bowl of porridge in his hand. It was not the usual bowl that she usually ate her meals with. This was a very big bowl that was usually used for soups.
