

## Kiss Me 451

### Chapter 451: Punishment for the Teng Tang Family

If her mother had not passed away, would she be like her now, enjoying her grandfather's love and care for her?

"Oh, right, grandfather." As if she suddenly thought of something, Zuo Weiyi turned around and looked at Zuo Yi. "Did you do this for me because of the Teng Tang family?"

Zuo Weiyi's eyes were filled with love as she looked at her precious granddaughter. He smiled and patted her hand, "It's not all for you. Although Tengtang Xi might not have participated in what he did, his son, daughter-in-law, and Tengtang Xi's parents died in a plane crash a few years ago. He has done a lot for this country. Now, he only has one granddaughter. The only thing I can do is either remove him from his position or send Tengtang Xi to the procuratorate."

"Grandpa Zuo, Tengtang Xi has done so many things to hurt Zuo Weiyi. Why didn't you just send him to the prosecutor's office?" Gu Yansheng could not help but ask.

He had heard about what had happened during the days when he had returned to Z Country.

Tengtang Xi not only went to destroy Zuo Weiyi's wedding, but he even brought out some unsightly things in front of everyone in an attempt to humiliate the only one and her mother.

Such a person should be punished by the law!

Facing Gu Yansheng's words, Zuo Yi's face became sad.

"His father once saved my life in a terrorist attack. This time, I'll treat it as repayment for that favor."

Actually, he had thought about it himself. If he sent Tengtang Xi directly to the prosecutor's office, maybe he would not hurt Weiyi.

However, the things he had done would only be convicted of an attempted crime or illegal disclosure of other people's privacy. These things that did not directly harm people's lives, at most, would be released in three to five years.

Therefore, he thought about it and decided that it would be better to directly remove Tengtang Li from his ministerial position. Without his grandfather's identity to let him use to bully others, perhaps Tengtang Xi would also be more restrained.

Zuo Yi thought so.

After all, Tengtang Xi's personality was built on being pampered. Once a person lost their identity and status, perhaps their nature would not dare to be arrogant.

Regarding the terrorist attack previously, Gu Yansheng was also aware of it. Perhaps it was because of Zuo Yi's deep and righteous personality that the entire country loved him as the president.

Zuo Weiyi stayed at the Presidential Palace for the whole day.

Gu Yansheng had come back from Z Country to visit his family and Zuo Yi, and he didn't have anything to do. He stayed and played chess with Zuo Yi the whole day.

At six o'clock in the afternoon, Shi Yuting returned home but didn't see Weiyi. He couldn't help but call her.

"Where are you?"

"I'm at grandpa's house."

"Should I come over to pick you up?"

Hearing Shi Yuting's words on the phone, Zuo Weiyi could not help but glance at Zuo Yi, who was playing chess with Gu Yansheng not far away. Then, he turned around and said into the phone, "There's no need to come over. Grandfather wants me to stay here for a few days."

Hearing this, Shi Yuting paused for a second on the phone. Then, he said sourly, "You agreed?"

"Yes, Sisi is sick. Grandpa is not in a good mood. I plan to stay with him for a few days."

As soon as she finished speaking, Zuo Weiyi heard a sudden 'beep' from the phone. Then, there was silence.

#### **Chapter 452: Troublesome, Get Me a Pair of Cutlery**

Hung up? Looking at the phone that had been cut off, Zuo Weiyi was at a loss.

Half an hour later, when they were about to have dinner in the presidential palace, the sound of a speeding car came from the door.

Then, Shi Yuting walked in.

Walking into the dining room, he sat down directly in front of the dining table. "Troublesome. Get me a pair of cutlery."

Looking at him sitting at the dining table, the three of them could not help but be stunned.

"Why are you here?" Zuo Yi was the first to speak.

Shi Yuting raised his eyes, but his gaze fell on Gu Yansheng's face opposite him.

Was this presidential palace going to be the only place he could meet Weiyi?

Why was he here the moment she arrived?

Looking at Gu Yansheng, Shi Yuting's face turned extremely black.

"Come eat and sleep with my wife, and do all the things that we should do!" He said to Zuo Yi, but his malicious eyes seemed to be announcing something as he kept staring at Gu Yansheng across him.

Meanwhile, Zuo Weiyi, who was sitting beside him, seemed to have smelled the strong smell of gunpowder in his tone.

At this moment, Uncle Yu brought his bowl and chopsticks up. In order to calm the unknown gunpowder in his heart, he hurriedly took the chopsticks into his hands, then picked up a shrimp ball and placed it in his bowl. "It's time to eat!"

Looking at the dishes that he had personally placed in the bowl, Shi Yuting's expression turned slightly better.

He picked up his chopsticks and placed the prawn ball into his mouth. While chewing, he did not forget to intentionally glance at Gu Yansheng, who was sitting opposite from him, as if his gaze was showing off something.

The corner of Zuo Weiyi's mouth could not help but twitch when she saw this.

However, at this moment, Gu Yansheng did not seem to be willing to be outdone. He suddenly picked up a chicken drumstick and placed it into Zuo Weiyi's bowl.

This action caused Zuo Weiyi and Shi Yuting's expressions to freeze.

Then, Shi Yuting angrily turned his gaze away and stared at the drumstick in her bowl. Then, he raised the chopsticks in his hand and suddenly picked up the drumstick and threw it directly on the table!

"My wife doesn't need your care!"

Looking at the drumstick that was thrown on the table just like that, Zuo Weiyi felt that it was a little wasteful, and his actions were too childish.

"Shi Yuting!" She said in a low voice, a little dissatisfied.

At this moment, Shi Yuting reached out and picked up another drumstick for her.

Looking at the drumstick in the bowl and seeing his childish look, Zuo Weiyi couldn't get angry even if she wanted to.

However, she still couldn't help but say to his childish behavior, "You're wasting too much!"

"It's okay. I have money!"

"... " could this be the so-called 'being rich is being willful'?"

The corner of Zuo Weiyi's mouth couldn't help but twitch again.

"Let's eat, let's eat!" Seeing the three of them going back and forth, Zuo Yi couldn't stand it any longer.

These young people didn't know how to care about an old man like him. The one who bullied him wasn't around!

After lunch, Gu Yansheng rarely came back, so Zuo Yi let him stay for the night.

After taking a shower, Shi Yuting saw that Zuo Weiyi was not in the bedroom, so he went downstairs and saw her sitting on the sofa chatting with Gu Yansheng.

"Why are you still here?"

Walking in front of the two of them, he looked at Gu Yansheng and asked in an unfriendly tone.

“Can’t I be here?” Gu Yansheng asked back.

The two men were holding onto each other. Zuo Weiyi could not help but stand up. “Shi Yuting, what’s wrong with you today?”

Why did it feel like the moment he opened his mouth, there was a strong smell of gunpowder?

### **Chapter 453: Jealousy**

Shi Yuting glanced at Gu Yansheng, then turned to the person in front of him. Then, he held her hand, turned around, and walked towards the third floor.

“It’s late, go to sleep!”

Being dragged upstairs by him like this, the only person on the left turned around and hurriedly said to Gu Yansheng, who was on the sofa, “Goodnight, you should rest early too!”

The moment she opened her mouth, the jealousy in Shi Yuting’s heart was completely overturned. He held her hand and walked even faster!

When they returned to the bedroom on the third floor, Shi Yuting’s expression was very bad. He had already reached the room and let go of her hand.

“What’s wrong with you?” She looked at his pair of black eyes and asked him in confusion.

“What do you think?” He asked back in a bad mood.

Zuo Weiyi pursed her lips and her dark beautiful eyes turned slightly. “I don’t know. I just feel that your behavior today is a little childish.”

“Childish? I have something even more childish. Do you want to try?”

Zuo Weiyi was stunned when she heard that.

Something even more childish?

“What?”

He raised his long and narrow eyes and glanced at her. Then, he reached out and pulled her in front of him, pressing her against his chest.

“It’s called the punishment of ‘love’!”

As soon as he finished speaking, he reached out and put her hand into his bathrobe. In the next second, Zuo Weiyi felt that her hand touched a familiar ‘object’!

She was shocked and wanted to pull her hand out immediately. “Don’t, I, I haven’t showered yet.”

“It’s fine, I don’t mind!”

“Don’t!”

“I want it.”

“Shi Yuting!”

“I’m here, your husband.”

” ...”

In the end, she was eaten clean by him!

...

The next day.

At seven o’clock in the morning, after having breakfast at the Presidential Palace, Shi Yuting and Zuo Yi both had to attend a congress.

When they left, seeing that Gu Yansheng did not seem to have any intention of leaving, Shi Yuting’s face could not help but darken.

If he and Zuo Yi left, wouldn’t that mean that only he and Weiyi were left in the presidential palace?

Thus.

“Let’s go.” Just as Zuo Weiyi went downstairs, she was pulled out of the door by him.

Zuo Weiyi was still a little confused, “Where are we going?”

“We’ll know once we get there.”

Just like that, Zuo Weiyi was brought to the Great Hall of the People for the first time.

When they got out of the car, they saw the magnificent buildings in front of them. They were solemn and majestic, showing off the prosperity and success of this country.

She turned around and looked at the man beside her with some confusion. “Why did you bring me here?”

“To take a look.”

” ... ” The man frowned. Take a look?

“Let’s go!” He pulled her along and walked into the magnificent entrance.

Upon entering the Grand Hall, Zuo Weiyi was completely shocked by the luxurious decorations inside. The magnificent Grand Hall was so beautiful that she immediately felt out of place as soon as she entered!

“Bring her to the lounge.”

Zuo Weiyi was looking around the magnificent hall. When she heard Shi Yuting’s voice, she suddenly looked away and saw Xiangyi appear here.

When Xiangyi saw Zuo Weiyi, he could not help but be a little surprised. Mr. Shi actually brought his wife to the Great Hall?

“Yes.” He nodded respectfully.

Then, Shi Yuting turned around and looked at the person in front of him. "If you're bored, you can walk around nearby. But, you're absolutely not allowed to go too far. Wait for me to come out."

Looking at his exquisite face, Zuo Weiyi was a little lost.

She did not know why he had brought her here all of a sudden and left her alone in the lounge.

#### **Chapter 454: Meeting Tengtang Xi**

But even though she was thinking about it, she still nodded obediently, "Alright."

After Shi Yuting left, Xiang Yi brought her to a lounge. Not long after, Xiang Yi left as well.

An hour passed, but Shi Yuting did not return. She was getting a little bored.

She raised her hand and looked at the time. It was ten o'clock in the morning.

She remembered that Shi Yuting had said that if she was bored, she could take a stroll around this area. At the thought of this, she decided to walk out of the meeting room.

She had just opened the door to the lounge when she saw a figure walk past her.

Seeing that the door beside her had been opened, Tengtang Xi could not help but stop in her tracks. She turned around and was a little surprised to see the figure at the door.

Seeing Tengtang Xi here, Zuo Weiyi was also very surprised.

However, the moment she saw her, Zuo Weiyi's face was instantly filled with anger.

When she thought about how Tengtang Xi had released those photos to the public, her hands that hung by her sides couldn't help but clench tightly!

At this moment, Tengtang Li walked over from another door. The moment he saw Zuo Weiyi, he was also a little surprised. Then, he looked at his granddaughter. Fortunately, he came in time. Otherwise, he didn't know what would happen.

This was the Great Hall. If something happened here, it would be bad!

"Xi-er, let's go!" He pulled her toward the door. The reason he was here today was to deal with some last minute matters.

After being forcefully pulled away, Tengtang Xi's eyes were filled with anger. However, she kept staring at Zuo Weiyi until she turned the corner and was completely out of sight. Only then did she turn around.

"Xi-er, let's stay at home from now on, okay?" Looking at her expressionless face, Tengtang Li knew very well that hidden underneath that mask was hatred towards Zuo Weiyi!

However, Tengtang Xi completely turned a deaf ear to his words.

Even when they got into the black car, she only turned her gaze outside the car window and did not say anything.

When Tengtang Li saw her like this, his heart was full of worry, but he couldn't do anything. The only thing he could do was to look out for and stay with her, hoping that time would wear away the jealousy and resentment in her heart.

Looking in the direction of where the grandfather and granddaughter just left, Zuo Weiyi finally walked out after awhile, and decided to take a stroll around the area.

Snowflakes gradually fell from the sky. She walked leisurely on the street and looked at the snowflakes falling one after another.

The New Year was coming soon, and the warm images of her and her mother at home during the New Year flashed through her mind.

Thinking about it, she could not help but want to return to country Z.

"Weiyi?"

She looked up at the snowflakes in the sky, immersed in her own thoughts when a familiar voice suddenly came from behind her.

She turned her head when she heard the voice and indeed saw Shen Lanzhi standing with Shi Le standing next to her.

"It's really you. Why are you standing here alone?" Shen Lanzhi walked over with Shi Le.

Ever since she fell ill last time, Shi Le had left all the affairs of the country to Shi Yuting while he stayed at home to recuperate.

Seeing Shen Lanzhi walking over, Zuo Weiyi subconsciously said, "Auntie..."

Shen Lanzhi was taken aback for a moment, but then couldn't help but laugh.

"Why are you still calling me Auntie?"

Zuo Weiyi finally came out from a daze.

Last time, even Shi Le asked her to call him grandfather. In other words, although Tengtang Xi had ruined the wedding, Shi Le and Shen Lanzhi had already admitted that she was Shi Yuting's wife.

#### **Chapter 455: Choosing a Gift**

After thinking about it, Zuo Weiyi couldn't help but smile in embarrassment.

Then, she raised her head to look at Shen Lanzhi and Shi Le, and said embarrassedly, "Mother, grandfather, why are you here?"

Hearing her call her 'mother', Shen Lanzhi smiled in satisfaction and said, "It's almost the New Year. Your grandfather has come to prepare a gift for each of you."

Hearing that, Zuo Weiyi could not help but be stunned.

Prepare a gift?

Her gaze fell on Shi Le's face.

Upon meeting her gaze, Shi Le actually felt a little embarrassed for the first time. He raised his hand and coughed lightly. "AHEM! If you have nothing else to do, come along."

As he said that, he turned around and walked straight into a famous clothing and hat shop.

Shen Lanzhi turned around and looked at Zuo Weiyi. She walked over and held her hand affectionately. "Let's go."

Zuo Weiyi could not help but lower her head when she held Shen Lanzhi's hand. She looked at her mother's warm hands.

In this cold winter, her heart was exceptionally warm.

"Oh right, how did you come here?"

This place was very far from the presidential villa, and Shen Lanzhi could not help but feel a little surprised that she was here alone.

"Shi Yuting seemed to have gone to a meeting, so I came here to take a look around," she explained. Suddenly, she seemed to have thought of something. "Oh right, why didn't Nuannuan come?"

"She said that she had something to do, so she didn't come with us. Recently, this girl seems to have changed." Shen Lanzhi smiled, but she could not help but lower her head and ponder.

Ever since the last time she came back, Nuannuan seemed to have changed as a person, but Shen Lanzhi couldn't tell exactly what had changed.

Hearing Shen Lanzhi's words, Zuo Weiyi couldn't help but smile slightly.

Sure enough, women in love were different.

The mother-in-law and daughter-in-law were chatting, and when they looked up, they saw Shi Le picking out a man's tie.

"Every year, your grandfather will prepare gifts for the siblings. This year, there will definitely be one for you."

Shen Lanzhi smiled and pulled her in the direction of Shi Le.

"What do you think of this color?" Shi Le chose, but he couldn't make up his mind on the color.

When she came back to her senses, Zuo Weiyi started to realize that the shop was terrifyingly big. Every piece of clothing, scarf, hat, tie, etc in the shop were all expensive, and they were all European and American styles.

When her eyes inadvertently looked at the tie that Shi Le was looking, she saw surprised to see that it was actually priced at 68,000 yuan!

68,000 yuan for a tie?!

Zuo Weiyi could not help but swallow her saliva. As expected, rich people chose gifts of completely different grades.

Moreover, this tie should have been chosen for Shi Yuting, right?

When she arrived at the Shi family's house, she realized that Shi Yuting's cloakroom in Country Z's Shiyuan was nothing compared to the mansion!

His ties had already filled several counters. Did he still want to buy another now?

Seeing this, Shen Lanzhi could not help but open her mouth.

Usually, she would not open her mouth to refute whatever Shi Le wanted to do. However, today she could not help but ask, "Dad, are you going to give a tie to Yuting again?"

All these years, almost all the gifts he had given Shi Yuting were ties.

Hearing this, Shi Le could not help but turn his gaze to Shen Lanzhi. "Is a necktie bad?"

In his opinion, neckties complete a man.

Shakespeare once said that a person's clothes and dressing were the best symbol of his upbringing, taste and wealth.

#### **Chapter 456: He Does Have a lot of Ties.**

There was a saying that a woman's wardrobe was always short of a piece of clothing, while a man's wardrobe was always short of a tie.

So every year, Shi Le would give his grandson a tie and his granddaughter a piece of clothing.

Shen Lanzhi looked at him and didn't say anything. Then, she lowered her eyes.

A good tie was fine, but there were too many of them..

"Weiyi, which color do you think is good?" Seeing that Shen Lanzhi didn't give any opinion, Shi Le couldn't help but turn to Zuo Weiyi for her opinion.

Seeing the purple-red tie in his hand, Zuo Weiyi didn't have any thoughts.

Shi Yuting's tie collection was indeed a little too big.

She looked around at the other items in the shop.

There were quite a lot of things here. Apart from the ties, there were actually many other gifts to choose from.

Her gaze suddenly fell on a gray woolen scarf. Then, she turned her head and looked at Shi Le.

"Grandfather, gifting him another tie is indeed too much. Why don't we change it to another gift?"

Hearing this, Shi Le frowned slightly. "Change to what?"

Zuo WeiYi smiled and walked towards the scarf rack, taking down the gray scarf that was not particularly eye-catching.

"I think this is pretty good."

Looking at the scarf in her hand, Shi Le and Shen Lanzhi could not help but be slightly surprised.

Was it appropriate to give a scarf to Yuting?

But ever since he was young, he had never worn a scarf. Was it appropriate?

Thinking of this, Shen Lanzhi could not help but walk over. "Weiyi, Yuting never seems to wear this kind of thing. Is it appropriate to give this to him?"

Compared to the scarf, it seemed that her son wore ties most of the time.

Zuo Weiyi looked down. Compared to a suit and tie, this scarf might not be of much use, but she remembered that Shi Yuting, without his suit, looked very handsome in casual clothes, perhaps he would need this scarf someday in the future?

However, when she saw the expressions on Shi Li and Shen Lanzhi's faces, she suddenly lowered her eyes again.

After all, Shi Le was the one who wanted to give him a gift. It didn't seem appropriate for her to make the decision.

After some thought, she put down the scarf.

She smiled and said, "That's true."

Then, she walked up to Shi Le and chose a black tie. "This one."

Looking at what she chose, Shi Le seemed to be very satisfied. "Not bad, pick another one."

Hearing this, Zuo Weiyi couldn't help but pause.

"You still want to pick another?"

"Yes, choose another one for Tiannan as well. "

In Shi Le's heart, Shi Tiannan may not be related to him by blood, but he has never been stingy with his grandson in terms of material things.

However, Shi Tiannan never felt similarly.

He always thought that Shi Le only gave the best to Shi Yuting, while he only got Shi Yuting's leftovers. In his heart, this was the difference between being the biological and adopted son.

When she heard the name Shi Tiannan, Zuo Weiyi naturally did not have a good impression of him.

Perhaps Shi Le still did not know that his non-biological grandson was constantly wanting to take his biological grandson's life.

"Grandfather, have you ever thought that Shi Tiannan... might not be worthy of you treating him like this?"

Perhaps these words were not suitable for her to say, but when she thought about how Shi Tiannan was constantly wanting to take Shi Yuting's life, she could not hold it in.

However, when he heard her sudden words, he could not help but feel a little taken aback.

He was not used to anyone saying bad things about Tiannan in front of him.

Although outsiders also thought that the relationship between the two brothers was not very harmonious, her words today made him feel a little surprised.

### **Chapter 457: What do You Mean by That?**

What do you mean, he doesn't deserve to be treated like this?

Although he didn't have a good relationship with Yuting, Tiannan still respected him as a grandfather.

Moreover, he was the one who handled the many of their business dealings. Over the years, their business grew daily. Shi Le didn't feel that there was anything bad about Tiannan that was worth mentioning.

"What do you mean by that?" His tone was calm. He did not mean to question her. Instead, he wanted to know why she would suddenly say this.

Shi Le had always been serious. In that moment, the rhetorical question lingered in Zuo Weiyi's ears. Yet, it seemed like he was blaming her for making the comment about Shi Tiannan. After thinking for a while, she pursed her lips and said, "No, I just feel that he..."

"Is it because he said those words that you don't have a good impression of him?" Shi Le interrupted her. He recalled last time Shi Tiannan had said that he liked Weiyi in front of so many people.

In addition, he had imprisoned her that time, so her impression of him was not great.

Thinking of this, Shi Le could not help but speak again. He picked the same tie as Shi Yuting's, but in a different color.

"Since you can say that, you must know that he is not related to our Shi family by blood, right? Although that child is not my son's biological son, he has always been well-behaved in this family and has never done anything out of line. Moreover, he is very capable and has always respected me."

Hearing this, Zuo Weiyi fell silent.

If he knew that Shi Tiannan was the one who attacked Shi Yuting in Country Z, would he still say that?

And that time, he had handed this matter over to Shi Tiannan, the real mastermind behind the scenes, to investigate. This undoubtedly gave him a good opportunity to destroy all the evidence.

She also did not understand why Shi Yuting, who had obviously known that the culprit was Shi Tiannan, was not willing to expose his true colors in front of their grandfather. Was it not the right time? Or did he have other plans?

After some thought, Zuo Weiyi didn't say anything else.

While she was deep in thought, Shi Le had already chosen all four gifts.

Looking at the time, it was already noon.

The three of them came out of the shop. Shi Le turned to Zuo Weiyi. "Let's go back."

As Zuo Weiyi raised her head, her phone buzzed.

She took it out and realized that it was a text message from Shi Yuting. 'Let's have lunch together. I still have ten minutes before the meeting ends.'

When she saw the text message, Zuo Weiyi raised her head and saw Shen Lanzhi helping Shi Le into a Bentley not far away.

"Grandfather, mother, I-"

Shi Le and Shen Lanzhi had already reached the car. When they heard her voice, they turned their heads and looked at her in confusion.

"I'll have lunch with Shi Yuting at noon, so I won't be going back with you two," she smiled as she told them.

"Alright, be careful," Shen Lanzhi replied with a smile. Then, she helped Shi Le into the back seat.

As the car started, Shen Lanzhi didn't forget to roll down the window. She waved at Zuo Weiyi, who was standing by the side of the road.

Zuo Weiyi didn't turn around until the car was far away and nowhere to be seen. Then, she walked towards the City Hall.

She had only taken a few steps when she seemed to have remembered something. She suddenly stopped and turned around to look at the gift shop.

Returning to where she was standing, she picked up the gray scarf again. After thinking for a while, she decided to buy it.

#### **Chapter 458: The 30,000 Yuan Scarf She Couldn't Afford**

However, when she saw the price on it, her expression froze.

The scarf costs 32,000 yuan. What kind of store is this..

"Miss, is this for your boyfriend? Your taste is really good. This is the last one." Seeing that she had entered the store twice, the store assistant seemed to have taken a liking to her. If she didn't want to buy it, she definitely wouldn't come back again.

Turning to the store assistant who came over suddenly, Zuo Weiyi smiled awkwardly.

Perhaps a scarf of thirty-two thousand yuan could match Shi Yuting, but she... did not have that much money.

Her grandfather and Shen Lanzhi had given her quite a number of cards one day and though she did not know how much money was inside, she could definitely afford the scarf.

However..

This was her first gift to Shi Yuting. She wanted to use her own money.

But, how could her own money even amount to 30,000 yuan.

After thinking for a while, Zuo Weiyi reluctantly put the scarf down and turned around to leave the shop.

Noticing that she chose to leave after seeing the price, the store assistant did not ask her to stay any longer. Perhaps it was because she could not afford it.

But, the two people earlier came in a Bentley limousine, and this young lady called those two grandpa and mother just now. They should be rich people. How could they not be able to afford a scarf that costs 30,000 yuan? They had just bought a tie that cost 60,000 yuan.

Looking at her fading figure at the entrance of the shop, the store assistant was puzzled.

Outside, the snowflakes were getting bigger and bigger. Weiyi was walking down the busy street in a gloomy mood. The snowflakes were falling on her head and her gray coat.

On her way back to the City Hall, she used a pedestrian crossing and looked at the shops on both sides of the street while admiring the snowflakes falling from the sky.

Suddenly, a familiar shadow came into her sight.

Through the glass window, she saw the exact same gray scarf.

She stopped, thought for a moment, and walked into the store.

When she got closer, she found that the scarf was a little rougher than the one in the shop just now, but the color and style were exactly the same.

She picked up the tag and looked at the price. It was only 98 yuan?!

Looking at the price, Zuo Weiyi was a little surprised. How... how could there be such a big difference?

At this moment, the store assistant walked over and smiled. "Miss, do you like it?"

Zuo Weiyi turned her head and looked at the store assistant. "This..."

As if seeing her confusion, the waiter couldn't help but smile. "Our shop is full of replicas. If you look carefully, the quality might be a little rough, but the price is definitely affordable!"

Hearing the shop assistant's words, Zuo Weiyi came to a realization.

So, it was a replica.

However, the price was indeed quite affordable. Moreover, from afar, it's quite impossible to tell that it was a replica.

Thinking of this, Zuo Weiyi decided to buy it.

After paying, she carried the paper bag and walked toward the city hall.

Ten minutes had already passed since Shi Yuting texted her, but Zuo Weiyi seemed to have forgotten about this matter.

Shi Yuting came to the lounge, but found that she was not there.

Just as she walked out of the shop, her phone rang.

She took out her phone and saw the caller ID on it. Only then did she realize that she had forgotten about the meal!

“Hello, I-I’LL BE THERE SOON!”

She quickened her pace as she spoke.

On the phone, Shi Yuting could clearly hear her anxious and slightly flustered tone and couldn’t help asking, “Where are you?”

### **Chapter 459: I Want to Eat Big Wantons!**

“I’m here...” Zuo Weiyi raised her head and looked at her surroundings. This was her first time here, so she didn’t know where she was, so she just said, “I’m on a pedestrian street.”

Pedestrian street?

Shi Yuting frowned slightly and walked out of the lounge. “There’s no need to come here. I’ll go over.”

As soon as he finished speaking, he hung up the phone.

Upon hearing his words, Zuo Weiyi suddenly stopped in her tracks and stared blankly at her phone that just hung up on her.

She waited a while before the phone rang again.

“Where are you?” The familiar voice sounded from the other end of the phone once more.

Zuo Weiyi looked at her surroundings. “I’m at a...”

Her gaze stopped at the signboard of a lingerie shop in front of her. She paused, and an awkward expression appeared on her face.

“A what?”

“Ch-Charmed...”

Shi Yuting held the phone in his hand. When he heard the name she mentioned, he frowned.

Charmed?

It sounded like a bar, nightclub, or something along those lines.

But there didn’t seem to be such a nightclub on this pedestrian street.

“What kind of shop is that?” he asked, a little puzzled.

The corner of Zuo Weiyi mouth twitched. “It’s- it’s a... lingerie shop...”

“...”

Even though she was stuttering, Shi Yuting could still hear her words clearly, and his facial expression stiffened.

He turned a corner, and as expected, he saw the word 'Charmed' written on a pink signboard. His gaze followed the signboard down and saw a tall and slender figure standing there.

"I see you."

As soon as he finished speaking, he hung up.

Zuo Weiyi looked up and saw the familiar figure slowly walking towards her.

That tall and perfect figure stood amidst the dancing snowflakes in the sky. It was like a beautiful scene that could not be described with words, causing the corners of one's mouth to curl up naturally.

He looked at her head full of snowflakes, even her body was already snow-white.

He furrowed his brows and raised his hand to brush the snowflakes off her head. "Don't you know how to use an umbrella?"

Zuo Weiyi froze for a moment before saying, "I didn't bring an umbrella."

"Buy it."

"..." Could she say that she had forgotten?

Plus, when she raised her head and looked at him, he also had the same head of snowflakes. If she asked him to buy an umbrella, wouldn't he say the same?

"Come here, quickly!" After brushing away the snow on her head, Shi Yuting pulled her towards the street with stores on either side.

It was already 12:30pm.

Shi Yuting was already hungry.

"What do you want to eat?"

The two of them held hands while strolling along the street. Just the sight of their backs was enough to make the pedestrians envious.

"I'm fine with anything."

"Don't you want to eat anything?" Shi Yuting stopped and looked at her seriously.

Ever since they were together, no matter what, she liked to say 'anything is fine' or 'anything you want'. But did she really not have anything she wanted to eat?

That just won't do for him[1].

Looking at his jade-like black eyes and handsome face carved like jade, Zuo Weiyi lowered her eyes as if she was deep in thought.

She actually had something she wanted to eat, but after her mother passed away, she did not seem to care about the food anymore.

So every time he asked her what she wanted to eat, she didn't have a preference. She was not [2]picky about food anyway.

She thought for a few seconds, then raised her head and looked at the man in front of her. "I want to big wantons[3]!"

Hearing this, Shi Yuting's eyebrows knitted together.

Big wantons[1]?

"Let's go. I think I saw a wanton restaurant just now. The atmosphere there is not bad." As he spoke, she took the initiative to hold his hand and walked towards a wanton restaurant that they had passed while strolling.

When they arrived in front of this wanton restaurant, the atmosphere was indeed quite good, except... there were no private rooms.

"Two portions of big wantons with preserved egg, and lean meat filling!" Seeing a waiter coming over, Zuo Weiyi ordered two portions with a smile.

As soon as the two of them sat down, they immediately attracted the attention of many customers who were eating, especially some women.

"Wow, that man over there is so handsome..."

"Isn't that... Shi Yuting, the next president...?"

"You must be mistaken. How could Mr. Shi come to such a place to eat wantons?" Some people who had never seen Shi Yuting face-to-face just felt that a person with a noble status like him would not come to such a small place to eat.

After all, the restaurants he goes to should have few Michelin stars or be owned by a foreign company, right?

Though the atmosphere here was not bad, there was not even a private room!

"But it really looks like him. Although I haven't seen him with my own eyes, only on TV..."

"Then you must have seen it wrong!"

The two girls whispering to each other were not far away, so Zuo Weiyi could still hear them very clearly.

Perhaps a person like Shi Yuting would really not come to such a place to eat?

But such a place was a luxury for her and her mother's in the past.

While waiting, Shi Yuting's gaze fell on the paper bag beside her and asked casually, "What did you buy?"

Looking at his gaze, Zuo Weiyi finally remembered the scarf she just bought.

She brought the paper bag to the table and pursed her pink lips. She looked at the man in front of her and said, "I...bought you a New Year's gift."

For a moment, Shi Yuting's heart skipped a beat after hearing her words.

A New Year's gift?

He had received gifts almost every day since he was young. They were all sent by some women who admired or were infatuated with him. However, in the end, he was so annoyed that he asked Xiang Yi to get rid of all those gifts! They were not allowed to appear in front of him again.

However, when he heard her say that she had bought him a New Year's gift today, his heart was obviously swayed. He had never felt so happy before.

He reached out and was about to take the New Year's gift.

However, Zuo Weiyi refused to let go. Instead, she looked at him a little nervously. "You... won't mind it, right?"

If she did not give him a scarf that cost 98 yuan, she reckoned that he would never have any interaction with such a street vendor for the rest of his life, right?

Hearing her words and seeing the expression on her face, Shi Yuting frowned slightly. "Why should I dislike it?"

God knows, how happy he was right now!

However, he restrained the excitement in his heart.

In the past 28 years, he had never been this eager to know what the present before him was.

In the past, his grandfather would give him a New Year's gift, but every time, it was a tie.

So in his cloakroom, there were already several drawers of ties!

In the end, he didn't even need to open the New Year's gifts his grandfather gave him. He already knew what was inside.

Hearing his answer, Zuo Weiyi let go of the paper bag and pushed the gift to him.

When he opened the gift and saw the familiar brand, he was slightly startled at first. Then, he raised his head and looked at the person opposite him. "You bought this?"

This was an internationally famous brand, and it was handmade. A scarf that costs tens of thousands of yuan.
