

Kiss Me 551

Chapter 551: If You Continue Talking, I'm Gonna Have to Ask You to Leave

Zuo Weiyi did not raise her head, but under the sunglasses, her clear eyes looked a little guilty. "It's nothing."

Gu Yansheng's frown deepened.

It made sense if she was wearing the sunglasses due to the sun outside. But now that they were indoors, there shouldn't be a need for her to wear it anymore.

A possibility suddenly flashed through Gu Yansheng's mind.

He walked over and took the sunglasses off her face, catching her off guard.

Zuo Weiyi raised her head and was about to snatch the sunglasses back from him. "What are you doing? Give it back to me now!"

When he took off the sunglasses, Gu Yansheng immediately noticed that her eyes were slightly red and swollen. He frowned again.

He raised the sunglasses higher in his hand. He wanted to make her stand up.

As expected, in order to get her sunglasses back, Zuo Weiyi stood up and grabbed his arm in an attempt to get the sunglasses back.

"Yansheng, give it back to me!"

"Did he go home last night?"

If Shi Yuting had not done something to her and just went back, her eyes would not be swollen like this. It was obvious that she had cried the whole night.

The words he blurted out made her stop reaching for the sunglasses.

She simply turned around and ignored the sunglasses. She sat down and continued to massage Shen Lanzhi.

Gu Yansheng looked at her and only spoke after a long while. His black eyes flashed with heartache for her. "Weiyi, why don't you just come back to Country Z with me?"

Zuo Weiyi stopped her mid-massage when she heard that. After half a second, she continued, "I already told you, I won't leave until my mother wakes up."

"But she'll always be like that."

"Yansheng, if you keep on like this, I'll have to ask you to leave." She made herself clear calmly.

Gu Yansheng looked at her and did not speak. Instead, he chose to sit on the side and quietly watched her give Shen Lanzhi a massage.

He looked at the time. It was already eleven in the morning.

“I’m going to the bathroom.” Since there were two women in this ward, Gu Yansheng couldn’t use the one in the room, so he got up and went to the public bathroom outside.

After the door was closed, Zuo Weiyi turned her head and looked at Shen Lanzhi on the bed. She pursed her lips and chatted with her as usual.

“Mother... I’m going to give the baby a checkup in the afternoon. Recently, I’ve been throwing up a lot. I don’t know if he’s causing trouble in my stomach,” she said calmly while pressing on Shen Lanzhi’s hand. Her face looked slightly haggard, but there was no reaction otherwise.

“Who do you think he’ll look like after he’s born? Will he look more like me, or will he look more like-?”

The words ‘Shi Yuting’ were stuck in her throat. She went pale and only managed to force out a faint smile after a long while.

“I’m really looking forward to his appearance when he’s born. When will you wake up, to hold him and let him call you ‘grandma’...”

“You’re also looking forward to the birth of this baby, right?” She vaguely remembered that on the day before the New Year, Shen Lanzhi noticed that she did not look well and thought that she was pregnant.

At that time, she did not remember when she was last on her period, so she answered that she was not pregnant. And she clearly saw the disappointment in Shen Lanzhi’s eyes after she heard her answer. It was obvious, she had hoped that she could get pregnant as soon as possible.

Then, this happened, as if the joy came a little too quickly.

The door of the ward opened again. Zuo Weiyi knew that Gu Yansheng had returned, so she did not speak anymore.

Chapter 552: I’ll Drive There Myself

As usual, she left around twelve o’clock because Nuannuan would be coming after lunch.

“Let’s have lunch together.”

Gu Yansheng suddenly said after they got out of the elevator.

Zuo Weiyi had no reason to refuse, so she agreed.

Anyway, the maids would definitely force her to eat when she got home. She might as well eat with Gu Yansheng. At least she would feel more comfortable.

“Okay.” She nodded.

“Ride with me?” He asked.

She pursed her lips. “No, I’ll drive there myself.”

As she said that, she had already turned around and walked towards the parking lot.

Gu Yansheng knew that even if she was badly hurt by Shi Yuting, he would never be able to get into her heart.

Gu Yansheng turned around and walked towards his car after seeing her get into hers.

The two of them went into the city and found a local specialty restaurant. One look at the decor of the restaurant and one could tell how high-class it was.

Zuo Weiyi paused for a moment as she reached the door to the place.

They were just going to eat so it shouldn't matter where they ate. Weiyi continued to walk through the door.

"President Gu, you're here."

Just as the two of them walked in, a waiter immediately came to greet them.

Gu Yansheng nodded at him. The waiter then led the two of them to a private room on the second floor.

"Your private room has been arranged on the second floor."

Zuo Weiyi was surprised by the waiter's statement.

Gu Yansheng had already booked a private room?

With the waiter leading them, the two arrived at an elegant private room on the second floor.

"What do you want to eat?" After sitting down, Gu Yansheng handed the menu to her.

Recently, she hadn't much of an appetite. Moreover, she would throw up if she ate too much, so she didn't want to eat anything too greasy.

As she flipped through the menu, a not-so-appetizing dish suddenly caught Zuo Weiyi's attention.

This dish might be cheap and not look appetizing to others. But to her, it attracted her like a magnet.

Why did she find this simple dish of stir-fried minced pork and pickled green beans very appetizing?

"I'll have this," she pointed at the menu and said to the waiter standing beside her.

Following the direction she pointed, the waiter looked over. When he saw what she was pointing to, he was surprised.

Very few customers would order this dish. But because their boss liked this dish, it was placed on the menu. But he only ordered it a few times a month.

The waiter smiled and noted the dish from the menu.

"Let's order this again." She ordered another dish: stir-fried hot and sour shredded potato.

The waiter was surprised again.

Since she was a guest of President Gu, her status should be quite high. Why did she order such ordinary dishes?

"Okay." Although he was puzzled, the restaurant waiters had been trained well. He noted the dish with a smile.

"I'm done ordering." She returned the menu to Gu Yansheng.

The waiter went to Gu Yansheng's side.

After he took the menu, he decided to look over. He wanted to know what she had ordered so that he knew what to order.

When he saw the dishes that she ordered, he was surprised as well.

He looked at her beautiful face. Suddenly, Gu Yansheng seemed to have remembered something. He smiled and continued to order two special dishes.

"That's it." He closed the menu, pursed his thin lips, and handed it back to the waiter.

Chapter 553: Are You...Pregnant?

"Alright, please wait a moment."

The waiter took the menu and left the private room.

While waiting for the meal, Gu Yansheng looked at the person opposite him.

"Weiyi."

Zuo Weiyi was drinking the tea the waiter had poured for her. When she heard his voice, she looked up at him. "Hmm?"

"Are you...pregnant?"

His words made Zuo Weiyi's expression suddenly freeze.

She stared at him for a long time before she spoke, "How do you know?"

Gu Yansheng was a little anxious and his brows suddenly knitted together. "Are you really pregnant?"

She lowered her head and did not reply.

"Why didn't you tell us? Does Grandpa Zuo not know?" He did not understand why she had to hide such a big thing like being pregnant.

Zuo Weiyi shook her head, indicating that she didn't tell Zuo Yi about the pregnancy.

"Weiyi, you-" just as Gu Yansheng was about to speak, the door of the private room opened and the waiter entered to serve the dishes.

Zuo Weiyi picked up her chopsticks on her own now that the dishes had been served.

"Let's eat," she said. Her meaning was clear: she didn't want to talk about it anymore.

However, Gu Yansheng did not want to comply this time.

After all, being pregnant was such a big deal. With her current condition, it would be strange if she was not at risk.

"You have to go back to Grandpa Zuo."

“There’s no need for that.”

“You’ve already lost your first child. Do you want to lose your second-”

“I won’t let this child leave me again. I will definitely protect him!” Zuo Weiyi did not wait for Gu Yansheng to finish his sentence and spoke directly.

She would never lose this child again!

She looked at him determinedly.

Gu Yansheng looked at her, but his heart ached. “Do you think you can still protect him in your current state?”

“Yes! I will protect this child and wait for Mother to wake up.”

Her stubbornness made him speechless and helpless.

“If you really want my child and I to be fine, then don’t tell Grandpa about this.”

“Why?”

“I don’t want him to worry.”

He was already very worried about her being like this. If he knew that she was pregnant, he would definitely force her to go back to the presidential villa.

“Weiyi!”

“Don’t say anymore. I want to enjoy my meal,” she said calmly as she picked up her chopsticks and reached the food.

She hadn’t eaten properly for a few days. She didn’t know whether it was because the food at this restaurant was good or it was the sour beans that was good, but the more she ate, the more her appetite increased. She didn’t even feel disgusted at all.

Seeing how she ate with relish, Gu Yansheng’s thoughts instantly diverted.

His mom said that most pregnant women would have no appetite and would throw up as soon as they ate, but Weiyi seemed to have appetite today.

Gu Yansheng unconsciously picked up his chopsticks and started eating too.

However, he didn’t like the sour beans very much.

He finished his lunch calmly.

Gu Yansheng paid the bill and the two of them left the restaurant together.

“Are you sure you don’t want to tell Grandpa Zuo?” Gu Yansheng asked as they walked to the entrance of the restaurant.

“Yes.” Zuo Weiyi lowered her eyes and replied softly before looking up at the entrance of the restaurant.

She suddenly froze.

Gu Yansheng was still walking when he noticed that she had stopped in her tracks. He turned around and frowned in surprise. "What's wrong?"

Chapter 554: Another Way to Say Goodbye

Zuo Weiyi did not say a word. She stared at the entrance.

Gu Yansheng turned his head in confusion and looked in the direction she was looking. He saw Shi Yuting standing not far away, chatting with a woman.

Shi Yuting's back was facing them so they could not see his face.

However, how could Zuo Weiyi not recognize that familiar back?

"I like the special dishes of C Country very much. I hope to eat them again next time."

The woman looked at Shi Yuting with a smile. If such a perfect man like him was not fazed, it would be a lie.

However, she clearly knew that this young president of C Country was married. In fact, his wife was a very beautiful woman.

The woman felt disappointed at the thought of it.

Such a shame that they had not met earlier. Perhaps it was best to express her feelings at this moment.

Shi Yuting's looked at the woman in front of him with a calm and expressionless face.

"Of course, the next time Miss Manli comes over, I will definitely invite you to have a meal again."

"It'll have to be this place again!"

"Of course."

The woman smiled. She noticed that his hand was wrapped in gauze. "Is your hand alright?"

"It's fine."

"Alright then. Goodbye." The woman smiled. Although she was a little reluctant to part with him, she knew that he already had a wife, so they could only be friends.

"Have a safe trip."

Shi Yuting had been calm and expressionless the entire time, as if to set a certain barrier between them.

Looking at his exquisitely beautiful face that had captured the hearts of thousands of women, the woman named Manli still could not resist. She suddenly leaned over, stood on her tiptoes, and gently planted a kiss on his handsome face.

Shi Yuting was immediately stunned and instinctively wanted to push her away. But Manli was very quick about it, afraid that he would reject her. Then, she would be the one who would be embarrassed.

However, she would regret it if she did not say goodbye in such a manner to such a top-notch man.

She did not know when she would come to C Country again, so she definitely would not leave with regret.

“This is how we from A Country say goodbye. You don’t mind, do you?”

Shi Yuting’s eyes were cold as he looked at her.

The smart Manli noticed his discomfort, so she quickly turned around. “Goodbye then.”

She entered a VIP car and left.

As he watched the car slowly disappeared into the distance, Shi Yuting finally looked away. He was extremely disgusted by the way she had said goodbye just now.

As he turned around, he caught a glimpse of Xiany who was standing next to him. Without thinking, he pulled out the square handkerchief from his chest pocket and wiped it on the spot on his cheek that had just been kissed!

Xiangyi broke out in a cold sweat as he watched.

It was a relief that the young madam was not here. If there was any misunderstanding, even jumping into the Yellow River would not wash away the gui-

Xiangyi stood as stiff as a brick when he suddenly caught a glimpse of Zuo Weiyi standing at the entrance of the restaurant. He was shocked.

Shi Yuting was about to throw the handkerchief to him when he saw that he was staring elsewhere in a daze. He could not help but look over.

When he saw the person standing not far away, his entire body froze too.

The moment he saw that woman kissing him, Zuo Weiyi felt as if a sharp knife had cut out a huge hole in her heart. It was so painful that she could not breathe.

She slowly raised her hand and tightly grabbed at her left chest.

So this was the feeling of being torn apart in excruciating pain..

Chapter 555: Let’s Get a Divorce

Tears poured down like a dam that had been broken.

She was a little flustered and at a loss. She was hurt and felt like a joke, as if she was standing naked in front of him.

Wasn’t she the woman who rode in the same car with him yesterday, right?

Had he been staying with her during those days he did not come home?

She had clearly seen it with her own eyes, but she still did not want to believe it.

Would Shi Yuting, who loved her so deeply, really lay his hands on another woman?

Would he really do that?

Sad tears instantly blurred her vision as she looked at the man in front of her.

Shi Yuting wondered why she had to appear here at that very moment!

Looking at the tears that kept pouring out of her eyes, his heart felt a sharp pain.

He was just about to take a step forward when the person inside walked out passed him by.

He thought that she would stop and question him, but she did not. Instead, she continued walking towards her white Porsche.

Her hands tightened into fists as they hung by her sides!

He immediately turned around and grabbed her hand.

“That’s not what-”

“Let’s divorce.”

Before he could explain, he was interrupted by the words that came out of nowhere.

He frowned in shock by the words that came out of her mouth. It was unbelievable!

“What did you say?”

“Divorce.” She did not turn around. Her pale face was ashened. Her heart was already riddled with holes. It was as if she did not even have the strength to speak anymore.

The word ‘divorce’ was like a sharp sword that mercilessly pierced through his heart!

He had never thought that it would come out from her mouth. And he would never allow it!

A ball of fire suddenly rushed to his chest, burning every inch of his body. His expression turned cold, and the hand that was holding her tightened. It even hurt her.

However, at this moment, his rationality had long been messed up by the word ‘divorce’. He did not even care about her pain. He pulled her and turned around to walk towards his black Bentley!

“What are you doing? Let go!” Zuo Weiyi did not expect him to do this. She wanted to break free from his tight and painful grip.

However, Shi Yuting did not intend to let go of her at all. Instead, he quickened his pace and pulled her in the direction of the car.

“Let go, Shi Yuting!”

Gu Yansheng quickly walked over and grabbed Zuo Weiyi. He shouted at Shi Yuting, “What are you doing?!”

Shi Yuting’s cold eyes looked at Gu Yansheng. His tone was threatening and there was anger in his eyes!

“It’s not your place to interfere in our matters!”

“Didn’t you hear her tell you to let go?!”

“It’s not your place to interfere!” He raised his hand and easily shook off Gu Yansheng’s hand that was grabbing her other arm. Then, he pulled Zuo Weiyi into the Bentley.

Gu Yansheng wanted to chase after him, but was stopped by Xiangyi who came from behind him.

“President Gu, I hope that you won’t interfere with other people’s family matters.” Xiang Yi naturally stood on Shi Yuting’s side. At such a critical moment, if Gu Yansheng interfered, it would only make the situation worse—it would be disadvantageous to the president and the young madam.

Chapter 556: Ich Liebe Dich, You Told Me Yourself

So of course, he had to stop Gu Yansheng!

Since he was stopped by Xiangyi, Gu Yansheng could only watch as the Bentley left.

Zuo Weiyi was forcefully thrown onto the passenger seat.

“What’s your problem?!”

The car door was locked from the inside. She was at her wit’s end. She could only stare at the man who was driving in the driver’s seat. Her eyes were filled with incomparable heartache.

Shi Yuting ignored her. His exquisite side profile clearly exhibited anger.

“Let me out of the car!” She tried her best to open the door, but it was all in vain!

Soon, the car arrived at the mansion.

Shi Yuting got out of the car, his face burning with anger! He then walked to the passenger seat, opened the car door, and pulled Zuo Weiyi furiously out of the car before walking into the house.

“Shi Yuting!” Her heart was filled with heartache and anger, as if she was about to be torn apart!

She could not bear it any longer and flung his tightly clenched hands away!

Immediately after, she looked at him with her heartbroken eyes. Tears could not stop rolling down her cheeks.

“I have let down your mother, but don’t worry. Even if we get a divorce, I will spend the rest of my life to take care of her until she wakes up.”

Shi Yuting clenched his fists tightly, his dark eyes burning red with fury!

“Divorce? Have you forgotten what I said yesterday? I said that you will be my wife for the rest of your life. Don’t even think that you can change that!”

His words made Zuo Weiyi’s heart bleed as she looked at him with her sad eyes.

“Shi Yuting, how can you be so selfish? You kissed another woman, but you still want to control my life. What right do you have...”

Hearing this, Shi Yuting’s heart tightened.

He knew that she had misunderstood. Even though he was burning with anger, he still wanted to explain.

“There was nothing between her and I!”

“You sat in the same car; laughed and talked; you didn’t even come home for half a month; and she kissed you. You call that nothing?” She closed her eyes momentarily as tears streamed down her face and her heart tightened in pain. When she reopened her eyes, her vision was already blurred by her tears.

“Shi Yuting, can you not be so overbearing and selfish? I don’t care if you have other women. I don’t want anything from you anymore. I just want a divorce. I just want you to let me go.”

“Don’t even think about it!”

Her heart was pierced by a sharp pain.

She felt that no matter what she did, no matter what she said, she would never be able to defeat the man in front of her.

Therefore, she did not say anything more and just looked at him as if nothing could be more sorrowful than the death of her heart.

Then, she turned around and walked towards the main door.

However, the moment she turned around, her hand was suddenly grabbed by his!

She turned around and used almost all her strength to raise her hand and beat the man in front of her.

Her heart was torn and her lungs were suffocating! All her emotions and strength erupted like a volcano!

As she hammered, she screamed with all her might, “Shi Yuting! How could you do this?! I did let your mother down, but how could you do this... Ich liebe dich...” she sobbed, tears gushing out like a river.

“You told me so when we signed the marriage certificate. So how could you punish me in such a way...?” She looked up with an aching heart at the very man who had once spoiled and loved her. “Shi Yuting, my heart is in so much pain!”

Meeting those sorrowful eyes, her tears pierced Shi Yuting’s heart, suffocating him.

He pulled her into his embrace and hugged her tightly.

Chapter 557: The Young Madam Is Pregnant

She tried to push him away but he refused to let go.

“Let go! Let go of me! Let go, let go!” She struggled with all her might, not wanting to stay in his arms for even a moment.

“Miss Manli is from A Country...” He hugged her and was about to explain when he realized that the person in his arms had suddenly calmed down.

His brows knitted together when he felt that something was wrong. He looked down into his arms and saw she had suddenly lost consciousness and her eyes were closed.

In the next second, he felt her body slide down.

Nuannuan had heard the commotion and was about to go downstairs. When she got to the main door, she saw that her sister-in-law had suddenly fainted in her brother's arms.

She frowned in horror as she looked anxiously at the person who had fainted in her brother's arms. "Sister-in-law, what-what happened to her?"

"Quick, go get the doctor!" Shi yuting bent down and carried the person in his arms. He rushed into the living room and headed straight to the second floor!

Shi Nuannuan was stunned in place. It took her a moment to react, quickly walking to the coffee table and dialling for the doctor!

Ten minutes later, the doctor rushed to the ancient mansion and examined Zuo Weiyi.

After the examination, the doctor was clearly a little surprised. He turned to look at Shi Yuting.

Shi Nuannuan was standing next to him and couldn't take the suspense any longer.

"What's wrong?! Doctor Zhang, tell me!"

Although she still held a grudge against her sister-in-law regarding her mom's matter, she was still extremely anxious when she saw her faint.

Moreover, Doctor Zhang looked as if something major was wrong, making her even more anxious!

Doctor Zhang looked at Shi Nuannuan, then turned to Shi Yuting and said, "The young madam is pregnant."

His statement shocked Shi Yuting and Shi Nuannuan.

Pregnant?!

After a long while, Shi Nuannuan finally recovered from her shock. Her pitch-black eyes were as wide as copper bells as she stared blankly at Doctor Zhang.

"Doctor Zhang, did you just say that...my sister-in-law is pregnant?!"

Doctor Zhang turned to look at Shi Nuannuan and nodded. "Yes."

Shi Nuannuan was completely stunned!

Her sister-in-law was actually pregnant, but why didn't she say anything? Could it be that she didn't know about it herself?

Shi Yuting's gaze slowly turned towards the person lying on the bed. His heart felt as if it had been slashed by a sharp blade, faintly aching.

Then, his gaze turned towards Doctor Zhang.

“Why did she faint?”

Doctor Zhang glanced at the person lying on the bed, then looked at Shi Yuting with a slightly solemn expression. “I’ve just examined the young madam. She’s currently extremely malnourished, and,” the doctor paused, “I wonder if something upsetting her before she fainted? Her lost of consciousness might have been due to the combination of her affliction and malnutrition.”

“But is she and the baby OK?” Shi Nuannuan couldn’t help but ask worriedly when she heard the doctor’s diagnoses.

She looked at her sister-in-law lying on the bed, not understanding why she didn’t tell her about the pregnancy.

What if something happened to the baby? What if she couldn’t even save the second baby?

“The situation...is not looking so good.”

The doctor’s words made Shi Nuannuan and Shi Yuting look at him at the same time, and their expressions suddenly changed.

“What do you mean by not so good?” Shi Nuannuan asked nervously.

The doctor looked at her. “It may be related to the recent lack of nutrition. Her current condition is very poor. If she doesn’t rest well, she may have... a miscarriage.”

Chapter 558: Tormented by Heartache and Regret

Shi Yuting’s eyes widened when he heard the doctor.

Miscarriage?

Losing her first child had already scarred her heart. If she lost this child too, how could she bear it?

Shi Yuting’s heart felt like it had been cut by a thousand knives as he thought of the pain and agony he had caused her these past few days!

“Wh-what should we do, then? Doctor Zhang, quickly think of something. If this child is gone too, my sister-in-law will definitely die of sorrow!”

She thought back to the time when her sister-in-law had lost her first child: Zuo Weiyi spared no effort to make Tengtang Xi pay for the child’s death. If she lost this child again, Shi Nuannuan was really worried that she would not be able to bear it and do something irrational.

Seeing how nervous she was, the doctor smiled instead. “Miss, you don’t have to worry too much. As long as she rests well and lets her body recover back to a healthy state, the baby in her stomach will also follow suit.”

“Really?”

“Yes, that’s right.” The doctor turned to Shi Yuting. “In terms of nutrition, she must be well taken care of in order for her to absorb them properly. If she’s in a bad mood, eating will be pointless.”

Most importantly, she must be in a good mood.

The doctor's words reminded Shi Nuannuan: these days, her sister-in-law must be suffering a great deal of pain in her heart because of her mom.

She looked up at Zuo Weiyi's face on the bed. That originally exquisite and beautiful face now looked like a piece of white paper, without a trace of blood.

"I got it, you may leave." Shi Yuting's gaze on Zuo Weiyi never left her face as he sat next to her by the bedside.

The doctor nodded. "Yes, but I still have to come over once in a while to give Young Madam some nutritional supplements."

"Go."

The doctor nodded and turned around to leave.

As she watched the doctor leave, Shi Nuannuan turned back and saw her brother's pained side profile.

He must be suffering in his heart as well.

Shi Nuannuan silently left the room and gently closed the door.

Just as she went downstairs, she saw Xiangyi walking in through the door.

She realized that her face didn't look so good. She suddenly turned around and ran upstairs again.

Xiangyi stood in place silently as he watched her run up the stairs. He waited patiently, ready to receive Shi Yuting's orders at any time.

...

In the bedroom.

Shi Yuting sat quietly by the bed. His pair of very black eyes stared at the pale face endlessly.

Stroking the pale face, Shi Yuting felt as if his heart had been pierced by thousands of arrows.

He leaned over and planted a kiss on her forehead. A clear drop of tear flowed down from his thick eyelashes and landed on her pale, snow-white face.

She was pregnant and he had abandoned her in this cold bedroom.

"I'm sorry." He pressed his head against her forehead. His voice was hoarse as he closed his eyes. He endured the pain and regret that were eating away at him.

Half an hour later, the doctor came to the mansion again and gave Zuo Weiyi a nutritional supplement.

Zuo Weiyi only woke up in the evening.

"Sister-in-law..."

Seeing that she woken up, Shi Nuannuan stood up from the sofa. There was both joy and worry on her face.

Zuo Weiyi was a little surprised to see her.

Chapter 559: You Are Pregnant with My Child

Her bright black eyes shifted as she recalled what had happened earlier.

Was she unconscious?

She raised her head again and looked at the smile on Nuannuan's face. This was the first time she had smiled at her in the past twenty days. Zuo Weiyi could not help but feel a little surprised.

"You..."

Seeing the surprise on her face, Shi Nuannuan realized why and lowered her eyes sadly. She said, "I'm sorry, sister-in-law. I...I shouldn't have blamed you."

Her words surprised Zuo Weiyi even more.

"I know you don't want my mommy to become like this, but I blamed you for everything. I thought it was your fault that my mommy became like this."

After looking at her for a long time, Zuo Weiyi said, "Why do you say that all of a sudden?"

Shi Nuannuan looked up at her and her gaze fell on her left hand.

Following her gaze, Zuo Weiyi noticed that there were a few bandages on the back of her hand. It was obvious that she had just finished the infusion.

Could it be...

She turned her head and looked at Shi Nuannuan.

Shi Nuannuan also asked, "Sister-in-law, why didn't you tell us that you were pregnant?"

Zuo Weiyi glanced at her and then turned looked away, not answering her question.

She didn't even want to talk to her. How could she tell her that she was pregnant? How could she say it out loud?

"Sister-in-law, I...I'm sorry."

Zuo Weiyi turned back to look at her. Her tone was very calm. "You didn't let me down. If it were me, I would have done the same."

She could completely understand Nuannuan's pain and had never held any resentment towards her.

The door opened and Shi Nuannuan turned around to see her brother walking in.

The moment she saw him, Zuo Weiyi turned around as if she didn't want to see him.

Seeing her brother walking in, Shi Nuannuan stood up and left the room to give the two of them some space alone.

Shi Yuting walked to the bedside and looked at her on the bed. His expression was a little better than before.

"I want a divorce."

She turned her head slightly and spoke with her back to him without looking at him.

“No.”

After the infusion, Zuo Weiyi had regained a little strength. She turned around and sat up from the bed.

“Why not?!”

“Because you’re pregnant with my child.”

“I can raise it myself!” She claimed.

“I don’t agree.”

Zuo Weiyi looked up, tears welling up in her eyes once again. She was also a little angry. “Why are you always so overbearing? Just because you have power over an entire country doesn’t mean you can control others’ lives as you please!”

Shi Yuting looked at her and did not reply.

Even if he had power over an entire country, the only thing he wanted to control was her life.

He only wanted her to spend the rest of his life with him.

Just then, there was a knock on the door. Not long after, Shi Nuannuan pushed the door open and entered.

She brought some dishes up. They were all prepared for her sister-in-law from recipes recommended by Doctor Zhang.

She walked in and did not say anything. Instead, she put the dishes down and left.

Shi Yuting was reminded of what the doctor said when he saw the dishes on the table.

He walked over, picked up the food, and sat down by the bed.

“Eat first.”

His voice was very soft, but she turned her head away.

Looking at her stubborn side profile, Shi Yuting pursed his thin lips and said softly, “The doctor said that your health is very poor and you need to recuperate. Or, do you want to lose this child again?”

His words shocked Zuo Weiyi.

Chapter 560: The Explanation

The doctor had said that her health was not good and her progesterone level was low. But she had been eating well the whole time. It was just that every time she ate something, she would puke it back out.

So how could she retain any nutrition?

Although she knew this, she still looked back with stubbornness.

“Are you using the child to threaten me? Are you afraid that I won’t eat properly and that I won’t be able to atone for my sins? Or are you afraid that I’ll starve to death and not be able to take care of your mother?”

Shi Yuting’s heart ached again as he looked at her.

After a long while, he said in a hoarse voice, “You think what you like.”

Indeed, he didn’t want to lose this child again. He only hoped that she and the child would be fine.

His words once again stung her heart.

She looked up and tears instantly filled her eyes. Her heart was in extreme pain.

Her gaze fell on the food in his hand. Without thinking, she reached out and forcefully grabbed the rice bowl before throwing it onto the ground.

Bang!

The rice bowl instantly shattered into pieces and food spilled all over the ground.

Shi Yuting looked down at the mess. It took him a moment to look back at her.

“The woman you saw is the heir to the royal family of A Country. She came to C Country just to discuss about the cooperation between the two countries,” he said calmly after a long while.

Zuo Weiyi was taken aback by his sudden words. But she did not respond.

She was not interested in his national affairs.

That woman? The heir to a royal family?

What did he mean?

“You saw me riding in the same car with her because she went to the hospital to visit Mom out of courtesy. As for the kiss you saw at the entrance of the restaurant...that was just the way the people of her country bid farewell.”

He had heard a little about the way A Country say their goodbyes.

However, she should not have done such a thing to the opposite sex as a person of such a noble status.

Since she had already returned to her country, he did not bother to probe further as to why Miss Manli had done such a thing to him.

Hearing this, Zuo Weiyi was stunned again.

Just a way to say goodbye?

Her expression turned cold as she turned her head away. “You don’t have to explain this to me anymore.”

Shi Yuting looked at her stubborn and cold face.

“You can leave. I want to be alone.” She lay down and turned her back to him.

After staring at her back for a while, Shi Yuting turned around and left the room.

Hearing the sound of the door opening and closing, Zuo Weiyi's heart became exceptionally calm.

Not long after, a maid came in and cleaned up the mess on the ground.

It was late at night.

On the stairs, Shi Nuannuan looked at her brother who was smoking calmly on the sofa in the living room.

He rarely smoked. She had only seen him once or twice when he was young.

The lights in the living room were only from a small lamp. In the dim light, Shi Yuting sat on the sofa deep in thought, smoking cigarette after cigarette.

Shi Nuannuan knew very well that the pain in her brother's heart was no less than that of her sister-in-law.

She really wanted to comfort her brother, but in the end, she returned to her own room and prepared to go to the hospital to accompany her mother. She also knew very well that no matter how she comforted him, it would not solve the pain and trouble in his heart.

It was 11:10 p.m.

In the bedroom, Zuo Weiyi sat up from the bed, Shi Yuting's words ringing in her ears.
