

Kiss Me 581

Chapter 581: Chasing After His Wife!

Xiangyi was stunned again.

Cancel the trips for the next half-month?! What's going on?

"Sir, is there anything important that you need to deal with when you go to Z Country?" Xiangyi was not aware of Zuo Weiyi's return to Z Country.

Therefore, Xiangyi felt that canceling the half-month trip was too sudden.

He had temporarily hired someone to take care of Di Zun Group but had not heard of anything important that needed to be dealt with personally recently. Why was he returning to Z Country all of a sudden?

"I'm going after my wife!"

As soon as he finished speaking, Shi Yuting had already entered the Black Bentley.

...

Z Country.

Zuo Weiyi didn't go anywhere else but headed straight to the seaside villa. This villa was her former 'home' and used to be filled with carnations.

As it had not been tended to for almost half a year, the garden looked a little sad with not many flowers left.

She hoped that after tending to the garden, it would return to its original state.

After spending the entire afternoon in the garden, Zuo Weiyi finally cleaned the entire villa. Then, she picked some carnations from the courtyard and placed them in the living room and bedroom. In the evening, she called Zuo Yi and told him that she would spend some time in Z Country for some peace and quiet.

The next day, she picked a bunch of pure purple carnations and went to her mother's grave.

"Mom, I'm sorry I haven't visited you in such a long time" Zuo Weiyi said softly as she placed the flowers in front of the tombstone. She stood up and looked at the photo of her mother on the tombstone.

"Guess what? I don't think you would have ever thought that I'd still have a grandpa in this world. In fact, he's your dad, and an extraordinary one too. I have been living in Grandpa's country for the past six months, I have been living in my grandfather's country. Oh right, I got married too. And now, I have a baby in my belly—your little grandson..."

For some reason, Zuo Weiyi felt a sense of peace that she had never felt before as she stood in front of her mother's grave. She felt contented and happy when she looked at her flat stomach.

After staying at the cemetery for a while, the sky suddenly turned dark.

“It’s going to rain...”

Zuo Weiyi said goodbye to her mother’s tombstone and left.

It was almost noon when she came out of the cemetery.

She returned to the city and bought some vegetables.

Just as she finished cooking, the doorbell rang.

Zuo Weiyi was a little startled and looked in the direction of the main door.

She had only been back for two days. Who could it be?

Shi Yuting’s extremely handsome face suddenly flashed across her mind. Could it be him?

Thinking of this possibility, she simply pretended not to be here. She sat down at the dining table and began to enjoy her lunch.

Just as she took a bite, her stomach churned. She looked at the two dishes on the table—they were light food.

The phone on the table rang. She glanced over and saw a familiar name on it: Gu Yansheng.

She was surprised for a few seconds before picking up the phone.

“Hello?”

“I heard you’re here.”

“What?”

“I’m at your house.”

She stood up and walked to the window. As expected, she saw Gu Yansheng standing at the door with a phone.

She quickly walked over and opened the door.

“How did you...” She wanted to ask.

Gu Yansheng only smiled lightly, “I just got off the plane and wanted to know if you arrived safely.”

Zuo Weiyi was stunned for a moment, then laughed softly. “Of course, I’m safe. If I wasn’t, the news of the plane crash would have been reported all over the country.”

Chapter 582: Are You Interested in What Belongs to Others?

As she spoke, she turned around and entered the house. Gu Yansheng followed behind her.

“You’re eating?”

“Yes, have you eaten? ”

“I’ve eaten.”

“Then, I won’t force you to eat another bowl,” she said jokingly.

Gu Yansheng was surprised to see her in a good mood.

“You seem to be in a good mood.”

Zuo Weiyi sat down at the dining table and didn’t expect such a comment from him.

She looked around the villa she used to like very much and felt exceptionally comfortable. “Mmm, this is the only place that can make me feel at ease,” she responded before looking back at her food and continued eating.

Just as she took two mouthfuls, something suddenly surged in her chest.

She covered her hands and rushed to the bathroom on the first floor!

Gu Yansheng became worried and followed her.

He walked over and patted her back as she bent over the toilet and vomitted. “Have you told the doctor about your condition?”

After throwing up everything that she had eaten just now, Zuo Weiyi felt much better.

When she stood up again, she looked pale and haggard.

Gu Yansheng felt his heart ache as he looked at her. His long and narrow eyes were filled with concern.

Zuo Weiyi took in a deep breath, waved her hand and said, “I told you, the doctor said this is a normal reaction.”

It was a difficult experience that most pregnant women would go through.

She walked out of the bathroom as she poked before coming upon a figure standing in the middle of the living room.

Zuo Weiyi froze.

He had just taken over as the new president. Wasn’t he busy every day? Why would he appear here so quickly?

Shi Yuting’s gaze slowly shifted from her to Gu Yansheng, and his face turned dark.

“Is CEO Gu so interested in what belongs to others?” He asked coldly voice after a while.

The corners of Gu Yansheng’s lips curled up slightly as he met Shi Yuting’s intense gaze. “You’re wrong, sir. I’m only interested in what’s yours.”

Then, he turned his head and looked at Zuo Weiyi. He said softly, “I still a few things to attend to. I’ll take my leave first.”

After Gu Yansheng left, Shi Yuting’s gaze returned to the person in front of him.

Zuo Weiyi also recovered from her daze and turned around to walk towards the dining room.

“What happened to you just now?”

Just as she walked past him, she heard Shi Yuting ask with concern.

Zuo Weiyi stopped in her tracks but did not turn around.

“It’s nothing.”

“It’s nothing when he was right next to you?” Shi Yuting asked sourly.

Zuo Weiyi turned her head and frowned slightly. “What’s wrong with that? I just vomited a lot and he just cares about me!”

“You don’t need him to care about you!”

“What about you?” she stared at him hurtfully. “If I don’t need others to care about me, then where were you? What did you do? So you can steal a horse but I can’t even over a hedge? Shi Yuting, can you not be so unfair?!”

Shi Yuting paused. “When did I start a fire?”

Zuo Weiyi turned back and retorted bitterly, “That Manli! Also, I’m not your ‘thing’!”

After saying that, she turned around and walked towards the dining room!

Shi Yuting did not move an inch.

Chapter 583: The President Personally Washed the Dishes

Why is it still that Manli?

Didn’t he already explain?

As he walked towards the dining room, he saw her cleaning up the dishes on the table.

He had just alighted from the plane and had not eaten yet. So, he felt a little hungry and blurted out, “I haven’t eaten yet.”

Zuo Weiyi’s paused mid-way and looked at him.

She stopped cleaning up but did not help him get the rice. Instead, she turned around and left the dining room. She had already done her part to let him eat by himself!

As they hadn’t been around for half a year, the maids had already left. Shi Yuting had no choice but to go get the rice himself.

The food was a little plain and tasteless but he didn’t dislike them. He finished them in the end.

In order to please her, Shi Yuting cleaned up the dishes himself after eating.

On the sofa, Zuo Weiyi felt that he was taking a little too long to eat. She got up and walked to the dining room to see what he was up to. When she arrived, she found that the dishes on the table had already been cleaned up. Then, she heard the sound of water and dishes clanging from the kitchen.

She frowned and walked over.

She saw Shi Yuting clumsily cleaning the dishes at the sink by the kitchen counter..

Zuo Weiyi gawked. This was the first time she had seen him do such a thing.

“Seriously, why can’t this oil be washed away?”

Shi Yuting was an extremist. Even when washing a plate, he would persist until it was completely clean.

However, he had already washed it three times, and yet there were still visible oil stains on the plate. Even his slender and beautiful hands were now covered in oil stains. They felt slippery and disgusting.

His brows started to knit together as he grew impatient. He exclaimed impatiently, “Seriously, how on earth do I wash these things?!”

In the end, he dumped the dishes back into the sink, as if he did not want to wash them anymore.

How was it more difficult to wash a dish than to deal with a national issue?

Zuo Weiyi couldn’t stand by and watch him anymore. She walked over and pulled him away from the edge of the sink. Then, she stood over and took out the detergent from the cupboard. She poured a few drops into sponge and washed the dishes skillfully.

Shi Yuting was dumbfounded as he watched from the side.

‘I didn’t put the detergent in...’

How could he have made such a dumb mistake?

After washing the dishes, Zuo Weiyi put them aside before wiping them dry with a dry towel and putting them on the drying stand.

Then, she turned around and walked out of the kitchen.

As she turned, her eyes caught sight of his greasy hands that were once very beautiful and precious.

She didn’t want to mind at first. But the more she looked at them, the more she couldn’t stand the oil stains on his hands. In the end, she reached out and pulled him to the sink to help him clean his precious hands.

Shi Yuting looked at Zuo Weiyi and said, “About Manli, didn’t I already explain everything to you? Why did you have to bring it up again?”

Zuo Weiyi was done cleaning his hands.

“How can I believe everything you say?!” She glared at him unhappily, then turned around and left the kitchen.

Shi Yuting frowned. She didn’t believe it?

“Then, how can I make you believe me?” He would do anything to make her believe him.

Chapter 584: Relinquishing the Country for a Beauty

Zuo Weiyi was halfway into the living room when his question made her stop in her tracks. She suddenly wanted to know where she stood in his heart. Would it really be as Shi Tiannan said?

Women were like a drug addiction in men's hearts. Once they had a taste, they could not quit.

What Shi Tiannan wanted to express was not that she was important in Shi Yuting's heart. Instead, he wanted to say that Shi Yuting had not returned to the ancient mansion in the past few days because he had had a 'taste' of another woman.

So, where did he spend his nights during in the 26 nights he disappeared? Was he really with that Manli?

She still could not believe that Shi Yuting would be sleeping next to another woman.

She knew that Shi Yuting was always a little impatient and crazy when they got in bed together. But would he really do that with other women?

This question had been bothering her for the past few days.

She turned around and looked at Shi Yuting seriously.

"Anything is fine?"

"Yes." He looked back as resolutely and seriously.

Would he relinquish his country for a beauty?

"What if I told you to give up the position of president?" She asked calmly.

Shi Yuting was taken aback.

Was she asking him to give up the country and for her?

He stared at her clear black eyes without answering for a long while.

But all Zuo Weiyi saw in his eyes was hesitation. She felt a little disappointed.

Why couldn't he even coax her? She didn't actually wanted him to do that, she just wanted to know how he would answer.

Since he remained silent, Zuo Weiyi turned back around and headed for the stairs.

Shi Yuting suddenly reached out and wrapped his arms around her from the back as she heard his deep and hoarse voice say, "Okay."

The one simple word surprised Zuo Weiyi.

She came back to her senses and pushed him away. "I-I was just joking with you!"

After saying that, she ran to the second floor!

Shi Yuting stood where he was and watched calmly as she disappeared.

A woman's heart is truly a mystery. As expected, this person of his was no exception.

The corner of his mouth suddenly curved upwards.

He suddenly heard the sound of someone collapsing on the second floor.

The smile on Shi Yuting's face was instantly replaced by a look of fear!

He rushed to the second floor and saw Zuo Weiyi lying at the door of the bedroom.

"Weiyi?!" His heart stung as if it had been pierced by a sword.

He carried her down and rushed out of the villa immediately.

At the hospital.

Zhong Shenghao stood at front of the hospital bed and looked at a series of examination reports.

"It's nothing serious. It's just that her body is too weak. She just needs to replenish some nutrients."

Shi Yuting was worried as he stood by the bed.

"She fainted."

Zhong Shenghao looked up and raised his straight eyebrows. "I know."

"That's it?" He frowned.

"What else do you want to hear? I can't just prescribe her drugs casually when she's pregnant. What if the baby is born with complications? I won't be able to make up for it even if I exhaust my family fortune and life!" Zhong Shenghao's tone carried a hint of mockery.

Anyway, it was better not to use any drugs for her condition due to her poor physique.

On the other hand, Shi Yuting narrowed his eyes. "Are you worried about my child or are you questioning my genes?"

Hearing this, Zhong Shenghao immediately waved his hand. "Oh, of course no! Our president's genes are absolutely unprecedented, the best in the world! I have absolutely no intention of questioning them!"

Chapter 585: It Has Nothing to Do with You

Shi Yuting glanced at him coldly and then looked at Zuo Weiyi who was lying on the hospital bed.

"She seems to vomit a lot. Is there any way to avoid it?" His expression was serious.

Zhong Shenghao also stopped teasing him and became serious.

"No, the best way is to eat something light, something suited to her tastebuds. Her appetite will improve but to avoid eating completely is definitely not possible. "

Not every woman had morning sickness. Unfortunately Weiyi was not one of them.

Shi Yuting's gaze remained fixed on the unconscious person on the bed as he listened to Zhong Shenghao.

"You said that Weiyi is having difficulty with pregnancy. Do you still want a second child?"

"No." Shi Yuting responded without even thinking.

However, Zhong Shenghao turned around and looked at him with disdain. He narrowed his eyes and said, "Why? You can't bear to see Weiyi suffer so much?"

Shi Yuting turned around and spat out coldly, "It's none of your business."

As a good friend, Zhong Shenghao immediately felt very sullen.

"I'm just concerned for you. The Shi family business aside, how many of your own businesses do you oversee? You're also the president and only grandson of the Shi family. If your only child is a girl, wouldn't you still want a son to carry on the family name and inherit Di Zun Group?" Zhong Shenghao asked.

He added, afraid Shi Yuting would misinterpret his intentions, "Of course, I'm not saying that girls are not good enough, but do you really not want a son?"

Upon hearing his friend's 'consideration', Shi Yuting turned and moved closer to him. "Can't my daughter inherit everything?"

Zhong Shenghao paused for two seconds before finally coming back to his senses. "Alright, you win!"

Shi Yuting didn't say anything else. Instead, he turned turned back and continued to look at the person on the bed.

"Does she need to be hospitalized?"

Zhong Shenghao pursed his thin lips. "No, she can go back now. I'm afraid she won't be very happy with the smell of the disinfectant in this hospital after she wakes up."

At his friend's advice, Shi Yuting decided to leave the hospital after she woke up.

"How many days are you planning to stay here?" Zhong Shenghao asked casually.

Shi Yuting lowered his gaze and opened his thin lips. "I don't know yet."

Zhong Shenghao narrowed his eyes as if he had noticed something. He looked at him from the corner of his eyes. "You don't know? As the president of a country, you don't even know your own schedule?"

As soon as he finished speaking, Shi Yuting shot him a sharp look. "Do you really have so much free time?"

Zhong Shenghao immediately shut his mouth when he met Shi Yuting's intense gaze. He glanced at Zuo Weiyi before saying, "I'll get back to work."

When he reached the door, he suddenly turned around. "Oh right, remember to not let her be too tired. She must rest more. And especially no 'strenuous exercise'. You mustn't do it!"

As soon as he finished speaking, Zhong Shenghao disappeared at the door of the ward.

...

Zuo Weiyi woke up at 2:40 pm.

The pungent smell of disinfectant did make her feel a little uncomfortable.

“You’re awake.”

As soon as she opened her eyes, she heard a familiar and sweet voice.

She looked over and saw Shi Yuting sitting on a single sofa beside her bed.

She was stunned for a moment, then memories flooded into her mind!

She...fainted?

Then her child...

She got up without thinking as her face turned deathly pale when she suddenly realized the possibility of a miscarriage!

Chapter 586: He’s Usually So High and Mighty

“The child...”

“The child is fine.” Shi Yuting’s heart tightened when he saw the sudden anxiety and fear on her face!

It was not until he had assured her that Zuo Weiyi’s heart finally calmed down.

“Really?”

“Yes.”

She let out a sigh of relief.

But, why did she faint all of a sudden?

Just then, she smelled another waft of the pungent smell of disinfectant. She felt extremely uncomfortable and frowned as the nauseating feeling in her chest surged up once again.

Sensing her discomfort, Shi Yuting stood up and took his black coat.

“What are you doing?” Zuo Weiyi was suddenly lifted off the hospital bed.

“We’re going home,” he said in a tone that was both gentle but overbearing.

Zuo Weiyi was slightly frustrated. Wasn’t she still supposed to be angry at him? But he’s acting as if nothing had happened.

Her chest felt stuffy.

Even if there really was nothing between him and that Miss Manli, she still felt hurt when she thought about how coldly and mercilessly he had treated her at the hospital and even after.

“Put me down! I’ll go by myself!”

“Your body is weak so you shouldn’t tire yourself out.”

“If you care about me so much, then back in C Country, why did you...” She wanted to say something but hesitated. In the end, she averted her gaze and fell silent again.

What kind of species are men? When they are doing well, they treat you like a princess. But when they become ruthless, they make life a living nightmare.

“I am sorry.”

A low and hoarse voice came from above her head.

She was taken aback.

He was usually so high and mighty. And yet, he was willing to say those three words to her twice in a row..

Since he carried her all the way out, they attracted a lot of attention. When they arrived at the white Porsche, he gently put her down in the passenger seat.

Once they returned to the villa, he walked to the passenger seat and tried to carry her out of the car again. But she stopped him.

“I’ll walk on my own.” She pushed him away and walked down on her own.

She entered the living room and went straight up to the second floor.

Shi Yuting wanted to follow her, but his phone started to ring.

“What’s the matter?” He picked up the phone as he asked in a low but extremely pleasant voice.

Xiangyi’s voice came from the other end of the phone. He was at Di Zun Group and had received a contract. As the project was very big, the other party requested to discuss it with their CEO.

Ever since he became the president, Shi Yuting did not really care about the projects of Di Zun Group. He had left it entirely to someone else to manage who only needed to report to him on his performance and other relevant work every month.

“L Group wants to cooperate with Di Zun Group on a project. Their president wants you to meet with them and discuss it in person. What do you think...” Xiangyi was a little hesitant because he knew that it had been a long time since he had discussed Di Zun Group’s business with him in person. Moreover, he had returned to Z Country this time to win back the young madam. He wondered if he would still be willing to manage the group.

Shi Yuting frowned as he listened to Xiangyi.

“L Group?”

“Yes, aren’t you familiar with L Group?”

“Nonsense.”

Before his Di Zun Group was established, Z Country’s most influential group in the business world was L Group. However, it was later reduced to second place by his Di Zun Group.

Chapter 587: The Word ‘Darling’

Many people knew that L Group had always regarded Di Zun Group as their mortal enemy. This was why the two companies had never cooperated.

So, why did L Group suddenly take the initiative to cooperate with them?

Shi Yuting eyes narrowed and he fell into deep thought.

After a long while, he asked, "When?"

"Tonight."

"I'm not free!"

"Tomorrow then."

Xiangyi's suggestions seemed to accommodate L Group so Shi Yuting grew a little suspicious.

"Are you taking my money but helping them with their work?"

Xiangyi was taken aback for a moment by Shi Yuting's response but immediately responded. "No, sir. The other party said that if you're not free tonight, you can meet them tomorrow."

Xiangyi also felt a little strange when he mentioned this.

The other party seemed to be rushing the meeting with Shi Yuting, but also said that if today was not possible, then they could meet tomorrow. And if tomorrow was also not possible, then the day after tomorrow was fine too. Their seemingly anxious yet accommodating request was a little unsettling.

"Tomorrow then." Shi Yuting agreed immediately.

He was a little curious as to why a rival group would suddenly want to talk about cooperation with him.

After hanging up the phone, Shi Yuting went to the bedroom on the second floor.

Zuo Weiyi seemed to be a little tired and fell asleep unconsciously on the recliner on the second floor.

He gently picked her up and placed her on the comfortable big bed. Then, he gently covered her with the blanket.

In the empty living room, Shi Yuting suddenly thought of something and made an unknown call.

It was 5:20 P.M., and it was already getting dark outside.

He definitely wouldn't cook dinner, so he had to go out and buy it.

Zuo Weiyi was still asleep in bed when her cell phone suddenly rang.

She picked up the phone in a daze, and with sleep still in her voice, she answered. "Hello?"

On the other end of the phone, Bei Xingchen sensed that she had been sleeping. "Darling, were you asleep?"

"Yes."

“Are you hungry? I just finished my dinner. Can I bring you something to eat?” Bei Xingchen came to the city since she knew Zuo Weiyi would be alone at the villa.

Zuo Weiyi woke up and sat up on the bed. When she turned around, she realized that it was already dark outside the window.

She frowned and fell into deep thought.

She had been sitting on a wooden recliner on the balcony earlier. How did she fall asleep...?

Moreover, how did she get to the bed?

Other than Shi Yuting carrying her onto the bed, there seemed to be no other possibility.

Recently, she had been sleeping like a pig—she didn’t even realize that she had been carried and put down.

“Hello? Weiyi?” On the phone, Bei Xingchen noticed that Weiyi was silent for a little too long.

Zuo Weiyi recollected her thoughts. “Huh? Oh, I...”

Just as she was about to speak, the door to the room opened.

She looked over and saw Shi Yuting walk in.

“No, there’s no need. Thank you, darling.”

“You really don’t need it?”

“Yes.”

Shi Yuting was astonished when he heard her say ‘darling’.

Darling? Who was she calling that?

He walked over as overbearingly as usual, picked up the phone that she had just put down, and flipped through the contact list.

The call just now was from a person named ‘Baby Chen’. Shi Yuting frowned.

Baby Chen sounded like a man’s name

“What are you doing?”

Chapter 588: A High School Classmate

Zuo Weiyi was confused by his actions as she watched Shi Yuting.

Shi Yuting looked at her.

Then he asked in a deep voice, “Who’s Baby Chen?”

Zuo Weiyi was surprised.

It was not as if she didn’t sense the bitterness in his tone.

A thought flashed through her mind. She suddenly turned and said, "A high school classmate."

Shi Yuting's narrowed his eyes even more. "A man?"

"..." Zuo Weiyi did not say anything, as if tacitly agreeing.

"Darling?" His voice was obviously a little deeper and sounded a little angry.

Zuo Weiyi did not reply.

She had wanted to take a gamble, but his increasingly deep voice made her hesitate again.

This man was kind when he was gentle. But when he gets angry, he was terrifying.

No, if he could be with other women, why couldn't she call her best friend 'darling'?

Thinking of this, she looked up. "What's wrong with that?"

She glanced at the person sitting on the bed.

It wasn't easy for him to get angry at her, but he's reaching his critical point.

He looked away and without thinking too much about it, he deleted 'Baby Chen' from her contact list!

Zuo Weiyi noticed his actions. She stood up and was about to snatch the phone from his hand. But he held it so high that she could not reach it at all.

"Shi Yuting, what have you done?!"

"From now on, you can only have my number in your contact list!" He said, as if commanding her.

"On what basis?!"

"On the basis that you are my private property!" As he answered, he noticed something else and his eyes narrowed again.

He had just deleted a 'Baby Chen'. So who was this 'Baby Shi'?

"Shi Yuting, can you stop being so overbearing and selfish all the time?!" If he truly meant it, then forget Nuannuan and the others, she couldn't even save her grandpa's contact information!

Why was this man always so unreasonable?

However, Shi Yuting ignored her and stared straight at the contact list on his phone.

Zuo Weiyi looked at it and thought that the next number he was going to delete was definitely Gu Yansheng's number. She could not help but stand up immediately, wanting to snatch the phone back again.

Shi Yuting stood next to the bed with his height of 187 cm. Zuo Weiyi was kneeling on the bed but still could not reach him at all. So, she was ready to stand up.

At this moment, Shi Yuting's looked at her. "Who's Baby Shi?"

She stopped trying when he asked.

She was a little surprised, but simply said, "He's a b*stard!"

He paused.

Then, he reacted.

Baby Shi...

His gaze returned to the contact list again. He opened the number inside and realized that 'Baby Shi' was him!

He continued to scroll through and found that there were only a few contacts in the entire contact list. And yet, only Baby Shi and Baby Chen had the word 'Baby' in them.

He frowned slightly as he was a little puzzled.

"What do you mean?" He looked back at her.

Zuo Weiyi waited for an opportunity to stand up and snatched the phone from his hand. "You don't need to know!"

She got out of bed and headed for the washroom.

Shi Yuting stood where he was and fell deep in thought.

When Zuo Weiyi came out of the washroom, Shi Yuting was already gone.

Chapter 589: That Fuzzy Night

When she arrived downstairs, she saw him placing the dinner that he had bought on the dining table.

He looked up when he heard footsteps and saw her standing at the doorway to the dining room.

He walked over and held her hand without waiting for her opinion. "Have your dinner."

Zuo Weiyi knew very well that as long as it was something this man wanted, he would get it no how much she retaliated.

Resistance was futile!

He pulled her to the dining table and sat her down. Today's dishes were very light.

As soon as she sat down, Zuo Weiyi saw a bowl of her favorite big wantons on the table. The aroma permeated the entire dining room.

It was the one from the south of the city. He actually went that far to buy a bowl of wantons?

"I'm leaving to discuss a business deal tomorrow. You stay at home obediently."

Zuo Weiyi was still eating when she heard what he said. She paused for a moment without answering him. Then, she continued eating.

After dinner, Zuo Weiyi took a shower. Not long after lying down on the bed, she felt sleepy.

Recently, she had not been sleeping enough.

Just as she was about to sleep, the bathroom door opened. Her body stiffened as she held onto the blanket.

Where was he going to sleep tonight?

She was hoping he would go to bed as she turned sideways. But she heard the door open then close.

Zuo Weiyi turned her head towards the door, only to realize that Shi Yuting had already left.

The whole bedroom floor had fluffy carpeting, muffling out the approaching footsteps.

The night was getting darker.

Zuo Weiyi woke up from her sleep, but did not open her eyes. She just felt uncomfortable in her current sleeping position and wanted to shift.

She did not know what time it was, but door opened just as she was about to find a comfortable position.

She frowned. It couldn't be anyone else but Shi Yuting.

So she pretended to be sleeping soundly.

Soon, she felt movement next to her on the bed.

This was the first time he slept next to her ever since his mother's accident.

Zuo Weiyi remained quiet and continued pretending to be sleeping soundly.

She suddenly felt his breath on her face.

She started to blush and her heart skipped a beat...

After all, they were a married couple!

Then, she felt a soft and warm sensation on her forehead.

It was...his kiss.

He gently planted a kiss on her forehead and stared at her sleeping face for a long time, so long that even Zuo Weiyi could feel his burning gaze.

She was surprised and a scene suddenly flashed through her mind.

When his mother was in trouble and he hardly returned home at night, she remembered sensing someone standing by the window and caressed her face.

At that time, she was deep in sleep. By the time she opened her eyes, there wasn't anyone in the room so she thought it must have been a dream.

He thought that she was asleep and that she had been sleeping very soundly for the past few days. She didn't even notice the door opening and closing when he occasionally came back.

But now, he realized that her thick eyelashes were moving slightly as he continued to stare at her.

“Did I wake you up?” She was startled when she heard his deep and sexy voice from above her.

She had been discovered.

Well, she might as well open her eyes. However, she did not look up at him. Instead, she kept her eyes lowered.

“Did you...” she paused for a moment before continuing, “once come home in the middle of night during the half a month after Mother’s accident?”

After a long time, he said, “Yes.”

Chapter 590: Where Did You Stay These Past Few Days?

She finally looked up and met his deep, dark eyes. “Didn’t you say you didn’t want to see me?”

He looked into her dark, starry eyes but didn’t say anything.

After a while, he hugged her. “It’s late. Go to sleep.”

She was once again in his arms. For the first time in a long time, she felt safe and comfortable.

Leaning against his chest, she could not help but ask, “So, where have you been then?”

“At Xiangyi’s.”

“...” She couldn’t react because she was surprised.

Xiangyi’s?

He slept in Xiangyi’s apartment during that period of time?

He was the CEO of Di Zun Group and president of C Country. How could he stay in his subordinate’s apartment?

Why?

He could have slept in a five-star hotel, couldn’t he?

“Why did you sleep at Xiangyi’s place?”

“...” Well, Shi Yuting couldn’t just say that he slept there because he didn’t want her to suspect that he had been cheating on her.

And what had transpired proved that he made the right choice.

It was a good thing he didn’t stay at a hotel, or he would have really got tangled up with Manli.

“Just sleep,” he said softly and closed his eyes.

Zuo Weiyi did not say more as she listened to his steady breaths. She even forgot to leave his arms.

...

The next day.

Early in the morning, Shi Yuting got up to buy breakfast. When she woke up, it was already 8:20 in the morning.

By the time breakfast was over, it was 9:00 A.M.

He went up to the second floor to change into a suit and leather shoes.

Zuo Weiyi sat on the sofa and watched TV. She remembered him saying that he was going to discuss a business deal today, so she didn't bother to question too much.

A piece of news appeared on TV which caught Shi Yuting's eye as he was walking over.

[After a few months, the beautiful CEO of L Group—the focus of everyone's attention—has finally appeared safe and sound. It also proves that the cruise ship explosion was just a false alarm.]

The host had just finished speaking when the scene on TV quickly shifted to the face of a woman with an elegant temperament.

She smiled as she looked at the camera. "Thank you for your concern for me all this time. Unfortunately, my father died in that accident. From now on, L Group will be run by me. Thank you for your well-wishes and support for me and the group."

Zuo Weiyi thought that he had left, but she found him standing behind her instead. She looked at him in surprise, only to see his unfathomable eyes staring straight at the news on the television.

She looked at him and then turned back towards face of the beautiful CEO of L Group on the television. She was indeed very beautiful, but... surely not to the extent that he couldn't take his eyes off her?

Zuo Weiyi's chest started to tightened as she watched his eyes remain glued to the screen.

However, she didn't say anything. Instead, she turned back and continued watching the news.

Meanwhile, Shi Yuting fell into deep thought.

The CEO of L Group had been involved in a cruise ship explosion a few months ago?

He finally looked away and sat down next to Weiyi.

"I'm going out."

"..." Zuo Weiyi remained silent as her pair of beautiful eyes remained fixed on the TV screen.

He did not pay too much attention to her indifference.

Instead, he stared at her for a few seconds before suddenly pulling her towards him. He quickly sealed her pink lips in a single breath before letting go.

It seemed that he always caught the other off-guard when he did it.
