Chapter 591: Xiao Cui's Arrival

Not long after Shi Yuting left, the doorbell rang.

Zuo Weiyi's eyebrows rose as she sat on the sofa.

Besides Gu Yansheng and Bei Xingchen, no one else would come here.

Gu Yansheng had already come yesterday, and knowing that Shi Yuting was also today, he probably wouldn't come again. Thus, the person who rang the doorbell was most likely her best friend, Bei Xingchen.

She quickly got up and walked to the entrance. She looked at doorbell monitor and saw... Xiao Cui?

She pressed the button to grant access. Then, she opened the main door of the living room and saw Xiao Cui walking over.

"Madam!" Xiao Cui was very surprised to see Zuo Weiyi.

Zuo Weiyi was also surprised!

"Xiao Cui, why... why are you here?"

She had originally planned to let her stay here forever, but because she had been in C Country all this time, she had to fire her. After all, cleaning an empty house was not an option.

Xiao Cui was extremely excited. "It's Mr. Shi—ah, no, it's His Excellency now. He called me to come today!"

Xiao Cui's words surprised Zuo Weiyi again.

Shi Yuting?

"Madam, when did you arrive?" Xiao Cui missed her after not seeing her for half a year.

Zuo Weiyi smiled. "How have you been these days?"

"Pretty good. I just missed you a little..."

Xiao Cui was a very innocent and lively girl. When she was in Shi Mansion, she was also very kind and polite to her.

"Come in first. It's cold outside." She pulled Xiao Cui in.

Although it was already spring, the weather was still a little cold. Moreover, this place was close to the sea, so it was even colder.

Xiao Cui's arrival made Zuo Weiyi feel a lot better.

Xiao Cui was very diligent. As soon as she arrived, she kept herself busy, cleaning the entire building!

At eleven o'clock, Xiao Cui looked at the refrigerator and found that there were no ingredients in it, so she got ready to go get some.

“There’s no need. I just need to eat something light nowadays.”

Xiao Cui was a little puzzled. “But how can those vegetables and all be nutritious enough?”

She could see that compared to last year, Madam had lost a lot of weight. Her face was not as rosy as before and she looked a little malnourished.

Zuo Weiyi was comforted by Xiao Cui’s concern. She smiled and said, “My appetite hasn’t been very good recently, so I don’t want to eat anything too greasy.”

“Alright, then I’ll make you something light for lunch.” She was about to get up and prepare to cook when Zuo Weiyi’s phone rang.

It was from Bei Xingchen.

“Xingchen.”

“Honey, I found a very delicious restaurant. It’s new and full of specialty dishes. Do you want to come?” Bei Xingchen’s excited voice rang through the phone.

To be honest, Zuo Weiyi also missed Z Country’s food.

Moreover, she had no reason to reject her friend’s invitation.

“Okay, tell me the address. I’ll drive there.”

“I’ll come pick you up! You have my godson in your belly, I’m worried.”

Zuo Weiyi could not help but laugh. “Alright, I’ll wait for you.”

“Okay, I’ll be there in twenty minutes!”

Indeed, in twenty minutes, Bei Xingchen had arrived!

The two of them left the villa and went to the new restaurant that Bei Xingchen had mentioned.

Chapter 592: The Woman Who Walked Next to Him

The two friends weren’t too fussy. They found a seat in the lounge area of the hall and sat down to order.

After ordering, Zuo Weiyi was a little curious. She raised her head and looked at Bei Xingchen opposite her. “Today is Tuesday. Why aren’t you at work?”

“Er.. I took a break!”

“Just to taste this restaurant’s dishes?”

“Exactly!”

Zuo Weiyi glanced at her. When a woman became a foodie, it was simply an explosion of primal desire. It’s unstoppable!

Bei Xingchen smiled and inadvertently looked up.

As she sat facing the entrance, it wasn't hard for her to notice the few figures that walked in at this moment.

Bei Xingchen was taken aback by who she saw.

Zuo Weiyi took a sip of water when she noticed Xingchen looking at the door with a blank expression. She became a little curious and turned around to see a group of people at the restaurant's door.

No matter where he went, Shi Yuting seemed to dazzle—Zuo Weiyi recognized him instantly.

Didn't he say that he had a business deal to discuss today?

Her gaze shifted to the woman walking next to him. When she looked over, the few of them had already walked towards a private room on the second floor. In the end, Zuo Weiyi could not figure out who she was, though she seemed like a beautiful woman.

Zuo Weiyi's forehead started to crease.

Didn't that figure seem a little familiar?

"Weiyi, when did Shi Yuting come to Z Country?" Bei Xingchen asked when the group was out of sight.

Weiyi and Yuting's relationship wasn't completely stable yet, but he was brazenly dining with another woman. Wasn't that a little too reckless?

No, could it be Weiyi's real reason for the divorce was because Shi Yuting had another woman?

But that wasn't right. Hadn't L Group always been arch-enemies with Di Zun? Why had they suddenly started working together?

Moreover, as far as she knew, Shi Yuting didn't have much contact with the beautiful CEO of L Group all these years.

But then again, how many women could control their own hearts and not be infatuated with a man like Shi Yuting?

Bei Xingchen thought that perhaps the new beautiful CEO of L Group could not resist wanting to have a relationship with Shi Yuting that she decided to work with Di Zun.

After all, L Group was also in a state of panic after the death of the previous CEO. If they wanted to get through all of this, they definitely had to find a good ally to reassure the public!

It was not until she heard her good friend's voice that Zuo Weiyi turned to look at Bei Xingchen. "Yesterday."

Bei Xingchen paused for a moment before asking curiously, "Is he here to bring you back?"

Zuo Weiyi looked up at her good friend but did not reply. Instead, she looked back down.

At first, she also thought that he was here for her, but now it seemed that it was just a passing opportunity!

Zuo Weiyi's heart started to feel stifled.

Her silence only confirmed Bei Xingchen's guess. She slammed the chopsticks in her hand onto the table.

She said angrily, "Since he's here to chase you, why did he ask that CEO of L Group out for a meal?!"

Zuo Weiyi looked back at her in surprise. "The CEO of L Group?"

"The woman who went up with him just now. Don't tell me you don't know her?"

Chapter 593: Li Chengcheng

Although Weiyi had always lived in Z Country, she was not very familiar with the daughter of L Group. Firstly, it was because the daughter rarely exposed herself on the media. Secondly, even if she was exposed on media, Weiyi rarely read those sources, so she wouldn't have heard of her anyway.

So it was the female CEO of L Group that appeared in the news this morning. No wonder she felt that the figure was somewhat familiar.

The scene of Shi Yuting staring blankly at the television screen before he left this morning suddenly flashed in her mind.

First, he had stared so intently, and now they were eating together!

"Apparently Li Chengcheng was in the cruise ship accident in the Pacific Ocean and she almost lost her life. I didn't expect her to so narrowly escape death. It took her two and a half months to recover!"

Zuo Weiyi was shocked by what she heard.

"Li Chengcheng?"

Bei Xingchen rolled her eyes at her. "That female CEO!"

Even though she didn't know what Li Chengcheng looked like, she should at least have heard of her name, right?

"Oh."

"She probably wanted to work with your husband's Di Zun so she came to hook up with him. She's not bad looking, but she's still not as beautiful as you, my dear!" Bei Xingchen smiled but she still could not help but look in the direction of the second floor. She was convinced Shi Yuting wasn't a man to be so easily charmed by beauty.

After all, he had a reputation of never being close to women in Z Country.

But this rumor was broken after he met Weiyi!

Zuo Weiyi was unmoved by her best friend's words and was completely immersed in her own thoughts.

After lunch, Bei Xingchen went to pay the bill.

Zuo Weiyi was hesitant about leaving.

Were he and Li Chengcheng still eating?

It had already been forty minutes. How could a meal take so long?

Just as she was hesitating at the entrance of the restaurant, a few figures came down from the second floor and walked straight towards the entrance of the restaurant.

Perhaps it was because of their identities, or their undeniable aura, but as soon as they walked through the restaurant, they immediately attracted the attention of many people.

Zuo Weiyi and Bei Xingchen also turned around when they heard the commotion and saw Shi Yuting and Li Chengcheng slowly walking towards them.

Shi Yuting was a little surprised and stopped in his tracks when he saw Zuo Weiyi's sudden appearance.

However, before he could say anything, Zuo Weiyi acted like a stranger and turned around to leave after a short glance.

Just as she turned around, a strong hand quickly reached out from behind and pulled her into his embrace.

She pushed him away. "Let go."

However, Shi Yuting ignored her. Instead, he smiled seductively and looked at Li Chengcheng next to him. "Miss Li, my wife."

Li Chengcheng looked calmly at Zuo Weiyi in his embrace.

She stretched out her hand and smiled at Zuo Weiyi. "Hello, Madam Shi. I'm Li Chengcheng."

Zuo Weiyi was surprised for a few seconds when she saw the jade-white hand in front of her.

Perhaps it was because Li Chengcheng's attitude was very kind, so she didn't even refuse. She stretched out her hand to shake hers. "Hello."

"Why are you here?" Shi Yuting hugged her intimately. His face was full of affection, and anyone who looked at them couldn't help but feel a little jealous!

Chapter 594: Attending the Dinner Party

Zuo Weiyi shot him an annoyed glance and said unpleasantly, "To eat."

It was obvious that she was angry, so how could Shi Yuting not see it.

Li Chengcheng suddenly said, "Mr. Shi, since your wife is here, why don't you bring her to the dinner party tonight?"

Hearing this, Zuo Weiyi raised her gaze and looked at Li Chengcheng.

Dinner party?

Shi Yuting was not interested in the dinner party that she mentioned.

But because of Zuo Weiyi, he changed his mind.

Perhaps it would be better to take her for a walk.

So, he looked at her for her opinion.

“Do you want to go?”

Zuo Weiyi met his clear eyes.

She wasn't interested in those occasions.

But if she didn't go, would he go with Li Chengcheng?

She agreed immediately, “Yes!”

Shi Yuting smiled gently at her before responding to Li Chengcheng. “We'll be attending then.”

Li Chengcheng smiled slightly. “Then I'll be waiting for you.”

Looking at the time, it was already late.

“Mr. Shi, it's already late. As for the details of the contract, we'll talk about it tonight. Then, I'll return to the company now.”

Shi Yuting did not make a sound and only nodded slightly at her.

Zuo Weiyi left his embrace as she watched Li Chengcheng leave.

“Xingchen, let's go back.”

Bei Xingchen looked at the two of them. Since her real husband was already here, what reason did she have to send Weiyi back?

Thus, she pulled away from Zuo Weiyi. “Um, Weiyi, I only asked for half day leave. I'm going back to work first. Be careful on your way back!”

Bei Xingchen dashed towards the parking lot as soon she finished speaking.

Zuo Weiyi still had something to say, but Bei Xingchen disappeared in front of her like a gust of wind.

She turned around and glanced at Shi Yuting before looking away.

The city was far from the seaside villa, so she would still have to ride back in his car.

Although she could take a taxi, wouldn't it be a little pretentious under such circumstances?

...

The sky gradually darkened and the lights outside lit up.

Zuo Weiyi picked out a formal evening gown. She was only two months pregnant and her stomach had not bulged out yet. Her figure was still slender, enchanting, and charming.

On the way back, she sat in the passenger seat. Her chest felt a little uncomfortable—she always felt like vomiting, but she could not get it out. Her hand pressed against her chest from the discomfort.

Seeing her discomfort, Shi Yuting felt bad.

“How about we not go?”

Zuo Weiyi turned her head and said without thinking, "We're going!"

Shi Yuting frowned. "Don't you dislike this kind of occasion?"

"Well, I like it now!"

He was taken aback and didn't say any more, though he did feel that the current situation was a little strange.

The two of them arrived at the Li family's villa, the venue of the dinner party, and everyone recognized Shi Yuting.

However, Shi Yuting had made it clear that since they were in Z Country and they were discussing business matters, there was no need to address him as the president or sir.

After all, he was not the president of Z Country. Here, he was just a businessman.

Nevertheless, they still immediately attracted the attention of the guests.

Chapter 595: Your Wife's Coming Too?

With Di Zun's cooperation, companies that initially didn't want to cooperate with L Group started to waver. They all rushed over from all over the country for the dinner tonight, hoping to meet the man of the hour.

"Mr. Shi, Mrs. Shi, you're here."

Not far away, Li Chengcheng walked over with a glass of high-end red wine in her hand when she saw the two of them walking in through the door. She smiled at them.

She always made a good impression on others, unlike some other rich young ladies and socialites. Although others may be able to give off the impression of elegance and grace, they still couldn't hide their arrogance and privilege they were born with no matter how hard they tried.

However, Li Chengcheng was different. Her impression was genuine and she was carefree as she had nothing to hide. Even Zuo Weiyi did not feel any hostility toward her.

The three of them chatted and laughed happily, soon becoming the focus of the entire hall.

"Oh right, we have already drafted the new contract. There are still some details. Mr. Shi, if it's convenient for you now, can you come with me to the study on the second floor?"

Shi Yuting smiled slightly. "Sure."

"Alright, please follow me." Li Chengcheng turned around and walked towards the second floor in her lake-blue gown.

Shi Yuting also brought Zuo Weiyi upstairs.

However, Li Chengcheng noticed and turned to Shi Yuting. "Is your wife coming too?"

"Is she not allowed?"

Li Chengcheng could not help but hesitate.

Although she was his wife, this was related to the company's business secrets after all. The fewer people who knew about their contract with Di Zun, the better.

Zuo Weiyi noticed Li Chengcheng's troubled expression and was quick to realize that it must be about the company.

"It's OK. You guys go ahead," she said just what Li Chengcheng wanted to hear.

However, Shi Yuting looked up calmly at Li Chengcheng a few steps above him.

"In that case, let's talk about the contract next time."

He turned around with Zuo Weiyi in hand as they started to leave.

Shi Yuting remembered how she fainted on the second floor and did not want to leave her even for half a moment as long as he was around. At the very least, he had to keep her within his line of sight.

His sudden change in attitude made Li Chengcheng worried that she would lose the opportunity to work with Di Zun, so she hurriedly said, "Forget it! Madam Shi is one of us, it's fine even if she is present."

The two of them turned around and looked at Li Chengcheng.

Li Chengcheng smiled at them, then turned around and walked to the second floor.

When they reached the study, Zuo Weiyi felt a little regretful.

She had no interest in the details of the collaboration that they had discussed in detail, nor did she understand them.

If she had known earlier, she would have stayed in the hall on the first floor. At least she would not be as bored as she was now. She sat on the sofa alone and watched him and Li Chengcheng talk about business.

Suddenly, her stomach started to churn. She furrowed her brows as she was very familiar with this feeling.

She had to find a washroom.

Forcefully suppressing the disgusting feeling in her chest, Zuo Weiyi raised her head and wanted to interrupt Li Chengcheng, who was speaking with Shi Yuting.

However, seeing her serious and orderly manner, she could not bear to interrupt.

Thus, when both of them were looking down at the documents, she got up to leave the study.

There should be a washroom on the second floor of such a huge villa, right?

Chapter 596: The Rumors of Not Being Close to Women

However, just when she managed to take two steps, she heard Shi Yuting's deep voice from behind her.

"Where are you going?"

Zuo Weiyi stopped and turned her head to look at him.

She frowned. "I... need to go to the bathroom."

Li Chengcheng looked up from the document at Zuo Weiyi as well. "The second door is the bathroom."

Zuo Weiyi nodded. "Thank you."

Then, she turned around and left.

"I'll accompany you."

Shi Yuting threw down the document in his hand and stood up without thinking.

"There's no need. You guys can continue talking." She felt that he was making too much of a fuss about her going to the bathroom.

She was going to the bathroom and no where else. Even if he went with her, there was nothing he could do.

The disgusting feeling in her chest grew stronger. Before she said any more, she turned around and rushed out of the study room!

Shi Yuting was about to take a step forward when Li Chengcheng stood up at this moment. "Mr. Shi, you must love your wife very much."

Hearing this, Shi Yuting stopped in his tracks, stunned.

He turned around and looked at her with a frown.

It shouldn't be a surprise that Shi Yuting loved his wife so much—there was no need to say it out loud.

Li Chengcheng met his dark eyes and quickly explained. She smiled and said, "Mr. Shi, please don't think too much about it. The reason I said that was because I was a little surprised.

"When my father was still alive, I rarely came back to China. But I heard some rumors about you not being close to women. Now that I've seen it with my own eyes, those rumors don't seem to be true."

"Well, that's because at that time, I still hadn't met my wife," Shi Yuting said before turning around to leave.

As he had already left the study room, he didn't notice Li Chengcheng's unconsciously tightened fists and the sudden disappearance of her smile. However, she recovered instantly unsuspectingly.

In the bathroom, Zuo Weiyi was bent over the sink, vomiting for a while. Other than bile, there was nothing else.

Fortunately, her chest felt much better after vomiting.

She looked at herself in the mirror before leaving the bathroom.

She did not return to the study. Instead, she chose the opposite direction and went downstairs because she was a little thirsty.

When she arrived at the hall on the first floor, almost all the drinks were alcoholic, but she could not drink alcohol.

It was not easy for her to find plain water. After pouring herself a glass, she walked out the door.

The more she stayed indoors, the stuffier her chest felt, so she went outside to get some air.

As soon as she stepped out, she felt a burst of coldness. Wearing only a strapless gown, she started shivering from the cold.

She turned and looked over her shoulder. She had left her coat in the study on the second floor.

Because it was too cold, Zuo Weiyi quickly returned to the hall after taking a breather.

Just as she turned around, she bumped into a figure on her way out as she was going in.

She staggered and grabbed the door handle to stabilize herself.

"I'm sorry, I'm sorry. I didn't mean it."

The person who bumped into her realized that it was her fault and immediately apologized.

Zuo Weiyi paused when she heard this voice.

This voice...

She stared blankly at the person who kept apologizing to her. Only when she raised her head did Zuo Weiyi confirm that she had not mistaken her for someone else.

Chapter 597: The Woman She Hated to the Core!

It was the woman she hated to the core: Qiu Yun!

The moment Qiu Yun looked up and saw her, her eyes widened in surprise!

Zuo Weiyi glanced at her coldly and ignored her, walking past her towards the hall.

"Stop right there!" Qiu Yun grabbed her as she shouted with sharp voice!

She was no longer the same as before. She had been reduced to a maid of the Li family.

Compared to the arrogant and flashy woman in the past, Qiu Yun looked so desolate. Her face had long lost its former glory.

Zuo Weiyi almost lost her balance as she was pulled.

Seeing her hand grabbing her dress, she retorted, "Let go!"

"You b*tch, not only did you kill my daughter, but you also put Huaiyuan in jail. I will die together with you today!"

She had always wanted to take revenge for her daughter. Over the past half year, she had been paying attention to Zuo Weiyi—she learned about her relationship with Shi Yuting and that she was actually the granddaughter of the previous president of C Country!

She knew that she had no way to fight against her now, but when she thought of her daughter's death, she absolutely loathed Zuo Weiyi!

Qiu Yun raised her hand and was about to pull Weiyi's beautiful wavy hair.

Zuo Weiyi's eyes widened when she sensed the hand that reached towards her. She managed to subconsciously avoid her claw.

Qiu Yun failed once and attacked again. She would not give up until Zuo Weiyi was dead!

Just as she was about to slap Zuo Weiyi, Zuo Weiyi reacted quickly and grabbed Qiu Yun's hand.

She also hated this woman in front of her!

If she did not threaten her mom that day, her mom would not have died!

Zuo Weiyi grabbed her wrist and said angrily, "I caused your daughter's death? If it wasn't for you, my mom wouldn't have died! I wanted to tear you and your daughter into pieces if I could! Even if you died ten thousand times, it wouldn't be enough for you and your daughter to pay for my mom's death! Now, you have tasted what it's like to lose your family, haven't you?"

"You!" Qiu Yun wanted to pull her hand back, but no matter how hard she tried, it was useless.

"I've said it before, I'll definitely take back what you owe me!"

Zuo Weiyi's dark eyes were filled with anger and hatred. As soon as she finished speaking, she glared fiercely at Qiu Yun and flung her away forcefully.

Qiu Yun staggered and lost her balance. Her entire body crashed into a wall. With a loud thump, a large bruise instantly appeared on her forehead!

For a moment, she felt dizzy. It took her a while to regain her consciousness. She looked up and saw Zuo Weiyi walking into the hall.

She had waited for more than half a year. It was not easy for her to find Zuo Weiyi who ruined her family. How could she let it go?!

Qiu Yun chased after her without thinking!

Passing through the crowd, Zuo Weiyi did not seem to realize the danger that was coming from behind. She just walked straight towards the stairs leading to the second floor.

"Ah!"

Just as Qiu Yun was about to catch up with Zuo Weiyi and grab her hair from behind, she suddenly felt a sharp pain from her wrist!

In an instant, Qiu Yun heard the sound of her bones breaking. She was in so much pain that she could not speak!

Chapter 598: Shi Yuting's Ruthlessness!

Her face suddenly turned pale and cold sweat broke out on her forehead!

In the next second, she was violently thrown to the ground by a force. The intense pain of her broken wrist bones was unbearable. She was in so much pain she started rolling around on the ground.

The crowd started to gather round.

Hearing a scream from behind her, Zuo Weiyi also turned around and saw Qiu Yun writhing and wailing in pain with a pale face.

She looked at this scene in shock. When she looked up, she saw Shi Yuting appear next to her from nowhere.

Previously, when he realized that she was not in the bathroom on the second floor, he went downstairs to look for her. Who would have thought that when he saw her figure coming in from the door, he would find a woman with a face full of anger following behind her.

Shi Yuting's face turned as cold as ice. He coldly glanced at Qiu Yun on the ground.

Li Chengcheng also went downstairs after waiting for them to come back.

As soon as she came down, she saw this sudden scene.

When she squeezed through the crowd of onlookers and saw Qiu Yun lying on the ground, Li Chengcheng could not help but be shocked.

"What... what's going on?" She quickly helped Qiu Yun up from the ground and called for two bodyguards. "Send her to the hospital quickly!"

"Wait."

Shi Yuting interrupted coldly.

Li Chengcheng was stunned when she saw his cold demeanour.

"Don't give her any treatment."

Hearing this, all the surrounding guests could not help but sigh.

No matter who it was, they would definitely sympathize with Qiu Yun who was lying on the ground and wailing. However, when Miss Li said that she was going to send her to the hospital, Mr. Shi did not allow her to receive any treatment.

Why?

Everyone's eyes instantly turned to Shi Yuting in unison.

Li Chengcheng was no exception. She looked up at him. "Why?"

Shi Yuting's expression remained cold and ruthless. "Because she had thoughts that she shouldn't have."

Li Chengcheng didn't understand the meaning behind his words.

"I understand now. It seems that this woman wanted to sneakily attack Mrs. Shi, but Mr. Shi saw her..." Someone whispered from the crowd.

It was said that once Shi Yuting had made up his mind, he never showed any mercy, even if it meant killing someone. Now, they had finally witnessed it with their own eyes!

Hearing the discussions around her, Li Chengcheng came back to her senses. She looked at Qiu Yun again, who was still screaming on the ground.

She looked up at Shi Yuting as she pleaded. "But she's a woman..."

"My wife is also a woman."

If he had to spare Qiu Yun just because she was a woman, then who would spare his wife and child?!

"Ah... it hurts... who... who will save me...?" Qiu Yun cried in terror when she heard his words.

She would rather die than suffer this pain!

"Mr. Shi, can't you at least allow it for my sake?" Li Chengcheng tried to convince him.

However, Shi Yuting remained cold. "Why should I be merciful towards the person who hurt my wife?"

Li Chengcheng did not dare speak up again after hearing his ruthless words.

Zuo Weiyi was astonished as she looked at the man in front of her.

Chapter 599: You Are Too Impatient

She knew that Shi Yuting was a cold-blooded and heartless man, but she did not expect him to be even more ruthless towards Qiu Yun than she was. Her reputation did not even affect him.

Zuo Weiyi looked at Qiu Yun lay on the ground howling in pain.

A trace of sympathy actually rose in her heart. However, when she thought about how the woman had hurt her mom, she resolutely turned around and walked towards the main door.

Just as she did, a strong hand pulled her back. She looked back and met his clear eyes.

"You can't stand it anymore?" He asked in his charmingly low voice as he looked at her lovingly.

Zuo Weiyi lowered her eyes and nodded lightly.

She really didn't want to see such a scene. It wouldn't be good for the baby in her stomach either. She just wanted to leave.

Shi Yuting turned towards Li Chengcheng. "My wife doesn't seem to be feeling well. We'll talk about the contract next time."

He walked towards the door with the person in his arms without waiting for Li Chengcheng's reply.

Only when the two figures had completely disappeared did Li Chengcheng hurriedly say to the servant next to her, "Quickly, call the doctor over!"

...

Half an hour later, Qiu Yun was sent to Z City Hospital.

In the quiet ward, Qiu Yun was lying on the bed. After treatment, her hand was saved, but her face was very pale.

Li Chengcheng stood beside the bed with a cold face. She looked straight ahead, but her words were directed at Qiu Yun.

“You’re too impatient. If you do this again, you’ll be kicked out of the Li family!”

She sounded merciless, completely unlike the elegant, generous, and beautiful CEO of the L Group.

Qiu Yun grew uneasy.

She had nothing. If it wasn’t for Miss Li who made her serve tea and clean for the Li family, she would have no way of surviving.

And all of this was because of that little slut, Zuo Weiyi! She made her lose everything and end up becoming someone else’s maid.

However, when she thought about the reason Miss Li had taken her in, she was still a little surprised.

Why did she know that she wanted to kill Zuo Weiyi to avenge her daughter?

She looked up at Li Chengcheng standing at her bedside. Qiu Yun lowered her head submissively and said, “I... I understand.”

Li Chengcheng glanced at her, then turned around and left the ward.

Qiu Yun’s heart was filled with confusion, but one thing was clear.

Regardless of whether this Miss Li wanted to help her get revenge or not, at least she could still make a living with the Li family.

In fact, she had found some jobs before, but she could not perform due to her pampered background. Only then did she realize how useless she was after losing her identity as Mrs. Jiang.

How could the high and mighty Mrs. Jiang become like this—living under the fence and struggle to survive?

Qiu Yun blamed it all on Weiyi.

A week had passed since they arrived in Z Country. Shi Yuting had left for Di Zun and Zuo Weiyi felt bored as she watched TV from the sofa.

She thought of her grandpa and gave him a call.

When he received her call, Zuo Yi kept asking questions and even said that he would come to Z Country after he had settled things here. He wanted to live there in peace and comfort.

Chapter 600: Shen Lanzhi’s Condition Improves

“Oh, right.” On the phone, Zuo Yi seemed to have suddenly remembered something and said, “Weiyi, I heard that Lanzhi’s condition has improved.”

Zuo Weiyi suddenly sat up. For a moment, she was so shocked that she could not speak.

“Is it true... what you just said?”

“Yes. When you left, your mother-in-law’s fingers moved. The doctor said that it was a good sign. Since then, she has been moving more frequently. The doctor said that the chances of her waking up are very high.”

Zuo Yi wanted to reduce the guilt his granddaughter felt towards Shen Lanzhi.

Although the family’s resentment towards her had been resolved after they found out about her pregnancy, she was still full of guilt and self-blame towards Shen Lanzhi.

Hearing her grandpa’s words on the phone, Zuo Weiyi became extremely excited.

It turned out that this world really was full of miracles.

After talking to her grandpa on the phone, she could not wait to call the mansion.

The person who answered the phone was Shi Nuannuan.

Knowing that it was her calling, Shi Nuannuan was also extremely excited on the phone.

After hearing about Zuo Weiyi going to Z Country, she really wanted to fly over too. However, her mother was still in the hospital, so she could not bear to leave.

Plus, her mother’s condition had been getting better recently. She believed that her mother would wake up soon!

“Sister-in-law... how have you been recently?” Shi Nuannuan still felt a little guilty about what happened before so her voice sounded a bit unnatural.

However, in this world, no one could replace Mommy in her heart. Therefore, when she found out that her mother’s accident was caused by her sister-in-law’s mistake, she subconsciously blamed it on her sister-in-law.

In fact, during that period of time, she also felt very uncomfortable. Every time she saw her sister-in-law, she wanted to talk to her.

However, her sister-in-law always left the mansion after she returned, causing her to subconsciously become silent. Of course, there was also her own reason.

She also knew that her sister-in-law did not want anything to happen to her mother more than anyone else. During that period of time, everyone’s heart must have been in pain too.

“I’m fine.”

“What about the baby?”

“It’s fine too.”

Shi Nuannuan fell silent for a long time.

After a while, she slowly said, “Sister-in-law, I’m sorry.”

Her apology slightly startled Zuo Weiyi.

She knew the reason for her apology.

“Nuannuan, you don’t have to apologize to me. I know how you feel.” If it was her, she would have also felt the same way as Nuannuan.

After all, in this world, the only person who would care for one self is their own mother, the greatest and most dedicated person in this world.

Just like her own mom—though she suffered as a single mother and endured all sort of humiliation, she still wanted Weiyi to grow up safely and healthily, to give her the best life possible.

“Then, you don’t blame me? I knew that you hadn’t been feeling well, but I was unwilling to talk to you...” Shi Nuannuan lowered her head. Thinking about how she had neglected her sister-in-law during that period of time, she wished she could punch herself a few times!

“I’ve never blamed you. It was my own fault to begin with.”

Even Weiyi could not forgive herself, so how could she blame Nuannuan, the biological daughter?

After all, it was her biological mother who was lying on the hospital bed with such a tiny chance of waking up.

She had experienced the pain of losing a loved one, so she wouldn’t blame Nuannuan.
