

## Kiss Me 601

### Chapter 601: I've Never Seen My Brother Cry Before

"Then... I'll go to Z Country to visit you soon!"

"Okay."

Zuo Weiyi accepted her proposal with a smile.

Then, she remembered that she called to inquire about Shen Lanzhi's condition.

"Oh right, has Mother's condition improved?"

Shi Nuannuan was very excited. "Yes! The doctor said that the chances of Mommy waking up are very high. Moreover, she seems to be able to hear what I'm saying and move in response recently, but she hasn't opened her eyes yet."

Shi Nuannuan's words almost made Zuo Weiyi tear up.

"That's good." When she spoke again, her voice became a little choked and hoarse.

Shi Nuannuan paused for a moment when she heard the sudden change in voice.

She knew that Sister-in-Law had been full of self-blame and guilt towards her mother.

"Sister-in-Law, don't worry. Mommy will definitely wake up."

"Okay." Zuo Weiyi forced out a faint smile.

Shi Nuannuan finally felt at ease.

However, when she thought about the reason she went to Z Country, she could not help but worry about her and her brother.

"Sister-in-Law, actually my brother, he..." She paused for a moment before continuing, "Before my brother was four years old, his only family member was Mommy. After that, he was taken away by Grandpa. From then on, Brother hardly spoke and did not want to talk to anyone in the mansion. But Mommy still wanted to see Brother, so she would secretly go to the kindergarten he went to. Even if she did see him, she could not get close to him; she could only secretly watch from afar. That's why Mommy is really important to Brother and I."

Zuo Weiyi was deeply moved by Shi Nuannuan's words.

Of course, she knew how important her mother was.

"So, Sister-in-Law, don't blame my brother, okay? He actually cares about you very much. It's also because he cares that he's in pain, so he doesn't know how to face you and Mommy. In the past, there was Jing Xinlei. Although she also dated my brother, even when she abandoned him five years ago, I never saw my brother suffer because of her. But... my brother cried because of you. Ever since I was young, even after Dad passed away five years ago, I've never seen him shed a single tear."

Zuo Weiyi was shocked by Nuannuan's words for a moment. Her heart felt as if it had been pricked by something.

After a long while, she finally said, "You said that he cried?"

"Yes, when you were shot and didn't wake up for a long time. He broke down completely." Nuannuan was shocked too at the time.

"I see..."

After ending the call with Nuannuan, Zuo Weiyi became a little sluggish. She sat alone on the sofa, deep in thought.

It was not until Xiao Cui called her for lunch that she suddenly came back to her senses.

She did not eat much during lunch. Her mind was filled with Shi Nuannuan's words: "Brother cried because of you."

A little tired, she went up to the second floor by herself.

Every day after lunch, she would feel extremely tired.

When she reached the bedroom and laid down, her cell phone rang.

The caller ID read: Baby Shi.

She was a little surprised when she picked up the call.

"Have you eaten?"

As soon as the call connected, his deep and sweet voice came from the other end.

For some reason, she just noticed that every word he said to her was extremely gentle.

"Yeah, I've eaten."

"Are you still vomiting?"

"I'm fine today."

"OK, then you should sleep for a while." He was about to hang up the moment he finished.

## **Chapter 602: She Has Always Been Special, Even from the Very Beginning**

Zuo Weiyi had expected this. Before he hung up the phone, she suddenly called out, "Shi Yuting!"

He paused and frowned slightly.

Half a second later, he asked, "What's wrong?"

The words were on the tip of her tongue, but she didn't know how to say them.

Shi Yuting frowned even more when he could not hear her voice for a long time.

"Weiyi?"

“Nothing, I forgot what I wanted to say.”

Before he could respond, she had already hung up the phone.

In the office on the top floor of Di Zun, Shi Yuting stared at his phone. He paused for a moment before getting back to work.

Zuo Weiyi stared at the ceiling in a daze as she lay on the double bed.

She started to feel really tired after a while and gradually fell into a deep sleep.

When she woke up again, it was already 3:08 P.M.

She washed her face and went downstairs.

Xiao Cui was in the courtyard, tidying up the carnations.

She had nothing to do, so she walked over to do it together.

Xiao Cui hurriedly stopped her. “Madam, you’re pregnant. You can’t be doing this. Leave it to Xiao Cui!”

She was in the critical stage now. Mr. Shi had asked her to come back to take good care of Madam and the baby in her belly!

“It’s okay. This work is not tiring.”

“That won’t do. Mr. Shi has instructed that you must not be burdened. If something happens to you and Mr. Shi blames you, Xiao Cui won’t be able to pay for it even if she has 100 lives!”

Zuo Weiyi’s mind instantly flashed back to Shi Yuting’s exquisite face.

Xiao Cui smiled, then turned around and continued to tidy up the plants.

“Madam, Mr. Shi treats you so well! You didn’t know, but when you first arrived at Shi Mansion, many of us thought it was unbelievable because Mr. Shi had never brought women home. You’re the first!” Xiao Cui said as she tidied up the plants.

“That’s because I made a deal with him.” Zuo Weiyi blurted out.

When she first arrived at Shi Mansion, she did make a deal with Shi Yuting because she wanted to take revenge on the Jiang family.

Surely she couldn’t have been just a woman he brought home?

Xiao Cui turned her head and thought for a while.

Even though she said so, it couldn’t be denied that Madam was special in Master’s heart.

“Even so, you’re different in his heart! In this world, many women want to have a deal with Mr. Shi, but he always turned a blind eye to them! He doesn’t even want to look at them!”

Xiao Cui’s words completely defeated Zuo Weiyi.

Was that really the case?

Was she already that special to Shi Yuting from the start?

Zuo Weiyi eventually returned to the living room due to Xiao Cui's insistence.

She sat on the sofa in a daze, her mind filled with Xiao Cui's words.

Looking at the time on the wall, it was 3:30 P.M.

There were still more than two hours before Shi Yuting got home from work, but why did she feel that time was passing particularly slowly today?

Before this, she did not look forward to the arrival of the evening so much.

In the end, she could not hold it in any longer. She picked up her coat and car keys, got up, and walked to the main door.

Who knew that missing someone so much would make her want to see him!

Xiao Cui saw Zuo Weiyi get ready to leave and she couldn't help but frown. "Madam, where are you going?"

Zuo Weiyi walked to the garage and replied to Xiao Cui, "Di Zun!"

### **Chapter 603: CEO Li of L Group Is Looking for You**

In the CEO's Office of Di Zun Group.

Shi Yuting was processing a mountain of documents when the internal line on his desk suddenly rang.

He looked up and answered.

Soon, Feilin's sweet voice came through, "Mr. Shi, CEO Li of L Group is looking for you. Do you want her to come up?"

Hearing this, Shi Yuting's eyes darkened for a few seconds before he said, "Let her come up."

The line cut off.

Not long after, someone knocked on the office door and pushed it open from the outside.

Shi Yuting looked up and saw Feilin walk in with Li Chengcheng towards the sofa.

He got up and walked out from the huge desk to the brown leather sofa at the side.

"Please sit," he said to Li Chengcheng. He had already sat down himself. His dark eyes moved to Feilin. "Two cups of coffee."

Feilin nodded and left.

Shi Yuting turned back to Li Chengcheng. He supposed that she was here regarding the previous contract.

Li Chengcheng sat down on the single-seater. She smiled and placed the contract she was holding on the table.

“We have edited the contract according to Mr. Shi’s requirements. Please take a look at it. If there are no problems, can we proceed to sign the contract?”

Shi Yuting glanced at the contract on the coffee table and immediately picked it up. His sharp gaze swept through the contents of the document without missing a single word.

“Sure.”

He closed the contract and immediately put it back on the coffee table. He looked at Li Chengcheng. “It’s fine.”

Li Chengcheng smiled and said, “Okay, I’ll go back and prepare the formal contract later.”

“Okay.”

At this time, Feilin came in with two cups of coffee and skillfully placed them on the coffee table. They each had a cup in front of them—the one without sugar was placed in front of Shi Yuting.

Li Chengcheng picked up the coffee and took a sip. Then she looked at Shi Yuting and said, “Oh right, I’m sorry about last time.”

Shi Yuting raised his eyebrows but didn’t say anything. He just looked at her.

Li Chengcheng smiled and said, “Qiu Yun is a maid our Li family took in a while ago. She seemed to have some misunderstanding about your wife, so that night—”

“You don’t have to explain on her behalf.”

Shi Yuting interrupted bluntly her before she could finish.

He always gave of an arrogant and distant impression.

Li Chengcheng looked at him and did not speak anymore. Instead, she picked up the coffee and sipped it elegantly.

As she put the cup back down, she was slightly distracted and didn’t noticed that she had only placed it at the edge of the table as she let go.

In an instant, the cup fell with a crash and broke into pieces.

“Ah!” Li Chengcheng cried out in surprise.

The coffee that was in the cup had splattered all over her dark winter green dress.

Li Chengcheng looked at Shi Yuting nervously. Then, she got off the sofa and bent over to pick up the shards with her bare hands.

“I’m sorry, I was too careless!”

Shi Yuting just looked at her without any intention of stopping her.

**Chapter 604: Mrs. Shi, Long Time No See**

As soon as her hand touched the glass shards, she felt a sharp pain. Only then did Li Chengcheng realize that her finger had been slightly cut.

She took a deep breath and endured the pain as she continued picking up all the shards and placed them in the trash can next to her.

After picking up the shards, she looked at the coffee stains on the ground. She had to find something to clean it with.

"I'll go find a mop." Li Chengcheng turned around. She didn't know where the cleaning tools were.

"There's no need for that. I'll get someone to clean it up later," Shi Yuting finally said.

It wasn't that he pitied her, but even he didn't know where the cleaning tools were. Only the cleaners do.

He didn't like it when the cleaners came in to clean while he was working.

So the cleaning lady would finish cleaning before he arrived at the company each time.

Li Chengcheng had no more reason to act coy anymore. She looked down at her dress that was still stained with coffee.

She noticed the special washroom in the office, so she asked softly. "Can I use your washroom?"

"As you wish," he said.

She smiled and walked towards the washroom.

Shi Yuting walked to his desk and pressed the intercom.

"Get the cleaner to come over."

As soon as he finished speaking, he sat down on the boss's chair and continued to process the documents.

Suddenly, someone pushed the door open and walked in without knocking. This made Shi Yuting a little displeased. His handsome face immediately turned ice cold.

No one dared to enter his office without knocking.

However, he was surprised when he saw the figure who walked in. His originally cold expression instantly became gentle.

"Weiyi?" He got up and walked over. "Why are you here?"

She came on impulse. However, she wouldn't say it directly to him. She lowered her eyes and could not find any other reason for the time being.

"I..." Her lowered eyes looked a little guilty as she tried to avoid his question. At this moment, a voice suddenly came from the side of the room. When she heard it, she looked up and saw that the bathroom door not far away opened, and out walked Li Chengcheng.

She was startled.

Why would the CEO of L Group come out from the bathroom in his office?

Li Chengcheng had just come out when she saw Zuo Weiyi standing there. She was startled as well.

Then, she walked over and said with a polite and friendly smile, "Mrs. Shi, long time no see."

Zuo Weiyi was a little taken aback by her friendliness, but she nodded and responded. "Hello."

She turned back to the man in front of her, asking with her eyes, 'Why did Li Chengcheng come out of your bathroom?'

After all, Di Zun had bathrooms available on every floor. There was no need to use it here, was there?

"Mrs. Shi, please don't misunderstand. I accidentally broke the coffee cup and used your husband's bathroom." As she spoke, she pointed at the coffee stain that was still on her dress, as if she was afraid there would be a misunderstanding.

Zuo Weiyi looked at her dress. Although some of the stain was wiped away, the traces were still clearly visible.

She smiled gently. "Miss Li, you're overthinking things. I won't misunderstand. If I were to be so over such a small matter, I probably won't have enough time in hand even with 365 days a year, don't you think so?"

#### **Chapter 605: I Miss You, Does that Count?**

She meant that she would have to spend her entire life misunderstanding him.

After all, with a man like him, how many women didn't want to cause a little misunderstanding?

If she had to misunderstand his meetings with every single female client, she would indeed be very busy.

Her tone was calm, but Li Chengcheng could sense a little anger. The smile on her face froze instantly, becoming a little unnatural.

Zuo Weiyi glanced at her.

Li Chengcheng seemed to be in a hurry to explain just now, as if she really was afraid that there would be a misunderstanding.

It would have been fine even if she didn't say anything. But Zuo Weiyi felt that her mentioning it only seemed to prove that she might have meant otherwise.

She didn't know if it was because a woman's sixth sense and sense of smell were too sensitive.

On the surface, this Li Chengcheng was indeed very generous and gentle, making it impossible for anyone to feel any animosity towards her. However, she still felt that Li Chengcheng's explanation was unnecessarily strange, causing her to retort the way she did.

Li Chengcheng looked back at her. "That's true."

Shi Yuting turned Zuo Weiyi back towards him. "Did you drive here by yourself?"

Zuo Weiyi nodded. "Yes."

With her current physical condition, Shi Yuting did not feel comfortable that she was driving by herself.

"What's the matter?" he unconsciously asked as he held her in his arms and walked towards the sofa.

He felt that she would not have deliberately driven to the company to look for him if it was something unimportant.

Moreover, on the phone earlier, she had wanted to say something but hesitated. It seemed that she really did have something to tell him.

Initially, it was difficult for her to answer this question. However, Li Chengcheng's words and presence gave her the courage to tell him.

She looked up at the man in front of her with her beautiful eyes. "Does missing you count?"

Her sudden words startled Shi Yuting slightly. Then, he narrowed his dark, ink-like eyes as if he wanted to see through the person in front of him.

Since when did she like to say such sweet words?

However, he did not question her. Instead, he curled his charming lips and pulled her into his arms. "Yes."

Li Chengcheng was still standing by the sofa and could not help but fall into a daze as she fell victim to him completely torturing a bachelorette.

After a long while, she walked over and picked up the documents on the coffee table.

"Oh right, Mrs. Shi, I feel that I have to apologize to you for the incident with Qiu Yun."

Zuo Weiyi suddenly turned towards her.

Then, she recalled that the last time she met Qiu Yun, the latter was wearing what looked like the clothes of a maid. She must be a maid of the Li family.

She didn't expect Qiu Yun to end up in such a way.

However, this CEO Li was too kind-hearted. She actually came to apologize on behalf of a maid?

Though she did not appear to be someone who abused their privilege, Zuo Weiyi still felt that she was a little strange.

Zuo Weiyi pursed her lips. "You don't have to apologize to me. Hasn't she already been punished?"

Li Chengcheng smiled. "That's right, but as she is my maid, I have am responsible for her."

Zuo Weiyi smiled. "It's already over. Don't mention it. Besides, I don't want to hear her name anymore."

Li Chengcheng was slightly shocked. "Okay. I'll be taking my leave first then."

With that, she took the document, nodded at the two of them, and turned to leave.

It was not until she disappeared behind the office door that Zuo Weiyi retracted her gaze.

## **Chapter 606: In that Case, Come Check on Me Every Day from this Day Onwards.**

His magnetic voice immediately rang in her ears. "Was what you said just now true?"

She looked back at him. For a moment, she was still a little confused. "What did you say?"

His face suddenly drew closer to hers. That perfect outline was simply mesmerizing.

"I miss you. Does that count?"

She felt her face burning up. It was boiling hot.

She turned her face away. She did not truly mean what she said. "Of course it's not true."

But he still smiled charmingly. "Then why did you suddenly come here?"

Her eyes were filled with guilt. Suddenly, an answer flashed across her mind!

She blurted out. "To check on you!"

He smiled, pleased, and hugged her in his arms. His low, seductive voice rang in her ears. "In that case, come check on me every day from this day onwards."

She met his clear, deep eyes. Then, looked away and said embarrassedly, "Seeing how today went, I guess I'll have to!"

His smile deepened and he hugged her even tighter. "Be my guest."

...

At 5:35 pm, the employees of the majestic Di Zun Group were leaving for home.

On the top floor, Zuo Weiyi had been sitting on the sofa the whole time. The boredom tired her out, so she leaned back on the sofa. When Shi Yuting was done with his work, he looked up and saw her sleeping face.

He got up and walked over, watching her sleep.

Then, he bent down and gently picked her up.

His movements were extremely gentle, but Zuo Weiyi was still startled and woke up when he touched her.

She saw his exquisite and flawless face. When she came back to her senses, she realized that she was in his arms.

She turned her head to look out of the window—the sky had already darkened

It turned out that he had already gotten off work.

"I'll go by myself." She struggled for a while and got out of his arms.

"Are you hungry?" He looked at her and asked.

Zuo Weiyi shook her head. "I'm fine."

He smiled, then held her hand and walked toward the office door. "Let's go home."

When they left Di Zun, the bustling metropolis was already brightly and colorfully lit.

Zuo Weiyi looked out at the night view of the city flashing past the window from the passenger seat.

After a long time, she turned to look at Shi Yuting's beautiful side profile in the driver's seat.

"Shall we go out for dinner tonight?"

This was the first time since the incident that she had taken the initiative to speak to him with such a positive tone. Shi Yuting was slightly surprised before he smiled faintly. "Sure. What do you want to eat?"

"Big wantons."

He glanced at her. He knew that big wantons were her favorite.

"Okay."

Ten minutes later, the two of them found a wanton store.

However, it was extremely difficult to find a parking spot in the bustling metropolis during peak hour.

In the end, Shi Yuting had no choice but to park his car in the underground parking lot of a large shopping mall not far away and walk to the wanton store.

The two of them walked together under the dim streetlights.

He held her hand out of habit. As the cold wind blew past, her hand felt a little cold.

"Cold?"

He turned his head and spoke very softly.

Zuo Weiyi shook her head. "No."

"Your hand is cold though."

"That's normal. My body temperature is like this. Whenever winter comes and I leave the heating, my hand will be especially cold."

When she was young, whenever winter came, her mother would always ask her to wear more clothes because of this. However, even though she wrapped herself up like a dumpling, her hand would still be cold when she goes out.

### **Chapter 607: His Thoughtfulness**

Suddenly, a sentence from her mom flashed in her mind.

"I heard that people with this kind of body temperature..." She wanted to say something but hesitated. She looked at the man next to her.

He also turned towards her. "Hmm?"

“Some people say that those with this kind of body temperature don’t love their husbands enough...”

Hearing this, he furrowed his brows slightly. Then, a faint smile appeared on his face. He raised his hand and patted her head. “It’s good that I love you.”

She suddenly looked up at Shi Yuting as he pulled her along and continued walking forward.

His warm words and what Xiao Cui said before kept replaying in her mind.

As the two of them walked towards the wanton store, a boutique entered Shi Yuting’s line of sight.

Through the glass door, he saw some furry things hanging inside.

By the time Zuo Weiyi snapped out of her thoughts, she had already been dragged into the boutique.

She was astonished.

Weren’t they going to eat wantons? Why were they here instead?

As she stood there in a daze, Shi Yuting let go of her hand and walked to a spot not far away. He took a pair of white furry gloves from the shelf.

The two shop assistants were stunned by the sudden appearance of the couple.

The cashier was too—she had never seen such a good-looking man as Shi Yuting walked towards the counter.

“Fifty-nine yuan.”

He took out a hundred-yuan bill from his wallet and paid for it before turning around.

“Sir, your change!” The cashier held the change with both hands and looked at Shi Yuting with admiration.

Seeing the cashier’s expression, Zuo Weiyi quickly walked over and took the change. “Here, I’ll take it.”

She turned around and walked out of the boutique with her arm around his.

“Put it on.”

He put the pair of woolen gloves on her hands as they stood in the streets.

His thoughtfulness warmed Zuo Weiyi’s heart instantly. She stared blankly at the man who put the gloves on her.

The great CEO of Di Zun, the ruler of C Country. Who would have thought that such an authoritative man would be standing on a street, personally placing a pair of gloves on her personally.

“Shi Yuting.”

He looked at her and met her clear gaze. All of a sudden, he felt that her face had moved closer.

Zuo Weiyi stood on tiptoes and took the initiative to offer her pink lips as she places her hands on his shoulders.

Shi Yuting was momentarily taken aback before he returned the kiss.

She instantly pulled away and leaned against his sturdy chest. Her slender arms tightly hugged his waist.

“What’s wrong?” Shi Yuting asked softly as she hugged him.

“Nothing, I just want to hug you.”

“We can hug at home. Let’s go eat first.” He let her go, held her hand, and started walking forward.

However, after a few steps, Shi Yuting’s sharp hearing immediately heard something falling from above at an astonishing speed!

He looked up abruptly but it was already too late. In an instant, the unknown object above him was only a meter away from him!

Zuo Weiyi was still in a daze when she noticed that he had stopped walking. Just as she was about to ask him what was wrong, she felt herself pulled into a protective embrace.

The moment the metal frame fell, Shi Yuting protected her slender body in his arms without even thinking about it!

Zuo Weiyi, who was tightly held in his arms, heard a loud clang from the ground, like the sound of metal falling to the ground.

### **Chapter 608: You’re Bleeding! How Could You Be Fine?!**

She finally realized what had happened and pushed him away.

She quickly looked at him. Even under the night sky and with the lights of the city, she could clearly see the space between his brows suddenly tighten, and the color drained from his face.

“You...” She widened her eyes in shock—she was a little flustered and at a loss. She caught a glance of something from the corner of her eyes and noticed that the sleeve of his right arm seemed to have been cut by something. The cut ran down the length of his arm, and a bright red liquid dripped from his slender fingers.

“You’re bleeding...” Zuo Weiyi’s heart dropped when she saw the blood.

Shi Yuting glanced at his arm that had been cut by the edge of the metal rack. Although it was a little painful, he could still endure it.

“I’m fine.” He tried to convince her when he saw her worried and anxious face.

“You’re bleeding! How can you possibly be fine?!” For some reason, his words only made her angrier.

Suddenly, tears flowed down from her eyes unconsciously.

She wanted to help stop the bleeding, but she was also afraid of hurting his wound, making her more flustered!

This wound might be a little shocking to her, but to Shi Yuting, it was not that big of a deal.

He had experienced such minor injuries countless times for twenty-eight years.

When he was 17 years old, his grandfather and father had thrown him on an isolated island to survive in the wild. He was accompanied by ferocious beasts and had to fight for food with tigers and lions. He survived there for months, so this minor injury was nothing.

Though due to the injury, their dinner was ruined.

It was already seven o'clock when they returned to the seaside villa.

Not long after, Zhong Shenghao arrived.

Zhong Shenghao took a look at the wound before cleaning and disinfecting it.

However, the wound was quite shockingly bloody.

Zhong Shenghao saw how worried Zuo Weiyi was and decided to speak with her.

"Weiyi, do you want to go out for a while?"

"That's alright, I'll stay here."

Zhong Shenghao pursed his lips. He knew that she was worried about Shi Yuting, but he did not want her to watch such a bloody scene. After all, it was not good for the baby in her stomach.

"It's okay. Are you still worried about me?"

Shi Yuting looked up from the sofa. He understood Zhong Shenghao's intentions. "Weiyi, you can go upstairs first..."

"I already said that there's no need!"

Her sudden outburst startled both Shi Yuting and Zhong Shenghao.

As long as she remained in such an emotional state, it would be really bad for the baby.

Therefore, he didn't say anything else and quickly helped Shi Yuting with his wound.

After the wound was bandaged, Zhong Shenghao began to pack his things. "Remember not to get it wet for a week. Let Weiyi help you with anything like bathing."

Though he was done packing, he didn't seem to have any intention of leaving yet.

Instead, he looked at the two of them. "Have you two eaten?"

Shi Yuting looked at him from the sofa. "No."

"That's good. I haven't eaten either, so I'll stay and freeload for a bit." He put down the medical kit in his hand and waited expectantly to eat.

## **Chapter 609**

### **: Torturing the Bachelor**

Shi Yuting looked at him with a slightly displeased expression.

Zhong Shenghao couldn't help but say, "President, I came here to save you before your candlelit dinner with a woman. Shouldn't I at least stay for a meal?"

Shi Yuting still didn't say anything and just looked at him with disdain.

Zhong Shenghao couldn't help but turn to Zuo Weiyi. "Weiyi, what do you think?"

Zuo Weiyi looked up at him.

If that was the case, she had no reason to let him leave on an empty stomach.

It was already seven o'clock. When they decided to have dinner out, she had already let Xiao Cui go home from work, so she would have to cook something up instead.

"I'll make noodles for you guys," she said before walking into the kitchen.

Zhong Shenghao watched her disappear through the kitchen door. Then, he turned to meet Shi Yuting's cold eyes.

Shi Yuting spoke coldly. "Don't you think you're third-wheeling here?"

Zhong Shenghao paused, then rolled his dark eyes as if he didn't notice anything. "No, I'm not."

Then, he got up and pretended to take a tour around the villa.

Twenty minutes later, Zuo Weiyi cooked a pot of noodles with shiitake mushrooms and shredded pork. Then, she divided the noodles into three portions and served them on the dining table.

Zhong Shenghao could immediately smell the fragrance from the living room. It came from the dining room and instantly filled the whole house.

"It smells so good..." He followed the fragrance into the dining room and saw three bowls of noodles on the dining table. He sat down without hesitation.

Zuo Weiyi washed three pairs of chopsticks and walked out, placing them next to the three portions of noodles.

Zhong Shenghao had never eaten such ordinary-looking but fragrant noodles at home. Just looking at it made his appetite soar.

He looked at Weiyi. "Weiyi, did you really make this?"

The noodles were actually very ordinary. Zuo Weiyi didn't understand why Zhong Shenghao had such a surprised expression after seeing it.

She nodded. At this moment, Shi Yuting also walked in.

After sitting down, Shi Yuting wanted to pick up the chopsticks, but after a quick glance at Zhong Shenghao, he suddenly stopped.

He suddenly frowned with a pained expression.

Zuo Weiyi picked up her chopsticks and was about to eat when she heard a sudden gasp. She quickly looked at him.

Zhong Shenghao took a big bite of the noodles and also looked up in surprise and confusion.

Seeing his pained expression, Zuo Weiyi remembered that his right hand was injured. It must be inconvenient for him to pick up his chopsticks to eat the noodles now. Did it hurt?

She pulled her chair closer. "Let me help you."

She put her chopsticks down and took his. She picked up a few noodles and brought them to his mouth.

This scene completely tortured the bachelor. Zhong Shenghao felt that he just suffered 10,000 points of damage!

No, it was 100,000,000 points!

"Delicious." Shi Yuting looked at her so tenderly as if there was no one else around as he gently chewed the noodles she fed him.

He even deliberately glanced at Zhong Shenghao from the corner of his eye.

What the f\*ck?! He was obviously doing this on purpose. How could he not be able to pick up the chopsticks with that small injury of his?

### **Chapter 610: Public Displays of Affection Make Love End Faster!**

Zhong Shenghao wanted to spit out a mouthful of blood!

F8ck, he was simply asking for it if he stayed!

After taking a bite, Shi Yuting opened his mouth towards Zuo Weiyi, wanting another bite.

Zhong Shenghao instantly suffered internal injuries!

"Brother, haven't you ever heard of the saying, 'Public displays of affections make love end faster'?!"

Shi Yuting gently chewed on the noodles in his mouth and then glanced at Zhong Shenghao. He then casually said, "Never heard of it."

"..."

Zhong Shenghao pursed his lips and instantly gritted his teeth in anger.

"Shi Yuting, your injury isn't that severe—" He thought that if he told the truth, Zuo Weiyi would stop feeding Shi Yuting personally, she might even be angry enough to take away his bowl of noodles.

However, before he could finish his words, he was suddenly met with Shi Yuting's sinister gaze. In an instant, his words became stuck in his throat and he had no choice but to retreat.

He couldn't eat the noodles anymore!

Zhong Shenghao gritted his teeth and immediately gave Shi Yuting a thumbs up. "You win!"

He picked up the bowl of noodles, stood up, and left the dining room.

That's right, he was third-wheeling!

Zuo Weiyi was puzzled as she watched Zhong Shenghao leave. She suddenly realized that her actions were very intimate.

Perhaps this was indeed a little hurtful for the bachelor Zhong Shenghao.

However, when she thought about how Shi Yuting was hurt because of her, and how he couldn't hold the chopsticks to begin with, how else would he be able to eat?

She had no choice but to let Zhong Shenghao suffer a little.

"How old is Zhong Shenghao?"

"The same age as me."

"Why doesn't he have a girlfriend?" Zuo Weiyi was purely curious.

However, Shi Yuting did not like it.

"Why are you so concerned about him?"

Zuo Weiyi was taken aback.

Concern? Was she? She was simply curious.

"No, I noticed his behaviour earlier and was just a little curious why he doesn't have a girlfriend."

He was the dean at such a young age, and he's rich and handsome. So why didn't get a girlfriend?

Shi Yuting glanced at her and didn't reply, but he looked pensive.

In the living room, Zhong Shenghao sat on the sofa and ate the big bowl of noodles until there were none left. He even drank all the soup before he got up and walked to the dining room.

Fortunately, the two of them had finished eating. Otherwise, he might have suffered another 10,000 points of damage when he walked in.

"Weiyi, your noodles are too delicious. Next time when I come again, you must cook again," Zhong Shenghao said with a smile.

However, before Zuo Weiyi could say anything, Shi Yuting beat her to it and bluntly said to Zhong Shenghao, "Get lost!"

Zhong Shenghao was shocked, and the smile on his face suddenly froze.

"What? I didn't ask you to cook—" But before he could continue, he was met with a sharp gaze that suddenly shot at him. Zhong Shenghao instantly shut his mouth.

He turned towards Zuo Weiyi. "Well, I'll be leaving then. Rest early, both of you!"

With that, he turned around and left.

If he continued to stay, he might really be killed by his gaze!

Zuo Weiyi couldn't help but scold Shi Yuting for his attitude. "He helped you dress your wound just now. How could you tell him to get lost?"

Shi Yuting stared at Zuo Weiyi. "From now on, you're not allowed to cook for anyone except me!"
