

## Kiss Me 631

### Chapter 631: Conspiracy (5)

“1”

“Alright, generally speaking, you shouldn’t do it in the first three months just to be on the safe side. But after more than four months, then you can have s—” He had meant to say ‘sex’, but Zhong Shenghao felt that it was necessary to be a little more reserved, so he coughed twice and changed his words.

“Ahem, make love.”

As soon as Zhong Shenghao finished his sentence, the other party had already hung up the phone!

“Once you have a significant other, you forget about your friends!” Zhong Shenghao couldn’t help but ridicule the person who hung up on him.

...

With the money in hand, Zuo Weiyi went downstairs to Xiao Cui. She stuffed the money in her hand into Xiao Cui’s palm.

“Although I don’t know exactly how much this money is worth, Shi Yuting said that there must be 10,000 here. Hurry up and give it to Xiao Song.”

Xiao Cui was both embarrassed and shocked as she looked at the money in her hands.

Madam was so good to her, but...

“No—” She felt guilty for receiving the money and wanted to return it to Zuo Weiyi.

However, she was rejected.

“Hurry up and take it to Xiao Song. You work for me, so I’m not even worried about your ability to pay me back”

Xiao Cui looked up, tears already welling up in her eyes.

“Madam, I can’t—”

“Don’t think too much about it. This is Shi Yuting’s money. This 10,000 yuan is just a drop in the ocean to him, so you can take it with ease.” Zuo Weiyi stood up. “Alright, it’s time for me to go upstairs and take a bath.”

Early to bed and early to rise was good for the baby in her stomach. This was what the doctor said, so she didn’t plan to stay up late.

Xiao Cui wanted to say something, but Zuo Weiyi had already walked up to the second floor.

Xiao Cui clutched the money in her hand tightly. She felt a mixture of emotions, but she was upset most of all.

This money was just a lie that she told. She didn’t need it at all.

However, if she left this money on the coffee table just like that, would Madam find out and investigate what happened to Xiao Song today?

Recalling what the man in the room had said to her earlier, Xiao Cui could only clench the money tightly and walk to the door.

...

At nine o'clock in the evening.

When Zuo Weiyi came out of the shower, Shi Yuting had just returned to the room.

She had thought that he would be in the study till very late. She did not expect him to be done so early.

"Are you done?"

"Yes."

Shi Yuting responded and did not say anything more. Instead, he walked straight to the bathroom.

Zuo Weiyi just stared at him, a little puzzled.

Why did it feel like there was something wrong with how he just acted? Was he angry?

She didn't think too much about it and went straight to bed.

Since she didn't take a nap in the afternoon, she quickly felt sleepy after lying down.

However, just as she was feeling sleepy, Shi Yuting came out of the shower and lay down beside her.

Suddenly, the dazed Zuo Weiyi felt a hand slip into her pajamas, waking her up in an instant!

When she opened her eyes, the man had already flipped over and was staring at her black pupils.

She was a little shocked. "What... are you doing?"

"Having sex." Shi Yuting had already impatiently sealed her pink lips the moment she said those two simple words.

Zuo Weiyi's eyes widened as she tried to push him away.

She was pregnant now, and the doctor said that she couldn't do such intense activities. Didn't he know that?

What if something happened to the babies because of this?

"Shi Yuting... No, you can't..."

"Call me the way you did in the study room again..."

Study room?

Even though it just happened, his kiss and teases had already confused Zuo Weiyi—her mind was going blank.

## Chapter 632: Conspiracy (6)

What did she call him in the study?

“Shi Yuting, let go of me first... mmh!”

Strange, how did she lose the strength to resist?

Could it be because she hadn't been with him for the past few months?

“If you call me by that name again, I'll let you go...” His voice was husky and extremely seductive, making one unable to stop listening to it.

In an instant, the room was filled with an amorous atmosphere.

“Wh—what...” Zuo Weiyi really forgot what she had called him in the study earlier.

Wait, the study?

She remembered now.

When she left, she did not know why, but she suddenly called him ‘hubby’.

So, he wanted her to call him again?

For the sake of the babies, Zuo Weiyi said it.

“Hubby, you...”

This affectionate call undoubtedly made the fire in Shi Yuting's body grow stronger. In an instant, it spread to every cell in his body and he grew impatient!

Zuo Weiyi thought that if she called him that, he would let go of her. However, in the next second, she felt the familiar feeling of something entering her body and her eyes widened in shock.

Just as she was about to struggle away, the man's low and hoarse voice came from her chest.

“It's okay, don't worry.”

Despite what he said, Zuo Weiyi was still a little worried. However, her hand that was initially pushing him away suddenly gripped tightly onto his muscular arm, as if she was reluctant to let go.

“But...”

“I've asked the doctor.” That one sentence dispelled her worries.

Although he was asking Zhong Shenghao, not the gynecologist, Zhong Shenghao sounded pretty serious. Since he said that it was fine, then it really was fine. That was why he dared to suppress her tonight. After a few months, he finally ‘made love’!

Due to the two little fellows in her stomach, Shi Yuting was aware of his limits. After an extremely gentle yet intimate session, he gradually embraced her and fell asleep.

...

The next day.

Shi Yuting woke up at dawn.

Although Zuo Weiyi was a little tired, she knew that he was going to fly to C Country today, so she also got up with him early in the morning.

After Shi Yuting washed up and put on his clothes, he saw that she had also woken up. He walked over and sat down next to her. He stroked her head and said in an extremely gentle tone, "Why don't you sleep a little longer?"

She smiled. "I'll send you off."

He curled his lips. "No need. I'll take off directly after going to the airport. I'll leave Xiangyi behind. Remember, under no circumstances should you leave his sight unless you're at home."

Zuo Weiyi was surprised.

He's leaving Xiangyi behind to protect her?

There was actually no need for that, was there? If he really wanted to protect her, he could have just hired bodyguards.

Plus, knowing that that Xiangyi might not be on good terms with Nuannuan, Zuo Weiyi could not wait for Xiangyi to fly to C Country with him.

She said, "There's no need. Let Xiangyi follow you. He's your personal assistant. Wouldn't it be inconvenient for you if he's not around?"

"It's okay. It's only a week or so anyway. He'll follow after me once he's done with his matters."

Normally, Xiangyi would often leave for a week, half a month or even a month to help him with some matters. So this was very normal.

Looking at the time, it was six o'clock sharp.

He got up and said, "Go back to sleep. I'm leaving."

"Okay."

Shi Yuting was only willing to leave after he kissed her on the lips.

### **Chapter 633: Conspiracy (7)**

Zuo Weiyi stood by the windowsill and watched his car disappear out of the courtyard. Only then did she turn around to return to her bed.

It was still very early. But Zuo Weiyi was no longer sleepy even as she lay on the bed. She tossed and turned, and finally decided to get out of bed. She walked to the courtyard to take in the fresh morning air.

It was 6:20 in the morning. Xiao Cui should be here soon. She wondered if Xiao Song's problem had been solved.

At that moment, Xiao Cui had gone to the market after leaving her apartment. It had become her habit to pick the freshest ingredients so that Zuo Weiyi could eat the most nutritious dishes for the sake of the babies in her stomach.

Just as she had finished picking all the ingredients and was about to leave the market, a voice suddenly came from behind her. It was strange for such a quiet morning.

She was unfamiliar with this voice, but she was familiar with the name it called, for it was her name.

Xiao Cui followed the figure to a deserted alley.

“What do you want me to do to Mrs. Shi?!”

Xiao Cui was shorter than the man who wore a cap and sunglasses. His voice also did not stand out. Xiao Cui was a little angry, but Xiao Song’s fate was in her hands, so she had no choice.

“Do you prepare Mrs. Shi’s meals every day?”

She couldn’t see his face clearly, but she knew that he was with the people at Xiao Song’s hotel.

“What do you want me to do in order for you to let Xiao Song go?”

“Add this to Mrs. Shi’s meals.” A small bottle appeared in his hand, the kind that usually only existed in ancient dramas.

“What is this? Are you trying to kill Mrs. Shi?” Xiao Cui was clearly a little agitated!

Since she had raised her voice, the other party could not help but lower his. “Why did you raise your voice? Do you want everyone to know? Or do you want Xiao Song to die for you?”

The one sentence instantly made Xiao Cui lose her fighting spirit.

Madam was so good to her. How could she harm her?

However, if she did not do as these people said, Xiao Song would die.

It was not until last night that she found out that Xiao Song had been completely controlled by them. Even up until now, she did not know whether Xiao Song was alive or dead.

“Don’t worry, this thing will not cause any harm to your madam,” The other party said.

Xiao Cui obviously did not believe him.

If it would not cause any harm, then why would they use it to threaten her and Xiao Song?!

“I don’t believe it!”

“It’s up to you whether you believe it or not, but you have no choice!”

Xiao Cui clenched her palm and bit her lower lip. “Before that, I want to see Xiao Song, and I have to hear his voice.”

“No problem.” The other party took out his phone and let Xiao Song and Xiao Cui have a video call.

...

It was already 6:40 am when Xiao Cui returned to the seaside villa.

Xiao Cui's heart was in a state of panic as she held the groceries in one hand and the bottle tightly in the other.

She prepared breakfast and brought it to the table. Just as the other party instructed, she poured a third of the liquid from the bottle into the white rice porridge she had prepared. It was colorless and tasteless.

After everything was ready, Xiao Cui walked to the front yard and said to Zuo Weiyi, who was sunbathing on the recliner, "Madam, breakfast is ready."

### **Chapter 634: Conspiracy (8)**

She kept her head down, ridden with guilty.

On the wooden recliner, Zuo Weiyi turned around and smiled when she saw Xiao Cui. Then, she got up from the chair and walked straight into the dining room.

The breakfast was simple, but it was very nutritious and healthy.

Zuo Weiyi liked the food that Xiao Cui prepared for her.

A bowl of white rice porridge, two deep-fried dough sticks, a plate of pumpkin pie, a plate of meat buns, and a cup of milk.

Usually, these were for her and Shi Yuting.

After Zuo Weiyi sat down, Xiao Cui walked over, scooped up a bowl of white rice porridge, and placed it in front of her.

Zuo Weiyi glanced at her and immediately smiled.

Xiao Cui also returned a faint smile, but it looked a little forced.

Of course, Zuo Weiyi didn't notice this. She picked up the spoon in the bowl and scooped a spoonful of porridge before bringing it to her mouth.

Xiao Cui clenched her palm tightly as she watched the white porcelain spoon gradually approach Zuo Weiyi's mouth. Guilt filled almost every cell in her body!

She didn't know what was in the small bottle. Would it really not cause any harm to Madam?

But if that was the case, why would those people threaten her with Xiao Song to deal with Madam?

"Oh, right." Just as she was about to eat the rice porridge, Zuo Weiyi seemed to have thought of something and suddenly looked up at Xiao Cui. "Has Xiao Song's matter been completely resolved?"

Xiao Cui was slightly startled, and the guilt in her heart deepened.

Even now, Madam was still concerned about her and Xiao Song.

"It's... been solved." She squeezed out a faint smile and then lowered her eyes.

“Well, that’s good.” As she said this, Zuo Weiyi was about to eat the porridge when she suddenly remembered. “Have you eaten?”

Without Shi Yuting, there was a table full of breakfast, and she could not finish it at all.

Xiao Cui was a little confused. “I... I’ve eaten.”

She would usually have breakfast at her small apartment before arriving for work.

Looking at the table full of food, Zuo Weiyi sighed. “What a pity. I can’t finish this all by myself.”

Xiao Cui looked up, slightly stunned again.

So, Madam was planning to let her sit down and eat together?

“Oh, by the way, Shi Yuting will be away on business for more than a week, so you don’t have to prepare breakfast for two during this period of time.” As she said that, she paused and looked up at Xiao Cui.

“Or, you can eat with me in the morning as well.”

Xiao Cui looked at her and started to clench her hands.

Zuo Weiyi finished speaking with a smile. She picked up the spoon again and brought it to her mouth.

Just as she was about to eat the porridge, the spoon was suddenly hit by someone and it fell to the ground with a clang as it shattered.

Zuo Weiyi looked at the broken white ceramic spoon, bowl, and the spilled rice porridge on the ground in shock. Then, she looked up and looked at Xiao Cui.

“Xiao Cui, what... what happened to you?”

Xiao Cui’s chest heaved violently as she stared at the mess on the ground. After a while, she said, “I... will make it for you again.”

Zuo Weiyi frowned, still shocked.

“Why do you want to make it again?”

“Because...” For a moment, Xiao Cui couldn’t find a reason. She looked at the pot of remaining rice porridge. “Because I saw a bug fall into it.”

As soon as she finished speaking, she picked up the pot of white rice porridge on the table and walked to the kitchen. She poured all of it into the trash can, washed the pot, and prepared to make it again.

### **Chapter 635: Conspiracy (9)**

Zuo Weiyi walked in and said, “Forget it.”

Xiao Cui paused and turned to look at her.

Zuo Weiyi just smiled and said, “There are other things to eat anyway. There’s no need to cook it again.”

Xiao Cui stopped what she was doing.

Zuo Weiyi went back to the dining room, sat down, and looked at the dishes on the table. She couldn't help but wonder.

Bugs?

Were there bugs in this room?

Xiao Cui cleaned every corner of the room every day. At least since she moved in, she hadn't seen even a fly, let alone other bugs.

But since Xiao Cui said so, perhaps there really was a bug.

She didn't think too much about it. Instead, she picked up a piece of fried dough stick from her plate and ate it.

...

It was still morning as Zuo Weiyi sat on the sofa and watched TV with nothing to do.

After Shi Yuting left, she had more free time.

When it was close to noon, the doorbell suddenly rang.

Xiao Cui was busy preparing lunch and started to tremble in guilt.

She turned her head and looked in the direction of the door. She then walked out and opened the door.

Zuo Weiyi also thought it was a little strange. Who could it be?

Not long after, Xiao Cui walked in with a group of people.

"Weiyi!" Zuo Yi could not hide the joy on his face when he saw his granddaughter.

Although she knew that he would come to Z Country today, Zuo Weiyi was still excited to see her grandfather with her own eyes.

"Grandpa!"

Just as she walked over and wanted to say something to Zuo Yi, she saw a few figures walk out from behind him.

They were Shi Le, Nuannuan, and... Shen Lanzhi.

Zuo Weiyi was completely shocked. Her dark eyes flashed with disbelief!

"Mother..."

Shen Lanzhi smiled and walked over. Her voice was extremely gentle. "Is everything okay here?"

Zuo Weiyi had not heard what she had said at all. She was extremely shocked by her mother-in-law's sudden appearance.

"You, you..." She had thousand and one words in her heart that she wanted to say to Shen Lanzhi, but in that very moment, she could not utter a single one.

She could not believe that her mother actually woke up and was standing in front of her.

Was she dreaming?

“I’ve let you down during that period of time.” Shen Lanzhi held her hand as tears welled up in her eyes.

Nuannuan had already told her all about the blame and neglect that Weiyi had suffered after the car accident. When Shen Lanzhi learned about it, her heart ached for her.

Back then, Weiyi must have felt that the weather was too cold, so she allowed Shen Lanzhi to stay in the car to enjoy the heat while she got out to settle things.

However, both of them did not expect that things would end up as a car accident. Shen Lanzhi felt as if Weiyi had been wronged.

Looking at Shen Lanzhi, Zuo Weiyi’s heart was filled with unspeakable joy. Her eyes gradually turned red. “You’re really awake...”

Seeing that she was so crying from happiness, Shi Nuannuan could not help but speak up. She walked over and held Zuo Weiyi’s hand. “Sister-in-Law, I’m sorry. Mommy actually already woke up a long time ago. But I wanted to give you a surprise, so I didn’t tell you.”

It had been half a month since Shen Lanzhi recovered before she arrived in Z Country. She then spent nearly a month in the hospital to recuperate. Now, her body had completely recovered.

### **Chapter 636: Conspiracy (10)**

“I heard from the doctor that you didn’t give up on me despite having only a one in 100,000 chance of waking up. You went to the hospital every morning to take care of me and really gave me that chance.” When the doctor told her all this, Shen Lanzhi liked her daughter-in-law even more.

If it wasn’t for Weiyi, she might not have woken up.

Tears started to fall from Weiyi’s eyes, immediately waking her from her daze. She wiped away her tears. “I’m so happy that you’re awake.”

Shen Lanzhi reached out and brushed away the strands of hair on her cheeks. “How should I make it up to you?”

Zuo Weiyi shook her head. “You don’t have to make it up to me, because it was my—”

“You didn’t do anything wrong.” Shen Lanzhi cut her off. She knew what Weiyi was about to say. “No one expected a car accident to happen. And it didn’t change your true intentions. You couldn’t bear to let me suffer the cold wind, so you didn’t do anything wrong by leaving me in the car.”

Shen Lanzhi continued, “I know that Yuting misunderstood you and made you suffer a lot.”

“No, he has been very good to me, actually.” At the time, he just couldn’t accept the truth and didn’t know how to deal with it. But after coming to Z Country, she could not deny his sincerity to make up to her.

That was why she never blamed him.

It was the same for her mom's death—she felt far more than resentment, especially when she knew that the death was caused by people.

“Come on guys, it wasn't easy for all of us to get here. Why do you have to be like this? Weiyi is pregnant and crying is not good for the children in her stomach.”

Shi Le could not help but speak up when saw how heartbreaking the scene had changed to.

Shen Lanzhi quickly said, “Right, right. Let's sit down and talk.”

The group of people sat down on the sofa. Everyone's gaze fell on Zuo Weiyi and her slightly protruding stomach.

“If I calculated correctly, it's been more than four months, right?” Shen Lanzhi looked at Weiyi's stomach tenderly. She was looking forward to the birth of her grandson.

Zuo Weiyi nodded as she also looked down at her slightly protruding belly. “Yes, the last time I went to the hospital for a check-up, the doctor said that they were twins.”

Everyone was surprised.

“Twins?!” Shi Nuannuan exclaimed. Every time she walked on the streets and saw other people's twin children, she had always felt that there was something magical about them—to think that it was possible to have two children who looked exactly like each other in this world!

“Yes.” Zuo Weiyi smiled and nodded. She knew that Shi Yuting was the son and heir to the family, so she did not know if Shen Lanzhi and Shi Le would mind her asking them if they had any preference over the babies' gender.

“I just don't know if they will be boys or girls.”

“It doesn't matter. Even if these two are girls, you and Yuting are still young. You can have another child!” Shi Le said.

He wasn't that patriarchal of a person. But with the huge family business of the Shi family, he still hoped to have an heir.

Of course, if they really couldn't have a son, then the heir would have to be one of his great-granddaughters. However, in that case, then the name of the Shi family business would have to change to the surname of one of his great-granddaughters' husband.

Therefore, he still hoped for a boy.

“That's right. You and Yuting are still so young. Don't worry.” Shen Lanzhi echoed.

Zuo Weiyi contemplated Shen Lanzhi and Shi Le's words.

### **Chapter 637: Conspiracy (11)**

However, the last time they discussed this, Shi Yuting adamantly said that he not want to have a second child.

And she still did not understand why not.

Could it be that he did not want a son?

No, he wanted a son, but why wouldn't he let her get pregnant with another?

Could it be that... he could not have a second child?

Cough, cough!

Zuo Weiyi shuddered and dispelled the strange thought in her mind. How could a man not have a second child? When did her imagination get so wild?!

"Why do you want a boy? Aren't girls quite adorable?" Zuo Yi frowned and hoped that his granddaughter would give birth to great-granddaughters for him to play with. "I mean, look at our Weiyi! She's so obedient and sensible."

"I'm not saying that girls are bad, it's just that..." Shi Le started. In his heart, he just hoped for a boy to inherit the family business, not because he purely had a patriarchal mentality. "I have such a huge family business. Someone has to inherit it, right?"

Zuo Yi also somewhat agreed.

Just like his current family business, he had originally planned to let Weiyi inherit it all, but she did not want a single cent and let him donate it all to charity.

He had gone through so many struggles throughout his life to attain what he had. But in the end, he still wouldn't be able to bring them with him to the afterlife. It was as if he struggled only for the sake of others. Therefore, he could understand how Shi Le felt.

The Shi family had a big business and indeed needed an heir.

"Then, just have a second child!"

"Gosh, isn't it still uncertain whether they'll be boys or girls? What if she's pregnant with both a boy and a girl? We can't be sure about everything!" Shi Nuannuan could not help but speak up.

She felt that the discussion among the elders was simply putting pressure on her sister-in-law!

"That's right, we're still not sure about the gender. Why are you in such a hurry?" Zuo Yi glanced at Shi Le with disdain.

Shi Le was instantly speechless.

For lunch, Xiao Cui had to prepare more food due to their arrival.

She was very glad they had arrived, because she wouldn't have to add that thing to Weiyi's food then.

However, just as she heaved a sigh of relief, the phone in her apron pocket rang.

It was an unknown number.

She frowned and immediately picked up. "Hello?"

The other party's voice was very low, so she couldn't tell whose it was.

“Did you add it in?”

As soon as the other party said that, Xiao Cui’s tensed up.

“I...”

“You didn’t add it in?!” The other party’s tone was obviously a little unhappy. “What, are you going to watch your lover die?”

“Don’t touch him!” Xiao Cui tried her best to keep her voice low so that Zuo Weiyi and the others couldn’t hear her from the living room. But even so, she couldn’t hide her anxious tone.

“Then do as we say.” Xiao Cui was threatened again. “If you keep this up, I promise I’ll send Xiao Song to prison tomorrow and make sure he never comes back!”

“No, no, I...” Xiao Cui became more anxious. She had lived for more than twenty years and had never felt so helpless and desperate.

She had no family and lost the warmth of her parents since she was young. She didn’t know what it was like to have a family. All she knew was to serve people, so no one had ever loved or cared for her. Xiao Song was the first.

However, it was either her lover or her madam who had treated her so well. How was she going to choose? What was she going to do?

### **Chapter 638: Conspiracy (12)**

“Because Madam’s family members are here so I couldn’t put that thing in.”

Hearing this, the line was silent for a few seconds, then he said, “Don’t worry, anyone who eats that thing will be fine, I promise.”

Xiao Cui was suspicious.

Anyone who eats it will be fine? What exactly is that thing? What was the other party’s purpose?

“But, I have already served my lunch on the table. I have no chance to do it again.” Xiao Cui lied.

As the person on the other end of the line only had her words, he believed her without a doubt.

“What about this morning?”

Xiao Cui’s hand tightened around the phone from nervousness. She tried to speak normally, hiding her nerves.

“In the morning, I put it in the white rice porridge, but... Madam only ate the fried dough sticks and milk. She did not touch the white rice porridge at all.”

“You’d better not be playing tricks on me!” The other party became agitated. “I’ll give you one last chance. Put the food in Zuo Weiyi’s favorite dish for dinner. If I don’t see the expected result tomorrow, be prepared to say goodbye to Xiao Song!”

Before Xiao Cui could say anything, the other party had already cut off the call.

Xiao Cui was falling into a mental breakdown.

“Xiao Cui.”

Zuo Weiyi’s voice suddenly came from behind her. Xiao Cui’s body and heart trembled reflexively. She turned around in shock and looked at Zuo Weiyi who was standing at the kitchen door.

“Ma—Madam.”

Zuo Weiyi frowned slightly.

Was Xiao Cui being absent-minded again?

She saw the phone in Xiao Cui’s hand. “Who were you talking to?”

Xiao Cui glanced at the phone in her hand quickly put it down.

“W—with Xiao Song.”

“Is there anything wrong?”

“Nothing, nothing.” Xiao Cui turned around and changed the topic, “Madam, it’s time to eat.”

Xiao Cui brought the prepared dishes to the table.

Zuo Weiyi had come to see if the dishes were ready. Although she felt that something was wrong with Xiao Cui, she didn’t ask further and decided to eat first.

After lunch, the group sat on the sofa and continued chatting.

Shen Lanzhi could not help but sigh when she thought about how they just missed Shi Yuting.

“I can’t believe Yuting actually flew to C Country already. I thought I would be able to see the two of you here.”

“This child really is something. He didn’t even tell us anything when he went back.” Shi Le also looked a little disappointed.

Seeing the two old men’s reactions, Zuo Weiyi could not help but say, “He said that he would be back in a week or so.”

At this moment, Xiao Cui walked out after cleaning up. Zuo Weiyi saw her and said, “Xiao Cui, go to the second floor and tidy up some rooms.”

“Oh, no, no! There’s no need for that!” Shen Lanzhi quickly declined. Then, she smiled at Zuo Weiyi.

“We’re going to Shi Mansion. There’s no need to tidy up our rooms for us.”

Zuo Weiyi was stunned, then turned to Zuo Yi. “What about Grandpa?”

“Well, of course I’m not going to stay here. I’ll be at the the same house as before. You know that,” Zuo Yi said with a smile.

Since this was their private villa, he really shouldn’t stay with them.

"I want to live here!" Shi Nuannuan suddenly raised a hand and made a statement. Then, she looked at Xiao Cui. "Go and tidy up the bedroom that I'll be staying in."

### **Chapter 639: Conspiracy (13)**

Shen Lanzhi quickly looked at her daughter. "Nuannuan..."

"Oh, it's fine. Brother and Sister-in-Law won't dislike me!" She said confidently. She had decided not to leave and stay here!

Moreover...

She could not help but glance at the direction outside the door.

Xiangyi was standing outside.

"Isn't that right, Sister-in-Law?" Then, she turned back and looked at her beloved sister-in-law's face.

Zuo Weiyi smiled. "Of course I don't mind."

She turned and said to Xiao Cui, "Ok, please go ahead."

Xiao Cui nodded slightly and walked to the second floor to tidy up Shi Nuannuan's room.

...

They chatted until three in the afternoon. Zuo Weiyi started to feel a little tired, probably because she was used to taking naps every day.

Shen Lanzhi was a person who had been through the whole ordeal, so she naturally knew how Zuo Weiyi was feeling.

She looked at Shi Le. "Dad, let's go back first and let Weiyi rest for a while."

It was almost time to leave anyway.

Shi Le also stood up. "Okay, then let's go back and settle in as well."

They came right after they got off the plane. Although there were servants in Shi Mansion to help unpack their luggage, there were still some things that they need to tend to by themselves.

"Then Grandpa will leave too. I'll come see you tomorrow." Zuo Yi also stood up.

After the group left, Zuo Weiyi could not help but move her sore body.

"Sister-in-Law, is pregnancy really very tiring?" Seeing her tired yet happy appearance, Shi Nuannuan could not help but ask.

She smiled. "Yup, that's right."

It was also the first time she experienced such a feeling—getting tired but still happy and content.

In the afternoon, Zuo Weiyi went upstairs to rest. Shi Nuannuan, who had been on the plane the whole morning, was also a little tired, so she went upstairs to sleep.

She slept until 5:30 in the evening, when Zuo Weiyi was woken up by the ringing of her mobile phone.

“Hello?” There was a hint of sleepiness in her voice.

On the other side, Shi Yuting couldn't help but smile and said gently, “Were you sleeping?”

It wasn't until she heard his voice that Zuo Weiyi woke up from her daze.

“Shi Yuting?”

“Well, I'd prefer you call me hubby.”

“...” Although she was a little embarrassed, Zuo Weiyi felt happy.

She looked out the window and saw that it was already dark.

“Are you done with work?”

“Yes, did I wake you up?”

“No, I've been sleeping for a while. I seem to like sleeping more and more recently.”

“Well, sleeping more is better for our sons.”

Sons? Did he really think that there were sons in her belly?

Then Zuo Weiyi remembered.

“Shi Yuting, can you tell me why you don't want a second child?”

Shi Yuting was silent for a few seconds before he said, “Mom and Grandpa went to your place?”

Zuo Weiyi's thoughts had been successfully diverted.

“Yes, but they've already left for Shi Mansion.”

“I see.”

However, Zuo Weiyi's went back to the previous topic. “So, tell me, why don't you—”

“I still have something to do, so I'll hang up first. Remember to be a good girl and finish your meals.”

Before Zuo Weiyi could say any more, she heard the line get cut.

Zuo Weiyi was confused and slightly frustrated.

She got out of bed and went downstairs to the living room.

In the kitchen, Xiao Cui was preparing dinner.

#### **Chapter 640: Conspiracy (14)**

She had just walked into the living room when she saw Shi Nuannuan's figure disappear at the entrance. Curious, she followed her.

After Nuannuan went out, she sat on the swing in the courtyard.

Her position was just diagonally opposite Xiangyi's.

Glancing at the two of them, Zuo Weiyi smiled and immediately turned back to the living room, giving the two some space.

In the kitchen, Xiao Cui was steaming a bream.

She stood by the kitchen counter, her pair of dark red phoenix eyes fixed on the fish in the pot as she tightly held a small blue and white porcelain bottle in her hand.

Just as she was thinking, her phone suddenly buzzed.

She took it out and saw a message.

In it were photos of Xiao Song getting beaten black and blue.

Xiao Cui's heart suddenly felt like it was being hit by a thousand hammers!

Soon, her phone rang and she hurriedly picked up the call.

"What are you doing?!"

"If you don't do as we say, I assure you, Xiao Song won't live through the night!"

"Please... don't hurt him, I'll promise you anything! As long as you don't hurt him..." She was so anxious that tears were streaming down her face and she almost screamed.

"Okay, then I'll wait for your good news tonight." On the other end of the line, a strange smile appeared on the person's face.

"I want to talk to Xiao Song on the phone!"

"Don't worry, I'll definitely let him go after this is done!"

"No—" But before Xiao Cui could finish her sentence, the line had been cut off. "Hello? Hello?!"

No matter how much she cried, there was only silence.

Xiao Cui put away her phone and looked at the fragrant steamed fish in the pot. She closed her eyes and two streams of tears flowed down her cheeks.

I'm sorry, Madam...

She opened her eyes again and poured the colorless and tasteless liquid into the pot.

Dinner time.

Shi Nuannuan could smell the fragrant steamed fish and could not wait to eat it.

"Wow, it looks so delicious."

With her chopsticks, Shi Nuannuan picked up a bit of the fish and put it into her mouth. She chewed slowly and tasted it carefully.

"Hmm..."

Xiao Cui took out a bowl of soup just in time to see Shi Nuannuan taking the first bite of the fish.

“Miss!” Xiao Cui could not help but exclaim!

Xiangyi was guarding outside the door when he heard the exclamation and his expression changed. He rushed in immediately!

However, when he saw Shi Nuannuan sitting at the dining table in perfect condition, his heart that had risen into his throat suddenly calmed down.

Seeing Xiangyi rush in and Xiao Cui’s strange expression, Shi Nuannuan felt a little puzzled.

Her hand froze in midair as she was just about to pick up another bite of the fish. “What? What’s wrong?”

Xiao Cui observed her with a serious expression. “Are, are you okay?”

“...” Shi Nuannuan’s warm and dark pupils froze. “What could be wrong with me?”

Xiao Cui glanced at her and lowered her eyes. “No, it’s.. it’s fine.”

She put down the bowl of soup in her hand and returned to the kitchen.

Just as she was about to bring out the white rice, her phone rang again.

It was yet again a number that she did not recognize, but this time it was a landline from the city.

“Hello?”

“Xiao Cui, you can’t give that thing to Mrs. Shi! If she eats it, she won’t be able to keep the babies in her stomach! That’s abortion medicine!”

Xiao Cui’s face instantly turned pale!
