

Kiss Me 661

Chapter 661: Who Was the Mastermind?

Shi Nuannuan sat down on the armchair. "Sister-in-law, why did Brother suddenly come back?"

Zuo Weiyi had just washed up and walked out of the bathroom "I'm not sure. Maybe he's worried about what had happened these few days."

"Oh."

Shi Nuannuan nodded and went downstairs with her after she had changed her clothes.

Since Xiao Cui was not around, they did not have breakfast when they woke up early in the morning. Shi Yuting had no choice but to instruct Xiangyi to buy breakfast.

After breakfast, Shi Yuting called Xiangyi to the study to understand the details of what had happened in the past few days.

Qiu Yun...

Shi Yuting was naturally no stranger to this name.

She was indeed filled with hatred towards Weiyi. Coupled with her low status, she really could not get close to Weiyi and harm her. As such, she could only use Xiao Cui.

But how could a mere person like Qiu Yun accomplish this series of conspiracy?

"Have you found anything?"

"I'm working on it but there are no results so far," Xiangyi replied.

Then, he looked at Shi Yuting as if he had something to hide. "Your Excellency."

Shi Yuting looked up and didn't say anything. Instead, he waited for him to continue.

"I found out that Qiu Yun was taken in by the Li family two months ago and became a maid in their house. If you want to focus your investigation, you might have to go to the Li family."

According to the current investigation results, ever since Qiu Yun entered the Li family, she almost never went out except to buy groceries. Therefore, it was impossible to find out who she'd had dealings with.

But since she's been getting groceries, it was very likely that Qiu Yun had met Xiao Cui before. However, Xiao Cui believed that it was definitely not Qiu Yun who had met her before, which is also suspicious.

Shi Yuting naturally understood the meaning of Xiangyi's words.

The Li family's status was so prominent in Z City that it was impossible to investigate them easily. So Xiangyi wanted him to step forward and approach president Li of L Group to understand the situation?

Indeed, during the previous incident at the dinner party, Li Chengcheng's concern for Qiu Yun was quite extraordinary. And he still did not know if that was Miss Li's natural personality or not.

However, if Qiu Yun became the scapegoat, could it have something to do with Li Chengcheng?

Although they had only a few interactions, Li Chengcheng was indeed a little different from other women.

Throughout these years in the business world, every woman who wanted to get close to him through cooperation had ulterior motives. However, Li Chengcheng gave him the impression that she was a woman who clearly separated public and private affairs. She did not reveal her other intentions even after several close encounters.

Of course, there was another possibility, which was that Li Chengcheng's acting was good enough that even he could not see a single flaw in her.

Even with the coffee that she accidentally spilled in the office last time, Li Chengcheng clearly explained how careless she was. If she was any other woman, she would have done so just to get his attention. That was why he felt that Li Chengcheng did not approach him due to greed, but because she really wanted to work with Di Zun Group.

However, Qiu Yun was her maid, so it didn't make sense that she had nothing to do with this matter.

But if she did, what was Li Chengcheng's motive?

Weiyi and Li Chengcheng had never been in touch or met in the past, so there should be no reason for her to get involved.

Chapter 662: Li Chengcheng's Visit

Was it because Di Zun had replaced L Group as the number one company in Z City?

It couldn't be, because if that was the case, L Group should have made a move years ago. There was no need to wait until now.

Xiangyi waited calmly by the side.

Every time His Excellency thought about something, he would turn serious and quiet to the point where no one dared to make a sound to disturb his thoughts.

"The cooperation with L Group is still ongoing. There should be plenty of opportunities." Shi Yuting stood up as he finished speaking.

With him stepping forward, Xiangyi no longer had to worry about this problem.

Zuo Weiyi watched the two men go down the stairs.

At this moment, a bodyguard entered and said, "Your Excellency, there's a young lady outside who claims to be the CEO of L Group. She wants to see Young Madam."

The announcement stopped Shi Yuting in his tracks.

Zuo Weiyi also looked surprised as she looked at the bodyguard in surprise.

The CEO of L Group? Li Chengcheng?

Shi Yuting stood silent for two seconds before his thin lips opened slightly. "Let her in."

After saying that, he walked to the sofa and sat down beside her.

“Is she here regarding Qiu Yun’s matter?” Zuo Weiyi asked as she looked at him.

Shi Yuting smiled at her as he lifted his hand to stroke her silky hair. “You’ll know when she gets here.”

Not long after, Li Chengcheng walked in with a gorgeous spring outfit.

Her graceful figure and beautiful face was what every man wanted.

However, Li Chengcheng was different from the daughters of other companies. She always gave people the feeling that she was calm and composed, as if she had no interest in these virtual material things. It was said that there were many people pursuing her, but she had always rejected them politely, claiming that she was only 23 years old at the moment and only wanted to focus on running L Group without the distraction of relationships.

Zuo Weiyi did not know if it was just her imagination, but the moment Li Chengcheng entered the door, she was reminded of Tengtang Xi.

What was going on?

Upon a closer look, Li Chengcheng’s height and weight were indeed very similar to Tengtang Xi. But there are many people who look like each other in this world. But then again, why would Tengtang Xi’s shadow appear in her mind for no reason?

She had clearly been buried at the bottom of the sea.

She couldn’t figure out how to connect the two together.

Li Chengcheng walked in and was a little surprised the moment she saw Shi Yuting.

Didn’t he go to C Country?

As she continued walking and her heels clicked on the floor, the confusion on her face disappeared in an instant and was replaced by a smile. “Mr. Shi, you’ve returned to the country.”

She walked towards the two of them and then nodded at Zuo Weiyi with a smile. “Mrs. Shi.”

Zuo Weiyi pulled herself together and smiled back at her.

“Please, sit.” Shi Yuting’s gaze pointed to the armchair next to theirs.

After she sat down, Zuo Weiyi asked, “Are looking for me?”

She had come to look for her personally and even knew her address, which made her a little surprised.

After all, most people didn’t know that she lived here.

Looking at her, Li Chengcheng smiled. “Yes, I’m sorry to disturb you.”

Shi Nuannuan was sitting next to Zuo Weiyi as she sized up Li Chengcheng while reaching out to pick up an apple from the fruit plate. After taking a bite, she continued to look at her carefully.

Chapter 663: Li Chengcheng’s Apology

Where did this Li Chengcheng come from?

'Sigh, there were too many wild peach blossoms around my brother.'

After sending away Jing Xinlei, Tengtang Xi died, and now there was Li Chengcheng, the CEO of L Group. Although she looked pretty good, no one knew what she was planning.

Women were good at acting and would do anything to achieve their goals.

Zuo Weiyi smiled and asked, "How did you find out about this place?"

She was very curious. The bodyguard had reported that she was looking for her and not Shi Yuting. Did that mean that she was trying to find out where she lived in order to find her?

When she was asked about this, the smile on Li Chengcheng's face remained calm and magnanimous without the slightest bit of guilt. "I'm very sorry. Because I don't have your contact information, I had to go to Di Zun to find out."

When he heard this, Shi Yuting's expression changed slightly.

She went to Di Zun just to find out her address?

"I received a call from the police and found about Qiu Yun's death. I heard that when she was alive, she manipulated your maid to poison your food. When the matter was exposed, she poisoned herself and died. Is this true?"

Li Chengcheng's eyes were impenetrable, as if her purpose for coming here was that simple.

However, would that really be the case if the grand CEO of L Group, the daughter of the Li family, was making a big fuss over a maid? Wasn't this making a mountain out of a molehill?

Just as Zuo Weiyi was trying to figure out the situation, Li Chengcheng spoke, "You may think that I'm overreacting, but I care about Qiu Yun purely because she once did a favor for my father. On the day my father fainted, she was the one who called the ambulance. She just so happened to be there to apply for a job to be a cleaning lady, even though all the spots were full. In the end, my father took her in to work at home. I care for her a little more than usual because she had save my father. That is all."

If that was the case, then it was understandable.

Her explanation resolved Zuo Weiyi's confusion.

"Well, that makes sense," Zuo Weiyi said as she looked at her.

Li Chengcheng fell silent for a moment. Her head started to tilt down and she looked a little sad.

But then she looked back up at Zuo Weiyi and said, "I'm sorry that she has harmed you time and time again."

For the first time, Zuo Weiyi started to doubt her saintly appearance.

Even if Qiu Yun had saved her father, did she, the CEO of a company, have to personally pay a visit just to apologize for a maid's mistake?

Though her reason for doing so had been clarified, her actions were still a little too much.

“Miss Li, you don’t have to apologize to me. This has nothing to do with you at all,” she said with a smile, but her words were firm.

The obvious repulsion in her tone stunned Li Chengcheng.

Then, she smiled again, “No, she was taken in by the Li family, so I still have to apologize to you.”

Li Chengcheng’s sincere face made Zuo Weiyi ponder for a moment before asking, “If you really feel sorry, why don’t you tell us more about Qiu Yun?”

Li Chengcheng was taken aback by Zuo Weiyi’s words.

“Qiu Yun? What about her?”

Zuo Weiyi had been carefully observing Li Chengcheng’s expression when she asked the latter the question. Judging from her blank look, it seemed that she was aware of Qiu Yun’s actions in the outside world.

Chapter 664: Full of Flaws

But how could this be possible?

Qiu Yun was already in dire straits. So where did she get the money and power to hire those assassins and that man, Charlie to act with her?

There was definitely mastermind behind her, or Qiu Yun had become the scapegoat for the mastermind behind the scenes.

Did Li Chengcheng really not know anything?

“Didn’t you say just now that you already knew everything about the matter?” Zuo Weiyi looked at her calmly. “What I’m curious about is that she already has nothing. How did she plan all of this? Don’t you find it strange?”

Li Chengcheng was once again taken aback by her question.

However, her calm face did not change at all. But rather than appease others’ curiosity, her expression only tempted others to continue prying, hoping to make a crack in her supposed facade.

“Now that you’ve mentioned it, I also find it a little strange.” Li Chengcheng looked down as she started to ponder.

At this moment, Shi Nuannuan who was eating an apple could not help but say, “Hey, since she’s your family’s maid, it can’t be possible that you didn’t know anything about who she’s been with, right?”

Li Chengcheng looked up. “Miss Shi, are you saying that I know the whole story?”

“I didn’t say that. You’re overthinking it!”

After glancing at Shi Nuannuan, Li Chengcheng’s gaze returned to Zuo Weiyi and Shi Yuting beside her.

Shi Yuting had not said a word, just listening quietly since the beginning.

She knew that this man's observation skills was very strong, so she could not reveal any flaws.

"I am indeed not very clear about Qiu Yun's matter, but..." she paused for a moment and she looked into Zuo Weiyi's dark pupils, "Earlier, my father had given her a blank check in order to thank her. As far as I know, she filled in the amount herself. As for how much, my father did not tell me, so I don't know."

Zuo Weiyi looked at her.

So what she meant was, Qiu Yun might have used this money to plan all of this?

Since she couldn't get any clues from Li Chengcheng, there was no need for her to continue asking.

She smiled and said, "Thank you, Miss Li, for telling us this."

"You're welcome. I'm naturally obliged to help you."

She was duty-bound. Although Li Chengcheng gave people a good impression, Zuo Weiyi gradually realized that the more she interacted with her, the more her shortcomings were gradually exposed.

Her favorable impression of L Group's president was gradually declining.

"Since you're here, why don't you stay for lunch?"

Zuo Weiyi offered politely with a smile but it sounded more like a dismissal to Li Chengcheng.

She stood up and said, "There's no need for that. I still have things to deal with at the company. I'll be taking my leave now. Goodbye."

She smiled and nodded at everyone, then turned around and left.

It was not until she had disappeared behind the door that Zuo Weiyi looked at the man on the sofa who had remained silent the entire time.

"Why didn't you say anything just now?"

Shi Yuting, who was deep in thought, looked at her.

Then, he raised his hand and hugged her lovingly.

"My wife is very observant. There's no need for me to say anything."

Meeting his deep and unfathomable black eyes, Zuo Weiyi could not help but wonder if he was praising her

"Then, what does the president think of Li Chengcheng?"

Shi Yuting curled his lips and averted his gaze. Calmly, he said, "She's full of flaws."

Chapter 665: Plagued by Nightmares Again

Zuo Weiyi was stunned.

Flaws? There were?

She had carefully observed Li Chengcheng just now. From her eyes and face, there was nothing strange. It was as if she did not know anything about Qiu Yun. Then why did he say that she was full of flaws?

She looked at him, clearly confused.

Shi Nuannuan, who had finished eating an apple, suddenly felt that her existence was a little redundant. Should she leave quietly?

She looked at the time and saw that it was almost 11 o'clock in the morning.

Xiao Cui was not around, and her sister-in-law was pregnant. Neither she nor her brother knew how to cook.

Her gaze suddenly drifted to Xiangyi.

"Brother, Sister-in-Law, it's almost noon. So, I'm going out to buy lunch!" She got up from the sofa and walked directly to Xiangyi before pulling him toward the door.

Xiangyi was caught off guard. He looked at Shi Yuting and wanted to push Shi Nuannuan away.

After all, His Excellency had not spoken, so he could not leave on his own accord.

"Miss..."

However, Shi Nuannuan held onto his arm tightly, as if she did not intend to let go at all. Instead, she raised her delicate and pretty face. "What? You intend to protect me?"

Xiangyi was alarmed as his gaze returned towards Shi Yuting.

Shi Yuting looked at the two of them and his thin lips parted slightly. "Go."

Shi Nuannuan smiled. As expected, the person who understood her was her dear brother!

"Let's go!" She dragged Xiangyi towards the door.

Since Shi Yuting had spoken, Xiangyi had no reason not to go.

However, it would not be good if the master's people saw him walking out with her clinging onto his arm so intimately.

So when they reached the door, he forcibly pushed away the pair of hands that were on his arm.

Although Shi Nuannuan was a little unhappy, she knew that many people in the courtyard were her grandfather's people, so she did not say anything.

"Why are you going out to buy food again? I can make lunch." Zuo Weiwei thought that going out to buy food every day seemed to be a huge expenditure. Although Shi Yuting had a lot of money, she still felt that it was a bit of a waste.

Shi Yuting turned and smiled at her. "Pregnant people shouldn't work too hard. Plus, I also feel that their presence were become a little redundant, so it's good that they left."

Zuo Weiwei was shocked.

So this was his real goal?

But under this broad daylight, how could Nuannuan and Xiangyi be redundant?

“Why are they redundant—mmhmm!”

Before she could finish her sentence, Shi Yuting decided to demonstrate the answer to her question.

Fortunately, he let go of her after a deep kiss.

...

In the afternoon, Shi Yuting had to make a trip to Di Zun so he left after lunch.

Zuo Weiyi and Shi Nuannuan watched TV for a while and felt a little sleepy after, so they just lay down on the sofa.

She had just lay down and closed her eyes for less than three minutes when that terrifying scene once again struck her mind, causing her to open her eyes immediately and sit up from the sofa in shock!

Nuannuan, who was still watching television, turned around and saw how frightened she was. She could not help but ask, “Sister-in-law, what happened to you?”

Zuo Weiyi was stunned for a moment.

She did not understand why that nightmare would haunt her every time she fell asleep.

After an entire morning, she actually could not remember that dream anymore. But why did the nightmare appear again when she was just about to fall asleep?

“Sister-in-law?” Seeing her in a daze, Shi Nuannuan couldn’t help but sit closer and wave her hand in front of Weiyi’s eyes.

Chapter 666: What Happened to Her?

Zuo Weiyi came back to her senses and looked up at Nuannuan. “I’m fine.”

Shi Nuannuan could not help but pause. “But, you don’t look too well.”

Zuo Weiyi subconsciously raised her hand to touch her face. “I had a nightmare.”

So it was a dream.

Shi Nuannuan nodded. “Oh...”

Thinking that she might have been frightened by the nightmare, Shi Nuannuan did not think too much about it.

However, for the next hour or so, as soon as Zuo Weiyi closed her eyes, her mind was filled with that dream again.

She did not understand. Why would she keep having the same dream?

In her 22 years of life, she had never had a dream happen again in exactly the same way.

Shi Nuannuan watched her toss and turn for the next hour as she sat next to her. She could not help but feel worried.

“Sister-in-Law, what... is wrong with you?”

Finally, Zuo Weiyi sat up looking a little tired.

“I don’t know why, but I keep having the same dream.”

“What dream?” Shi Nuannuan asked.

“There’s someone who wants to kill me and the child in my stomach, but I can’t see his face clearly...”

The dream had repeated so many times, but she still couldn’t see the person’s face clearly.

Listening to her words, Shi Nuannuan started thinking.

Perhaps after the incident with Xiao Cui, she had thought too much, which led to her dreaming about it day and night?

“Sister-in-Law, are you so worried to the point of having the recurring dream?”

Zuo Weiyi said to Nuannuan calmly, “At first, I thought that it was because I was thinking too much. However... I didn’t think about it when I was going to sleep just now. Furthermore...” she looked at Nuannuan, “even if I did, why would it be the same one?”

Shi Nuannuan paused and pursed her lips. She did not know how to explain this.

So, for the entire afternoon, even though Zuo Weiyi wanted to sleep, that nightmare did not let her be.

She was a little worried. If this happened again at night, what would she do?

At five o’clock, the phone in the living room suddenly rang.

Shi Nuannuan picked it up and realized that it was her mother calling. She said that she wanted them to go to Shi Mansion for dinner.

It was 5:40 P.M. by the time they arrived at Shi Mansion, escorted by Xiangyi. Zuo Yi was also invited over.

The few of them just had a chat for a while in the living room when Shi Yuting arrived as well.

After dinner, it was already 9:00 P.M. as they made their way back to the seaside villa.

Zuo Weiyi was really sleepy, so she leaned against the passenger seat and fell asleep unknowingly.

There were still twenty minutes left until they reached. In order to make her sleep a little longer, Shi Yuting stopped the car by the roadside and lowered her seat a little.

When they arrived at the seaside villa, Shi Yuting got out of the car and carried her to the bedroom. Just as he was going up to the second floor with her, he realized that something was wrong with her body again.

He stopped and saw that cold sweat was starting to flow from her forehead and her brows were tightly knitted together. It was exactly the same as what happened last night.

Was she having another nightmare?

Shi Yuting's heart tightened when he thought about her dream. He rushed into the room and placed her on the bed before desperately trying to wake her up.

"Weiyi!"

"Don't... don't kill my child..."

"Weiyi?!" He raised his voice and finally woke her up.

Zuo Weiyi suddenly opened her eyes, looking just as frightened as the night before.

Chapter 667: It Can't Be Schizophrenia, Can It?

Fear rose through his heart.

"Weiyi?"

She was still in shock as she slowly turned her head. It was only when she saw him that she realized that it was all just a dream.

But it was the same one again. What was wrong with her?

She put her head in her hands. After the nightmare, she looked much more haggard.

Could it be that she had schizophrenia?

"Did you dream again?" His gentle voice sounded above her head.

She nodded. "Yes."

As he stared at her for a few seconds, Shi Yuting felt that she was becoming different.

She had never been tortured by the same dream so much that she could not fall asleep. Could it be that she was sick?

"I'll go find Zhong Shenghao to check on you." He was about to turn around, but she reached out and pulled him back.

He looked at her with a distressed and puzzled look.

"It's very late. Let's do it tomorrow."

"But how are you going to sleep like this?"

Zuo Weiyi thought for a while. "How about taking a calming pill and let's see what happens?"

After looking at her for a while, he said softly, "Okay."

To be on the safe side, Shi Yuting called Zhong Shenghao. After learning about her insomnia, Zhong Shenghao agreed with the suggestion to try a calming pill first.

After meeting Zhong Shenghao, Shi Yuting went out and bought the pill.

When he returned to the master bedroom of the seaside villa, Zuo Weiyi was nowhere to be found.

He was a little worried and was about to turn around when he caught a glimpse of a figure standing on the balcony from the corner of his eye.

He walked over and saw her leaning against the railing of the balcony.

“Weiyi?”

The moment his voice rang out, Zuo Weiyi seemed to have been jolted awake.

When she came back to her senses and realized where she was at the moment, she could not help but take a sudden step back!

She raised her head and looked around, not understanding how she came here.

She was clearly leaning against the headboard. When did she come to the balcony?

“Why did you come here?” Shi Yuting walked over.

Weiyi turned around when she heard him. However, she started to panic in her heart.

What was wrong with her?

When she returned to the bedroom, Shi Yuting passed her a calming pill.

After taking the it, Zuo Weiyi finally slept well.

Shi Yuting watched her until midnight. After making sure that she had slept soundly, he pulled her closer to sleep with him.

...

Shi Yuting woke up very early, but the person beside him was still sleeping soundly.

Perhaps it was because she had taken the pill.

He got up and dialed Zhong Shenghao’s number. He had intended to ask him to come over now, but seeing that Weiyi was still sleeping soundly, he asked him to come over after breakfast.

Zuo Weiyi slept until 8:15 in the morning before she slowly woke up.

She finally didn’t have that dream.

But what made her even more confused was how she got to the balcony last night. Why didn’t she have any memories of it at all?

She got out of bed and washed up. In order to dispel the confusion in her heart, she went to Shi Yuting’s study room, opened his laptop, and searched the browser, ‘schizophrenia, personality disorder’ and so on.

After reading the description of the illness, although she did not have many symptoms, there were a few things that suited her current situation.

For example, she had difficulty sleeping all night, had nightmares all night, her behavior gradually became strange, and she felt fear for no reason. All of these seemed to fit her abnormal behavior in the past two days.

Chapter 668: Could It Be that I'm Really Sick?

Could it be that I'm really sick?

She was staring at the computer screen in a daze, so much so that Shi Yuting had no idea that she was there when he entered.

He walked over and saw a series of words such as schizophrenia, personality disorder, and so on.

He furrowed his brows and then reached out to close the laptop in front of her!

It was not until the notebook was suddenly closed that Zuo Weiyi snapped out of her daze and looked up at his dark pupils.

"Why are you looking at these?" He sounded calm. Naturally, he did not believe that she would have these conditions.

She lowered her head and looked a little dejected.

"I seem to be sick."

If it were not for the scene where she suddenly appeared on the balcony last night, perhaps she would not have noticed that there were some abnormalities in her behavior that she could not control.

He glanced at her, took her hand, and left the study.

Downstairs, Zhong Shenghao was sipping his tea while waiting for them.

When he saw Zuo Weiyi, he smiled and waved. "Hi, Weiyi!"

Shi Yuting held her hand and walked over. He sat down on the sofa and stared at her as he spoke.

"Tell him everything you think is suspicious."

Zuo Weiyi looked at Shi Yuting and then at Zhong Shenghao. She was a little hesitant.

She still hadn't figured out what kind of doctor Zhong Shenghao was, but she knew how amazing his medical skills were.

However, in her situation, even if she wanted to see a doctor, shouldn't she see a psychiatrist?

When he met her doubtful gaze, Zhong Shenghao saw through her thoughts. "Don't worry. Apart from the gynecology department, you can ask me anything."

Zuo Weiyi still hesitated.

In other words, he knew everything except gynecology?

She looked at Shi Yuting and he nodded slightly at her.

Zuo Weiyi slowly said, "I think I'm sick."

“Is it because of the nightmares every night?” Zhong Shenghao looked at her, his sharp gaze noticing the subtle changes on her face.

Zuo Weiyi nodded. “That is one of the reasons. These two days, because of that dream, whenever I’m alone, I always feel an unknown fear.” She looked up at Zhong Shenghao. “I’ve never been like this before!”

“If it’s just these few issues, then firstly, you may be tired. People who think too much under fatigue will also be troubled by nightmares. Secondly, you just experienced all those things a while ago. It could also be caused by anxiety. Thirdly, this doesn’t mean that you’re sick necessarily, thought it is not impossible.”

Zuo Weiyi looked at Zhong Shenghao in a daze. His words didn’t make her feel any better.

“Then what if my behavior also appears abnormal?”

“Such as?”

She turned to Shi Yuting. “When you came back last night, I was on the balcony, right?”

Shi Yuting’s deep eyes stared at her. “Yes.”

“But I had no idea how I got to the balcony!” At this point, she suddenly became exasperated, “I...I felt as if I was in a dream. It wasn’t until you came back and called me that I suddenly woke up. When I woke up and realized where I was, I was shocked! I didn’t know how I got to the balcony. I was clearly sitting on the bed! I—”

“Weiyi!”

Chapter 669: She Is Not Sick and Does Not Need Treatment!

The more she spoke, the more agitated she became. Shi Yuting could vaguely sense that something was wrong and could not help but interrupt her!

Zuo Weiyi was startled when she realized that she was going crazy.

What was wrong with her?

These were some of the symptoms that she had read about before—easily becoming unstable and manic. Did she get a split personality?

“Calm down first,” he said calmly as he held her hand.

Zuo Weiyi only gradually calmed down when she felt the warmth of his palm.

She lowered her head. “I’m a little afraid. Am I really sick?”

The sadness on her face gripped Shi Yuting’s heart tightly.

He turned his head and glared at Zhong Shenghao. “Are you mute?”

Zhong Shenghao suddenly came back to his senses and looked at him. “Of course not.”

Then, he looked at Weiyi again. “Your overreaction just now is actually a normal phenomenon.”

Zuo Weiyi was puzzled.

“If a normal person can remain calm after such an incredible thing happened, that would be abnormal.”

Then he turned to Shi Yuting. “Of course, some people don’t count.”

“You mean, my violent reaction just now was normal?” she asked.

“Yes.” Zhong Shenghao nodded and then began to analyze, “These may be symptoms due to psychological pressure. You can find ways to release your emotions appropriately to adjust your mood.”

“That’s it?”

“Of course, if you did all these without any improvement...” he paused and looked between the two, “I will accept you as a patient and then treat you.”

“She’s not sick, she doesn’t need treatment!” Shi Yuting refused flatly.

He could believe that she had been poisoned, but he wouldn’t believe that she would get that kind of messy disease.

She had been fine up till now. How could she suddenly get schizophrenia? What the hell?!

Seeing how displeased he look, Zhong Shenghao stood up. “I know she’s not sick, but I have to treat her to know the reason for her abnormal behavior.”

Shi Yuting looked at him puzzledly.

Could it be that he wanted to use that method to treat Weiyi?

“Try to stay with her these few days and observe her every move. If there’s anything abnormal, you have to tell me.”

Shi Yuting glanced at him but didn’t say anything. Instead, he lowered his head and fell into deep thought.

In the afternoon, Zhong Shenghao insisted on staying for lunch because he missed Zuo Weiyi’s cooking skills. In fact, he strongly insided that Weiyi cook.

Shi Yuting responded coldly. “Get lost!”

“I want a bowl of noodles before getting lost,” Zhong Shenghao insisted.

Shi Yuting suddenly narrowed his eyes. “Do you want to be abused?”

Zhong Shenghao paused. He recalled the last time he had dinner here.

“Yes, sir, abuse me a thousand times. I treated you before—”

“Shut up! Get as far away from me as possible!”

Before he could say those disgusting words, Shi Yuting hurriedly interrupted him!

Upon meeting his murderous gaze, Zhong Shenghao hurriedly picked up a pillow from the sofa to protect himself. Then, he shifted his body and swiftly moved one meter away from him!

Seeing the two of them exchanging words, especially Zhong Shenghao's boyish manner, Zuo Weiyi could not help but laugh. It was as if she had completely forgotten about the unhappiness just now.

Chapter 670: Special Treatment!

She stood up and said, "Then I'll go cook."

With that, she walked towards the kitchen.

In an instant, only the two of them were left on the sofa in the living room.

Zhong Shenghao hugged the pillow and looked at Yuting with a fawning smile.

Shi Yuting shot him a disgusted look and turned towards the kitchen.

Something flashed through his mind. He stood up and followed Weiyi.

In the kitchen, Zuo Weiyi was looking for some ingredients in the fridge.

"Prepare the ingredients slowly. I'm going out to buy something."

"Buy what?"

"Seasoning for Zhong Shenghao."

Zuo Weiyi frowned.

She looked at the various seasonings on the kitchen counter. There was no lack of them.

While she was confused, Shi Yuting had already left.

He said to Zhong Shenghao, "Help me keep an eye on her. I'm going out for a while."

"What are you doing?" he asked casually.

Shi Yuting curled his lips. "Buying condiments."

"Oh."

Zhong Shenghao only looked away after Yuting's figure completely disappeared at the door.

He wondered if it was his imagination, but why did he feel that Yuting's smile just now was a little strange?

'Forget it, I'd better go check on the ingredients that Weiyi is preparing.'

As he said that, he threw down the pillow, got up, and rushed to the kitchen.

He saw Zuo Weiyi washing three tomatoes, some shiitake mushrooms, and some chicken by the kitchen counter.

"Weiyi, do you want me to help you?"

Although he knew that there was absolutely no objection to his freeloading, it didn't seem right for him to just sit there. He still had to be polite.

Zuo Weiyi turned around and smiled at him. "It's fine. You can go watch TV."

"Really?" he asked again.

Zuo Weiyi stared at him. "Do you know how to cut vegetables?"

"Uh, no."

Well, as expected, there was no use for him.

He returned to the living room. Not long after, Shi Nuannuan came back. "Brother Shenghao, why are you here?"

Zhong Shenghao smiled. "I'm freeloading. What about you?"

"I went to see Grandpa and Mommy!" As she spoke, she heard sounds from the kitchen. "Is Sister-in-Law in the kitchen?"

"Yes."

"I'll go and take a look!"

As soon as she entered the kitchen, she saw that Zuo Weiyi had already washed and cut the ingredients.

"Wow, Sister-in-Law, are you going to cook noodles again?" Nuannuan still had an aftertaste of the noodles she had eaten the last time!

"Yes." Zuo Weiyi smiled at her. "You're back."

"Yup!" Shi Nuannuan responded. Then, her eyes became fixed on the ingredients in the pot, drooling.

Twenty minutes later, Shi Yuting came back.

Zuo Weiyi's noodles were just about ready.

Four bowls of steaming, fragrant noodles were out of the pot. Just looking at them made people drool.

In the living room, Zhong Shenghao couldn't help but rush into the dining room. The bowls, chopsticks, and noodles were already set up.

Shi Yuting and Zuo Weiyi's seats were fixed, and Shi Nuannuan had always sat opposite to Zuo Weiyi, so Zhong Shenghao's seat was naturally next to Nuannuan's.

When he sat down, Zhong Shenghao was surprised to find that his bowl was actually bigger than the others'.

He couldn't help but look up with a hint of joy in his eyes. "This is..."

"Your sister-in-law is rewarding you. Eat it," Shi Yuting said without batting an eyelid. After saying that, he picked up his chopsticks and started eating.

Zhong Shenghao naturally didn't stand on ceremony. He smiled at Zuo Weiyi. "Thank you in advance, Sister-in-Law!"
