

## **Kiss Me 691**

### **Chapter 691: What a Coincidence, Mrs. Shi.**

Zuo Weiyi also felt like going to the toilet. "I want to go too."

In that case...

Shi Nuannuan smiled at her brother. "Brother, can I trouble you to take these things to the car while you wait?"

She handed the shopping bags in her hands to him and said with a cheeky smile.

Shi Yuting glanced at the paper bags she handed him. "I'll get the car and wait for you at the door."

"OK!" Shi Nuannuan made an OK gesture and quickly pulled Zuo Weiyi to the washroom.

Shi Yuting stared at them for a few seconds before he turned around and left.

Just as he walked out of the shopping mall, a thin figure walked out from the dark and walked in the direction of Zuo Weiyi and Shi Nuannuan.

In the bathroom, Zuo Weiyi was at the sink when she was done with the toilet. After washing her hands, she could not help but look at her bulging belly repeatedly.

"Nuannuan, are you still not done?" She shouted at the cubicle in the bathroom.

"Not yet, wait a moment." A warm voice came from the cubicle, followed by a forceful voice, "En..."

Zuo Weiyi was taken aback when she heard the voice from inside.

Nuannuan was taking a dump?

"Nuannuan, you..."

"I'm taking a dump..."

"..."

"Wait for me on the lounge chair. I'll be done in a moment. En..."

Zuo Weiyi was speechless.

Nuannuan did not resemble Shi Yuting in many ways.

She was about to walk out because she was really tired and wanted to find a place to sit for a while.

She saw a lounge chair at the corner of the corridor outside the washroom.

Just as she walked towards it, she bumped into a familiar figure.

When they saw each other, the person also stopped.

"Mrs. Shi, what a coincidence."

When she saw Li Chengcheng, Zuo Weiyi was stunned for two seconds before she smiled. “Yes, what a coincidence.”

Li Chengcheng smiled elegantly.

She noticed her bulging belly. “Oh, your belly is becoming more and more obvious.”

Zuo Weiyi followed her gaze to look at her bulging belly and could not help but touch it. Her mouth turned into with a blissful smile. “Yes, it’s been more than four months, almost five .”

“Congratulations.”

“Thank you.”

The two of them smiled at each other. But then Weiyi realized that she had no intentions of entering the bathroom and asked, “Aren’t you going to the bathroom?”

Li Chengcheng smiled, though somewhat unnaturally. “Uh, I... came to touch up my makeup.”

As she spoke, she opened her handbag and took out her makeup. She was about to walk to the big mirror in front of the sink.

Just as she walked past Zuo Weiyi, Li Chengcheng suddenly stopped as if she suddenly remembered something. “Oh, right.”

She turned around and looked at Zuo Weiyi who was about to walk out.

Zuo Weiyi turned back in response.

“I was on a business trip some time ago and saw a few bottles of good perfume from overseas. I felt that there was one scent that you should like very much, so I brought it back. Because I was too busy with the company, I never had the chance to give it to Mrs. Shi.”

### **Chapter 692: Li Chengcheng’s Goal: the Perfume**

As she spoke, Li Chengcheng took out the bottle of perfume from her handbag. From the outer packaging, the bottle looked very exquisite. There was an elegant handmade flower tied to it, making it look very high-end and high-class.

“You’re giving it to me?” Zuo Weiyi was still a little surprised.

Although L Group had business dealings with Di Zun, allowing them to meet a few times, they weren’t that familiar with each other that they would give gifts to each other.

“Yes.” Li Chengcheng smiled. “You may not know this, but after my father passed away, L Group fell into a difficult situation. If it weren’t for your husband giving us this opportunity to collaborate, our L Group might have gone bankrupt because of this. “So all this while, I had wanted to give some gifts to express my gratitude. But after thinking about it, it doesn’t seem appropriate as a woman to directly give a gift to Mr. Shi. Coincidentally, I saw this perfume the last time, and I felt that it should be suitable for Mrs. Shi, so I brought it back.”

After coming back from the dead, in order to make people believe in her identity as Li Chengcheng even more, she even used a month's time to secretly familiarize herself with the entire operations and internal structure of L Group.

These words seemed to prove that she was a very well-behaved person without the slightest interest in Shi Yuting.

Therefore, she was using this perfume to indirectly thank Shi Yuting for the opportunity and to show that she wasn't infatuated with Shi Yuting or had ulterior motives.

This Li Chengcheng was indeed different from other women.

Every time she looked at Shi Yuting, her eyes were calm, while other women would always look at him with desire and greed in their eyes.

However, there was no need for her to accept this perfume.

Looking at the perfume in her hand, Zuo Weiyi smiled. "There's no need for a gift. It's impossible for Di Zun to cooperate with L Group if there wasn't something for Di Zun to gain something in return, right?"

Shi Yuting was interested in the benefits that the collaboration would bring to Di Zun, not in giving L Group a 'chance' as she said.

If there was no value in it, Shi Yuting probably wouldn't went ahead with it.

She frankly refused. Li Chengcheng remained silent for a few seconds before she said, "Then how about accepting as a personal gift?"

Zuo Weiyi was stunned. Did she want to make friends with her or did she have other motives?

Although her identity had changed, she never interfered with business matters. Therefore, there was no benefit in trying to please her.

"I've been abroad, so I haven't had any friends since I returned. I feel that we're about the same age, so is Mrs. Shi willing to be my friend?"

Zuo Weiyi stared at her, a little embarrassed to be asked so directly.

"I heard that Mrs. Shi likes carnations very much?"

Zuo Weiyi was stunned. She even knew about this?

"This bottle of perfume is the fragrance of carnations. Smell it." As she spoke, she opened the bottle of perfume and moved it to the tip of Zuo Weiyi's nose.

Zuo Weiyi glanced at her and then looked at the perfume. Out of curiosity, she did not think too much and smelled it.

"Ah! It's a limited edition!"

At this moment, a crisp voice suddenly interrupted. Before Li Chengcheng could react, the perfume in her hand had 'disappeared'!

Turning around, she saw Shi Nuannuan, who had appeared out of nowhere, snatch the perfume from her hand and looked at it curiously.

### **Chapter 693: Nuannuan's Sudden Appearance**

"Nuannuan, you're done." Zuo Weiyi smiled when she saw her.

Shi Nuannuan did not respond. She just kept admiring the limited edition perfume.

Then, she looked at Li Chengcheng. "Miss Li, right?"

Li Chengcheng returned a smile. "Yes, Miss Shi, Hello."

Shi Nuannuan also smiled and said, "You're also going to the toilet?"

Li Chengcheng was slightly stunned and then smiled again. "I'm here to touch up my makeup."

"Oh..." Shi Nuannuan dragged out her last syllable and her gaze fell on the perfume in her hand again.

"Miss Li's way of giving gifts is really different from the others!"

She frowned. "Excuse me?"

"You haven't even given this gift yet, but you've already opened the box. Isn't it the other way around usually?"

Li Chengcheng didn't know what to say for a moment.

After a while, she forced herself to explain, "Well, it was because the box was too big and I couldn't fit it in my handbag, so I opened it."

Shi Nuannuan smiled unwillingly, "Oh, that means you knew that you would meet my sister-in-law here today, so you prepared the gift in advance?"

Li Chengcheng could not help but feel a little flustered by her question.

Shi Nuannuan seemed to have been quietly observing her.

"Not really, I was planning to pay her a visit. It just so happened that I ran into her here."

"Oh, in that case..." Shi Nuannuan's gaze fell on the perfume bottle cap in Li Chengcheng's hand and directly took it. "Sister-in-law, please accept it. It's rare for Miss Li to be so kind as to specially bring it back from abroad. It's a limited edition!"

Shi Nuannuan stuffed the perfume into Zuo Weiyi's hand, which confused Zuo Weiyi a little .

"Miss Li, we still have some matters to attend to, so we'll be leaving first!" Shi Nuannuan started pulling Zuo Weiyi away.

Li Chengcheng could not help but secretly clench his fists.

How could she forget the existence of Shi Nuannuan?

Although Weiyi had accepted the perfume, she still felt a little uneasy.

The way Shi Nuannuan behaved made her feel as if they had anticipated everything she was doing. Could it be that Shi Yuting had already discovered that she was the person behind the scenes?

No, that shouldn't be possible.

Her grandfather had told her that he had done a flawless job in changing her identity. No one knew about it at all. Shi Yuting had long thought that Tengtang Xi was dead. Why would he doubt her identity? If he had simply thought that Li Chengcheng was the only one who wanted to harm Zuo Weiyi, then the wise him should know that Li Chengcheng and Zuo Weiyi held no grudges between them and thus she had no reason to harm her.

Li Chengcheng stood where she was and fell into a state of panic.

Her current identity must not be known by him!

...

Outside the shopping mall, Shi Yuting sat in the driver's seat, waiting for the arrival of the Weiyi and Nuannuan.

"Brother, it's really as you said! How did you know that we would meet Li Chengcheng in the bathroom? Are you a psychic?"

In the back seat, Shi Nuannuan looked at her brother with admiration.

Zuo Weiyi, who was sitting in the passenger seat, was at a loss.

What were the siblings talking about?

"What did she do?" Shi Yuting did not answer her question.

"You were right." Shi Nuannuan pointed at the bottle that Zuo Weiyi was still holding in her hand. "She gave Sister-in-Law a bottle of perfume, saying that she brought it back from abroad."

Following Nuannuan's words, Zuo Weiyi also looked at the perfume in her hand. Then, she looked at the pair of siblings.

#### **Chapter 694: The Perfume Is Poisonous**

"What are you guys talking about?"

Shi Nuannuan turned around and looked at her. "Brother told me that before I left the mall, I had to go to the washroom with you!"

Initially, she had planned to drag her to the washroom with her. She did not expect that Sister-in-Law would also need to go to the washroom at that time but it all worked out perfectly in the end.

However, she wasn't very clear about her brother's intentions.

"And then?" Zuo Weiyi looked at her.

"And then..." Shi Nuannuan turned to her brother. "I'll have to ask my brother!"

Shi Yuting's gaze moved away from the perfume in her hand and started the car. "We'll talk about it at Shenghao's place."

Zuo Weiyi was at a loss as she kept looking at him, but she didn't say anything.

Soon, the car arrived at Zhong Shenghao's private villa.

After carefully studying the perfume, Zhong Shenghao's first words were, "The perfume is poisonous."

Shi Yuting had suspected as much, but Zuo Weiyi and Shi Nuannuan had their eyes wide in shock!

"Poisonous? Why?!" Shi Nuannuan asked.

Zuo Weiyi was also eager to know the answer.

Why did Li Chengcheng give her a bottle of poisonous perfume? There should be no enmity between them, right?

"The poison is exactly the same as before, but the dosage has increased," Zhong Shenghao said to Shi Yuting as looked at the test results.

Before he could speak, his phone rang.

It was Xiangyi.

"Come to Zhong Shenghao's villa."

After saying that, Shi Yuting hung up the phone.

Zuo Weiyi couldn't help but ask, "What are you guys talking about?"

Shi Yuting turned to her. Instead of answering her question, he asked, "When Tengtang Xi died, did you see her fall into the sea with your own eyes?"

His sudden question puzzled Zuo Weiyi, but she still nodded truthfully.

"Yes, I saw her fall and get swallowed by the huge waves."

"So, you didn't actually see her die?"

Zuo Weiyi was stunned. There was obviously a hidden meaning in his words.

"I didn't see her die, but how could she survive such a violent storm and huge waves? Besides, didn't the news also announce Tengtang Xi's death?" Even the funeral was broadcast.

If she wasn't dead, why would the Tengtang family hold a funeral ceremony to mourn her?

Shi Yuting looked at her for a few seconds before his sexy thin lips lightly utter a few words, "Is it possible?"

Zuo Weiyi was stunned as she met his pitch-black eyes.

Was he trying to say that Tengtang Xi wasn't dead? How was this possible? It was such a violent storm, so how could she...

Her thoughts instantly stopped. The chances of survival...

In such waves, the chances of survival was indeed very small, but...she could have survived.

That night, the yacht she was on was also swallowed by the waves, but she didn't die. So Tengtang Xi...

She suddenly looked at the calm man on the sofa. "You mean, Tengtang Xi didn't die at all?"

Beside her, Shi Nuannuan's eyes widened as well!

She's not dead? But she had also seen her funeral and mourning at that time. How could she not be dead?

"Brother, why...why do you say that?"

At this moment, Zhong Shenghao couldn't help but answer the confusion in their hearts.

"Weiyi, the poison in this bottle is exactly the same as the one you were poisoned with before."

Zuo Weiyi was stunned by his words! Her eyes were filled with astonishment and disbelief!

### **Chapter 695: Li Chengcheng Is Tengtang Xi?**

This poison was exactly the same as the previous one?

In other words, the person behind the last poison was Li Chengcheng?

But why?!

No, that's not right...

Her gaze met Shi Yuting's unfathomable black eyes. In an instant, she seemed to have thought of something.

Before this, whenever she looked at Li Chengcheng's back, she had always had a sense of déjà vu. Only later did she realize that Li Chengcheng and Tengtang Xi's figures were really similar. It was just that there were too many people with similar figures in this world that she did not think too much about it... moreover, she had witnessed Tengtang Xi falling and being swallowed by the huge waves. It would never have crossed her mind that she was still alive!

Was this possible? Li Chengcheng was Tengtang Xi?

She still found it hard to believe. Her appearance could be adjusted, but what about her voice? That was not Tengtang Xi's voice at all.

Although she had never seen Li Chengcheng before and did not know what her voice was like, she would still recognize it if it was Tengtang Xi's voice,

She looked at the man in front of her. "Li Chengcheng is Tengtang Xi?"

"I'm not sure yet, but it's very likely. Li Chengcheng suddenly disappeared for a few months after the cruise ship explosion. I checked and found out that the accident happened the day after Tengtang Xi fell into the sea. On the day of the cruise ship explosion, no one found Li Chengcheng's body. A few months

later, a brand new Li Chengcheng appeared and even lost her memory for a period of time. This can't be a coincidence." Shi yuting concluded.

"You mean Tengtang Xi replaced the dead Li Chengcheng's identity? Then did her family not realize that she was a fake?" Zuo Weiyi could not help but ask the question in her heart.

Others might not know, but could it be that even Li Chengcheng's family did not realize that she was a fake?

"Her only family member was her father, but he also died in that accident. The only ones left were her uncle and second uncle. However, those two were ambitious and had always wanted to take over L Group for themselves. The more they questioned Li Chengcheng's identity, the more people would think that they wanted to deny Li Chengcheng so that they could take over L Group. Moreover, the current Li Chengcheng's figure and appearance are exactly the same as Li Chengcheng's. No one would dare to doubt her."

As for her voice, even if there were some differences, she had been living abroad all this time. So even her uncles wouldn't notice.

Zuo Weiyi was shocked.

If that was the case, then it would be too creepy!

Tengtang Xi wasn't dead but had been lingering by her side, scheming to kill her?

"Then the incident with Xiao Cui last time was also instigated by her?!"

"Yes."

Remembering her first child's death, Zuo Weiyi could not help but clench her fists!

She thought that she had killed her enemy with her own hands, but she did not expect her to change her identity and linger around her!

At this time, Xiangyi walked in through the door.

He handed a stack of documents to Shi Yuting, "As you expected, Tengtang Li had been taking a private jet to travel between C Country and Z Country frequently, and his destinations had always been the same place: a basement of a new villa. We found out the ownership of this villa is under Li Chengcheng."

Flipping through the information in his hand, Shi Yuting asked. "How's the investigation on the other matter?"

Xiangyi looked at him with his usual seriousness. "It's being investigated, but there aren't any positive results yet. However, we can be sure that after Tengtang Li was dismissed by Mr. Zuo, there had been some dark and secret movements."

#### **Chapter 696: Ever Thought of Names for the Babies?**

"Continue the investigation. Monitor his every move during this period of time."

"Yes, sir!"

He seemed to have noticed all of this a long time ago.

She didn't dare to imagine what a dangerous situation she had been in during this period of time. This had almost made her lose her second pregnancy.

She turned and looked at the man on the sofa. "So, what do you plan to do next?"

Should they go straight to capture Tengtang Xi?

"It will be the anniversary of L Group in a few days." A smile appeared on the corner of Shi Yuting's mouth. However, it sent chills down people's spine. "Do you think it would be more interesting to expose this imposter in public?"

Zuo Weiyi looked at his smile but she was the only one who did not understand his thoughts.

"What then?"

"She would be cornered and experience something worse than death!" When he spoke again, his smile faded and he turned bone-chillingly cold.

Shi Nuannuan couldn't help shivering. She saw her brother's dark side again!

——— \* \* ———

In the next few days, Zhong Shenghao's constant research and development finally produced the antidote.

In order to test whether the drug in the body had been completely removed, Zuo Weiyi returned to the seaside villa and slept for an afternoon. She did not take the calming pills and had no nightmares, any hallucinations or abnormal movements!

She finally breathed a sigh of relief. Now, she only hoped for the babies to be safely and healthily delivered to this world.

That evening, the setting sun outside the window shone in, illuminating half of the villa red.

Zuo Weiyi suddenly thought of something as she sat on the sofa. She looked at the man who was reading a magazine beside her. "Shi Yuting."

Shi Yuting lifted his gaze from the magazine and looked at her pitch-black pupils. His voice was deep. "Madam, what's the matter?" he asked

Zuo Weiyi pursed her lips. "Have you... thought of names for your babies?"

His dark eyes stared at her. "What do you think, Madam?"

"I've thought of a few names."

"Tell me about them."

"Hmm... I think that the girls should be called Shi Enxi and Shi Enhui, and the boys should be called Shi Enze and Enhao. What do you think?" As they were twins, she had thought of two names.

"Nah," Shi Yuting refused immediately.

Zuo Weiyi was a little taken aback.

“Why?” She had come up with the names after struggling for a long time.

Didn't they sound good?

He looked at her. “Because... it's vulgar!”

Vulgar?! “How are they vulgar?”

“Have you watched too many Korean dramas?”

She paused, feeling a little guilty as she denied it. “N-No.”

She had indeed watched a few Korean dramas recently because she had been too bored.

When she was at Shi Mansion, his mother and grandfather were especially cautious towards her. It was difficult for them to even leave the house.

They said that there were too many people outside and it would be bad if she accidentally bumped into them.

Therefore, other than watching TV and reading books, she had no other way to kill time.

“The boy's name is Shi Mo, and the girl's name is Shi Lian.” He came up with two names and stood up to walk to the second floor.

Zuo Weiyi was surprised by the names he came up with.

“Shi Mo, Shi Lian...” They seemed... well, they were indeed much better than the names she had just mentioned, and they all sounded very imposing.

### **Chapter 697: A Boy and a Girl Would Be Good**

Now that she thought about the names she had come up with, they did seem a little...vulgar?

No, shouldn't they each have two names? Because she was pregnant with twins!

Just as she was thinking about it, the man walked down the stairs.

She stood up. “Why did you only come up with one name each?”

What if they were two girls or two boys? Shouldn't they have names for each?

And the name he had just given seemed to be only for a boy and a girl.

The man walked over and his sexy and cold lips curled up into a beautiful smile. “A boy and a girl will do.”

As he finished speaking, he held her in his arms and walked towards the door.

Zuo Weiyi was still a little speechless.

A boy and a girl will do? But how did he know that she was pregnant with a boy and a girl?

Of course, it would be best if that was the case. After all, who didn't like having children from each sex?

But what if they were two boys or two girls?

Then they couldn't use those names.

In the car, she couldn't help but ask, "How did you know it would be a boy and a girl? What if they are two boys or two girls?"

He turned and glanced at her before continuing to look straight ahead. "We'll see then."

It was already 6:20 P.M. when the car arrived at Shi Mansion.

After entering the living room, Shi Yuting went straight to the second floor. When he came down, he had already changed into a brand-new navy blue handmade suit.

Seeing that he was about to leave, she could not help but ask, "You're going out?"

Dinner should be ready soon. Why would he go out at this time?

"Yes, I'm attending a cocktail party." He went downstairs and walked toward her.

"What cocktail party?" she asked casually.

"The anniversary of L Group. Have you forgotten?" He looked at her and pursed his lips playfully.

If he didn't mention it, she would have really forgotten.

In the kitchen, Shen Lanzhi walked out after instructing the chef. When she saw the two of them return, she smiled happily. "You're back."

When she walked up to him, she saw that her son was about to leave. "Son, it's almost time to eat. Do you still want to go out?"

"Yes," he answered his mother softly, then turned around and left.

Zuo Weiyi couldn't help but fall into deep thought.

What would he do to Tengtang Xi? Would he really expose her true colors in front of everyone?

What would happen when he said that she would suffer a fate worse than death?

Zuo Weiyi couldn't help but feel a little regretful when she thought about how she couldn't kill the murderer of her child with her own hands, and now she wouldn't be able to see the wonderful scene unfold.

...

After dinner, Shen Lanzhi and Nuannuan sat on the sofa and watched TV while Shi Le went to the study on the second floor.

Seeing that it was still early, Zuo Weiyi, who had just showered, went downstairs in a comfortable maternity outfit.

It was rare that she was not very sleepy. She also wanted to watch TV to pass the time.

“Hey, isn’t that Li Chengcheng?” Shi Nuannuan had switched to a domestic news channel. When she saw the familiar figure of Li Chengcheng, she suddenly stopped changing the channel.

“Li Chengcheng?” Shen Lanzhi couldn’t help but turn to look at her daughter in surprise.

Shi Nuannuan suddenly changed her words, “No, it should be Tengtang Xi!”

Zuo Weiyi, who had just walked into the living room, had no choice but to walk to the sofa after hearing Nuannuan’s words. As expected, Li Chengcheng’s figure appeared on the television screen. It seemed like a ball was being held.

### **Chapter 698: This Is Too Scary!**

She suddenly realized. Could this be the anniversary party of L Group?

But it was just a company’s party. How could the media gain access?

With a hint of confusion, she sat down next to Shi Nuannuan.

Shen Lanzhi was shocked when she heard her daughter’s words!

“Nuannuan, who did you say? Tengtang Xi? Isn’t she... dead?!”

Shen Lanzhi looked frightened. Could a dead person be...resurrected?!

Who knew that in the next second, Shi Nuannuan would lightly say to her dear mommy, “She was resurrected.”

Shen Lanzhi immediately felt a chill down her spine.

Seeing her mother-in-law’s frightened look, Zuo Weiyi couldn’t help but tug at Nuannuan. “Nuannuan, you’re scaring Mother!”

Shi Nuannuan pursed her lips and explained to her dear mother, that Tengtang Xi was not dead and had changed her identity to approach her sister-in-law.

Hearing her daughter’s explanation, Shen Lanzhi was even more shocked!

“You...you said that not only did she not die, but Weiyi’s poisoning was also meticulously plotted by her?!”

Shi Nuannuan nodded. “Unbelievable, isn’t it?”

Shen Lanzhi’s chest heaved up and down violently. This was too terrifying.

Tengtang Xi was not dead and had been waiting for an opportunity to harm Weiyi in Z Country. Just thinking about it made her hair stand!

However, how did Tengtang Xi become Li Chengcheng?

She looked up at Tengtang Xi on the screen. Her entire person had changed completely. Besides her somewhat-similar figure, the rest of her was a completely different person.

“This is too scary.” Shen Lanzhi said with lingering fear.

At this moment, the originally happy scene on screen suddenly changed.

On stage, Li Chengcheng walked to the microphone and said to the audience, “It’s my honor to be able to invite the CEO of Di Zun Group, Mr. Shi Yuting, who will be our partner from today. Let us warmly welcome him with a round of applause.”

As soon as she finished speaking, a round of warm applause came from below the stage.

However, Shi Yuting’s face was serious and cold. The many women present wanted to approach him, but stopped when they saw his expression. They did not dare to approach him.

He lifted the glass of high-end red wine and took a sip. He looked up and the corners of his mouth curled into a beautiful arc. However, he only appeared more enigmatic.

He looked over at Li Chengcheng on stage with his dark gaze and slowly walked away.

Initially, Li Chengcheng thought that he was walking to the microphone to say something, but who knew that he would directly walk towards her.

The shadow that suddenly enveloped her made her inexplicably feel pressured and unable to control her panic.

Today was supposed to be a simple cocktail party. But when she arrived at the hotel, she was surprised to find the media reporters at the venue.

After some questioning, she found out that these reporters had been called over by her first and second uncle. They said that they were here to raise the popularity of L Group. However, she vaguely felt a sense of unease spreading.

She raised her head and met the man’s malicious gaze. At this moment, he was like an emperor looking down on his subject. The intimidating aura that he exuded made her feel an inexplicable sense of panic.

Li Chengcheng unconsciously took a step back and forced out a smile, “Mr. Shi, what are you doing?”

Looking down at the woman in front of him, the corners of his mouth curled up and his thin lips parted slightly.

### **Chapter 699: Tengtang Xi Rolled Off Stage in a Sorry State**

“It’s rare to have such a good atmosphere. Why don’t we announce something more meaningful?”

He smiled at her but it did not reach his cold eyes, causing Li Chengcheng to take another step back in panic again. The man’s smile made her shudder.

What exactly was this man trying to do?

The reporters below stage seemed to be waiting to watch a good show.

“What, what meaningful thing?”

Could it be her identity? No, that was impossible! Grandfather had said that he had settled her identity seamlessly. It was impossible for anyone to know!

“What do you think, Miss Tengtang?” The last few words he said were particularly clear, causing an uproar among the people present. One after another, they began to whisper to each another.

“You, you are indeed not Chengcheng!” On one side of the stage, Li Tao, Li Chengcheng’s second uncle, suddenly walked out. He pointed at Tengtang Xi and roared angrily!

With the man in front of her and the people below the stage pointing at her, Tengtang Xi was starting to feel flustered. However, she wanted to maintain her composure. “Please, don’t listen to his nonsense! How can I not be Li Chengcheng?”

“Miss Li, are you really not the eldest daughter of the Li Family?”

“Then who exactly are you? Why are you pretending to be the dead Li Chengcheng? What is your purpose?”

“Excuse me, you look exactly like Miss Li Chengcheng. Did you go through plastic surgery? Did you want to pretend to be Li Chengcheng so that you can be the successor of L Group?”

In an instant, many reporters swarmed over and interrogated Tengtang Xi.

She looked past the reporters at the man’s cold and charming face as he gently lifted the red wine in his hand to his lips before gracefully taking a sip. His long and narrow eyes glanced at her.

She clenched her fists tightly. This was all planned by him!

“Miss Tengtang Xi, can I call you that? Are you really the granddaughter of the parliament member who was recently dismissed in C Country?”

“I heard that your grandfather is currently dealing drugs. Is that true?”

Tengtang Xi could not help but be shocked when she heard the reporters’ ramblings.

Shi Yuting actually found out that her grandfather was dealing drugs?

“Miss Tengtang Xi, if I remember correctly, you were the one who was publicly rejected by Mr. Shi in Z Country last year, right? I heard that you came back with plastic surgery this time to hide in the Li family and obtain the Li family’s huge property and inheritance rights; and also to take revenge on Mrs. Shi. Is that true?”

“I heard that you once wanted to kill Mrs. Shi to take revenge for the marriage rejection. Is this true? Are you really such a ruthless person?”

Faced with the reporters’ interrogation, Tengtang Xi had no way to retreat. She seemed to have gone mad as she said, “I’m not! I didn’t!”

“Then why did you come back with plastic surgery to conspire all of this?”

“I didn’t!”

She roared, and with an unknown amount of strength, she pushed the group of reporters away and rushed off the stage!

Since she ran in a hurry, coupled with the fact that she was wearing high heels and a long dress, she lost her footing the moment she stepped off stage and rolled down.

Behind her, someone stepped on her long dress the moment she rolled down. When she came back to her senses, her shoulders were bare, and the deep V-neck of her dress had been torn in half!

“Ah!” Tengtang Xi screamed as she covered her upper body, which was partially exposed! She sat on the ground in a sorry state.

Countless flash shutters kept snapping at her!

### **Chapter 700: Her Dress Had Been Torn Off!**

Shi Yuting sneered while calmly sipping the red wine in his glass as he stood on stage and watched the scene below.

Amidst the countless flashing lights, Tengtang Xi clumsily grabbed the torn dress and barely managed to protect herself against the reporters. She got up and pushed them away, trying to break out of the encirclement!

However, as a reporter, who didn't want the front page headlines? Naturally, they wouldn't let her leave so easily.

“Get out of the way! Get out of the way! Someone!” She shouted with all her might. Little did she know that the bodyguards that her grandfather had arranged to protect her outside had long been annihilated by Shi Yuting's men in one fell swoop!

At this moment, she was just wasting her energy!

Her light yellow dress was already in a sorry state. Now that it was being pulled by the reporters, her wardrobe situation was getting even worse. Her dress was in tatters!

The breasts that were originally protected were now exposed!

“Ah!” She cried helplessly. No one dared to help her here.

On stage, Shi Yuting mercilessly watched everything.

In front of the television, the three people on the sofa were almost shocked when they saw the scene on the screen!

This was a live broadcast?

“After this incident, I don't think anyone will dare to touch Sister-in-Law in the future!” Shi Nuannuan didn't have the slightest bit of sympathy as she looked at the punished Tengtang Xi on screen. Instead, she felt extremely happy in her heart!

What was the saying? An eye for an eye!

And for people like Tengtang Xi, dying 10,000 times still would be enough!

First, she almost got her sister-in-law shot to death, and because of that, she lost her first baby. Then, she underwent plastic surgery and came back with a series of revenge. For such a wicked person like her to fall into the sea and be swallowed by the huge waves without dying was really against the law!

She turned her gaze to her sister-in-law on the sofa and saw that she was staring calmly at the television screen. Her pitch-black eyes were so indifferent that there wasn't a trace of emotion.

"Get lost! Get lost!" Tengtang Xi was in the worst state she had ever been in.

The humiliation at this moment was even more painful than death.

Through the crowd, she raised her head and stared angrily at the man who was still standing in the middle of the stage coldly.

She clutched the tattered clothes on her body tightly and the hatred for him surged into her heart!

'Shi Yuting, if I don't die, I'll make you pay double for today's humiliation!'

However, these were mere thoughts.

At some point, a sharp dagger suddenly appeared in Tengtang Xi's hand. With a flash of white light, she pointed the dagger at the group of reporters with a ferocious expression. "All of you, get out of the way! Get out of the way!"

She was prepared to risk everything.

As long as she was able to escape from this place, someone would call her grandfather to protect her. Therefore, she had to think of a way to leave this place!

She waved the dagger in her hand carelessly, regardless of whether it would hurt anyone.

Seeing the sharp dagger in her hand, the group of reporters naturally became afraid and retreated!

Tengtang Xi took the opportunity to stand up. She grabbed the tattered clothes on her body with one hand and raised the dagger at the group of reporters. "Get out of the way! Get out of the way!"

She roared. She had long lost her gentle and elegant appearance.

Faced with the sharp dagger in her hand, the reporters did not dare to go forward. They could only give way.

Seeing that there was finally a path in front of her, Tengtang Xi used all her strength to run towards the main entrance of the venue!

Perhaps she ran too fast, but the high heels under her feet suddenly twisted and she fell to the ground again. She looked as wretched as she could be!
