

## Kiss Me 751

### Chapter 751: You Said the First One!

“Yes, yes, this is the medical fee I will compensate you with!” Unknowingly, Shi Nuannuan had already opened the silver box in her hand. “Here’s one million!”

The woman looked at the neatly stacked banknotes in the box—it was a whole million! Was it really all for her medical fees?

The woman’s eyes were shining. Although her family had a few hundred million now, who would complain about having too much money?

“All, all for me?”

Shi Nuannuan looked at her and suddenly smiled. She nodded solemnly at her!

As she spoke, the woman stretched out her hand, wanting to take the box of cash!

However, the moment she stretched out her hand, Shi Nuannuan retracted the box. “You want it? Well, I do have a special payment system.”

The woman paused, unable to understand what Nuannuan meant.

However, the son seemed to know that this matter was definitely not that simple.

“Special?”

“That’s right!”

Shi Nuannuan took out a few wads of money from the box and raised them in front of the woman.

“There’s a saying that goes, ‘an eye for an eye, a tooth for a tooth’. Have you heard of it?”

It was only then that the woman could see the danger in the smile on her face. “What do you mean?”

“What do I mean? I, Shi Nuannuan, have never been slapped in the face with money since I was a child. You are the first!” She looked at the woman and suddenly threw a few wads of money at the woman’s face. The smile on her face faded.

The sudden action caught the woman off guard as she got hit right in the face. It really hurt!

“Argh!” The woman was so embarrassed that she flew into a rage. Just as she raised her head and wanted to say something, she was greeted by a box of cash!

“Take this money as the medical fees I gave you. The rest will be used to buy a coffin for you!” After throwing the money, Shi Nuannuan clapped her hands. “One million is enough for you to have a grand funeral!”

The woman could not take it anymore and fell to the ground again. The man beside her quickly walked forward to help her, but he was hit in the back of the head by the box of cash that flew over.

“Ah!”

Looking at the man, Shi Nuannuan seemed to have suddenly thought of something and said, "My hand is very precious. Tell me, which hand do you want to cripple?"

Hearing this, the man trembled all over and looked up at Shi Nuannuan in fear. "C-Cripple?"

"Yes, you touched my hand just now. Are you letting me go just like that?"

"I, I didn't..." When he heard about crippling one of her hands, the man was completely flustered.

Just now, he had only unconsciously and unintentionally grabbed her wrist.

"You didn't?"

"M-Miss Shi, I only grabbed your wrist in a moment of desperation just now. I didn't mean to touch you."

"Oh, is that so? Then I must have remembered wrongly!" Shi Nuannuan looked as if she suddenly understood. "In that case, I'll let you off this time!"

After she finished torturing them, Shi Yuting looked at the battered mother and son on the ground. He shot a cold glance at them and then hugged Zuo Weiyi. "Let's go back."

Zuo Weiyi smiled sweetly at him. "Okay."

"But did we just give away one million yuan so simply?" After leaving the mall, Zuo Weiyi could not help but feel that it was a waste of the one million yuan just like that.

"Yeah, using one million to vent my anger is already very satisfying! Anyway, I already said that the one million is for her coffin and funeral!" Shi Nuannuan huffed.

"Rich people really are willful." Zuo Weiyi glanced at her with a smile.

### **Chapter 752: Which Hand Did You Use to Touch Her?**

"Of course, I do have a pretty awesome brother too!" Shi Nuannuan's face was full of pride as she glanced at Shi Yuting, her beloved brother!

As the group of people disappeared at the door, the onlookers in the jewelry shop gradually dispersed.

"Mom, get up quickly." The man hurriedly helped his mother up from the ground.

He thought that Shi Yuting and the others had already left, but at this moment, a cold voice came from behind him.

"Which hand did you use to touch her?"

The man felt as if a laser beam was burning into his back. He quickly turned around and saw a man with a serious expression standing in front of him.

Although his aura could not compare to Shi Yuting's just now, the man could not help but cower slightly as he looked into the other's sharp eyes.

Wasn't this person the one who stood beside Shi Yuting previously?

“Wh-What?” The man was stunned for a long time before he came back to his senses. However, he did not know what Xiangyi meant.

“Which hand did you use to touch her wrist?” Xiangyi asked again. His voice was extremely cold, and his pair of icy eyes looked as if they were about to pierce through the man in front of him!

The man searched through his memory and finally understood what he was asking.

“I, I just grabbed her hand subconsciously. I didn’t mean anything else,” the man said. Because of the cold light in Xiangyi’s eyes, he felt an unprecedented fear.

“I asked, which hand?” His tone was sharp.

The man swallowed a mouthful of saliva. The man was afraid, and felt that if he didn’t tell the truth, the situation would really take a turn for the worse.

Therefore, he slowly raised his right hand. “This, this hand... but I really didn’t mean anything else! I just—Ah!”

Before the man could finish his words, he felt a sharp pain on his wrist. The sensation was so painful that he broke out in cold sweat. He couldn’t bear it at all!

Crack!

He heard the sound of bones breaking!

“Ah, my hand...” The man was struggling desperately with an extremely pained expression on his face!

His mother quickly stood up after witnessing the situation unfold. “What are you doing? Let go of my son!”

The woman was about to forcefully push away Xiangyi’s hand that was holding her son’s wrist. However, Xiangyi suddenly released his grip and conveniently flung him away. His body was once again sent flying into a cylindrical pillar not far away!

Glancing coldly at the battered mother and son, Xiangyi turned around and strode towards the door.

When Xiangyi had not arrived yet, Shi Nuannuan looked at the entrance of the shopping mall in confusion. Then she happened to see Xiangyi walking out before sitting in the driver’s seat.

“Xiangyi, where have you been?” She asked curiously, as if she had forgotten about her mother’s existence.

Shen Lanzhi could not help but feel a little surprised when she saw her daughter asking about an assistant’s whereabouts. She looked at her daughter carefully, then at Xiangyi.

Xiangyi noticed Shen Lanzhi’s gaze, so he did not answer Nuannuan’s question.

“Xiangyi!” When he did not answer, Shi Nuannuan felt flustered.

She kept feeling that Xiangyi was still indifferent to her.

“Nuannuan.” At this time, Shen Lanzhi finally could not help but say, “Why do you want to know about Xiangyi’s whereabouts?”

Shi Nuannuan finally remembered that her mother was still there.

“No, nothing, I just saw that it was so late and was a little curious...” She lowered her eyes as she responded, before looking up again, as if she wanted to change the topic.

### **Chapter 753: You Must Let Me Know Before You Go Out Next Time!**

“By the way, brother, do you think this looks good? It’s Mommy’s present for the baby!” She took the pair of gold bracelets and lock from her mother’s hands and showed them to Shi Yuting.

But even when he looked at them, Shi Yuting didn’t know much about these things, so he didn’t answer.

However, she had successfully diverted Shen Lanzhi’s attention.

Even Zuo Weiyi’s attention was successfully diverted by Shi Nuannuan’s words.

“Do they look good?” She looked at his pitch-black pupils and asked.

Shi Yuting glanced at her but did not answer her question. Instead, he said, “Next time before you go out, you must let me know.”

The smile on Zuo Weiyi’s face froze.

Was he angry? He was clearly fine just now.

“I’m fine. Don’t worry too much.”

“That’s two different things.”

Looking at her brother whose face went dark, Shi Nuannuan suddenly lowered her head and secretly kept the golden lock and bracelet away.

Although her sister-in-law was fine, her brother must have been worried when he heard that her stomach had been smashed by money, right? She was fine this time. If there was a next time, no one could guarantee anything.

“Who was the one who wanted to go shopping today?”

Shi Nuannuan was about to sneak away when she suddenly heard this sentence. But she turned around anyway, feeling as if she had been shot.

Shen Lanzhi looked up at her son and was about to speak.

“It was me. I was too bored. I was the one who dragged Nuannuan to accompany me today.”

Shi Nuannuan felt extremely grateful to Weiyi for speaking up. She cupped her fists and looked at Zuo Weiyi with tears in her eyes as if she was saying, “Sister-in-law, you’re my dearest sister-in-law!”

However, just as she felt that she could avoid this disaster, she suddenly met Shi Yuting’s sharp eyes again.

Her expression paused, and she silently lowered her head again. Feeling guilty, she touched her face. "Ahem."

"Next time, we won't bring her out," Shen Lanzhi knew that nothing could escape his eyes, so she spoke up as well.

By the time the car arrived at Shi Mansion, it was almost dusk.

-----

These few days, Zuo Weiyi noticed that Shi Yuting seemed to be very busy. He went out early in the morning and only returned at eight at night.

One evening, Shi Yuting unexpectedly returned early.

Zuo Weiyi was watching TV from the sofa when she saw him return so early.

She had just stood up when she suddenly felt a wave of dizziness, causing her to almost lose her footing.

"Brother, why are you back so early today?" Shi Nuannuan was eating a big red apple and had only noticed Shi Yuting walking in without noticing anything unusual about Zuo Weiyi.

Zuo Weiyi stood where she was and shook her head. Only then did she feel that dizziness disappear.

She looked up at Shi Yuting. "Why are you back so early today?"

"Well, I might have to make a trip to C Country tomorrow."

"Tomorrow?"

"Yes." He held her hand and sat down on the sofa.

He was not worried about going to C Country this time because his grandfather was around, Shi Mansion would be very safe.

Ever since he came to Z Country, he seemed to be very busy. Zuo Weiyi could not help but worry as she watched him from the side.

Even though he was the president of C Country, he had been staying in Z Country for her. Wasn't she a little selfish?

Thinking of this, she could not help but say, "Shi Yuting, why don't we return to C Country and settle down?"

She did not want him to be so busy on both sides for her.

#### **Chapter 754: Due Next Month**

Her words made Shi Yuting turn his gaze away.

He knew very well that Z Country was where she grew up, and she had always wanted to settle down here.

"Why do you say that?"

"I just think that you're getting too busy running around like this."

Her sudden thoughtfulness made him curl his lips into a smile and pull her into his arms. "It's alright. I can handle it."

"Well, I am OK to settle down in C Country now." After thinking for a while, it seemed that his grandfather and his mother had come to C Country for her, even her grandpa.

"If you really want to, we can talk about this when I come back, okay?"

If they really wanted to go back to C Country, they would have to wait until the child was born. After all, it was almost eight months, it was too dangerous to fly.

She smiled and nodded. "Okay."

"I'll go up and start packing." He stood up as he spoke.

She stood up as well. "I'll help you."

She had simply packed a few pieces of clothes, and the sky had gradually darkened.

"How long will you be gone this time?"

"I'm not sure yet, about ten days to half a month." When he returned to C Country, those parliament members would definitely drag him to attend various events.

"Oh."

Shi Yuting suddenly turned his gaze and looked at her growing belly.

"You're expecting in more than a month?"

"Yes, but the doctor said that they're twins, so it's possible that they'll be born earlier." When she thought about giving birth, Zuo Weiyi suddenly became a little nervous.

Recently, she had been looking at some information about giving birth. Needless to say, she was a little scared and nervous.

Would it hurt?

"How much earlier?"

"I'm not sure."

"When you give birth, remember to tell me as soon as possible."

"Of course!" She nodded. She knew that he was worried that the baby would suddenly be born while he was away.

But it shouldn't be so soon.

There was still about a month and a half before the due date, so it wouldn't be too much earlier. There was still plenty of time.

“Brother, Sister-in-law, it’s time for dinner.” Shi Nuannuan’s voice came from beyond the door. But Shi Nuannuan even had her face pressed against the door, as if she wanted to know if her brother and sister-in-law were secretly up to something.

Shi Yuting and Zuo Weiyi were just about to go downstairs. When they opened the door, Shi Nuannuan, who was pressed against the door, almost fell!

She immediately steadied herself and acted as if nothing had happened.

Shi Yuting frowned slightly. “What are you doing?”

Shi Nuannuan looked up and pretended to be calm. “Nothing, nothing. I just came up to get you guys to the meal!” As she said that, she glanced at the two. “Well, I’ll go down first!”

She quickly ran away before her brother had a chance to get angry!

Shi Yuting remained silent as he watched her scurry away. Then he helped Weiyi down the stairs.

In the dining room, Shi Le sat on the main seat while Shen Lanzhi went to the kitchen and brought out the soup that she had specially made for Zuo Weiyi.

Just as she reached the door, Zuo Weiyi suddenly stopped in her tracks.

Sensing that she had stopped, Shi Yuting could not help but turn his head. He furrowed his brows slightly and asked softly, “What’s wrong?”

Zuo Weiyi stood there for a while. She seemed to be feeling dizzy recently. Could it be just a normal symptom in the later stages?

“Nothing, I just feel a little dizzy.”

Hearing this, Shi Yuting could not help but feel a little nervous.

At this moment, Shen Lanzhi, who had just come out of the kitchen, heard this and hurried over. She asked in a friendly tone, “Have you not rested well recently?”

Zuo Weiyi raised her eyes and looked at Shen Lanzhi. “I just feel uncomfortable all over. It’s true that I can’t sleep well at night. Moreover, I always want to go to the toilet...”

### **Chapter 755: Shi Nuannuan’s Thoughts**

“What you’re feeling is pretty common once you get into the later stages of pregnancy. You might not sleep well at night, so you have to make sure that you get more rest.” Shen Lanzhi has been pregnant for before so she knew what symptoms to look out for during pregnancy’s later stages.

“Okay.”

Shi Yuting also remembered that she had been waking up often in the middle of the night to go to the bathroom recently.

“Come, have some pork ribs soup.” Shen Lanzhi helped her to the dining table and served her a bowl of the soup.

After the initial stages of pregnancy, Zuo Weiyi's appetite had indeed improved a lot, though she did feel a little tired of eating such meals every day.

But knowing that Shen Lanzhi had made these meals specially just for her, how could she refuse? Thus, she took it and drank by the mouthfuls with a spoon.

After finishing the bowl of soup, she ate another bowl of rice, feeling very full and satisfied!

After dinner, Shi Yuting walked into the study room and Shi Nuannuan followed him.

"Brother."

Shi Yuting stood at the bookshelf but did not turn around. Instead, he kept looking for materials he needed for the next day.

"Speak."

Shi Nuannuan fidgeted as she approached his desk. "Um, does Xiangyi want to go to C Country with you too?"

"Yes."

Shi Nuannuan fell silent for a moment.

Didn't Xiangyi want to stay behind to protect Sister-in-Law when her brother went to C Country this time?

"You won't let him stay behind to protect Sister-in-Law?" Shi Nuannuan was puzzled as she looked at his tall and muscular back.

Shi Yuting took a folder and turned to sit at his desk. He still did not look at Nuannuan.

"With Grandpa here, Xiangyi doesn't need to stay."

"Oh..." Shi Nuannuan's tone was obviously filled with disappointment.

At this moment, Shi Yuting raised his dark eyes and closed the document in his hand. "You've made it so obvious. Aren't you afraid that Grandpa and Mom will find out?"

Shi Yuting had long known about his sister's feelings.

Shi Nuannuan bit her lips when she was discovered. "I am afraid. That's why I came here secretly to ask you..."

She also knew very well that Xiangyi's identity would definitely not be approved by Grandpa.

Although Sister-in-law and Brother had gone through all kinds of difficulties before finally getting together, Sister-in-Law's was Grandfather Zuo's granddaughter. That's probably the reason Grandpa finally accepted Sister-in-Law.

However, Xiangyi had nothing. He was just her brother's personal attendant.

And she just had to like Xiangyi!

“Brother, how long are you going to be gone for?”

“I’m not sure yet.”

Shi Nuannuan furrowed her brows. “Approximately?”

“About half a month.”

He was going to be gone for so long?

But Shi Yuting was the president of both a country and company. He was bound to be busy. In fact, he really should remain in C Country. Those senators would definitely not let him return so easily once he steps foot there.

At the thought of Xiangyi leaving for such a long time, Shi Nuannuan felt her heart sink.

“Brother, can I go with you?” She suddenly asked.

“No.” Shi Yuting rejected bluntly.

“Why?”

“We’re going for business this time, not for fun.”

“I know! I won’t disturb you.”

“Don’t tell me you want to come along just because of Xiangyi?”

Hearing this, Shi Nuannuan couldn’t help but be stunned.

Her brother was always like this, straight to the point!

### **Chapter 756: Yes, Your Heart**

She pouted, a little discouraged. “Fine.”

Shi Yuting glanced at her briefly and continued with his business.

Seeing that he was still busy, Shi Nuannuan could only silently leave the study room.

On the way back to her room, she sent Xiangyi a WeChat message: ‘Have a safe trip.’

She expected his response to take a long time, or perhaps there would be no reply. However, this time, unexpectedly, there was a reply within a minute.

The message box wrote: ‘OK’.

Shi Nuannuan felt a little disappointed by the short response. However, when she thought about how she had not received a single word before, she felt much better.

She held her phone and walked to her room.

Unexpectedly, her phone rang again.

She picked it up and looked at it. She realized that it was a second message from Xiangyi: 'Is there anything you want?'

Shi Nuannuan was a little surprised.

Something she wanted?

What did he mean?

She thought for a while before she roughly understood Xiangyi's words.

He probably meant that he could bring something she wants back for her?

When he sent the message over, Xiangyi's heart was filled with mixed feelings.

Such a request wasn't such a big deal. Was he overthinking it?

However, it was obviously impossible to delete it now.

Thinking that she knew what he meant, she quickly responded: 'Yes, your heart.'

Xiangyi was a little stunned by her response.

He put away his phone and did not reply.

...

At ten o'clock at night, Zuo Weiyi had already fallen asleep by the time Shi Yuting returned from the study. However, she woke up when he got into bed.

"Did I wake you up?" he asked.

Zuo Weiyi glanced at him sleepily. "No."

Recently, she had not been sleeping very well. And when she finally fell asleep, she would be woken up by the urge to urinate. Moreover, she always felt that her chest was stuffy and her breathing was short.

She had gone online to look up some information about the later stages of pregnancy. It turned out that these were the symptoms every pregnant woman needed to go through so it was normal for her to not sleep well at night.

Seeing her get up and walk towards the bathroom, Shi Yuting frowned slightly.

He took out his phone, opened his contact list, and looked at one of the familiar names. In the end, he still dialed the number.

The phone rang three times before it was picked up. Zhong Shenghao's deep voice came from the other end.

"Very surprised."

"Surprised about what? I didn't sentence you to death."

His nonchalant tone quickly resolved the uneasiness in Zhong Shenghao's heart, and became more relaxed.

“Why are you looking for me?”

“Can you deal with the symptoms of the later stages of pregnancy?”

Although he was not a gynecologist, ever since Zuo Weiyi got pregnant, he had been pressured by Shi Yuting to understand some relevant information about pregnant women, so he could still understand some basic things.

“Such as what?”

“Recently, she hasn’t been sleeping well, and she always goes to the toilet.”

“Well, this can’t really be improved. After all, this is a natural bodily reaction.”

### **Chapter 757: Feeling the Subtle Movements for the First Time**

“If it is just bad sleep, you can still rely on Weiyi’s tablets, but Weiyi should be nearly eight months pregnant right?”

“It’s not a surprise that it’s hard to fall asleep when you have two babies growing in your stomach and your chest feels so tight that you become short of breath.

“It’s quite normal for pregnant women to feel this way, and it’s almost impossible to do anything about it.”

“Fine.” Since he couldn’t do anything about it, Shi Yuting didn’t continue to ask.

He was going to hang up the phone, but after thinking for a while, Shi Yuting couldn’t help but ask, “Where are you?”

Although he didn’t want to see Jing Xinlei again, Zhong Shenghao was his best friend. He couldn’t really cut ties with him.

“I’m not far from you.” Zhong Shenghao didn’t answer directly.

Since he didn’t want to talk about it, Shi Yuting naturally didn’t see the need to ask anymore.

When he saw Zuo Weiyi walk out of the bathroom, he told Zhong Shenghao that the latter can still come back if he wants to. “But only you can come back.”

Zhong Shenghao’s lips curled up. It was rare to have such a good friend.

“Thank you for your kindness, master.”

“I’m hanging up.”

He put the phone aside and looked at Zuo Weiyi as she walked over. He helped her lift the thin blanket while she got into bed before covering her up again.

“When can these two little guys come out?” He touched her bulging belly, which seemed to be getting quite big.

When his hand touched her belly, a small bump suddenly appeared on Zuo Weiyi's belly. He was shocked and reflexively retracted his hand. Then, he lifted the blanket and looked at her slightly squirming belly in shock!

"What, what's going on?!" For the first time, he was shocked. It looked...a little cute!

Zuo Weiyi smiled at his reaction.

She just realized that he hadn't seen the fetal movements from her belly before.

The first time a bump appeared on her stomach, she was also shocked. Later, she found out that the babies in her stomach were just waving their small fists!

"The one just now was the baby's fists. They seemed to be greeting you," Zuo Weiyi said with a smile, treating it as the first subtle interaction between father and children.

"Are you sure that such young children know how to extend their hand to greet others?" Shi Yuting obviously didn't believe it.

He was hopeless. Why did he not have a sense of humor at all?

"I'm joking. Go to sleep!" She lay down.

Shi Yuting's gaze shifted from her face back to her bulging belly. He noticed that the bump earlier had suddenly shrunk back slowly.

He could not help but feel a little curious.

Such children could already move their hands and feet in her belly? They were clearly still so young.

Although he knew that she was joking just now, Shi Yuting once again stretched out his hand and gently stroked her round belly. Just as he touched the right side of her belly button, another small bump suddenly came up, startling him again. He almost withdrew his hand!

However, Zuo Weiyi said earlier that it was the baby greeting him.

So he stopped moving and his hand remained on the bump.

Was this really a child's hand?

The corners of Shi Yuting's mouth unconsciously curled up as he felt the touch. The interaction was gentle and full of fatherly love.

### **Chapter 758: How Did Her Feet Become so Fat?**

Zuo Weiyi watched the entire scene, and the corners of her mouth unconsciously curled up.

...

The next morning.

Shi Yuting got up early and changed into an exquisitely navy blue handmade exquisite suit, accentuating his perfect figure flawlessly. It was almost perfect!

Zuo Weiyi did not get much sleep, so she got up early as well.

Shi Yuting was going to take a private plane to C Country after breakfast. As she won't see him for more than half a month, Zuo Weiyi could not help but feel a little reluctant to see him leave without her.

However, she was pregnant and was in no condition to see him off at the airport. She could only stand at the door and watch his private car disappear from Shi Mansion.

Shen Lanzhi saw through her thoughts and said with a smile, "After you give birth, you can accompany him to various places in the world."

Zuo Weiyi knew nothing about the affairs of the country, so she didn't want to cause trouble for him.

"After I give birth, I plan to move to C Country with you."

Shen Lanzhi was a little surprised.

She knew that Z Country was the place Weiyi was born and raised. It was because of her that her son had been in Z Country all this time.

"Don't you like living here?"

Zuo Weiyi bit her lips and lowered her eyes. "It's too inconvenient for him."

It wouldn't be fair to Shi Yuting if she continued to insist on living in Z Country.

Shen Lanzhi smiled knowingly. The mutual understanding between the two of them was something that many couples could not achieve.

"Then we'll talk about it after you give birth," Shen Lanzhi said with a smile.

Zuo Weiyi nodded. After breakfast, Weiyi was still feeling tired.

"I'll go upstairs and sleep for a while."

"Okay." Shen Lanzhi got up. Since Weiyi had to take the stairs, she wanted to help her.

Zuo Weiyi slept until noon when she heard a knock on the door. She had just gotten some good sleep for 3 hours.

"Weiyi, it's time for lunch," Shen Lanzhi said softly to the door.

"Okay, I'll be right down," She replied and got off the bed.

When her feet landed on the ground, she felt something was wrong.

Did she gain weight? Why did her feet become so fat? And she felt a little bloated.

Shen Lanzhi hadn't left yet. When she did not hear much movement from the room, she pushed the door open and entered. As soon as she entered, she saw Weiyi massaging her feet with her hands.

"What's wrong?" asked Shen Lanzhi as she walked over.

"My feet have become a little swollen." Although her weight had obviously increased, it shouldn't have been to the extent that it would soar after sleeping for an entire morning.

When she was pregnant with Shi Yuting, she had also experienced swollen feet. "Mine were also like that when I was pregnant. This is a common condition for pregnant women in the later stages. It's nothing to worry about."

Weiyi felt a more relieved after hearing Shen Lanzhi's words.

She got up and washed her face before going downstairs.

"The doctor said that the next two months are also the critical period. There will be multiple symptoms in the later stages, so you have to be more careful, understand?" As someone who had gone through it before, Shen Lanzhi could not help but remind Weiyi as they went downstairs.

She would have to go to the hospital for a check-up in a few days. It was a good time to ask about other concerns.

Although the swollen feet and insufficient sleep were common symptoms, there were still others that were not, so it was better to be careful.

Zuo Weiyi nodded. "Okay."

### **Chapter 759: Why Isn't She Picking Up Her Phone?**

These few days, Zuo Weiyi looked a little haggard, because she hadn't been getting enough sleep.

After breakfast in the early morning, Shen Lanzhi was planning to take her to the hospital for a check-up, because her leg had obviously become swollen recently.

As soon as she stepped out of the door, her phone rang.

Seeing that the caller ID was 'Son', she couldn't help but pick it up quickly.

"Hello, Son."

"Where's Weiyi? Why isn't she picking up the phone?" Shi Yuting loosened his tie as he sat in his luxurious office. He didn't seem to be in a good mood.

He thought that he could go back after dealing with the relevant matters, but he didn't expect those sly old foxes to want him to stay and wait for the visit of the President of G Country!

He would need another half a month to go back if this continued!

Shen Lanzhi looked at Zuo Weiyi. "Weiyi didn't pick up your call?"

Hearing Shen Lanzhi's words, Zuo Weiyi quickly realized that she did not have her phone with her. She had left it in her room.

"I didn't bring my phone with me. I left it in my room," said she hurriedly.

Shen Lanzhi relayed the message to Yuting, "Weiyi said that she left her phone in her room. I'll pass her the phone."

As she said that, she handed the phone to Zuo Weiyi.

Weiyi took the phone and put it to her ear. His deep voice came from the receiver, "You didn't bring your phone?"

"Yes." She could already sense a hint of unhappiness from his voice. He must be in a bad mood. "What's wrong?"

"Are you going for a check-up today?"

"Yes."

"Let me know what the doctor said after the check-up."

"Okay."

"I might not be able to return by next week."

She was stunned. "Are you still busy?"

"Yes."

"It's okay. Come back after you're done. I'm only eight months pregnant. There's no rush."

Even if the babies decided to come out earlier, it shouldn't be that much earlier, right?

On the phone, Shi Yuting was silent for a few seconds.

He just missed her.

"I miss you."

These three words startled Zuo Weiyi. It wasn't that Shi Yuting wasn't good at sweet-talking, it was just that he always used a trick to express it so that she didn't feel it directly. However, at this moment, he said it so seriously that her heart suddenly skipped a beat.

"I..." She also wanted to reply, 'I miss you too'. But with Shen Lanzhi and Shi Nuannuan around, the words were stuck in her throat and she felt embarrassed.

They had been together for a long time and she had heard even more explicit words. However, at this moment, when she heard him say 'I miss you' so brazenly, her face turned red.

"We...we have to go. Come back after you're done. Bye!" She couldn't wait to hang up and hand the phone back to Shen Lanzhi. "Let's go," said Weiyi quickly

"Okay." Shen Lanzhi nodded after a while. She was puzzled by her sudden blush.

It was already nine o'clock. They really had to go to the hospital for a check-up.

On the leather swivel chair, Shi Yuting felt a little uncomfortable as he looked at the phone after getting cut off. He had been forced to stay here by a group of old men and wanted to complain to his wife. But he had not expected that one sentence would be enough to make her hang up the phone.

At this moment, there was a knock on the door.

"Come in." He put away his phone.

## Chapter 760: Unable to Continue the Pregnancy!

Xiangyi pushed the door open and entered.

“Sir.”

He looked up and saw Xiangyi. Shi Yuting put down his work for the time being and leaned back on the chair.

“How is it?”

“Shi Tiannan and Tengtang Li had appeared at the port, but we still couldn’t find their hiding place.”

“Forget it. Even if we can’t find them, we must be cautious.” He knew that Shi Tiannan was ambitious and wouldn’t disappear like this. Maybe he was waiting for an opportunity to attack him. So it was necessary to be cautious!

“Understood.” Xiangyi nodded. Then he raised his head and looked at the emperor-like man on the sofa.

“Sir, are you going to attend the banquet this afternoon?”

“Yes, yes! Go make the necessary preparations.” After a few seconds of silence, Shi Yuting finally agreed.

“Yes, sir!”

Weiyi went through a series of examinations at the hospital and everything turned out normal.

Shen Lanzhi remembered that Weiyi had been feeling more dizzy than usual lately. Still worried, she couldn’t help but ask the doctor, “Doctor, my daughter-in-law has been feeling a little dizzy recently. Her feet are swollen, and she can’t sleep well at night. She feels that her chest is stuffy and she can’t breathe. Are these normal?”

The gynecologist looked up and smiled at Shen Lanzhi and Zuo Weiyi. “It’s okay. Most of these are all normal symptoms in the later stages. However, you mentioned that you’ve been feeling dizzy?”

The doctor looked seriously at Zuo Weiyi.

Zuo Weiyi nodded. “Yes.”

After observing her for a moment, the doctor finally stood up. “Come. I’ll do a simple prenatal examination for you.”

When the doctor measured her blood pressure, his expression turned a little solemn.

“What’s wrong?” Seeing the doctor measure her blood pressure again and again, and even switching the automatic blood pressure meter for the third time with the mercury blood pressure measurement, Zuo Weiyi could not help but feel a little confused.

After confirming repeatedly, the doctor removed the stethoscope from his ear and looked at Zuo Weiyi with a grave expression.

“Mrs. Shi, your children cannot continue through the entirety of the pregnancy.”

The moment the doctor's words left his mouth, Zuo Weiyi, Shen Lanzhi, and Shi Nuannuan were stunned. Their expressions changed drastically.

"What's going on? Doctor! W-What do you mean by that?! What do you mean the pregnancy can't continue?"

Zuo Weiyi's face was also pale. She did not understand what the doctor meant.

She had just completed a series of tests. The babies were clearly very healthy. Why did he say that she could not continue the pregnancy anymore?

She had already lost her first child. She could not lose these two children!

Zuo Weiyi's palms subconsciously tightened and she felt uneasy.

Seeing the sudden change in the expressions of the women, the doctor hurriedly explained, "Don't worry too much. I did not mean that there was something wrong with the babies. Instead, there's something wrong with Mrs. Shi's body."

His explanation was still discomfoting to the others.

The first to speak was Zuo Weiyi. "My body? What's wrong with me?"

"I measured your blood pressure just now, which turned out to be 150/100. This means that your blood pressure is quite high. Pregnant with such conditions will develop pregnancy-induced hypertension in the later stages. Once this happens, we don't recommend for the pregnancy to continue."

The three of them looked at each other. They did not know anything about this so-called pregnancy-induced hypertension.

However, it was still dangerous to have high blood pressure. If what the doctor said was true, does that mean that they have to induce a premature birth for the babies?
