

Kiss Me 771

Chapter 771: The Safety of Mother and Children

At this moment, a tall figure walked in through the entrance of the obstetrics and gynecology department.

Bei Xingchen looked up and when she saw who it was, she immediately rushed over.

“Have you found someone?”

The man looked with deep, calm eyes filled with tenderness. “Yes.”

Then, the man looked at the woman who was brought over.

“It’s her.”

Bei Xingchen looked at the woman beside him. The next second, she immediately held the woman’s hand. “Follow me!”

“She has the Rh-negative blood. Quickly bring her in!” Bei Xingchen said anxiously as she pulled the woman towards the doctor.

The doctor did not hesitate either and quickly pulled the woman into the operating theater.

“Director, I found the person!”

Zhong Shenghao immediately turned around and saw the medical staff walking in with a woman.

“Do you have Rh-negative blood?”

“Yes, President Mu asked me to come,” the woman said softly.

Zhong Shenghao frowned. President Mu? Who is President Mu?

But he did not have time to figure that out. He conducted a blood test for the woman. After confirming that it was panda blood, he performed an emergency blood transfusion for Zuo Weiyi.

At this moment, Zuo Weiyi had already lost consciousness and her eyes were tightly shut.

Another long wait descended upon those outside the operating theater

It was only at this moment that the medical staff walked out with the two young lives in their arms.

When they heard the cries of the children, everyone’s eyes stared at the bundles in the arms of the two medical staff.

“This, this is...” Shen Lanzhi was so moved that she could hardly speak.

“It’s Mr. and Mrs. Shi’s child, a boy-girl pair. The brother came out a minute earlier.” The medical staff smiled at Shen Lanzhi.

Shen Lanzhi’s hand trembled slightly as she reached out to take one of them.

“Mrs. Shi, because they were born prematurely, we have to put the babies in the incubator now. You won’t be able hold them for the time being.”

Shen Lanzhi retracted her outstretched hand and nodded. “But is the mother safe?”

“Mrs. Shi has already received a blood transfusion. Her life is no longer in danger.”

Hearing the doctor’s words, everyone in the corridor heaved a sigh of relief. Their hearts were finally at ease!

The doctor looked at everyone and finally looked at Shen Lanzhi’s face. “Mrs. Shi, the babies need to be placed in an incubator. Please come with us.”

“Okay.” Shen Lanzhi nodded. She looked at the door of the operating theater, then turned around and left with the medical staff.

After three long hours, the door of the operating theater opened again and Zhong Shenghao walked out. His tense face finally relaxed as he slowly took off his mask.

“How is it, Brother Shenghao? Is my sister-in-law okay?”

“She’s fine, but her body is very weak. She’s still unconscious.” Zhong Shenghao assured Nuannuan.

“When will she wake up?” Zuo Yi walked over.

“She should wake up in a while. Don’t worry too much.”

He turned around just as Zuo Weiyi was being pushed out of the operating theater.

Everyone held their breaths when they saw her being pushed out. Her face was so pale that it was terrifying. There was not even a hint of blood on her face!

“Sister-in-Law...”

“Weiyi...”

Everyone followed as the medical staff pushed Weiyi back to her room.

Although lives were no longer in danger, everyone’s hearts were still tightly clenched when they saw her pale face on the hospital bed!

Chapter 772: Waking Up

12:10 pm.

Shi Nuannuan had a lot on her mind as she looked at her watch.

She had been calling her brother and Xiangyi’s numbers, but their phones were still switched off.

Even if they had boarded the plane in the morning, they should have arrived by now. Why were their phones still switched off?

Shi Nuannuan suddenly felt an inexplicable sense of uneasiness in her heart as she looked at Zuo Weiyi.

Did something happen to her brother and Xiangyi?

At this moment, the Weiyi slowly woke up.

“Weiyi.” Gu Yansheng who had been sitting by her bedside all this time immediately let out a soft exclamation when he saw her opening her eyes.

Everyone else in the ward turned around when they heard him. They stood up at the same time and walked towards Weiyi’s bed.

Seeing that she had woken up, a smile finally appeared on everyone’s faces.

“Weiyi, you’re finally awake.” Zuo Yi’s worried heart finally settled down.

Zuo Weiyi’s looked at the people by her bedside. She did not know what time it was.

“Where are the babies?”

“Brother Shenghao said that they have to stay in the incubator for a period of time because they were born prematurely, but they are in good health. You don’t have to worry.” Shi Nuannuan assured her. She was more worried about Weiyi’s health.

Her face was still very pale.

“Weiyi, do you feel uncomfortable anywhere?” Bei Xingchen couldn’t help but ask.

Although she was awake, she looked very weak. Even her voice was so soft, and her eyebrows were tightly knitted together.

Zuo Weiyi shook her head. “It’s just that the wound hurts a little.”

“I’ll go find Brother Shenghao!” Shi Nuannuan rushed out of the ward, ready to find Zhong Shenghao!

Just as she opened the door, she bumped into Zhong Shenghao who was about to enter.

Seeing her flustered, his brows slightly furrowed. “What’s wrong?”

“Sister-in-Law is awake, but she said that the wound hurts. Is there any way to stop the pain?”

Zhong Shenghao turned his gaze to Zuo Weiyi lying on the hospital bed and walked over.

“Other than the pain in the wound, is there anything else that’s uncomfortable?”

She shook her head. “No.”

“How about your head? Do you feel dizzy?”

She shook her head again. “No.”

Then, Zhong Shenghao measured her blood pressure.

After the operation, her blood pressure had slowly been decreasing.

“She’s in good condition. The wound might hurt a little because the anesthesia is fading. But the pain will also disappear as time passes,” said Zhong Shenghao with a smile.

“Are my children well?”

“They’re both very healthy. A boy and a girl. Auntie Shi is guarding over there now. Because it’s a premature birth, you may have to wait until you can walk before you can go over to take a look.”

“OK.” Zuo Weiyi nodded, feeling grateful.

They really were a pair of twins, and a boy and a girl too!

“Oh right, have you thought of their names?” Zhong Shenghao suddenly remembered and couldn’t help but ask.

Zuo Weiyi nodded. “Yes, the girl’s name is Shi Lian, and the boy’s name is Shi Mo..”

“Ting named her?” Zhong Shenghao immediately knew.

She nodded. “Yes.”

Speaking of which, what time was it now? Why didn’t she see Shi Yuting?

She suddenly looked at the door to her room.

“A pair of boy and girl. You’re so lucky.” Zhong Shenghao suddenly spoke.

Chapter 773: The Reason He Didn’t Want Another Child

Zuo Weiyi was distracted by Zhong Shenghao.

“Yes, at the beginning, we could only see one of the babies. I thought both of them would be girls.”

It wasn’t that she didn’t like girls. It was just that when she thought about how Shi Yuting wanted a son but not a another child, she had really hoped that the two children would be a boy and a girl so that Shi Yuting wouldn’t be disappointed.

However, if they were both girls, would he be disappointed?

“I’ve known Ting for nine years and I would have never expected that one day a woman would be so precious to his existence that he’d spoil her to the bone,” said Zhong Shenghao.

Zuo Weiyi was a little confused by his sudden words.

“Why do you say that?”

“I’ve spoken to Ting before. For a man with a net worth of tens of billions, he must have a son to be perfect.”

Zhong Shenghao’s words surprised Zuo Weiyi.

He actually talked to Zhong Shenghao about this?

“He wanted a son because he’s afraid his daughter will be bullied by others.”

“No, I’m not talking about that.”

Zuo Weiyi looked at him in confusion again.

“He’s worth tens of billions, or more. We once talked about this, that his son would naturally inherit his fortune. And even if he had only daughters, he could still try for another child. But he refused.”

Zuo Weiyi remembered having a similar conversation with Yuting in the past.

She had mentioned the possibility of having another child but Shi Yuting refused without hesitation.

Until now, she still did not understand why. Did Zhong Shenghao know?

Her clear eyes looked at Zhong Shenghao. “I also mentioned this to him, but he was insistent on refusing too. Do you know the reason?”

Zhong Shenghao was stunned. So Weiyi had mentioned it to him before, and he still rejected her?

He was silent for two seconds before he spoke again. “He doesn’t want you to suffer the pain of being pregnant again. Even if you didn’t give birth to a son, he’d rather live with that than have you go through all this again.”

His words made Zuo Weiyi’s heart waver slightly.

He didn’t want a second child because he didn’t want her to suffer?

“That was his reason?” She exclaimed in shock, her heart trembling.

Zhong Shenghao nodded, “Yes. When you were pregnant, your morning sickness was very severe, and during that period, you barely ate. I think it was during that period of time that Ting decided that he wouldn’t let you get pregnant again. That’s why I say that this pair of boy and girl have really been a blessing – not only did they resolve the potential need for another child, but they have allowed you to contribute greatly to the Shi family.”

Ting and Weiyi wouldn’t mind even if the twins were both girls. However, it would be a bit of a pity for the Shi family if there wasn’t a boy to inherit the huge family business.

Zuo Weiyi’s heart was full of mixed feelings.

Although she no longer had the idea of prioritizing boys over girls, she had once worried about this problem.

Even if his family, including him, didn’t care about the sex of the children, would they still feel a trace of regret for not having a male heir in their hearts?

That was why she was surprised when Yuting rejected her proposal to have another child, all because he did not want her to experience the hardships of pregnancy again.

Chapter 774: Shi Yuting Didn’t Come?

Shi Le was also a little surprised.

So the reason his grandson didn’t want a second child was because he didn’t want Weiyi to suffer again?

“Hmph, this kid still has some conscience!” Zuo Yi couldn’t help but say. Although he sounded grumpy about it, he didn’t regret giving his precious granddaughter to Shi Yuting.

However, why wasn't Shi Yuting there yet?

"Of course! Whose grandson do you think he is?!" Shi Le spoke up proudly.

"What are you so proud of? Did your grandson inherit you? Seeing how you're acting, is it possible that even before the child was born, you had already wished that Weiyi was pregnant with a boy?" Zuo Yi could not help but mock Shi Le.

"You stubborn old fool, when did I think that way?"

"Then, do you dare to say that you don't want a grandson?"

Shi Le was momentarily speechless.

If he said that he did not want a grandson at all, that would be a lie, and naturally, he did not want to lie.

The Shi family's fortune was huge and he obviously hoped to have a grandson to inherit it. However, if he did not have one, he would not be dissatisfied with Weiyi. After all, having a boy and a girl was not something they could force, and a girl could also inherit the family business.

"What? You have nothing to say?" Zuo Yi looked at him disdainfully.

But to be honest, Zuo Yi could also understand if Shi Le did ever think that way. After all, the Shi family business was his life's work. Even Di Zun Group was painstakingly built by that brat, Shi Yuting.

"I do want a grandson, but I also want an obedient granddaughter!" Shi Le snapped at Zuo Yi.

"Ugh, you want an inch and a mile!"

"What do you mean by that?!"

"I say, dear grandfathers, can you stop bickering all the time? Do you think this is funny?!" Shi Nuannuan cut in. She really did not understand, they were supposed to be lifelong friends and yet they're bickering like this. It was simply unbelievable!

Zuo Yi and Shi Le glanced at each other in dissatisfaction. But they stopped talking with Shi Nuannuan's persuasion.

Zuo Weiyi looked around her. "What time is it now?"

Gu Yansheng looked at his watch. "It's past 12."

Zuo Weiyi was stunned.

Past 12?

Why wasn't Shi Yuting around?

"Shi Yuting didn't come?"

Zhong Shenghao also wondered the same.

C Country wasn't very far from Z Country. It would only take a few hours by plane. So it was quite puzzling when Shi Yuting had yet to arrive.

“No, I just called Brother and Xiangyi’s cell phones, but they were still turned off,” said Shi Nuannuan. She was equally as puzzled.

Zuo Weiyi suddenly felt uneasy.

She closed her eyes in pain. The wound on her lower abdomen was hurting again.

Zhong Shenghao saw her in pain and quickly said, “The only thing you need now is a good rest. I’ll go check on Ting later. Don’t think too much.”

Looking up at Zhong Shenghao, Zuo Weiyi nodded slightly. “Okay.”

She hoped that she was just overthinking things.

“That’s right. Big Brother is so powerful. He’ll be fine!” echoed Shi Nuannuan.

“That’s right, Weiyi. You’re too weak now. You must rest well, understand?” Bei Xingchen also spoke up. Weiyi’s face was still pale, which continued to worry her.

Chapter 775: News that Shocked the World

Zuo Weiyi turned towards her best friend and suddenly remembered that she was bleeding out excessively and in critical condition. She heard that Xingchen’s friend had found someone with the Rh-negative blood for the blood transfusion.

“Oh right, Xingchen, I still have to thank you. If it weren’t for you, I might have died.”

Bei Xingchen looked back at her unhappily. “Please! You’re thanking me like we’re strangers.”

Zuo Weiyi smiled.

“Alright then! Where’s your friend? Once I’m out of the hospital, invite her for a meal. I’d like to treat her as a token of thanks,” said Weiyi with a smile.

Bei Xingchen paused.

Invite her to a meal?

She didn’t even know the woman’s name.

“We’ll talk after you’ve been discharged from the hospital!”

“Alright.”

After lunch, the others went to the nursery to take a look at the two cute babies. Seeing their adorable faces brought joy to their faces.

Zhong Shenghao returned to his office and took out his phone to dial Shi Yuting’s number again.

But the phone was still turned off.

Zhong Shenghao started to get concerned.

If he had really boarded the plane, there was no reason he hadn't arrived by now. Even if something came up at the last minute, Weiyi was in labor and with Yuting's personality, there was no way he would have remained silent the entire time.

What on earth had happened?

Zhong Shenghao frowned. After thinking for a while, he took out his phone and was ready to call *** to inquire about the situation.

However, just as he was about to dial the number, a news notification popped up.

When he read the first few words, he grew frantic and hurriedly opened up the news article.

He was greeted with heart-stopping caption: 'In the early hours of the morning, C Country's president, Shi Yuting's private plane suspected attacked and crashed by terrorists.'

The moment he saw the caption, Zhong Shenghao's mind exploded! His hand trembled as he held onto his phone.

Ting's private plane had exploded and crashed in the Atlantic Ocean?

No, how could this be possible?!

Zhong Shenghao's deep eyes turned red. He could not accept this fact!

He scrolled down the screen to continue reading. After searching overnight, the search and rescue team did not find any traces of Shi Yuting, only the wreckage of the crashed plane in the sea.

How could this be, how could this be...

Weiyi!

Zuo Weiyi's face suddenly flashed through his mind.

If she saw this news, how could she bear it in her current physical condition?!

What on earth was going on? Why was he attacked by terrorists? Who on earth did this?!

Zhong Shenghao suddenly got up from his chair and rushed out of the office!

In the ward, Zuo Weiyi really wanted to rest, but couldn't because of the pain from her wound.

Everyone went to see the baby, but Bei Xingchen stayed behind by her bed to chat with her.

"Time really flies. In a blink of an eye, you're already married and have children." Bei Xingchen smiled sincerely at Zuo Weiyi.

It's such a pity Auntie Zuo wasn't around to be with Weiyi. If her best friend had met Shi Yuting earlier, they could have all live happily together.

Bei Xingchen still felt indignant when she thought about how Jiang Huaiyuan's family had bullied the mother and daughter!

Chapter 776: Delivering the Bad News

Fortunately, everything had passed, and Weiyi had finally been able to settle down.

She hoped that Weiyi's future life would be good, just like a princess in a fairy tale, living happily with her beloved prince. Everything would be so wonderful.

"Shouldn't you find a boyfriend and get married too?" Zuo Weiyi smiled at Bei Xingchen.

She had already found happiness, so she naturally hoped that her best friend would find hers too

Bei Xingchen suddenly felt a little guilty by the question. She averted her gaze. "Uh, I..."

Zuo Weiyi stared at her as if she could tell that she had something to say, but did not dare to.

"Actually, I have a boyfriend too. He was the one who found the person who donated her blood to you." They were best friends, so there shouldn't be any secrets between them and Bei Xingchen did not want to hide the fact that she had a boyfriend from her.

Zuo Weiyi was a little surprised, but she still smiled sincerely. "Is that so? Bring him over so that I can meet him."

"Yes. After you're done with your confinement, let's have a meal together!"

"Sounds good."

Zhong Shenghao was standing on the other side of the door, looking at Zuo Weiyi with a heavy heart through the glass window.

He turned around, not intending to deliver the news to her. With her current physical condition, she was afraid that she would be dragged to the gates of hell again!

"Brother Shenghao? What are you doing?" Shi Nuannuan could not help but ask as she happened to see him lingering outside the door.

Zhong Shenghao looked at her, his eyes gloomy. Based on her expression, he knew that Nuannuan had not seen the news yet.

But Ting had not been confirmed to be alive or dead yet! He had to inform Shi Le. Combined with Zuo Yi's influence, the two influential men would be able to investigate the matter more thoroughly!

But under such circumstances, did Ting really have a chance of survival?

"Brother Shenghao?!" Shi Nuannuan noticed that, even though he was looking at her, his eyes were blank, as if he wasn't quite there with her. She couldn't help but wave her hand in front of him. "What's wrong with you? You're spacing out!"

Zhong Shenghao came back to his senses and faced the carefree Nuannuan.

He slowly took out the phone from his white coat and handed it to Shi Nuannuan with a solemn expression.

He lowered his head and glanced at the phone. Shi Nuannuan was a little confused by his silent gestures but took the phone anyway, still oblivious.

“What is it?”

Zhong Shenghao could not bring himself to say them out loud.

Shi Nuannuan finally looked at the screen and read the news.

When she saw the familiar name and the ‘plane crash’ in the same sentence, the smile on her face gradually faded and her face turned pale as her mind started to go blank!

“Brother...brother’s private plane...crashed...” Her heart felt so tight that it started to hurt and she couldn’t speak. Tears instantly filled her eyes, and bean-sized tears fell silently.

“How could this be...impossible...absolutely impossible...” She couldn’t accept this fact. Big Brother had just called yesterday. This was impossible. The news must be fake, it must be fake!

Zhong Shenghao only felt sadder when he saw Shi Nuannuan tremble and cry.

Chapter 777: Shi Nuannuan Cries Her Eyes Out

Shi Nuannuan looked up at Zhong Shenghao with teary eyes as she cried like a baby. “This... isn’t real... how could my brother...”

Zhong Shenghao regarded Nuannuan as his younger sister, couldn’t help but let her lean against his chest as she cried her heart out. He patted her back gently to comfort her, “Don’t cry yet. The search and rescue team hasn’t found your brother’s body, so don’t jump to conclusions too early. What we need to do now is to quickly tell your grandfather and Mr. Zuo about this. Let them use all their power to search for your brother.”

Shi Nuannuan finally recovered from her grief as she listened to him.

Yes, the news said that her brother hadn’t been found yet. Perhaps, her brother was still alive...

But when she thought of the plane crash and the debris, she knew very well how slim the chances were for her brother to survive.

But as long as there was a glimmer of hope, there would be a miracle, just like when her mother woke up from her coma.

Thinking of this, she wiped away her tears and looked up at Zhong Shenghao. “Grandpa and Grandfather Zuo are still in the nursery. Let’s go find them now!”

She was about to run towards the nursery when Zhong Shenghao suddenly called out to her.

“Nuannuan.”

Shi Nuannuan turned around. Her face was still covered in tears as she looked at him in confusion.

“Don’t tell Weiyi about this no matter what. She won’t be able to handle it in her current physical condition.”

Shi Nuannuan nodded as she sobbed.

On the way to the nursery, Zhong Shenghao felt that this was a piece of news that would shake the entire world. In a short while, it would definitely cause a storm in the city. Everyone would definitely know about it even at the hospital. How could he hide this news from Weiyi?

She couldn't even move in her current state. If her wound ruptured and she bled again, the consequences would be unimaginable!

She must not know about this!

With this in mind, he took out his phone and dialed a number.

"Gather all the people from the relevant departments and convene an emergency meeting in five minutes!"

In the nursery, Shen Lanzhi, Zuo Yi, and Shi Le were still looking joyfully at the twins.

At this moment, the door suddenly opened. The three of them turned around and saw Nuannuan and Zhong Shenghao rushing in.

At this moment, Nuannuan's eyes were red. It was obvious that she had just cried.

Seeing her daughter's haggard appearance, Shen Lanzhi's expression froze. She walked over and asked with concern, "Nuannuan, what happened to you?"

Shi Nuannuan's tears filled her eyes again.

Her crying clearly frightened Shen Lanzhi. "What happened? Nuannuan, what happened to you?"

She had never seen her daughter cry like this before and she started to panic.

Shi Le felt his heart ache when he saw his granddaughter crying like this.

He walked over. "Nuannuan, what's wrong with you? Who bullied you?"

Shi Nuannuan tried to calm herself and put her hands to her mouth. But her shoulders still trembled from the sobs. She was afraid that the moment she uncovered her mouth, she would only burst into tears again.

Shen Lanzhi was completely flustered at the sight of her daughter crying in such devastation. She glanced at Zhong Shenghao and saw that his face was solemn as well, as if something had happened.

"What's going on?"

Chapter 778: Do Not Tell Weiyi!

"Auntie Shi." At this moment, Zhong Shenghao spoke softly, his voice a little hoarse.

Although she didn't know what exactly had happened, her instincts told her that something must have happened!

Her heart started to ache as she stared unblinkingly at Zhong Shenghao.

His thin lips slowly opened. "Something has happened to Ting."

His words struck Shen Lanzhi and Shi Le's hearts like a bolt out of the blue. Even Zuo Yi, who was standing at the side, was so shocked that his expression changed. Everyone looked at Zhong Shenghao in shock!

"What, what did you say?" Shen Lanzhi's eyes turned red and her face turned pale!

"Ting's private jet was attacked last night in the early hours of the morning and crashed..."

Shen Lanzhi felt a jolt in her head, and the world spun in an instant!

"Mommy!" Shi Nuannuan quickly caught her mother when she saw her fall to the ground. "Mommy..."

Shi Le, who was at the side, also fell heavily onto the sofa. The crutch in his hand slipped off, and his face was so pale that there was not a trace of blood on it.

This sudden news seemed to have taken off half of their lives, and they could not accept this fact!

"How did you know?" Shi Le asked as his voice trembled.

He had already suffered once before. How could he bear it a second time...

Zhong Shenghao knew that this was a cruel fact, but he could not hide it.

He took out his phone and handed it to Shi Le.

Shi Le took the phone with trembling hands. After a few moments, he looked at the news on the screen.

When he saw the familiar name, Shi Le felt as if his heart had been hit by a huge stone. Instantly, his face turned paler than before, and he suddenly grabbed at his chest.

"Grandpa!" Shi Nuannuan knew that her grandfather had a heart condition and could not withstand a huge shock!

Shen Lanzhi heard her daughter's exclamation and quickly turned to Shi Le, but she was still badly affected by the news.

"Father..."

In her grief, she could not even take care of herself. The bad news seemed to have pushed her whole family into a bottomless abyss!

"This old man's heart is not good, quickly get him treated!" Zuo Yi hurriedly said to Zhong Shenghao.

Zhong Shenghao finally came back to his senses as he quickly took Shi Le's hand and measured his pulse.

He looked back at Shi Le and knew that the old man could not be dealt another blow.

"Mr. Shi Le, please don't be immersed in grief yet because the details surrounding Ting's survival are still unknown. I need you and Mr. Zuo's power to find Ting as soon as possible!"

After hearing his words, the grief in Shi Le's heart seemed to have calmed down a little.

Yes! His grandson was not dead yet, and there was still a chance of survival. The most important thing now was to find his grandson's whereabouts!

He bent down, picked up the crutches on the ground, and stood up.

Although his chest still hurt a little, he could not afford to delay. He had to mobilize all forces to find his grandson's whereabouts!

He took a difficult step forward with the support of his crutches, and was about to walk to the door!

Zuo Yi also heard Zhong Shenghao and followed Shi Le's footsteps, walking toward the door together with Shi Le.

Just as they reached the door, Zuo Yi suddenly remembered something. He turned around and looked straight at Zhong Shenghao with his torch-like eyes. "Don't let Weiyi know about this. You must not let her know!"

He didn't want his granddaughter to suffer in the slightest!

Chapter 779: A Heart That Seemed to Have Been Torn in Half

If this bad news reached her ears, he didn't dare to imagine what the consequences would be. They had to keep it from her. They couldn't let her know!

"I know." Zhong Shenghao replied.

Shi Le and Zuo Yi finally left. Shen Lanzhi fell on the sofa, looking extremely haggard.

She held her forehead with her hand and supported herself on the armrest of the sofa. Tears streamed down her face like a fountain.

The joy of the twin's birth earlier vanished in an instant!

Meanwhile, Gu Yansheng, who had just left the hospital, suddenly received a call from Zuo Yi. When he heard the news, he was also extremely shocked!

"Please go to the hospital and keep an eye on Weiyi. Don't let the news reach her ears! She definitely won't be able to bear this."

Gu Yansheng recovered from his shock. He retracted his hand that was about to open the car door and said solemnly, "Okay."

After hanging up the phone, he turned around and returned to the inpatient department.

When he reached the door, Shen Lanzhi, Shi Nuannuan, and Zhong Shenghao did as well.

Looking at the mother and daughter's expressions, they must have already known.

Just as they were about to push the door open and enter, Gu Yansheng called out to them.

"Wait."

The three of them turned towards him in confusion. Anyone with a discerning eye could tell that they had cried. They could even tell from their faces that something huge had happened just now.

"If you go in like this, Weiyi will definitely be suspicious."

When she woke up, she was already very concerned about Shi Yuting's absence. At this moment, if there was even the slightest bit of abnormality from them, Weiyi would definitely notice it!

Shen Lanzhi and Shi Nuannuan knew what he meant

On one hand, she was dealing with the potential loss of her beloved son. On the other hand, she had to ensure the health of her daughter-in-law who had just given birth to a pair of grandchildren. Shen Lanzhi's heart felt as if it had been torn in half. How could she hide all this and pretend as if nothing had happened? She really could not do it...

"Auntie Shi, why don't you go back and rest first?" Zhong Shenghao suggested when he noticed her grief-stricken appearance.

With such news, it was impossible for any mother to hide her emotions and act as if nothing had happened. It would be even more painful than killing her!

Zhong Shenghao naturally couldn't bear it.

Shen Lanzhi glanced at Zhong Shenghao but didn't say anything. She hardly had the energy to speak.

"Then I'll send my mommy back," said Shi Nuannuan, a little teary eyed. But no one knows the true reason behind those tears.

Zhong Shenghao nodded lightly. "Okay."

Shi Nuannuan helped her mother walk towards the elevator.

Behind her, Zhong Shenghao called out to her again as if he had thought of something.

"Nuannuan."

Shi Nuannuan turned around.

Zhong Shenghao glanced at Shen Lanzhi and then at Nuannuan's face. "Auntie Shi, remember to come to the hospital after you've settled down. If everyone leaves just like that, Weiyi will be suspicious as well."

Shi Nuannuan nodded and then turned around to walk towards the elevator door.

At this moment, Shi Nuannuan's heart was being sliced into pieces. Other than Zuo Weiyi and Shi Yuting, no one knew that she had fallen in love with Xiangyi.

Until now, Xiangyi's phone had been switched off.

Chapter 780: Do You Miss Shi Yuting?

Xiangyi was always with her brother. If something happened to Shi Yuting, and both their phones were switched off, wouldn't that mean Xiangyi and her brother were on the same plane and crashed at the same time?

Shi Nuannuan's face was turned ashen. However, she could not express her emotions at the moment. If even she gave in to her emotions, what would her mother and sister-in-law do?

Zhong Shenghao turned back towards at Gu Yansheng.

“The news will soon spread throughout Z Country. I have to hold an emergency meeting with my staff. I’ll leave Weiyi to you,” Shenghao told Yansheng.

Gu Yansheng looked at him and nodded. “Okay.”

“What are you doing? You look like you have a lot on your mind.”

In the ward, Bei Xingchen noticed from the bedside that Weiyi had been absent-minded the entire afternoon.

“Do you miss Shi Yuting?”

Zuo Weiyi could barely move except for her head and two hands.

“He said yesterday that he would be back by this morning, but...”

“Don’t worry, it’s Shi Yuting we’re talking about. He’s the president of a country. He always brings his bodyguards with him wherever he goes. What could possibly happen?”

Zuo Weiyi felt a little more at ease after listening to her best friend’s words.

However, there was still no news from him. He did not even call her. He couldn’t not be worried about her.

According to Shi Yuting’s personality, it was impossible for him not to call her at all.

It was precisely because of this that her heart felt uneasy.

At this moment, a cell phone rang.

Bei Xingchen took out her phone and looked at the caller ID.

“I need to take this call!”

Looking at her best friend’s sweet expression, Zuo Weiyi seemed to know who had called. She smiled and said, “Sure, go ahead.”

She walked to the window and took the call. Although she did not want to yet, she had no choice but to leave.

“My dear, rest well here. I’ll come and see you again tonight!” Bei Xingchen seemed to have something on her mind as she spoke to Zuo Weiyi.

“Alright.”

As she spoke, Bei Xingchen picked up her bag and glanced one more time at Zuo Weiyi before turning around to leave.

As soon as she came out, she bumped into Gu Yansheng.

Bei Xingchen had heard about this man from Weiyi before, so she was not unfamiliar with him.

Gu Yansheng was taken aback when he saw Bei Xingchen walking out. He had almost forgotten about this woman.

Before Bei Xingchen could react, she was grabbed her wrist and dragged to the window at the end of the corridor.

“Hey, what are you doing?!” Bei Xingchen was baffled by his actions

“Are you Weiyi’s best friend?”

“Of course!”

“There’s something I need your help with,” said Gu Yansheng as he stared at Bei Xingchen.

Bei Xingchen was still a little confused as to why he was suddenly being so serious.

“What help?”

Gu Yansheng told Bei Xingchen about Shi Yuting’s accident.

Bei Xingchen’s eyes widened in shock when she heard the news!

“How could it be...”

She covered her mouth in disbelief!

Shi Yuting had been in an accident. If Weiyi knew about it, how could she bear it?!

“I hope you won’t tell Weiyi about this,” said Gu Yansheng as he looked at the shocked Bei Xingchen.

Bei Xingchen slowly moved her hand away from her mouth and looked at him in shock.
