

Kiss Me 831

Chapter 831: About the Ex

But now that they were in love, it was normal to want to have...sex.

She remembered that Shi Yuting had once said that he would only do such things with the woman he loved. Other than that, he had no interest in any other woman.

No wonder some people had said that he was abstinent and had no interest in a woman's body. Little did they know that it was because he had never fallen in love with and found the right one yet.

Now that she thought about it, she was the first one he fell in love with.

No, that didn't seem right.

Although he had said that he did not like Jing Xinlei as much as he liked her now, it did not mean that he did not have such thoughts with Jing Xinlei, did it?

While she was deep in thought, Shi Yuting had already finished taking a cold shower and walked out of the bathroom.

But Zuo Weiyi was not sleepy at all as she laid in his arms.

"Don't move." Seeing how restless she was, Shi Yuting was worried that she would stir up the fire that he had worked so hard to calm down.

Zuo Weiyi's body to settled down and she did not dare to act rashly again.

However, she was a little curious.

After a long silence, she felt the calmness in his breathing and finally asked, "Um, I have a question."

"Yes."

"You weren't interested in any woman's body before?"

"Yes."

"Including... Jing Xinlei?"

Hearing this, Shi Yuting furrowed his brows, then opened his eyes and looked at her in his arms. "Do you women like to ask these kinds of questions?"

Zuo Weiyi paused.

Well, a woman's inner world was always full of curiosity.

No, actually she was filled with curiosity about her husband's ex!

"I'm just curious."

"No."

"But didn't you like her before?"

“But I never thought about such a thing.”

“Why?”

“Because I never thought about it.”

“But you clearly—”

“Zuo Weiyi!”

A sudden roar interrupted her!

“Do you want me to ‘die’?” She really knew how to pick the right time to ask such a question. Here he was, trying his best to restrain himself while she was trying her best to ‘fan the flames’ within him!

He decided to endure tonight until she is done with her post-partum abstinence before giving her a good punishment!

Yuting’s sudden outburst made Zuo Weiyi realize that she had almost made him take a shower again. She fell silent and buried her face in his arms.

“Go to sleep!”

She finally calmed down and Shi Yuting finally let out a sigh of relief.

Just as he closed his eyes, her voice suddenly came from his arms. “Well, the doctor said that because I had a caesarean section, we can only have sex three months later.”

Shi Yuting’s body and mind froze.

On the other side.

It was 11:10 at night, and she was lying on the bed, tossing and turning, unable to fall asleep.

At this moment, her phone rang. It was a text message from her sister-in-law.

Frowning, she opened the message and saw only two short words: ‘Awake’.

Shi Nuannuan was stunned for a moment.

What did her sister-in-law mean with this message?

Lying on the bed with her legs crossed as she stared blankly at the heavenly ceiling, Shi Nuannuan fell into deep thought.

Then, as if she had suddenly woken up, she bounced up from the bed!

“He’s awake?! Did my brother send this message? Xiangyi has woken up?!”

Well, it had been only a day since her brother came back, and he probably hadn’t had the time to get a new phone when he’d lost his previous one.

Chapter 832: Will You Marry Me?

‘Yes, yes, it must be from my brother!’

After a sudden realization, Shi Nuannuan got up from bed. Like an ant on a hot pan, she paced around the room anxiously. She crossed an arm over her chest with one hand and rested her chin on the other.

Looking at the dark night outside the window, it should be late at night.

However, she really wanted to go to the hospital to see Xiangyi!

At this time, Grandpa and Mommy should be asleep. So even if she sneaked out, no one should know.

After thinking carefully, she picked up her phone and sent a text message to Zuo Weiyi: 'Dear Brother and Sister-in-Law, I have an urgent matter and need to go out. Tomorrow morning, Grandpa and Mommy will ask about it. I hope you can put in a few good words for me and hide it from them! Your little sister, Shi Nuannuan.'

Then, Shi Nuannuan picked up her bag and carefully opened the door of the room. After making sure that there was no movement outside the door, she tiptoed downstairs and left Shi Mansion.

In the bedroom.

Zuo Weiyi fell asleep very quickly in his arms, but Shi Yuting hadn't.

They could not have sex until three months later?

Just as he was thinking, his phone rang.

He turned and reached out carefully so as to not wake her up.

He picked up the phone and found that it was a text message from Nuannuan. He clicked on the content and his thin lips curled up.

This little girl really could not hold herself back for even a moment.

...

Late at night, Shi Nuannuan stepped on the gas and sped all the way to the hospital.

Shi Nuannuan's hand on the steering wheel unconsciously tightened as she thought about the time he disappeared. She did not want to leave any regrets in her heart.

Xiangyi's duty was to protect her brother. He was basically her brother's shield. Similar things like this might happen again in the future. She did not want to miss anymore opportunities. She wanted to confess!

When she arrived at the hospital, she walked straight to the floor of the ward where Xiangyi was.

At 11:45 pm, Xiangyi was lying on the hospital bed with his eyes closed. The wound that he woke up from was getting painful, and it was difficult for him to fall asleep.

At this moment, someone turned the doorknob.

He, who had always been vigilant, suddenly opened his eyes, emitting a cold light that shone directly towards the door of the ward.

Under the dim light, he saw a familiar petite figure, but he was not sure. After all, it was so late.

It was not until the lights in the ward lit up that Xiangyi was sure that it was Shi Nuannuan standing at the door.

“Nuannuan...” He subconsciously spoke, but he suddenly stopped before he could say anything more. He then changed his tone, “Miss, why are you here?”

His sounded a little weak, but his voice was still as magnetically charming as always.

Shi Nuannuan’s paused the moment she turned on the lights. She was a little surprised that he was still awake.

But it was good that he was awake. That way, it would be easier for her to confess, right?

Looking at the man on the bed, she took a deep breath and walked to the side of the bed. She said, “Xiangyi.”

Xiangyi was confused by her sudden seriousness.

“I like you!”

His heart suddenly trembled, as if he had been electrocuted.

Before this, although she often sent him messages and behaved straightforwardly with him, this was the first time she confessed.

He was stunned and looked at her fixedly.

“I want to be your wife. Will you marry me?”

She liked him and confessed to him with the goal of being his bride! Would he accept her confession?

Xiangyi was stunned again.

However, his silence made Shi Nuannuan feel inexplicably uneasy.

Why wasn’t he saying anything?

Chapter 833: Xiangyi’s Consideration

On the hospital bed, Xiangyi stared at her. He did not show any emotions outwardly, but his boiling heart was in turmoil!

Time passed slowly, and the atmosphere was eerily quiet. Shi Nuannuan’s heart was so nervous that it felt as if it was twisting unto itself.

Only then did she realize that she was not nervous about confessing. What she was nervous about, was Xiangyi’s answer to her confession.

After a long time...

“It’s very late. Miss, please go back.”

Shi Nuannuan was stunned. This answer was too unexpected.

Did he ignore her confession?

“Xiangyi, I’m confessing to you!”

Xiangyi looked away and did not look at her again.

“Will you marry me?” asked she again.

Marry her?

If it was possible, of course he would want to.

He remained silent. His facial expression from his side profile looked a little indifferent.

“Xiangyi.” His behaviour instantly made Shi Nuannuan feel disappointed.

“Why aren’t you answering me?”

“Miss should know the answer very clearly. She doesn’t need my answer.”

Shi Nuannuan was stunned. She knew the answer?

Was he still concerned about his identity?

“I don’t care about your identity. I just like you!”

“I do. It’s not just me. Madam and Mr. Shi do too.”

“Don’t worry about that. I can convince them!” Shi Nuannuan was full of confidence. She would definitely be able to convince her mother, but it might not be easy for her to convince her grandfather.

Xiangyi’s heart sank. Convince?

If she knew about his family matters, would she still try to convince them? He was afraid that even she herself would withdraw her confession today.

“There’s no need.”

His cold rejection struck Shi Nuannuan’s heart.

Why? She clearly felt that Xiangyi liked her, but why did he reject her so coldly?

She did not understand.

“If that’s all you’re worried about, I promise that I’ll really convince my grandfather and—”

“I’m tired and want to rest. Miss, please go back.” As soon as he finished speaking, he closed his eyes.

The burning sensation in his heart turned into pain.

Shi Nuannuan was stunned and stood there in a daze.

Why... why did Xiangyi treat her so coldly?

“Don’t you like me?”

Was it due to his identity, or because he truly did not like her at all.

Xiangyi's eyes remained closed and did not answer her question.

However, Nuannuan felt that her heart was in pain.

She had always thought that Xiangyi liked her and never thought otherwise. His indifference now really hurt her.

"Not even a little bit?" This was impossible. When she mistakenly thought that she had taken the poison, he clearly cared about her.

But what was he running away from? She had already said that she would convince her grandfather, so what was he thinking about?

Xiangyi still did not speak.

His indifference made Shi Nuannuan momentarily loss. Before she confessed, she had wholeheartedly thought that he would accept her.

But now, it seemed that it was no longer just a matter of identity, but also because he did not like her.

"During the time you disappeared, I... I was really worried. I've... I've never felt my heart ache so much that it felt worse than death. During the time you disappeared, did you really not think about me?"

She did not believe that Xiangyi had not thought about her!

Her words made Xiangyi finally open his deep eyes.

In the isolated island, he truly thought that he was going to die there.

Chapter 834: Damn, What Kind of Driver Are You?!

At that moment, his heart and mind were filled with Nuannuan. Coming back to see her was his only will to live.

But now that he had returned safely, he became timid again.

Their identities were like the sky and the ocean destined to only meet at the horizon and nothing more.

"Not even once?"

His heart was filled with endless pain.

He averted his gaze and closed his eyes again.

Time stopped once more. Outside the window, it was so quiet that only the faint sound of a car could be heard.

Shi Nuannuan lowered her face. For the first time, she felt that she had overestimated herself.

"I'm sorry to have troubled you."

After saying that, she silently turned around and left the ward.

Xiangyi only opened his eyes slowly when the door was closed again. His hands, which were hanging by his sides, unconsciously tightened due to the heartache.

In the corridor.

Shi Nuannuan felt dejected and left the hospital slowly.

She just did not understand why Xiangyi did not accept her.

Was he really just worried about his identity?

If that was the case, she could have asked her brother to give him another job. There were so many branches of Di Zun Group. With his ability, it would not be a problem for him to become a director or vice president.

Even if her grandfather cared about his birth history, he doted on her so much. If she insisted, wouldn't he agree?

If he didn't agree, she could elope with him!

After getting into the car and fastening her seatbelt, Shi Nuannuan started speculating.

She had a feeling that Xiangyi was acting like that just because of this. There must be something else.

The car drove out of the parking lot and headed towards Shi Mansion.

On the way, Shi Nuannuan speculated about various reasons.

Could it be that her grandfather had discovered that she liked Xiangyi and issued a strict ban on him?

Could that be the case?

Thinking of this possibility, Shi Nuannuan slammed on the brakes!

If that was really the case, then she could not give up! She wanted to be an indestructible cockroach until Xiangyi accepted her!

As she said that, she suddenly turned the steering wheel.

"Squeak!!"

The rapid and ear-piercing sound of brakes rang out. Before Nuannuan could react to what had happened, she felt a force of gravity coming from her head. Then, her vision went black and she lost consciousness.

"Damn, what kind of driver are you?!"

Nuannuan had turned the wheel too abruptly, probably lost in thought. That was why the car that was coming from behind was caught off guard and directly crashed into her door!

When the other driver got out of the car, the driver cursed at Nuannuan as they approached the latter's car!

However, when they approached the driver's seat, they found that the person in the driver's seat had lost consciousness. They couldn't help but shut their mouth.

"Hello, Miss? Are you okay?!"

The other driver lightly tapped on Nuannuan.

“Hello?!”

The person had no choice but to take out their phone and call 120. “I’m so unlucky.”

Late at night, a little past one in the morning.

Shen Lanzhi was so anxious that she jumped out of bed when she received a call from the hospital!

“W-Which hospital?!”

“Okay, I got it!”

Shen Lanzhi got up and put on her clothes before leaving the room. She then knocked on the door of Shi Yuting and Zuo Weiyi’s room.

“Son,” called Shen Lanzhi softly, afraid that she would wake Zuo Weiyi who was sleeping soundly.

She knew her son’s hearing. As long as there was a slight movement, he would be able to wake up.

Hearing his mother’s knocking on the door, Shi Yuting opened his eyes and reached out to turn on the bedside lamp. His eyes were wide open.

Chapter 835: Nuannuan Was Admitted to the Hospital

Under the dim light, he gently pulled out his arm, afraid that he would wake the person in his arms. He then got out of bed and walked towards the bedroom door.

The moment he opened the door, he saw his mother’s anxious face.

“The hospital just called me and said that something had happened to Nuannuan!”

Hearing this, Shi Yuting’s pupils constricted and his expression changed abruptly!

On the other hand, Shen Lanzhi was so anxious that tears were streaming down her face!

Turning around, he took a glance at the person who was still sleeping soundly on the bed. Shi Yuting picked up his coat and car keys, gently closed the door and immediately rushed to the hospital.

...

After receiving first-aid treatment, Shi Nuannuan was transferred to the VIP Ward, but she was still in a coma.

Standing by the bed and looking at the beautiful woman lying on the bed, the driver could not help but feel a little surprised.

Since she was a beauty, he wouldn’t bother her with the medical fees.

The driver took one last look at Shi Nuannuan, then turned around and left the ward.

A moment later, Shen Lanzhi and Shi Yuting rushed over.

Shen Lanzhi's face reflected the ache she felt in her heart as she looked at her daughter laying on the bed.

"Nuannuan..." Shen Lanzhi walked over and called out her daughter's name sadly.

"How's the situation?"

Shi Yuting and asked the doctor next to him.

"She suffered a serious injury to the head and fainted. Her leg is slightly fractured. The cast has been applied and she should be fine. She should be able to wake up tomorrow."

"How did the accident happen?"

"Uh, the accident seemed to have happened when Miss Shi suddenly turned the car around without a turn signal, causing the car coming from behind to directly crash into her. She is fully responsible. However, the driver paid for the medical fees."

If it were any other day, no one would be willing to pay this amount.

It seemed that Shi Nuannuan's beauty had won the driver's generosity!

Shen Lanzhi, who was sitting by the bed, couldn't help but be a little surprised when she heard this.

A car accident?

Wasn't Nuannuan sleeping at home in the middle of the night? How could there be a car accident?

"What's going on? Wasn't Nuannuan at home?" asked Shen Lanzhi to Shi Yuting.

Shi Yuting frankly replied, "She must have been here to see Xiangyi and got into the accident at some point."

Thinking of this, he suddenly frowned and turned to ask the doctor, "When was she sent here?"

The doctor thought for a moment before saying, "More than an hour ago."

Shi Yuting frowned.

More than an hour ago?

Wasn't she supposed to have gone to the hospital at eleven o'clock? Could it have happened on the way back?

In other words, she had seen Xiangyi?

Shen Lanzhi couldn't help but feel confused.

Nuannuan came to the hospital to see Xiangyi? Why in the middle of the night?

Shen Lanzhi was puzzled. She looked up at her son and was about to ask, but the words Nuannuan had said to her that night suddenly flashed through her mind.

"If the boyfriend I'm going to have in the future is someone without status, would you allow it?"

Could it be that Nuannuan... liked Xiangyi?!

How could this...

She turned around and looked at her unconscious daughter.

After what had happened to her son and Weiyi, she no longer wanted to get involved with the people that her children liked. It was fine as long as they liked each other.

However, if Nuannuan liked Xiangyi, she didn't know what her grandfather would think.

Shen Lanzhi couldn't help but worry as she thought about it.

In the early morning, a ray of autumn sunlight shone through the floor-to-ceiling window.

Zuo Weiyi opened her eyes and realized that the man beside her was no longer there.

She got up and out of bed. After leaving the room, she went to the room next door. She missed the two babies.

At this moment, the nanny was feeding the two babies.

Chapter 836: I Don't Want to Be a Flower in the Greenhouse

After feeding them, she picked up the babies and played with them for a while. At this moment, she heard footsteps coming from the corridor.

She turned around and saw Shi Yuting walking over.

He was dressed in a suit and looked like he was going out.

"Are you going out?"

"I just came back."

Shi Yuting walked over and looked at his son in her arms.

Zuo Weiyi was stunned.

It was only about seven o'clock in the morning.

And he just came back? Did he go out early in the morning?

"Where did you go?"

"Nuannuan had a car accident last night."

Zuo Weiyi widened her eyes in shock and her expression changed abruptly.

Following that, she asked a series of questions, "Nuannuan had a car accident? What happened? Is she alright?"

"She probably went to see Xiangyi. It happened on the way back. She's still unconscious, but the doctor said that she's fine."

Because his mother was still in the hospital, he rushed back to take care of her.

“Why are you out of bed again?”

Hearing that she was fine, Zuo Weiyi was relieved. However, she still wanted to go to the hospital to see Nuannuan.

Seeing that he had changed the topic, she looked at herself and said, “It’s fine. I’m not going anywhere else.”

“That won’t do either.”

Saying that, Shi Yuting handed her son over to the nanny, then carried her to the bedroom.

“Lie down. I’ll bring breakfast up for you,” said he softly after putting her on the bed.

Not long after, Shi Yuting came up with the breakfast and personally fed her by the mouthful.

“I’ll do it myself.” Although it was very sweet of him, she could still move her hands and feet. Moreover, being cared for by him like this made her feel a little too spoiled and useless.

She did not want to become a delicate flower in the greenhouse.

However, just as she stretched out her hand, she was once again avoided by Shi Yuting. “I’ll do it!”

Zuo Weiyi was helpless and could only let him feed her.

“Are you going to the hospital later?” After eating a mouthful of preserved egg and lean meat porridge, she could not help but ask.

After all, Xiangyi and Nuannuan were both in the hospital now, so he definitely had to take care of them.

“Yes,” replied Shi Yuting softly.

After breakfast, the maid came over and took the bowls and chopsticks away.

He looked at her. “Rest well. If you want to see the children, just get the nanny to carry them over. Don’t get out of bed.”

Zuo Weiyi felt that both mother and son were just too cautious.

His mother also hoped that she would not get out of bed casually. It was best to lie down all the time so that she would not fall ill during abstinence.

But she had also looked up some relevant information on the internet and read that it would not be a big deal to get out of bed and walk around occasionally.

“How can I not get out of bed? I have to go to the toilet, don’t I?” She looked at him and protested.

If she kept lying down, she felt that she would actually fall sick.

He stared at her and thought for a while. Then, he met her pitch-black pupils. “Other than going to the toilet, then.”

In the end, she could only nod. “Alright! I really have to go now.”

...

At the hospital.

Shi Yuting brought breakfast to Xiangyi's ward.

Xiangyi was obviously flattered by his action.

"Sir, you don't have to be like this."

Shi Yuting placed the breakfast on the table and opened it for him. Knowing that Xiangyi's hand was injured, he brought a spoon.

Naturally, he would not feed him personally.

It was not that he did not want to, but a man feeding a man didn't feel right. Just imagining it made all the hairs on his body stand on end!

Chapter 837: Nuannuan Was in a Car Accident

"If you hadn't blocked that shot, I'm afraid I would be the one lying here. Or perhaps, we would have already died on that island."

He handed the breakfast to Xiangyi.

"You need to get well quickly. We still have a lot of things to do." Shi Yuting's eyes turned cold as he spoke.

Upon meeting his gaze, Xiangyi instantly understood what he was referring to.

Indeed, after Yuting returned safely, the first thing he had to deal with was Shi Tiannan.

"Yes, sir."

He nodded, then picked up his breakfast and ate it slowly.

There were many types of food in his breakfast plate, including steamed buns, porridge, and steamed dumplings. Xiangyi could not move his right hand, so he could only use his left hand to pick up a steamed bun to eat.

Shi Yuting fell deep into thought as he watched Xiangyi ate.

Halfway through a bun, Shi Yuting suddenly spoke.

"Nuannuan was in a car accident."

Xiangyi stopped eating as he felt a jolt through his heart. He looked at Yuting in shock.

A car accident? How could that be? She was just here last night!

He felt anxious and uneasy, as if his throat was being strangled. He wanted to ask more, but could not make a sound.

Shi Yuting saw the anxiety in his eyes.

“She was here last night, wasn’t she?”

Xiangyi nodded. “Yes.”

“The accident happened last night. Nuannuan’s driving skills aren’t bad. Something must have happened for her to suddenly make a turn without signaling first.”

What Shi Yuting wanted to know most was what happened between her and Xiangyi at the hospital.

When they were at home, she had clearly sent him a text message asking him to help cover for her if their grandfather asked about her in the morning. This meant that she had planned to spend the night in the hospital. So, why would she go leave the hospital in the middle of the night?

Did something happen between her and Xiangyi?

His pitch-black eyes stared fixedly at Xiangyi. From his expression, he seemed to have sensed that something must have happened between the two of them last night.

“Is she... alright?”

Shi Yuting looked at him for a few seconds before saying, “She’s still unconscious.”

Xiangyi’s hand that was holding half a bun tightened slightly. An impulse to rush to Nuannuan’s side arose spontaneously, but he managed to restrained himself.

“How could she have been in a car accident?”

“I’ll have to ask you that,” said Shi Yuting.

Hearing this, Xiangyi looked at him.

Shi Yuting continued, “Though I value you highly, if what happened to Nuannuan was caused by you, our friendship will not be enough to hold me back.”

His words surprised Xiangyi.

Shi Yuting stood up.

“She’s fine, you don’t have to worry too much. Rest well, I’m leaving.”

Xiangyi fell into a daze and closed his eyes in regret!

On the other side.

Shi Nuannuan only woke up in a daze around nine in the morning.

Looking at the snow-white ceiling, she was a little confused at first, then the memories flooded into her mind.

Did she get into a car accident?

“Nuannuan! You’re finally awake!” Shen Lanzhi’s eyes started to well up with tears as she excitedly rushed to her daughter’s side the moment she saw the latter wake up.

“Mommy...” Shi Nuannuan called out softly as she tried to sit up.

“Don’t move, don’t move!” Shen Lanzhi quickly stopped her. “I’ll help you.”

Chapter 838: The Room Felt a bit too Stuffy...

She raised the head of the bed a little to let Nuannuan lean against it.

“How do you feel?” Shen Lanzhi asked her daughter worriedly.

Shi Nuannuan moved her head and felt a wave of dizziness. “My head feels dizzy.”

Nuannuan tried to lift her leg. Her back was also starting to ache.

“Ah!” Shi Nuannuan suddenly cried out in surprise, which frightened Shen Lanzhi.

“Didn’t I already tell you to not move?” Shen Lanzhi was anxious as her heart ached to death!

“Ah, why is my leg...why did it become like this?”

“Don’t move. I’ll go get that child, Shenghao!” Shen Lanzhi hurriedly got up and rushed out of the ward.

At this moment, Shi Le had also rushed to the hospital after hearing the news. He arrived as soon as Shen Lanzhi left.

Seeing his granddaughter’s miserable appearance, Shi Le felt his heart ache too.

“Nuannuan, why did you do this to yourself?”

Hearing her grandpa’s voice, Shi Nuannuan immediately stopped moaning and stared at Shi Le.

“Grandpa...”

Shi Le’s gaze sized her up.

“I heard you got into a car accident last night. What happened?”

Shi Nuannuan’s eyes darted around guiltily in the face of her grandpa’s question. “It’s... It’s nothing.”

“You’ve got this injured and you call it nothing?”

Just when she didn’t know how to answer, Zhong Shenghao and Shen Lanzhi came to the ward.

Shenghao gave her a quick check-up. Apart from the injury on her leg, which needed more than a week to recover, everything else was fine.

“It’s not a big deal. She’ll be discharged in two days, but she might need some time to recuperate when she gets back,” said Zhong Shenghao.

Hearing that it really wasn’t a big deal, Shi Nuannuan was relieved.

“Tell me, weren’t you sleeping at home last night? Why did you drive out and have a car accident?” Shi Le didn’t understand. Why would his granddaughter drive out in the middle of the night for no reason? Fortunately, it was not very serious. But what if something had happened?

Shi Nuannuan did not know how to respond to her grandpa.

She couldn't tell him that she left to see Xiangyi, could she?

"I..." She hesitated, not knowing how to answer.

Shi Le just looked at her, waiting for her answer.

"I just felt that the room was too stuffy. I went out... for a drive." She randomly found a reason to fool him, but she forgot one thing.

It was autumn now, and the leaves outside the window had long withered. They had long put on their coats, but she felt that the weather was stuffy?

"You—"

"Grandpa!" Shi Nuannuan interrupted her grandpa before he could say any more. "I have a headache now, and I want to rest."

Looking at the gauze wrapped around her head and the inflammation on her forehead, Shi Le did not have the heart to keep pressing.

Anyway, as long as she was fine, everything else didn't matter anymore.

He sighed and stood up. "Then have a good rest. I'll be leaving first."

"Okay."

After Shi Le left, Shen Lanzhi looked at her daughter and asked, "Are you hungry?"

Shi Nuannuan nodded obediently. In fact, she had just woken up, so how could she not be? "I'm hungry."

"Then I'll go buy you some food."

"Okay."

As soon as her mother left, Shi Nuannuan carefully poked her head out. After making sure that Shen Lanzhi wasn't close by, she immediately turned to look at Zhong Shenghao. "Brother Hao, am I also in the surgery ward?"

"Yep." Zhong Shenghao nodded as if he could read her mind.

Chapter 839: I Will Convince Grandpa!

"Which floor?"

Zhong Shenghao stretched out three fingers.

Shi Nuannuan smiled. It was indeed the same floor as Xiangyi!

"Okay, you have a good rest. I still have to check on Xiangyi's injury." Zhong Shenghao took the medical record card and was about to leave Nuannuan's ward.

"Brother Hao!" Shi Nuannuan called out quickly.

Zhong Shenghao turned around and looked at her in confusion.

“How long more will Xiangyi have to be hospitalized for his injuries?”

“His injuries are completely different from yours. It’ll take at least a month,” said Zhong Shenghao.

Actually, Zhong Shenghao was quite shocked when he had a look at Xiangyi’s injuries. If an ordinary person was injured like that, they would have died long ago. However, Xiangyi persevered, as if he didn’t know what else to do but to survive.

“Why are you asking?”

“It’s nothing, it’s nothing. You should hurry up and go!” said Shi Nuannuan with a smile. The moment she woke up, she had been full of energy. If it wasn’t for the cast on her leg, she would have jumped out of bed!

Zhong Shenghao continued to look at her in confusion. But he didn’t ask any more questions and decided to leave.

Shi Nuannuan was thinking about how to change Xiangyi’s heart and make him accept her confession!

In order to do so, Shi Nuannuan bought some books from the Internet. There were all kinds of methods recorded in them.

During the two days in the hospital, she flipped through ten books. They were all about how to change a man’s heart and confess successfully!

Every time her mom and grandpa came, she would hide the books in the drawer, afraid that they would be discovered.

But one day, she was probably so engrossed in reading that she did not even notice her mother, Shen Lanzhi, pushing entering.

“Nuannuan, why are you reading these kind of books?”

Shi Nuannuan snapped back to her senses and quickly hid the books behind her.

Seeing her daughter’s guilty look, Shen Lanzhi understood.

She put down the pork ribs soup in her hand. “Mommy knows everything. Before you got into the car accident, you came to the hospital to see Xiangyi.”

Shi Nuannuan was a little surprised by what she heard/

Mommy knows everything?

She slowly took the book out from behind her back and asked Shen Lanzhi curiously, “Mommy, you... you knew everything?”

Shen Lanzhi looked up at her daughter. “I’m your mother. What wouldn’t I know?”

Shi Nuannuan was a little embarrassed by her mom’s question.

“Then, do you object?”

“Xiangyi is a good person. I feel reassured with him around. However, with his background, I’m afraid that your grandfather will have a hard time agreeing to it.” This was what Shen Lanzhi was most worried about.

“I will convince Grandpa!” said Shi Nuannuan confidently.

Shen Lanzhi only looked at her daughter in silence.

In the afternoon.

After Shen Lanzhi left, Shi Nuannuan stayed in the ward alone.

She was a little bored, and Xiangyi’s face flashed across her mind.

She stuck her head out and glanced in the direction of the door. Then, she got off the bed and took the crutch at her bedside – she had asked Zhong Shenghao to get it for her after her mother left in the afternoon.

She walked out of the ward and went to where Xiangyi was.

She quietly pushed his door open a crack and stuck her head in to take a look inside.

Xiangyi heard a sound and turned towards the door from where he was laying. When he saw that familiar face, his expression changed and his gaze was like a torch.

When she met his gaze, Shi Nuannuan did not plan to hide anymore. She pushed the door open and walked in.

Looking at the cast on her foot, Xiangyi’s heart tightened.

Chapter 840: Did You Fall on Purpose?

“Are you... okay?” He looked at her and the indifference from before had faded away, though his deep voice sounded a little hoarse.

This made Shi Nuannuan very happy.

“I’m fine. Brother Hao said that I can be discharged from the hospital tomorrow. After that, I can rest at home for a few days and finally remove the cast!”

Xiangyi finally felt relieved after listening to her. His heart had been hanging in the air this whole time.

Then, there was silence.

“Have you eaten lunch?”

“Yes.”

“What did you eat?” Shi Nuannuan could not seem to find any other topic to talk about.

“I just ate a little.”

“Oh.”

The atmosphere fell silent again.

For a long time, the two of them did not speak again.

Shi Nuannuan really could not find any topic to talk about. He didn't seem very responsive either.

"Um, I'll go back now."

"Okay."

'Can't you be a little more enthusiastic?'

Shi Nuannuan was frustrated. She glared at him with some dissatisfaction. Then, she reached out for her crutch and was about to stand up.

However, just as her hand touched the edge of the it, she suddenly stopped. She stole a glance at Xiangyi who had not looked at her from the beginning.

Last time, he had also revealed a nervous expression when she was injured. If she were to do it again, would Xiangyi feel sorry for her, or would he just lie on the bed and watch coldly?

Shi Nuannuan remembered a quote from one of the books she read, "Pretend to be sick and see how he treats you."

"Ah!"

Xiangyi heard a thud followed by a scream. He turned around and saw Shi Nuannuan on the ground.

He felt his heart tighten. Without even thinking, Xiangyi got up and rushed out of the hospital bed!

"Nuannuan!"

He rushed to her side and bent down. When he reached out to help her up, he touched the wound on his back. There was a sharp pain, so painful that his face suddenly changed and he broke out in cold sweat!

However, his heart was still focused on Shi Nuannuan who had suddenly fallen.

He endured the intense pain and helped her up. "How are you?"

His voice was obviously strained, but Shi Nuannuan did not notice it. She only felt his anxious cries.

This meant that Xiangyi cared about her, right?

She turned her head and suddenly hooked her arm around his neck. "You like me, right?"

But when she had a proper look at him, his expression did not look right.

The smile on Shi Nuannuan's lips froze and she stared at him with concern. "What's wrong?"

Xiangyi furrowed his brows. It was only when he saw her smiling face that he realized something was wrong.

"You fell on purpose?"

Shi Nuannuan nodded blankly. "Yes, I wanted to see your reaction..."

Xiangyi stared at her and his originally tense heart finally heaved a sigh of relief.

“Don’t do it again.”

His lips were chapped and his face was so pale that there was not a trace of blood on it.

Shi Nuannuan did not understand what was wrong with him. She held onto his neck and stared at his pale face. “Your, your face...”

Xiangyi glanced at her but his vision suddenly started to get blurry. In the next moment, he had already fallen.

Xiangyi?” Shi Nuannuan was scared out of her wits and did not know what to do. “Xiangyi, what happened to you... don’t scare me!”

She raised her hand and wanted to pat his face gently, but just as she reached out, she realized that her hand was suddenly covered in blood..

What was going on?

Shi Nuannuan was so scared that her whole body trembled and her face turned pale!

Then, she caught a glimpse of Xiangyi’s back and saw fresh blood continuously flowing out from his back to the floor..

“Doctor... doctor! Someone come quickly!” She quickly called out.
