

Kiss Me 841

Chapter 841: Guilt and Self-Blame

Zhong Shenghao was on his way to Xiangyi's ward when he heard the cries. He quickly rushed in and was greeted by a shocking scene.

It took him awhile to comprehend what was happening.

From the looks of it, the wound must have split open! Moreover, the bleeding was happening shockingly fast!

"We're operating immediately and prepare a large amount of type a blood!"

Zhong Shenghao helped Xiangyi up as he spoke to the medical staff who had rushed over.

Shi Nuannuan remained shocked in place.

Until a group of people in white coats had moved Xiangyi out from the ward, she finally moved, lowering her head to look at her hands that were covered in blood. Her heart was torn apart.

What did she do? What was she doing?!

Tears rolled down uncontrollably. She bent over on the ground weakly and cried out loud..

She hated herself to death!

At the entrance of the emergency room, Shi Yuting had also rushed over when he received the news.

It puzzled him how Xiangyi was now on the verge of death again when he had been healing well before this.

Shi Yuting turned and walked over to his sister Nuannuan.

"What's going on?"

Shi Nuannuan had her head lowered when she heard his voice.

Shi Yuting was stunned when he saw her crying her heart out.

"Brother... will he die?"

"What's going on?"

Shi Nuannuan could not help but shed tears. Her shoulders were trembling so badly from sobbing that she could not speak, "I... I didn't do it on purpose... I just... I just wanted to know if he likes me... I didn't do it on purpose..."

She was filled with regret and cried out loud as she hugged Yuting's thighs.

"I really didn't do it on purpose..."

Shi Yuting reached out and touched the top of her head. "Everything will be fine..."

Shi Nuannuan shook her head desperately. "I saw Xiangyi, he was bleeding a lot... it was all blood, a lot of blood... sob... what should I do... I don't want Xiangyi to die..."

At this moment, the emergency room door opened and Zhong Shenghao walked out.

"How is he?" Shi Yuting walked over.

Zhong Shenghao took off his mask and his expression was a little solemn. "The wound has been stitched up again and the bleeding has stopped. But his condition has worsened."

This was equivalent to a second injury. How could it not be serious? It was already a miracle that he was able to survive!

"But what's going on? I clearly told him not to get out of bed and move around. He should have known that if the wound opened up again, the consequences will be very serious!" Zhong Shenghao still didn't understand. He knew that Xiangyi wasn't a careless person.

But based on what he saw earlier, it was obvious that he had gotten out of bed and done something to cause the wound to open up again.

Shi Nuannuan's heart hurt even more as she listened to Shenghao.

"Brother Shenghao, will he die?"

Zhong Shenghao turned his gaze when he heard the voice. When he saw Shi Nuannuan's regretful face, he seemed to have understood something in an instant.

When he went in, Nuannuan was indeed there. Could it be because of her?

"I have saved his life for now, but what happens next is still unknown."

Shi Nuannuan lowered her face and felt a sharp pain in her heart.

Then, she turned around and silently walked to her ward.

Looking at her desolate back, Shi Yuting and Zhong Shenghao both knew that Nuannuan liked Xiangyi very much.

Chapter 842: Am I too Stubborn?

In the evening, Shen Lanzhi brought dinner to the hospital. As soon as she entered the ward, she saw her daughter curled up on the bed, lying on her side.

"Nuannuan, it's time to eat. Mommy made your favorite steamed fish today."

Shen Lanzhi took out the food from the insulated box as she spoke to Shi Nuannuan.

However, she did not hear the expected excitement from her daughter. She could not help but turn around, only to see that Nuannuan was still curled up on the bed.

"Nuannuan, what's wrong?"

Nuannuan would usually be really excited when she sees her favourite dishes. Why did she look so listless today?

Shen Lanzhi walked over and realized that something was wrong.

“What’s wrong?”

Shi Nuannuan continued to remain silent. After a while, she asked softly, “Mommy.”

“Hmm?”

“Am I too stubborn sometimes? I always act for my own selfish desires, regardless of other people’s feelings.”

Shen Lanzhi knew about her daughter’s carefree personality well. It was rare for her to hear her words filled with self-reflection. So she could not help but feel a little surprised.

“What’s wrong with you? Why do you say that?”

Her daughter was sometimes a little stubborn, but she was not a child who acted recklessly. Moreover, in her eyes, her daughter had always been quite obedient.

It was inevitable that she would be a little stubborn. After all, she had been pampered and spoiled by her family since she was young. However, she had never been unreasonable. Compared to those socialite daughters, her daughter was simply much better!

“Because of my stubbornness, Xiangyi’s wound ruptured and he was sent to the emergency room today... Brother Hao said that his injuries are more serious than before.” Shi Nuannuan started sobbing again.

Shen Lanzhi was also shocked when she heard this. “What? You...”

She looked at her daughter who was filled with guilt and naturally could not bear to blame her anymore.

At this moment, she would be feeling more guilty than anyone else.

After all, she had just told her that she liked Xiangyi.

“It’s good that he’s fine. Don’t blame yourself.”

Despite her mother’s comforting words, Shi Nuannuan still could not forgive herself for her actions this afternoon.

“He lost a lot of blood... a lot of blood...”

Hearing her daughter’s words, Shen Lanzhi’s heart also became uneasy.

She thought for a while, then turned around and left the ward.

When she arrived at Xiangyi’s ward, she found that it was empty. She was surprised.

“Where is he?”

As soon as she came out, she met a medical staff. She couldn’t help but reach out to pull her back. “Hey! Excuse me, where is Mr. Xiangyi who was occupying this room?”

The medical staff glanced at the ward that Shen Lanzhi pointed to and continued, "Mr. Xiangyi has been transferred to the intensive care unit."

Hearing this, Shen Lanzhi was shocked.

It's that serious?

When she came to the intensive care unit and saw the unconscious Xiangyi, Shen Lanzhi was also shocked beyond words.

These days, when she sent food to Nuannuan, she would specially prepare a set for Xiangyi too. After all, the food bought outside was not as good as the food from home.

Moreover, he was injured because of her son. Although it was part of his job, she was still very grateful to him.

After all, a normal bodyguard would not usually use his body to block bullets.

This child was really suffering.

"Auntie."

Zhong Shenghao's voice came from behind her. Shen Lanzhi turned around and could not help but ask about Xiangyi's situation.

"Is he okay?"

Chapter 843: Done Something Unforgivable

Zhong Shenghao looked at Xiangyi with a heavy expression. "We still have to continue to observe him cause we don't know when he will wake up."

Shen Lanzhi couldn't help but feel heavy-hearted when she heard that.

No wonder Nuannuan blamed herself so much.

When she returned to the ward, Shi Nuannuan was still lying on the bed silently.

Shen Lanzhi looked on and felt very uncomfortable, but she didn't know how to comfort her. After all, she had really done something wrong this time.

She had almost caused the person she liked to lose his life.

At night, afraid that her daughter would be upset alone, Shen Lanzhi stayed behind.

The next day, Nuannuan was discharged from the hospital.

When she returned home, Shi Nuannuan was still unhappy.

Taking advantage of Shi Yuting's absence, Zuo Weiyi sneaked out of bed and went to Nuannuan's room.

"Nuannuan, are you okay?"

The moment she entered, she saw her curled up on the bed, looking a little depressed.

“Nuannuan?”

Only then did Shi Nuannuan snap out of her thoughts. She turned around and looked at Zuo Weiyi as the latter walked over.

“Sister-in-law.”

Shi Yuting did not tell her that Xiangyi’s feelings had worsened.

“What’s wrong with you? Why aren’t you happy after being discharged from the hospital?”

“I’ve done something unforgivable.”

Zuo Weiyi was stunned.

“What did you do?”

“That night, I confessed to Xiangyi, but he never answered me directly. Then, yesterday, I wanted to test him. I pretended to fall, just to see if he really cared about me, but...” At this point, Shi Nuannuan could not help but cry again. “I didn’t know that he couldn’t move or get out of bed. I really didn’t know...”

At that time, Zhong Shenghao told her that as long as his fever subsided and he could wake up, he would be fine. She thought that Xiangyi was almost healed but had no idea that the wound on his back couldn’t be touched and he couldn’t get out of bed either.

“Then, I really fell in front of him. He got anxious and rushed out of bed to see how I was doing. But because of that, the wound on his back split open and there was a lot of blood. My hands and the floor were all covered in the blood from his wound...”

Zuo Weiyi was also shocked upon hearing Shi Nuannuan’s story.

Xiangyi’s injury had worsened? Why didn’t she hear about it from Shi Yuting?

“What about now? How is Xiangyi?”

Shi Nuannuan sniffled. “He’s been saved, but he’s in the intensive care unit. Brother Shenghao said that we’ll have to continue to observe him and see what happens next.”

Hearing this, Zuo Weiyi heaved a sigh of relief. With Zhong Shenghao’s ability, he would definitely be able to wake Xiangyi up safely. This was also why Shi Yuting had asked him to stay in Z City to take care of Xiangyi until he recovered and was discharged from the hospital.

However, after this incident, she actually felt that the previous agreement could be scrapped. Perhaps Zhong Shenghao didn’t have to leave. As long as he could take good care of Jing Xinlei, it might be the same no matter where he went.

“Don’t be sad. Xiangyi will be fine.”

Looking at the sad Nuannuan, Zuo Weiyi comforted her.

...

For the next few days, Shi Nuannuan locked herself in her room sullenly until the injury on her leg was completely healed.

She was still depressed and worried about Xiangyi, but she did not dare to go to the hospital.

She was afraid, afraid to see him in a coma. All of this was caused by her stubbornness.

At dinner time, Shi Nuannuan went to Zuo Weiyi's room. More than half a month had passed, and Shen Lanzhi was still carefully taking care of her, not letting her get out of bed or move around. Zuo Weiyi felt that she was about to go moldy!

Chapter 844: Could It Be...Impotence?

"If you're so worried about Xiangyi, why don't you go to the hospital?" asked Zuo Weiyi as she sat next to a depressed Nuannuan on the bed.

"I don't dare to go."

In the past few days, despite recuperating at home, Shi Nuannuan had become much more haggard. Her eyes had also become completely red.

Shi Le did not understand what had happened to his granddaughter, and he could not get an answer from her, so he could only give up.

"Why not?"

"I caused him to be like that. I'm afraid that he'll hate me to death if he sees me when he wakes up."

Zuo Weiyi did not find her words funny.

"Xiangyi does not have such a small heart. He likes you too much. How could he hate you to death?"

Shi Nuannuan suddenly looked up at Zuo Weiyi in excitement. "Sister-in-Law, you also think that Xiangyi likes me, right?"

Zuo Weiyi nodded. Perhaps others might not know, but after those few times when she saw how much Xiangyi cared about Nuannuan, how could she not see that not only did Xiangyi like her, he had even fallen in love with Nuannuan a long time ago.

"But, why didn't he accept my confession?" Shi Nuannuan looked down again, still unable to solve this puzzle.

Zuo Weiyi thought about it. Other than the difference in status, why else would Xiangyi not dare to accept Nuannuan?

"Perhaps, he felt that this relationship would not get anywhere, so he did not dare to accept it." If he did not get it, he would not lose it. If he did not lose it, it would not be painful. Was this the reason Xiangyi did not dare to accept Nuannuan?

However, Shi Nuannuan felt that there was another reason.

She shook her head. "No, I promised him that if he was worried about this, I would definitely convince grandfather. However, he still did not say a word. There must be something else."

Listening to Nuannuan's analysis, Zuo Weiyi couldn't help but fall into deep thought.

Another reason? What could it be?

Suddenly, Shi Nuannuan seemed to have thought of something. "Sister-in-Law, do you think..."

"What?" Zuo Weiyi was puzzled by her expression.

Shi Nuannuan looked at her awkwardly. Embarrassed, she said, "Could it be Xiangyi's own problem?"

Zuo Weiyi frowned. "What's his problem?"

Shi Nuannuan pursed her pink lips and swallowed a mouthful of saliva. Then, she said softly, "Could it be that he... has erectile dysfunction?"

Zuo Weiyi was stunned for three seconds.

Then, she knocked on Shi Nuannuan's head. "What are you thinking?"

No matter how she looked at it, Xiangyi was a real man. How could she think of such a reason?!

"Then why didn't he accept me?!" Shi Nuannuan really didn't understand.

"Do you want to know?" Zuo Weiyi looked at her.

Shi Nuannuan nodded like she was pounding garlic. "Yes!"

"Then go to the hospital and pester him until he is willing to tell you the reason."

Shi Nuannuan felt that her sister-in-law's suggestion was feasible.

However, she was afraid that when Xiangyi woke up and saw her, he would look at her with disdain. If that really were to happen, her heart would not be able to take it. She would definitely be very sad!

However, if she really wanted to know the reason, it seemed that there was no other way besides this.

After all, only Xiangyi himself knew the reason. Unless he told her personally, she would never know the answer to this question!

Chapter 845: You're Eating Upstairs, I'll Feed You!

It was time for dinner.

Zuo Weiyi felt that more than 20 days had passed, and she really didn't want to eat in her room anymore.

Moreover, she had been 'fed' by Shi Yuting recently. If this continued, she would almost forget how to hold chopsticks!

"Weiyi, why are you down here?"

Shen Lanzhi had just finished preparing the soup in the dining room when she caught a glimpse of Zuo Weiyi walking in.

Shi Yuting also turned around and stood up when he saw her.

“What are you doing down here?”

Zuo Weiyi walked straight to the dining table and sat down. “What else? I want to eat, of course!”

She sat opposite Nuannuan. In this way, Shi Yuting wouldn't insist she return to her room and wait for him to 'feed' her. He wouldn't pick her up in front of her grandfather.

However...

“You're eating upstairs, I'll feed you!”

And it was in that moment that Zuo Weiyi knew that there was absolutely nothing that could possibly stop Shi Yuting.

“Put me down!”

Zuo Weiyi was carried out of the dining room by Yuting as everyone else watched. She wanted to dig a hole and hide in to get out of their sight!

Shi Le cleared his throat and picked up the bowl and chopsticks. “Let's eat.”

In the room on the second floor.

Zuo Weiyi sat on the bed and stared at the man in front of her.

“Next time, can you not lift me in front of so many people?”

“Why?”

Why? Was there a need to ask?

“Let's eat.”

Before she could speak, Shi Yuting had already brought the food to her mouth.

“I'll do it myself!” Today, she had to exert her autonomy!

“Do you want me to feed you like this, or do you want me to feed you in another way?” asked he suddenly.

Zuo Weiyi was stunned for two seconds when she met his eyes, dark as the starry night.

Another way?

It was all because she protested last time as well that he actually fed her with his mouth..

Thinking of this, Zuo Weiyi completely gave in and obediently opened her mouth to eat!

She chewed on the food in her mouth and stared at the man in front of her. And just like that, she finished her dinner.

She couldn't even wipe her own mouth cause he did it for her.

“Madam has been staring at me since just now. Could it be that there's something that I didn't do that made you very dissatisfied?”

It was true that she was dissatisfied, but it was because he had done everything and gone overboard!

“What I’m dissatisfied with is the fact I can’t eat by myself. Can I please feed myself in the future?”

“Yes, when you’re out of abstinence.”

“But I—”

“Madam has talked too much today.”

Did he dislike her?

However, before Zuo Weiyi could speak, her lips were sealed.

“Oh...”

Just as the two of them were kissing intimately, the door suddenly opened. Zuo Weiyi was so embarrassed that she pushed the man in front of her away!

The moment she entered the room, she saw her brother and sister-in-law’s romantic scene. For a moment, Shi Nuannuan was a little stunned on the spot.

But she was soon met with her brother’s murderous gaze. She could not help but swallow her saliva.

“Are you going to wait for death here?” Shi Yuting clearly sounded displeased.

However, Shi Nuannuan clearly did not want to leave yet.

“Brother...”

“Xiangyi woke up this afternoon.” Shi Yuting knew what she wanted to ask so he answered it immediately.

Chapter 846: I’m a Grown-Up Now

Hearing this, Shi Nuannuan’s eyes lit up with surprise. “Thank you, Brother!”

With that, she turned around and left the room, carefully closing the door behind her. “I won’t disturb you anymore. Do continue...”

Shi Yuting sat on the bed and turned towards the person who had buried herself under the blanket. How could he continue?

It seemed that he would have to lock the door behind him before he could do anything next time.

Shi Nuannuan went downstairs and ran to the main door.

Shi Le, who was sitting in the living room, could not help but frown when he saw her holding the car keys. “Girl, where are you going so late at night?”

Shi Nuannuan had ran too fast just now and did not seem to have noticed her grandfather sitting in the living room.

“I, I have something to do outside.”

“Your leg injury just healed. Why do you have to go out so late at night?”

“Grandfather, it’s only seven o’clock now! How is it late at night?” Shi Nuannuan pursed her lips in dissatisfaction.

“Fine, so where are you going?”

“I...” She paused as she looked at her grandfather sitting on the sofa. He was so sensitive. If she revealed anything about her love for Xiangyi, he would definitely get to the bottom of it. Then, she would never be able to go to the hospital tonight!

“Grandfather, I’m already a grown-up. Can’t I have some privacy?”

Hearing his granddaughter’s words, Shi Le could not help but feel a little flustered.

Did she dislike him for being too meddlesome?

However, in his eyes, the only one who had grown up was his grandson, Shi Yuting. She was still a child to him.

“How have you grown up? You’re clearly still a little girl.”

“Grandfather, I’m already 22 years old! Sister-in-Law is only a few months older than me. Look, she has already given birth to your great-grandson and great-granddaughter. Am I still young?”

Shi Le paused, momentarily at a loss for words.

Suddenly, he asked, “Don’t tell me you have a boyfriend too?”

This time, it was Shi Nuannuan who paused.

And in the few seconds that she paused, Shi Le had already guessed it.

“You really have a boyfriend?!”

Shi Nuannuan pursed her lips and retorted. “Can’t I?”

Shi Le was silent for two seconds.

This girl would eventually get married when she grew up. Even though he himself thought that she was just a child, who could say for sure when it came to love? The person she didn’t like one second ago might have fallen for someone in the next.

He sighed. If she really had a boyfriend, it wouldn’t be good for him to interfere.

However, he still had to keep an eye on her. After all, her father had passed away so early, so he had to watch over her marriage.

“What’s his name? What business is his family in? Do you know him well?” Shi Le’s series of questions made Shi Nuannuan very uncomfortable.

Why did her marriage have to be measured by the other’s status and background?

She only wanted to marry and be with the person she liked. It was not like she was going to turn into those identities and backgrounds.

“Grandpa, can you—” She was about to refute again, but she suddenly stopped.

If she refuted, her grandpa would definitely be suspicious. He would definitely think that she had found someone with no status, so he would use this to reject him.

No.

Before she confirmed that Xiangyi liked her, she could not let her grandfather know about Xiangyi at all. What if he secretly interrogated Xiangyi like what was shown on TV? What if he was in danger and was not allowed to be with her?

No, no, she could not let such a ridiculous thing happen to her!

Chapter 847: Remember to Feed Him

“Ugh! I don’t have a boyfriend. I’m just going to attend a friend’s gathering now.” She didn’t want to keep talking with her grandfather, so she simply found an excuse to leave.

“Gathering? Since when do you have friends here?” Shi Le was obviously a little doubtful of his granddaughter’s words.

“Why not? I’ve been here for quite a few years anyway. Why can’t I have any friends?” Shi Nuannuan was displeased. “Alright, I can’t talk any longer. I’m going to be late!”

As soon as she finished speaking, she had already turned around and ran away.

“Remember to come back tonight!”

“I know!”

...

More than 20 minutes later, Shi Nuannuan arrived at the hospital. It was already 7:30 pm.

However, she had been lingering at the door of Xiangyi’s ward and did not enter.

“Nuannuan?”

A voice came from behind the door. Shi Nuannuan looked up at Zhong Shenghao who had suddenly come out of the ward.

“Brother Shenghao, you haven’t gotten off work yet.”

“Yep. Why don’t you go in?”

Shi Nuannuan glanced in the direction of the ward’s door. “Is he awake?”

“Yes.” Zhong Shenghao nodded. He seemed to have figured out the reason she didn’t go in. She was still blaming herself for what happened last time.

“He’s fine now. His wound is recovering well, but...” He paused deliberately.

Shi Nuannuan successfully took the bait and turned anxious. "What?!"

"He hasn't eaten dinner since he woke up."

He had been in a coma for many days and had been relying on the drip to maintain his health. Now that he had finally woken up, it was best for him to eat something.

Shi Nuannuan couldn't help but feel anxious when she heard that.

"I, I'll go buy it for him!"

After saying that, she had already turned around and left.

As she didn't know what Xiangyi wanted to eat and had forgotten to ask Zhong Shenghao, Shi Nuannuan decided to just buy a bunch of different kinds of food.

When she returned to the door of the ward, Zhong Shenghao was no longer there.

She glanced at Xiangyi's ward through the glass window, but he wasn't there either.

What should she do? Should she go in by herself?

But what if Xiangyi didn't want to see her?

In the midst of her hesitation, she took out her phone and dialed Zhong Shenghao's number.

"Hello, Brother Shenghao, where are you?"

"I've already gotten off work." said Zhong Shenghao with a playful look on his face as he sat on the boss's chair.

He's already gotten off work?

"I bought dinner."

"Okay, then hurry up and give it to Xiangyi."

Did she have to go in alone?

She had clearly decided to come and see Xiangyi, but now that she was here, she was afraid that after Xiangyi wouldn't want to see her. She was afraid he would look at her indifferently.

"Oh, right. Although he's awake, he can't move around. In order to prevent the wound from opening again, remember to feed him."

Nuannuan's eyes became wide open. She had to feed him? But... but she had never fed a man before...

"Alright, see ya then."

Without waiting for Nuannuan to speak, Zhong Shenghao hung up the phone.

With dinner in hand, Shi Nuannuan lingered at the door of the ward for a while. She looked through the glass window and saw Xiangyi sound asleep. Only then did she carefully push the door open and enter.

However, just as she entered, Xiangyi, who was lying on the bed, opened his eyes.

She stopped in her tracks and could not help but freeze on the spot.

Xiangyi was also a little surprised to see her. He scanned her body and noticed that the cast on her leg had already been removed, which meant that she had fully recovered.

He saw the food in her hand and spoke first. "You bought it for me?"

Chapter 848: Taking the Initiative for the First Time

His deep and hoarse voice sounded weak, but Shi Nuannuan heard it clearly. She snapped back to her senses. "What?" Then she nodded her head vigorously. "Yes, Brother Shenghao said you haven't had dinner!"

"I'm really hungry," said he as he looked at her.

Shi Nuannuan couldn't help but be stunned.

He didn't seem to dislike her...

She took the dinner in her hands and placed it in front of him.

"I bought a lot of food. What do you want to eat?"

The awkwardness and guilt that she had been feeling for the past few days seemed to have completely dissolved the moment Xiangyi spoke. Shi Nuannuan's face was filled with joy.

Looking at her exquisite face, Xiangyi's lips revealed a very shallow and imperceptible curve. His eyes let out a tenderness that was even harder to discern.

He looked at the food in front of him.

He picked one from the pile. "Congee."

"Okay!"

Shi Nuannuan smiled and opened the pack of congee. She prepared a spoon and placed it in front of him. Then, she raised the position of the head of his bed a little higher.

"It's ready!"

She looked at him, but Xiangyi did not move. His black eyes were fixed on her.

She was a little confused. She looked at the congee. Could it be that there was something wrong with it?

"Feed me."

Shi Nuannuan just stared at Xiangyi. For a moment, she thought she had misheard.

Suddenly, Zhong Shenghao's exhortation rang in her ears.

Xiangyi was not able to move much yet, so he did need someone to feed him.

But, did she mishear? Xiangyi actually took the initiative to ask her to feed him!

She looked at him again and saw that he was still staring at her.

She picked up the congee, scooped a spoonful, and brought it to his mouth.

Xiangyi opened his mouth, chomped on the spoon and swallowed the congee down his throat. His pair of eyes as dark as ink remained fixed on her.

Shi Nuannuan was so distracted and her heart was beating too fast!

What was going on?

Not only did Xiangyi not despise her, but he even asked her to feed him? Wasn't this truly the first time he took the initiative to her?

Did he accept her confession?

Otherwise, why would he let her feed him and have such an intimate interaction?

When she met his dark eyes again, Shi Nuannuan felt an electric current pass through her body, making her blush.

Gosh, what was she blushing for? Wasn't she always thick-skinned? Did she blush from such a tiny interaction?

Thinking of this, her expression turned serious as she focused on feeding him the congee in her hand. She was no longer blushing like an apple just because of this little bit of intimacy.

After all, there were still a lot of embarrassing things awaiting her...

"What are you laughing at?"

Xiangyi couldn't help but ask as he noticed her snickering to herself.

Shi Nuannuan paused and the smile on her face froze. She said, "What? No, I'm not laughing!"

Xiangyi stared at her but didn't continue to prod her.

After finishing the bowl of congee, she asked again, "What else do you want to eat?"

He looked at the food. "I don't want to eat anymore."

He had just woken up and wasn't too hungry. Besides, Zhong Shenghao had told him to try to eat some light congee for the time being.

"Have you eaten?"

Shi Nuannuan nodded as she packed her things. "Yes, I came here after dinner!"

After tidying up the remaining food, she walked out of the ward.

"What are you doing?"

Nuannuan turned around and glanced at Xiangyi, then at the food in her hands. "To throw the rest of the food away."

"There's no need. Just leave them somewhere in here."

Shi Nuannuan didn't understand.

Chapter 849: I'd Spend My Entire Life Just to Be Able to Spoil You Just Once

Shouldn't she throw away the ones he didn't eat?

"Those aren't touched. Isn't it a pity to throw them away?"

She had bought too much. Other than the bowl of porridge, he hadn't touched anything else. It would be a waste if she threw them away.

However, Shi Nuannuan didn't seem to care about these things. Moreover, she had her own plans!

"It's fine!" In the end, she still left the ward to throw away all the food.

This way, she could buy him breakfast the next morning!

At 8:40 pm, Shi Nuannuan still did not seem to have any intention of leaving.

"Aren't you going back?"

"I'll stay with you for a while longer!"

She knew what it was like to stay in the ward alone. When she was hospitalized, at least her family was there. However, Xiangyi's family was far away in G City. Furthermore, they were not his real family, though close enough.

"There's no need for that. You should hurry back."

If she arrived home late, Madam and Mr. Shi would probably be suspicious.

"I already told my mommy!"

Xiangyi was stunned.

Told her?

"That's right. My mommy does not object to the fact that I like you. She also said that she feels more assured because it's you!" said Shi Nuannuan because she wanted Xiangyi to feel at ease. At least for now, her mommy had already approved of him. The only person left now was her grandfather.

"Madam..."

"Xiangyi, have you... ever liked me?" Shi Nuannuan looked up, her pitch-black eyes extremely serious. Her sister-in-law was right. If she wanted to understand Xiangyi's thoughts, he had to say it himself!

He stared at her and did not speak for a long time.

How could he not like her? How could he not like her?

Ever since she barged into his world, her appearance and figure had been constantly lingering in his mind. Even though he could not think about or look at her, she would always think of all sorts of ways to get him to speak and reply to her messages. She was always the one taking the initiative.

How could he not like her? Her appearance, voice, and name had long been ingrained in his heart, and he could not extricate himself from it.

“Xiangyi...”

His silence only made Shi Nuannuan’s heart nervous again.

She did not understand why he wanted to keep her a thousand miles away. However, at other time, he cared so much about her. Even if his wounds were ruptured and his life was in danger, he would still get out of bed and care about her safety.

Just as she was about to continue speaking, Xiangyi suddenly said, “Okay.”.

Shi Nuannuan was stunned for a second.

‘Okay? What does ‘okay’ mean?’

Her big, watery eyes stared at him, somewhat uncertain.

“I like you.” Xiangyi looked into her pitch-black eyes and uttered the three words she’d been longing to hear.

One, two, three, four seconds passed...

It was not until a minute later that Shi Nuannuan finally came back to her senses. Then, her heart burst with joy!

He had finally admitted it! He finally admitted that he liked her!

She was extremely excited, but Xiangyi spoke again, “You don’t care about anything, my identity and my background?”

Shi Nuannuan shook her head desperately. She could not hide her excitement. “I don’t care. I only like you. Will you date me?”

Xiangyi was stunned. Shouldn’t he be the one to say that?

“Wait for me to be discharged from the hospital.”

“Okay!”

If he had already fallen in love, he did not want to live with regret until his death.

Having experienced the brink of death once, now all he could think about was regretting not being able to tell her that he liked her personally.

Chapter 850: Shi Nuannuan! Get out of here now!!

He was afraid he would never have the chance to speak again if he didn’t grab this chance. Even if this relationship would not amount to much, he did not want to miss it. He only wanted to be able to spoil her at least once.

“Don’t let Mr. Shi know about this for the time being,” said Xiangyi suddenly.

Shi Nuannuan paused. Then, as if she understood his concern, she nodded. "Okay! Wait until I convince Grandpa before—"

"Don't." He interrupted her.

Shi Nuannuan was slightly stunned.

Was he afraid that Grandpa would not agree?

"I'll be the one to talk to him about this."

At this moment, Shi Nuannuan finally understood. So that was the reason.

"Alright!" Her smile was so sweet that Xiangyi could not help but smile. He was moved by her.

At ten in the evening, he had no choice but to urge her to go back.

Looking at the time, Shi Nuannuan knew that if she did not go back now, her grandfather might really suspect her. If he found someone to follow her from after this, it would be troublesome.

She stood up and looked at Xiangyi. "Then, I'm leaving."

"Okay."

"I'll buy you breakfast tomorrow!"

"Okay."

After taking one last look at the man on the hospital bed, Shi Nuannuan reluctantly turned around and left.

"Nuannuan!"

Just as she reached out to open the door, his voice came from behind her. She was delighted and turned around abruptly!

"Yes?"

Xiangyi gave her a deep look. "Drive carefully on the road."

His concern made her feel sweet and happy. "Okay!"

Along the way, Shi Nuannuan kept giggling foolishly. When the traffic light turned green, she was completely immersed in her own world. Only when the horn sounded behind her did she snap back to her senses and quickly start the car.

When she reached home, the living room was quiet. They must have fallen asleep.

She walked up to the second floor and found that the lights in her brother and sister-in-law's room were still on.

She could not suppress her excitement at this moment. She really wanted to tell her dear sister-in-law this good news.

She forcefully pushed the door open. The moment Shi Nuannuan walked in, she immediately spoke. "Sister-in-Law! Let me tell you—"

Her voice came to an abrupt stop. When she saw the scene before her eyes, Shi Nuannuan was dumbfounded again.

Shi Yuting was so busy that he came back very late. After dinner, Zuo Weiyi was a little tired, so she immediately fell asleep. When she woke up, she realized that she had not taken a shower yet.

Hence, Shi Yuting had carried her and entered the bathroom to take a shower together.

Who knew that just as he carried her out of the bathroom, the door would suddenly open!

Other than the bathrobe that he was wearing, Zuo Weiyi was completely naked!

Nuannuan's intrusion had frightened her, so she buried herself in Shi Yuting's arms, utterly ashamed!

Fortunately, he was quick to act and blocked Nuannuan's vision with his body!

"Shi Nuannuan! Get out of here!!" Shi Yuting roared so loud that the sound reverberated throughout the entire house.

Shi Nuannuan felt as though her eardrums were about to burst from her brother's roar. She furrowed her brows and quickly turned around to leave the room in the next second!

Seriously... why was it that every time she barged in, it was when her brother and sister-in-law were being intimate?

Were the heavens deliberately teasing her?!

When she returned to her room, Shi Nuannuan lay on the bed, but it was difficult for her to fall asleep the entire night. Her mind was filled with Xiangyi's figure and his reciprocated feelings.

She was even starting to fantasize about how they would start dating after Xiangyi recovered and was discharged from the hospital. How would they start a romantic date first?

As she thought about it, Shi Nuannuan felt extremely moved. She hid under the blanket by herself, and from time to time, she would even giggle foolishly...
