

## Kiss Me 871

### Chapter 871: Would You Like to Have a Better Look?

She did not know how seductive she looked at the moment.

Her wet clothes stuck to her body, outlining her exquisite curves perfectly. The lilac lace corset became faintly visible, full of \*\*\*\*. It was if the sight of it could make one die with no regrets.

The man's eyes moved from her attractive \*\*\*\* to her eyes.

Nuannuan folded her arms across her chest and asked with a smile, "Are you enjoying what you see?"

The man looked as if his soul had been sucked away by the smile. He nodded. "Yes..."

"Well, do you want to have a better look?"

"Yes!"

Shi Nuannuan may be smiling but the man failed to notice the looming threat in her eyes.

The elevator door opened and Shi Nuannuan walked out proudly, leaving a whimper back in the elevator.

The man was cupped both his eyes with his hands as he cried. "Ahh! My eyes!"

Shi Nuannuan finally reached Xiangyi's door and pressed on the doorbell.

She had been drenched and started to feel a little cold.

In fact, it was getting to be too cold. It was so cold that her entire body started to tremble!

Strange, why didn't he open the door?

After waiting for a while, the door remained closed. Shi Nuannuan's eyebrows furrowed as she pressed the doorbell again.

Meanwhile, Xiangyi was taking a shower. He had gone down to buy something earlier but was caught off-guard by the sudden downpour and became similarly drenched.

He had just finished showering when he vaguely heard the doorbell ring. He turned off the shower, but the doorbell stopped ringing.

However, he did hear the doorbell just now, so he wrapped a towel around his waist and walked out to change into a bathrobe before opening the door.

On the other side of the door, Shi Nuannuan frowned and shivered from the cold.

What was going on? Could it be that Xiangyi was not at home?

She remembered the password Xiangyi gave her last time and did not hesitate to key it into the door lock.

The door unlocked and she pushed the door open to enter. Just as she walked into the living room, she saw a towel wrapped around Xiangyi's waist, as if he was about to enter the room.

Xiangyi turned around upon hearing the door open, only to see Nuannuan completely drenched as water continued to drip off her.

Both were surprised by the sight of each other and froze in place.

“Nuannuan? You...” Xiangyi forgot that he was only wrapped in a towel as he rushed to her side. He was a little puzzled. “How did you end up like this?”

Shi Nuannuan did not seem to hear what Xiangyi said. Her beautiful black eyes were distracted, staring straight at Xiangyi’s ivory-colored chest muscles. She could not help but swallow her saliva as if those chest muscles could be eaten.

“Come here quickly!” He took her hand and walked towards the bathroom. Only then did he realize that her hand was cold.

His heart could not help but ache.

“How did you get so wet?” After taking a large towel from the bathroom, he wiped the raindrops from her hair.

Shi Nuannuan came back to her senses and could not help but shiver again.

“Uh, I came to look for you. Just as I parked the car, it suddenly rained heavily. I did not bring an umbrella, so...”

She was facing him and due to their height difference, she ended up looking at his sturdy chest again. Another gulp of saliva went down her throat.

### **Chapter 872: Going Wild with Imagination**

It was strange. Didn’t female protagonists in romance novels usually blush when they saw the male protagonist’s bare chest? So why wasn’t she blushing at all?

Instead...she wanted to taste it...

Shi Nuannuan slapped away the lustful thoughts in her mind!

Seriously, when did she become so infatuated?

“Are you cold?” asked Xiangyi softly as he dried her wet hair.

Shi Nuannuan nodded her head honestly. “Yes.”

It was simply too cold.

Xiangyi stopped and stared at her drenched clothes.

He had to take off her wet clothes or she would catch a cold very quickly.

Shi Nuannuan lowered her head, and her gaze happened to catch a glimpse of his waist wrapped in a towel. She could not help but think of the scene in romance novels.

At this time, should there be some accident, and the male lead’s towel slipped down revealing that...

Her gaze once again landed on Xiangyi's waist, and her face suddenly flushed red.

'Shi Nuannuan, can you be a little more reserved? You actually want to see Xiangyi's... naked body?'

How shameless!

She shook her head. She did not want to continue being so infatuated!

"Take off your clothes."

Eh?

Shi Nuannuan immediately raised her head and looked at Xiangyi with her big, bell-like eyes.

Did she hear wrongly? Xiangyi asked her to take off her clothes? What were his intentions?

In an instant, countless scenes of love and intimacy flashed through Shi Nuannuan's mind. Could it be that Xiangyi wanted to... have... sex with her?

"Take off your clothes and take a hot bath. That way, you won't catch a cold."

Just as her imagination was running wild, Xiangyi spoke again, shattering her adult-only imagination!

She was going crazy!

She actually wanted to do that with Xiangyi!

Shi Nuannuan lowered her head with a sigh. Since when did she start to have wild thoughts?

When she raised her head again, Xiangyi had already turned around and filled the bathtub for her. Then, he used his hand to check the temperature of the water. After confirming that the temperature was just right, he stood up.

He looked at her and said, "You take a shower first. I'll go find some clothes."

After saying that, he turned around and left the bathroom, closing the door behind him.

Shi Nuannuan looked at the bathtub filled with water.

After taking off her clothes, she entered the bathtub. The warm water flowed over her body, instantly relieving the coldness earlier and leaving only a comfortable feeling.

This was Xiangyi's bathtub.

She turned to look at the shelf on the wall, filled with things for men to bathe in.

She picked up a bottle of shower gel and squeezed a drop onto her arm. Then, she closed her eyes, as if she was feeling Xiangyi's scent.

In the living room, Xiangyi walked into the bedroom and changed into a set of clothes. Then, he searched the closet for clothes that Shi Nuannuan could wear.

But after searching for a long time, he still couldn't find anything suitable.

Thinking about it carefully, if there were clothes that were suitable for Shi Nuannuan in his closet, it would really be a miracle.

He saw a white shirt and took it out before walking out of the bedroom.

Then he walked to the bathroom door and knocked on the door. "Nuannuan."

Shi Nuannuan answered from the bathtub. "Hmm?"

Xiangyi softly said, "Bring out your wet clothes. I'll wash and dry them for you."

### **Chapter 873: Are You Really OK?**

Shi Nuannuan got out of the bathtub to grab her clothes.

Just as she did, her wet feet slipped on the floor and she fell.

"Ah!" She cried out in shock. She was in so much pain that tears were coming out of her eyes. "It hurts so much..."

Ever since she was young, she rarely got hurt, so she was very afraid of pain.

Outside the bathroom door, Xiangyi heard a thud followed by her scream. He could not help but feel anxious and was about to push the door open to enter!

However, on second thought, his hand that was holding the doorknob suddenly stopped. He knew that she was naked in the bathroom at that moment.

The hand that was holding the doorknob tightened, suppressing the impulse in his heart. "Nuannuan, what's wrong?"

Shi Nuannuan was in so much pain that tears filled her eyes as she sat on the bathroom floor. After a long while, she finally got up from the floor and said to Xiangyi, "I'm fine..."

She looked at her palm. It had been scratched with some traces of blood.

"Are you really fine?" He still felt anxious and uneasy when he heard her strained voice. He wanted to rush in immediately, but in the end he could only endure it!

"I..." Shi Nuannuan looked at her scratched hand, not knowing what to do next.

She also knew that Xiangyi would definitely not be able to come in since she was not wearing any clothes.

Strange, in the novel, wouldn't the male protagonist rush in regardless? Why didn't Xiangyi rush in?

Wait, why did she make it sound like she wanted Xiangyi to see her naked body?

"Ugh... it hurts..." The pain pulled her back to her senses as she furrowed her brows tightly. On the other side of the door, Xiangyi was still anxiously waiting for her response.

Suddenly, it became silent, which only made him extremely anxious. If she did not make a sound, he might really break in!

“Nuannuan?!” There was clearly a sense of anxiety in his voice!

Shi Nuannuan looked in the direction of the door, then glanced at the wet clothes she had taken off.

Enduring the pain, she walked to the side and picked up the clothes. Then, she walked to the door, opened the door a crack, and handed the clothes out.

Xiangyi saw her hand stretch out and finally felt relieved that she was fine.

“Are you okay?”

Shi Nuannuan paused for a moment. This small injury should mean that she was fine to Xiangyi, right?

If she said that her hand was injured, would he think that she was overreacting?

Thinking about it, she said, “I’m fine.”

Hearing that, Xiangyi took the wet clothes from her.

He closed the door again. Due to the injury on her hand, Shi Nuannuan did not know what to do for a moment.

She could not find any bandages in the bathroom. More importantly, with the injury on her hand, she did not know how she was going to finish the shower.

She decided not to in the end. She walked to the shower and prepared to rinse herself with warm water before wiping off with a dry towel.

“Ah!”

She had just turned on the faucet but she had been a little absent-minded as she turned it the wrong way. Cold water splashed down on her, making her feel as if she was in an ice cellar.

Xiangyi drying her wet clothes with a hairdryer before hearing her scream again from the bathroom.

Xiang Yi, who had been suppressing his previous worry, lost his rationality after hearing her scream. He rushed into the bathroom immediately. “Nuannuan?!”

#### **Chapter 874: Heartache**

Shi Nuannuan had just turned off the shower when she heard an anxious voice behind her. Instinctively, she turned around.

Xiangyi immediately froze. Then, he felt his throat dry up.

It was the first time he had experienced such an awkward situation. For a moment, Shi Nuannuan had forgotten to react. She stared blankly at Xiangyi.

After about ten seconds, Xiangyi regained his senses and finally realized his impulsiveness. He turned back around and asked softly, “What happened to you?”

Shi Nuannuan also regained her senses when she heard him speak. Only then did she realize that she was naked.

She turned around a little too late and quickly took a towel to wrap it around her.

“I was a little out of it earlier and ended up showering in cold water.”

Xiangyi’s tensed heart finally relaxed.

“Put on the towel, I’ll help you.” He tried his best to remain calm, but her fair and smooth skin kept flashing in his mind, making his mouth and tongue dry and uncomfortable.

This was the first time he had experienced such a feeling.

In the past, when he helped Mr. Shi handle some matters, he had also seen some women naked, but he had never felt like this.

“I’ve put it on.”

She turned around and said to his back.

Xiangyi turned around and saw that she had already put on the towel, but the dryness in his throat did not diminish at all.

He walked to the shower and turned on the tap to adjust the temperature of the water.

Then, he turned around to look at her and softly said “It’s done.”

Shi Nuannuan held the towel with one hand as if she was afraid that it would suddenly fall off. This was because she had read many novels that had written this way.

As someone with a bigger imagination, she would let her imagination run wild.

“Oh.” Just as she was about to walk to the shower, she took the opportunity to put her hand down.

The moment she put it down, Xiangyi caught a glimpse of the bright red blood stain on the towel on her chest and his pupils constricted!

He suddenly walked over. “What happened?!”

He stared straight at the blood stain on her chest, but Shi Nuannuan, who had a rather big imagination, instantly thought of something else —she thought that he was staring at her chest.

Following his line of sight, she looked at her chest and realized that the white towel had been stained with bright red blood.

She paused for a moment, then raised her hand to look at her palm.

The hand she was using to hold up the towel was her injured hand.

Xiang Yi caught a glimpse of her injured hand when she raised her hand. He could not help but grab her small hand. “What happened?”

With that, his voice returned to normal. His heart ached as he suppressed the awkward atmosphere just now.

Shi Nuannuan did not want to hide anything anymore.

“Just now, my foot slipped and I fell. My hand scraped against the floor and it became bruised.”

“Why didn’t you say anything just now?” He looked at her with distressed eyes.

She looked up at him. “I didn’t think it was anything.”

Although it was a small injury, if it was at home, she would have already shown it to Mommy.

She had been pampered since she was young. As long as she saw a red injury, it was not a small injury to her. However, she also knew very well that it was normal for some ordinary people to have injuries. Therefore, she did not want Xiangyi to think that she was very delicate and could not bear a little pain.

However, Xiangyi’s reaction at this moment touched her.

### **Chapter 875: About the Clothes Worn Underneath**

“Come here.” He pulled her and was about to walk out of the bathroom, but when he touched her wrist, he realized how smooth her skin was. He could not help but turn his head to take a look.

Only then did he realize that the shower gel on her body had not been washed clean. She must have just gotten out of the bathtub and had not had time to shower yet.

“Wash your body clean first, just be careful with your hand.”

Looking at her own body, Shi Nuannuan nodded. “Okay.”

Afraid that she would not know how to avoid her injured hand, he pulled her to the showerhead and lifted her injured hand. “Just avoid getting this hand wet.”

He reminded her, “After you rinse your body, wipe this hand with a wet towel.”

Shi Nuannuan nodded again. “Okay.”

Xiangyi looked at her once more before leaving, feeling more at ease.

After walking out, he returned to the sofa and continued to blow-dry her clothes with the hair dryer.

However, after a long time, not a single piece had been blown dry, mainly because they were autumn clothes.

It would be impossible to blow-dry even by nightfall.

Even if he put it in the washing machine and washed it again to get them wrung dry, they would still not dry in time with the weather outside.

After thinking for a while, he decided to go get her a new set of clothes.

He walked to the bathroom door and knocked on it.

“Nuannuan, I’m going out for a while. I’ll be back soon.”

As he lived in the city, it would take him at most twenty minutes to drive out.

Shi Nuannuan didn’t know what he was going out for but just answered anyway. “Okay!”

Outside, the rain was still falling heavily with no signs of stopping. Xiangyi drove to a street not far from his place. There were some fashionable women's clothes inside.

He walked into the shop and chose a set of women's clothes that looked about Nuannuan's style—fresh and sweet.

Just as he finished paying, he suddenly thought of a problem.

She had been completely drenched, which meant that her undergarments were too...

He looked at the shop assistant. Although he was a little embarrassed, his cold yet handsome face did not seem to make the shop assistant feel awkward at all.

Instead, she asked with a smile, "Sir, is there anything else you need?"

Xiangyi paused for half a second, "Is there..." For a moment, he did not know where to even begin describing his request.

"Hmm?" The shop assistant stared at him.

"About the clothes inside..."

The shop assistant paused for half a second, then pointed at the paper bag in her hand, "The see-through lace shirt is inside."

Xiangyi glanced at the paper bags, then looked at the salesperson, "No, it I mean what you wear underneath that..."

The salesperson paused for half a second again, then came to a realization, "You mean the bra?"

He nodded blankly.

But the salesperson did not look surprised. After all, Xiangyi had mentioned that he was buying clothes for his girlfriend when he entered the shop earlier. The salesperson was envious instead. It was really nice to have such a boyfriend.

She smiled and pointed to the opposite side of the street. "There is a shop selling undergarments across the street. You can go over to take a look."

It was normal for a man to enter a female fashion shop. However, if he went to a lingerie shop, would it seem weird?

Perhaps it was because the man in front of her was too handsome and did not want to be regarded as a pervert.

### **Chapter 876: What Size Do You Wear?**

The salesperson suddenly said, "Why don't you tell me your girlfriend's size and I'll go buy it for you?"

Hearing this, Xiangyi glanced at the salesperson. If he didn't feel awkward about it, he wouldn't have had to put on a brave front.

"Sorry for the trouble."

His low voice made the salesperson feel very happy.

“So, her size...?”

Xiangyi was stunned for half a second. He really didn't know what size it was.

Suddenly, the scene from the bathroom flashed through his mind again. Then, he glanced at the salesperson's chest.

He asked, “What size do you wear?”

The salesperson was stunned and didn't react for a moment.

“Because it's my first time buying it, I forgot to ask her size.”

So he wanted to compare their sizes?

Thinking of how he had inadvertently glanced at her chest, the salesperson felt a little embarrassed and lowered her face. “I'm wearing B34.”

“Then help me buy a bigger size.”

The salesperson looked up and smiled at him. “Okay, please wait a moment.”

She ran to the opposite side and came back after about five minutes.

“Your items are 328 yuan in total.”

After paying, Xiangyi thanked her in his deep voice, “Thank you.”

With that, he took his things and left.

At the same time, Shi Nuannuan had walked out of the bathroom wrapped in a bath towel after taking a shower.

Xiangyi did not seem to be back yet.

She saw her wet clothes, including her underwear.

F\*ck! She actually gave her underwear to him!

She walked over and quickly picked up the two pieces of inner clothes. She wanted to find a place to hide them, but after searching for a long time, she finally realized that this was Xiangyi's home. It would be useless to hide them anywhere.

She could only give up.

Then, her gaze landed on the white shirt at the side. She looked at the towel on her body and fell into deep thought.

The towel could fall off anytime, but a shirt wouldn't

Thinking of this, she couldn't help but take off the towel and put on the shirt.

The shirt was very big, falling to just above her knees when she wore it. However, she didn't know that this kind of clothing was a fatal temptation for a single man!

Just as she finished buttoning the last button, the door opened.

Xiangyi walked in with something in his hands. He saw her wearing the white shirt that he had taken out earlier, and he was inexplicably stunned on the spot.

Indeed, she looked even sexier than when she was in a bath towel.

In an instant, his throat became dry again.

He brushed away his thoughts and walked over with her things.

"You bought clothes for me?"

"Yes." His voice was soft but abnormally hoarse.

He noticed that her hair was still wet and the water dripping off the ends made the shirt translucent at the wet patches, slightly revealing her fair skin.

"Come here." He quickly pulled her to the sofa before picking up the hairdryer and carefully blowing her wet hair.

She had only been treated in such a way by her maid when she was younger. Now that he was doing it, she started to feel a kind of excitement that she had never felt before.

He was just blowing her hair, but why did she feel like her heart was beating a little too uncontrollably?

After drying her hair, Xiangyi took out the medical kit to treat her hand injury. After sterilizing it, he applied a band-aid. Only then did he feel at ease.

Looking at the series of gentle, careful, and caring actions, Shi Nuannuan could not help but like the man even more.

### **Chapter 877: A Kiss as Light as a Dragonfly Skimming Above the Water**

"Xiangyi, you're so nice!"

Xiangyi was kneeling behind her on the ground as he looked at her. "Go change your clothes."

If she remained dressed like this in front of him, he would definitely feel so uncomfortable that he could die!

Shi Nuannuan nodded, but in the next second, she suddenly hooked her arms around his neck. She stared at his eyes with a pair of flirtatious eyes as she puckered her lips.

Xiangyi's lowered position had made it easy for her to make a move.

Xiangyi was caught off-guard and his heart skipped a beat as a wave of nervousness rippled throughout his body.

He looked at her, not understanding what she was going to do.

“What’s wrong?”

Shi Nuannuan stared at him and suddenly kissed his sexy thin lips.

Their first kiss was as light as a dragonfly skimming the surface of the water. Then, she got up, took the new clothes he had just bought, and quickly walked to the bathroom.

Xiangyi was still stunned by her sudden kiss as he remained kneeling on the ground. He only regained his senses a few seconds later.

When Shi Nuannuan entered the bathroom, she opened the clothes in the paper bag. When she saw the pink undergarments, she could not help but be stunned.

Xiangyi actually went to buy this for her?

She was extremely happy.

Her determination to marry him became even stronger!

When she came out again, the rain outside still did not seem to have any intention of stopping. It had been raining for an entire afternoon.

By the time all the trouble had been dealt with, it was already four o’clock in the afternoon.

Because the rain was very heavy, Shi Nuannuan did not intend to go back. Instead, she sat on the sofa and picked up a fashion magazine to read.

She flipped through it out of boredom, and Xiangyi poured her a cup of warm water.

“Will Madam and Master Shi look for you if you don’t leave soon?”

Shi Nuannuan looked up at him and back at the magazine. She replied, “No, as long as I go back before they go to bed.”

Xiangyi could not help but raise the corners of his mouth. He had been hoping to spend more time with her.

He sat down beside her and casually turned on the television.

Shi Nuannuan also followed suit and watched TV.

Who knew that the moment they turned on the television, a kissing scene would be the first thing to appear. Both of them could not help but be startled and instantly blushed.

Shi Nuannuan lowered her head and unconsciously licked her lower lip.

She had kissed Xiangyi in the heat of the moment just now, but she did not remember the taste of the kiss. It should be said that she did not taste it at all.

She slowly turned her head and looked at him. Half a second later, he calmly changed the channel.

However, Shi Nuannuan did not know what was on the television after that. Instead, she kept playing with her hair.

“Xiangyi...”

“Yes.”

“Have you... kissed anyone before?”

Her sudden question stunned him as he stopped changing channels.

Shi Nuannuan looked up at him, waiting for his answer.

Xiangyi looked at her with his deep gaze. Then, he looked at the time on his wrist. It was 4:15 pm.

“Shall we go out for a walk?”

Eh?

Her attention had been successfully diverted.

She looked out the window. The rain seemed to be a little lighter than before. If they were to walk in the rain under the same umbrella, wouldn't it seem romantic?

She happily agreed, “Sure!”

As she expected, she was able to walk with Xiangyi under the same umbrella.

### **Chapter 878: Dinner for Two**

The two of them walked through the streets and alleys. The sky gradually darkened, and the lights on both sides of the street lit up.

The autumn rain slowly fell to a stop.

“The rain has stopped.” Shi Nuannuan stretched her hand out of the umbrella.

Xiangyi took the umbrella away. He looked up at the sky and found that it had indeed stopped.

“What do you want to eat?”

Shi Nuannuan started to feel a little hungry after hearing his question.

She thought for a moment and looked at him. “Spaghetti!”

He smiled. “Okay.”

The two of them walked to an Italian restaurant and ordered two servings of spaghetti.

“I want a serving of chocolate cheese too!” Shi Nuannuan hurriedly added as she looked at the waiter after he had turned around.

“Okay.”

While waiting for the meal, Nuannuan looked at Xiangyi and suggested. “After this, shall we go watch a movie?”

He stared at her and was willing to give everything her everything she wanted.

“You’re not going back?” He was more worried about her mother and grandfather.

As long as he was with her, it did not matter to him whether it was aboveboard or not.

“It’s still early. Even after watching a movie, it should only be around nine o’clock. I’ll be back just in time!”

He smiled and said, “Okay.”

As long as she wanted to do something, he was willing to accompany her.

When the pasta was served, Shi Nuannuan was very hungry and couldn’t wait to eat.

Although she was a socialite, the way she ate was not ladylike at all. To him, as long as she ate happily and comfortably, it was fine!

After finishing the pasta, she took the chocolate cheese and started to eat it.

“Delicious!” She tasted it herself and gave the cheese a big thumbs up!

Looking at her eating with relish, Xiangyi also felt very satisfied.

Shi Nuannuan took a small bite off the fork and handed the remaining half of the cheese towards his mouth.

Xiangyi hesitated for half a second due to her sudden action. Although she didn’t speak, he knew what she wanted to say.

He opened his mouth and ate the cheese, chewing it slowly.

“Is it good?”

“Yes.” He smiled and answered softly.

Shi Nuannuan also smiled happily and continued to eat another piece of the cheesecake.

“Special Assistant Xiang.”

Just when the two of them were eating, a figure suddenly appeared next to them before they heard his familiar voice.

The two of them looked up and saw that Manli had also come to this Italian restaurant.

“Miss Shi.” She also smiled slightly and greeted Nuannuan.

Shi Nuannuan glanced at her unhappily and did not respond.

“Are you guys eating?”

“You’re not blind,” said Shi Nuannuan unhappily.

Manli paused for a moment and then smiled. She was not angry.

Instead, she turned to look at Xiangyi. “I’m here to eat too. I wonder if I can join you guys?”

He was surprised as he met her amber eyes. Before he could speak, Shi Nuannuan had already answered her.

“No!”

She did not even look up. But her face was cold. It was obvious that she hated Manli.

She did not care if Manli was the heir to the royal family of A Country, she was not afraid of offending her.

What she hated the most in her life was others snatching things that belonged to her! It was even worse if it was a man!

Nuannuan’s direct rejection made Manli feel a little disappointed. Of course, she would also feel embarrassed.

### **Chapter 879: I’ll Send You Back**

However, she still smiled and said, “In that case, there’s nothing we can do about it. Enjoy your meal.”

After saying that, Manli turned around and walked towards the private room area.

She did not come here to eat by herself anyway. She had already made an appointment with a friend here.

Shi Nuannuan pouted her lips in dissatisfaction and continued eating.

However, would Manli tell her grandfather about Nuannuan having dinner with Xiangyi?

But Manli seemed to only know her brother and not her grandfather so she had nothing to worry about.

After dinner, the two of them went to watch a movie. By the time they came out, it was already 9:20 pm.

After returning to the apartment, Xiangyi did not go upstairs. Instead, he walked to the parking lot. “I’ll send you back.”

Although she really wanted him to send her back, she did drive there.

“I’ll drive myself...”

“I know, I’ll drive your car.” His voice was very gentle, and the way he looked at her was filled with endless love.

Shi Nuannuan immediately stared at him. “You’ll drive me back in my car?”

“Yes.”

“Then how will you come back later?”

“I’ll take a taxi.”

A taxi?

“But, Shi Mansion is very far from where you can get a taxi.”

“Then I’ll walk to the place where I can take a taxi.”

When he said that, Shi Nuannuan could not help but laugh. She nodded her head vigorously, extremely happy!

“Okay!”

When she reached home, it was already almost 10 pm.

The living room was quiet as Shi Nuannuan tiptoed upstairs. At this moment, there was a clatter and the living room suddenly became bright.

She stopped walking upstairs and turned her head to see that her grandfather was still sitting on the sofa.

“Grandpa, why are you...”

It was already so late. Why was he sitting on the sofa with the lights off?

Shi Le stood up and leaned on his walking stick with both hands, staring at his granddaughter who had just returned.

“Can you tell me why you came back so late?”

Shi Nuannuan instantly knew what reason to find to answer this question.

After stuttering for a long time, she said, “Uh, I... I just attended a friend gathering.”

Shi Le frowned. Another friend gathering?

“Nuannuan, can’t you think of a better excuse?”

“What? That’s the truth! Oh... I’m so tired, I’m going upstairs to sleep now!”

As she said that, she yawned again and headed straight upstairs.

Shi Le wanted to say more, but she had already disappeared up the stairs in an instant.

This child had been constantly running out recently, and it was really abnormal.

He couldn’t follow and investigate her because her granddaughter would definitely be very angry if she found out.

Suddenly, the image of Cheng Huan flashed through his mind.

The more he looked at the boy, the more he liked him, and it was only a matter of time before he became his grandson-in-law.

Well, that’s settled!

\_\_\_ \* \* \* \_\_\_

As there were done dealing with things here, Shi Yuting and Xiang Yi had flown to C Country.

To prevent Zuo Weiyi from worrying, Shi Yuting called her twice a day—after lunch and before she went to bed at night.

Zuo Weiyi could only be at ease when she heard his voice and confirmed that he was safe and sound.

It had been three days since Shi Yuting left. On the morning of the fourth day, a piece of news reached C Country.

Early in the morning, Shi Nuannuan had finished her breakfast and did not have anything to do. She turned on the television, which happened to be the international news channel.

When she heard the news, she was so shocked that her eyes were wide open. They almost fell out!

### **Chapter 880: Giving Up the Presidency**

Zuo Weiyi had just finished feeding the babies and came down with Lian Lian in her arms.

Seeing how flabbergasted Nuannuan looked, she could not help but walk over. “What are you looking at? Why are you looking at the TV like that?”

Shi Nuannuan quickly turned around and anxiously pulled her to sit beside her. Then, she pointed at the television screen and said in shock, “Sister-in-Law, Brother... Brother actually gave up the presidency!”

Zuo Weiyi turned to the TV and saw the sudden international news.

Shi Yuting gave up the presidency? Why?

Shi Nuannuan’s exclamation shocked Shi Le and Zuo Yi. They stopped playing chess and looked at the screen as well.

Especially Shi Le, he suddenly stood up and strode towards them, staring at the television screen in disbelief.

When he saw the shocking news on the news, he was completely stunned!

Zuo Yi also walked over. When he saw the news, he could not help but feel very surprised.

If he was not going to be the president, why did he agree to be one in the first place?

After all, many people dreamed of this position but he did not want it?

Shi Yuting’s announcement was so incredulous to them!

“Why? Why did Brother give up the presidency?” Shi Nuannuan’s shock turned into confusion, staring at the screen with her index finger on her lower lip.

Although she was shocked, there was not the slightest hint of pity on her face. She wasn’t shocked because of his decision to step down, but because he had announced it so suddenly. She had already somewhat expected her brother to give up the presidency.

However, for Shi Le, it was a little difficult to accept.

Why did he give up the presidency when it was a good one?

Shi Le turned around and went to the coffee table. He made a call to C Country.

The phone rang for a few times before Shi Yuting's deep and sexy voice came through the receiver.

"Hello?"

"Hello? What hello? I'm your father's father!" Shi Le's tone was not pleasant—he was completely furious!

He simply could not understand. The president position that everyone in the world could only dream of, and he didn't want it? He couldn't just forfeit it without a proper explanation.

What was he thinking? What was wrong with being president? It had only been less than half a year!

Shi Le felt like he was about to spit out a mouthful of blood!

Shi Yuting knew why he called but his expression didn't change. Instead, he gently curled the corners of his lips and called out calmly. "Grandpa."

"Tell me, why did you give up the position of president?!" The more Shi Le thought about it, the angrier he became!

Shi Yuting paused for half a second.

"It's better that you don't know the reason."

Shi Le frowned, and his anger grew!

"Why?!"

"I'm afraid that if you know, it will be even harder for you to accept."

Shi Le paused. "Tell me! You never discussed this with me and now you're refusing to tell me why? Do you even still think of me as your grandpa?"

Shi Yuting was silent for a moment, and finally gave a reason.

"Because I'm too lazy to be the president."

"What?" For a moment, Shi Le wasn't able to react.

"I'm too lazy to be the president."

Shi Le was taken aback for a few seconds before flying back into rage.

Too lazy to be the president?? Everyone in the world was dreaming to be in his shoes and he actually said that he was too lazy to be the president?!
