

Kiss Me 881

Chapter 881: Couldn't Be Bothered.

What on Earth was he trying to do?!

“Shi Yuting! You can't even be bothered to be the president? Then what do you want to be?!”

Shi Yuting remained calm despite Shi Le's fury. He gave it a proper thought before answering Shi Le's question.

“Di Zun's president.”

“What?” Shi Le was about to go crazy!

He gave up the presidency of a country just to be the president of a company?

“Couldn't you still be the president of both?”

“Grandpa, I've already decided on this matter. Moreover, I've also chosen the next president. Let's end this matter here. I don't want to talk about it anymore.”

His few casual words undoubtedly made the fire in Shi Le's heart burn even bigger!

He had worked so hard for so many years, and now he was too lazy to continue? Then all his hard work over the years would have been in vain!

Shi Le was having a hard time accepting it.

“I'm hanging up.”

Before he could say any more, Shi Yuting had already hung up the phone.

“Hey!

“This rascal, he's becoming bolder and bolder in doing things alone!”

Helpless, he could only give up. But Shi Le was still determined to keep questioning Yuting when he gets back.

“What did Brother say?” asked Shi Nuannuan.

She noticed how angry her grandpa looked so she made sure to ask carefully.

Shi Le glanced at his granddaughter in annoyance and said, “He said that he's too lazy to be the president!”

“Really, when did this kid learn to be so pretentious? He actually said that he was too lazy to be the president? Tsk...”

Zuo Weiyi fell deep in thought.

Previously, when she said that she would return to C Country to settle down, Shi Yuting said that there was no need. Could it be that he had already made this decision at that time? But why would he do that?

Was it really just that he was too lazy to be the president?

“So what if he gives it up? With Brother’s status as Di Zun’s president and the status of the Shi family, it doesn’t matter even if he gave up the presidency!” Shi Nuannuan attempted to alleviate the mood of the room, but it only made Shi Le feel like spurting out blood instead.

These two were indeed siblings!

And they had to inherit their father’s character of not caring about fame and fortune.

Shi Le suddenly frowned and looked at Zuo Weiyi as she hugged the baby on the sofa.

Could Yuting’s decision have something to do with Weiyi?

He decided to ask her. “Weiyi.”

Zuo Weiyi turned to look at him. “Yes?”

“Did he tell you about this beforehand?”

Zuo Weiyi paused for a moment, then shook her head. “No.”

“Hey, hey, hey, what are you trying to say? Are you questioning my Weiyi?” Zuo Yi saw the way Shi Le was talking to his daughter and immediately pulled him over.

But Shi Le only grew more annoyed by Zuo Yi’s involvement. He shook Zuo Yi off. “You old man, stay out of this. I just want to know if that kid had ever spoke to Weiyi about this!”

“My granddaughter doesn’t know anything, so don’t ask anymore!”

Shi Le was at a loss for words. He looked at him in annoyance but did not say anything else. Instead, he waved his hand dismissively and walked towards the study on the second floor.

As he watched Shi Le leave, Zuo Yi could not help but ask, “You’re not playing anymore?”

“I’m not playing anymore. I’m not in the mood!”

By the time he was done speaking, he had already disappeared around the corner of the second floor.

Grandfather had always hoped that Shi Yuting could become the president. Now that he had suddenly made this decision, it must be hard for him to accept it for a moment.

Chapter 882: No Longer the First Lady

They seemed to be able to understand Shi Le’s feelings.

At night.

Zuo Weiyi, who had just eaten dinner, carried the babies down and played with them in the living room for a while. Shen Lanzhi also accompanied her.

“The two babies are growing up. They’re missing their father as time passes.” Shen Lanzhi looked at her beloved grandchildren with a face full of love.

After playing with them for a while, the two babies fell asleep very quickly.

Shen Lanzhi brought Mo Mo and Lian Lian back to the babies' room before returning to her room. Zuo Weiyi took a bath and then lay on the bed.

Looking at the time, it was 8:25 pm. In five minutes, Shi Yuting would call her.

She picked up a book casually. These had been bought by Nuannuan. Zuo Weiyi had heard her talk about her romance novels a lot and decided to take an interest in them.

After reading a few chapters, her phone rang.

She saw the familiar caller ID. The former ID of "Shi Babe" had been changed to "Husband".

"Hello?"

"Are the little ones sleeping?"

"Yes." She nodded and smiled blissfully.

Then, she asked, "How much longer will you be back?"

After settling national affairs, Shi Yuting had to deal with Shi Tiannan. However, he had not been able to find out about his whereabouts recently. Every time he thought he had got him, he'd only find himself one step behind Shi Tiannan.

Shi Tiannan should also know that he was looking for his whereabouts, so he would not stay in one place for too long before moving to another place. This way, it would be even more difficult for Yuting to know his next move.

If Yuting did not get rid of Tiannan, the latter would only be a ticking time bomb for him! He had to resolve this as soon as possible!

However, Yuting did not want to tell Weiyi about this matter for the time being because he was afraid that she would only worry again.

"It'll take a few more days."

Zuo Weiyi thought back to the news she heard this morning.

"Why did you suddenly give up the presidency?"

Shi Yuting's deep eyes lifted slightly and a faint smile appeared on his face. "Do you think it's a pity?"

She paused for a moment. "No, I don't."

It did not matter to her whether he was the president or not.

"From now on, you won't be the first lady anymore. You can only be... a company president's wife."

"It doesn't make any difference to me. Even if I'm a fake wife, as long as I'm with you, nothing else matters to me."

Yes, as long as she was with him, even if she was just an ordinary office worker, she would still be at bliss.

Shi Yuting was amused by her words and couldn't help but think for a few seconds. "Hmm... then I guess I can just become a fake king."

He made her laugh.

But not soon after, she brought up the issue again.

"Grandpa seems to be very unhappy. Why didn't you discuss it with him?"

"If I did, I wouldn't be able to make this decision. If Grandpa knew about this decision, there would be no room for discussion at all. He would reject it outright.

It would be better to make this decision first, then let him know about it."

"Then why did you give up the presidency?" It was impossible for him to simply be lazy. Only a fool would believe his reason,

"To accompany you and the children. Also... I felt tired of being the president and just didn't want to be one anymore."

These few short words stunned Zuo Weiyi. She was both moved and amused.

After becoming president, he had a lot of things to do every day. Although he could leave the management of Di Zun to others, he had to present as much as possible while settling the country's matters. He'd travel so often he was hardly at home. That was why he gave up his position—he only wanted to be the president of Di Zun Group, earn money to support his family, and spend more time with his wife and children.

Chapter 883: Shi Le's Thoughts

This was indeed what Shi Yuting was thinking, and he didn't want her to worry so much anymore.

His decision made her feel very touched as a warm feeling pulsed throughout her body.

But wouldn't it be a pity for him to give up this position just for her and the babies?

"Are you willing to give it all up?" asked she.

"Of course." He answered without hesitation.

If he couldn't bear to, then he wouldn't have made this decision.

Zuo Weiyi smiled faintly but there were still some words trapped in her mouth.

"Rest early, I still have to take care of some things."

"Okay, you should rest early after you're done."

"Okay, good night."

Zuo Weiyi stared at the ceiling as she lay on the bed, and feeling blissful.

...

Ever since Shi Yuting gave up the presidency, Shi Le knew that what was done was done. No matter how annoyed he was, it could not change the fact, so he could only give up.

Although they still had Shi family's status and it did not matter whether he was the president of a country or not, there was no harm wanting something more, was there?

However, his grandson did not care about these things. So what else could he do or say?

On a separate note, he seemed to have noticed that his granddaughter had stopped going out these few days.

What was going on?

It seemed that ever since his grandson went to C Country, she had become more well-behaved. Other than occasionally going out for shopping, she basically stayed at home.

It was strange. Why did she suddenly become so obedient?

Shi Le looked puzzled as he sat on the sofa.

At this time, the phone on the coffee table rang.

The maid walked over and picked up the phone. Then she looked at him on the sofa. "Master, it's for you."

Shi Le glanced at the phone in the maid's hand and put it to his ear.

"Hello?"

"Dear old Shi, do you have time to come play a round?" Old Man Cheng's voice came from the other end of the phone.

"Yes."

"Then come over quickly. I happen to be bored."

"Okay." Shi Le agreed and was about to hang up the phone.

Old Master Cheng suddenly added, "Well, won't you bring your cute granddaughter here too?"

Shi Le paused. "What for?"

"Nothing. I just brought a gift from abroad a while ago. I want to give it to your granddaughter."

Shi Le naturally understood.

Speaking of which, it was time for him to facilitate Nuannuan's relationship with Cheng Huan so that the position of grandson-in-law would not be snatched away by a man he did not know.

After hanging up the phone, Shi Nuannuan happened to come downstairs.

"Nuannuan, are you going out again today?" asked he as he watched his granddaughter walk down the stairs.

When Xiangyi left, there was naturally no need for her to go out anymore. Now that her grandfather had asked, she said matter-of-factly, "No, why would I go out every day?"

Shi Le could not help but cast a sidelong glance at her.

Back then, when she went out every day, why didn't she say same?

"Since that's the case, why don't you accompany Grandpa to a place?"

Shi Nuannuan was stunned. "Where to?"

"You'll know once you get there." said Shi Le as he stood up and instruct Black Dragon "Black Dragon, prepare the car."

In the meantime, Shi Le went upstairs to put on some extra clothes due to the weather.

"Let's go."

The grandfather and granddaughter sat in the black Lincoln and the luxury car gradually drove out of the Shi mansion.

Shi Nuannuan did not know where her grandfather was going until forty minutes later, the car stopped in front of a magnificent mansion.

Where was this place?

Shi Nuannuan was still confused as she got out of the car. It was her first time coming to this place.

Chapter 884: A Precious Greeting Gift

"Let's go in!" Shi Le took the lead and walked forward.

After a while, the two arrived at the luxurious living room.

Whose house is this? It's quite grand!

"Oh, such a rare guest we have today!" Old Man Cheng immediately stood up from the sofa to welcome them.

Shi Nuannuan looked at the person who spoke.

Wasn't this Old Man Cheng who was at Mo Mo and Lian Lian's full moon celebration last time? Cheng Huan's grandfather?

Shi Le was a little stunned by his reaction.

Although he rarely came, he wasn't a rare guest.

Before he could say anything, Old Man Cheng turned to Shi Nuannuan. "Nuannuan, right? Come, come sit."

Shi Nuannuan was dumbfounded by Old Man Cheng's enthusiasm.

What was going on?

He pulled her to sit down on the sofa. Shi Nuannuan looked at her grandfather who was walking towards her.

“Zhang, bring me the jade pendant that I brought from abroad last time.”

Hearing this, the butler, Zhang immediately went to the study room. Not long after, an exquisite box appeared in his hand.

“Nuannuan, let’s see if you like it.”

Shi Nuannuan was still in a daze. She looked at Old Man Cheng and then at the exquisite box that he handed over.

What was going on?

This was only the second time she had met Old Man Cheng. Was he going to give her a gift?

But it seemed so out of the blue? What was the reason for the gift?

She didn’t think she was that familiar with him yet, or at least not close enough for him to give her gift.

Shi Nuannuan’s beautiful eyes moved between Old Man Cheng and the giftbox.

“This is...”

“Grandfather Cheng is gifting this to you.”

With curiosity, she took the box, opened it and found that it was a high-quality jade pendant.

Although she did not know much about jade, from the luster and finishing of the jade pendant, it was definitely high-quality.

“How is it? Do you like it?” Old Man Cheng looked at her expectantly.

“Erm, may I ask why you’re giving me a gift?”

“Nothing, I just liked you very much when I first saw you! It’s just a small token of my appreciation.” Old Man Cheng smiled happily and looked at the door again.

‘Why isn’t this brat back yet? Didn’t I tell him to come back for lunch?’

“I can’t accept it.” Shi Nuannuan placed the jade on the coffee table in front of her.

One look and it was obvious that it was a high-quality jade. It might even be an antique. She didn’t dare to accept this gift.

Although her grandfather had collected a lot of these, she wouldn’t accept a reward for nothing!

Old Man Cheng was surprised that she rejected the gift.

“What’s wrong? You don’t like it?”

“No, that’s not it.” Shi Nuannuan shook her head but didn’t reveal the reason for her refusal.

It didn’t matter what the reason was anyway. She just couldn’t accept it.

Old Man Cheng wanted to say something, but a voice came from the door.

“Grandpa, what do you plan to do by calling me back today—”

Cheng Huan walked into the living room. Before he could finish his sentence, he saw Shi Nuannuan, who had also turned to look at him. It was hard for him to forget that face.

Shi Nuannuan? Why was she at his house?

When he saw his grandson, Old Man Cheng immediately glared at him! “You little brat, quickly come over and greet Grandfather Shi!”

Cheng Huan managed to look away from Shi Nuannuan and walked over. He greeted Shi Le, who was sitting on the sofa, “Grandfather Shi.”

Chapter 885: Xiangyi’s Call

“Hello, Cheng Huan.” Shi Le nodded. The more he looked at Cheng Huan, the happier he became.

Then, the four of them sat down on the sofa and chatted happily.

Old Man Cheng scanned the faces of his grandson and Shi Nuannuan. The more he looked, the more he felt that the two of them were very compatible.

So he said, “Cheng Huan, Grandfather Shi and I need to talk about something. Take Nuannuan for a our around our house.”

If it were any other time, Cheng Huan would definitely reject his grandfather’s request. However, if the person was Shi Nuannuan, he would be more than happy to do so.

“Alright.”

Seeing that his grandson was so obedient, Old Man Cheng could tell that he was interested in Shi Nuannuan as well. Things are going better than expected.

It seemed that it was only a matter of time before he became in-laws with Shi Le!

Shi Nuannuan lowered her head, sensing a strange atmosphere.

Her grandfather was obviously here to meet an old friend, but why did he bring her along?

Cheng Huan first brought her to the third floor and stood on the balcony, looking down at the Cheng Residence’s scenery. Then, he brought her to his grandfather’s study and the antique collection room.

Shi Nuannuan’s eyes widened at the sight of the numerous antiques gathered in that space.

Sure enough, the jade pendant just now was also an antique.

Cheng Huan then brought her out to the back garden.

On the way down, they passed by his bedroom. He suddenly stopped and turned to look at Shi Nuannuan. “Do you want to take a tour of my bedroom as well?”

Shi Nuannuan frowned. A man’s bedroom? She was only interested in Xiangyi’s bedroom.

“I’m not interested.” She rejected him immediately and went straight downstairs.

Her indifference made Cheng Huan a little disappointed and discouraged, but on second thought, if girls were really that easy to woo, he wouldn’t want them.

He smiled as he followed her down.

They arrived at the back garden. It was almost winter, and the breeze blew past, making them shiver involuntarily.

“Are you cold?” It was their first time being alone together. Even if Cheng Huan wanted to take off his coat and put it on for her, it would appear that he was trying his best to please her and people would easily think that he was showing off.

It was better to just ask a simple question.

“I’m fine.” It was just that she was not used to it since she had just come out of the house, but she did not feel that cold.

However, Cheng Huan’s words suddenly reminded her of Xiangyi as his image flashed through her mind.

If Xiangyi was by her side now, he would definitely take off his coat and put it on her.

Just the thought of it made her feel especially happy.

Just as she was thinking, her phone rang.

Her thoughts were pulled back. She took out her phone from her coat pocket and the sight of the familiar name made her heart race.

It was Xiangyi!

She looked at Cheng Huan. “I need to take a call!”

As she spoke, she picked up the phone and walked to the side.

“Hello?”

The familiar voice, which she had not heard for a long time, made Xiangyi unconsciously smile in a gentle and beautiful arc. Even her voice was exceptionally pleasant to hear.

“What are you doing?”

She did not expect him to ask such a thing. For a moment, Nuannuan did not know how to answer.

She turned around and looked at Cheng Huan, who had already walked away.

Should she say that she was with Cheng Huan?

But Xiangyi did not seem to know Cheng Huan.

“With grandfather, I’m here to visit one of his good friends.” That should be enough, right?

However, as soon as she said this, Xiangyi’s mind suddenly remembered the scene of her dancing with the heir of the Cheng family at the full moon banquet.

Chapter 886: Your Photo

“Master’s good friend?” He asked softly, unable to stop himself from probing.

“Yes!”

“Is it Old Man Cheng?”

Hearing this, Shi Nuannuan could not help but be very surprised. “You know him?”

“Yes, I heard Mr. Shi mention that Master has an old friend in Z Country.”

“Oh, I see.”

Through the phone, Shi Nuannuan could neither see Xiangyi’s slightly lonesome face at this moment, nor could she sense his mood.

“When are you and Brother coming back?” She missed him.

After confirming their relationship, she had been starting to miss him so much.

It had only been a few days since they last saw each other.

“It might take a few more days, after Mr. Shi has settled the matter.”

“Oh.” Her voice was obviously filled with disappointment.

And Xiangyi did not miss the change in her tone. He smiled slightly and attempted to gently coax her.

“Do you want a gift?”

When she heard about the gift, Shi Nuannuan immediately revealed a smile. “Yes!”

“What do you want?”

“Hmm...” After thinking for a long time, Shi Nuannuan could not think of a single gift. Clothes and fashion were no longer something new to her. She needed a more meaningful gift!

“Why don’t you take a photo for me now?”

This gift was better than anything else because she really missed him!

Xiangyi was slightly stunned.

A photo?

He had lived for more than twenty years and had never taken a selfie before.

“Then shall we exchange?” He also missed her.

“Sure!”

The two of them hung up the phone. Shi Nuannuan couldn’t wait to take a selfie. She posed in a cute and playful way for her selfie.

She generously took a few photos and sent them over via Wechat.

Not long after, she also received a photo from Xiangyi.

“So handsome...” Shi Nuannuan fell in love with him all over again as she looked at his photo.

As he flipped through the photos that she sent over, Xiangyi’s lips unconsciously curled up into a smile. However, when he flipped to the last photo, the smile on his lips suddenly disappeared.

It was a photo of Cheng Huan’s back.

His heart felt a little uncomfortable as if it had been hit by something.

He heard footsteps approaching and saw Shi Yuting walking out of the house. He put his phone away and hid the discomfort in the bottom of his heart.

“Mr. Shi.”

“Are you sure that there is no trace of Shi Tiannan in C Country?” asked Yuting as he sat in the black Bentley.

Xiangyi sat in the passenger seat and returned to his calm expression. He nodded and said, “Yes, I’ve just received news that he seems to have gone to Z Country.”

Hearing this, Shi Yuting’s eyes turned cold.

“Are you sure?”

“I’m sure.” Xiangyi nodded with absolute certainty.

Shi Yuting closed his eyes as if he was deep in thought.

Although he grew up in Z Country, Shi Tiannan did not have any connections there. Why would he suddenly go to Z Country?

Suddenly, a terrifying thought flashed through his mind.

He quickly looked up, and his handsome face turned very serious. “Prepare to return to Z Country!”

Xiangyi could not help but be slightly stunned by his sudden decision. “Now?”

“Right away!”

“But the parliament...”

“I’m not going. Anyway, the new president has been chosen. Just say that I have nothing to do with it.”

Xiangyi was stunned for half a second before he nodded. “Yes.”

The black Bentley quickly drove to the private airport. At noon, Shi Yuting could not wait to board the plane and fly to Z Country!

...

In the afternoon, Shi Nuannuan had just eaten lunch and wanted to go back.

Since she came to the Cheng residence, the two old men seemed to have endless things to talk about and always asked Cheng Huan to accompany her.

Chapter 887: You Don't Really Like Me, Do You?

It was afternoon and she felt that it was quite ridiculous to ask them to take a walk at such an hour. Wasn't this basically a blind date?

Nuannuan couldn't wait to go back.

She had Xiangyi, so why would she need to go on a blind date?

"Grandfather, if you and Mr. Cheng really have so much to talk about, then I'll go home first!"

By the time she was done speaking, she had already walked towards the door.

"Nuannuan!"

Seeing that she was about to leave, Shi Le hurriedly stopped her and asked, "Why are you in such a hurry to go back?"

"Sister-in-law just called me, saying that she had something to ask me and wanted me to go back quickly." She randomly found an excuse in order to escape her grandfather's private arrangements.

Anyway, even if grandfather really asked about Sister-in-Law, Weiwei would definitely stand on her side!

When she said this, Shi Le was at a loss.

"Then you..."

"In that case, let Cheng Huan send her back!" Old Man Cheng hurriedly chimed in. "This place is quite far from the city, so it's very difficult to get a taxi."

Shi Nuannuan couldn't help but look at Cheng Huan, who was looking at her with a smile.

She hoped to only get Cheng Huan to drop her off so she can get in a taxi.

Whatever, as long as she could leave this place, it would be fine. After all, it was only the last time she would have any contact with Cheng Huan!

She did not object. Instead, she turned around and walked towards the main entrance. Cheng Huan picked up the car keys and followed closely behind.

It was a forty-minute journey from the Cheng residence to Shi Mansion.

On the way, Cheng Huan tried to make conversation with her.

"You don't like my house?" He knew that she was in a hurry to leave, but not for the reason she mentioned earlier.

Shi Nuannuan kept looking out of the car window. Actually, she did not hate Cheng Huan that much. This person was also quite straightforward. If they were friends, they would have definitely gotten along well.

She turned to him and replied, "No."

"Then why are you in such a hurry to leave?"

"You should be able to tell that our grandfathers are trying to set us up."

Cheng Huan could not help but laugh at her straightforwardness. His impression of her became even better.

"So, this can be considered as you rejecting me before it even starts?" He turned to look back at her. There was a smile at the corner of his mouth. He did not feel disappointed by her straightforwardness.

To him, the harder it was to get a girl, the more interested he would be.

"Didn't I tell you that I have someone I like?"

"A secret crush?"

"It has nothing to do with you!"

"Then I'll have the chance to woo you too?"

"No!" She immediately rejected him!

"It's the first time I've been rejected by a girl, and it's a girl that I saved too. This feeling is really uncomfortable..." Cheng Huan immediately pretended to be sad.

Shi Nuannuan was surprised by what she heard and turned to look at his dejected face.

Could it be that she had said it too directly and hurt his feelings?

But he was a man. Wasn't he a little too fragile?

But even so, when she thought about how she had been saved by him, Shi Nuannuan naturally knew she should not have been too direct.

She became slightly more tactful. "I didn't mean to hurt you."

"Your rejection is more painful than hitting me."

"You don't really like me, do you?" It was only the third time they had met.

Shi Nuannuan looked at him suspiciously.

At that moment, the traffic light was red. Cheng Huan suddenly turned to her seriously, looking at her with his dark eyes. "What if it's true?"

Chapter 888: No Intention to Invite Me In?

She was somewhat caught off guard.

This man is really...

Shi Nuannuan met his serious gaze and immediately looked away.

“Then I’m really sorry. I have someone I like. So I won’t be able to fall in love with you.”

Having been rejected once again, Cheng Huan felt that he had really been beaten to a pulp. This was the first time he had been rejected twice consecutively by a girl.

However, he probably was looking for a beating.

The green light lit up and he slowly started the car. However, the atmosphere in the car did not seem to be affected by this incident. It was more accurate to say that Cheng Huan had a pretty big heart so he wouldn’t get so sensitive over such matters.

This was also the reason why Shi Nuannuan could not hate him.

It was okay to be friends, but if they were lovers, it was better to forget about it. She already had someone else.

And she wouldn’t marry Cheng Huan anyway!

When they arrived at Shi Mansion, Shi Nuannuan got out of the car and thanked him. Then, she walked straight to the door. She had no intention of inviting him in for a cup of tea.

“You’re not going to invite me in?”

Cheng Huan rolled down the window before asking her.

Shi Nuannuan turned around and thought for a moment.

Out of courtesy, she should invite him into the house to have a seat and have a cup of tea or something. Moreover, he had asked. If she directly rejected him, wouldn’t that be a bit rude?

In the end, she looked back at him and said, “If you’re thirsty, come in and have a cup of tea!”

After saying that, she did not bother with Cheng Huan anymore. Instead, she turned around and walked to her own door.

At this moment, Shen Lanzhi and Zuo Weiyi were playing with the babies on the sofa in the living room.

Shi Nuannuan walked over and sat down beside Zuo Weiyi. She looked at Lian Lian in her arms and said, “Lian Lian, your aunt’s here. Did you miss me?”

Seeing that she had returned, Zuo Weiyi could not help but ask, “Why did you come back alone? Didn’t Grandpa go with you?”

“He’s still catching up with his friend!” Shi Nuannuan took Lian Lian from her arms.

When she remembered why her grandpa brought her over, she became annoyed.

Shen Lanzhi was about to speak when she heard the sound of footsteps coming from the door again.

She turned and realized that it was a young man who had walked in, and he looked very familiar.

“He’s Cheng Huan. He sent me back.”

Shen Lanzhi came to a realization.

Wasn't Cheng Huan the grandson of Shi Le's good friend? He had even gone to the full moon celebration last time.

Thinking of this, as the host, Shen Lanzhi had no choice but to stand up and greet him. "Mr. Cheng, please come over and sit."

As she was carrying a baby, it was inconvenient for her to escort him, so she could only use her eyes to signal him.

Cheng Huan walked over and revealed a wild and unruly smile, but he was very polite. "Auntie, you don't have to be so polite. Just call me Cheng Huan."

Despite his looks, his politeness gave Shen Lanzhi no reason to dislike him, so she nodded and asked the maid to bring a cup of tea over.

Zuo Weiyi's gaze could not help but size up Cheng Huan. He was indeed quite a charming one, with an extraordinary appearance.

It also confirmed her suspicions: it seemed that her grandfather really intended to set Nuannuan up with Cheng Huan.

Thinking of this, she could not help but be even more worried about Xiangyi.

Although Nuannuan's intentions were clear and would not be shaken because of Cheng Huan's background, if her grandfather really decided on Cheng Huan, Xiangyi would definitely have a tough battle to fight.

Chapter 889: I'm Busy!

Zuo Weiyi could not help but sigh.

Halfway through a cup of tea, Cheng Huan suddenly said, "Are you going to show me around your house too?"

Hearing this, Shi Nuannuan raised her head and looked at him suspiciously.

If he was going to leave after drinking, why would she be showing him around the house?

She had already made it so clear just now. Could it be that he still wanted to court her?

Shi Nuannuan did not say anything. Shen Lanzhi could not help but say something. It seemed that she could tell that Cheng Huan was interested in her daughter. She could not help but look at Shi Nuannuan and said softly, "Nuannuan, bring Mr. Cheng for a house tour."

However, Shi Nuannuan did not want to. If that happened, they would be alone together again.

"I'm busy!" She objected.

The obvious rejection once again made Cheng Huan feel a little heartbroken.

This Shi Nuannuan was really different from all the girls he had met.

She was too straightforward. If she did not like it, she did not like it. Therefore, she did not want to drag things along and lead him on.

Indeed, it was precisely because of this that he was always deeply attracted to her.

Shen Lanzhi did not say anything else but smiled apologetically at Cheng Huan.

Cheng Huan was not embarrassed by Shi Nuannuan's rejection.

He smiled and said, "It's alright."

Then, he picked up the teacup and finished the remaining tea. He was about to get up to leave.

At this time, the phone on the coffee table suddenly rang.

Shen Lanzhi was the closest to the coffee table, so she picked it up.

"Who is it?"

"It's me." Shi Le's voice came from the phone, then he continued, "I'm coming over with Old Man Cheng in a while. You keep Cheng Huan there and have dinner at home tonight. Ask the chef to prepare some more dishes."

Shen Lanzhi looked at Cheng Huan who was drinking tea and replied, "Okay."

After hanging up the phone, Cheng Huan finished his tea.

He stood up and looked at Shi Nuannuan and Weiyi. Then, he looked at Shen Lanzhi who was an elder. He very politely said, "It's getting late. I should go back too. Thank you for your hospitality, Auntie."

He took one last look at Shi Nuannuan before Cheng Huan turned around to leave.

"Wait."

Shen Lanzhi could not help but call out to him.

He stopped in his tracks and turned around to look at her in confusion.

"Your grandfather and the others are coming over later. They're having dinner at our house tonight. There's no need to leave."

Hearing this, not only Cheng Huan but even Zuo Weiyi and Shi Nuannuan could not help but look up in surprise.

It seemed that this grandfather was determined to become in-laws with the Cheng family.

Cheng Huan was also surprised. Since that was the case, he was naturally happy.

"Sorry to bother you then."

After saying that, he sat down on the sofa again.

Shi Nuannuan glanced at him. Although she did not hate Cheng Huan, when she thought of her grandfather's goal, she was extremely irritated.

Soon Shi Le and Old Man Cheng arrived at Shi Mansion.

After handing the child to Zuo Weiyi, Shen Lanzhi quickly went to the kitchen to prepare the dishes. Although she didn't have to do it herself, she still wanted to prepare the dishes herself.

In October, the night always came too fast.

By six o'clock in the evening, it was already dark outside the window.

"Master, it's time for dinner," said a maid as she walked over to Shi Le, who was playing chess with Old Man Cheng.

Chapter 890: The Man Who Suddenly Came Back

After one round, Shi Le won which put him in a good mood.

"Let's eat!" Shi Le invited Old Man Cheng.

After sending the two sleeping babies upstairs, Zuo Weiyi and Shi Nuannuan also came down and followed them to the dining room.

At this moment, the sound of an engine suddenly came from the door. Zuo Weiyi subconsciously stopped and looked in the direction of the door, thinking that it was her grandfather.

However, Shi Yuting and Xiangyi walked into the door.

Zuo Weiyi and Shi Nuannuan were overjoyed, though a little surprised by their return.

"How could you..." Zuo Weiyi was still in disbelief for a moment.

Didn't they say that they would only be back in a few days?

Shi Yuting walked over and pulled her into his arms directly. He lowered his head and looked at her in his arms. "Why? Are you unhappy that I've suddenly returned?"

He gave a charming smile and his voice was incomparably gentle.

Xiangyi stood next to him and met Shi Nuannuan's gaze. She gave him a faint smile in return, but it disappeared in an instant.

After all, this was Shi Mansion. Even if he wanted to take another look at her, he could only look away.

Leaning against his sturdy chest, Zuo Weiyi smiled. "No, I'm very happy. Didn't you say that you would be back in a few days? Why did you suddenly come back?"

During the few days when he had left, she had been worried and afraid. She could only confirm that he was safe and sound through the phone. Now that she saw him standing in front of her in one piece, how could she not be happy?

"I came back early after settling the matter."

He hugged her and was about to walk towards the sofa.

When he heard the noise, Shi Le also came out from the dining room, including Cheng Huan and Old Man Cheng.

Shi Le was also a little surprised to see his grandson back.

“Why did he suddenly come back?”

Shi Yuting turned his head when he heard his voice. “I came back after settling the matter.”

Shi Le nodded when he heard that. “Well, it just so happens that we’re eating. Come, we have guests.”

Shi Le looked at his grandson, and a hint of sadness suddenly flashed across his face. He turned around and walked towards the dining room.

Shi Yuting also saw that hint of sadness, and his straight eyebrows slightly furrowed.

Xiangyi, who was standing quietly by the side, was slightly startled by Cheng Huan’s sudden appearance. His eagle-like black eyes stopped on his face.

However, Cheng Huan did not notice him. Instead, he entered the dining room with everyone else.

“Let’s go.”

Holding the woman in his arms, Shi Yuting also walked towards the dining room.

He had only taken a few steps when he paused again. He turned his head and said to Xiangyi, who was standing quietly by the side, “There’s nothing else. You should go back too.”

The reason he was not allowed to leave just now was because of his sister. It was to prevent her from having to think of a way to go out to see Xiangyi again after she found out that they had returned.

Xiangyi nodded slightly at Shi Yuting. “Yes, sir!”

After saying that, he glanced at Shi Nuannuan who was still in the living room, then turned around and walked towards the main door.

Shi Nuannuan knew her limits even though she was a little reluctant to part with him. Since he was already back, it would not be too late to look for him tomorrow!

With that thought, she turned around and entered the dining room.

Shi Le had been in a good mood. However, at this moment, he was a little unhappy and his expression was solemn.

“Eat some vegetables.” Seeing that he was not in a good mood, Shen Lanzhi quickly called for Cheng Huan and Old Man Cheng to help themselves to the dishes.

She did not know what was wrong with Shi Le. Just now, he was clearly very happy. It seemed that ever since her son returned, he had been in a heavy mood. What was wrong?
