

## Kiss Me 921

### Chapter 921: The Cup of Tea

He was there only to act as the middleman after all.

Now that the matter had been settled, he had nothing more to do with it.

Of course, leaving at this time was part of his plan.

Seeing that he was about to leave, Mayor Xia hurriedly stood up and respectfully sent him off. Only Shi Yuting remained seated on the sofa without glancing at Ke Zhengfeng. Instead, he nonchalantly picked up the cup of tea he had poured and brought it to his lips, about to take a sip.

However, just as the tea was about to reach his mouth, his movements suddenly stopped.

He seemed to feel a pair of familiar eyes sweeping over him from the dark.

His dark eyes focused, and he silently glanced at the tea in his hand.

Seeing that he had brought the cup of tea to his mouth, the bodyguard who was leaving with Ke Zhengfeng smirked, then turned around and disappeared around the corner.

Shi Yuting put down the cup of tea and suddenly turned his head to look at the spot where Ke Zhengfeng had left, but the man had already disappeared.

Why did he feel that Shi Tiannan was here? But he had scanned the people who were here just now, and did not see Shi Tiannan's figure.

Except for that bodyguard...

Suddenly, his eyes turned cold, and his gaze once again glanced at the spot where Ke Zhengfeng had left. His thin lips curled up slightly..

He put the cup back on the table.

"Mayor Xia, what do you think?" He looked at the mayor with a faint smile on his face.

The mayor looked at him. "I think it's very good. If I can really count on your company to make A City flourish and prosper, I would naturally be more than happy to do so."

Hearing this, Shi Yuting chuckled and secretly glanced at the bureau chief sitting next to the mayor.

"Is that so? I had spent a lot of time and effort before this, but I still couldn't negotiate for this land successfully." Although he didn't really spend a lot of time and effort, he only said this because he wanted to see how they would react. There was something he'd like to confirm. He wanted to put the bureau chief in a tight spot too.

As soon as he said this, Mayor Xia instantly frowned.

Had they discussed this previously? Why hadn't he heard of it before?

As he thought about it, he couldn't help but glance at the bureau chief beside him.

When he met his gaze, Bureau Chief Chen smiled unnaturally. "Oh, it must have been my subordinate's negligence. I've never seen this proposal properly before either."

"Is that so?"

Shi Yuting turned his head and looked at Xiangyi.

Xiangyi looked momentarily at Shi Yuting before turning back to Bureau Chief Chen. "I'm afraid that is not true. Previously, I had handed the entire proposal to Bureau Chief Chen and watched him read it. In fact, he even increased the price by 8%."

8%?!

Hearing Xiangyi's words, the mayor's face immediately darkened, and he turned to Bureau Chief Chen, glaring at him.

Having been exposed, Bureau Chief Chen started to get anxiously uneasy.

"Well, I-I didn't see the figures properly. I must have missed a '0'."

"There weren't any 0's in the price I gave," said Shi Yuting.

This time, Bureau Chief Chen was completely flustered.

The mayor's face turned ashen.

8% was not a small amount. He was obviously just trying to fill his own pockets!

"Go write a letter of apology and hand it over!" Mayor Xia insisted sternly to Bureau Chief Chen.

Bureau Chief Chen had no choice but to nod his head.

"Sorry for making a fool of myself," said Mayor Xia to Shi Yuting.

Shi Yuting chuckled and was about to pick up the tea again because he was indeed a little thirsty.

However, he paused again when his hand touched the teacup.

### **Chapter 922: Suddenly Attacked!**

It seemed that he would have to return to the hotel to get his drink.

After signing the contract, Shi Yuting shook hands with the mayor for the first time.

"I wish your Di Zun branch will make a lot of money every day." The mayor stood up to return his handshake.

Shi Yuting's lips curled up slightly. "Thank you for your good words."

Since they were both going to leave, the two of them decided to leave the farm together.

When they reached the entrance of the farm, it was already far from the downtown area, and it was exceptionally quiet.

"Is this your farm, Mayor Xia?"

Shi Yuting and Mayor Xia walked side-by-side on the way out.

He rarely took the initiative to chat with others, so today was clearly the first time for him.

He felt comfortable to do so with Mayor Xia as he felt the mayor was quite an upright person. Moreover, he wanted to know if his guess for why there was a last minute change in meeting location was right.

“Yes.” That Mayor Xia nodded. “My wife liked this place very much when she was alive, so she bought this place.”

Shi Yuting smiled lightly. He didn’t expect the mayor to still be infatuated with his wife.

“Was that why you changed the location at the last minute?”

Mayor Xia was surprised to hear that and turned to Shi Yuting. “At the last minute?”

Shi Yuting was also slightly surprised by Mayor Xia’s reaction.

As expected, there was something fishy about this.

“Didn’t we decide on this from the start?”

The reason Ke Zhengfeng gave him was that this place was relatively quiet and had a good environment. And thus, it was very suitable for business discussions.

Looking at him, Shi Yuting smiled but did not say anything.

Suddenly, his highly sensitive ears detected a faint sound approaching.

“Be careful!”

He abruptly turned his head and saw a bullet flying towards him and Mayor Xia from afar!

He stretched out his hand and grabbed the mayor in one agile movement, avoiding the bullet.

The sudden shot shocked Mayor Xia so much that his face turned pale, confused as to what was happening.

This was his farm. Nothing like this had happened before this.

“What, what happened?” asked the mayor after a short while.

“Someone wants to kill you!”

“What?!” Mayor Xia was clearly shocked beyond words!

Someone wants to kill him? How is this possible?@

Who on Earth is it?

Another bullet flew over. Shi Yuting simply pulled the mayor into a building nearby. In an instant, the bullet passed through the glass and shattered it into pieces!

Before the mayor could regain his senses, another barrage of bullets rained down!

Shi Yuting and the Mayor only dodged the attacks. Xiangyi covered them from the outside.

The right time hasn't arrived, so their people could not quite reveal themselves yet.

It was not until the gunfight became more and more intense that they had nowhere to retreat with the enemies in special military uniforms besieging them. Only then did Shi Yuting press down the signal in his hand.

The gunshots stopped. The enemies raised their guns and approached their hiding place slowly.

The mayor shrank into a corner and followed Shi Yuting. He held his breath, not daring to make a single sound.

Just when all the enemies were fully focused on the location Shi Yuting was hiding, a burst of gunshots suddenly came from all around them. Then, one by one, the people in black special military uniforms were shot and fell to the ground.

The sneak attack was so sudden that even the enemy's leader was caught off guard.

"What, surprised?"

The enemies were annihilated in one go, leaving behind only the bodyguard who had been following Ke Zhengfeng.

The bodyguard turned and saw Shi Yuting walking out from a corner with a calm smile on his face.

### **Chapter 923: The Cup of Tea Gave It Away**

He had set it up flawlessly. How did Shi Yuting still manage to survive?

The man gripped the gun in his hand tightly, his face filled with determination!

"It took you more than twenty years to kill me and you still couldn't do it. Now, it will be even more impossible." Shi Yuting's lips curled into a smile.

Shi Tiannan had indeed been trying to get rid of Shi Yuting since he were six years old.

From then on, Shi Yuting had been on guard against him for more than twenty years.

The reason he had not exposed him in front of his father and grandfather was because at that time, he had just been brought back to the Shi family. He did not know anything about him, much less that Shi Tiannan had been adopted!

So all these years, they had been playing cat and mouse with each other. Now, it was time to end it.

Xiangyi finally understood everything after listening to Shi Yuting.

When Yuting said that he wanted to borrow some people, Xiangyi had thought that it was very strange.

It turned out that Mr. Shi's guess was correct.

However, was the person in front of him really Shi Tiannan? Why did his appearance change?

Although their figures were similar, there were many people with similar figures. Moreover, he had investigated this bodyguard and there was nothing suspicious at all. Could it be that he used extraordinary means to obtain a fake identity? An identity that even he could not uncover?

Xiangyi held a gun and pointed it at the man in front of him.

The man stared at Shi Yuting. He had been too careless and had fallen into his trap!

However, he had disguised himself so well and had deliberately shaved his hair into a crew cut. How on Earth had he found out about him?

Shi Yuting seemed to have seen through his thoughts at this moment and spoke again. "If you hadn't poisoned the tea, I probably wouldn't have figured it out."

It was also because of that last backward glance—how could Shi Yuting not recognize the murderous gaze he had been receiving over the past twenty years?

The reason why he hadn't noticed him standing next to Ke Zhengfeng before was because at that time, he hadn't even looked at him. It was probably because he didn't want him to discover his existence that he had been so careful in disguising himself.

Shi Tiannan was stunned when he heard that.

He thought that poisoning him would save him a lot of trouble, but he didn't expect that a cup of poisoned tea would betray him!

"However, although your disguise technique is very strong, not everyone can disguise their eyes when they want to kill me. Who else could it be other than Shi Tiannan?"

Shi Yuting slowly walked towards him. Shi Tiannan held the pistol in his hand tightly but there were countless guns pointing towards him. Shooting at Yuting now would just be pointless.

However, it did not mean that he was not prepared.

After all, it's Shi Yuting. How could he be so stupid as to not leave a way out for himself?

Although he was determined to succeed in this operation, he also knew that for more than 20 years, he had not been able to kill him. Today might just be the day.

Shi Tiannan suddenly gave a strange smile as he faced Shi Yuting.

Then, Xiangyi saw him move and could not help but quickly pull the trigger!

"Bang!"

"Bang!"

Two loud sounds were heard before anyone could realize what was happening.

Before coming here, Shi Tiannan had already come to scout the terrain and knew that there was a small path at the back of the mountain. That was the only escape route that he had left for himself. As expected, he used it!

“It’s a smoke bomb!” Xiangyi shouted as he tried to get rid of the layer of smoke in front of him. But it was futile.

### **Chapter 924: Pursuing Victory (1)**

If he missed this opportunity today, he did not know when he would be able to grab a hold of Shi Tiannan again!

However, if Shi Tiannan wanted to escape, he would definitely have to rush out of this cloud of smoke.

With his previous memories, Xiangyi rushed out of the building. As expected, his vision was getting clearer and clearer!

Then, he looked up and saw a figure disappear into the back of the mountain.

“Follow me!”

He shouted towards the direction of the smoke.

His voice led the others out of the smoke screen.

Shi Yuting also knew very well that if Tiannan could use the disguise technique today, there was no telling what his disguise would be the next time they met. They had to capture him and reveal his hiding place this time. They had to wipe them out in one fell swoop!

Perhaps executing Shi Tiannan was a little cruel to his grandfather.

But if he didn’t die, he would be the one to die.

He wasn’t worried about himself, especially not in the past. But now, he had a family of his own.

He didn’t want anyone’s existence to threaten Zuo Weiyi and their children.

Shi Tiannan had to die!

“Mayor Xia, didn’t you want to know who wanted to harm you? Actually, you have seen that man just now. He was Ke Zhengfeng’s bodyguard. Moreover, he had just left when the attack happened. Well, I don’t think I need to explain every single detail to you. But basically, you’re safe now.”

Shi Yuting hurriedly said a few words before standing up and following the small team in the direction of the back mountain.

The smoke dissipated and Mayor Xia stood up. Shi Yuting and the others were long gone, but the words he left behind made him understand something in an instant.

Ke Zhengfeng actually wanted to assassinate him?

Was it because he had voted for someone else as the NPC representative?

Thinking about it, Mayor Xia could not help but be furious. He left the farm under the protection of his bodyguards!

He must go to his superiors and report him!

...

He went down the mountain by a small path that led to the ocean. Shi Tiannan had already prepared a small boat for escape.

By the time Xiangyi and the others caught up to him, his small boat had already sailed towards the center of the sea.

However, Shi Yuting had also been prepared for such a possibility.

“Hey! Boss!” Someone called out from an approaching motorboat.

Xiangyi turned when he heard the sound and saw that not far away, more than a dozen yachts were approaching from behind the mountain.

When he saw who it was, the corners of Shi Yuting’s lips curled up slightly. Then, he quickly jumped onto one of the yachts with the rest of the people and quickly chased after Shi Tiannan!

“Big Brother has indeed predicted everything. As expected, I found a way out here! But, it might be a little late.”

Xiao Lei, whom they had not seen for years, addressed Shi Yuting respectfully.

Back when they were training together in the jungle, Boss Shi was very handsome, and he was still so handsome now!

When he came, he had guessed that Shi Tiannan would have found a way for himself, so he gave the address to Xiao Lei and asked him to investigate the layout of the farm at once. As long as there was an exit, he would guard it.

However, Xiao Lei seemed to have arrived a little late, so Shi Tiannan managed to escape.

However, his figure could still be seen in front, so this time, they would definitely tear down his nest together!

Shi Tiannan drove towards a dock where he already had a car prepared.

Just as he was about to look back smugly, he realized that more than a dozen yachts had suddenly appeared behind him, and Shi Yuting was on one of them.

What was going on?

Shi Tiannan hurriedly increased his horsepower and rushed towards the dock!

## **Chapter 925: Pursuing Victory (2)**

When he arrived at the dock, Shi Tiannan got into the car and quickly sped towards his final destination.

He drove recklessly, ignoring the safety of other road users and pedestrians. All he could think of was escaping the pursuit.

“F\*ck! He actually prepared the car long ago!”

When they arrived at the dock and saw Shi Tiannan driving away, Xiao Lei could not help but curse!

However, the next second, the corner of his lips curled up into a smile. He looked at a pickup off-road vehicle not far away!

“Big Brother, wait here!” Xiao Lei told Shi Yuting as they got off the yacht. The former rushed towards the vehicle he saw.

“Brother Hai!”

Walking to the pickup truck, Xiao Lei patted the driver who was sorting out the goods.

The driver turned his head and was a little surprised when he saw Xiao Lei.

“Brother Lei, Why are you here? Are you on a mission again?”

“Yes! Can I borrow your car?”

“Of course, as long as Brother Lei requests for it, I’ll give it to you!”

“Thank you!”

As Xiao Lei spoke, he had already opened the driver’s door. Then, he waved at Shi Yuting not far away, signaling for them to come over!

After getting into the car, the group of people followed Shi Tiannan’s rampage that left behind a mess. They followed him all the way.

The dock was crowded and noisy. Moreover, there were people coming and going to transport goods. If they wanted to quickly break out of the encirclement, they could only keep on ramming.

As for Shi Tiannan, he was so flustered and panicked that he could not think straight. He ended up getting lost and not able to leave the dock even after a long time.

However, this place was extremely familiar to Xiao Lei. In a short while, he saw Shi Tiannan’s car.

Xiao Lei’s driving skills were very good. Even if it was a sharp turn, it was not difficult for him to maneuver it with a drift.

“Hah, you can’t compete with my driving skills, little fellow!”

Xiao Lei seemed to be filled with fighting spirit. His goal right now was to catch up to that car!

As there were too many people at the dock, he could not shoot directly. He wanted to avoid hurting the innocent people. Therefore, Xiao Lei could only rush up and block Shi Tiannan’s car before personally capturing him!

Along the way, Xiao Lei kept honking his horn in order to give some signals to those who might not be able to avoid him in time!

Beep! Beep! Beep! “Make way, make way, this lord is tracking a fugitive, make way, make way!”

Shi Tiannan grew increasingly frantic as he watched the truck behind catch up with him.

“Son of a b\*tch! Do you still have any humanity left?!”

Xiao Lei grew furious as he watched Shi Tiannan disregard the safety of others as he drove. He suddenly stepped on the accelerator and rushed towards Shi Tiannan’s car with anger!

In an instant, the entire dock was turned upside down. The crowd even put down their work just to avoid the two cars that were speeding!

It was easy to see that they were about to rush onto the road. However, Shi Tiannan did not expect that just as he was about to drive onto the road, a big truck suddenly drove over from his left. He was only concerned about escaping from Shi Yuting’s pursuit and could not react in time. By the time he came back to his senses and tried to avoid it, it was already too late!

Then came a series of rapid braking sounds!

Xiao Lei suddenly stepped on the brakes the moment he saw the collision. Due to inertia, the people in the car jerked forward too before they saw the tragic car accident in front of them!

### **Chapter 926: The Fate of Shi Tiannan**

The chaos came to an end just like that. In an instant, the pier became quiet.

Shi Yuting and Xiao Lei got out of their vehicle and walked towards Shi Tiannan’s car. It had been damaged beyond recognition. The front of the car was completely dented into the bottom of the train!

But what was uncertain was whether Shi Tiannan was alive or dead inside!

“He died without us taking action?” said Xiao Lei as he walked towards the crashed car.

Shi Yuting also walked over, but was stopped by Xiangyi.

Because Shi Tiannan had a gun in his hand, it was too dangerous to go over rashly.

“Mr. Shi.”

Shi Yuting glanced at Xiangyi and calmly said, “It’s fine.”

He and Xiao Lei walked towards the crash, and Xiangyi followed closely behind him.

In the driver’s seat, the front of the car had been smashed and Shi Tiannan’s entire body was stuck in the driver’s seat, his head bleeding.

However, he was still breathing. When he turned his head, he saw three people walking towards him.

He quietly raised the black pistol in his hand and aimed it at Shi Yuting’s head.

He would never die in Shi Yuting’s hands!

Originally, he thought that after he was adopted by a rich person, he would no longer be looked down upon by others. However, who knew that all of this was ruined when Shi Yuting was brought back to the Shi family!

From that day onwards, his grandfather, who had been doting only on him, suddenly switched his attention to Shi Yuting. Needless to say, his father, who had always been cold to him, became even more so.

He clearly remembered that he and Shi Yuting had been injured at the same time that day. However, they had only cared about Shi Yuting's safety, abandoning him on the stairwell before he was finally discovered at night.

If his grandfather had not discovered him in time, he would have died long ago!

All of this was because Shi Yuting had taken away everything that should have belonged to him!

So even if he died, he would never die by his hands!

He slowly raised the gun in his hand and aimed it at Shi Yuting. He slowly pulled the trigger!

"Mr. Shi, be careful!"

Through the shattered car window, Xiangyi could not help but turn pale with fright when he noticed Shi Tiannan's actions in the car!

Shi Yuting stopped in his tracks and also noticed Shi Tiannan's actions. However, his face was calm and unhurried. His sharp eyes stared at the cold muzzle of the gun!

In the next second, only the sound of a gunshot could be heard!

Shi Tiannan's head fell onto the steering wheel.

The bullet that should have been fired didn't come. Everyone turned around and saw that there was a gun in Xiao Lei's hand. He blew on the muzzle of the gun.

"It's settled!"

He turned around and looked at Shi Yuting.

Shi Yuting smiled, then looked at Shi Tiannan.

Maybe this was the best outcome for him.

At least he didn't die directly by his hand. To his grandfather, it was a kind of comfort.

...

Xiao Lei was still a little reluctant for Shi Yuting to leave.

"Are you really not planning to stay here for a few days?"

"No, your sister-in-law is still waiting for me at home." Shi Yuting looked at him and the corners of his lips curled up into a smile.

Xiao Lei was only two years younger than him. He had long been used to being addressed as either 'brother' or 'boss'.

And Xiao Lei also knew about the marriage since he followed reports of Yuting closely through the news.

He didn't expect the cold Shi Yuting to actually fall for a person so deeply. It seemed that his sister-in-law wasn't just any ordinary person.

"Then bring Sister-in-Law over to hang out some other day!"

"The subsidiary companies under Di Zun will be opened here. So, there will be plenty of opportunities when that time comes!"

## **Chapter 927: Death**

"Alright, I'll be waiting for you!"

"Ok, ok. Don't forget to prepare a big red packet for your sister-in-law and two young nephew and niece!"

"Definitely!"

The two of them teased each other for a while before Shi Yuting and Xiangyi prepared to return to Z City!

During the two days they left, Zuo Weiyi and Shi Nuannuan had been extremely worried.

So the two women were extremely relieved to see them both return safely.

-----

The next day, in a rented house somewhere in Z City, a woman was watching the news on the television, and her hands were trembling violently!

Ever since she broke off from the Shi family, her and her son's days were extremely miserable. After the attack on Shi Yuting's private jet last time, the few companies that Xiao Yayue ran all went bankrupt,, because of Shi Yuting.

In order to avoid him, her son, Shi Tiannan, even brought her along. He did not dare to have a stable foothold because he did not want Shi Yuting to find them.

After coming to Z Country, her son arranged for her to stay in this residential house that did not look very eye-catching. It had been half a month and her son still had not come to look for her.

Although they were not biological related, it was precisely because she could not have children that she treated Shi Tiannan as her own flesh and blood since he was young. She treated him as her own son.

Because of this, Shi Tiannan was unable to abandon her.

However, even so, his ambition was too big. He only wanted to compete with Shi Yuting, and there could only be one survivor.

After coming to Z Country, Shi Tiannan knew very well that when he caused Shen Lanzhi's coma, Shi Yuting had also been searching for his mother. Therefore, after coming here, he first hid his mother, Xiao Yayue, before planning for everything!

Up until today, Xiao Yayue had not seen him for half a month. The first time she heard about him again, it was through the news.

Xiao Yayue's hands were tightly clenched as she stared at the TV, and her entire body was trembling from anger!

Why, why was her life so miserable?

She had thought that after marrying Shi Xiaotian, she would become the mistress of the Shi family and live a happy and carefree life! She had not expected that Shi Xiaotian would not even touch her. He had even used her as a leverage to force her into a divorce, allowing Shen Lanzhi to enter the family!

It was not easy for her to obtain a fortune, and to establish her own company. Her career could be considered to have been thriving, and at the very least, she would not have to worry about food and clothing.

However, she had not expected that in the end, the son she had raised by herself would also die at the hands of Shi Yuting.

Why did their lives have to be ruined at the hands of Shen Lanzhi and her son? Why was she the loser? She was not satisfied. Why could Shen Lanzhi stay at the Shi family and live a luxurious life, enjoying the happiness of family?!

She could not and would not accept things as they were!

Xiao Yayue saw her son's body being taken away by the police on the screen. Her nails started to dig into her flesh, causing blood to ooze out!

At the same time, in Shi Mansion.

Early in the morning, Shi Le also saw the news. It reported the car accident that happened the day before yesterday.

It was the day Shi Yuting went to discuss business.

Although the news report did not say it, he knew clearly that Shi Tiannan had died.

"Is this true? Shi Tiannan is dead?" Shi Nuannuan was also very surprised when she saw the news.

However, Shi Nuannuan did not have the slightest bit of sympathy for his death.

He was the one who had committed many evil deeds. He had tried to kill her brother time and time again. He deserved to die!

Zuo Weiyi, who had just carried the children downstairs, could not help but walk over. She was a little shocked when she saw the news on the television.

### **Chapter 928: Can't You Say It All at Once?**

Compared to what he had done to Shi Yuting, Zuo Weiyi also felt that perhaps Shi Tiannan's death was a good thing for him.

If he didn't die, Shi Yuting would be carrying out his murder plan all the time. And eventually, one day, he would kill him.

At night, Zuo Weiyi couldn't help but ask as she lay in his arms.

"Shi Tiannan really died in a car accident?"

"No."

Zuo Weiyi raised her head and looked at his exquisite face. "So that was you..."

"When I went to discuss business, I was ambushed by him. However, I had already expected some scheme from him, so his plan failed." Shi Yuting did not forget to put on an air as he recounted what happened.

Zuo Weiyi could not be bothered to go along with him and instead asked, "And then?"

"And then, I followed up with a follow-up attack." He glanced at her.

Then, he raised his hand and carried her onto him as he lay.

Zuo Weiyi frowned, feeling a little disgusted. "Can't you say it all at once?"

"Then, I chased after him, and he ran away. There was a car accident." He neither spoke too quickly nor slowly. He paced his storytelling just right, but the entire event seemed as if it happened within a few minutes.

"Then why did you say he didn't get into an accident?" Zuo Weiyi was almost confused by him.

"Yes, we thought he was dead. Who knew that he wasn't? Then, he took a gun and aimed it..." He dragged out his last syllable and raised his index and middle fingers, pressing them against the center of his brows. "Here."

Seeing his actions, Zuo Weiyi was stunned for a moment. Then, with an anxious expression, she asked, "Then, did you do anything?"

As she spoke, she wanted to check if he was injured.

"No." He pressed her against his body. "My friend reacted quickly and shot him before he pulled the trigger."

Zuo Weiyi looked at him and lowered her eyes.

So that was the case.

In other words, Shi Tiannan did not die in a car accident, nor did he die directly by Shi Yuting's hands. Perhaps this was the best outcome.

"Grandpa seems to be in a bad mood today."

"Of course, after raising him for so many years, even if he wasn't related by blood, he still cares for him." Shi Tiannan might have always wanted to kill him, but since he never tried to bring any harm to Grandpa directly, Shi Le could never bring himself to hate his adopted grandson.

If he was someone else, after knowing that his own grandson was attacked by an airplane, he would have personally sent people to execute Shi Tiannan. But it was precisely because he was Shi Tiannan that he still had some feelings and could not bear to personally execute him.

But even so, he knew very well that if he was not killed, his own grandson would be the one to die.

So he chose to ignore it and play chess and fish with Zuo Yi all day, letting Shi Yuting execute Shi Tiannan himself while pretending not to know anything.

Now that he knew that his grandson who he had raised for more than 20 years was dead, who would be in a good mood?

“Don’t worry, this matter will pass.” He caressed her hair. His black eyes looked at her. “If you have time to worry about Grandpa, you should worry about your husband’s ‘needs’ first.”

Zuo Weiyi was flustered. She was still unable to adapt to the speed at which he changed the topic.

Then, the man flipped over and swapped positions with her, pressing her under his body.

Ever since the three-month deadline passed, they seemed to have returned to the days before her pregnancy. Every night, she would be pressed under his body to satisfy his so-called ‘needs’!

“Shi Yuting—”

“Call me hubby.”

#### **Chapter 929: Madam, You Flatter Me.**

“Are you going to let me off just if I call you that?”

“Yes... I can consider it.”

“Hubby.”

“Yes?”

Why did she feel like she was still fooled?

“Call me that from now on, then you won’t be afraid of \*\*\*. I have a lot of ‘essence’ in my body. I won’t die even if I do it ten times!” As he said that, his hands had been busy elsewhere as he pulled off the pajamas on her body.

He looked at the woman in his arms and smiled cheekily.

“So Madam has also learned to say what she means.”

She was slightly stunned. “What do you mean?”

“Before, you’d say ‘No, no!’ But then, you’d ask me to ‘Hurry up, hurry up!’”

She paused for a moment and then blushed until her ears were red.

“You clearly did it on purpose! How can you blame me...” Her sentence trailed off.

“Oh? How did I do it on Purpose?”

“You could have...” The words were on the tip of her tongue, but she was too shy to say it.

“Could what?” He looked at her and smiled wickedly.

Although it was difficult to say it, she was unwilling to be accused by him for not saying what she meant.

So he lowered his head and complained in a low voice, “I could have done it very quickly, but I deliberately slowed down...”

It was because he had predicted her extreme desire that he deliberately slowed down so that she would take the initiative to speak!

“Why would I do it on purpose?” He looked at her as if he didn’t understand.

She was so embarrassed that she flew into a rage. She suddenly raised her head and blurted out, “That’s because you predicted when I would reach orga—”

Before she could complete the word, she suddenly came back to her senses. She knew that she had been fooled by him again. She was so embarrassed that she wished she could find a hole in the ground and hide in it!

“What do you mean by ‘orga’?” He still looked like he did not understand.

Zuo Weiyi was furious at his seemingly innocent face.

“I just realized that you are so shameless!”

“Madam, you flatter me.”

“...”

“Can you be any more shameless?”

“Yes!”

He suddenly turned over and pressed her under him again. His black eyes looked at her pupils that were as black as the starry night. “How shameless do you want me to be, Madam? You can choose any of the 32 postures!”

“...”

“What 32 postures?”

“32 postures.”

“...”

“Get lost!”

She turned around, pushed him away, and buried herself in the blanket. “Go to sleep!”

However, just as she turned around and was about to sleep with her back facing him, an indescribable unknown object suddenly pressed against her back. Then, a hand began to pull away her inner clothes...

After giving into another crazy demand, Zuo Weiyi finally fell asleep soundly at three o'clock. And when the next morning came, she had another 'fever'—she could not get out of bed again.

----- \* \* \* -----

Soon, it's the end of the year.

New Year's Eve is the day after tomorrow.

Shen Lanzhi and Zuo Weiyi got up early as the snow fell even more so in Z City.

Today was the day that the babies went to the hospital to get vaccinated.

Originally, the doctor would come to Shi Mansion. However, because he had to give the babies a comprehensive physical examination today, they had to bring them to the hospital instead.

In order to give them the best protection, Shi Yuting, who could not spare time, even sent eight bodyguards to escort them to the hospital.

The bodyguards had solemn expressions and were stared at by passersby. Zuo Weiyi felt awkward.

Shen Lanzhi was the same. She felt that her son was making a big fuss out of nothing.

Before they got into the elevator, Zuo Weiyi said to the eight bodyguards behind her, "You guys wait here. There's no need to follow."

However, the bodyguards remained silent.

Zuo Weiyi thought that they understood, so she turned around and walked into the elevator.

Unexpectedly, the bodyguards behind her also followed her in.

"Didn't I tell you to wait here?"

"Mr. Shi said not to leave you alone," said one of the bodyguards with a simple and honest face.

Zuo Weiyi's gaze fell on the bodyguard's face. "What if I go to the toilet? You guys won't leave my side either?"

She also knew that the safety of the children was very important, but what would others think when they saw them?

They might even think that they were acting pretentious showing off their wealth!

Moreover, the people who needed to be dealt with had all been dealt with. How could there be so many dangers in the world? Wouldn't they still encounter bad people even if they had taken precaution?

The bodyguard couldn't help but pause. He didn't quite understand what she was saying.

At this moment, the elevator had already arrived at the vaccination department.

The group of people had just walked out of the elevator when they attracted the astonished gazes of many people. It made Shen Lanzhi and Zuo Weiyi feel uncomfortable.

“Waaa...”

Suddenly, there was a loud wail. Zuo Weiyi stopped in her tracks and turned. She saw a two- to three-year-old girl crying on the lounge chair not far away.

She was a little confused. She looked at another little boy who was snuggling in his mother’s arms. He was looking at them with a terrified expression. His body kept shrinking into his mother’s arms as if he was afraid of them.

The little boy’s mother followed her son’s gaze and looked at them. She could not help but be stunned. Then, she gently coaxed her son, “Don’t be afraid. Don’t be afraid...”

“Mommy... There are bad people there...” The little boy seemed to be very afraid.

Zuo Weiyi could not help but be startled.

Then, she turned her head and looked at the eight bodyguards behind her gloomily/

Because they were tall, wore sunglasses, and a black suit, their faces looked even more intimidating. To be honest, if she saw it herself, she would also be a little afraid, let alone a child.

Looking at the bodyguards, Zuo Weiyi instantly understood!

These bodyguards must have scared the children.

“All of you, hide yourselves!”

Hearing her sudden words, all the bodyguards could not help but be stunned. They looked at each other, not understanding what the young madam meant.

“You scared the children.”

Shen Lanzhi also turned around and looked at the bodyguards.

As mothers, they could naturally understand how other mothers felt.

The bodyguards looked at each other again. Then, the leader’s bodyguard said, “But, Mr. Shi asked us to definitely...”

“Definitely scar the children?”

That wasn’t the case.

“You can follow, but you must not scare the children. Otherwise, leave this place and wait downstairs.”

The bodyguards were at a loss.

How could they protect them without scaring the children?

Was it their fault that they looked scary?

The bodyguard looked at Zuo Weiyi and then at the two frightened children.

Should they coax the children first? As long as they don't cry, they should be fine, right?

When he thought of this, the bodyguard couldn't help but walk over to the little girl who was scared out of her wits and planned to pacify the little girl.

However, just as he took a step forward...

“WAAAAA.....”

The little girl cried even louder with a pitiful expression on her face, she practically tore apart an adult's heart!
