

Kiss Me 951

Chapter 951: My Shoes... They Seem to Be Wet...

However, she felt a little strange. When she met his aunt previously, why didn't he ask her to call Su Xiuying 'aunt'?

"O-okay!" Feng Shunqing replied cheerfully.

Seeing that the two of them were about to leave, he couldn't help but ask again, "Are you planning to go out?"

"I'm taking her back to her hotel," said Xiangyi.

Feng Shunqing nodded. It was indeed inconvenient for a girl to stay at their home on her first visit.

"Then go back to the hotel after a meal. I'll ask your aunt to prepare dinner." Feng Shunqing shouted at the top of his voice. "Xiuying? Xiuying?!"

"There's no need, Uncle. I already made her some food. She's not hungry right now." Xiangyi quickly reached out to stop his uncle from shouting.

Feng Shunqing turned around and looked at the two of them. "In that case, sit down and have some snacks."

"That's alright, Uncle." Xiangyi kindly refused.

Feng Shunqing also knew that though Xiangyi lived in this house, he barely spent time with the family outside of meal times. Once he was done eating, he would immediately go to his room every single time.

"Mom is playing mahjong. She's not back yet!" Feng Lulu walked out and looked at them.

"What? She went to play mahjong again?!" Feng Shunqing couldn't help but frown.

Ever since the family's conditions improved, his wife had been addicted to gambling all day long. Sooner or later, she might just bring down the family again!

Feng Lulu didn't say anything more. After glancing at Nuannuan, she returned to her room arrogantly, the corners of her mouth even curled up proudly.

Feng Shunqing turned back towards Xiangyi and Nuannuan and smiled at the latter. He wasn't too worried even though she had already seen some of the bad sides of the family.

"Uncle, we'll be leaving now." Xiangyi's attitude towards Feng Shunqing was very gentle. Although he did not smile, he respected his uncle very much.

"Okay, remember to bring Nuannuan over for dinner tomorrow." Feng Shunqing did not forget to tell him.

Xiangyi nodded before pulling Nuannuan to the door.

“Ah!”

Just as she was about to put on her shoes, Shi Nuannuan suddenly cried out in surprise.

“What’s wrong?” Xiangyi looked at her in confusion.

Shi Nuannuan had just taken off her boots.

“My shoes... they seem to be wet...” How strange. Why were her shoes wet all of a sudden?

Xiangyi frowned in confusion. He picked up one boot and sure enough, it was wet. He picked up the other and it was wet too!

What was going on?

Shi Nuannuan knew very well that her shoes would not get wet for no reason. However, she couldn’t figure out how they could have gotten wet in the first place!

She turned around and looked at Xiangyi. “What should we do?”

She only had that one pair of shoes. Otherwise, she might just have to wear Xiangyi’s pair of slippers.

However, the snow outside had melted and the ground was filled with water. It was obvious that the slippers would not work.

When she looked up at him, she noticed that Xiangyi’s face had turned dark.

He put down her wet shoes and looked at her with his lips slightly curled upwards. “I’ll carry you.”

She paused. Carry her?

To the hotel? But it was a long way from there. It took her ten minutes to get there by taxi. It would take them almost an hour to walk.

“Carry me to the hotel?” She didn’t think it would be possible.

Although Xiangyi was strong and she was not very heavy, carrying her for an hour would still be tiring for him, which made her feel bad.

But Xiangyi’s calm face turned amused as he smiled broadly, revealing two straight lines of white teeth. It was the first time she had seen him smile like that, and she was slightly stunned.

She had known him for so many years, but she had never seen him reveal such a toothy smile. He was indeed so charming, and handsome, and intoxicating...

Chapter 952: His Gentle Care

Shi Nuannuan looked infatuated as she watched Xiangyi.

“If you want to.”

His words stunned her back to reality. "What?"

He did not say anything else. Instead, he walked in front of her and bent his over slightly. "Get on."

Looking at his broad and sturdy back, Shi Nuannuan reached out and hopped on without needing to stand up.

"Are your feet cold?"

Shi Nuannuan shook her head. Her entire body felt warm now. It was so warm that it reached her heart. How could she still feel cold?!

With Nuannuan on his back, the couple slowly left the Feng family's home.

Feng Shunqing nodded and smiled as he watched the couple leave. It was as if he was a father looking at his son and daughter-in-law. Tears of excitement appeared in his eyes.

Although he was not his biological son, Xiangyi was his sister's only son. He and his sister had been dependent on each other since they were young. The accident that year had taken her life and sent Xiangyi to the orphanage.

He had searched for years before he found him and brought him home.

His only wish now was for him to get married and set up a family.

Although it was in the suburbs of the county, the facilities there were definitely not as good as in a big city.

The couple continued walking under the night sky. There were only a few dim street lights on the small road in the community. They were not very bright, but they could illuminate the small road in the village for people.

As Xiangyi carried her on his back, he would pinch her feet from time to time. Although she was wearing socks, it was still very cold.

"Are you really not cold?" His deep and sonorous voice sounded under the night sky. It was low and pleasant to the ears.

Shi Nuannuan hugged his neck and leaned on his back as she shook her head. "I'm not cold."

"But your feet are very cold." He looked ahead. Outside the residential area was the road with taxis to the county district.

When Shi Nuannuan heard this, she stretched her head and looked at her feet.

She had been so immersed in the moment that she even forgot that her feet felt cold.

However, it was so blissful to be carried by him like this. It did not matter how cold it was!

When he reached the road and stood at the intersection, Xiangyi reached out to call for a car. He then placed her in the back seat before climbing in as well.

“Are you still at the hotel from last time?” asked Xiangyi.

Shi Nuannuan nodded.

That hotel was the best in this county. Xiangyi also guessed that she should still be staying at that hotel.

He said to the driver, “Phoenix Hotel.”

Then, he reached down and grabbed her feet to place them on his lap. As he rubbed them to keep warm, it was clear that he had no issues with it.

Did Xiangyi really like her that much? Though she did have clean feet and it wasn't smelly, it was still not something anyone would easily do for her.

“You don't dislike me?”

Xiangyi looked up at her with a gentle smile. “Why would I dislike you?”

She was the woman he loved. He could not even spoil her enough, so how could he dislike her?

“I'm sorry. Aren't you afraid that my feet smell bad?”

He smiled and did not say anything.

Ten minutes later, the car arrived at the hotel.

Because she did not have shoes, Xiangyi continued to carry her as they got off the car.

He carried her all the way into the hotel, attracting a lot of attention.

Their actions were not the cause of it – the hoteliers and guests have seen such a thing many times.

It was because both of their appearances were too eye-catching. Especially Shi Nuannuan, who was very beautiful. And by being in the country side, her beauty stood out even more!

Chapter 953: How Did She Know Your Surname?

“Which floor?” asked Xiangyi as they entered the hotel lobby.

Shi Nuannuan looked up at his handsome face. “Six!”

He smiled as he ignored the gazes of others and carried her to the elevator.

“Mr. Xiang.”

A woman in uniform walked towards them. Shi Nuannuan looked at her. The woman looked like an employee of the hotel

But why did she call Xiangyi 'Mr. Xiang'?

She was a little curious. After entering the elevator, she could not help but ask, "Did she just call you Mr. Xiang?"

He looked at her. "Yes, it's a polite form of address."

Well, that was true, and it was also how others would call her brother out of respect.

But what she was more curious about was that a hotel staff member suddenly called him 'Mr. Xiang' as if they already knew each other.

And she knew his surname was Xiang!

"How did she know your surname? Besides, she didn't need to look for you. She just greeted you out of the blue."

At this time, the elevator had already reached the sixth floor. He glanced at her and smiled without saying a word. Instead of answering, he asked, "Which room?"

"Room 609."

He carried her and walked towards Room 609.

Just as he was about to take a step forward, he saw a familiar figure walking towards him.

"Xiangyi."

Xiangyi was a little surprised to see the other party.

"Miss An."

The woman gave a slight smile. "It's really you."

An Zhihan noticed the girl in his arms, which surprised her a little.

Xiangyi actually carried a girl to the hotel? This was too strange.

She looked at Shi Nuannuan but didn't say anything else. What would a grown man do with a girl in his arms?

An Zhihan was well aware, so she naturally not stupid enough to ask.

"Why did you come to the hotel?" Because they were acquaintances, Xiangyi asked casually.

An Zhihan smiled and turned to look behind her.

"A friend of mine came to visit, so I brought her to stay in this hotel. I just sent her back to her room." As she spoke, An Zhihan looked at Nuannuan again and their eyes met.

Though she was in Xiangyi's arms, she did not feel the slightest bit of embarrassment. Instead, she grew curious about An Zhihan.

An Zhihan revealed a polite smile when she met her eyes.

Shi Nuannuan also curled her lips to show her smile.

However, she had never spoken to people she was not familiar with, so she remained silent.

“This is...?” In the end, An Zhihan could not help but ask about Nuannuan.

Xiangyi looked at Nuannuan, then back at Zhihan. “My girlfriend. I’m sending her back to her room too.”

Girlfriend?

An Zhihan was stunned.

When did he get a girlfriend?

Although her heart was in turmoil, An Zhihan did not let it show outwardly. She just smiled and said, “You have a girlfriend.”

“Yes.”

“It’s the New Year. Why are you letting her stay in the hotel alone?” It may have sounded like she was concerned about their relationship, but in fact, she was more curious about whether Nuannuan will be staying alone or with Xiangyi at the hotel.

Xiangyi smiled slightly and softly said, “It’s okay, she stays often in hotels.”

Indeed, when Shi Nuannuan was traveling, she would often stay in hotels.

An Zhihan smiled. “That’s good.”

“When are you leaving this year? If you have time, let’s go to the Welfare Institute together?”

Chapter 954: What About Your Father?

“Sure.”

“Then I’ll take my leave first.” She smiled as she looked at the two of them.

Xiangyi nodded at her. “Alright.”

Then, he carried Nuannuan to Room 609.

An Zhihan stood in the elevator as she looked at the two of them. She had never felt so disappointed before.

When they reached Room 609, Shi Nuannuan took out her room card and swiped it on the lock. Then, the door opened.

He carried her into the luxurious suite.

He placed her on the sofa and found a pair of slippers for her.

“Do you still have shoes?” If not, he planned to go down and buy a pair for her, regardless whether or not a shoe store was opened at this time.

He couldn't look for a pair earlier because he had her in his arms.

Shi Nuannuan nodded. "Yes, I have them!"

She looked at Xiangyi and suddenly felt a little curious. "Who was that woman just now?"

She was just curious. She was curious about all the women who were talking to Xiangyi.

Xiangyi raised his eyebrows. "You mean Miss An?"

"Yes." She nodded a few times.

"This hotel belongs to her family."

Shi Nuannuan was stunned for a moment before asking, "Then how did you meet her?"

Xiangyi was silent for a few moments as he stared at her delicate face.

"We stayed together in the Welfare Institute."

Shi Nuannuan was stunned again.

Welfare Institute? Was that the orphanage? Xiangyi stayed in that orphanage?

But didn't he stay at his uncle's house? When did he stay at the Welfare Institute again.

"You?"

He nodded as he stood opposite her. She sat on the sofa and looked up at him with a slightly surprised look in her eyes.

Although she did not know much about Xiangyi's family background, she had always thought that his parents had passed away and he was living with his uncle. She did not expect that he once stayed at the Welfare Institute.

She was suddenly curious about his family background. "Xiangyi, can you tell me about your family? I don't know anything about you!"

Although they had known each other for many years, she knew nothing about Xiangyi.

That was because she had only met him 6 years ago, and even then, she had only recently gotten to know him properly. Before that, she had been living in C Country, away from her brother as he eventually found a capable assistant like Xiangyi.

Her casual words made Xiangyi's face darken.

"There was an accident. My mother died. Later, I was taken in by the Welfare Institute. Miss An was brought in as well. After that, my uncle found me and brought me back. She was also adopted by someone, the big boss of this hotel."

He summarized it simply. But it was enough for people to get the gist of his family background. His mother died and he had no home. He was taken in by the orphanage and then brought home by his uncle.

Then, what about his father?

Shi Nuannuan was a little too oblivious as she asked, "Then what about your father?"

Xiangyi's face sank again. His expression turned cold instantly and Nuannuan's smile faded.

What was going on? Did she ask the wrong question?

Oh, right.

His mother had died, which meant that his father had also died. She did not realize it at all and only kept on adding salt to his wound.

Realizing her mistake, she quickly apologized, "I'm sorry, Xiangyi, I..."

"It's okay." He rejected her apology—there was no need to apologize at all.

Eighteen years had passed, and he was already used to it.

He raised his hand and looked at his watch. It was 5:40 pm—it was still very early.

However, it was the new year, and there did not seem to be any places to go on the streets.

Although he rejected her apology, Shi Nuannuan still felt that his expression had changed. It was different from before.

Chapter 955: Spoiling Her Forever

Was it because she asked something she shouldn't have asked? Shi Nuannuan pursed her lips, feeling a little puzzled.

"I'm going back first. You should rest early." He spoke softly, just about ready to leave.

"Are you angry?" asked Nuannuan.

She didn't want there to be a barrier between the two of them. If there was one, she needed to bring it up and just talk about it. This way, they could better communicate and resolve it.

He paused for a moment, a little confused by her words.

Angry?

He did not want to talk about his father, but he was not angry with her because of that.

He looked up and finally sat down beside her. "Why do you ask?"

She looked at him. "You don't look too good."

Only then did he realize that he was angry.

This was because he had mentioned it to others before. Once he was asked about his father, his expression would turn ugly. He must have scared her.

Then, he softened his expression and revealed a gentle smile. "I'm not angry with you. Don't think too much."

“Really?” She had never seen his expression like that before. In that instant, she was indeed a little scared. She thought that she had poked his sore spot and was being despised!

He even said that he wanted to go back, which only further convinced people that he was angry.

“Yes.” He nodded.

To show that he was not angry with her because of this, Xiangyi suggested, “Do you want to go to the rooftop?”

Shi Nuannuan was stunned. “Rooftop?”

He nodded. “Yes, the rooftop of this hotel overlooks the entire county, which would be lit up quite nicely at night.”

Although it could not compare to the night view of a big city, it had a different flavor.

Moreover, it was still early, and he did not want to go back so soon. He just couldn’t find a good reason to stay earlier.

His words immediately filled Nuannuan with interest!

“Yes, I want to go!”

She stood up as soon as she was done speaking.

Xiangyi reached out and pulled her over. With his other hand, he picked up a piece of her coat from the back of the sofa and they left the hotel room together.

There weren’t that many floors in that hotel. The highest floor was the 18th.

As they arrived at the rooftop, Xiangyi placed the coat around Nuannuan’s shoulder. Then they walked out to a view of the city’s night lights.

“It’s so beautiful.” After being used to the scenery of the bustling city, such simple and ordinary rural lights appeared even more novel to her.

The night was a little cold. After holding her hand for less than ten minutes, he felt that the hand in his palm had turned colder.

“Put on more clothes next time.” said he to her suddenly.

Shi Nuannuan was a little puzzled. She looked at herself and found that she was wearing quite a lot of clothes.

In the next second, Xiangyi picked up her hand and warmed it in his palm.

She felt that she was really going to die of happiness.

“Will you always be like this?”

“Of course.” He looked up and met her eyes, which were as bright as the starry night.

As long as she was willing, he could spoil her forever.

She laughed so happily that she could not help but put her head in his arms.

Such a simple and shy action easily captured his heart, and he could not help but want to hug her into his arms.

The night gradually fell deeper.

In the blink of an eye, the lights not far away started disappearing one by one. Shi Nuannuan noticed what was happening.

“Oh?! The lights are going out.” She pointed to a place not far away and exclaimed in surprise.

This was how it was here. It was not like a big city, where the lights could go on for an entire night until sunrise.

Chapter 956 was just a secret kiss

Xiang Yi looked in the direction she was pointing at and the corners of his mouth curled up.

“Well, the people here sleep very early and are not as lively as in the big cities.” At this time, they were all cooped up in bed.

It was already late at night. Looking at the time on his wrist, it was already past eight o’clock.

And in the night sky, Snowflakes started to fall again.

“It’s snowing...” Shi Nuannuan reached out her hand, and the white snowflakes that fell down were like angel feathers that had fallen from above, spotless.

Xiang Yi also raised his head and looked at the snowflakes that were falling down from the sky.

“Let’s go back.”

He tilted his head and looked at her with his eyebrows lowered.

Shi Nuannuan turned her head, smiled, and nodded. “Okay!”

Back in the hotel room, Xiang Yi took a deep look at her and said, “I’ll come and have breakfast with you tomorrow morning.”

Shi Nuannuan was overjoyed when she heard that!

“Okay!”

She wanted to say something, but he said it. She felt sweet in her heart.

He chuckled and looked at her face with his deep eyes. After a long while, he said, “Then I’ll go back.”

Shi Nuannuan looked at him, feeling a little reluctant to part.

She felt that she had already sunk in. Once they met, she could not bear to part.

After giving her a deep look, Xiang Yi turned around and left.

“Xiang Yi.”

Shi Nuannuan suddenly called out to him.

He turned around. “Huh?”

Raising her big black eyes, she suddenly took out the room card from her coat pocket and handed it to him.

Looking at the room card, he was puzzled and looked at her.

“I like to sleep in in the winter. If you come early tomorrow, come in directly!”

Glancing at her and then at the room card in her hand, he reached out to take it. Then, his black eyes suddenly came closer. “Do you know what this action means?”

She was stunned. What does it mean?

She was afraid that when he came tomorrow morning, she would not wake up, so it was more convenient to give him the key card. What else could it mean?

“What does it mean?” She looked at him with a stunned face and asked.

“I’m a man.” Looking at her clear eyes, his voice was low and sexy.

She was still stunned.

Of course, she knew that he was a man. Otherwise, how could she like him? It was not that her sexual orientation was abnormal.

“I know.”

Looking at her innocent and carefree appearance, Xiang Yi suddenly laughed.

Alright, she didn’t understand what he was saying at all.

“I’m going back. Rest early.” He kept the room card. If she was still asleep when he arrived the next morning, he really didn’t have the heart to wake her up.

But just as he turned around, her voice came from behind him again.

“Xiang Yi!”

Wen Sheng turned his head again when he heard the voice. Just as he turned around, he saw her suddenly move closer to his face.

Then, he felt a softness on his lips.

Shi Nuannuan stood on her tiptoes and gave him a gentle kiss the moment he turned around.

The sudden kiss stunned Xiang Yi for a few seconds. When he came back to his senses, her lips had already left his.

She stood where she was and waved her hand. “Good Night!”

She just wanted to kiss him goodbye, so she could not help but kiss him.

However, Xiang Yi did not respond for a long time. He just stared at her quietly.

She paused, the smile on her face and the waving hand froze.

It Can't be. It was just a sneak kiss, and she got angry?

“What, What's Wrong?”

His Adam's apple slipped, and his voice was deep and deep. “What are you doing?”

“?” It was just a kiss.

Was he unhappy?

Looking at him, she lowered her eyes. Could she really be angry?

Chapter 957 punishment for stealing a kiss

It shouldn't be that bad. Shouldn't you be very happy to be stolen by someone you like?

Just as Shi Nuannuan bit her lower lip in puzzlement, a hand suddenly reached out and pulled her closer to face him. Their eyes met.

She looked at him in shock, not knowing what he was going to do.

“You're always seducing me. What do you want to Do?” His Adam's apple moved, and his breath was like an orchid. He looked into her black eyes and asked.

Shi Nuannuan was stunned.

“Ah?”

Seducing? When did she seduce him?

She had a confused look on her face. Then, her sexy thin lips pressed down and sealed her entire small mouth!

“Wu –”

The sudden kiss was overbearing and full of punishment. It made her lose her composure and she was somewhat overwhelmed!

After severely 'punishing' her, Xiang Yi was finally willing to let go of her.

Her face was red from the kiss, and her heart was beating so fast that it felt like it was about to jump out of her chest. She could not help but lick the remaining scent on his lower lip.

“He's really gone.” Looking at the redness on her face, Xiang Yi's voice was hoarse.

“Good, good night.” Her face was red from the kiss, and she was panting, as if she could not even catch her breath.

He held her cheek with one hand, and his thumb gently rubbed against her rosy face. Finally, he let go and looked at her deeply again before turning around.

Looking at his long back, Shi Nuannuan did not speak again. Instead, she panted heavily.

After leaving the hotel, it was already nine o'clock in the evening when they returned to the Feng residence.

It just so happened that Su Xiuying had also returned home from playing cards.

"Xiang Yi, where have you been? Why are you back so late?" Su Xiuying had won money today and seemed to be in a good mood.

Xiang Yi rarely went out at night. Su Xiuying couldn't help but feel a little surprised when she saw him coming back so late.

Xiang Yi raised his eyes and glanced at Su Xiuying. He didn't answer. Instead, he changed his shoes and walked straight inside.

He went around the living room and was about to go upstairs.

At this time, Feng Lulu came down from upstairs, and Xiang Yi's footsteps couldn't help but stop.

Feng Lulu was wearing a set of furry pajamas. The moment she saw Xiang Yi, she was slightly startled, and then her eyes flickered.

She walked past him and went straight down the stairs, as if she wanted to go to the kitchen to drink water.

"Wait."

Xiang Yi's slightly cold voice sounded from behind her.

Feng Lulu stopped in her tracks, pursed her lips, and then turned her head to look at him arrogantly.

"What?"

Xiang Yi turned around, and his black eyes instantly emitted a cold intent, which made Feng Lulu startled, as if she was in a cold pond.

Her originally proud and arrogant heart instantly became timid.

"I should have said that you'd better not touch my things." His voice was very cold, and the gaze he looked at Feng Lulu with did not have a trace of warmth.

Feng Lulu paused, and then said, "I touched your things?"

"What do you think?"

She pursed her lips, and a trace of guilt flashed through her eyes. She knew that he was going to settle the score after the autumn, and he was probably talking about the pair of shoes that had been filled with water.

"Those aren't yours," she said coldly.

“Since you think so, you can try again next time.”

Feng Lulu was stunned. “What do you mean?”

“What you understand.”

After saying that, Xiang Yi no longer looked at her. Instead, he turned around and walked upstairs.

Feng Lulu stood where she was and suddenly felt a little righteous.

“You live in our house, so why are you so arrogant! ? If it weren’t for my father’s pity for you, you would still be staying in that orphanage where no one wants you! !”

Feng Lulu’s sudden arrival of flowers made Xiang Yi, who was on the stairs, stop in his tracks.

Chapter 958 meeting an Zhihan

Yes, without an uncle, he might still be in that welfare institute.

And because of that, even if he had the ability now, he could have left this place, but he didn’t because his uncle, Feng Shunqing, was still here.

Xiang Yi stopped for a few seconds, but in the end, he didn’t say anything and continued to walk up to the second floor.

Seeing his figure disappear at the stairway, Su Xiuying walked over and pulled her daughter, who was pulling funds, “Lulu, What’s wrong with you? How can you say such things?”

“If you want to say it, you should say it behind his back. What if he gets angry and doesn’t give us the money?”She added.

Su Xiuying was worried about this. That was why her attitude towards Xiang Yi had changed so well over the past few years.

Although Feng Shunqing was disabled, he was also a workshop director in a factory in the county town. However, his monthly salary was only 6,000 yuan. A year’s salary of 60,000 to 70,000 yuan was not as much as Xiang Yi’s.

Therefore, she absolutely could not lose Xiang Yi, this money tree!

“This is even better! You Don’t have to live in our house anymore!”Listening to her mother’s words, Feng Lulu seemed to be even angrier!

Just because he could earn money, his parents were especially good to him.

His mother liked her money, and her attitude was better than before. It was even better than her biological daughter! Her father was the same. He always despised her brother for being incompetent. All day long, he talked about how Xiang Yi was so promising that he was better than them, this pair of biological children!

She really hated this outsider who lived in their house!

As she spoke, Feng Lulu turned around and ran up to the second floor. Following that, she heard the sound of the door closing with a 'bang'!

"This child... What exactly happened today?"

Looking at her daughter's back view as she went upstairs, Su Xiuying did not understand either. However, she was in a very good mood. She took out all the money that she had won today from her pocket and walked into the bedroom happily. She wanted to know how much she had won!

..

The next day.

Early in the morning, at seven o'clock.

Xiang Yi had already left the house.

At seven thirty, he carried his breakfast to Phoenix Hotel.

Standing at the door of Room 609, Xiang Yi took out his room card and was about to swipe it.

"Xiang Yi?"

A familiar voice came from the side. He stopped swiping his card. When he heard the voice, he turned his head and saw an Zhihan standing not far away. She seemed to be walking out of another room.

There was another girl with her.

She should be the friend she mentioned yesterday.

He turned around and looked at her, nodding his head slightly. His tone was very calm. "Miss an."

An Zhihan walked over and saw him holding breakfast in one hand and the room card in the other.

As expected, he also stayed here last night? Was he with that girl?

An Zhihan's heart suddenly tightened, and it hurt a little.

However, on the surface, there was still a gentle smile. "We've known each other for so many years, but you're still so unfamiliar with me."

Xiang Yi's sexy thin lips pursed lightly, and his dark eyes shined without ripples. He glanced at her, knowing that she was referring to the way he addressed her.

Indeed, they had known each other for many years. From the orphanage until now, even though they had been adopted, they had always been in contact, and he had always addressed her as 'miss an'.

"When I was young in the orphanage, you at least called me Zhihan. But when I grew up, I became unfamiliar with her."

Xiang Yi still pursed his thin lips and did not speak. His long and narrow eyes lowered, and he did not look at her again.

Perhaps he felt that their relationship was not that close, but it could also be because of her identity.

In a small county like theirs, an Zhihan was already the daughter of a wealthy family.

Chapter 959 the sleepy Shi Nuannuan

He was away from home all year round. Although they met each other every year, in reality, the two of them had never contacted each other through the internet. The only thing they still kept in touch with was that he would come back here every year, then, he would go to the orphanage with him to visit the director and the children.

"In the future, you should call me Zhihan, okay?" Looking at him, an Zhihan said with a hint of anticipation in her eyes.

Xiang Yi stared at her and did not speak for a long time.

She smiled and added, "Because we've known each other for so many years, miss an always calls me when you're with the director. I feel a little strange."

After a few seconds, Xiang Yi nodded lightly. "Okay."

Seeing that he agreed, an Zhihan smiled very happily.

"Um, have you eaten breakfast?" Although she had seen him carrying breakfast in his hands just now, an Zhihan pretended not to have seen it.

Xiang Yi's thin lips said lightly, "Not yet."

"I'm here to eat with my friend. Why Don't We Eat Together?" She invited him.

Xiang Yi declined politely, "No need, I've already bought it."

He lifted the breakfast that he had already bought.

At this moment, an Zhihan looked at the breakfast that she had bought and smiled somewhat dejectedly, "Is That So? Eat with that girl?"

"Yes." He nodded and didn't say much.

"Alright then."

Xiang Yi looked at her again, nodded slightly, took out his room card, and turned around to continue opening the door.

"By the way, are you free tomorrow?"

The room card was swiped lightly, and the door was opened. Xiang Yi turned his head and looked at an Zhihan.

"If you're free, let's go to the orphanage tomorrow, because I might have to leave for another place the day after tomorrow."

Hearing this, Xiang Yi thought for a few seconds and said, "Okay."

Seeing that he agreed, an Zhihan was very happy.

“Then I’ll go to Your House tomorrow morning to look for you.”

“No Need, you go first tomorrow, I’ll take a taxi there myself.” Every year, an Zhihan drove there, because Xiang Yi did not have a car.

That was because he only stayed at home for a week or so every year. He was always abroad, so there was no need for him to buy a car.

His refusal caused an Zhihan to be slightly startled, and the smile on her face also froze.

She was the one who drove to room 609 every year, so why did he let her go first this year?

She glanced at room 609. Could it be because of that girl?

She had just turned her gaze over when she saw the door suddenly open. Then, a figure walked out and hung up the moment she saw Xiang Yi!

“Xiang Yi!” Shi Nuannuan was wearing a cute nightgown. Her entire person seemed to be in a sleepy state. Her hair was also messy, and it was obvious that she had just woken up.

Xiang Yi did not expect her to suddenly hug his neck. However, he still conveniently hugged her waist and a gentle smile appeared on his lips. “You’re awake.”

Burying her face in his shoulder, Shi Nuannuan did not seem to notice that there were two outsiders at the side.

Then, a soft voice came from his shoulder. “Yes, I just woke up.”

She originally wanted to see if he had come, but she did not expect to see him standing at the door the moment she opened the door.

She missed him very much, so without thinking, she pounced on him and hung herself around his neck.

At the side, an Zhihan and her friend were stunned when they saw the intimate actions of the two of them.

An Zhihan’s heart sank. In an instant, the scene in front of her was somewhat dazzling.

“Are You Hungry?”

Lying on his shoulder, she nodded. “I’m hungry.”

An Zhihan had never seen him treat a girl so gently. Even the gentleness on his face was something she had never seen before.

Chapter 960: Just Snatch it Back!

Who Was this girl? Why was Xiang Yi treating her so well.

“We’ll go in first.” Xiang Yi turned his head and spoke to an Zhihan.

An Zhihan finally snapped out of her thoughts and said, "Alright, we'll go down for breakfast too."

At this moment, Shi Nuannuan suddenly woke up from her half-asleep state!

Because she was lying on his shoulder, she almost fell asleep again.

But at this moment, a woman's voice was heard. She could not help but raise her head in shock. When she turned around, she saw an Zhihan and her friend standing at the side.

F * ck, why were there two people here?

She quickly let go of Xiang Yi's neck and smiled awkwardly at the two of them. "Hehe, Hello."

Although she had gradually gotten used to Xiang Yi's intimate interactions, she was still a little shy when there were outsiders around!

She remembered that an Zhihan was Xiang Yi's friend, right.

An Zhihan smiled at her, nodded, and said, "Hello."

"Let's go." Xiang Yi pulled her up, took a glance at an Zhihan, and entered the room with Shi Nuannuan.

The door closed, and an Zhihan stood in place, unable to move her feet.

"That person is the Xiang Yi you like?"

An Zhihan only came back to her senses when her good friend's voice sounded.

She turned her head to glance at her good friend, and then nodded dejectedly. "Mm."

"He's indeed very handsome, and he has a good temperament." Her good friend stared at Room 609's door, praising Xiang Yi's appearance incessantly. But then she looked at an Zhihan. "But he has a girlfriend!"

An Zhihan raised her head and was immediately unhappy when her good friend mentioned this.

"When I came back last year, I even probed him and he said that he didn't have a girlfriend. I also don't know where this girl came from!"

As she said this, a hint of hostility flashed in her eyes as she stared at Room 609's door.

"I see." When her good friend heard this, she couldn't help but fold her arms over her chest. "In other words, she stole your love and Xiang Yi!"

An Zhihan only glanced at her and didn't deny her good friend's words.

In her opinion, Xiang Yi's so-called girlfriend came out of nowhere.

She had liked Xiang Yi for so many years, but she had never had the courage to confess. Of course, it was mainly because she felt that if a girl took the initiative, she might lose her status in the future.

Moreover, she had always thought that Xiang Weiyi was special to her because she was his only friend of the opposite sex.

She had never seen him with anyone of the opposite sex since she knew him, so she thought that she might be special to him. It was also because of this that she did not take the initiative to confess and had always had a crush on him.

However, she did not expect that one day, Cheng Yaojin would suddenly appear and snatch away the man that she had been secretly in love with for so many years!

She lowered her head and felt a little sad.

Her good friend, Qiao Zhimei, could not help but squeeze her with her shoulder. "Alright, don't be sad. If it's snatched away, why don't you just snatch it back!"

Hearing this, an Zhihan raised her head and looked at her with some confusion. "How do I Snatch It?"

"Silly!" Qiao zhimei gave her a sidelong glance. "With your status and family background, are you afraid that you won't be able to get Xiang Yi back?"

After hearing her words, an Zhihan seemed to have confidence.

Although she was adopted by the An family, everyone knew that the An family had raised her in their hands. She was practically the apple of their eye!
