

Kiss Me Goodnight, Mrs. CEO!

Chapter 19: Qiu Yun's Threat I

Qiu Yun held up her chin proudly and grinned complacently. She then turned and left with Jiang Tingmei.

"Mrs. Jiang! Please spare my daughter. The person you hate is me. If you spare Weiyi, I will do anything for you. Please, I beg you!"

Upon hearing this, Qiu Yun, who was about to leave, turned around and looked at Zuo Qing.

"You'll do whatever I ask you to?"

Zuo Qing nodded her head and she teared up uncontrollably. "Yes, anything, if you would spare my daughter."

"Mom, it's hot! Don't bother with this woman. Let's go!" Under the hot sun, Jiang Tingmei blocked the sun with her hand and snapped irritably.

Qiu Yun raised her head. She took a quick look at the sun in the sky and lowered her eyes to look at Zuo Qing, who was still kneeling. "Alright then, go and kneel down in front of the Jiang Group office. Kneel until the sun goes down and if you don't faint, I'll spare your daughter."

Zuo Qing raised her head and looked at Qiu Yun and her daughter in shock.

In front of the Jiang Group office?

She was not afraid of the scorching sun. She was only afraid that Qiu Yun would not keep her promise.

"Really?"

"Of course. If you don't get up and don't faint, I'll spare Zuo Weiyi."

Zuo Qing looked up at her. "Alright, I'll do it!"

"Besides that, I'll hang something on you." Qiu Yun laughed, turned, and left.

Jiang Tingmei was reluctant, "Mom! Do you plan to just spare Zuo Weiyi like this?"

Qiu Yun laughed complacently, "What do you think?"

Seeing her mother's smile, Jiang Tingmei suddenly understood and smiled too.

Zuo Weiyi worked as a planner at an advertising company. She was extremely busy in the morning but her phone kept ringing at that moment.

Initially, she did not bother to answer but the person who called her was persistent and kept calling her.

She had no choice but to pick up that call. She realized that they were a string of unfamiliar numbers.

"Hello, who's that speaking?"

"It's me." A deep, magnetic male voice sounded on the other end.

Zuo Weiyi was taken aback. She was unfamiliar with the man's voice over the phone.

However, that voice was really nice!

"Who are you?" Zuo Weiyi asked grumpily. She was really busy at that moment!

"Shi Yuting."

Zuo Weiyi was speechless.

Shi Yuting?

Her mind was turning fast and she regained her senses. She gulped!

Shi Yuting?

Why did he call her?

How did he get her phone number?

Goodness, was he about to punish her?

She gulped and voiced out carefully, "Anything?"

"Be my woman." His words were short and direct with an irresistible force.

Zuo Weiyi was stunned and blurted out, "Crazy!" followed by a slam, ending the call!

Immediately after ending the call, she regretted it. How she wished she could slap her own mouth.

Was she an idiot to call Shi Yuting crazy?

At the back seat of a Rolls-Royce, Shi Yuting stared at the phone in his hand coldly.

This d*mn woman! How could she call him crazy?

This was the first time in his twenty-nine years of life that he had been scolded by someone in the face!

Was she tired of living?

Xiangyi, who was sitting in the front seat, saw Shi Yuting's anger through the rear-view mirror.

Chapter 20: Qiu Yun's Threat II

He wondered who made their big boss angry. That person was such a daredevil!

Zuo Weiyi raised her head and stole a look at the phone. Although she regretted what she did, her busy work schedule did not allow her to think too much. She lowered her head and continued working.

Since she had scolded him, so be it.

She lowered her head and continued working on her proposal.

However, the phone rang again!

Along with the sound of vibration of her phone, Zuo Weiyi's heart thumped fiercely.

It couldn't be Shi Yuting calling her to settle the score with her, could it?

She gulped again. Zuo Weiyi carefully shifted her gaze to her phone and saw the name on the phone display. It was her good friend, Xingchen, who had called.

She let out a sigh of relief. That was scary!

She answered the call. When she knew that it was her friend calling, her nervousness died down.

“Hello dear, I’m really busy. Can I call you later?” She placed her phone between her shoulder and her head. While talking to Bei Xingchen, her hands were still busy working.

However, Bei Xingchen sounded anxious.

“Weiyi! You must come to the Jiang Group office immediately to have a look. Aunty...Aunty is kneeling in front of Jiang Group and on her body...”

Bei Xingchen worked at Jiang Group. It was lunch time and when she walked out, about to get herself a cup of coffee, she accidentally saw Zuo Qing kneeling in front of the Jiang Group office.

She tried to pull Zuo Qing up but Zuo Qing refused.

When Xingchen saw the sign hanging on her body, she was even more stunned.

“My mom is kneeling in front of the Jiang Group office?” Zuo Weiyi stopped her work and asked Bei Xingchen. She was shocked.

“Yes, come quickly!”

Zuo Weiyi ended the call and dashed out of her office!

In front of the Jiang Group office, Bei Xingchen tried pulling Zuo Qing up but no matter how hard she tried, Zuo Qing refused to stand up and was not willing to tell Xingchen the reason she was kneeling there.

Bei Xingchen was shocked looking at the sign hanging down her chest.

“Hey, quick, look at that woman. She seduced the chairman of Jiang Group...”

“I saw. It’s unbelievable. She’s not young anymore but she’s still seducing someone else’s husband. Does she think she’s still young?”

The pedestrians walked past and every single person stopped to talk about the matter.

Many of them ridiculed Zuo Qing when they saw the sign hanging down her chest.

“Aunty, please get up!” Bei Xingchen pulled Zuo Qing up but she didn’t want to get up although she was under the hot sun and sweating all over.

If this went on, her frail body might not be able to withstand it.

Xingchen did not understand why Zuo Qing was kneeling there with a sign on her.

Zuo Qing knelt on the ground with her eyes closed and let passersby gesticulate at and ridicule her.

Luckily, Zuo Weiyi's office was not far from Jiang Group's. In less than ten minutes, she arrived.

When she walked past the crowd and saw her mother kneeling down with the sign on her, she was completely shocked.

On the sign was, 'Mrs. Jiang, I did you wrong. I shouldn't have seduced your husband. I, Zuo Qing, am an outcast and a mistress...'

Her black eyes swept across every word on the sign and Zuo Weiyi froze. She tightened her hands until her nails dug into her flesh and bled. However, she couldn't feel any pain but instead, what filled her was anger and hatred toward Qiu Yun!
