When the World's Billionaires Come Knocking by J.M.J Chapter 16

Chapter 16 Reach His Peak

The big-cap stocks shrank, and Prosperity Construction won at the last second.

Eli was utterly humiliated. He felt that he was targeted by today's stock market. The others were fine, yet Ronnie suffered a great loss just to pull a stunt. He had already lost a lot of money, and now, he was down by a dozen points more.

He even had the urge to kill himself right now.

Pearce thought, "Fuck! I don't trust experts any more.

"I didn't tell Chelsea, as I was afraid that she might get mad. I'm glad that I only invested in 160 dollars."

Eli wiped his sweat. "Today's lesson tells us that the stock market is risky, and we should be careful when entering the market.

"Who has a sense of risk? Those who have not lost money raise their hands."

No one uttered a sound. Then Kent stood up. "Prof. Palmer, I made 40 points."

Everyone was stunned.

They looked at Kent, and some girls even looked at him with admiration

Eli coughed.

"How?"

Kent grinned and said, pretending to be calm, "I analyzed Prosperity Construction's stock. It hit the bottom about seven times in a row, and I figured that it couldn't go worse than that, so I was looking forward to a change today.

“One should get greedy when all are fearful. Besides, it seems that some capital was injected. So, I bought it all without hesitation.”

Eli thought, “Fine.

“Good for you!”

He gave Kent a thumbs-up. “I don’t expect everyone to be the most gifted one in the stock market. If only one or two of my students achieve something, I’ll be satisfied.

“The four stocks I’ve picked out today are enough to test everyone. It also shows that most people are not suitable for investing in stocks.”

He turned to Kent. “Good for you. Keep up the good work.”

Then he said, “That’ll be all for today. The remaining time belongs to yourselves.”

Eli hurried away with his laptop in his arms. The moment he walked out of the classroom, his vest was drenched in sweat.

“Show me how to do it, Kent!”

“Kent, you’re my idol!”

“Kent, I love you. Let me be your girlfriend!”

In the classroom, Kent was surrounded by a group of students.

It was Greyson’s casual favor that led to his highlight moment.

Some girls even wanted to fall into his arms.

They figured that if they could make him their boyfriend, they would be rich forever.

Stephanie suddenly sneezed a dozen times in a row, and she probably hadn’t known that her position was on the line.

Meanwhile, Greyson was looking at the account on his phone in the dorm. He had a total of more than 60 thousand dollars now.

He thought, "Prosperity Construction's stock rises by the limit at the close. I'm so lucky!

"I earn 10 thousand dollars from two stocks.

"Yet I have a feeling.

"I'm not making money fast enough.

"What should I do?

"Off-site funding, perhaps?

"Some formal securities agencies give up to three times leverage. If I want more funding, I'll have to go to those off-site agencies.

"That's right! I should go to Aston for things like this!

"Those of his stature should know their way around things like this."

Greyson took out his phone. "Mr. Wallace, do you have a second?

"I want a favor."

He hung up and received Rebecca's text. She said: "Pig, let's have a date."

"I'm busy."

"What are you up to now?

"Aren't you afraid that you'll lose me after giving me the cold shoulder?"

"I'm about to see your dad."

Rebecca was stunned.

"Why again?"

“Who is your girlfriend? Me or him?”

Knowing that Greyson was about to see Aston again, Rebecca was a bit worried.

Once Greyson had a slip of the tongue, their things would be exposed.

“I’ll go please him.

“Maybe I get to be with you openly soon.”

Rebecca was speechless.

She rolled her eyes.

“Tell me when you get back.”

Greyson skipped the classes and went downtown to see Aston.

Aston looked at Greyson in surprise when he heard that Greyson was looking for off-site agencies for funding.

“You’re in the stock market?”

“Leverages aren’t easy to deal with. Be careful.”
