When the World's Billionaires Come Knocking by J.M.J Chapter 44

Chapter 44 The future daughter-in-law is very generous.

I waited for a long time, and a customer arrived, and she was still such a beautiful girl

Mateo was very happy. "Two dollars and fifty cents per pound, how much do you want?"

Paloma picked up a bumpy potato, "This potato has a good quality and a decent variety,"

"Okay, help me load it onto the car, and I'll take everything."

Greyson arrived just in time and said, "Dad, let me do it!"

"You went to rest."

Mateo looked at the misshapen and cracked potatoes he had grown. Did these potatoes still have a good color?

Do city people really have a preference for this?

Greyson was working hard to load the car with bags of potatoes weighing fifty catties each. He quickly finished the task in no time.

Paloma looked at him, who was as strong as a bull, and smiled slightly.

Even touched him quietly with her hand, which made Greyson stare at

her.

"Uncle, 326 catties, let's round it up to 400 catties."

"The potatoes you have here are good. I'll give you twenty dollars per kilogram."

give you ten thousand dollars?”

Puff...

Mateo, who was just taking a sip from the bottle, sprayed it out.

Is there such arithmetic?

She gave twenty for two and a half dollars per kilogram of potatoes.

326 pounds, she was considered 400 pounds.

She gave ten thousand dollars to make it a round number of eight thousand dollars.

Mateo touched his forehead and wondered, “Did I have a fever?”

Greyson was also speechless. Paloma went too far with her performance.

Mateo asked nervously, “Miss, are you sure you didn’t make a mistake?”

“Yes, yes.”

“Uncle, where do you live? Shall I take you home?”

“See if you still have these potatoes at your home, I’ll take all of them.”

“Uh...”

Greyson didn’t expect her to deviate from the script, so he became a little anxious.

“There was nothing left at home. That’s all.”

Mateo glared at him fiercely, “You foolish son.”

How could you say no to such a great opportunity?

He repeatedly replied, "Yes, yes, there is not much at home, only about hundred kilograms, prepared to feed the pigs."

Rubbed

Greyson wiped off his sweat.

Dad's skills still needed improvement

Paloma smiled and called the two to get in the car, then they went to Greyson's house together.

Mateo looked at the car and said, "Son, this Santana probably costs around a hundred thousand, right?"

"When you have money in the future, you should also buy a car."

Paloma turned around and smiled, remaining silent.

Greyson could only nod in response.

Taking a car is fast. The originally three to four kilometers long journey was quickly completed.

The car stopped at the door, and Paloma looked as if she was seeing something rare.

Look here and there.

Judy watched from the side and couldn't help but feel a little envious.

Wasn't this girl too beautiful?

After taking two sips of tea, Paloma entered the house and looked

Huh?

Greyson's mother hesitated for a moment and said, "If you want it, then take it. I'm giving it to you."

"No, no, no, that's not possible."

"I felt reassured after I paid the money."

"Count and see how many there are, I want all of them for a hundred thousand dollars each."

Thump!

Greyson's mother was so scared that she sat down on the ground.

Mateo also wondered if this girl might have a problem with her head

Greyson saw Paloma's performance, and he also remained silent

Not being professional enough, the performance level was still a bit lacking. If this continues, it will eventually be exposed.

"Hey, uncle, auntie, how much were these ducks sold for at your house?"

So that's how it was...

Greyson looked embarrassed, why did he blurt out such a big truth?

Paloma giggled at that moment and said, “My sister is indeed clever Let me tell you, I did like your brother.”

“I was his senior in school, I pursued him for over a year, but he just wouldn't agree”

“I secretly followed you to your house while he was on summer vacation.”

Then she walked over and held Greyson's hand, saying, “This time, you mustn't ask me to leave.”

The couple, Mateo and his wife, looked at each other, realizing that this was her true intention.

Came for his own son.

However, this girl was indeed quite pretty.

She seemed to be a wealthy heiress.

The script was performed by her to such an extent that Greyson had no choice.

I withdrew my hand and said, "Can you please stop messing around?"

Paloma smiled and leaned against him, "Is there anything wrong with me pursuing my own happiness?"

"Uncle, aunt, he used to bully me, can you help me deal with him?"

Such a beautiful girl followed them home, and the elderly couple felt so awkward that they didn't know what to say.

Greyson's mother quickly told Paloma to sit down and gave him a stern

look, "What are you standing for them?"

Paloma saw Greyson's figure entering and giggled, covering her mouth.

Then he took out a bank card from his bag and said, "Uncle, Aunt, there is one million in the account. You can take this money and build a small villa or something to cover the house."

"I will also have face in front of the villagers in the future."

"How could this be possible?"

Mateo quickly declined.

Paloma said, "From now on, we are a family. Why be polite?"

“Our family’s assets were worth several billion, what is one million?”

“Just take the money and don’t tell the villagers, so as to avoid any trouble.”

“When the house is built, when Greyson and I come back, we won’t have to live in a place like this.”

“If my family were to see it, I would also have some face.”

Oops!

Hearing her say this, the Mateo couple also felt the same.

For the sake of my wife’s face, it was necessary to fix the house.

The two couples looked at me, and I looked at them.

Paloma handed them the bank card, and they hesitated for a long time before accepting it.
