

When the World's Billionaires Come Knocking by J.M.J

Chapter 5

When the World's Billionaires Come Knocking by J.M.J Chapter 5

Chapter 5 Promise to Lose Weight

After being hit by Bertha, Greyson could see things that were invisible to others.

He didn't understand why there was a green light above Ronnie's head.

But other people didn't have that.

After the meal, Alexis sat and waited for him to pay the bills.

Greyson hiccupped and glanced at Pearce. "I need to go to the toilet."

They understood and said to Stephanie and Chelsea. "You should go. It's late."

After all, they were not that close. They could not invite the two girls to spend the night with them.

They left with their bags. And Greyson went to the toilet with Pearce.

Ronnie was in a good mood. He flossed his teeth and asked, "Any other things to do, Alexis?"

He wanted to go to a club.

He hadn't had any chance to improve his relationship with the girl hanging out with him. Once it was late, he could get a chance.

Alexis was still waiting for Greyson to pay the bill. But no one came back.

He had a bad feeling.

Then he took out his phone to make a call. Ronnie thought he wanted to go with his roommates. He was impatient.

“Why call them? We can do it on our own.

“I hate Greyson!”

Alexis was speechless. He didn't want to make a call.

He wanted Greyson to pay the bill.

However, he couldn't get them through at all.

He cursed!

“Bastard!” he thought.

Alexis realized that he had been tricked.

The over-weighted restaurant owner came over with the bill. “173 dollars.”

He ordered the dishes and cigarettes.

But he didn't want to pay the bill.

He fumbled as other people didn't seem to want to help him. So he asked Ronnie for help.

“Ronnie, I left my wallet in the dorm. Can you...”

“Shit! Don't do this then!

“You treated me to a meal but asked me to pay the bill?

“Rebecca, let's go!”

Ronnie didn't care. He asked Rebecca Wallace to leave with him.

The other three men left without saying anything.

As for Greyson and his two roommates, they had taken a shower and gone to bed.

Kent said, “I don't think Alexis will come back.”

“Yeah. It can be hard to wash all these plates.”

Pearce suddenly sat up. “Do you think he will be successful then?”

“I heard that the owner was a widow.”

Somehow, Alexis didn’t come back that night.

Just as Greyson went to bed, he remembered his new account.

He could trade tomorrow.

He opened his phone to check the strong stocks.

Recently, the stock market was good. Over 100 stocks limited up every day.

Now that he could foresee the stock price, he would choose the best.

Small rises wouldn’t satisfy him.

Greyson checked the trends of the stock price of Wind Medicine in the next five trading days. It would limit up three times.

Dragon Group would limit up seven times in 10 trading days.

Vision Technology Company would limit up 12 times in 15 trading days.

Greyson was shocked. What a strong stock!

Greyson opened his eyes wide and put all his money into the stock of Vision Technology Company after midnight.

Vision Technology Company would limit up 12 times in 15 trading days!

It tripled!

He decided to put more money in it once he had the money.

He planned to trade in the antique market tomorrow.

As he got more and more excited, he couldn't even fall asleep. He wished it was 9:30 a.m.

Then he could feel the excitement as the stock price rose.

He was too excited to fall asleep.

He checked his phone many times. But time passed slowly.

Finally, it was 5:30 am.

Unable to fall asleep, he went to the playground to run.

One's health didn't matter that much without money.

But the rich needed to stay fit.

Two girls under the tree looked at him curiously. "Bertha, isn't he that guy who tried to shake you down?"

"I guess so."

Bertha was wearing sportswear with her hair up. She looked young and pretty. She had complex feelings and wanted to talk to Greyson. But she was too shy to do it.

Amber was disdainful. "He doesn't deserve your care. I heard that he was a bumpkin.

"His family is very poor, and he doesn't even have money for fun. His classmates look down on him.

"He must have targeted you to shake you down."

Bertha still felt guilty and wanted to go to him.

Greyson finished two laps and got very tired.

If he was not strong enough, he would have got seriously injured.

He hadn't recovered yet and couldn't go too far.

Greyson flexed his muscles, took his coat, and walked to his dorm.

He didn't expect Bertha to be guilty about the car accident.

At 9:25 am, he found that the stock of Vision Technology Company would be sold at a low price!

What a good chance!

He had applied for a trade at midnight. He wondered if he could make it.

As the market was about to open, Greyson was more and more nervous.

At 9:26 am...

His heart beat so fast! After all, it was his first time in the stock market. He could foresee that the stock share would triple when he bought it before it limited up...

9: 27 am...

9: 28 am...

9: 29 am...

9: 30 am...

The stock price dropped sideways and then fell by 4%. It was lower than Greyson's expected price. Then, it suddenly rose!

It soared!

Then it limited up!

Over 200,000 big trades were made!

Within two minutes, Greyson had cold sweat all over his body.

After the trading was over, he reacted.

The deal was made!

He had invested all his 80,000 dollars into it.

So he earned over 1,000 dollars within minutes!

After finishing the trade, Ronnie shouted.

“Damn!”

His stock limited down again.

It was expected. Greyson had learned about the fall of Tannon Real Estate yesterday.

These investors didn't even have the chance to sell the stock!

It seemed to be declining still!

“Bam!”

Kent suddenly slapped himself.

He must be regretful that he didn't listen to Greyson and invest in Blessing Medicine.

But Blessing Medicine wouldn't get strong today. Yesterday, its stock price limited up. But today, it fell.

If investors kept investing in it without deliberation, they might suffer losses.

Before closing the trading app, Greyson looked at his account happily.

Tomorrow was Saturday.

Greyson put it aside and focused on the class.

At noon, Alexis came back.

He looked tired with dark circles.

No one knew what happened to him last night.

But he said, "The restaurant owner said she would lose weight for me!"
