

King of kings 1057–1058

“Haven’t you gotten the message? Dark Night Empire, a new Matriarch has risen to power, this new Matriarch is far more brutal and hostile than the previous Matriarch, she has become possessed and is killing without blinking, she not only killed the original Matriarch, but she is also killing people everywhere, no one can stop her, so far, seven or eight peak powerhouses have died by her sword.”

“What!” Yan Long was dumbfounded, the new Matriarch was possessed and going around killing people, this was really a disaster for the world, no wonder this pale old man was so anxious.

“How did this happen.”

“How do I know, the Dark Night Empire is already a murderous and chaotic place, the number of warriors who have become possessed has long been quite a few, but the appearance of such a powerful demonizer is truly unprecedented. This demon-invader has been no one’s opponent, and if I hadn’t learned of the news beforehand and escaped quickly, I would have died in her hands as well. So far, Old Windless Ghost, Bai Mingzi, Heaven’s Endless Gate Master, King Yin Yue, Lu Tao, and Chen Endao have all died, and I heard that their next place is Wulin Island, and I don’t know how the Wulin Island Master is doing at the moment. Wulin Island is so close to Wangjing City, I’m sure the next one is Wangjing City’s Omi.”

“Ah!” Yan Long was dumbfounded, the people Cang Shifu had just mentioned were all famous world peak powerhouses ah.

“Omi is also really, what are you looking for Wanfa Tian, Wanfa Tian is already dead. It’s just a few days since I escaped, I’m afraid that soon that new mother emperor will come here, I’d better get going.” After saying that, the old man in pale clothes leaped and flew into the sky.

At this time, Liu Yue, Wang Xing, Yang Yijian, Xu Mei Qian, Simran, Liona, Samira, Qi Xue Yun, and the others also flew in a panic.

“What’s happening?” Wanderlust asked.

Yan Long’s entire body was sluggish and said, “Something big has happened, the new Matriarch of the Dark Night Empire, completely possessed, went on a killing spree, currently, there are already six or seven peak deaths, and I’m afraid it’s going to our Wangjing City soon.”

“What.” Suddenly, everyone screamed.

“Senior Cang Shirt has just arrived, he wanted to find Omi to see if Omi could stop this devil, but unfortunately, Omi is not here, so Senior Cang Shirt also left first in a panic, fearing that the devil will soon arrive at our Wangjing City.” First URL m.kanshu8.net

Just then, everyone saw Senior Cang Shirt fall from mid-air.

Yan Long frowned, “Senior Cang Shirt, why are you still here? Didn’t you say that the devil will be arriving at our Wangjing City soon?”

Cang Shifu’s face was extremely embarrassed at the moment, one could even say that he was very depressed.

At this moment, a chilling voice came from mid-air, “It’s too late to leave if you want to, I made you run away early last time, this time, I’m afraid you won’t have a chance.”

Hearing the voice, everyone suddenly looked up and saw in the sky, a black shadow descending towards the palace, the crowd seemed to feel, a huge stone pressing down on the general dullness.

Just now Senior Cang Shifu did want to leave, but it was too late, the new Dark Night Empire’s Demoness, had already arrived, so Cang Shifu was forced to descend, his face was very ugly, he incomparably regretted, coming to look for some Omi, it was so good to just hide.

“Phew!” Cang Shirt exhaled deeply, the group of people standing behind him were now sweating in the face of the demoness’ pressure, including Yan Long.

The person who had descended was the woman in the black ghost mask who had finished killing the island master at Martial Island.

It could also be said that it was Mu Qianji, but

Today, she was no longer the same person she was in the beginning, she was completely possessed, the demonic aura on her body was trembling, she only had an endless desire to kill, and the more powerful she was, the more she wanted to kill him.

Mu Qianji stood on the ground of the palace hall, her cold and merciless eyes seemed to freeze all the space around her, and that sword she held in her hand was buzzing at all times.

Cang Shifu roared with pathos, “Demoness, why do you have to be bitter.” He seemed to sense that he was afraid that he was going to die here today, he had escaped once, but he didn’t expect that he would encounter a second time, was this fate, it was destined that he wouldn’t be able to escape this calamity.

Mu Qianji's eyes said without any emotion, "Because, the weak, don't deserve to live, the weak, all of them will die under my sword." Saying that, the sword in Mu Qianji's hand trembled violently.

Only then did Liu Yue Wang Xing and the others, focus their eyes on her sword.

Suddenly, they all noticed that it was the Burial Moon Sword, wasn't it?

"Ah, she, she's Mu Qianji." Xu Mei Qian and the others were stunned, this demoness with a black ghost mask and a fury all over her body was, surprisingly, Mu Qian Jie? This was already the same as the original Mu Qianji, two completely different people, if not for the Burial Moon Sword, they would never be able to see the shadow of Mu Qianji.

Lang Tianya immediately walked out and shouted to Mu Qianji, "Mu Qianji, stop, have you forgotten yourself? You're Mu Qianjie, you're our friend, stop it."

"Big brother Tianya, come back quickly, it's dangerous." A few people behind him shouted in panic.

However, it was too late, Mu Qianji didn't even look at Long Tianya, this kind of small fly, his hand just waved lightly, a black stream of air struck Long Tianya.

"Wow!" Wanderlust flew away, a bowl-sized hole appearing in his chest, his eyes wide open.

"Big brother Tianya!" Several people panicked and ran towards the direction where Wanderlust had flown away, leaving Mu Qianji and Senior Cang Shifu still standing in the same place facing each other.

Once Mu Qianji drew his sword, he said to Cang Shifu, "Weaklings, don't deserve to live, don't let my sword disappoint you."

Cang Shifu cried out in grief, knowing that he would not be able to escape today, so he simply killed up.

"Swoosh!" In the next second, Mu Qianji's sword had been sheathed, while on the opposite side, Cang Shifu maintained his offensive stance, not moving, then Cang Shifu's body clattered to the ground, a generation of peak powerhouses, dead in the blink of an eye.

Not far away, Omi's little friends, Liu Yue, Wang Xing, Yang Yijian, Xu Mei Qian, Liona and others, all looked in shock at Cang Shifu's predecessor who fell to the ground in the blink of an eye.

Long Tianya, on the other hand, was already dead.

Long Tianya's sister hugged Long Tianya and cried, "Brother, why did you run out so stupidly, why, sob."

And in front of the palace, Mu Qianji, who had already killed Cang Shifu, didn't seem to feel anything at all, looked at the palace and said, "Omi, I heard that you're the newest rising peak powerhouse, won't you come out and suffer death?"

However, for some reason, as soon as she said the words 'Omi', she suddenly felt a pain inside, as if, as if, it was impossible to tell what that feeling was.

"Ahhhh!" Mu Qianji shrieked in pain, then the sword in her hand suddenly trembled, then even more hostility surged within her, and her entire body seemed even more irritated, wanting to kill everyone.

Mu Qianji's red eyes looked towards a group of people not far away.

1058

A group of people not far away were Liu Yue, Wang Xing, Yang Yijian, Yan Yu, Xu Mei Qian, Liona, Simran, Long Tianqin, and others.

The sword in Mu Qianji's hand seemed to be eager to drink their blood, trembling like excitement, and seemed to be about to fly out to them.

However, there was a sudden pain in Mu Qianji's heart, as if he was controlling himself.

Of course Mu Qianji knew them, they were Omi's friends, must not be killed, it's not that she lost her memory, it's just that her heart is no longer under the control of her heart, and was occupied by a very terrible will, that terrible will is the will of the devil, always wanting to kill, murderous aura is intense.

I'm afraid that Mu Qianji's original mind only accounted for one percent of the entire will.

But at this moment, her one-hundredth of her original will was trying to control herself not to kill them.

"Quickly go." Mu Qianji hissed, fighting against herself, I'm afraid that she would be re-covered by the demonic will in minutes.

"Ahhhh!" Mu Qianji rushed into the sky, his hair furious and windless, and in a split second, the black demonic aura rolled out.

However, the group of Omi's friends didn't leave right away.

Long Tianqin was still in the pain of losing his brother and was holding him dazed, seemingly not caring at all that Mu Qianji was about to lose control.

Liu Yue, Wang Xing and the others, however, looked at Mu Qianji with resentment, as if resenting her, too not something, it was Omi who went to great

lengths to help her obtain the Burial Moon Sword, but now he came back to kill Omi's friends. Remember the website .kanshu8.net

Xu Mei Qian, Li Xuan Er, and Liona, seemed to be still hoping that they could persuade Mu Qian Jie to turn back. At this moment, when they heard Mu Qianji's painful cry of 'hurry up and go', they suddenly said: "Mu Qianji has not lost her will, she is calling for us to hurry up and go, can you hear her?" Simran said, but her words, though well-intentioned, were very amateurish, and if it was so easy to turn back from being demonic, then with Mu Qianji's skills she would still be controlled by 'demonic thoughts'?

Only Yan Qiang, who seemed slightly more sensible, was busy saying, "Don't be long-winded, big brother Tianya is dead, it's pointless for us to be sad and regretful here, let's escape, although she told us to leave quickly, she's obviously going to be unable to control her actions."

"Mu Qianji is also our friend, she is possessed, she might have something to do with Omi, we can't just leave her like this, we should at least try to try to see if we can get her back." Yang Yijian said.

"Ahhhh!" Mu Qianji couldn't control herself anymore, and her eyes, which had suddenly turned black, were like two black hollows, chilling and frightening.

At this moment, many guards from inside and outside Wangjing City heard the noise and rushed over.

"What people!" The guards didn't understand the situation at all, and were still very arrogant towards any outsiders, relying on Omi's reputation of being the world's number one.

As soon as Mu Qianji turned back, the demonic thoughts within him seemed to have found an outlet for his anger.

"Kill!" Mu Qianji swung his sword, and in the blink of an eye, a dozen guards were dead.

"Ah!" Those hundreds of guards, only now did the gravity of the matter occur, dropped their weapons and fled in all directions.

However, where could they possibly escape from Mu Qianji's grasp.

"Ah!"

The screams rose and fell one after another.

Mu Qianji's demonic thoughts seemed to rebound as if they had just resisted with her original thoughts, so right now they rebounded instead, and the demonic thoughts became even more intense and murderous.

But within a dozen breaths, hundreds of guards, all turned into corpses scattered all over the ground, the scene was incomparably bloody and shocking.

The entire palace was filled with the sounds of panicked screams of panicked escape.

Mu Qianji after her devilish thoughts rebounded completely, her sword seemed to kill on sight, and her two black hole-like eyes were devoid of any emotion.

Her current strength, I'm afraid Omi was also an opponent, and her sword was almost unstoppable.

"Wow!Wow!Wow!"Many of the palace maids and maids who fled in panic died under the Buried Moon Sword one after another.

Every time the Burial Moon Sword drank blood, it emitted an 'excited' tremor.

Yan Qiang saw that Mu Qianji had completely lost control of himself and was incomparably anxious after killing people in the palace.

"Hurry up and go, do you really intend to die here!"Yan Qiang roared.

However, seeing Mu Qianji slaughtering innocent people like this, how could Xu Mei Qian and the others endure it.

"No, if we leave, then Mu Qianji will definitely slaughter the entire palace."

"What can we do if we don't leave!"

"Although Mu Qianji is possessed, I have a feeling that she should still have some self-awareness, otherwise she wouldn't have controlled herself to kill us just now, and wouldn't have shouted for us to leave quickly, which means that she still has some self-awareness. We have to stop her, at least we have a glimmer of hope of awakening her, if we just run away, then she won't even have the slightest chance of awakening, and the entire palace, or even the entire Wangjing City, will be slaughtered clean."

"Yes, I agree, for the sake of many, many innocent lives, we must try to stop her, besides, Wangjing City is Omi's as well as ours, the city is in, and the people are dead."

For a moment, the rest of them didn't know how to choose what to do.

At that moment, an angry curse came out, "Foolish, do you think, with you guys can awaken her?If being possessed is so easy to awaken, then you won't be

possessed, while she is killing others, run away, escape from Wangjing City, this place is destined to become hell on earth."The one who spoke was Yan Long.

"Senior Yan Long, you are also a Unity Realm Great Perfection, you should go and stop her, even a little bit will give those innocent people a little more time to escape!"Liona pleaded.

Yan Long sneered, this is really the funniest joke in the world, indeed, he went out to obstruct the innocent people, it can give them a few more seconds to escape, but, this is a trade with his life, is he that great Yan Long?

Yan Long was outraged at Liona's words, and grunted, "I'm not that great, I've already advised you to be benevolent, are you returning yourselves."

Yan Longton flew away, not even caring about his son, Yan Ryu, at least arresting his son and taking him away with him, but he didn't, Yan Long was indeed not a great man, a great disaster, his own life was the most important thing.

"What should we do, Mu Qianji is wreaking havoc in Wangjing City and we, as the masters of this place, escaped, we clearly have some certainty of awakening her, but we didn't try, how can we bear it."
