“Ah ah, no matter, great men, death is also death in its place, if we also run away like this, then what’s the difference between us and Yan Long. Let’s go, go and stop Mu Qianji, even if we have a ten thousand percent hope, we have to try, otherwise, the entire Wangjing City will surely bleed to death, even if we live, how can we have peace of mind.”

In the end, this group of Omi’s fellows really chose the most dangerous path.

To call them foolish, or to call them righteous? But they at least tried to do it for the sake of the lives of innocent people throughout Wangjing City, even if they sacrificed their own lives.

In just five or six minutes, the entire Wangjing City’s palace had already become a human purgatory with bodies everywhere.

How many people inside and outside Wangjing City would have a chance to escape in just a few minutes from someone so powerful? Those palace maids and so on, their strength was almost negligible compared to Mu Qianji’s.

Mu Qianji took one step and killed ten people, completely reduced to an abyssal demon. She was originally from the Devil Religion, and was originally a witch among the Jiang Hu people, perhaps it was already doomed for her to take the path she is on today.

Originally, her demonic thoughts hadn’t killed anyone on sight, so strong, but, a few minutes ago, her original heart resisted the demonic thoughts, preventing her from killing Omi’s friends, which caused, the demonic thoughts within her to instantly rebound, the terrifying nature of the demonic thoughts rebounding, no doubt about it.

So, at this time, if Omi’s friends still came to her and attempted to awaken her, the final result would be that her natural mind would once again resist the demonic thoughts, and then the demonic thoughts would bounce back again, and the more her natural mind resisted, the worse the demonic thoughts would bounce back, the more she would completely lose herself, and the deeper she would become possessed.

Unfortunately, Omi’s friends didn’t know this, they also encountered the demon for the first time, inexperienced, thought they could still awaken, which eventually led to this tragedy, of course, they are just fighting for the innocent lives of Wangjing City, right or wrong, it is no longer clear.

At the moment, Omi, who was in a distant place, was unaware of the great event happening in the world.

This matter, big or small, was not known at all in some lower class civilians, and only in some high level martial arts circles were some people informed of it, but only some people, after all, the news hadn't spread that fast for everyone to know. One second to remember to read the book

So, it would take some time for Omi to find out about this, and besides, he was on his way to the Baiyue Mountain, which was a remote place.

Omi sat on the flying ship and didn't stop along the way, finally, he arrived at Mount Hyatt, but it was impossible to find the specific location, the area of Mount Hyatt.

It took several days of poking around to actually find out the exact location of Mount Hyatt.

"Hello, your Hundred Pleasures Mountain, who is the strongest person?" Omi asked an innate realm powerhouse.

Baiyue Mountain seemed to have very, very few martial arts practitioners, and it was hard to come across an innate one, so he immediately went up to ask.

"I'm just passing by, sorry." The other party saw that Omi was a strong man of the Unity Realm and didn't dare to slow down.

"You are also just passing by, dare I ask what you are doing here?" Omi asked, because Omi sensed a very strong, murderous, bloody smell from this Innate Realm person, in short, this person must have killed quite a few people.

However, having killed quite a few people didn't necessarily mean that he was a bad person, perhaps an enemy, Omi had also killed quite a few people, and had previously exterminated many strong members of the Huo family.

"Asking for what information?" Omi asked, "Could it be that this person, too, is here to find Wanfatian?"

That innate realm one didn't dare to slack off and replied respectfully, "Truth be told, I'm here to search for Ten Thousand Fa Tian."

Omi and Xiaomeng both had their brows furrowed, it was hard for them to learn that Hundred Joy Mountain was the home of Wanfatian, how come they came here and ran into other people looking for him.

"How did you know that you came here to search for Wanfa Tian? Could it be that you also know that Wanfatian's hometown is here?"

"Back to senior, half a year ago, my master sent many people to spy on Wanfatian, and it was only after snooping that I learned that twenty years ago, someone saw Wanfatian around here, so I came here to try my luck, I didn't know about this being Wanfatian's hometown."

Xiao Meng asked, "Dare I ask who your master is?"

"Oh, my master, he's just a small person." That innate realm person said.

Omi didn't pursue the root of the matter, in this world, there were too many people who wanted to find Ten Thousand Fa Tian, and it was because everyone couldn't find him that Ten Thousand Fa Tian's whereabouts were a mystery.

Omi said, "In that case, let's find it together."

"I'm sorry, but senior prefers to do it my own way." The other party rejected Omi's request.

"Then it's up to you."

"Senior takes his leave."

The man left and said, "Brother Omi, this man has a strong smell of blood, so I guess he hasn't killed many people."

"Well, but what can we do, do we take his life because of this? Besides, I've killed just as many people and have used such evil techniques as the God Sucking Great Law, I may not be any better than him." Omi said absent-mindedly.

"Brother Omi, why are you so absent-minded?" Xiao Meng asked.

"I don't know why, I always feel like my heart is suddenly stuffy, like something bad is happening, is it the air here? There is indeed something about the air here that doesn't smell too pleasant."

"Brother Omi, don't think too much, the purpose of our trip here is to look for Wanfatian, let's hurry up and think of a way to find out if Wanfatian is really here. We'll have to go home after finding it, it's been a month and ten days since we came out, it's a long way, and I'm afraid it'll be two months before we can go back."

Omi nodded, although his heart was stuffy, he didn't think much about it, after all, he was already the strongest human in the world, it was impossible for anyone to still threaten him in this world.

"Anywhere, there are ground snakes, and this place must be no exception, let's ask around and see who the ground snake is in this place, or which is the strongest family, maybe we can find out if Wanfatian is here."

"Good!"

After some snooping, Omi finally knew that this Hundred Joy Mountain had the most powerful tribe called Mu Qiong, who was almost the earth emperor here.

Banyue Mountain didn't refer to a mountain, it was a place, thousands of kilometers of the mountain range belonged to Banyue Mountain, so it would be difficult to find out if Wanfatian was really here, or to find the tribe where Wanfatian was back then, because there were thousands of tribes here.

"Let's go, we're going to the Mujung tribe now!"

Omi and Xiaomeng, immediately went to the Mu Qiong tribe of Baiyue Mountain.

Mu Qiong tribe was indeed a very strong tribe, several valley ridges were filled with houses of this tribe, and the population was feared to be more than three hundred thousand. Of course, to become the strongest tribe was not based on the population, but on the strongest people. This Mu Qiong tribe, the strongest person was heard to exceed the Unity Realm.

Omi landed from the sky above the Mu Qiong tribe.

"Who is the visitor!" A weak man who didn't know the depth of the situation rushed up and asked.

Omi said, "Call your clan leader out."

At that moment, a strong man from the Unity Realm flew out.

"Senior Seeing Senior."

"You are the Mu Qiong Tribe's Clan Leader?"

"Yes, dare I ask what Senior wants from me?" The Mu Qiong tribal chief asked, but he seemed to have guessed it, after all, there were plenty of people looking for Wanfatian over the years.

"I'm asking you, does Senior Ten Thousand Fa Tian know?" First web site

"Uh, when I was younger I heard that he was the strongest man in the world." That Mu Qiong patriarch said.

"So, you don't know anything about the Ten Thousand Fates?"

"Yes."

"Haha, Chief Mu Qiong, I'm afraid you're not telling the truth!"

“Senior, junior doesn’t understand what you mean.”

“Don’t conceal it, I already know that Wanfatian’s hometown is in Mount Hundred Joy, he was born in one of the tribes of Mount Hundred Joy, you, as the head of the tribe of Mount Hundred Joy, it’s impossible that you don’t know about Wanfatian, so you’re deceiving me.”

“Senior, junior really doesn’t know, besides, it was said that Wanfatian’s hometown is here, this is simply a falsehood.”

“Still arguing.” Omi snorted, regarding Wanfatian’s hometown being here, Omi was very sure that it wouldn’t be false, as it was information obtained from the notes from a hundred years ago, when Wanfatian was still a teenager.

However, why would this tribal chief want to hide it?

The more you conceal and deceive, then the more it means that Omi’s guess is right, Wanfatian is definitely here.

Omi said, “Patriarch Mu Qiong, Wanfatian is definitely here, and if I’m not wrong, it must be that Wanfatian doesn’t want anyone to disturb him anymore.”

Mu Qiong Clan Chief said, “If Senior knows, why bother to disturb.”

“It really is here.” Omi said.

“Senior is so certain that Wanfatian’s hometown is here that I can no longer hide it. Indeed, Senior Wanfatian, indeed, is at Mount Hyatt, and there are only a few people who know about it. I’m not going to say where he is, so please return, senior.”

“I have come specifically to visit him,,, since he is here, I will not leave just like that, I must meet him, truth be told, I am Omi who is regarded as the strongest person of the new generation in today’s world, I only want to meet with Wanfatian.” Omi said firmly.

“I live deep in Mount Hyatt and don’t care about the outside world, I won’t tell you where Wanfatian lives. Besides, over the years, there have been no less than ten people who have found their way here based on spider traces, and I’ve never said anything about it.” The Mu Qiong Clan Chief was also firm.

Xiao Meng said, “The people who can find this place based on the spider tracks before, they are not sure that they must be here, but we, are sure that Wanfatian is here, all of them, can’t we?”

p; “No! Senior Wanfatian has explained that he has already ignored the truth and only wants to live here in peace and retirement, besides, his expiration date is

just a few years away, so why should he be involved in the world's affairs, please return, I implore you two seniors."

Xiao Meng helplessly looked at Omi.

Omi said, "Is it possible to be in the world but not want to care about the world, I have come all this way to find here, I only want to see him, I won't tell that he is hiding here, it won't disturb him in any way, I still hope to pass on the message."

"Sorry."

Omi was a little impatient.

Omi himself didn't know why he was impatient, maybe it was because he kept feeling panicky in his heart, as if something had happened, so it affected his mood.

"If it doesn't pass, then don't blame me for being impatient, even if I'm forced, I'm going to force out the Ten Thousand Ways Heaven, I was able to find my way here, this is the will of God."

Just at this moment, an old voice suddenly came from Omi's ear, "This little brother, is it really worth it for you to be angry for the sake of my husband?"

Omi looked around and didn't see the figure of Wanfatian, he only heard his voice, and it seemed to be coming from all directions, not knowing exactly where it was coming from.

Omi said, "I'm sure your Excellency is Senior Wanfatian, can you come out and meet him."

"Oh, I've long ignored the world for decades, this little brother, please go back."

Little Meng looked around, not knowing at all which place the voice came from, Little Meng was busy saying, "Brother Omi, I can't hear where the voice came from."

Omi immediately closed his eyes and felt it carefully, although Wanfatian's skills were really high, Omi was not bad, Omi could definitely hear which location he was in.

"Senior Wanfatian, you are a long-famous figure in this world, and senior only wants to pay your respects."

"You've already paid your respects, there are talented people in the world, this world has been handed over to you young people, treat this world well and maintain the peace of this world, it all depends on you young people. Please return, little brother." Wanfatian's voice had been heard in all directions.

Omi said, "Senior Wanfatian, are you afraid of fighting me and losing to me? Still afraid of something."

"Hahaha, little brother, what is there to be afraid of for someone whose big day will arrive soon, so what if I lose, so what if I win, so what if I lose."

"Fine, Senior Ten Thousand Fathom Heaven, I'll ask you one last time, are you really unwilling to come out and meet?"

"Unseen."

Omi said, "Then, Senior, you shouldn't blame me for not giving you face, your voice transmitting power is nothing more than that, you are at the moment in this direction, under the big banyan tree on that mountain in the distance, can you right." Omi pointed his hand in a certain direction.

"Ah." In the distance, under that big banyan tree, a pale old man's face changed, and at the same time, did feel a bit embarrassed. A bit pretentious, but as a result, people already knew which corner you were in, no wonder Omi said, don't blame him for not giving face. Well, being found by Omi, it was indeed a bit disgraceful.

"Hahaha, hahaha!" Wanfatian laughed loudly and said, "This little brother, you can actually find out where I am, well, in this world, no one has ever been able to find me out by sound, I only admire you."

"I'm sorry, Senior, it's not that I'm not giving you face, it's you who didn't come out, in fact, I've already heard which direction you are in, it's only to give you face that I didn't say it directly."
