

King of kings 1085–1086

Yan Xin Yi was also shocked.

However, neither of them spoke, as if they were frowning at the discussion of the people at the next table.

“Where did you hear the news?”

“I heard this from the first restaurant in Lianzhou City, where the news went crazy. Not only did Wind Lightning appear, but he also defeated Guo Qing’an of Zongnan Mountain, Guo Qing’an peed his pants in fear on the spot and even knelt down to shout at his grandfather to spare his life.”

Hearing this, Omi’s master, Ding Ru, was almost certain that this was a fake news, causing him to pour a bowl of rice. Because this news sounded too bullshit, pissing his pants and kneeling down to shout at his grandfather, Guo Qingan couldn’t be so useless, these Jiang Hu people liked to spread this kind of information that preyed on the wind and spiced it up.

However, despite the fact that they felt it was fake news, they continued to listen.

“Not only did Wind Lightning go to Mount Zongnan, he also went to the Flag Mountain Sect, and you guys know about the Flag Mountain Sect’s genius paramount master, Qi Ren Xuan.”

“Nonsense, he’s a genius who’s going to replace Wind Lightning, he’s only twenty-seven years old, he became the ninth strongest Genius Quasi-Master, and he’s also engaged to the number one beauty of the famous rivers and lakes, Qin Ren, who wouldn’t know about him.”

“That’s right, Wind Lightning went straight to the Flag Hill Sect and beat up Qi Ren Xuan so badly, tsk tsk, I heard that his ass was broken, and Qi Ren Xuan even announced in public that he had no face to marry Qin Ren and was going to voluntarily withdraw from the marriage.”

“Really or not.”

“Nonsense, of course it’s true.” Remember the URL .kanshu8.net

“Wow, that Wind Lightning is worthy of being Wind Lightning, he disappeared for so long and reappeared with a bang, tsk tsk.”

“Hehe, I was the number one admirer of Wind Lightning back then.”

After the Ding Ru couple finished their meal, they went back to their room in a very low-key manner.

"Husband, just now at the restaurant, can you believe what those people were talking about?" Yan Xin Yi asked.

"What do you believe, these people, what a bore, this kind of every side thing is also spread out."

"But, although there are many strange things about it, I always feel that it may not be true, think about it, already Feng'er's personality, may not necessarily not do such things, especially the Upper Flag Mountain Sect."

"Alright, if it was going to appear, it would have appeared long ago, you are disturbing your heart instead because you miss him too much. Back then, although Windy was rather foolish, he also knew the score and knew the general idea, and beating someone's ass to blossom was impossible to do."

"Well, maybe I was really hoping too much. If Windy were still here, I think there would be one more genius quasi-clan master in the Righteous Alliance today. The one ranked third out of the twenty genius quasi-clerics today, who fought against Wind'er and lost to Wind'er back then, I think that if Wind'er was still around, he would definitely be in the top three."

"What's the point of talking about this, rest early, you're not tired after driving for ten days, aren't you?"

At this moment, at the City Hall, the City Lord's family was eating.

Jin Yuanlu ate his meal and asked, "Kook, who was that friend who came to see you at noon? Called what?"

"I don't know."

"You don't know?"

"I forgot, he said he was a friend of mine who I once only knew once, just passing through Rangzhou City, he didn't have any hostility towards me, so I guess so."

Cheng Dao: "It's a big wedding tomorrow, what kind of friend is there to find you, really."

"He doesn't know about my big wedding, alright, I'm full, I'll go back to my room."

After eating, Jin Yuanlu came to Cheng Quan's study.

;Cheng Quan asked, "Yuan Lu, today at the dinner table, you seem to have something to say to me."

"My father-in-law is wise, indeed, I have something to say to you."

"Go ahead, after tomorrow, you'll be my son-in-law in name only."

"My father-in-law, I heard a piece of news this evening. The news has been spread all over the major restaurants in Lianzhou City, saying that Wind Lightning, who disappeared eleven years ago, suddenly appeared, and he went to Zongnan Mountain and Flag Mountain Sect successively, fought off Guo Qing'an with a single sword strike, and also picked off Qi Renxuan's sword with three strokes, and Qi Renxuan even said in public that he had no face to marry Qin Ren."

"What." Hearing this news, Cheng Quan City Lord's face changed in surprise with a hint of anger, because back then, when the 'Three Thousand Miles Chasing the Boy' had made him have an extremely bad impression of Wind Lightning.

"Is this news true or false?"

"My father-in-law, I don't know if it's true or not, but I think that no wind and no waves, back then Wind Lightning just disappeared, and no one said that he died ah."

"Son of a bitch, if it wasn't for him back then, he wouldn't have caused my Xiao Ju to be depressed for three years and become the laughing stock of the Jianghu, if I were to see him, I would definitely teach him a good lesson to vent my anger."

"Sir father-in-law, back then Xiao Ju wasn't even my fiancée, and so Xiao Ju is my fiancée, if I were to meet him, I would definitely not spare him. However, father-in-law, I want to tell you that not only this gossip, but at dinner tonight, didn't I tell you that a stranger came to see Little Ju, claiming to be a friend from one side."

"What." Cheng Quan's body trembled, as if he knew what Jin Yuanru was trying to say.

"Yes, I'm worried that that person, it's possible that he is Wind Lightning because, I was there when they met at noon, and I saw that person wearing a human skin mask and didn't use his real face to show his face, that's why I suspect that he is Wind Lightning."

"So, the gossip about Wind Lightning is indeed true."

"Father-in-law, what should we do now?"

"Keep an eye out for that man, and if you see him in our house again, tell me immediately."

"Good."

At a certain inn, Omi and his little sister finished their dinner and wandered the streets of Rangzhou City.

It was only when they arrived at this Lianzhou City that Omi felt the prosperity, even at night, there was a lot of traffic, people were coming and going, especially the greenhouse whores that were every few hundred meters, they were lively, many dusty women were yelling at the door, "Guest, come in and play."

Omi was also pulled when he passed by a blue house, but Omi waved his hand in a row, "No play, no play, I won't play."

In this world, it is not illegal for a man to visit a greenhouse, he does not have to worry about being arrested by the pornography brigade, and he is not subject to moral blame, as if it is normal for a man to go to a greenhouse, it is a sign of being rich and having status, and his wife can only sigh helplessly when she finds out.

Omi and the little sister toured the streets for two hours.

Little Sister smiled, "Brother Feng, how is it, our Rangzhou City, I guess it's not worse than the nightlife in the other world, it's lively enough."

Omi laughed, "Haha, although Lianzhou City is lively enough at night, but compared to the night in another world's city, it's still far worse, the only thing better is, the blue house. You'll be arrested by the government if you visit a green house in the other world."

"Ah, no, isn't the other world very open?"

"You don't understand this, in the other world, you get caught whoring, but instead you steal and cheat on your wife and children all right. In our world, on the other hand, whoring is normal, but stealing and cheating are to be immersed in a pigsty."

"That world is strange."

1086

Omi and his little sister strolled the streets at night for three hours before they went back to the inn, returned to their respective rooms, and showered and slept.

The next day, the entire city of Lianzhou seemed to be filled with festivities, and the City Lord's Palace had been bustling with gong and drum bands since dawn.

Today, the city lord's residence had a happy event, and all the merchants in the city were offering uniform discounts, so the entire Rangzhou City was festive.

Omi woke up in the morning and went to the street with his little sister to buy some gifts, so he couldn't go empty-handed. But Omi didn't have any money, so it was just a little bit of tea.

At about ten o'clock in the morning, Omi and Little Sister arrived at the City Lord's Mansion.

At this moment, the guests who entered the City Lord's Mansion, one by one, lined up at the entrance, because there were too many guests, the whole city, everyone who had a bit of money, no matter if they opened a shop or whatever, came to drink the wedding banquet, no longer needing any invitation. Surely there weren't so many tables for the banquet, what to do? It's simple, those who enter without an invitation, they really just drink wedding wine, take a wine glass and stand in a random corner, the wine tube is enough, the food is not provided.

"Senior Brother, with so many people going in for wedding drinks, I'm afraid our idea of having a meal will be dashed."

"Oh, it's fine if there's wine to drink."

"I should have known I wouldn't have followed."

It was Omi's turn, a register at the gate.

"Name." One second to remember to read the book

"Don Omi."

"What's the gift?"

"A packet of tea."

"How stingy." The person registering looked at Omi, a packet of tea was good enough to come to the wedding banquet.

Omi asked, "How many tables of wine did the city lord invite?"

"Fifty tables."

"And how many guests?"

"It's over a thousand already, and there's a big queue back there waiting to get in."

"Fifty tables, only five hundred people will be seated at the end of the day, so that means half of them are standing room only for drinks."

"Nonsense, I'm afraid you're a bit of a loser for a packet of tea to drink standing up."

"Hahaha." Omi laughed and said, "I'm former friends with your lady, could you arrange a seat for us both."

"Bring out the invitation, if you are friends or relatives, you have an invitation, if not, sorry."

"Never mind." Omi thought about it, not bothering to be nosy, and entered the City Lord's Palace with his little sister on his arm.

Omi and Little Sister entered the City Lord's Mansion.

The City Lord's Mansion was filled with people everywhere, and every corner was covered in red and grand.

Omi walked inside and soon arrived outside the main hall where the City Lord's Mansion was holding the marriage ceremony.

At this time, there were many people sitting inside the main hall, some very distinguished guests, and Omi's master and master's wife were among them.

Outside of the main hall, there were naturally many guests of average nobility standing as well, Omi and his junior sister were also crowded outside the main hall, seemingly like everyone else, waiting for the auspicious time to arrive to see the bride and groom pay their respects.

Dao: "Senior Brother, Master and Mistress is inside the main hall, be careful not to be discovered by Master and Mistress ah."

"Eh." Omi scrambled to look, and sure enough, he saw Master Teacher's wife at once.

At this moment, Master Shini was talking to the other sects who had come to attend the wedding.

r /> Omi immediately calmed down, blocking out the noise and listening to what Master Shifu and the others were saying.

"Warrior Ding, why didn't you bring your disciple, Wind Lightning."

"Evergreen Son, what are you saying, why can't I understand."

"No way, it's all over the city, those here, people from various sects already know that your disciple Wind Lightning appeared, went up to Zongnan Mountain and beat up the Flag Mountain Sect, it's quite awe-inspiring, you as a master, you wouldn't not know, would you?"

"These are all rumors." Ding Ru said firmly.

Changchun Zi's mouth came up to Ding Ru's ear and said, "Warrior Ding, I heard that yesterday, Wind Lightning came to the City Lord's Palace with a human skin mask to visit Cheng Xiao Ju."

Ding Ru looked at Changchun Zi and frowned, "How do you know."

"Haha, I heard it yesterday from a few maids from the City Lord's Mansion. That girl named Gui Xiang from the City Lord's residence, tsk tsk, it tastes so good." Changchun Zi smiled cheaply.

Ding Ru immediately despised, "What a disgrace to us decent people."

Changchun Zi left his mouth and said, "Warrior Ding, you're taking your daughter-in-law with you on this trip, so naturally there's no lack of loneliness on the way, so you really don't know how hungry a full man is."

"Hmph." Ding Ru immediately walked away in disgust.

Changchun Zi also arrived at Lianzhou City yesterday, but he didn't stay at the inn, but instead stayed directly at the City Lord's Mansion, and as a result, at night, he gave a girl named Gui Xiang from the City Lord's Mansion a naughty job, and showed off proudly in front of Ding Ru.

Omi didn't listen anymore, after all, to eavesdrop in so many people, blocking out so many murmurs, is very tired.

Omi hedged, "Master Teacher has already heard the rumors about me."

"Ah."

"However, it seems that Master Teacher doesn't believe it."

"Brother Feng, then when will you explain to your master and master-mother."

"There's no rush."

Just then, there was a loud shout, "The City Master has arrived."

The lively crowd quieted down.

"Everyone, thank you for coming to Little Daughter's wedding, Cheng didn't expect that so many people would come uninvited, it really makes Cheng feel honored. About Little Daughter, I'm sure everyone is familiar with her, she's twenty-seven years old, stepped into the Unity Realm Great Perfection, and is not far from the peak, but unfortunately she's just a little short of becoming a Genius Quasi-Master. However, given her age, as long as she achieves something within the age of thirty-five and comprehends her own 'Dao', she will definitely become a genius quasi-patriarch respected by everyone in the rivers and lakes, and in the future, she will succeed me as the city head of Lianzhou City. And little girl, she is also the only one in the rivers and lakes whose beauty can be

compared to the Divine Dragon Sect's Miss Qin Ren, hehehehe, I won't say anything more about this, the main reason is that her mother looks good."The City Lord said with a smile.

"As for my son-in-law Jin Yuanlu, everyone is even more familiar with him, he is thirty-three years old this year, and has comprehended a very powerful martial dao, I'm not afraid to tell you, the martial dao that Jin Yuanlu has comprehended is 'round', everyone is a martial artist, you should know that this martial dao is very powerful, currently, in the Jianghu, it was ranked seventh by everyone as a genius paramount master.Hahaha."A seemingly humble laugh from Cheng.

At this moment, Jin Yuanlu was also standing on one side of the main hall, his eyes constantly scanning the crowd in the main hall to see if there was the man with the mask from yesterday, Omi.

In the main hall, some of the people from the sects were secretly skimming their lips, saying in their hearts, "How proud you are, finding a nice door-to-door son-in-law."

The city lord purposely said something about his daughter being beautiful and his son-in-law being a genius in front of so many people, so naturally, there was no shortage of a meaning to show off.
