

# King of kings 1101–1102

## Chapter 1101

“Who’s left on the list of Windy’s assassinations that didn’t die?” Mo Qianji asked, hearing that the assassin was Wind Lightning, she was really shocked, but no wonder she could kill Wu Zhengcheng, Bone Mother’s Mother, and Ghost Eye Man.

“There’s still the Red Scorpion left, Mo Ming Dao. These two are at our Demon Sect’s head office, if Wind Lightning still wants to kill these two, he is bound to sneak into the Demon Sect’s head office.”

Mu Qianji said nervously, “We must not let him come here, my father will definitely kill him, my father must know that I’m thinking of him and might be trying to take this opportunity to kill Omi.”

“Uh, Princess, who is Omi?”

Mu Qianji was stunned and hummed, “Why are you asking so clearly, Wind Lightning’s nickname.”

“Oh.”

“I’m going to find him and stop him.” Mu Qianji said.

“Princess, if you go looking for him, the Patriarch is sure to find him more easily, and as things stand, your best bet is to stay at the main altar and not go anywhere.”

“But, well, maybe he’ll really sneak in here, so I’ll just wait for him here, and maybe I can protect him a bit.”

At this moment, in a restaurant in one of the cities, Omi was drinking wine by himself.

Omi’s injuries had completely healed, thanks to the help of a certain family, and it seemed that there were good people in the Devil’s Territory. One second to remember to read the book

Omi said inwardly, “Now that I’ve killed three targets, there are still two left, both of which are disciples of the Devil Sect’s headquarters, I’m afraid that I won’t be able to complete the mission anymore.”

"Compared to my own life, assassinating a Demon Cult genius is negligible. Since it's too risky to infiltrate the Demon Cult General Altar, I'll skip it, and I'll take the opportunity to search for a passage to cross over to the other world."

Omi immediately asked one of the strong Demon Sect members at the restaurant, "Hey, let me ask you something." Omi said with a dignified gaze.

That Demonic strongman on the other side seemed to be upset, but the Demonic Religion was a place where strength was spoken of, and all strength was in charge, so no matter how upset he was, he had to bear it.

"What do you want to inquire about?"

"I've heard that we have a very dangerous place here, a legendary Jedi, and if you enter, you die, do you know about this place?" Don Omi asked.

"You're talking about the Bottomless Abyss, right."

"Uh, you know this place?"

"Who doesn't know about this place, the bottomless abyss, legend has it that if you jump down, there is no coming back, and there is never a bottom. Someone once used a rope and tied a rock into the bottomless abyss, and as a result, the rope has been lowered 100,000 meters, but still, there's no bottom."

"Wow, no way, a hundred thousand meters? Where can there be such a long rope."

"Hahaha, what a lone voice, the rope is tied one section at a time, not to mention a hundred thousand meters, even a million meters would be fine. Unfortunately, 100,000 meters of rope doesn't even reach the bottom, that bottomless abyss no longer needs to be measured, 100,000 meters, that's enough to circle around our demonic territory. Just ask, who has fallen from this bottomless abyss and not died?"

Omi nodded in cooperation, Omi had no doubt in his mind that this bottomless abyss must be a passage to the other world.

Otherwise, why couldn't a hundred thousand meters of rope reach the bottom? Is there really such a deep hole in the world? It couldn't be, at least not in this world.

Then, there is only one explanation, that the rope entered the depths of the bottomless pit and entered the junction of two spaces, which is the five dimensional space, and no length of rope to enter the five dimensional space would be enough.

&nbs.

At that moment, a person next to him said, "However, I heard that if you jump down from that bottomless abyss, you can travel to another world."

“Hahaha, travel to another world, do you mean hell?Do you dare to jump?”

“Only a fool would believe it, who would dare to jump off.”

Although many people had heard that that bottomless abyss could travel to another world, no one dared to jump off, unless occasionally someone accidentally fell off or committed suicide.

Omi asked, “Which place is that bottomless abyss?How should I go?”

“Brother, you don’t really want to jump off, do you?”

Omi snorted, “I’m just curious and want to go to the site to see what’s going on.”

“From this place, keep going north, you’ll see a very high mountain, over that high mountain you’ll see a huge and incomparable abyss.”

“Well, thanks, I’ll check it out sometime.”

The person next to me scowled, what’s there to see.

Omi finished paying his bill and walked out of the restaurant, because he didn’t want to draw attention to himself, although he was now dressed like a devil, there was a risk after all.

Everyone in the Devil’s Cult thought that Omi’s next goal was to kill the Red Scorpion and Mo Ming Dao.Unfortunately, Omi went straight to the bottomless abyss, which would make it easier for the powerful people of the Devil Cult to focus their attention on that aspect, making it easier for Omi to find the bottomless abyss.

After two months of trekking, Omi finally saw a very tall mountain.

After Omi climbed over that mountain peak, he immediately saw that an incomparably large hole in the ground appeared in front of him, this hole in the ground was the Bottomless Abyss, and it looked too spectacular from the top of the mountain.

Omi was extremely surprised and immediately rushed down.

In less than twenty minutes, Omi stood at the edge of the bottomless abyss, just like an ant standing by a well.

“Wow damn, this bottomless abyss is also too terrifying, this way, who would dare to jump down ah.Even if it were me right now, I’d really be a bit gutless to jump.What if it’s not a passage to another world?”

Omi stood at the edge of the bottomless abyss, hovering and hesitating, not daring to jump down.

Omi gritted his teeth, and with an open mind, Omi leapt off the bottomless abyss.

Omi felt his body, is falling rapidly, Omi also did not use light power to control himself, let himself fall, doing a free fall.

Soon, Omi's figure had disappeared into the darkness of the bottomless abyss, at least a thousand meters below the bottomless abyss.

There was darkness all around, and Omi's body was still plummeting downwards.

Omi simply closed his eyes.

I don't know how long he had been falling, but Omi suddenly felt that his body's descent speed seemed to have slowed down a lot.

When Omi opened his eyes, he suddenly discovered that his body seemed to be deformed and twisted, lengthening and shortening, and his head was rounded and flattened at once.

However, Omi's body did not feel any discomfort.

Omi knew that he had managed to enter the junction of two parallel worlds.

Omi looked forward, and although it was very distorted, he still saw a rolling mountain, and there were graves everywhere on the mountain. Each tomb gave one a suffocating feeling, as if, every tomb was buried with a god, or a demon.

1102

"Thousand Mountain Tomb." Omi was happy inside.

However, Omi couldn't control his body and could only let it drift around.

I don't know how long he had been drifting, but Omi felt that he was drifting to the edge.

In the next moment, Omi's body loosened up and dropped down.

"Ah!" Omi fell to the ground and when he looked up, he had fallen out of the Thousand Mountain Tomb and rolled down the mountain of the other world.

"Yay, I've finally reached the other world, hahaha, the bottomless abyss, it really is a passage to the other world, yay." Omi laughed out loud.

Omi looked up, and the Thousand Mountain Tomb loomed above his head, as if it was a sea market lip building.

Omi didn't have the heart to view this marvelous Thousand Mountain Tomb, and leapt over the tall mountain in front of him. In the beginning, Omi was below this tall mountain peak, in a stone cave, designing a trap so that Mu Qianji was trapped by a mechanism lock.

Now, Omi was sighing inside as he once again returned to the point of the original incident.

At this moment, Omi suddenly discovered that this very tall mountain peak was almost identical to the other world, the mountain next to the bottomless abyss.

"I'm going." At this moment, Omi had the feeling that he couldn't distinguish between the real and the virtual. First URL [m.kanshu8.net](http://m.kanshu8.net)

Omi flew up and soon arrived at a nearby residence.

Omi knew that this residence was inhabited by a peak powerhouse named Gao Fengshui.

In the beginning, it was Gao Feng Shui, Old Lord Riverside, Liu Qian, and Nan Shan Yun, the four people who had designed the trap to trap Mu Qianji in the mechanism lock.

Gao Feng Shui's home was not far from Thousand Mountains Tomb, and it was Gao Feng Shui who was responsible for luring Mu Qianji to the trap.

Right now, Gao Feng Shui was sitting on a chair in his home, closing his eyes and resting his mind.

It had been nearly a year since the original calamity where Mu Qianji massacred the world.

Now, the world was peaceful without the witch.

Right at this moment, a voice suddenly sounded from behind Gao Feng Shui, "Gao Feng Shui."

"Ah." Gao Feng Shui was shocked, he was a strong man at the peak of this world, there was actually someone who could stand behind him without disturbing him.

"Who." Gao Feng Shui immediately turned back and took a look, it was a man in an ancient costume, his appearance was very, very handsome, his ancient costume was very appropriate, he gave a look that was original, not just for the sake of pretending, and his hair was long.

However, under Gao Feng Shui's closer look, this ancient costume man who suddenly appeared, resembled a person, Omi.

"You, you're Omi?" Gao Feng Shui asked in shock, but, he did not believe that this was Omi, although the appearance was very similar, but, there was always a

feeling that the previous Omi, not so handsome, I guess one-fifth of the handsome did not even reach. And right now the person in front of him, let a person look at it, very comfortable handsome, natural.

Omi smiled: "What do you say, Gao Feng Shui."

"Ah, you, you're really Omi?" Gao Feng Shui was shocked and looked behind Omi's back.

"What are you looking at?"

"Don't Omi, you're not dead? Well, what about the witch?" Gao Feng Shui asked in horror, if the witch was still alive as well, that would be the end, no one in this world would be able to deal with it anymore.

Omi snorted, "Don't worry, there are no more witches in this world."

"That's good, that's good, brother Tang, please sit down."

Omi sat down.

Gao Feng Shui looked at Omi and asked incredulously, "Omi, how are you still alive? And, and."

"And what? Don't swallow if you have something to say."

&

nbsp; "And, so handsome."

"Uh, handsome? Am I any different than I was before?" Omi frowned.

"Brother Tang, I'm not going to lie, the moment you suddenly appeared just now, you were so handsome that even I thumped my heart."

Omi sipped his tea and said, "I'm not gay, or a gay this old."

"Haha, Brother Tang is really joking, hearing your tone of voice, I'm finally sure that you really are you, Omi. Although you're many times more handsome now."

Omi said, "Alright, don't talk to me about appearance anymore."

"Yes, yes, Brother Tang, please have some tea."

Omi hummed and lifted the teacup.

Omi's real body, which was originally his windy and light body, was indeed very handsome, which was the reason why he became the world's number one young

man and charmed thousands of girls back then. Otherwise, an ordinary looking person, even if he was a genius, wouldn't be able to charm thousands of young girls, no matter which world, it was the era of faces.

Once upon a time in this world, the body possessed by Omi, although it looked very similar and resembled, but, on the whole, it could only be considered a class grass, not even a schoolgirl.

And now, I'm afraid that schoolgirls were eclipsed in front of Omi, who at this moment was the true face of the world's youngest.

"Brother Tang, why are you still alive?"

"What, you'd rather I die?"

"No no, I can't be happy that you're alive."

"All right, I should go."

"Where to?"

"Nonsense, of course it's the Yan Huang Empire."

"Oh, the Yan Huang Empire."

"How is the Yan Huang Empire now?"

"I don't know about that, comparing the distance so far."

Omi stopped talking nonsense to Gao Feng Shui and flew up.

Gao Feng Shui looked at Omi who disappeared into the sky and said with an incredible frown, "How can he still be alive? Also, it became so handsome, so handsome that even my heartbeat accelerated, if this is a woman, huh."

Omi was tired after flying for half a day, just like a hundred meter sprint.

Unfortunately, the road was still very far from the Yanhuang Empire, and without a flying ship, I really don't know how long it would take to get there, I'm afraid that I might not even get there in half a year.

"No, I must find a place with a plane as soon as possible and take a plane to the Yanhuang Empire."

It took Omi a month to finally find a country with a plane, then, Omi directly ordered the plane and sent him to the Yanhuang Empire.

After nearly two months of tossing and turning, Omi finally arrived at the Yanhuang Empire.

When he landed at an airport around Wangjing City in the Yan Huang Empire, Omi really cried, it was too hard.

Omi walked out of the airport.

In between, many people looked at Omi.

“Wow, so handsome.”

“Handsome ah, how can there be such a handsome person in the world?”

“Oh my God, is this from a TV crossover?”

Omi knew that his appearance had charmed countless women at the airport again.

Omi didn't want to cause an onlooker, so he leapt into the sky.

“Wow, he's still a strong martial artist, wow, wow.”The countless women below almost didn't fall softly to the ground, a heart that seemed to be conquered.

No wonder Omi had become the world's number one youngest in another world, there was a reason for that, his true body, it was too perfect.
