

King of kings 1139–1140

1139

At this time, the people at the inn saw Mu Qianji's reaction and seemed to have guessed something.

The next moment, someone shouted, "She must be the witch."

"Ah, witch, run."

In the blink of an eye, the entire inn seemed to scatter and flee as if they were on the verge of a great battle.

The Demon Cult Master was busy saying, "We've been recognized, it's just that we're not resting today, let's continue our journey."

After that, Mu Qianji and the others immediately left.

After leaving the city, those strong men of the Devil Sect said, "Patriarch, is what the people at the inn just said, true or false ah? Wind Lightning is so young, how is it possible, no matter how much he is demonized, he can't kill the ally master ah, for Wind Lightning to reach the level of the Martial Master, at least another thirty or forty years would have to pass."

The Demon Sect Patriarch shook his head, "I don't know if it's true or not, but it seems like Wind Lightning isn't really this strong anymore, he should have seen Thousand Extremities being burned to death with iron water in public, he was greatly stimulated, so, what has inspired, this Wind Lightning, there is a great secret on him, in short, he is definitely a remarkable person."

"Hehe, Patriarch, it seems that this kid, Feng Qingyun, still has quite a bit of affection for our princess, ah, a place like the martial arts conference, the head of each sect has personally come, he actually dared to come out to save our princess, this kind of behavior that is not afraid of personal life and death, even we devils don't have many people who can do it ah, let alone the righteous alliance that are all hypocrites, hehe."

The Demon Cult Master said, "I was indeed surprised, but I just don't understand, when did he start to feel so deeply for Thousand Extremities? I remember more than ten years ago, when Thousand Jedi was infatuated with him, he couldn't even look at Thousand Jedi, and it was Thousand Jedi who shamelessly came to his door to stick his cold ass. No matter what, it's not in vain that Thousand Extremities personally went to the Yanshan Sect to avenge him this time."

"Hehe, Patriarch, then are you still stopping Wind Lightning from interacting with the princess?" Remember the URL .kanshu8.net

"Well, this, I haven't thought about it yet, if Wind Lightning can really inspire such a powerful potential, even I am not a match, talk about stopping it, this man has secrets and I'm afraid that his future achievements are beyond the reach of ordinary people, since he truly treats my daughter, there's no harm in fulfilling him."The Patriarch said.

"Hehe, congratulations to the Patriarch, for gaining such a good son-in-law."

"Alright, what good son-in-law, the eight words haven't even left the stage yet, besides, that Wind Lightning is now missing and is still unsure if he's dead or alive.Maybe he suddenly inspired such great strength in exchange for his life, or maybe he's already dead."

"Ah."

Mu Qianji was silently on the side, looking nervous.Inside Mu Qianji was thinking, "Where would Black Jiao take Omi to?"

"Bring back the Dragon School?Or somewhere else, this year, Tzu-Chen must be in some hidden place hitting the Ancestor realm, perhaps, Black Jiao is taking Tang Tzu-Chen to that place, but I don't even know where that place is.Where should I go to find him?Did Omi really exert this kind of strength with his life?"A thousand questions arose in Mu Qianji's head.

Mu Qianji didn't think that Black Jiao had brought Omi back to the other world, she thought that Black Jiao had taken Omi to the hidden place where he had struck the Ancestor Realm, she thought that Black Jiao and the Fire Demon Beast were with Omi this year.

"No, I'm going to find him."Mu Qianji immediately turned his horse around.

"Qianji, where are you going?"The Demonic Patriarch said at once.

"Father, I can't return to the Devil Sect with you, I have Wind Lightning on my mind and I must return to the Righteous Alliance to find him."

"You don't even know where he is."

"Even if I don't know, I can still ask around slowly, in short, I'm not going back with you, staying at the Demon Sect's headquarters is a cage for me, I

One day without peace, I must return to the Righteous Alliance and search for him."Mu Qianji said resolutely.

"Confused, you just escaped from their hands and now you're going back, you're looking for death."

"I will, the people of the Righteous Alliance will never think that I've run back again, it's safer for me for a while instead, father, I hope not to stop me."

"But."

"Don't worry, I won't die so easily, goodbye, father." Mu Qianji suddenly threw some beads to the ground, the beads exploded with a thud, and in between, countless smoke scattered, and Mu Qianji took the opportunity to disappear, but of course, the main reason why Mu Qianji ran away so easily was because the Demon Lord didn't exactly want to stop her either.

"Patriarch, did you really let the princess return to the Righteous Alliance again?"

"Alas, it's just a matter of time, let her go, the wind is so light for her, it's a matter of time for her to go back, I might as well let her go, I'm sure she'll take care of herself, before she was caught for rashly going to the Inkstone Mountain School, but she definitely won't be so rash this time."

At this moment, in another world, the flying ship landed in Wangjing City.

Everyone immediately gathered around.

Another year had passed since Omi's last departure. Of course, this year was short-lived for Omi, as Omi had almost only done one thing, and that was to impact the Ancestor Realm.

"What's wrong with Omi?" Yan Long saw that Omi was unconscious and was busy asking.

Black Jiao said, "I don't know, I just brought him back."

"Brother Omi."

"Tzu-Chen."

Everyone gathered around nervously.

The Fire Demon Beast cried, "By today, brother minister has been unconscious for seven or eight days, he hasn't woken up for so long, will something happen to him."

"Bah, bah, crow's feet." Black Jiao said.

"Then why has it been so long."

Xiao Meng cried, "What exactly happened, can't you guys tell us?"

"I'll tell you." Black Jiao said the whole thing.

At that moment, Xu Mei Qian said, "I see, is it Life Blood Hidden?"

"What's a Life Blood Crypt?" The Fire Demon Beast was puzzled.

"Life Blood Hiding, is a martial skill that Zi Chen hid deep in his mind and in his memories before he was five years old, a memory that relates to Zi Chen's origins, but he redundantly couldn't remember it, he only remembered this Life Blood Hiding. It was a life-preserving martial skill, in the memories of Zi Chen before he was five years old, it was Zi Chen's mother who made him learn it, but he could only use it in a critical situation, because if he used it, the consequences would be severe, his meridians would be shattered, and he would also be unconscious, for a year and a half or several months in the long run. More than ten years ago, when Yan Long was emperor, Yan Long's younger brother tried to kill Omi, and Omi used Life Blood Hidden to kill Yan Long's younger brother. After that, he was fortunate enough to possess the Emperor's Insect and was able to restore his meridians. However, before, it was Omi's own guess, the knock-off version of Life Blood Crypt, this time, it should be the real version of Life Blood Crypt, so it's more powerful and the aftermath is worse."

"So that's how it is, Brother Chen still has an origin, I thought he was born in the Divine Dragon Sect."

"About Tzu-Chen's origins, he himself doesn't know, he was adopted by the Divine Dragon Sect after he was five years old, his memories before he was five years old, too vague, he only remembers having a mother who made him remember the Life Blood Hiding, which can save his life at critical times, his mother, like she has quite a big origin. Alright, Tzu-Chen should be waking up, let's carry him into the room."

"Good." Everyone carried Omi into the room and let him sleep quietly.

1140

Omi didn't know how long it had been, it felt like a long deep sleep.

During this time of deep sleep, Omi felt that he had a long dream, in the dream, he had a mom and dad, he had a happy family, but then something happened, and the happy family was gone in a flash.

Omi felt a headache and struggled to get up from the bed.

"You're awake, you're finally awake, Senior Omi is awake."

Omi was still confused when he heard the shouts of a maid-like voice, and soon after, many many people poured in.

Omi's mind gradually became clearer, and he discovered that he was in the Wangjing City Palace.

Omi was a bit confused, he remembered that he had lost his mind when he was attending the martial arts tournament in the Liang Shan School in another world because Mu Qianji was burned alive, at the last moment, Omi remembered Life Blood Hidden, then, he cast the real Life Blood Hidden.

A true Life Blood Hidden, at the cost of squeezing all one's potential, in a pinch, one could exert strength tens to hundreds of times greater than one's own.

At that time, after Omi displayed the Life Blood Crypt, his strength soared, killing the Martial World Master and several late Grandmaster powerhouses on the spot.

However, there was a time limit for the Life Blood Invisibility, and in about thirty seconds, Omi collapsed into a coma, exhausted and shattered.

This woke up, but in Wangjing City. A second to remember to read the book

"Omi, you're awake, great, you're finally awake." Xu Mei Qian, Liona, Samira, Simran, and Qi Xue Yun, the five of them, were excitedly lying on the edge of the bed, grabbing Omi's hand.

"Omi, you're awake." Wang Xing and the others laughed.

Omi asked, "Why am I here?"

"It was the Fire Beast and the Black Jiao that brought you here."

"Oh." Omi nodded, Omi felt a pain inside as the image of Mu Qianji being burned alive by Tie Shui suddenly flashed in his mind.

Omi's heart ached as he covered his chest.

The crowd in front of the bed seemed to know why.

Liu Yue comforted, "Omi, take solace."

"Yes, Omi, what's the use of suffering when death can't bring you back to life, save your grief."

However, none of them were Omi, how could they know how much this pain hurt.

Omi clenched his fists and said through clenched teeth, "This revenge will not go away."

At that moment, Simran said, "Omi, don't think about revenge yet, let's think about how to recover your body."

Only after being reminded by Simran did Omi suddenly think of himself.

Yes, Omi had cast Life Blood Hidden, the consequences of that were extremely serious, the meridians were completely shattered, no, to be precise, completely destroyed. Shattered could still be repaired, ruined, that is, gone. The copycat versions of Life Blood Hiding that were performed in the past were shattered and later repaired by taking the Emperor Insect, but now, the real Life Blood Hiding was directly destroyed.

A person with no meridians was trash.

In Omi's infantile memories, his mother had already told her that if it wasn't a matter of life and death, she should never use the Life Blood Hidden, as it was only a means to save her life, not a means to fight the enemy. Therefore, Omi's life was preserved even though he had turned into a waste, and that was the meaning of 'Life Blood Cain'.

"How long was I unconscious for?" Omi asked.

Liona was the first to say, "It's almost a year."

"What."

"Yes, almost a year."

&nbs

p; "Phew." Omi exhaled deeply, but he had been unconscious for almost a year, and his meridians were completely destroyed, this really was very life blood hidden ah.

Omi swept a glance at everyone, each of them had improved their martial arts realm a lot, if you counted the previous year when Omi struck the Ancestor Realm, Omi hadn't seen them for two years, in two years, each of them had changed too much, even Liona now, had stepped into the middle stage of the Unity Realm.

Little Meng, on the other hand, is afraid that she has already reached the peak of the Unity Realm Grand Perfection.

"Brother Omi, your meridians?" Xiao Meng asked.

Omi said, "It's completely ruined, I don't have any meridians anymore, I'm already useless."

"Ah, it's really that bad, can we still repair it if we go to the Emperor Worm?"

"It can't be repaired, the Emperor Worm is of limited use, I've already stepped into the Ancestor realm, the Emperor Worm is not that useful to my body anymore, besides, I'm a ruined meridian and it's been another year, how else can I repair it."

"Ah, then, what about that?"

"Hehe, turned into a waste, it doesn't matter, I had already thought of this result, when I cast Life Blood Hidden, I said in my heart that I wouldn't regret it, Mu Qianji is also dead, what do I need such a strong martial art for." Omi smiled bitterly.

"Omi, don't give up."

"Alright, I'll be alone for a while, you guys go out."

"Ugh."

Omi was alone in his room, dazed for a while, but he couldn't calm down inside, in fact, Omi's heart wasn't even free of hatred, Omi only wanted to go back and destroy the Liang Shan School and take revenge for Mu Qianji, but now, everything was a fantasy.

He has become a loser.

Omi reluctantly climbed up from the bed, Omi picked up a sword in the room and didn't know who it belonged to.

Omi wanted to see if he could still use the sword.

However, as if it was a scholar with no hands dancing with a sword, Omi's current strength was just enough for him to lift the bowl and pick up the chopsticks, barely not turning into a sick man who wanted to be waited on.

"Ah." Omi threw his sword in anger, and it fell to the ground without even making a loud noise, because the power was small.

"I'm a clan master, I really have become a waste, hahaha, hahaha." Omi laughed.

"However, in order to avenge Mu Qianji, I have no regrets, and if I choose to do it again, I will still display Life Blood Hidden and kill the Martial Master." Omi said resolutely.

Since there were no regrets, there was nothing to suffer, Omi comforted himself.

Omi opened the door, everyone was standing outside and looked at Omi as they saw him come out.

"Alright, I'm fine, besides, I don't believe that I'll really be unable to train martial arts in my life."

"Hmm."

"Prepare food for me, I'm hungry."

“Good.”

“By the way, where are Little Fire and Little Black?”

“Uh, they said they went to get you the Emperor Worm, and the Fire Beast said it’s Diamond Head is awesome, so they went to get you the Emperor Worm, but they’ve been gone for almost ten months, and they haven’t come back yet.”

“Been gone for that long.”

“How can an emperor worm be so easy to find.”

Omi nodded, although the Emperor Worm could no longer repair his meridians, thanks to their piece of mind.

For Omi to recover, he had to regenerate his meridians, which meant that Omi had to get something to regenerate his meridians.
