

King of kings 1171-1175

Chapter 1171

Omi walked out of the house, and Changsun wept as she watched Omi leave.

"Mama, Mama, what's wrong with you?" The little girl ran to Chang Sun's side and said.

"It's okay mommy, mommy is just venting the emotions she's been holding inside, it's good to let it out now. He was right not to accept me in the first place, at least for him, I was a beautiful woman back then, but now I'm just a middle-aged woman, and he's still young and handsome, we're not even on the same page."

Omi was a little distracted by finding his brothers and sisters.

"Hey, Omi, why don't you look too good?" Yang Yijian asked with confusion.

Wang Xing laughed, "There's still no need to guess, it must have seen the old lover that I met in the beginning, I'm afraid, unfortunately, the old lover that I met in the beginning has crow's feet, just refer to the Long Tianqin, Omi's mood is understandable."

Omi said speechlessly, "Just you can guess."

"That means I guessed right."

Omi nodded his head, "Yes, I saw Chang Sun Wu Yan, the youthful and beautiful girl who was full of vigor is gone, and I saw my friend from the beginning suddenly become old, do you understand this feeling?"

"Of course I understand."

Wang Xing hehely smiled and asked, "Honestly, did you ever do that with her in the first place?" First web site m . kanshu8.net

Omi gave a blank look at Wang Xing.

"Say it, your brothers and sisters, and your little sister, Xu Mei Qian and the others are all far away, they won't hear."

Omi said uncertainly, "I don't know, I forgot, it seems like there is, it seems like there isn't, just, I don't want to, people's daughters are seven or eight years old, everything is in the past."

"Then there is gob, hahaha."

"Laughing fart ah you, don't talk nonsense about this." Omi kicked Wang Xing's ass and sent him flying.

Omi then went to Professor Lin Han's place after that, back then, Professor Lin Han had a great favor for Omi, such as when Liona was sleeping, it was in his basement.

Omi and the others had lunch at Professor Lin Han's house.

Nowadays, Professor Lin Han was almost sixty years old, a lot paler than twenty years ago, and was considered to be half a grandfather.

Professor Lin Han even marveled at Omi, who was still so young, and of course, also marveled at Xu Mei Qian, Liona, Wang Xing Liu Yue and the others, who were lucky enough to follow Omi, and had become so young and so talented.

Omi asked, "President of the Martial Academy, is he still here?"

Professor Lin Han said, "Not anymore, he left Wulin Island, and I haven't heard from him."

"Alright."

In the afternoon, Omi headed back to the Peach Blossom Source of Martial Island, where the former island master and his disciples lived.

Unfortunately, when Omi arrived at the Peach Blossom Source, he didn't see Jin Daofu, Lin Bai, or anyone else.

"What kind of people dare to trespass on my place." An angry voice came out, and in the next moment, a strong man at the peak of the Unity Realm rushed out.

Omi said, "You must be the current Martial Island's island master."

"Uh, you, you're Senior Omi?" The other recognized Don Zixin at once.

"Yes, it's me."

"Pay your respects to Senior Tang." The man bowed.

"Alright, what's your name?"

"Senior Yang Baddou."

"Yang Baddou, you're a new peak right."

"Yes."

"Where are the few disciples of the former island master, Gold Daoist, Lin Bai and the others, now?" Omi asked.

Yang Baduo said, "They are all still in their original places, the world village and the novice village, I didn't drive them away."

Omi nodded his head in satisfaction.

At this moment, Yang Baddou's heart was secretly

Luckily, it was fortunate that they weren't driven away, otherwise, today would have been the end of the day, I had also heard that the former island master had a good relationship with Omi, so he left himself a way out, and didn't make things difficult for Lin Bai, Jin Daofu, and the old dean of the Martial Arts Academy, or even the four major island protection families.

Omi soon left and arrived at the world village.

"Haha, Omi." Two old men laughed when they saw Omi, it was Jin Daoist and Lin Bai, they were playing chess.

"Gentlemen, long time no see, still so fond of playing chess." Omi said.

"Omi, long time no see indeed, how have you been? What level of martial arts skills are you at?" Lin Bai asked.

Omi didn't conceal anything and said, "Mid-stage of the Sect Master realm."

"Tsk tsk, you've really stepped into the Zongshi, at first, our master felt that your future was extraordinary, as expected, but unfortunately, our master is no longer able to see a true Zongshi realm powerhouse." Jin Daoist said.

Omi laughed and asked, "Where is your senior brother, the old president of the Martial Academy?"

"Ugh, dead."

"Dead? Who killed it?"

"It's the day of the big deadline to die, just last year."

"So."

"Yeah, even us, the big day has come," Jindolph said.

"Ah." Don looked at the two old men, not realizing that they would have to leave this world as well.

"There's nothing to sigh about, everyone does, in comparison, we've stepped into the Unity Realm and our lifespans have been decades longer than ordinary people, that's enough."

Omi asked, "How old are you guys this year?"

"118, ordinary people, how many of them can live to be 118, and I expect, next year, or this year, I'll be dead," Lindbergh said.

"Me too, and I don't know which of us, who will die first, will be responsible for burying it when the time comes, whoever dies behind us." Jin Daoist smiled, as if life and death were very honest for them.

Omi, on the other hand, had a faint sadness inside.

Unfortunately, Omi wasn't a god, he couldn't change anything, even Omi would face death one day, no one could escape a death in this world, it was just a matter of order. The world's people, chasing the ultimate martial arts, just want to live longer.

Omi sat down and played a few games of chess with the two old ghosts.

The younger sisters and brothers, holding a camera to take pictures of the scenery, they all seemed to love to take pictures, perhaps because they had never touched a camera before, to see what was new.

After playing a few games of chess, Omi said, "Alright, I can't play with you guys anymore, I have something to do."

"Whatever's on your mind, have dinner and stay the night before you go." Jindolph said irresistibly.

Omi nodded, "Alright, then, have a good night's stay, and if you have anything to eat at night, feel free to serve it up."

Lin Bai said, "I'll go back to the novice village, grab some wild goats to roast, and we'll have a whole goat feast."

"Good."

That night, Omi and the others, and Jindolph, Lin Bai, the two old men, drank freely.

Omi originally didn't want to, but on second thought, this was the last time he would meet them alive, and the next time he would come back to Martial Island, he would definitely not be able to meet the two old ghosts, Jindolph and Lin Bai, so Omi drank with them for the night, and Omi wasn't in a hurry to go to the Dungeon anyway.

Of course, the happiest ones were none other than Omi's brothers and sisters, they had been drinking together since they were young.

The next day, at dawn, Omi climbed up and actually fell asleep on the ground, with wine jars all over the floor.

Little Sister said in Omi's ear, "Brother Feng, wake up, hee hee."

Omi pinched Little Sister's face and asked, "How much did you drink last night?"

"Shishu was afraid to drink more, that's why she drank a jar."

1172

Omi looked at the wine jar beside him, he drank eight whole jars of wine, the wine jar was not big, but each jar must have been at least three pounds.

"Brother Feng, get up and brush your teeth, didn't you say you were going to take us to see the memory stone?"

"Oh, good."

After Omi and the others brushed their teeth and washed their faces for dinner, they immediately headed to the underground city.

"Senior Shi Ling."

"Senior Shi Ling."

Omi shouted dozens of times, but, no response could be seen.

Omi sighed inwardly, "Last time, the stone spirit said it would be the last time, but this time I'm here again, it definitely won't pay any attention to me."

"Brother Feng, Senior Shi Ling is saying?"

"It's hard to explain this at the moment, it seems we have no way to enter this memory stone, we really can't, we can only go to the world village and enter those three low-level memory stones."

At this moment, Omi suddenly felt a strong attraction, and in the next second, Omi found himself entering the memory stone to go. Remember the URL .kanshu8.net

"It's you again." There was Shi Ling's voice in the air.

"Ah, Senior Shi Ling, it's great that you're finally taking care of me."

"Zhang San, why are you back again?" Shi Ling said that Zhang San was the first time Omi entered this memory stone, his soul possessed a groom named 'Zhang San', so Shi Ling called him Zhang San.

"Senior Shi Ling, I just want to ask if there's still a chance to come back to this memory stone to practice, I've stepped into the middle stage of the sect, I want to improve quickly, and since I can't go back to the original world, we really need to enter this memory stone to practice." Omi pleaded.

"This memory stone already has insufficient energy."

"But the memory stone has been operating for countless years, so it's not a few days short."

"While it's true, I can't just start closing it down when I'm running out of energy, I have to think about the future."

"Alas, Senior Shi Ling, then, is there a way to increase the energy?" Don Zimmer asked.

"No."

"Why?"

"Because you don't have the ability to do so, the energy of the memory stone isn't a substance you can understand."

"So, it's true that we won't be able to practice at this memory stone anymore." Omi regretted.

After a short silence, Shi Ling said, "Maybe I can give you guys a chance."

"Uh, really?"

"There are now several aliens appearing in the Memory Stone, these aliens seem to have discovered that they are not real human beings, that is, he is already questioning the world he lives in, this kind of person is an alien, if this alien continues to exist, it will pose a threat to me, as he is likely to escalate into a new stone spirit. I can't remove this kind of alien anymore, so I must rely on outsiders to get rid of him, and if you still want to enter the Memory Stone, there is only one condition, and that is to remove these aliens. However, the danger is very great, and there's not much I can do to help you. If you are willing to help me remove the aliens, I will let you in."

"I'm willing." Omi immediately said.

"Think about it, it's not going to be easy."

"It doesn't matter, just think of it as an exercise, right, those aliens, how powerful are they, they shouldn't be beyond the Ancestor realm, right?"

"In this Memory Stone World, there are no existences that transcend clerics, and those aliens, are very powerful clerics, so don't be in a hurry to promise me .

You've been given a day to think."

"Good."

In the next moment, Omi's consciousness withdrew from the memory stone and his body rushed down from the waterfall outside.

Omi's brothers and sisters were waiting at the edge of the waterfall, and they seemed to know that Omi would soon dash down from this waterfall, because those friends of Omi said so.

Sure enough, it wasn't long before Omi rushed down from the waterfall.

"Brother Wind, you really did dash down from above, I didn't believe it when those friends of yours said it just now." Big Brother Feng.

Omi's teacher's wife asked, "Feng'er, did you really just enter the Memory Stone?"

"Yes, now I have something to tell you all, I just entered the Memory Stone and talked to Senior Shi Ling, who originally didn't allow us to enter the Memory Stone, but what, after my pleading, he said that he would give us a chance, but, we must help him with something."

"Uh, I don't think there's anything we can help him with, right?" Liu Yue was confused.

"There are, inside this memory stone, there are a few humans who have started to doubt the authenticity of the world they live in, and if we continue to let this kind of aliens exist, it's likely that they will escalate into new stone spirits, so we have to help the stone spirits get rid of those aliens, and the stone spirits themselves can't do that."

"Oh."

"But yeah, we'll probably die."

"What do you mean? I thought we exited the memory stone when we died in it?"

"No, this time it's different, if you get killed by those aliens, you're really dead."

"Ah, that's too dangerous."

"Yes, so, Shireen told me to think about it for a day and answer him tomorrow, what do you all think? In or out?"

Everyone hesitated, it would be good if the memory stone died, then it would be natural to exit the memory stone, but if the memory stone died, it would really die, it would be depressing.

Omi said, "I'm willing, I'm open to it anyway, there's no risk, where's the reward, isn't that what the experience is."

Xu Mei Qian said, "But in the past, almost one or two of us have died in every adventure. I'm afraid it's the same this time, by the time the adventure is over for us, one of us will have to burn paper for him."

Everyone felt a pang of fear.

Yes, the time that everyone remembered the most, going to the Forest of Ten Thousand Beasts and losing four friends at once.

Omi sighed, "What should we do then? Just because you're afraid of death, you don't practice, and other people practice, where there's a risk of death, ah."

Everyone was silent.

No one knew who would die at the end of this exercise, everyone, maybe Omi's teacher's wife, maybe one of Omi's brothers and sisters, maybe one of those friends of Omi's, or even Omi himself.

Yan Xinyi said, "I don't care, maybe a bit of training will help me impact the late stage of the Ancestor Realm." Yan Xinyi's will to live was not strong, so she did not give it much thought.

Omi's big brother laughed, "If you die, you won't know anything, what's there to be sad about, it's the living who should be sad, ah, so go ahead, hahaha."

"Us too, hahaha." Omi's brothers and sisters all nodded their heads and laughed.

Liu Yue said, "That's right, who doesn't die in life, if we don't fight, who knows how much potential we have, go."

With that, everyone hardened their scalp and chose to go.

1173

On this day, Omi and the others stayed in the small wooden room in front of the waterfall for a day, no one knew who would not be there when the training was over, so let's live as if it was the last day apart.

The next day, Omi, Yan Xinyi, Big Brother Xie Yong, Second Brother Hao Zizhu, Xia Chengbei, Senior Sister Aju, Fifth Brother Lingxuan, Sixth Brother Zhao Jian, and Junior Sister Qin Ren. There was also a group of Omi's friends Liu Yue, Wang Xing, Yang Yijian, Xu Mei Qian, Simran, Samira, Liona, Qi Xueyun, Xiaomeng and a group of 18 others, who entered the Dungeon once again.

Of course, Little Fire and Little Black couldn't enter the Memory Stone because they weren't human, so they had to play on their own. Omi heard, Little Black wanted to go find some python sisters to play, Omi was also drunk, Little Black is really hungry ah, self-proclaimed superior dragon, but helpless to go find a lower species level python sister.

Omi's group of eighteen people, standing in the underground city, Omi shouted, "Senior Shi Ling, we're here."

In the next moment, everyone felt an attraction sucking them in, and in the next second, everyone disappeared.

Little Fire, who was still in the Dungeon, cried out, "You all have to come back alive."

In the blink of an eye, Omi and the others all entered the memory stone.

However, they couldn't have physically entered, it was just consciousness, so their consciousnesses were attached to the primitive humans in the memory stone.

At this moment, Omi's eyes opened to find that he was wearing a groom's uniform and was holding a ceremony of worship with a woman wearing a red cap on her head.

"I'll go." Omi was really speechless, how come he wasn't having his consciousness possessed into that Zhang San from before, but he had repossessed a body.

The entire palace was full of guests, Omi was a bit cavalier at the moment. One second to remember to read the book

"Send them into the bridal chamber." At that moment, there was a shout from a master of ceremonies, and then, two maids on the left and right, held Omi and that bride, respectively, and walked towards the bridal chamber.

The rest of the people who entered the memory stone also each attached themselves to someone's body, others still would, but Omi's brothers and sisters were all blinded, although Omi had already said what kind of memory stone, but first-hand experience was still incredible.

Omi did not make a mess in the main hall? or into the bridal chamber to say, also do not know where the others are attached to go.

Omi was instantly pushed into the bridal chamber, and the maid closed the door of the bridal chamber.

Omi didn't bother with that bride, and immediately took off the saffron or whatever she was wearing, and in his mind Omi asked, "Shi Ling, what's going on with you, why don't you let me continue to be possessed by that groom called

Zhang San, heck, you really want me to be in the bridal chamber as soon as I come in."

There was a voice from Shi Ling in my ears, "There are a lot of people entering the memory stone this time, so it's random."

"Alright, so where am I now? And where are the aliens you speak of to purge? How do we remove it? You've got to talk to me about it somehow, and where are my mates?"

Shi Ling said, "What's the hurry, there are five aliens that I need your help to remove this time, out of these five, one is in the middle of the Zongshi realm, one is in the late Zongshi realm, two are in the complete Zongshi realm, and one is in the complete Zongshi realm. Starting with the weakest, the weakest one is called Yang Nuan. Yang Nuan is the person from the city you are currently in, the city's lord, the strongest person in the city, the first target, Yang Nuan."

&nb

sp; "Well, what about the rest of my buddies?"

"It's all in this city, I'll have them come to you."

"Okay." Omi ended his conversation with Shi Ling.

Then, only then did Omi look at that bride in the room.

Right now, that bride had removed her red cover and was looking at Omi vigilantly.

Seeing Omi's gaze on her, that bride warned, "Don't touch me, or I'll only kill you."

Omi's eyebrows furrowed, did this woman who married him not do so willingly? It was this man who was forced to marry Omi's possession.

Omi smiled hehehe, "You've already paid your respects to me, we're justifiably married, I can do whatever I want to you, don't you think."

"Try touching me." That bride threatened.

Omi saw this bride, who was quite marked and arrogant, and couldn't help but become even more interested.

"Hahaha, is that so, then come and try it." Omi deliberately shook on his pants waistband, acting like he was going to take it off.

"Looking for death." The bride suddenly killed Omi.

Omi felt her killing intent and was taken aback that it came true and, with one deadly blow.

"Wait, it's me." Omi was busy shouting.

At that moment, the bride stopped.

Omi said awkwardly, "It's me, Auntie, Windy."

"Ah, Windy, how come it's you?" The bride was greatly shocked.

Omi had just instantly recognized Shiniya's martial arts moves, so he was shocked, but the bride, as it turned out, was possessed by Shiniya's consciousness. Omi was really depressed, it was too embarrassing to have just shown a man's true colors.

"Shisuniang, why didn't you say something earlier, causing me to be like this." Omi said.

Omi's teacher's wife gushed, "Feng'er, you're too bad, is this the real you? The way you look in front of me is all pretend ah, if this bride today is not me, then won't it be you, by you, well stop talking." The teacher's wife blushed and continued to gaze at Omi.

"Uh, that teacher's wife, you misunderstood, I'm really not this kind of person, I just saw you resist so much, I thought I was forced to marry someone in my body, so I was just teasing her la, I'm really not this kind of person, you know me." Omi was busy explaining.

"Alright, I'm just joking with you, I've watched you grow up since you were little, how could I not know what kind of person you are, it's just that after all, you've lived in another world for more than ten years and had so many girlfriends in another world, I don't know if you've gone bad, after all, the other world is too open."

Omi busily swore, "Shisuniang, Feng'er really hasn't gone bad."

"Alright, let's not talk about that, where are the others? What do we do next?"

Omi said, "I've just contacted Shi Ling, and Shi Ling said that he would notify the others to come here to find me, and the others are all over this city. Our first target for removal is the lord of this city, her name is Yang Nuan, she is a mid-stage Ancestral Master. I think it will be easier for me to deal with this mid Zongshi alien, so let me deal with this alien."

1174

"Just one deviant?" Sensei asked.

"More than that, five of them, and one is stronger than the other, so I'm afraid we'll have to be prepared for a long war here."

"How long is long term?"

"I'm afraid it'll be more than ten years by the time we kill the last of the Ancestral Master Realm Great Perfection aliens, we have to kill them, first we have to raise our own strength, we have to raise it to the Ancestral Master Realm Great Perfection, how long do you think that will take, ten years at the earliest."

"Ah, we're going to be here for ten years."

"Yes, most likely, even far more than that. It doesn't matter lah, Master Teacher, in this memory stone, even though it's just a 'video' recorded for five hundred years, it's incomparably real, and we can't find any opponents in the real world outside anyway, so coming to this memory stone power is the best option."

"This memory stone, it's really recorded for 500 years?"

"Yeah, it's the equivalent of a video, shot over five hundred years, with enough consciousness going into the video to take a person from out of life to death. A friend of mine's older brother was mistakenly here when he was a child, and he has not finished 'playing' this memory stone since he was a child."

"A memory stone, what a magical and mysterious thing, and I don't know who made it."

"Well, it is indeed magical and mysterious, but it is not something we can know about, perhaps we are ants to the person who made the memory stone. No, the person who can make the memory stone is no longer a species at the same level, we are just lowly creatures like snakes and rats and ants in his eyes."

"Alright, let's go out." Sensei said, because Sensei felt that it was quite awkward for them to be alone in a room. First URL m . kanshu8.net

Omi also felt quite embarrassed.

Then they walked out of the room.

At that moment, in Omi's mind, Shi Ling reminded him, "Zhang San, I have to remind you that it's best not to reveal your identity."

"What do you mean?" Omi frowned.

"Because once you reveal that you're from the outside world, not this world, then the aliens have a special immunity against you."

"You mean, immunity?"

"You could describe it that way, that's why I can't remove these aliens." Shi Ling Dao.

"Oh, according to you, we can't reveal a bit of our identities."

"Not just that, but we can't let those aliens detect your identities at all."

"Then how are we supposed to kill them? So that they don't get suspicious?"

"It depends on your methods, revenge killings, love killings, plenty of them, the first target, Yang Nuan, is a woman, you can use love killings."

"Uh, love killing, huh, that's not necessary."

"Whatever, you don't have to go for a rash kill anyway, just as long as there's a reason why the other party won't suspect the level of 'erasure'."

"Okay."

"If you need anything just say so, there's not much I can do to help you, but remember, be very careful, because if any of them kill you, they're really dead."

"Oh, and what if we immediately exit this memory stone when they're about to kill us?" Omi asked.

Shi Ling said, "Theoretically, when they were about to cut you to death with one slash, I immediately

By allowing you to exit the memory stone, you can indeed remain immortal. But I will not do that."

"Why?"

"Because if I do that, they will most likely get validation that the world they've been suspecting all along is actually fake, although the probability is not high, but no matter how small the probability is, I won't do it because I can't afford to risk it. Once those alien suspicions are validated, they will immediately upgrade to stone spirits, the same as me, do you think I will put us in any danger because of your death? Definitely not."

"Ugh, okay."

"Zhang San, there's no turning back now, if you want to live you'll have to kill those five aliens, otherwise I won't let you out alive, as I told you before."

"Alright."

Omi ended his conversation with Shi Ling.

Omi's mentor asked, "Did Shi Ling tell you something again?"

"The stone spirits said that we can't expose our identities, meaning that we can't let those aliens think that we are people from the outside world, or people who have come to erase them, we have to make them think that we are also innate to this world, otherwise once exposed, we are immune to any attacks from the aliens, we will never be able to kill them, and they will also upgrade to stone spirits. Once any of them are upgraded to stone spirits, then I'm afraid we won't be able to get out alive, because they will kill us as if they were squeezing ants."

"Ah, it's so hard."

"Yeah, we have to be careful, we'd rather spend an extra ten years, or more, just to make sure just in case, I don't want to lose any of my brothers and friends."

"Well, yes, we want everyone to get out alive."

At that moment, a matchmaker dressed as a matchmaker came and busily said, "Young Master, Young Lady, you can't come out, you must stay in the bridal chamber, the moment I set off the firecrackers, you will immediately bridal chamber, so that you can add a little baby next year."

Omi's teacher's wife blushed.

Omi snorted, "Cave, cave your sister."

"Ah, young master, you?" That matchmaker was stunned, how could the young master say such rude words on the big day.

Omi's teacher's wife was busy pulling Omi and said, "We'll go in right away."

Then, they returned to the bridal chamber.

"Sensei, we can leave it alone, we're not really the ones from this memory stone."

"Feng'er, didn't Shi Ling just say that we can't reveal our identity, even any hint of suspicion, look at this household now, it's definitely neither rich nor wealthy, and the first target we want to kill, Yang Nuan, is the lord of this city, if something unusual happens here, she might suspect something in case she learns about it. Those aliens, who are already doubting the reality of this world, will get suspicious at the slightest unusual thing, we should be more careful." Sensei said.

"But you are my Sensei, it's a sin of a disciple for us to be alone in a room like this."

"Alright, what's there to be afraid of if you know I'm your teacher's wife, let's just sit here and talk and drink tea."

"Ohhh, okay."

At this moment, there were gongs and drums beating outside, as if the feast had started.

Omi was a bit confused, in this world marriage, the groom is also hiding in the bridal chamber ah?It is reasonable to say that the groom to go out to toast only, even the bride and groom together to hide in the bridal chamber, but also what firecrackers immediately after the sound of the bridal chamber, funny.

1175

Omi poured a cup of tea, then sipped the melon seeds and other things on the table while chatting with Shizuo, mainly talking about what happened when Shizuo was young.

Omi also asked, "Shiniang, why did you and Master never have children?By all means."

The teacher's wife was a little embarrassed and said, "It's the teacher's wife who's useless, unable to give your master a boy or a girl."

"Uh, why?"

"Alright, Windy, don't ask about a woman's house."

"Oh oh, but Feng'er doesn't understand, Shisuniang and Shibu are both divine doctors, it's reasonable to say that any physical infertile disease can be healed ah."

Yan Xinyi glared at Omi and said, "How much do you know about women's family matters."

"Che."Omi said in his heart, I've taken biology classes.

"Don't say it."

"Alright, don't say it."

Yan Xinyi's eyes darkened a bit, definitely thinking of Master Omi. Remember the URL . kanshu8 . net

Omi should have known not to ask Shizuo this question, causing Shizuo to think of her master sad.

At this moment, outside of this residence, a few big men walked in, because there were already many guests, so they didn't attract attention, those few big men simply sat down at a few empty tables to drink the wedding banquet together .

These big men, Omi's big brother, third senior brother, as well as Liu Yue and Wang Xing, were all possessed by the big men.

They were informed by Shi Ling and came here to look for Omi, who was the groom of this residence, remember not to do anything abnormal to avoid letting the aliens discover anything unusual.

Therefore, they entered the residence before rushing to find Omi, but first sat down to drink the wedding banquet, plus Omi's big brother Xie Yong could not walk when he saw the wine.

The banquet began, and at this time firecrackers were set off.

Omi and Yan Xinyi, who were in the bridal chamber, felt quite embarrassed when they heard the sound of firecrackers.

The matchmaker at the door was reminding, "Young Master, Young Lady, let's start the hole."

Omi was so embarrassed that he really wanted to go out and kick that matchmaker to death.

"Madam, don't listen to the outside."

"Well, I know, it looks like we're really going to have to make long-term plans here."

Omi said, "The strongest person in this world is only a Zongshi Realm Grand Perfection, it's similar to the river we came from, so let's just go back. If we really killed those five aliens, that means we're all at least at the Ancestor Realm Grand Perfection, or complete, at that time, it would be nice if we really went back."

"Let's hope we can still get out alive."

"Definitely."

Outside the place where the wedding banquet was being held, people were arriving one after another, they were all Omi's companions.

Soon, there were already eighteen people, and they all used secret codes to identify each other.

Little Sister was busy saying, "There's still Senior Brother Feng and Senior Teacher's Aunt who didn't come, and Senior Brother Feng is the groom in this mansion, so where's Senior Teacher's Aunt?"

"Don't worry, Shishu should be here soon too, and Shishu must have received a message from Shi Ling." Eldest Senior Brother said.

Second Senior Brother said, "Alright, since we're here, let's have a nice wedding banquet, no matter what we say, it's still Wind Senior Brother's wedding banquet."

Wang Xing said, "I see that Omi is having a quickie with his bride at the moment."

Xu Mei Qian glared, "Don't say that, Omi is not such a person."

Wang Xing bit into a chicken leg and said, "In case the bride is beautiful, I'm afraid that Omi will forget about us when he plays with her, and besides, he won't sleep for nothing."

The little junior sister frowned, feeling that this Wang Xing so filthy language, she really couldn't listen to it.

Fifth Senior Brother Spirit Monkey said, "Yeah, why didn't Brother Feng come out to us? Doesn't he know about us?"

&n

bsp; "I guess they don't want to reveal their identities, everyone take it easy."

And so, until the banquet was over, all the guests left.

Omi was also finally able to go out.

Omi opened the door of his room and pretended to tidy up his clothes, looking like he had just gotten up, and his teacher's wife blushed speechlessly for a while.

In his mind, Omi said to Shi Ling, "Give me the identity information of this body."

In the next moment, a wave of information flooded into Omi's brain, and Omi instantly knew the information about this body.

"Kuan'er, how was the bridal chamber?" He met a middle-aged woman.

Omi smiled, "Mother, that's good, that's good."

"Hehe, that's good, I hope to have a chubby little baby next year."

"Ahem." Omi walked out of the main hall, not knowing where the others were.

At that moment, Omi saw that there were a few big men at the entrance waving at Omi.

Omi knew at once that they must be the senior brothers and the others.

Omi used his identity as a friend and asked the maid to invite them inside, pretending to continue drinking with Omi.

"Brother Feng, why did you take so long to come out?" Big Brother asked.

Omi said, "Don't say it, I'm also depressed, in this world, during the banquet, the bride and groom must be in the bridal chamber."

"Honestly, did you have anything happen with the bride? Why is it so unfair that every time you enter the memory stone, you have an erotic encounter." Liu Yue Dao.

Omi said, "Don't talk nonsense, the bride is my teacher's wife, we're just drinking tea and chatting in the room."

"Ah, it's the teacher's wife." Omi's brothers and sisters were shocked and looked at Omi with strange eyes.

"Why are you looking at me like that, what else can I do to my teacher's mother?"

"That's true, we still know what Senior Brother Feng is like." Big Brother said.

That's when everyone stopped looking at Omi.

Shisuniang wasn't Omi's alone, if Omi really dared to do anything to Shisuniang, he would definitely be chopped to death by the other senior brothers, of course, Omi wasn't such a person.

Little Sister asked, "What about Shisuniang? Why aren't you out yet?"

"As a bride, she can't come out of the bridal chamber today, and she doesn't want to cause any unnecessary trouble."

"Alas, it's really bitter for Shisuniang."

Omi smiled, "Little Sister, I really wish the bride was you." Omi said with an ambiguous look in his eyes.

Little Senior Sister lowered her head and blushed.

This scene was seen by Xu Mei Qian, Liona and the others, Omi's ambiguous eyes with his little sister made them a bit unnatural, avoiding their gaze and pretending not to see.

Omi asked, "Do you all know about the first target?"

"Got it. Shi Ling sent us the first alien target, it's the lord of this city, Yang Nuan, we just asked around with the other guests while we were having the wedding banquet, this Yang Nuan is a genius, it can almost be described as exceptional, I'm afraid it's not that easy to complete the target, and we have to kill her without her having any suspicions at all."

"Yes, once she develops suspicion in the process of killing her, she will likely immediately escalate to a stone spirit, at which point, it will be easy for her to pin us down, which is indeed difficult." Omi said.

Big Brother said, "Since she's a woman, then it's love killing or revenge killing, Brother Feng, you choose. Anyway, the task of killing the aliens is ultimately done by you and your teacher's wife, or junior sister and others, it's impossible to rely on us, we come in for training, we also do it with other people, we don't do it with the aliens, we try to avoid contact with the aliens to reduce accidents."

"Good." Omi nodded, this was quite good, reduce accidents, their strength was low anyway, the likelihood of killing the aliens was too low.
