

King of kings 1211–1215

Chapter 1211

Xu Yan smiled, "What? You're distressed by me, if you're distressed by me, then why don't, I give you my first time."

Omi looked at Xu Yan's bloated body, and her dark yellow and obviously wrinkled skin, and his scalp went numb.

Although she was a goddess thirty years ago, that was already thirty years ago.

Xu Yan snorted, "I knew you didn't really feel sorry for me, hypocritical."

"No, I truly want you to live a happy life."

"In that case, do you dare to date me?"

"Hahaha, Xu Yan, our pure friendship can't be messed with."

"Come on." Xu Yan snorted, a little depressed inside, was she really so bad now that Omi couldn't do anything about it? Omi put a hold on it or not. However, Xu Yan suddenly remembered that it seemed that thirty years ago, Omi did not like her, so thinking, Xu Yan had nothing to be depressed about.

Omi chatted with Xu Yan for not very long before a servant came to call Omi, "Senior Tang, Senior Liona asked me to inform you that a lady named Song Yu'er is here."

"Uh, Song Yu'er." Omi was startled, so he said how come she hadn't come, but he didn't expect that she would come.

"Xu Yan, I'm not talking to you anymore." Remember the URL . kanshu8 . net

"Alright, I'll also go with you to meet Song Yu'er, I've heard that she's undergone a drastic change now."

"So you know about it too."

Omi arrived at one of the palace's main halls.

"Where's Song Yu'er?" Omi asked, "No Song Yu'er was seen in the main hall, only Liona and Simran were there."

Simran said, "Liu Yue took her out for a walk."

"Uh, Liu Yue."

"Yeah, don't you know, Liu Yue used to be super fond of Song Yu'er ah, but now that Liu Yue has become a strong Ancestor and Song Yu'er has risen, Liu Yue seems to have ideas ah."

"Oh." Omi smiled, Omi remembered that decades ago in Linjiang City, Liu Yue had just won the title of Imperial Talent, Song Yu'er's family wanted Liu Yue to marry Song Yu'er so that their family could return to the core of the family, as a result, Liu Yue refused, because at that time, Song Yu'er was still a not very good martial artist, while Liu Yue was an Imperial Talent, the difference was too big.

Unexpectedly, now that Liu Yue had seen Song Yu'er's rise, she was thinking of chasing Song Yu'er again. However, Omi wouldn't say anything about Liu Yue's power or anything like that, after all, Liu Yue was his brother, so naturally, he hoped that Liu Yue would really be able to regain Song Yu'er.

On a small road within the palace, Liu Yue took Song Yu'er on a tour of the Imperial Garden.

Song Yu'er was wearing a light green plaid shirt, her body was rugged and misshapen, still like the body that made people lust at a glance when she was at Bai Yun High School thirty years ago. Only, what was different was that Song Yu'er was wearing a golden mask on her face, this mask did not cover all of her face, it covered above the middle of her nose, leaving only two eyes, there was no mask below the middle of her nose, you could see her brightly colored lips, and from the skin on her uncovered face, she seemed completely the same as when she was in high school, including her figure.

No wonder Liu Yue was so positive at the moment, swallowing drool at all times.

"Yu'er, why don't you take off your mask?" Liu Yue said.

"Why should I take it off." Song Yu'er said coldly.

"Uh." Liu Yue felt a little embarrassed, Song Yu'er's personality seemed to be completely different from the high school girl he remembered.

"

Are you still sick of me?" Liu Yue asked.

"Oh, you're just one of my bodyguards back then, I hate you so much it's baffling, you're overthinking it, Liu Yue. You invited me out for a walk, but only for the sake of your loyalty to me back then."

"I'll go, what a loyal and devoted person, can you not belittle me, I'm a strong Ancestor realm now."

"No matter how Ancestor Realm, you're still just a dog of Omi."

"You you you." Liu Yue burst into rage, Song Yu'er actually said such words.

"Yu'er, that's too much to say, Omi and I are friends, good friends."

"Che, typical kneeling for a long time, don't know you can still stand up."

"You, forget it, I don't care to discuss this topic with you. Anyway, Yu'er, in the future, if you don't understand anything, you can come and ask me, I am after all a strong Ancestor, I can guide you to reach the Ancestor realm faster." Liu Yue said kindly.

Song Yu'er, however, sneered.

Liu Yue depressedly said, "What are you sneering at, did I say anything wrong?"

"Liu Yue, forget you, I swear, one day in the future, even Omi will want me to guide him, and you, huh, go to hell."

"You you you, how dare you talk to me like that."

Song Yu'er swept a contemptuous glance at Liu Yue, then quickly walked away.

Liu Yue looked at Song Yu'er's back, although it was so attractive, but, suddenly it felt, this is a thorny rose, Song Yu'er is no longer the same Song Yu'er, and I don't know what she has gone through, why she doesn't even care about Omi, in the future she still wants to surpass Omi, normal people wouldn't say that, because Omi is too hard to surpass.

Not long after Omi sat in the main hall, Song Yu'er walked in.

As soon as Omi saw Song Yu'er, he immediately recognized her as she actually hadn't changed in the slightest except for the half mask on her face.

"Haha, Song Yu'er." Omi walked up with a big smile, wanting to shake Song Yu'er's hand, after all, it was someone who had dealt with many people back then, and now that they were seeing each other again, Omi was a bit excited.

However, Song Yu'er took a step back and looked at Omi with a deep gaze.

"Uh." Omi looked a little embarrassed.

Song Yu'er said, "Omi, long time no see."

"Yes, it's been a long time, Song Yu'er, you seem to have changed a lot, I thought you were old enough to start square dancing, or at home with your grandchildren, but you're still so young, and seem to have a different temper." Omi said.

"Heh." Song Yu'er snapped slightly, her eyes had a confidence that even Omi could surpass.

Omi's eyebrows furrowed, what kind of strange encounter had Song Yu'er obtained, and why had she reached the peak of the Unity Realm Great Perfection.

"Song Yu'er, what exactly happened to you? Can we talk about it?"

Song Yu'er said, "There's nothing to say."

"Yoho, you've actually become arrogant, Song Yu'er, I'm grateful that you came to my wedding, but you're only a unity realm in front of me, and you don't have the capital to be arrogant in front of me yet. Perhaps you feel that you've gone against the grain, are awesome, and admire yourself, so you've become arrogant and unstoppable. Unfortunately, you're still an ant in front of me, Omi, today." Omi said somewhat unhappily, as Song Yu'er's appearance made him unhappy, what is a peak of the Unity Realm Grand Perfection, Omi Ancestral Perfection hadn't even spoken yet.

1212

Song Yu'er said, "Omi, one day, you'll lower your head in front of me, I promise."

"Hahaha, what the hell have you been stimulated to be so confident?"

"Alright, I'm here today, for the sake of having once been an alumni after all, to send you a happy new marriage wish, nothing else, Omi. Goodbye, no, never again." Song Yu'er immediately flew away, so fast that she was in the sky in the blink of an eye.

"Don't go." Omi chased after her, Song Yu'er's speed was so fast that Omi actually chased after her with some difficulty, and only after flying far out of Wangjing City did Omi stop her.

"Damn, you have a unity realm, how come you're so fast?" Omi was incredulous.

"Omi, what are you chasing me for? Could it be that you still want to invite me to drink your wedding wine, but unfortunately, I'm not interested."

Omi said, "Song Yu'er, what are you running for, you're insane ah, I haven't seen you for decades and you don't come to me, and when you meet me, you still look like you're speechless, it seems like I, Omi, haven't offended you, I can understand you hating Liu Yue, after all, he once rejected your father's request for a marriage, but me and you, do we have a grudge?"

"No."

"Then what do you mean?"

Song Yu'er's face calmed down a bit and said, "There's no point, back then you looked down on me, now I look down on you, that's all."

"I pooh, what are you so great at, and still look down on me, brother is not afraid to tell you, brother is now at the complete level of Ancestor realm, you want to surpass me, it would take less than twenty to thirty years, what are you proud of ah you." A second to remember to read the book

Song Yu'er said, "I'm not like you, alright, I'm leaving."

"What are you walking away from, stop."

Song Yu'er snorted, "You and I, we don't cross paths."

"Song Yu'er, I see that it's not easy for you to cultivate so far, so hang out with me from now on."

"Haha, that's hilarious."

"What do you mean? Is it funny if you hang out with me? Didn't you see Liu Yue and the others? Those who hang out with me are all clansmen now, and I guarantee that you will definitely be able to go on to be a clan master in the future."

"Hmph, Omi, you think you're the only one who has friends? I'm not going to lie, I do too, and you know who I hang out with? Shall I take you to meet and get to know my siblings?"

"Uh."

"My siblings, they're nearby, if you're interested, come with me."

Song Yu'er flew away.

Omi thought for a moment and followed her.

After flying for ten minutes to an unfamiliar place, Song Yu'er landed on the roof of a hotel and flew to a certain floor.

"Sister Rain, you're back."

"Sister Rain, you really don't want to drink Omi's wedding wine."

Several people shouted at Song Yu'er. It was as if Omi was the boss.

Omi flew in through the window and saw nine people, both men and women.

One of the women pointed at Omi and said, "Sister Rain, who is he?"

Song Yu'er didn't reply, but looked towards Omi and said, "Omi, all nine of them are my siblings, and each of them, right now, is above the late stage of the Unity Realm, and they're only between thirty and forty years old."

"Ugh." Omi was incredulous that Song Yu'er was also the leader of a small team, this identity shift was so different from before.

"Omi, do you think I can leave my brothers and sisters behind and hang out with you?"

Besides, I don't think I'd be better off hanging out with you."

"Well, Song Yu'er, I'm the one who underestimated you, it seems that you really have changed a lot."

Song Yu'er's group of friends were very surprised to see that it was the famous Omi.

Omi said, "Alright, since that's the case, I won't bother you, I still have to go back for business."

"No escort."

"When you have time in the future, you can bring your brothers and sisters and meet me at Wangjing City." Omi said.

Song Yu'er shook her head and said, "No need, there's no chance."

"Song Yu'er, don't say anything so desperate, goodbye." Omi flew away.

After Omi left, a woman said, "Sister Rain, you don't seem to have a very good tone towards Omi, why? Omi is known as a strong man, we can't afford to offend him."

"It's none of your business to ask less."

"Uh-oh." The woman threw up her tongue.

The other man said, "Sister Rain, when are we leaving this world? To that mysterious world? Did you just say that there's no chance to play with Don Zixon because we're leaving this world?"

"Rain, since you know Omi, why don't you tell him that we found a passage to the other world? If we travel to another world, with Omi along, I'm sure it will be much safer."

"Yeah, with a strong man like Omi there, then there will be less unknown dangers if we travel to that mysterious world."

Omi returned to Wangjing City and told everyone about Song Yu'er, and everyone found it unbelievable.

"Song Yu'er has changed too much, hasn't she?"

"It's so strange how she's changed so much, isn't it? What kind of adventure did she get? And she has a bunch of her own siblings now, and she's actually the big sister."

At this moment, Liu Yue was very depressed because Liu Yue had fallen in love with Song Yu'er again, and had planned to retrace her steps and thought she had a good chance, but unfortunately, she was not the same nowadays.

Omi said, "If I'm not wrong, Song Yu'er must have obtained some kind of treasure."

"Nonsense, how else could she backstab it." Everyone gave Omi a blank look.

Omi smiled, "Did you all notice that Song Yu'er has been wearing half a mask."

"Yeah, why is she wearing half a mask, I told her to take it off, but she didn't even take it off." Liu Yue said.

Omi said, "Do you guys want to know why? Because the place where Song Yu'er was covered by the mask has been disfigured."

"Ah, how do you know?"

"Oh, it's hidden, and where her face is covered with a mask, you can already see the bones."

"Ah." A chill ran down everyone's spine.

"No."

"Yes. If Song Yu'er took off that half of the mask, I'm afraid that what she saw, was half of a skull and bones' face."

"But, where she didn't cover it up, her skin is still fine."

"That's why the places she covered up are even more terrifying. God knows what she's been through, she's had such backstabbing success, she must have suffered a lot these past few decades. I wanted to be friends with her, but unfortunately, her personality seems to have been twisted and she doesn't want to be close to me at all."

"Alas, how pitiful."

"Forget it, ignore her for now, we'll always meet again in the future."

In the blink of an eye, the next day arrived.

1213

It was the day of Omi's big wedding to his little sister Qin Ren.

Before dawn, Omi woke up.

"Qianjie, are you okay now? I'm getting married today." Omi muttered to himself.

Although Omi married Little Sister as his first wife, it wouldn't affect Mu Qianji's position in Omi's heart, and perhaps, Mu Qianji didn't care about such a false name.

Around ten o'clock in the morning, in the most luxurious palace of Wangjing City Palace.

Omi held a worship ceremony in the presence of everyone.

"First bow to heaven and earth."

"The second worship to the High Hall." The High Hall was Omi's teacher's wife, yes, just the teacher's wife, because Omi and his little sister were both raised by their master and teacher's wife.

"Husband and wife pay their respects."

"Send them into the bridal chamber."

Omi smilingly took his little sister's hand and entered the bridal chamber to go, and Wang Xing and the others immediately started up to make trouble in the evening. The first website m.kanshu8.net

After Omi sent his little sister into the bridal chamber, the matchmaker threw him out because he had to wait until the evening feast was over before Omi could enter the bridal chamber again, but the little sister, however, had to sit on the bed covered with a headscarf and wait until the evening when Omi uncovered her headscarf before she could get up.

What happened after that was the feast, which lasted until the evening.

On this day, Omi drank lots and lots of wine, it should be the most he had ever drunk in his life, not only him, but all of Omi's brothers and sisters, all of them drank lots and lots of wine.

As night fell, Omi stumbled into the bridal chamber.

"Little Sister, I'm here, hehehehe." Omi said with a full body of wine.

Walking up to the bed, Little Sister was sitting on the edge of the bed with a red cover on her regular head.

Omi went up to her and lifted her cover, Little Sister looked at Omi with a shy face.

Omi smiled and said, "Lady, you're so beautiful today."

"Mm." Little Sister nervously hummed, her infinite shyness making her even more of a mind-blowing moment.

Omi pounced on her and overwhelmed Little Sister.

Little Sister smelled the strong odor of wine on Omi's body, and was busy saying, "Husband, you should drink a cup of wine relieving tea first."

Omi heard Little Sister call herself Husband, as if the relationship between each other immediately upgraded from this moment, busy laughing: "Good, good, is to relieve alcohol, otherwise Husband tomorrow up, do not know how muddled on, on the bridal chamber, hehehehe." Omi stumbled to his feet.

Little Sister was busy handing Omi the wine relieving tea, and at the same time, slapped a palm on Omi's back, forcing the wine out of Omi.

Omi sobered up immensely, he had really drunk a lot today.

"Husband, hot water has just been prepared for you, so take a bath while it's hot." ..

"Little Sister." Omi turned back and grabbed Little Sister's hand, his eyes looked at her with excitement, from now on, she was his matchmaker's wife. Although Omi used to think that the marriage ceremony was unnecessary and meaningless, but now he realized that it was really necessary, because it represented an irreplaceable meaning.

"Well, still calling me Little Sister." Qin Ren Yi gushed.

Omi smiled, "Mistress."

"Husband."

"Nympho."

"Alright, go take a bath."

Omi smiled, "I want my wife to undress me."

"Ah, this."

"What? My wife doesn't want to ah, we'll have to have a bridal shower later oh."

"Oh." Qin Ren blushed.

Slowly undressing Omi, and finally Omi inching his way out, revealing a strong body, Qin Rei blushed, not daring to open her eyes.

Omi pulled up Qin Ren's hand, and the next moment, Qin Ren felt her hand touch something and drew back like an electric shock, angry, "You are so bad, Husband." Qin Rei fled back to the bed in a panic.

"Hahaha." Omi laughed loudly and began to bathe.

At this moment in a certain courtyard.

Xu Mei Qian, Simran, Liona, Samira, and the others were sitting together, watching the moon being born in the sky.

Xu Mei Qian said, "Tonight is the night of Omi and his sister's wedding night, this guy, he must be overjoyed."

Simran said, "Qin Ren is his childhood sweetheart, he started becoming his wife today, he finally got his wish, huh?"

"Let's hope it won't just be new people laughing and old people crying."

"You guys are thinking too much, Tzu-Chen is not like that."

In Omi's bridal chamber, suddenly, the whole house went dark and the candles were blown out.

In the darkness, came Omi's voice, "I'm going, why are you blowing out the candles."

"Husband, aren't you going to blow it out, it's so awkward."

"Speechless." Omi considered his little sister, so he didn't relight the candle, let the darkness be dark.

There were no words for the night.

The next day, as soon as Omi opened his eyes, he saw that Little Sister was sitting on the bed, looking at Omi with a happy face, and also, Little Sister had finished combing her makeup, and the hairstyle that Little Sister had combed was completely different, it looked as if it was a more mature young woman's hairstyle.

"Err, mother-in-law, why did you change your hairstyle."

"Idiot, I'm a woman now, I can no longer comb my hair in the bun that I used to wear as a young girl."

"Nympho." Omi hugged his little sister tightly in his arms.

"Husband, it's time to get up, we should go and offer tea to our teacher's wife, even though we're not in that world anymore, we can't fall behind on basic etiquette."

"Good."

Omi was busy climbing up, Little Sister helped Omi get dressed, Omi whispered in Little Sister's ear, "Was my wife cool last night."

Little Sister gaped at Omi and shook her head lovingly, "It hurts."

"Hahaha." Omi burst out laughing.

Then, Omi and Little Sister held hands and went to the place where the teacher's wife lived.

The teacher's wife had been waiting for a long time.

As soon as Omi and Little Sister entered, the teacher's wife looked directly at Little Sister's hairstyle today and smiled slightly, while Little Sister seemed to be embarrassed and lowered her head, her face flushed red, as if the humiliating thing last night had made the teacher's wife see through it.

Sensei said, "Rei'er, Sensei is also a person who has been here, there's no need to be shy."

"Mm." Little Sister nodded her head softly.

Omi and Little Sister separately offered tea to Shiniang.

"Shisuniang, please drink tea."

"Well, Feng'er, Rei'er, now that you are married, from now on, you must." The teacher's wife nagged for a while, and Omi could only listen obediently.

Only after a long time of nagging did the teacher's wife stop and say, "Alright, you guys should also go have breakfast."

"Yes, Auntie Shifu."

Omi and Little Sister retreated.

After leaving, Omi laughed and said, "Lady, why are you so shy ah, Shisun is over here, she won't laugh at you. You've changed from a young girl to a woman, and your teacher-mother isn't even happy for you."

"You still say that." Little Sister glared at Omi.

1214

Omi hugged his younger sister and said, "Mother, then let's work hard to have a little baby as soon as possible."

Little Sister looked shyly at Omi, then nodded gently, "Everything is as your husband says."

"Hahaha." Omi looked at Little Sister's shy appearance and laughed out loud again cheerfully.

Omi and Qin Ren's wedding, in the blink of an eye, passed several days, these few days, Qin Ren's first taste of a new marriage, Omi of course accompanied her every day.

Until one day, a man suddenly came.

"Omi, I have something to say to you." Song Yu'er came to Wangjing City and found Omi.

Omi was accompanying his wife and feeding her grapes.

"Song Yu'er, didn't you say that we won't see each other again, how come you've come to my door before a few days have passed, could it be, you're planning to bring those little brothers of yours to join me." Omi said without turning his head.

"Omi, I have an important matter to tell you."

"What is it, go ahead."

"If you really aren't interested, then, goodbye." Song Yu'er turned around and flew away, she didn't want to tell Omi, but she didn't dare to go to that mysterious world rashly, so she thought for a few days, she'd rather invite Omi to explore that mysterious world with her, who knew that Omi had such an attitude. Remember the website .kanshu8.net

"Stop." Before Song Yu'er had even flown out of Wangjing City, Omi caught up with her.

"Song Yu'er, what exactly are you trying to tell me."

"Omi, I don't know if you're interested, but I'd like to invite you to go to a place with me."

"Uh, invite me to a place, I declare beforehand that I'm married, if it's that kind of place, I won't go."

"Go to hell." Song Yueru glared.

"Hahaha, go ahead, what place."

"Can we talk at ground level?"

"Suit yourself."

Landing on the ground, Song Yu'er said, "Omi, a few months ago, my brothers and sisters and I were practicing in this world, and we stumbled upon a secret passage, that secret passage was very, very deep, we followed that secret passage for a long, long time, suddenly, we hurriedly twisted our bodies, then, with a bright flash, we actually found ourselves in a strange place, we were incomparably sure that the back of the mountain where we found the secret passage was absolutely empty of people. I suspect that that secret passageway could lead to a mysterious world that we were all scared to death at the time and back along the road, we never dared to explore."

Omi said in shock, "What did you say? You've discovered a mysterious world?"

"Yes, if you're interested, come explore that mysterious world with us, I'm doing this for the safety of me and my siblings, one more person for the sake of safety."

At this moment, however, Omi was dumbstruck.

The passageway that had been undiscovered for more than a decade had actually been stumbled upon by Song Yu'er and the others.

"Where is that passageway?"

"I don't know where exactly, but anyway, in a very primitive, untouched, hidden forest, I'm afraid I'm the first person in the world to find it."

"Hahaha, great, great." Omi shouted in excitement.

Song Yu'er's eyebrows furrowed, "Omi, what did you say, what do you mean?"

Omi excitedly walked up to Song Yu'er and said, "Song Yu'er, do you know how grateful I am to you inside at this moment, I really want to kiss and burst you."

Song Yu'er immediately took a step back, wary of the

Look at Don Omi.

"Omi, if you don't tell me clearly, I won't take you there."

"Okay, Song Yu'er, do you know, that mysterious world you discovered, what is it? It's where I'm from."

"Are you insane you, your hometown?"

"Yes, that's my hometown, I'm not going to hide it from you, I crossed over, before this passage, in the Thousand Hills Tomb, then the number of people who crossed over and the number of times, the passage in the Thousand Hills Tomb disappeared, we've been trying to find it, but unfortunately we haven't been able to find where the passage shifted to after more than ten years. Hahaha, Song Yu'er, anyway, I want to thank you, if you hadn't found it, we wouldn't know how long we would have been here."

"Uh, we also found it by chance, you, are you really from that mysterious world?"

"Right, alright, Song Yu'er, I'm not going to tell you more, I'm going to go back and tell my teacher's wife and the others about this good thing, remember, three days later, we'll meet at Wangjing City and we'll go to the other world together."

Song Yu'er was wary, "You won't have anything to trap me with, right?"

"Nerves, at least we're classmates, what am I trapping you for."

"So tell me, what's the other world like."

"You'll know then, anyway, if you're going, you have to be prepared to come back if you can't, because with so many of us going this time, I'm afraid the passage will be closed again."

"Ah."

Omi flew back to the palace.

"Shisuniang, Shisuniang, Shisuniang." Omi happily rushed to his teacher's wife's residence.

"Feng'er, why are you so rash, what is it."

"Shisuniang, good news, the passage has been found."

"What." The teacher's wife stood up in a clamor.

"Sensei, we can go back, a high school classmate of mine found it by accident."

"Oh God, really." The teacher's wife cried in excitement.

Omi immediately gathered everyone together.

"Everyone, I've called you here today to say something important, the passage to the other world has been found, Song Yu'er found it by chance, she originally wanted to invite me to explore the mysterious world with her, hahaha, what a treadmill." Omi announced to everyone.

Omi's brothers and teachers cried with excitement, but those friends of Omi's didn't react much.

Liona asked, "Then when are we going to the other world?"

Omi said, "That's a good question, and I told Song Yu'er to meet here the day after tomorrow. However, there is currently a big problem that needs to be solved."

"What kind of problem?"

"Now we've all established that the passage through the two worlds is limited to a certain number of people, and once it reaches a certain number of people, the passage closes. So, this time we go back, we must be prepared for not being able to return."

"Ah, what about my dad." Liona was busy saying.

"Yes, this problem needs to be solved, if we can't come back, what about your loved ones in this world."

Wang Xing nodded and said, "Yes, you guys are back home, but for us, this is the hometown ah, this time there are so many people, it might close again."

Omi's eldest brother said, "Everyone, you have all reached the Ancestor realm, if you want to develop further, you must travel to another world. Moreover, when my Wind Master returns to our world, he is planning to establish his own clan, and has chosen his address, so why don't you do it this way, you take all of your family members, together, and never come back."

1215

"Ah."

"We'll have to think about this, and also discuss it with our parents, it's not a small matter after all."

Omi nodded to everyone and said, "Then, Wang Xing, Mei Qian, Liu Yue, Xuan'er, Xue Yun, Shangguan Zhuo, Xiao Meng, all of you, discuss with your relatives if you want to come with me, even if we take your entire family with us."

"Take the entire family with you?"

"Yes."

“Good.” Everyone nodded and they all went off to find their respective clansmen.

Omi sighed, “Little Fire and Little Black, where the hell did these two guys go to play, we’ve been out of the Memory Stone for over half a year, have they not heard the news of our return? If we don’t come back, we’ll be heading to the other world.”

“Tzu-Chen, what if they never come back? When we entered the memory stone, the two of them weren’t human unable to enter, they wouldn’t know where to play, this world is so big, the place they play is definitely not a human city, Ken is some mountain and sea, it’s really hard to find.”

“It can only depend on the will of the gods, the passage was found by Song Yu’er, we can’t keep delaying it. It can only depend on the will of God, if they don’t come back in a few more days, we’ll have to leave first and leave a message for them to come find us themselves after they find the passage later.”

“It can only be so.”

On the third day, Song Yu’er came, and her nine little friends came with her. One second to remember to read the book

“When do we leave, Don Omi?” Song Yu’er asked.

“Haha, Song Yu’er, it’s likely that we won’t be able to come back this time we leave, are you sure you understood me the day before yesterday?” Don Omi said.

“It doesn’t matter that all my relatives are dead anyway, I don’t want to come back, my brothers, who are orphans without families, they don’t care as much as I do.”

“Uh, when did your father, Song Dai Tian, die?” Confused by the question, Omi had a pretty strong impression of Song Dai Tian in his mind.

Song Yu’er’s eyes turned red and said, “It’s none of your business.”

“Uh, okay.” Omi didn’t bother to ask, guessing that Song Yu’er had a very sad past.

“Omi, are you going to leave or not?” Song Yu’er asked aloud.

“Song Yu’er, it’s like this, since I may not be able to return from this trip, my people need a few days to prepare to take their loved ones with them, so you can wait for me for a few more days.”

“Hmph, how nosy.” Song Yu’er spoke in a very unhappy tone.

Omi wasn’t very satisfied with Song Yu’er’s attitude, if it wasn’t for the fact that she was still begging, Omi really wanted to spank her, anyway, it wasn’t the first time, thirty years ago in school, but Omi had spanked her, I don’t know if the elasticity is still the same today.

Omi waited for three days, and on the third day, there was a big shout from the sky in the distance, "Brother Chen, we're back, Brother Chen."

Omi took a look and was pleasantly surprised, "It's Little Black and Little Fire, these two guys, they're only back now."

"Brother Minister, we're back, hahaha."

"Little Blackie, Little Fire, where have you two been? And you know how to come back, do you know that I almost left you behind. Omi said out loud."

"Chen, after you guys entered the Memory Stone ten years ago, Blackie and I went on a trip around the world, I thought you guys would at least be two

It takes ten years to come out, so we traveled while looking for a passage. However, half a month ago, we went to the human city and heard some strong people talking about your big wedding, and that's how we knew that you had come out. The two of us just flew all the way back, how about it, Minister, we didn't miss your big wedding, right?" ..

Omi gave them a blank look, "The big wedding, it's been ten days already."

"Ah."

"Alas, Brother Chen, sorry, we still didn't make it in time for your big wedding." ..

"Alright, it's fine, you guys aren't human anyway, and you won't be able to drink my wedding wine, so you'll just have to stare dryly at the side."

"Well, then, we wish you a happy wedding, and many grandchildren." ..

Little Fire asked, "Minister, what did you mean when you just said that you almost left us behind?"

Omi said, "We've found the passage to the other world and are preparing to leave in a few days, if you don't come back, we'll really have to leave you behind, because the passage was discovered by someone else and I can't keep stalling. Besides, you guys don't know what gully you're hanging out in, and we can't find you even if we wanted to."

"Ah, Minister, has the passage really been found? Big Brother Black and I have been looking for more than ten years without finding ah." ..

Omi said, "This is called opportunity, alright, no more nonsense, since you guys are back, that's good, let's leave together in a few days."

: "Big Brother Black, we'll be leaving in a few days, then you've made the Crow Cave's python sister's belly bigger, and haven't even settled it yet ah, what should we do?"

Omi was busy asking, "Little fire, what kind of belly get big?"

"Oh, when Big Brother Black and we went on a tour, at a place called Crow Cave, Big Brother Black made a python sister's belly big."

Little Black suddenly cunningly said, "Brother Chen, don't listen to his nonsense, it's impossible, my noble dragon, how could I mess with a python, slander, this is slander, Little Fire, I will sue you for slander."

Little Fire was very depressed and looked at Little Black.

Omi smiled, "Alright, Little Fire, don't smear Little Black, Little Black's dragon character, I still understand it, definitely a good dragon."

Little Black snorted, "That's right, still Brother Chen understands me, Little Fire, for Brother Chen's sake this time, I won't sue you for slander."

"Speechless."

Omi definitely knew in his heart, lying, Little Fire was an honest child, but Little Black was a face-lover, definitely would not admit to screwing the python, although he had accidentally enlarged the python sister's belly because of his desire.

Another week passed.

Omi's friends in this world, finally returned to Wangjing City, after waiting for so long, Song Yu'er was already going to be furious, now they returned, finally ready to leave.

However, to Omi's surprise, they all came back by themselves.

"Uh, where are your relatives? Didn't you say, "Come with us to the other world?" Omi asked.

Xu Mei Qian said, "My parents and the others, as well as my other clan relatives, don't want to go with me to the other world. My parents are now in their eighties and don't want to toss them."

"Yeah, my family is the same, they're not young, travelling to another world is not at all attractive, the old people like to return to their roots, and as soon as they heard that they might never come back, they were determined not to go." Wang Xing said.
