1489

"Ninth Elder, it's bad, your Omi, he, he's stepped into the first stage of body refining."

"That's impossible." Tang Jingtian rejected it in one breath, what a joke, Omi stepped into the first stage of Body Tempering at the age of twelve, no one in the entire history of the Tang family was so awesome.

"It's true, the Sixth Elder has already verified it."

Tang Jingtian half-heartedly arrived at a certain square of the Tang Family.

From afar, the Sixth Elder waved to the Ninth Elder and shouted, "Jing Tian, hurry up, come here."

Tang Jingtian's body trembled, feeling a bit unrealistic, the Sixth Elder actually called him 'Jingtian', which side of the fucking sun had come out.

Tang Jingtian cautiously walked up to the Sixth Elder.

Sixth Elder said excitedly, "Jing Tian, you really brought back a good nephew ah, Omi he, he stepped into the first stage of body refining."

"Is that so?"

"Nonsense, I didn't believe it at first, so test it yourself."

Tang Jingtian looked at Omi. The first website [m.kanshu8.net](http://m.kanshu8.net)

Omi smiled and called out to his fifth uncle, then stretched out his hand, Tang Jingtian's hand somewhat trembling on Omi's arm.

The next second.

"Ah." Tang Jingtian's face changed, and he looked at Omi in shock.

"Omi, when did you, when did you step into the first stage of Body Refining? How come I don't know?"

Omi felt quite guilty inside, but he had actually already stepped into it and was already at the fourth stage of Body Tempering.

"Oh, Fifth Uncle, I also just stepped into the first stage of Body Tempering this morning."

"Oh my god, Omi, this can't be true." Tang Jingtian was incredulous.

"Oh, Uncle Fifth, it's more real than pearls."

The sixth elder laughed, "Jing Tian, this is really a great thing, your big brother, Tang Jing Di, has given birth to a good son, hahaha, congratulations." The Sixth Elder was busy flattering, as if he was very close to Tang Jingtian.

This person, really realistic, the Sixth Elder saw that Omi was so bullish, even his tone towards Tang Jingtian was different.

Tang Jingtian also laughed out, he really didn't expect that Omi, who stepped into the Void in the mortal realm, was so powerful, more powerful than the native celestial spirit body, originally Tang Jingtian thought that Omi was not a celestial spirit body, he would definitely be worse than the celestial spirit body, but he was really surprised.

"Tzichen, good job." Tang Jingtian excitedly patted Omi's shoulder and said, Omi stepped into the first stage of body refining at the age of twelve, in the future, Tang Jingtian's position in the Tang family would definitely rise straight up, looking at the attitude of the sixth elder at this moment, Tang Jingtian didn't even know whether he was helping Omi or Omi was helping him anymore.

"Oh, Fifth Uncle, thank you for your kindness of cultivation, I will continue to work hard and won't let you down." Omi said.

"Hahaha." Tang Jingtian laughed recklessly, the first person in the Tang family's history to step into the first stage of body refining, it's a wonder he didn't laugh.

The sixth elder said to Omi, "Omi, in ten days it will be time for the Flying Cloud Sect to recruit peripheral disciples, you want to sign up, right?"

"Of course I want to register, I want to enter the Flying Cloud Sect."

"Alright Le, I'll make a note for you then, all the Tang family's eligible sons and daughters will go to the Moon Gazing House together to register. Although you're only at the first stage of Body Tempering this year, and your chances of examining to enter the Flying Cloud Sect are not great, but you're still young, so consider it an early opportunity to see it."

Tang Jingtian said, "Yeah, generally speaking, it's more stable to reach the second stage of Body Tempering, however, there are those who succeeded in the assessment at the first stage of Body Tempering, no matter what, go and give it a try."

Omi hehely smiled, and said, "I've already reached the fourth stage of Body Tempering, the district assessment

, it's too small.

Omi's stepping into the first stage of Body Refining quickly spread through the Tang family, and many of the youngsters in the Tang family, all of them worshipped.

However, not everyone was happy for Omi.

Somewhere in the Tang Family.

"Bang." A man got the news and slammed the table.

"What kind of luck has Tang Jingtian gotten." That person said.

This person was the head of the Tang Family, Tang Hu Lai.

Of course, Tang Hu Lai wasn't happy to see something like this, not to mention that he already had a bad relationship with Tang Jing Tian.

"Master, in the history of our Tang family, no one has ever stepped into the first stage of body refining at the age of twelve, according to Omi's talent, the future is really unpredictable." One of Tang Hu Lai's attentive men said.

"Hmph, whether or not this Omi is a son or grandson of the Tang family is yet to be verified."

"Uh, Master, what do you mean?"

"Tang Jingtian said that Omi was his elder brother's surviving son, does that make it so? How come I don't see that Omi at all like Tang Jingdi?"

"This."

"Immediately notify down and have all the elders come to the Tang Family Hall for a meeting."

"Yes."

Tang Hu Lai didn't know how talented Omi was before, so he didn't bother to care whether or not Omi was a Tang Family member, but now that Omi had suddenly burst out with such talent, Tang Hu Lai began to care whether or not he was a Tang Family member.

At this moment, at Tang Jingtian's residence.

Tang Jingtian had specially ordered someone to cook a delicious table.

"Omi, come, today we must celebrate you properly."

"Uh, Fifth Uncle, there's no need to be so grand." Omi said apologetically, Omi reached the fourth stage of Body Tempering, he had sucked up so many spirit stones to bring it up, as Omi himself, he didn't feel that he was so awesome, but others didn't know.

However, Omi's thoughts had a misunderstanding, so what if the refining spirit stones came, that was also part of the strength, without talent, refining no more spirit stones he could not digest.

"Hahaha, yes yes yes, you're now the first in Tang family history to reach the first stage of body refining at the age of twelve, how can you not celebrate. Besides, you saw how the Sixth Elder treated me today, you really made me not even believe ah, it's all your result. In the future, my status in the Tang family will definitely rise, I should say thank you."

"No, no, no, it's Fifth Uncle who brought me to the Tang family, so that I can have a place to stay in the spirit world, otherwise I wouldn't even know where I'm wandering and wandering."

"Alright, alright, let's not be polite to each other, come on, cheers."

"Hehe, it's been a long time since I've had a drink, Uncle Fifth, cheers."

Omi drank it all in one go.

Before he had a few glasses of wine, a man from outside ran in and shouted, "Ninth Elder, the master of the family has informed all the elders to go to the main hall for a meeting."

Tang Jingtian smiled and said, "It must be about Omi's matter, indeed, a family meeting is indeed called for such a big matter."

The man said, "Ninth Elder, I don't think the situation is good, the family head isn't very happy about it."

"What do you mean?"

"Ninth Elder, I've heard that the family master is holding this family meeting to test whether Omi's bloodline is a Tang family member or not."

"What." Tang Jing Tian's body shook, he never expected that Tang Hu Lai would come to this move, as expected, Omi stepped into the first stage of body refining, not everyone was happy for him. I'm afraid that some of them, were already red-eyed.
