

# King of kings 1491

## Chapter 1491

At this moment, Tang Jing Tian lowered his head, now that Tang Hu had come to get a hold of him. Even if Omi immediately recognized him as his godfather, it would only be an impromptu fire-fighting, and wouldn't change the fact that he was deceiving his family.

Tang Hu Lai shouted, "Law Enforcement Elder, immediately tie up Tang Jing Tian for me."

"This."

"Tie him up, Omi is obviously not Tang Jingdi's son, but Tang Jingtian deceived the family by claiming to be Tang Jingdi's legacy son, so deceiving the family, bringing shame to the ancestors, the tablet is angry and falling down, shouldn't he be heavily blamed?" Tang Hu came shouting, and the entire palace was a bit scrupulous.

The Law Enforcement Elder walked up to Tang Jingtian and said, "Ninth Elder, I'm sorry."

At this moment, Omi shouted, "Slow down."

Everyone looked at Omi.

Tang Hu Lai snorted, "Omi, what else do you have to say, a foreigner? You are no longer qualified to stay in the Tang family, please leave the Tang family immediately, although my Tang family treasures talent, but the matter of disturbing the ancestors, no matter how talented you are, I wouldn't dare to keep you."

Omi snorted, "It's true that I have no blood relationship with Tang Jingdi, but that doesn't mean that I'm not Tang Jingdi's surviving son, because, I'm Tang Jingdi's righteous son, Tang Jingdi adopted me before his death and raised me. Unfortunately, my godfather was killed by a traitor and died early, but fortunately, my fifth uncle found me and brought me back to the Tang family and treated me like his own nephew."

"What." Tang Hu Lai's face changed dramatically.

Omi looked coldly at the family master and snorted, "Family master, my fifth uncle said I was his nephew, there's nothing wrong with that, right?" One second to remember to read the book

"This." Tang Hu Lai was at a loss for words, indeed, there was nothing wrong with it, the righteous son that was accepted certainly belonged to the Tang family, and there was even less wrong with Tang Jing Tian saying that Omi was his nephew.

Omi snorted, "Could it be that the master of the house means that the righteous son doesn't count as a member of the Tang family?"

There was much discussion in the palace.

At this moment, Tang Jingtian was relieved and thankfully looked at Omi.

Fortunately, Omi was clever enough to say that he was Tang Jingdi's righteous son, thus resolving the crisis of Tang Jingtian deceiving his family.

Tang Hu Lai's lungs were about to explode at the moment, I never thought that Omi could say that.

"Hmph, Omi, Tang Jingdi is dead, are you saying that he is your righteous father? What proof do you have of that."

"Hahaha, I say yes it is, I don't need proof, and besides, what proof do you have that I'm not, if you suspect I'm not?"

Tang Jingtian said, "I can testify that Omi is indeed the righteous son that my big brother adopted before his death, and is the only descendant of my big brother left alive. Fellow elders, I still hope that it is clear, Omi's talent is obvious to everyone, and he can definitely revitalize our Tang family in the future, unless, someone does not want my big brother's righteous son to return to the family."

Everyone looked at Tang Hu Lai, and the cross flesh on Tang Hu Lai's face trembled, clearly annoyed.

One of the elders of the Tang family said, "Alright, no matter if it's a righteous son or a biological one, it's still a child of the Tang family, besides, Omi's talent is so strong, why should we refuse to let him go? Everyone welcome Omi back to the family."

"Pah-pah." Everyone applauded.

Tang Hu said, "Everyone, don't forget about the ancestral tablet falling down in the ancestral hall, if it's really a good thing, why would the ancestral tablet fall down?"

"This." Everyone couldn't explain it.

>

Omi said, "Elders, I can explain why the Ancestral Plaque has fallen."

"Why?" Everyone looked at Omi.

Omi looked at the family head and said, "It must be that the ancestor is not happy with the family head."

Tang Hu Lai became furious and said, "Omi, you speak nonsense one more time."

Omi said, "Why else would the tablet fall? Ancestor is psychic, and I'm sure that deep down inside, the head of the family was repulsed by me and wanted to drive me away, and Ancestor saw into the head of the family's heart, so he got very angry, and then he fell off."

"Uh." Everyone was stunned, and although no one spoke, Omi's explanation seemed quite reasonable, as many people present could see what the family head really meant inside.

"Omi, you." Tang Hu Lai was at the height of his anger.

Omi said, "Family Master, ask yourself, do you really want to drive me away inside? If so, were the ancestors angry when they found out?"

"You." Tang Hu Lai was speechless for a moment.

Everyone was looking at Tang Hu Lai, which made Tang Hu Lai seem even more nervous, because he was indeed that way inside.

Tang Hu Lai shouted in anger, "Alright, today's family proceedings, let's break up. Omi, count you as powerful, but I have to tell you, don't fall into any leverage in my hands in the future, or else I'll be blamed for being rude."

"Whatever." Omi snorted and turned to walk away.

Tang Hu Lai looked at Omi with cold eyes and clenched his fists as he said inwardly, "Don't worry, Omi, I have a hundred ways to kill you."

The family meeting ended like this.

In Tang Jingtian's home.

"Hahaha, Omi, you're really good, angry Tang Hu Lai's nostrils are smoking, but there's nothing you can do about it. But yet, it's time to humble you to be my big brother's righteous son." Tang Jingtian said with a big smile.

Omi said, "It's fine, your big brother is also gone, but it's just a name, immortals don't restrain themselves."

"Omi, let's not talk about that, you made Tang Hu come so disgraceful today, he definitely harbors a grudge against you."

“Could it be that he wants to kill me?”

“In front of the family, of course he wouldn’t dare to kill you, but you won’t know if you go to the Flying Cloud Sect. Tang Hu Lai has two sons, both in the Flying Cloud Sect, both sons are geniuses, his youngest son, Tang Go Bing, is seventeen years old this year, he has already reached the seventh stage of Body Tempering, he is a well-known genius in our Tang family, I heard that he has high hopes of becoming a core disciple of the Flying Cloud Sect. What happened today, Tang Hu Lai will definitely tell his two sons, you are going to the Flying Cloud Sect examination this year, maybe his two sons will cause trouble.” Tang Jingtian said worriedly.

“Hmph, yeah.” Omi gave a cold laugh and chilled inside, if that was the case, then don’t blame Omi for being rude.

Although Omi was only at the fourth stage of Qi Practicing, Omi could quickly break through to the seventh stage of Body Refining as long as he had a spirit stone, and then, it was still uncertain who would kill who.

Even if Omi hadn’t reached the seventh stage of Body Tempering yet, then with the presence of Immortal Qi in Omi’s body, it was still unclear who was stronger and who was weaker.

Tang Jingtian said, “Omi, when you go to the Flying Cloud Sect, you must be careful yourself, the Flying Cloud Sect is as strong as clouds, you make more friends with strong people, also, there are many other Tang family sons, as long as you don’t take off, I’m sure Tang Hu Lai’s two sons won’t find a chance to kill you.”
