"Right, Sister, from what Uncle Five said, you're not having a happy time in the Flying Cloud Sect."

"Alas, it's true that I'm not very happy, mainly because the Flying Cloud Sect has so many people that I hate, they always want to pursue me, but my sister doesn't have any thoughts of that at all, it feels so annoying to be harassed often. My cultivation speed is so slow, being disturbed often is one reason."

Omi said, "Sister, don't worry, I will protect you in the future."

"Hehehe, sister is so happy to hear you say that, it's not in vain that sister loves you, since that's the case, work hard on your cultivation, and when you surpass sister in the future, you'll be able to protect her. Alright, no more talking tonight, sleep well."

A night without words, Omi slept in Tang Huan's bosom all night, smelling the faint body fragrance of Tang Huan's body, feeling especially relaxed and sleeping peacefully.

The next day, Omi woke up from his bed.

Omi was about to climb up when Tang Huan's voice came from his ears, "Brother, don't get up yet."

However, Omi had already climbed up.

Omi saw that Tang Huan was naked and sitting at the end of the bed to change his corset, and at the moment, Tang Huan was holding his hands in front of his chest, blocking the key point.

Tang Huan blushed and said, "Sister is still not dressed, brother can not look at girls oh."

Omi was busy hiding in the blanket. The first website m.kanshu8.net

Tang Huan smiled slightly and quickly put the corset on before putting the jacket on and said, "Alright, sister is done, you can get up now."

"Oh." Only then did Omi get up, change his clothes three times and walk out of the room, Tang Huan fetched water for Omi to wash up.

And Omi was a little embarrassed when she remembered the picture just now, but Tang Huan didn't think much about it, what was such a small child afraid of, besides, she didn't see anything, Tang Huan thought so. However, Tang Huan didn't know that although she was holding her chest, her smooth and sexy back was so fascinating to men.

And so, Omi and Tang Huan, stayed at this farmer's house for four days.

After four days, all the people from all the places had arrived, and the Feiyun Sect's outer disciple assessment was officially about to begin.

Early in the morning on the fourth day, Tang Huan crawled up from his bed and called, "Quick, quick, sleep late, brother, get up, the formal assessment is going to start today."

"Oh." Omi climbed up, then dressed.

Because of the rush, Tang Huan couldn't care less, he turned his back to Omi and took off his pajamas, exposing his bare back, then quickly changed into his corset.

But Omi didn't look at her, because Omi still clearly remembered her sweet voice in his mind: brother can't look at girls oh. So how would Omi peek, he must act like a real 12 year old child.

After getting up, Tang Huan pulled Omi and quickly went to the Flying Cloud Sect.

Arriving at the foot of the Flying Cloud Sect, everyone was making preparations now.

"Phew, fortunately I came just in time." Tang Huan said with a happy pat on his chest.

"Brother, you should also quickly get ready, it looks like the assessment is about to begin." Tang Huan instructed.

"I'm already ready." Omi said.

"Mhmm, that's good."

Not long after, one of the Flying Cloud Sect's Vice Sovereigns flew down the mountain.

Every year, the assessment of the outer disciples was conducted by this Vice Patriarch named Bai Ming.

Everyone immediately perked up.

"Everyone, quiet." Vice Patriarch Bai Ming shouted.

"Everyone, today is another day for the annual Feiyun Sect's outer disciple assessment, so I'm sure you're all sitting down and getting ready. Then, without further gossip, please follow me immediately to the Desolate Beast Forest."

The thousands of teenagers from all over the world followed Vice Patriarch Bai Ming.

Tang Huan shouted beside him, "Brother, cheer up, sister is waiting for you at the end, oh."

Omi nodded his head and then headed straight to the Desolate Beast Forest.

Soon, Omi and ten thousand other youngsters reached an edge of the Desolate Beast Forest.

That Vice Patriarch Bai Ming shouted, "Everyone, this is the starting point of the assessment, now, I'll repeat the points of the assessment. Of all of you, as long as you pass through this Desolate Beast Forest, you will be considered to have passed the assessment, in addition, each of you are equipped with a Tempering Talisman, so if you encounter a beast that you can't deal with, use the Tempering Talisman and then retreat back, otherwise, dying in the Desolate Beast Forest is your own responsibility. Do you hear me? Also, each person is equipped with a fixation amulet, if you use it, even if you pass through the forest, it's the same as if you didn't pass, so please keep that in mind."

"Yes."

"Alright, let's start distributing the freeze talismans."

The Feiyun Sect's assistant disciples began handing out the definite body talismans to everyone.

Omi was also handed a Determining Talisman.

At this moment, on the other side of the Desolate Beast Forest, two men were standing there, one of them was about eighteen years old and the other was over twenty.

"Omi, today's assessment is your doom." The eighteen year old man said, then the muscles on his face trembled, revealing a grin.

The other man was busy saying, "Brother, are you sure you don't need my assistance?"

"Brother, it's a trivial matter, why do we need you, besides, our father has already explained in the letter that it's inconvenient for you to do it, so let me do it." That eighteen year old man said.

These two men, the eighteen year old one was called Tang Go Bing and the twenty year old one was called Tang Go Liao.

They were the sons of the owner of the Tang Family in Tian Bao City, the two sons of Tang Hu Lai, who had already written to the two sons, instructing the two brothers, Tang Go Liao and Tang Go Bing, to eliminate Omi in the Flying Cloud Sect.

Considering that everyone was a son of the Tang family, they decided to secretly get rid of Omi so as not to affect their father's reputation in the Tang family.

This assessment was the best time to get rid of Omi, and it would be a perfect time to create the illusion that Omi had been killed by the beast.

"Brother, be careful then."

"Don't worry, brother, you Omi is only a few years old, twelve years old, only at the first stage of Body Tempering, I, Tang Go Bing, am at least eighteen years old, at the seventh stage of Body Tempering, if I fucking can't even kill a twelve year old kid, do I still have the face to hang around in the Flying Cloud Sect?"

"That's true, but Elder Shejun has already asserted that Omi has no future, and I don't know if there's still a need to kill Omi." Tang Go Liao said.

"Brother, it doesn't matter if it's necessary or not, killing it is the safest thing to do."

"Hehe, then brother wish you all the best, remember, do it covertly and don't come out, after all, our father's head of the family, don't fall into people's mouths and affect prestige."

"Haha, brother, I do things, don't worry, Omi, this little brat is dead today, hahaha. Brother, I'm going in then."

"Good, I'll wait for you to come back."

After saying that, Tang Go Bing quietly entered the Desolate Beast Forest.
