

# King of kings 1536

1536

"Well, if the testing is done, and the Flying Cloud Sect knows that I've stepped into the Enlightenment Stage, with my current age of 16, it's somewhat shocking. At that time, what if others interrogate me, after all, you helped me mention my strength, it's not easy to explain ah." Tang Huan looked at Omi.

Omi smiled, "Sister, no need to worry, I'll help you hide it, what realm do you want to hide it to?"

"Refine the body at the fifth level."

"Good." Omi slapped his palm on Tang Huan's shoulder and used his Immortal Qi to hide Tang Huan's realm, and it looked like Tang Huan was only a person at the fifth stage of Body Tempering.

As for Omi, of course he also hid it, Omi hid himself at the fourth stage of Body Tempering.

Originally, Omi wanted to hide at the third stage of Body Tempering, but Omi thought about it, if he hid at the third stage of Body Tempering, then the people who were in the same year as him were definitely not among the most powerful, and there were at least a dozen, if not dozens of people who had reached the third stage of Body Tempering in the same year as him. Therefore, Omi hid himself to the fourth stage of Body Tempering.

Although Omi hid his realm, it didn't mean that Omi wanted to pretend to be weaker than others, Omi had to at least pretend to be the strongest existence in their session.

The fourth stage of Body Tempering was considered a very prominent existence among the outer disciples of the session.

After washing up, Omi and Tang Huan went to the outer plaza of the Flying Cloud Sect together.

A strong man in the sky looked at the plaza and shouted, "One term outer disciples on the left and two term outer disciples on the right."

Omi came to the left to assemble the teams, while Tang Huan came to the right to assemble the teams. One Second Remember to Read the Book

The first term was this year's assessment to enter the Flying Cloud Sect, and the second term was last year's assessment to enter the Flying Cloud Sect.

At this moment, people were coming from all directions.

In the end, the entire square was divided into left and right sides, with nearly 20,000 people standing.

The strong man in the sky said, "Everyone, in a blink of an eye, another three months have passed. It's been three months since the first year's disciples entered the Flying Cloud Sect, and three months since the second year's disciples. In these three months, how well did you all perform, you will be tested here today. We will now begin the testing of the first year disciples."

Everyone was focused on the side of the first year disciples.

The strong man in the sky said, "Among the first year disciples, has anyone reached the fifth stage of body refining so far?"

Everyone was discussing, Body Refining Fifth Stage, it was too scary.

"No one has stepped forward, which means no one has reached the fifth step of body refining, so, fourth step of body refining, has anyone reached it?" The powerful man in the sky asked again.

At this moment, three teenagers out of the 9,000+ first class disciples walked out, Omi being one of the three.

The strong man in the sky smiled and said, "Yes, three months after you entered the Flying Cloud Sect, three of you have already reached the fourth stage of body refining."

At this moment, all the first-year disciples, and even many more second-year disciples, looked at Omi's three in adoration, and in just three months, they had been promoted to the fourth stage of Body Tempering, and everyone couldn't help but admire them. It must be known that many of the second year disciples had yet to reach the fourth stage of Body Tempering, before Tang Huan, if not for Omi's help, was only at the third stage of Body Tempering, and even if they were promoted in these three months, they would only be at most at the fourth stage of Body Tempering, not to mention that Omi and the three of them were first year disciples.

Omi looked at the two people beside him, they were a male and a female, the male was about fifteen years old and the female was about fourteen.

The woman, who was quite pretty, was only 14 years old, but her figure was officially starting to grow.

The strong man in the sky asked, "You three, what are your names? Let everyone get acquainted, all geniuses should be made known to everyone."

The man beside Omi said, "Back to senior, junior is called Yang Rong."

The 14-year-old beautiful girl said, "Back to senior, my name is Lu Yuxi."

Omi also said, "Back to senior, my name is Omi."

The strong man in the sky smiled, "Not bad, Yang Rong, Lu Yuxi, Omi, you three, you are the three most talented among the disciples who just entered the Flying Cloud Sect this year. Three months ago, we were all at the same starting line, and now after only three months, you three are far ahead of the 9,000-odd people, it's really remarkable."

"Pah-pah." Everyone snapped and applauded, there were jealousy, envy, and admiration, in short, the three of you, Omi, became the focus of the most attention, receiving everyone's gaze.

Yang Rong, who was standing beside Omi, he was being watched by everyone at the moment, and he looked proud.

That 14 year old girl called Lu Yuxi also looked proud.

Only Omi, who didn't seem to be feeling anything, looked very calm.

At the scene, only Tang Huan and Zhen Wuxiang knew that Omi was not at all at the fourth stage of Body Refining. And Omi's true strength was known only to Tang Huan.

Next, the strong man in the sky asked, "Among the disciples in the first session, how many are currently at the third stage of Body Tempering? Please step forward."

More than thirty people came out from the crowd next, all thirty of them had reached the third stage of Body Tempering.

After that, there was no need to ask any more questions, only the third and fourth stages of Body Tempering had the need to come forward, and the rest were all more mediocre for the time being.

After the first session disciples were finished on this side, the strong man in the sky turned to the second session disciples.

"Among the second session disciples, are there any who have currently reached the eighth stage of Body Tempering?"

At this moment, a person stepped forward.

It was none other than Zhen Wuxiang.

Zhen Wu Xiang had reached the seventh stage of Body Tempering three months ago, and was the only one, the strongest one, among the second session disciples, after that, Zhen Wu Xiang obtained the spirit stone given by Omi, and finally, he stepped into the eighth stage of Body Tempering a few days ago.

The strong man in the sky was originally just casually asking questions, not thinking that there was really someone among the second session disciples who had reached the eighth stage of Body Tempering. But I didn't expect that someone had actually reached the eighth step of Body Tempering, so the strong man in the sky trembled in shock at this moment and said in awe, "I merely asked casually, but it turned out that someone had actually reached the eighth step of Body Tempering, awesome, awesome, hahaha." The strong man in the sky laughed out loud.

At this moment, Zhen Wuxiang was standing in front of all the people of the second year disciples, receiving everyone's attention.

In the crowd of second year disciples now, a discussion broke out.

"Wow, Body Refining Eighth Stage, what a pervert."

"Tsk tsk, worthy of being the first ranked Zhen Wuxiang in our session."

"Zhen Wuxiang, what a fucking idol." All the second year disciples, almost all of them praised, of course, there were some jealous ones, but Zhen Wu Xiang was too powerful, so there were more praises instead.

In the crowd of second year disciples, Tang Huan suddenly laughed as he thought of something. Tang Huan suddenly smiled, of course not because he was attracted to Zhen Wuxiang, only, others didn't know. For example, a woman beside Tang Huan, she saw Tang Huan suddenly smile and immediately said, "Tang Huan, did you see such a perverted talent as Zhen Wu Xiang and fell in love with her."

"Uh." Tang Huan was stunned, what nonsense, but Tang Huan didn't want to explain.

The strong man in the sky said to Zhen Wuxiang, "Zhen Wuxiang, I will tell the sect if I can specially hire you as a core disciple because, your talent is truly remarkable."

"Wow!" Hearing this, everyone was shocked, what a difference.

Right now, Zhen Wu Xiang had almost become the dream lover of countless girls, and many girls looked at Zhen Wu Xiang, their eyes shining.

But Zhen Wu Xiang smiled and looked over at Omi, no one knew that he was already Omi's little brother.
