Chapter 1551

Tang Huan said, "It seems like he's at the seventh step of heart illumination."

"It's only the seventh step of heart illumination, he'll die in my hands sooner or later." Omi didn't put it in his eyes at all, Omi was now at the Seventh Order of Enlightenment, which was exactly one major realm away from the Seventh Order of Heart Illumination. With Omi's ability, this gap, he might catch up in half a year, and even if he didn't, he might be able to spike Tang Hu, and then the entire Tang family would be Omi's.

Omi slapped a palm at the corpse on the ground: "Flame Palm."

Suddenly, flames burned Tang Go Liao's corpse to the ground. Of course, the Flame Palm was too low level and suitable for the Body Refining Stage, so if Tang Go Liao wasn't dead yet, it would be impossible to injure him.

Tang Huan just sighed, originally Tang Go Liao was quite a genius, but now he had fallen early.

Omi asked, "Sister, what is it that you're in such a hurry to find me?"

"Brother, I was about to tell you, but I was frightened by the corpses on the ground. What I want to tell you is, do you remember two months ago, when the quarterly testing of the outer disciples of the Flying Cloud Sect took place, the other two geniuses who stepped into the fourth stage of body refining?"

"Of course I remember. One's name is Yang Rong and the other's name is Lu Yu Xi." Omi said. Omi also remembered that the girl named Lu Yuxi, who was only 14 years old, had a marked appearance, and would definitely be a beautiful woman when she grew up.

"Sister, why are you suddenly saying this to me?" Omi was confused.

"Brother, it's not really a big deal, it's just that I saw just outside, that Yang Rong, when he saw that you had established a power, he also followed your example and established a power as well. That Yang Rong set up a force called 'Tian Rong Alliance', and is recruiting troops from the periphery of the Flying Cloud Sect at the moment."

"Uh, imitating me? Why are you imitating me? It's hilarious that I set up a Light Cloud Alliance and he also set up a Sky Glory Alliance." One second to remember to read the book

Tang Huan said, "Brother, last quarter, the three of you were both geniuses who reached the fourth stage of Body Tempering, and now that you've established the Light Cloud Alliance, that Yang Rong naturally doesn't want to fall behind, that Yang Rong, by the way, is pursuing Lv Yu Xi. I think the reason why he set up the Sky Rong Alliance is probably because he doesn't want to be compared to you, so it would be more beneficial for him to pursue Lv Yu Xi."

"Uh, pursuing that 14 year old girl? That Yang Rong still has no shame." Omi said speechlessly, even at 14 years old, he could get down.

"Brother, what's wrong with being 14, I'm only 16 too, and you're only 12." Tang Huan rolled his eyes.

"Oh, it seems so, nowadays, even little kids know how to talk about love nowadays. Alright, sis, it's none of my business, I'm going to continue refining the talisman."

"Fine, I'm just telling you as a joke." After saying that, Tang Huan exited Omi's room.

Now that there were enough rooms after moving to the Light Cloud Alliance headquarters, Tang Huan didn't sleep with Omi anymore.

Omi looked at Tang Huan's back and sighed, it had been almost two months since he had smelled his sister's fragrance, Omi wanted to hug his sister to sleep once more.

Unfortunately, as a younger brother, Omi was not good enough to ask his sister to sleep in the same room as him, before there was only one room that was fine, but now that there were enough rooms, there was no reason to do so.

At this moment, in the periphery of the Flying Cloud Sect, somewhere.

A person shouted, "Everyone walk by, don't miss it, the 'Tian Rong Alliance' formed by the generation genius Yang Rong, has officially started recruiting."

At this moment, a person peripheral disciple came over and asked, "May I ask what allowances are available?"

The man busy said, "Of course there is a stipend, two spirit stones per month, if you can become Yang Rong lao

If you are a big core subordinate, you have five spirit stones per month. Also, our Yang Rong boss said that he will instruct everyone in martial arts. Those who want to join the Tian Rong Alliance, please come to our headquarters tomorrow at noon, for an interview."

"Really? Does your boss Yang Rong have that much money? Omi has enough money because he sells talismans, but your Yang Rong?"

"Our Boss Yang Rong's family has plenty of money, his father gives him several hundred spirit stones every month, do you think it's enough?"

"Enough, then I will definitely go for an interview tomorrow."

At this moment, somewhere in the Flying Cloud Sect.

A 15 year old boy was chasing after a 14 year old girl.

"Yu Xi, don't go."

"Yang Rong, stop chasing me, I won't like you." The 14 year old girl warned.

"Lu Yuxi, why won't you accept my love? Do I have to rip my heart out and show it to you so you know I mean it?"

"Roll." Lv Yu Xi yelled with a disgusted face.

Yang Rong was furious, "Lv Yu Xi, you don't accept me, is it because of Omi? Do you love Omi because he sold talismans and built the Light Cloud Alliance? Lu Yuxi, I'm not afraid to tell you that I'm also building up my own power, called the Tian Rong Alliance. Don't worry, I'll never mix worse than Omi."

Lv Yu Xi thought of that little kid who was less than her ear's height and trailed off, "I would like a little kid? Ridiculous."

"Then why don't you accept my love? Rainbrook, be my girlfriend."

"Get lost." Lv Yu Xi yelled in disgust.

That Yang Rong said with reluctance, "Lu Yu Xi, I won't give up, I'll let you see how powerful I am, I don't even consider Omi as an opponent, I'll let you know how bad Omi is in front of me."

"Hmph." Lv Yuxi walked away without looking back.

Yang Rong looked at Lu Yuxi's figure, although she was only 14 years old, she was already slender and touching, secretly gritting her teeth, "Omi, aren't you just relying on a few talismans you got from somewhere and sold them in the Flying Cloud Sect for some money, the rest, you are all inferior to me. Lu Yuxi is mine, don't you dare try to steal my woman."

Omi had no idea that he had somehow become someone else's rival, the point was that that person, in Omi's eyes, was too low, so low that Omi was embarrassed to treat him as an opponent.

The next day, Yang Rong's Tian Rong Alliance was established.

Although he hadn't recruited that many members, there were more than thirty.

"Someone, go and ask Omi out for me."

"Yes, Boss."

"Right, ask Lu Yuxi out as well, I want to teach that little brat Omi a lesson in front of Lu Yuxi, I'd like to see if Lu Yuxi still likes that little brat."

"Yes, Boss. But, Boss, are you sure you can defeat Omi? Omi and you, both are at the fourth stage of Body Tempering ah."

"Hmph, although I don't know how Omi cultivates so fast, but after all, he's only twelve years old and his body hasn't even grown yet, even if he's also at the fourth stage of Body Tempering, he's no match for me at all, what's more, the martial skill I practiced is a middle stage higher martial skill passed down from my family, while what Omi practiced is just a beginner's lower martial skill from Tibet, I don't believe that little brat is my opponent. I didn't want to bully a brat, and it's not honorable to win, it's all because Lu Yuxi forced me to."

"Yes, Boss, I'm on my way."
