1553

Omi huffed, "Death is how it drops." Omi glared at Lu Yuxi and said.

"In that case, let's kill him, it's none of my business anyway." Lv Yuxi turned around and walked out.

Omi hung Yang Rong up and said, "Yang Rong, I'll leave you with your cheap life today, and when you run into me in the future, respectfully call me grandpa, otherwise, I'll take back your cheap life anytime." After saying that, Omi threw Yang Rong ruthlessly to the ground and quickly turned around and left.

Yang Rong lay weakly on the ground, at the moment, his head was still muddled, he had never thought that a twelve year old kid was so strong, as a fellow at the fourth stage of body refining, he was not a match in the slightest.

Originally, Yang Rong had thought that he was quite strong, as he was far stronger than Lu Yuxi, who was also at the fourth stage of Body Tempering.

"Boss, how are you." A few of his men came up, Yang Rong had just been brutally beaten up and they didn't dare to come up to help, although a few of them were at the fifth stage of Body Tempering, but they didn't dare to offend Omi. After all, Omi was the leader of the Light Cloud Alliance, and there were even those at the sixth stage of Body Tempering in the Light Cloud Alliance.

After Omi walked out of the Sky Rong Alliance, he caught up with Lu Yuxi who was in front of him.

"Hey, Lv Yuxi." Omi shouted.

Lv Yu Xi stopped and turned back and grunted, "What's the matter?"

Don said, "Did I just let you go?"

"Uh." Lu Yuxi wondered if he had heard it correctly. Remember the URL . kanshu8 . net

"What do you mean?" Lu Yuxi's eyebrows furrowed.

Omi said again, "Did I just let you go?"

"Ha, ridiculous, I'm just going to leave, do I need to ask you?" Lu Yuxi gave a cold laugh.

Omi said, "Today I was called here by Yang Rong, although it wasn't directly caused by you, but it had something to do with you, and now Yang Rong has been seriously injured by me, and you, thinking that you can stay out of it and pretend that nothing happened, am I just going to let you off?"

Lu Yu Xi was furious, so Omi was not even letting her go.

"What does this matter have to do with me, you won't even let me go, you're hilarious you." Lu Yuxi said with bated breath.

Omi said, "I just said that even though you didn't directly cause it, it has something to do with you, don't you have ears."

"Hmph, well, even if it has something to do with me, where so what, how dare you." Lv Yuxi yelled.

Omi looked at Lu Yuxi for a few seconds and said, "Lu Yuxi, since you are a woman, I won't beat you, but don't expect me to pretend that nothing has happened."

"Yeah? What do you want." Lv Yuxi's gaze was cold.

Omi took a glance at Lv Yuxi's entire body, this chick's figure was quite positive, in two or three years' time, where else would it be.

Omi stroked his chin and said, "How about this, I'll take care of you, you name a price."

"Hahaha, Omi, are you sure you didn't say the wrong thing?" Lu Yu Xi bit her teeth.

"What? I'm the boss of the Light Cloud Alliance, and I can't even keep you?" Omi said.

Lu Yuxi was trembling with anger, Omi didn't say this, it was fine, once said it was even more so, because Omi took himself too seriously, what Light Cloud Alliance boss, a bunch of rabble, was simply trash in Lu Yuxi's eyes, and actually had the nerve to move out this trash identity to boast of his high status.

"Omi, say that again." Lv Yu Xi trembled all over.

Both fists clenched.

"I don't have time to bullshit you, I'm just asking you, I'm willing to cover you, will you accept? If you agree, then what has just happened is written off. If you don't agree, then what has just happened will never be forgotten."

"Rascal, if you dare to insult me, I'll kill you." Lu Yu Xi punched Omi.

Lu Yuxi's punch carried an inexplicable power.

"Ah." Omi was shocked, there must be a secret on Lv Yuxi's body, otherwise how could she strike such a powerful punch, and with the strength of this punch, Lv Yuxi definitely killed Yang Rong in seconds, but why did she hide her strength before and not defeat Yang Rong?

Omi suddenly grabbed Lu Yuxi's green jade hand and scattered all of Lu Yuxi's attacks, and the hand that Omi grabbed seemed to be frozen into a popsicle.

"What." Lv Yuxi was shocked inside, "This is impossible, this move of mine is a high-grade superior martial skill, this strike is comparable to the eighth stage of body refining, I didn't dare to use it easily before, so when Yang Rong dueled with me, I didn't even put out my full strength. If I wasn't forced by this little bastard just now, I wouldn't have used this move. However, I didn't expect that such a strong move of mine would be easily defused by Omi... Oh my god, this move of mine, but I might not even be able to block it at the eighth stage of Body Tempering... This Omi, he's only at the fourth stage of Body Tempering, and he's only twelve years old, how is it possible."

At this moment, Lu Yuxi was even more shocked inside and looked at Omi incredulously. If Omi had just surprised her by defeating Yang Rong, then defusing her move now would be more than just a surprise.

"Let go of my hand."Lv Yuxi snorted.

Omi let go of Lv Yuxi's hand.

Lv Yuxi found that her wrists were all scratched red.

Lv Yuxi huffed, "Omi, who the hell are you."

"I should be the one to ask you this, that punch you just threw was extremely powerful, not to mention Yang Rong, even ten Yang Rong couldn't stop it.Why are you pretending that you can't beat Yang Rong?What exactly are you?"Omi asked aloud, Omi felt that with that move that Lu Yuxi had just made, he knew that Lu Yuxi must be from a big place, and also, Omi had just heard Lu Yuxi say this to Yang Rong: I just don't care to use my relationship against someone of your level.

This sentence, now that I thought about it, had great meaning.

What kind of bottom line is that Lu Yuxi simply doesn't care to use her relationship against someone of Yang Rong's level?

Lv Yuxi glared at Omi, from her eyes, she revealed a look that treated others like ants, and warned Omi, "You'd better ask less about me, otherwise, you'll die without even knowing how you'll die, and I'll only warn you once for the same words."After saying that, Omi suddenly felt that Lu Yuxi's body emitted a submissive air, Omi guessed that Lu Yuxi's true identity must be extraordinary, or else she wouldn't be allowed to have such an air, it wasn't an act.

Omi snorted, "You think I'm afraid of you, I'm not afraid to tell you that my family history is just as big."

Lu Yuxi scowled, "Really? Then why don't you tell me, what kind of family lineage, this world, but all the real big immortal cultivation families, even if I don't know anything about them, I've heard of them."

"Uh."Omi was stunned, what a mouthful.

Omi was busy saying, "If you don't even say it, why should I say it, I want to say it all together."

"I'm not interested in knowing you."Lv Yu Xi turned around and walked away.

"Hey, Lu Yuxi, I'll cover you, think about it, don't worry, I don't need you to do anything, it'll be enough to warm the bed."
