"Mm." Omi comfortably drank a sip of water, then looked at Lv Yuxi, Lv Yuxi was still at the seventh stage of Body Refining, Omi suddenly felt that he should not also let Lv Yuxi improve, Lv Yuxi was now so gentle to Omi, Omi could not forget the goodness of others.

"Yu Xi."

"Young Minister, I'm here." Lv Yuxi was excited as Omi called her Yuxi.

"Come into the room with me."

"Ah, Minister Shao, it's early in the morning." Lu Yuxi thought Omi was going to do something and blushed.

"It's fine even in the morning, come in."

"Yes." Lu Yuxi blushed and entered Omi's room with excitement inside, it had been several days since the last time, she hadn't accompanied Omi.

"Why are you blushing."

"Uh, doesn't young minister want me to accompany you?"

"It's early in the morning, I'm sick, alright, I called you in to help you." After saying that, Omi threw down a pile of spirit stones.

"Young Minister, what are you doing?" One second to remember to read the book

"Cut the crap and refine."

Ten minutes later, Lu Yuxi soared all the way from the seventh stage of body refining to the eighth stage of open light.

"Heavens." Lu Yuxi couldn't even believe that this was real, it was only ten minutes.

"Minister Marshal, is this for real?" Lu Yu Xi said with wet eyes.

"Nonsense."

"Thank you, Marshal Chen, you're really handsome, Marshal Chen." Lv Yuxi looked at Omi with a look that begged to be pounced upon, at this moment, Omi made her do whatever she was willing to do.

Omi trailed off, "I'm already handsome, alright, you can go out, by the way, your realm, I've helped you hide it to the eighth stage of body refining, this is to keep it out of sight."

"Thank you minister handsome, me." Lu Yuxi wanted to say, I really like you so much, but unfortunately, I'm afraid that Omi didn't even look at you, so she didn't say anything and walked out of the room with excitement as well as some regret.

After Omi now didn't have to refine talismans every day, time immediately became sufficient.

However, Omi could not be idle in this business of talisman refining.

Now that Omi had reached the Xinzhao stage, he also had to try out what level of talisman he could refine the strongest now.

After Omi bought the materials, he began to refine the talisman.

After spending half a day, Omi refined a third-grade, seventh-grade talisman.

That is, it was able to deal with people and beasts of the seventh rank of Heart Shine.

Omi had some regrets, as Omi could kill Heart Shining Ninth Order even with a flying sword, so the talisman wouldn't be of much help to Omi.

Omi stopped refining the talisman and walked out of the entrance of the Light Cloud Alliance.

"Hello, are you Omi?" A man came looking for Omi.

"I am, who are you and what do you want with me?" Omi looked at the man in front of him in the First Order of Enlightened Light.

"Hello, Omi, my name is Wang Ju Peng, tonight the top twenty people on our Open Light First Order Earth Ranking will be gathering for dinner, would you like to come along?" The man called Wang Jupeng asked.

"Gathering?"

"Yeah, you're also in the First Order of Enlightenment, and you became the first in the First Order of Enlightenment column of the Earth Ranking a few days ago, so you're very welcome to join us for tonight's dinner. It's all for the top twenty." Wang Ju Peng said.

Omi had no interest in attending such a low-level gathering, although Omi was now also at the First Order of Enlightened Light, Omi's First Order of Enlightened Light was a hidden

Hidden.

Omi said indifferently, "Although I am not interested, if you give me a reason to attend, as long as that reason is appropriate, I will consider going."

Suddenly, that Wang Jupeng who came to invite Omi was very upset, giving Omi face before inviting him to the party, but I didn't expect that Omi would chirp and refuse to agree, but also give him a reason to attend before reluctantly going, as if Omi was such a noble person, and how demeaning it was for him to attend, it was too arrogant.

Wang Ju Peng said, "Omi, although you won first place on the First Order of Enlightenment list a while ago, you're not a bit arrogant now. I'm not afraid to tell you that those who attended this gathering are all top twenty, you should know what this means, in the future they'll all be strong people in the upper

echelons, so if we all get together more now, we can look out for each other in the future, what do you think?"

Omi said, "Although this is a good reason for me to consider going to the party, but I also have to say that I really don't see these people taking care of each other, alright, where is the gathering tonight."

"Quande Manor, you can go there or not if you like." After saying that, Wang Ju Peng walked away.

Omi smiled indifferently, perhaps Omi's words just now were indeed a bit immodest, but Omi seemed to be used to it.

Omi wouldn't be humble to anyone.

At this moment, there were already more than a dozen people inside the Quan De Manor, helping to wash the vegetables and skewer the meat, looking like they were preparing for a barbecue.

That's right, tonight they gathered for a dinner, a barbecue for everyone, a total of twenty people, all of whom were in the top twenty on the Enlightened First Order list.

Of course, the person who organized this gathering was called Quan De, and this Quan De Manor was his.

The reason why this Quan De was able to organize the gathering was because he had a bit of energy, even though he was ranked fifth on the Open Light First Order list, he had a strong presence in the Flying Cloud Sect, which was why everyone was giving him so much face.

"Boss Quan De, go rest, I'll handle the meat of these magical beasts." A man of the first stage of Enlightenment said enthusiastically.

"Good, I'll leave it to you, when it's done, skewer it with bamboo sticks, skewer more, and everyone will be happy to eat it at night."

"Don't worry, by the way, where did Wang Ju Peng go?"

Quan De said, "O Wang Ju Peng, I've asked him to invite Omi."

"Omi? You mean, Omi who just replaced Li Lian's first place a few days ago?"

"Yeah, this gathering is the top twenty ranked, Omi is going to be invited to the gathering, even though he only got first place a few days ago, I don't know if he'll come."

"Hehe, Brother Quan De, with your face, Omi will definitely come. In the entire Flying Cloud Sect, the circle of the First Order of Enlightenment, who doesn't know about your energy ah, your brother is a mentor and your mother is an elder." The man called Wei Lang said flatteringly.

"Hehe."

Just at that moment, Wang Ju Peng returned.

Quan De was busy asking, "Wang Ju Peng, is Omi coming to the gathering tonight?"

Wang Ju Peng grunted and said, "Stop it, it's pissing me off."

“Uh, what’s going on? Omi isn’t coming to the dinner organized by Big Brother Quan De?” Another person asked, and the other dozen or so people on the scene looked over, but there was someone who didn’t give face to Quan De.

In the past, Quan De also used to organize dinners for the top twenty ranked people, everyone would come to the dinners, did someone not give face this time?

Wang Jupeng said, “I formally invited Omi to the gathering, but Omi said that although he wasn’t interested in such a low-level gathering, he would consider it if I gave him a proper reason.”
