Omi didn't say anything when he looked at Gu Nu Xiaoye, his nose and face swollen, but Omi could tell from a casual glance that they were all external wounds, the surface was miserable, but in reality there was no harm.

But to be forgiven, Omi was too lazy to care, let's just pretend not to know.

After Ancient Slave Little Leaf entered the temple, he busily walked up to Omi and knelt down to pay his respects, "See Master."

Omi snorted, "You've lost the chance to take me as your master."

"Ah, young minister, I would like to serve you as my master, and I hope that young minister will accept it."

Liang Jinhua busily said, "Yes, Minister Shao, Little Ye has already known her mistake, let her acknowledge you as her master."

"Since you are so sincere, I will reluctantly accept your knee."

"Thank you master."

"Alright, go do your thing." Ancient Slave Little Leaf went back to her family orientation, and although it was very undignified in front of her family, she was relieved when she remembered Omi's background. Even the people of the Four Seas Family could only serve him as maidservants, and she was already a tall order to be able to serve Omi as a slave.

The two supreme elders of the Lie Yue Family also came up to see their master in a panic, and Omi waved them off. Now that they knew Omi's power, they were just one master at a time, where was the strength from their disobedience?

This is how, after the four great families finished their sacrifices, the children of each family began to come out to compete, to win glory for their respective families. The first website m.kanshu8.net

"Meng Clan, a genius who stepped into the first stage of body refining at the age of 13 has appeared."

Not long after, a shocking news came out.

Normally, one would normally reach the first stage of Body Tempering at the age of 15, and to be able to step into the first stage of Body Tempering at the age of 13 was very genius, but of course, it was slightly inferior to Omi stepping into the first stage of Body Tempering at the age of 12 last year.

Everyone looked at the Meng family with envy, and the Meng family's elders all looked proud.

Just at this moment, a shout came from the Lie Yue Family, "The Lie Yue Family has a 12 year old stepping into the first stage of Body Tempering."

"What? 12 years old, no way, didn't the Leyon Family produce a 12 year old Leyon Eye last year? Why is there another one today?"

Suddenly, everyone was shocked, the Lie Yue Family had a genius who had stepped into the first stage of Body Tempering at the age of 12 for two years in a row.

Omi also looked over to the Leyue Family to see which genius had appeared in the Leyue Family, and this look made Omi's brows furrow.

"That little girl, she's so delicate looking, she'll definitely be a beauty when she grows up, just how come her face mold, she looks like my teacher's mother." Omi said inwardly.

Omi just felt at the moment that she resembled her teacher's wife, but definitely didn't think that she was her teacher's wife.

After all, Yan Xin Yi was only 12 years old at the moment, there was a big difference between her and an adult, and Omi also believed that her teacher-mother should be dead.

When she was in the mortal realm, after her master's great time, her teacher's wife moved to a mountain outside the imperial city and lived in seclusion by herself. Omi and his disciples occasionally visited his wife, but then one day, Omi came out of the closed door to visit his wife, and found her gone, and left a note. Omi still remembers his wife's message clearly: "Disciples, you don't need to visit your wife anymore, she doesn't have much time left, she has left with your master. Don't worry, we'll be master and disciple again in our next life.

And this life is goodbye.

Omi was now looking at the little girl from the Leye Clan, and his mind suddenly returned to the original scene.

Omi muttered to himself, "Auntie, Feng'er misses you so much, you know, Feng'er was in the spirit world and saw a little girl who looks like you, I think she will look even more like you when she grows up."

After saying that he slowly walked towards the direction of the Lie Yue family, completely unaware of it.

It was rare to meet a little girl who was so similar to her teacher's wife, this was a kind of fate, perhaps, she was the reincarnation of her teacher's wife, so Omi decided to help her cultivate immortality.

At this time, Yan Xin Yi was surrounded by a group of elders from the Lie Yue Clan, as if she had gotten a treasure.

Omi walked up, and the two supreme elders of the Leyue Family were shocked, not expecting Omi to come over and panicked, "See Master."

Everyone in the Leyue Family was startled and looked at Omi, thinking in their hearts, Omi wouldn't want to rob this genius with them right now, right?

As expected, Omi bluntly spoke up, "This little girl, I want to take with me."

"What." Everyone in the Lie Yue family was displeased for a while, why should seeing a genius, and so beautiful, be taken away.

"This." The supreme elder of the Leyue Family was a bit embarrassed.

Omi snorted, "I won't say the same words twice."

The head of the Leyue Family immediately laughed, "Haha, it's an honor for Master Tang to be able to see our Leyue Family's children, what are you guys still bitter about."

Everyone reacted at once and immediately transformed their smiles.

Lie Yue Bi said, "Master Tang, since you like her, we'll give you as a slave, it's an honor for our family that she can be your slave, ah, I still hope that Master Tang's men."

Omi's eyebrows furrowed, "Slave servant, hmph, she will be my disciple and your master from now on."

"Ah." Everyone in the Leyue Family was stunned, never expecting someone as noble as Omi to accept Leyue Xingyi as his disciple as soon as he opened his mouth. Thought, to be able to be Omi's slave servant were all high climbers, for a moment, everyone in the Leyue family was a bit confused, why was Omi so attentive to this Leyue Xinyi, even if Leyue Xinyi stepped into the first stage of body refining at the age of 12, and the mold was long, with young minister's vision and insight, it's not so much.

Unfortunately, no one knew that it was because she looked like Omi's teacher's wife, and that reason alone was enough.

The other two families looked at the Lie Yue family with envy, not expecting that the Lie Yue family was so lucky to be able to climb up with Omi as a relative.

At this moment, Yan Xin Yi was a little shocked inside, was this the arrangement of the heavens in the underworld? Is today's encounter and the fact that Omi took her in as his disciple, all because of God's will?

Yan Xin Yi had just been surrounded by a large group of people, so she hadn't even seen when Omi had come over, and after that, she hadn't even had a chance to speak.

At this time, the Lie Yue Family's Lie Yue stormed and urged, "What are you waiting for, why don't you hurry up and pay your respects to your master? Today you are able to be accepted as a disciple by Minister Young, this is your creation, the heavens' favor to you."

Yan Xin Yi was still in a daze, not because she was too excited, but because of the yin and yang of it all.
