

King of kings

1628

Omi said angrily, "He's looking for death."

Yan Xinyi said, "Master, think twice before you do anything, but you must not act recklessly."

"Master, don't worry, anything I do is done after thinking again and again, for example, I'm going to kill Zhong Chulan."

Yan Xinyi was speechless, and so was Tang Huan.

Omi came to a room.

That Vice Patriarch, Nine Jins, was still asleep.

Omi immediately sent out a mental wave.

It felt as if the sleeping Vice Sovereign had been pricked with a needle in his head, and was immediately awakened, turning over and climbing up to find that he was no longer in the True Beast Forest.

"Hmm, where is this?"

At that moment, Omi's voice sounded from behind, "You're in my Light Cloud Alliance."

"What? Did you bring me back to the Flying Cloud Sect?" Remember the URL .kanshu8.net

"Yes."

"Kid, you were last night."

"That's right, I've turned you into my quiff body."

"You." Vice Patriarch Nine Jins was furious and charged up at Omi.

At that moment, Omi sent out another spirit wave.

"Ah." Vice Patriarch Nine Jats fell to the ground, a pinprick sensation in his head, a pinprick sensation that instantly caused him to lose consciousness and combat power.

Omi said, "Vice Sovereign, do you still want to get physical with me?"

"You, you, you." The Vice Patriarch was indescribably furious, he was a great Vice Patriarch, and the fifth ranked among the dozen or so Vice Patriarchs of the Flying Cloud Sect, but surprisingly, he had become a kui corpse of an Enlightenment stage disciple, oh my god, how could he endure this.

Omi immediately ordered, "Slap yourself twice."

The Vice Patriarch's hands, seemingly uncontrollable, raised up, and then, slapped himself twice.

"I, I, why am I like this." The Vice Patriarch was unable to accept it.

Omi snorted, "Vice Patriarch, accept reality, you're already my Qui Corpse."

"No, no, I'm the Vice Sovereign, I'm not." Vice Patriarch Nine Jins felt like crying without tears, last night he didn't turn into an enemy's kui corpse, but a kui corpse of an enlightened disciple.

"Vice Patriarch, you have to accept it if you don't, if you accept it properly, perhaps, I can let you keep some more face, I can advertise to the public that you are only my subordinate, otherwise, I will tell others that you are my kui corpse."

"You dare."

"How dare you speak to me like that, fine, slap me again until I yell stop."

"Slap slap." The Vice Patriarch slapped himself as hard as he could, his heart clearly didn't want to, but he couldn't control himself, as if, his hands and feet had been controlled by Omi.

"Oooh, stop fighting, I'm resigned to my fate, isn't it." The Vice Patriarch said helplessly, his face was swollen from his own beatings.

"Very well, then, I'll give you face and advertise to the outside world that you are my subordinate."

The Vice Patriarch didn't say anything, acquiescing, his face deadly pale.

Omi said, "Vice Patriarch, don't look so depressed, there's nothing wrong with you being my subordinate. Alright, I'm going to take care of someone, his name is Zhong Chu Lan, what do you know about him?"

"Zhong Chu Lan? How did you get on his bad side."

"Answer me directly, what do you know about him, it is said that he has two uncles in the Flying Cloud Sect, one is the top elder of the Flying Cloud Sect and the other is the deputy sect master of the Flying Cloud Sect."

"That's right, his second uncle, is the Deputy Sect Master of the Flying Cloud Sect, ranked eighth in the Flying Cloud Sect."

"Meaning, that second uncle of his is not as good as you in the Flying Cloud Sect?"

"Yes."

"Well, that's good, I can clean up his uncle along the way," Omi said.

Vice Patriarch Nine Jiu Jiu trembled inside, Omi was a person who didn't even know how to describe.

Nine Jiu Jiu said, "Although my position in the Flying Cloud Sect is a bit higher than Zhong Jiu, I can't do whatever I want to him, after all, he still has a power that is not weaker than my family."

"Uh, a force not weaker than your family? Zhong Chulan's family is one of the three strongest families in Zhubai City, could it be that you also have a family?"

"Nonsense, my family, is also one of the three strongest families in Zhu Bai City, and the Zhong family is not weaker than our nine families, so if you want me to kill Zhong Jiu, don't even think about it."

Omi said, "Do you think that, you are the one in charge of your actions?"

"Hmph, if you order me to kill him, I may not be able to kill him, but at least he has a chance to escape in front of me. Even if I do kill him, then his family won't be able to stop, and then, you'll still be finished as usual, so if you listen to me, it's best not to act rashly."

"Don't act recklessly? That Zhong Chulan is so arrogant in front of me, trying to step on me for no reason, do you think I should act rashly?"

"Since he stepped on you, then you can also step on him, the worst that can happen is that you can step even harder than him, Zhong Chulan's uncle's side, I'll just help you deal with it. I'm doing this for your own good, and for my own good."

Omi thought about it, fine, it's really meaningless to kill Zhong Chulan so cheaply, besides, it's not easy to deal with the Zhong family's side in Zhubai City, so why not hold off for a while, and then when you don't have to worry about the Zhong family's power in the future, Omi will stomp him to death.

"Fine, then I'll give you face and hold off for now."

"Then you go clean up Zhong Chulan, leave the rest to me, and don't advertise to the public that I'm your subordinate," Jiu Jin pleaded.

"You're my kui corpse, I've already shown you grace by claiming to be my underling, don't give an inch."

"If you claim that I'm your underling, I'm afraid it won't do you any good, my family is at least one of the three strongest families in Zhu Bai City, I'm not without status in my family, if it really is known to my family, it will definitely come to you to understand the situation, at that time, are you sure you can control the situation?"

Omi said, "Do you know why the Qui Corpses are called Qui Corpses and not Qui Men? Because, if I die, you die too, hence the name Qui Corpses."

"Count me as begging you okay, if you still want to cooperate properly, just give me some face."

"Hahaha, since you have such a good attitude, I'll give you this face, I can not advertise that you are my subordinate, but from now on, you must respectfully address me as Young Man Man Man Man, or Young Tang."

"Alright." Vice Patriarch Nine Jins had to compromise, addressing Omi as Tang Shao invariably lowered his status a bit, but it was better than his men.

Omi walked out of the room and came to the lobby of the Light Cloud Alliance, shouting, "Come."

"Boss, here, what's your order."

"Go, tell Zhong Chulan that I've returned and tell him to come over to be killed." Omi ordered, Omi wanted to go directly to Zhong Chulan, but, Omi didn't want to lower his status, so, let him come himself.
