

# King of kings

1639

"What? How is that possible, there are people in the Flying Cloud Sect who are more genius than you?"

"Really, and I just said that the person who picked up the little white dragon was this Omi. So, the Immortal cultivators of the First Sea are not without geniuses."

That Yun Tian seemed a little upset inside.

"Xiao Xin, how do you speak for that what kind of Omi."

"Brother Yun Tian, I'm telling the truth, although I don't really like that Omi's personality either, but the truth is that he is indeed a bit more powerful than me ah." Xia Xiaoxin was busy explaining.

But . That Yun Tian was even more uncomfortable .

"Xiaoxin, will you take me to find that Omi? I want to see just how genius he is." Yun Tian demanded.

Xia Xiaoxin was busy shaking her head, "Brother Yun Tian, you don't want to be like last time again, don't, my grandfather has just warned you not to mess up again."

"Xiaoxin, don't worry, I just want to see if this Omi you're talking about is really such a genius, I don't mean anything else, I promise, I'll never bully him."

"This."

"Xiaoxin, let's go, the One Heavy Sea has a person who is more genius than even you, I don't believe it la, I just want to see it." Premiere URL [m.kanshu8.net](http://m.kanshu8.net)

Xia: "By the way, Brother Yun Tian, there's another genius in the One Heavy Sea, in the Thousand Waters Sect, called Mu Qianji."

"Mu Qianjie? I've heard that name, almost forty years old, reaching the sixth stage of Spiritual Harmony, right."

"Yes, yes, Mu Qianji is currently the most genius in the First Sea, and he's also quite famous in the Second Sea and Third Sea."

That Yun Tian Yi said, "It's just a slight genius in the First Sea, but if it were placed in our Fourth Sea, I don't know which corner of the ranking it would go to. Your brother Yun Xing is not even thirty years old, and he's already not weaker than her."

"Mhmm, brother Yun Xing is even more genius." Xia.

"Let's go, let's go, let's go find Omi."

"I can take you there, but you have to promise never to trouble him, or I'll tell my grandfather."

"Don't worry, really, just don't trust me that much."

So Xia Xiaoxin took that Yun Tian with her to find Omi.

That Yun Tian's mouth said that he would never trouble Omi, but his heart was not like that, he had very little affection for this Omi in his heart, not because Omi had offended him or anything, but because when Xia arrived at Omi's tone of voice, it was a bit incredible as well as admiring, so Yun Tian felt very unhappy.

Although Xia Xiaoxin was only treating Yun Tian as an older brother, but Yun Tian liked Xia Xiaoxin inside.

At this moment, Omi was playing with the little white dragon.

Not long after, Xia Xiaoxin brought Yun Tian to the entrance of the Light Cloud Alliance.

Xia Xiaoxin said to one of Omi's men, "You guys go report to Omi and tell him that I'm here."

That Yun Tian grunted, "But a cultivator of the lowest level of the First Sea, still putting up so much of a fight, Xiaoxin, what's the point of filing a report, just go straight in."

Xia: "Brother Yun Tian, don't mess up, since we're in the Flying Cloud Sect, we'll follow the rules of the Flying Cloud Sect, this is someone's territory after all."

"Territory a hair, speechless, this makes me feel, as if a human walking up to an ant nest, the human must also follow the rules of the ant, can't step on the ant nest, first go and inform the ant king, get permission before entering the ant

Nest, why do I feel so ridiculous." Yun Tian's mouth was full of shame, but in fact, he despised the Immortals of the One Heavy Sea in his heart and considered them very lowly, going so far as to use ants as a metaphor.

"Brother Yun Tian, don't be like that." Xia Xiaoxin had no choice but to be angry, she also knew that Brother Yun Tian looked down on the Immortals of the First Heavy Sea, but she didn't blame Brother Yun Tian, after all, he hadn't lived in the First Heavy Sea and had just come out of the Fourth Heavy Sea, so his vision was inevitably high for a while.

"Boss, Xia Xiaoxin seeks an audience." A little brother walked into the back hall and said to Omi, who was playing with the little white dragon.

Without raising his head, Omi said, "No see."

"Uh." That little brother was stunned and said in his heart, "Boss is really the boss, just crazy, he can even disappear Xia Xiaoxin."

That underling was busy going out to reply.

"I'm sorry, our boss is very busy, he said no see, you guys go back."

"What." Xia Xiaoxin's eyebrows furrowed, she didn't expect Omi to even see her, thanks to her regular reporting, she didn't expect Omi to feel like he didn't put her in his eyes so much.

Yun Tian, who was beside Xia Xiaoxin, however, was dumbfounded.

If he hadn't been persuaded by Xiaoxin, he would have kicked open the door and entered, but the result in return was, missing.

Yun Tian was on fire.

"Xiao Xin, look, this is the consequence of your honest report, right, people can't even see you. F\*ck me, it's been a long time since I've generated this kind of anger." Yun Tian shouted and raised his leg to kick the door.

Xia Xiaoxin was busy saying, "Brother Yun Tian, don't be like this, whether people see me or not is also their freedom, we can't be so unreasonable ah."

Yun Tian disdainfully said, "I go to him, I'm willing to come here, are already condescending, it's his ancestors accumulate virtue, he, he still can't see me, what is he."

"Brother Yun Tian, don't be like this." Xia Xiaoxin dragged Yun Tian, preventing him from kicking in the door, although Xia Xiaoxin was also a little depressed that Omi hadn't seen her, but she also understood that seeing or not seeing was originally Omi's freedom, and there was nothing to blame people for.

But Yun Tian can't think this way, Yun Tian already despised the Immortal cultivators of the First Sea, and now he has been given a closed door, so you can imagine his anger.

Omi had already heard the noises outside the front door.

Just as Yun Tian was about to kick the door, Omi's voice came from inside, "Don't stop him, let him kick, if he kicks my door today, I promise to let him go back with a broken leg."

Xia Xiaoxin was stunned.

Yun Tian was furious and rushed up, kicking the door of the Light Cloud Alliance.

"Boom." The Light Cloud Alliance's gate flew into the hall.

I don't know how many people had kicked down this gate, but Omi was distressed by that gate.

Omi didn't stop it and watched that gate fly open with cold eyes.

Then, he saw Xia Xiaoxin and a boy of about fifteen years old standing outside, that boy still had a face of anger and an air of superiority in his eyes.

Omi snorted, "Very well, remember what I just said, you kicked my door, I'll let you go back with a broken leg."

"Hahaha, hahaha." Yun Tianton was so angry that he couldn't be angry anymore, so he became laughing or ridiculous. In his eyes, it was like an ant saying that it was going to bite off his leg. Any human would hear an ant say, to bite off his leg, I'm afraid that human would laugh.
