Xia Xiaoxin was busy saying, "Omi, don't blame Brother Yun Tian, it was you who first refused my request for an audience before angering Brother Yun Tian."

Omi huffed, "Xia Xiaoxin, you are my person, I can see you if I want to, but not if I don't, understand?"

"Omi, don't you talk nonsense, who is your person."

"Xia Xiaoxin, it doesn't matter if you've forgotten, as long as I haven't forgotten, if I say you're my person, I'm my person."

"Omi, stop talking nonsense, if you continue to irritate Brother Yun Tian, be careful I won't be able to stop him. I can tell you, Brother Yun Tian is not Zhong Chulan's type, you better be careful"

Omi snorted, "I told you, he kicked in my door, I'll let him go back with a broken leg today. Aren't my words obvious enough?"

"Omi, do you know what Brother Yun Tian he is?" Xia Xiaoxin was angry.

"Even if he's a god, I'll make him break a leg today, besides, is he a god?"

"You." Xia Xiaoxin couldn't communicate properly with Omi anymore.

Yun Tian was already furious, he had never seen any genius in the Four Seas and had never suffered such anger.

"Die." Yun Tian had vowed inside to kill Omi, with his family background, there was no need to think about the consequences, even if he wiped out the entire Flying Cloud Sect, his family would easily cover it. Remember the website .kanshu8.net

Yun Tian didn't want to say anything and walked straight up to Omi.

Xia Xiaoxin was busy saying, "Brother Yun Tian, don't mess up, you promised my grandfather."

Yun Tian snorted, "Xiaoxin, do you think, in this situation, I'm the genius young master of the Four Seas Family, will I suffer this anger?"

"Brother Yun Tian."

However, Yun Tian had already walked up to Omi.

"Little bastard, before I die, I can grant you a wish."

Omi snorted with disdain, "Death? So you're going to kill me?"

"You give me a reason to not die."

"Since you want me to die, then don't blame me for being rude." Omi's gaze was cold, killing.

At this moment, Yun Tian killed Omi with a palm.

However, Omi was a strong man of the ninth stage of Heart Shining, how could he be killed by a trash of the second stage of Heart Shining.

"Bang." Omi slammed a palm, and Yun Tian spun in place several times before falling headlong to the ground, his eyes full of gold stars.

"What, what's going on here."

Yun Tian was stupid, unable to believe what was going on.

Xia Xiaoxin, who was trying to come up to persuade the fight, was also silly, but Yun Tian's brother was no match at all.

After fanning Yun Tian to the ground, Omi walked up and grabbed Yun Tian's ankle, then swung it around several times in the air before finally slamming it into the ground.

"Bang." Yun Tian's head slapped the ground, making a hole in the ground.

"Ah." Yun Tian let out a scream, and his head burst into blood.

Omi walked up again, stomped on the head that almost didn't crack, and said, "Little son of a bitch, what the fuck, what the fuck, daring to be arrogant in front of me, you fucking think that a family from the Four Seas is very tuggy isn't it, do you fucking know, a person from the Four Seas family can only be a maid in front of me, and it has to be a beautiful woman, as for you He's not even worthy enough to give me a shoe you know, and you dare to shout at me."

"Ahhhhh." Yun Tian screamed in pain, feeling that if Omi's foot was just a little more forceful, his head would split open and his brains would flow out, at least at the moment he felt that the wind could blow into his brain.

Xia Xiaoxin was busy walking up to pull Omi.

"Boom." Omi took Xia Dao at once: "Xia Xiaoxin, don't think you can touch me randomly just because you're a woman, if you pull me one more time, I'll immediately step on this cockroach believe it or not?"

"Omi, don't." Xia Xiaoxin busy nervous shouting, not daring to go up to pull Omi again, eyes fear, anyway, she can no longer see through Omi, whether it is really so pointless, or ignorant, even the Four Seas family

The clan dared to mess with it.

"Let go of me." Yun Tian shouted.

"Hmph, I pooh." Omi spat down a mouthful of water onto Yun Tian's slightly cracked skull seam, and then the saliva flowed along the skull seam and into the inside of Yun Tian's brain.

Fortunately, it was an immortal cultivator, if it was a mortal, they wouldn't even know how many times they died.

Yun Tian was on fire, but, there was nothing he could do about it.

Omi said, "For anyone who tries to kill me, I will let him die unpleasantly."

"You dare." Yun Tian gritted his teeth.

"Whether I dare or not is not what my mouth says, it's what I do." After saying that, Omi stomped so hard that Yun Tian's head was about to explode like a watermelon.

"Don't." Xia Xiaoxin shouted, and at the same time, Xia Xiaoxin took out a talisman.

"Swoosh." Xia Xiaoxin's speed skyrocketed.

"Boom." Omi felt that a huge force pushed him away.

Yun Tian had been saved by Xia Xiaoxin at the moment of death.

Omi raged, "Xia Xiaoxin, you dare to betray me."

"You're insane, what do I have to do with you, what do I betray you." Xia Xiaoxin was very speechless and annoyed at the same time.

Omi said, "Xia Xiaoxin, remember this, this is how you treat me, a man who wants to kill me, but you won't let me kill him, is his cheap life more noble than mine."

"Omi, I won't allow you to kill him, and it would do you absolutely no good if you did."

"Then you will allow him to kill me?"

"You're overthinking it, just now if he killed you, I would have stopped him just the same."

"Are you sure?"

"I'm not in the mood to argue with you, anyway, get out of my way."

Omi said, "Fine, I'll give you this face and not kill him this time, seeing as you'll also stop him from killing me."

"Hmph." Xia Xiaoxin was busy helping Yun Tian go.

"Wait." Just as he was about to walk out of the front door, Omi shouted again.

"What are you doing? Do you want to go back on your word?"

"Wrong, I, Don Omi, am a man of my word."

"Then what do you want?"

"I just said that if he kicks in my door, I'm going to let him out with a broken leg, do you think, my word can be counted?"

"You."

Before the words were finished, a knife suddenly flew in.

"Swoosh." The knife, directly cut off one of Yun Tian's legs, along the base of his thigh, in unison.

"Ah." Yun Tian screamed, and was unable to stand, and was about to fall to the ground, but fortunately Xia Xiaoxin held him up.

"Omi, you." Xia Xiaoxin exhaled and glared at Omi.

"Alright, my promise has been fulfilled, you can take this dog with you." Omi said with a wave of his hand.

Just at this moment, Lu Yuxi walked in from the doorway.

"Young Minister, what's happened?" When Lu Yuxi saw the gate was gone, she ran in and asked.

At this time, Lu Yu Xi saw the person Xia Xiaoxin was holding and was shocked, "It's you."

That Yun Tian saw Lu Yu Xi and was also shocked, humming, "So the person who gave him as a servant is you, Lu Yu Xi, you can really fight for the glory of the Lu family."

"Brother Yun Tian, stop it, let's go first. By the way, you take your own leg." Xia Xiaoxin bent down to pick up the severed thigh, Yun Tian's anger, but, can't don't, so he had to resist his own thigh on his shoulder, and then Xia Xiaoxin helped him jump and walk away, the scene was quite funny.

And at this moment Lu Yuxi stood there with a pale face.

Omi asked, "Yu Xi, you're back, what are you staring at."

"Chen Shao, I am." Lu Yuxi seemed to be a bit scared, I'm afraid that the fact that she was working as a maid for someone in One Heavy Sea would be spread back to the family.
