1656-1660

After that, it took Omi three months to help Mu Qianji sacrifice his magic treasures, and it took Omi three months to sacrifice Mu Qianji's Burial Moon Sword into an intermediate to inferior flying sword.

In order to sacrifice Mu Qianji's flying sword, Omi was also exhausted these three months, Omi thought that he had the help of his Immortal Qi to help with the sacrifice, it should be fast, but it turned out not to be so.

Of course, the Heavenly Furnace Mirror that Omi had snatched from the Grand Patriarch, Omi also sacrificed at the same time, and now, that Heavenly Furnace Mirror was also an intermediate to inferior magic weapon.

In the future, Omi had two magic treasures, the Heavenly Furnace Mirror and the Flying Sword. The Heavenly Furnace Mirror was a magic treasure with special effects, but the Flying Sword was a common magic treasure.

"Omi, we've been in the Flying Cloud Sect for several months, when are we going to leave for Zhubai City?" Mu Qianji asked.

"You decide, but should I take my teacher's wife, as well as Tang Huan and Lu Yuxi with me?"

Mu Qianji said, "We are going to Zhu Bai City this time, mainly to take on a mission to Xiu Hai, I heard that it will be very dangerous, besides, that mercenary group I am in may not be willing for you to take so many family members with you. I think it would be better to let them stay in the Flying Cloud Sect, it will be difficult for them to grow if they remain hidden under your wings."

"However, I'm worried that something will happen, as for growth, I'm not worried, I'll use spirit stones to give them a boost, I don't need them to cultivate how."

Mu Qianji said, "Omi, the later you get, the harder it will be to find spirit stones, now fifth grade spirit stones, you won't be able to find a few in a year, when you gather up a few thousand fifth grade spirit stones, when will that be. Even if you do gather all of them, what about the sixth grade spirit stones? Where are the seventh grade stones? At that time, it was unlikely that one would be able to turn over a few such high-grade spirit stones in the entire world. So, it's unrealistic. Also, even if you do use spirit stones to allow them to improve their realm, when they reach the Tribulation Stage, the thunderstorm they face, you can't possibly survive it for them, right, if they have been under your protection, they will surely die when the thunderstorm arrives, because they have never experienced danger before, and their delicate bodies can't survive the most terrifying thunderstorm. It is impossible for the heavens to give any immortal cultivator room to exploit it."

"Alas, so they'll have to give their best in the end."

"Definitely, you can help them a lot, but they can't exactly gain without giving. Although I know that you're afraid of losing your loved ones, but in the cultivation world, losing your loved ones is a common occurrence, and anyone who steps on the pinnacle is stepping on countless corpses to get there, and at the same time, has lost a lot. If you don't let go of your mind, once one day in the future, you lose one of your loved ones and you can't let go of it, you will form a mind demon, and when you cross the border, the failure rate of those with a mind demon will increase more than five times." “Well, in that case, I’ll let them stay in the Flying Cloud Sect and let them grow on their own, and I’ll help from there.”

“Mm.”

Omi gathered Tang Huan, Yan Xinyi, and Lu Yuxi together and explained to them everything that needed to be explained.

At the same time, Omi secretly instructed Vice Patriarch Jiu Ji to take care of them more, just in case.

Only after that did Omi and Mu Qianji leave the Flying Cloud Sect.

Before heading to Zhubai City, Mu Qianji requested a trip back to the Thousand Waters Sect, no matter what, it was her master, who had been kind to her in cultivating her.

Omi and Mu Qianji stepped on their flying swords and rushed into the Thousand Waters Sect’s main hall, which was her master’s cultivation cave.

“Ah.” As soon as they rushed into the main hall, a scream came from a corner of the main hall.

“Who dares to trespass in.”

Omi looked into the corner, and a man and a woman were covering their critical parts with their clothes.

The woman was exactly Mu Qianji’s master, as for the man, his appearance seemed to have never been seen before, but his spirit gave the impression that he was like the Grand Patriarch of the Flying Cloud Sect, and it seemed that he had already seized his new body.

Sure enough, the man saw that it was Omi and panicked, “Greetings, Senior Tang.”

Mu Qianji’s master also lost his temper and also panicked, “Paying homage to Senior Tang.”

Omi laughed, “The Great Patriarch of the Flying Cloud Sect is having an affair with the Patriarch of the Thousand Waters Sect, hahaha.”

Both of them felt extremely embarrassed, they had just been doing business intensely, and neither of them had noticed Omi and Mu Qianji’s arrival.

Mu Qianji turned her head, not daring to look, feeling embarrassed, she also didn’t expect that her master would have an affair with the Great Patriarch of the Flying Cloud Sect. It’s nothing, the immortal path is incomparably lonely, and it’s normal to occasionally make an immortal partner to pass the time.

Omi said, “Alright, there’s no need to be polite, I’m going to Zhubai City with Qianji today, Qianji is just coming over to say goodbye to her master.”

Mu Qianji said, “Master, disciple will go to Zhubai City first, since you’re busy, we’ll be leaving first.” Mu Qianji immediately flew out of the main hall.

Omi said, “Go on, you guys.” Saying that, Omi also flew outside.

Mu Qianji’s master was embarrassed and glared at the Grand Patriarch of the Flying Cloud Sect and said, “It’s all you, what’s the hurry to be monkeying around in broad daylight.”

"I, how was I supposed to know that they would suddenly come, I just wanted, to try out this new body, besides, you didn't object just now."The Grand Patriarch was depressed.

Omi and Mu Qianji were already far away from the Thousand Waters Sect, stepping on their flying swords and heading straight to Zhu Bai City.

On the way, Omi asked, "Qianji, have you ever heard of the Giant Fruit?"

"Giant fruit?There is."

"Ah, you've really heard of the Giant Fruit."

"Of course, after taking Giant Fruit, you can grow up quickly, some immortal families, wanting their children to grow up quickly and officially step into the immortal world, will give their children Giant Fruit, but Giant Fruit is also hard to find, why are you asking this."

Omi said, "Truth be told, I want to take the Giant Fruit, I want to grow up quickly."

"Uh, why?"Mu Qian never looked at Omi puzzled, Omi was already thirteen years old, and then there was no need to rush these years.

Omi hehehe smiled, "Just saw your master and the Grand Master of the Flying Cloud Sect hehehehe, I also quite want to grow up quickly and hehehe with you."Omi laughed cheaply for a while.

"Speechless."Mu Qianji blushed and greeted Omi with a glance, not expecting this kind of reason.

"You're already 13 now, you'll be 18 in five years, why are you in such a hurry, 5 years will pass in a flash."

"But I can't wait, even if I don't take the Giant Fruit, I can't wait until I'm 18."

"Then how many years do you want to wait."Mu Qianji's pretty face blushed slightly and said.

"15, 16 I guess."

"Ah, so small."

"What's there to be afraid of if it's small, hahahaha, can't I be afraid of messing up my body?"

"Nothing to say to you."

"Well, do you know where I can find Giant Fruit?Has Jubal City?"

"Me."

"Say it."

1657

"I don't know, but there's a big auction house in Jubal City, you can go there for a spin, there's often all sorts of immortal items being auctioned off there, the Giant Fruit isn't something precious, if you're lucky, maybe it is."

“Hehe, then when we get to Zhupao City, we’ll go to the auction house first.”

“Boring.” Mu Qianji didn’t object, although she felt that Omi didn’t need to grow up so fast, but she also didn’t stop him, after all, there were no side effects from taking Giant Fruit, and it was normal for Omi to not want to go through puberty twice since he was a person who was back to this age.

Half a day later, they arrived at Jubal City.

By now, the sky was already dark.

“Thousands of extremes, is there an inn in Jubal City? If not, I have an address here, given to me by a few people from the Meng family in Tianbao City, so I can go stay with them.” Omi said.

“No need, my master is the Master of the Thousand Water Sect, he is also a person of status in the One Heavy Sea, how can he not have a private residence in Zhu Bai City, let’s go to my master’s residence and stay there for a while, we can make plans for tomorrow if there is anything.”

“Good.”

Zhu Bai City was very huge, the population was unknown to be several million, a city of this population size, although it was very common in the technological world of the mortal realm, the cities of the mortal realm were full of tall buildings, a single building could house many people, but here was different, there were not many tall buildings, so to accommodate several million people, the geographical area could be seen how huge it was.

Soon, Mu Qianji brought Omi to a luxurious mansion, with ‘Thousand Waters Mansion’ written on the front door.

It was clearly not the first time that Mu Qianji had come here. The first website m.kanshu8.net

Entering the Thousand Water House, the servant girl watching the house inside was busy greeting, “Greeting Miss Mu, you’re here.”

“Mm.” Mu Qianji nodded slightly and led Omi into the house, and there was no need to introduce Omi to the servants.

As soon as he entered the hall, a servant handed over a letter and said, “Miss Mu, Lan Yi came to visit you a few days ago and saw that you were not here, so he left a letter, saying that he would give it to you when you returned.”

“Lan Yi? Oh, I see.” Mu Qianji frowned and picked up the letter.

Omi’s intuition told him that that Lan Yi, was definitely not a good thing.

“Honey, who is it?” Omi asked.

The first thing you need to do is to take a look at the letter, and then take it to Omi and say, “Help me read it.”

Omi tore open the letter, on which it was written: “Jie, how are you doing? I don’t know how long it will take for Jie to return, and I don’t want to be disturbed by the Thousand Waters Clan, so I left a letter, hoping that Jie would come to the Chenxiang House after seeing the letter, and I would share something with Jie.”

Omi's entire body was bad after reading the letter.

Omi said word for word, "Grass!Him!Mom!The."

Mu Qianji said, "This Lan Yi is insane, don't get me wrong, I have nothing to do with him, he's just a suitor of mine, besides, among all my suitors, this Lan Yi is not the most prominent."

Omi raged, "I won't rip his mouth off, I'll take his surname, believe it or not."

"Uh."

"Absolute?Well, I'll kill his whole family, can you believe that?"

Mu Qianji was busy saying, "Don't be so angry la, it's just an ordinary pursuer."

"Hmph, even if it was a dog chasing you, I would cut it down, not to mention a person chasing you, wait, see how I beat him to despair." Omi was on fire when he saw the letter full of ambiguity.

Fortunately

It was a good thing Omi had found Mu Qianji in time, otherwise if this continued, Mu Qianji wouldn't know who to get soaked away by. Mu Qianji had lost her memory before and didn't remember Omi and the mortal realm at all, so sooner or later, she would be attracted to someone excellent and would be soaked away.

Omi was fortunate that God had allowed him to find Mu Qianji so quickly and restore her memory, otherwise, Omi would have to despair thinking about it. If Omi had found Mu Qianji after n years, by which time Mu Qianji had already formed a celestial partnership with someone else, Omi would not have been able to achieve immortality, because Mu Qianji is definitely Omi's biggest demon, and even if Omi had the help of his immortal energy, he would definitely not be able to overcome his demon when he reached the stage of tribulation, and would definitely die.

When Mu Qianji saw Omi's pale face, he thought Omi was very angry, busy hugging Omi to comfort him, "Alright, don't be so petty, it's not like I'm in love with him. In the past, when I went to Husso Forest with a few people, he was among them, and that's how we met. Of course, this Lan Yi, he's also quite a genius, he's currently the second genius of the One Heavy Sea, he's the son of the Lan Family of the three strongest families in the One Heavy Sea."

"Good, I'll find him later to settle the score."

"Well, you'll see to it yourself." Mu Qianji didn't stop it, fearing that Omi would misunderstand.

That night, Omi and Mu Qianji stayed at the Thousand Water Residence for the night.

The next day, Omi dragged Mu Qianji to the auction site early in the morning.

Omi hoped to find the Giant Fruit by going to the auction site today.

As soon as Omi and Mu Qianji left, a servant of the Thousand Waters Residence left, seemingly to tip off someone somewhere.

That's right, that servant was going to the Lan Family in Zhu Bai City to report to Lan Yi about Mu Qianji's return, and of course, Lan Yi would pay him handsomely.

An hour later, that servant arrived at the Lan Family.

"I want to find senior Lan Yi, this is the pass token he gave me, I have something important to report to him."

When the Lan family's guards saw the pass token, they immediately took that servant to find Lan Yi.

In a courtyard, a young man was playing an instrument similar to a zither.

"Young Master Yi, there's a man here with your token to see you."

"Come in."

That servant from Thousand Water House was busy walking in.

Lan Yi asked, "You've come to find me, is it Mu Qianji who has come to Zhubai City?"

"Yes, Senior Lan Yi, last night Mu Qianji has already stayed at Thousand Water Residence for one night."

"Haha, she's finally come to Zhu Bai City again, by the way, did you show her my letter?"

"Back to Senior Lan Yi, she gave it to her, but she didn't look at it, she showed it to the teenager she brought back."

"The teenager?"

"Yeah, when she came back last night, she brought back a teenager, about thirteen years old."

Lan Yi's eyebrows furrowed, "Could it be her illegitimate son? No way." Lan Yi was shocked, although the possibility was low, but it wasn't completely ruled out, after all, Mu Qianji was thirty-seven years old and hadn't reached adulthood in the Spirit World (the Spirit World was about fifty years old and adult), but nowadays, people would do that when they were less than twenty, and if they had banged someone at a young age and had an illegitimate child, it was also possible.

Suddenly, it might be very unpleasant for Lanyi to think about this.

"Damn, if it's really her illegitimate son, then I have to kill that teenager, or else I keep feeling disgusted."

That servant of Thousand Water House was busy saying, "Senior Lan Yi need not worry, I don't think that teenager is like Miss Mu's illegitimate son, it's more like a younger brother or something."

1658

"That's good, that really scared my brother, so you can send me another letter."

"Yes."

At this moment, Omi and Mu Qianji arrived at the largest auction house in Zhubai City.

Mu Qianji said, "This auction house is opened by a family from the Four Seas, you have to keep a low profile when you go in, you must not cause any trouble oh."

"A family from the Four Heavy Seas is opening an auction house here?"

"Yeah, that's normal."

"Oh, then go in and take a look."

After entering, a man at the eighth stage of the YuanYing stage sat on the counter of the auction room.

This YuanYing eighth stage man was very strong, Omi was definitely no match, Omi could only defeat around the second stage of YuanYing at the moment, provided that the other party didn't have any middle-grade magic treasures, otherwise, the second stage of YuanYing wouldn't be able to beat him.

"What do you two want to pry?" That YuanYing eighth stage man asked.

Mu Qianji said, "May I ask, do you have Giant Fruit in your workshop?" Remember the URL .kanshu8.net

"Giant fruit? Oh, of course there is, but there's only one at the moment, and there's someone else who wants it besides you."

"Ah, there's someone else who wants it."

"Of course, that person who wants it, registered two months ago, and is just waiting for others to compete, so if you want it, I will arrange, this Giant Fruit, to be auctioned tonight." The rule of this auction house was that anything must have at least two people competing for it before it would be put up for auction, if only one person wanted it, it wouldn't be sold, because only if there were two or more people competing for it, could it be auctioned at a higher price.

Omi smiled, "If I don't want to auction it off and want to just take it, what do you think of this idea?"

Omi was fed up with putting up with other people's rules, Omi had his own rules, even if it was someone else's.

That YuanYing eighth stage man smiled with a threatening face and said, "Kid, are you sure you're not telling jokes? And are you sure you know what this place is?"

"Of course, I heard that this place is run by a certain Four Seas family."

"If you know that, you still dare to mess around here?"

"I'm not messing with you, I just don't like your rules."

That YuanYing eighth stage man said in a cold voice, "We set the rules, if you don't like our rules, don't come to our auction house to poke around. Might as well tell you that the other person who wants the Giant Fruit is your One Heavy Sea Zhong Family, one of the three strongest families. Even if someone from the Zhong family wants it, they have to honestly wait for other people to compete when they want it too, what kind of thing are you." The Yuanying eighth stage man's voice got a bit louder.

Mu Qianji was busy saying, "Omi, let's go first." Mu Qianji was afraid that Omi would stir up some trouble.

Omi smiled, "How can we leave when we haven't even obtained the Giant Fruit yet."

Omi took out a token from his pouch and said, "This token, do you know who it belongs to?"

That Yuanying eighth stage man's spiritual sense swept through and recognized it, and he was busy saying, "Yun De's family token, why is it with you?"

That's right, Omi's token was Yun De's.

Omi said, "Never mind how it's in my possession, I want to ask you right now, with this person's connections, if you can sell me a face and give me the Giant Fruit directly."

"This." The man was startled, normally, with Yun De's face, it would definitely be possible, after all, that Yun De, who had already stepped half a foot into the Exaltation Stage, wouldn't dare not give this face.

It was just that he didn't know what relationship Omi had with Yun De.

"I need to know what relationship you have with Yun De and how you have his family token."

"Oh, don't you care about my relationship with him, anyway, I'm

It's impossible to snatch the token from him."

"That's true."

"So, this token was never obtained by me through illegal means, Senior, that's all I have to say."

That YuanYing eighth stage man said, "Alright, I don't dare to deny Big Brother Yun De's face, in that case, for Yun De's sake, I'll give you that Giant Fruit for nothing, Giant Fruit is rare but not precious."

"Thank you, I will speak to Yun De, what is your name?"

"Uh." The man was startled, making it sound like he was trying to suck up to Yunde.

"Don't get me wrong, kid, I'm just giving Yunde face, not trying to suck up to him."

"Suit yourself then."

Not long after, the man at the eighth stage of the YuanYing stage ordered a fruit to be taken out.

Omi put it away and prepared to leave.

At that moment, that man was busy saying, "There's some good stuff in tonight's auction, I wonder if you want to come and join the fun."

"Uh, good stuff, what good stuff?" Omi asked.

"There's a primary superior artifact, a few fourth grade and ninth grade spirit pills, and of course, some spirit talismans, these are all good things."

"Good, if I'm free tonight, I'll come to see it, by the way, if I have something good, can I bring it here for auction as well?"

"Of course you can, the spirit stones you sell, you split it eighty-two with our auction house, you eight, we two. Of course, you can also entrust us with full authority to sell it, only the price becomes fifty-fifty."

"Really black, alright, I know, I'll leave first."

Omi couldn't wait to get back to eating the Giant Fruit.

Omi smiled, "If I come back at night, maybe I'll have grown up by then, hehe."

The man pursed his lips and didn't say anything, the reason he was so polite to Omi was all due to Yun De's face.

Omi happily walked out of the auction room.

"Haha, I got it without any effort." Omi said.

Mu Qianji said, "You really scared me to death just now, if you really offend that strong man, you'll really be finished."

"Honey, don't worry, I have a sense of propriety, if it was really an act of seeking death, how would I do it. Now you see, I didn't obtain the Giant Fruit with ease, or else I'd have to bid against whoever that is, and I don't have any spirit stones on me. Before I even came here, I thought of using Yun De's token to get it by coincidence."

"By the way, how did you come to have the identity token of a four-fold sea powerhouse?" Mu Qianji was busy asking.

"Well, hahahaha, go back and talk, I want to grow up first, tonight, hehehehe, you know."

"Why, the smile is so evil." Mu Qianji stared, as if he had already guessed the content behind Omi's smile, his heart was a bit nervous, after all, she was still a yellow-flowered girl so far.

"You understand, I've been lonely for so long, I can't let you be empty any longer." Omi said.

"Nasty, who's lonely, you're the one who's lonely." Mu Qianji blushed and snapped.

"Hahaha." Omi laughed out loud.

Soon, Omi and Mu Qianji returned to the Thousand Water Residence.

Omi entered the room and couldn't wait to eat the Giant Fruit.

Mu Qianji stood at the door and did not go in.

After Omi took the Giant Fruit, his body felt like it was heating up, and it also felt like there was soreness everywhere, as if, his muscles and bones were growing fast, Omi's body, already visible, was growing at a visible rate, only all of a sudden, Omi seemed to have grown up a year, and his clothes were becoming very stretched, as if he couldn't wear them anymore.

1659

In less than ten minutes, Omi had undergone a drastic change.

His height went from less than 1.6 meters, directly growing to around 188, and his appearance went from being 13 years old to 20 years old.

"Phew." Omi felt unbelievable, but he finally regained his grown-up appearance back then and felt very cool. This 20 year old appearance he had now, Omi hadn't seen it for hundreds of years, turning into an old man behind the mortal realm, youth seemed to be gone forever, but now, it was finally back.

Omi checked his body to see if there was any difference in taking Giant Fruit growing up, and after the check, it was found that there was no difference, just like growing up normally, moreover, testing Omi's bone age, his age was no longer 13, but around 20.

So, Omi now became 20 years old to reach the fifth stage of Spiritual Harmony, in effect, Omi's talent became a bit lower, but reaching the fifth stage of Spiritual Harmony at 20 years old was already powerful enough.

"Qianji, you can come in now."

Mu Qianji walked into the room, after seeing Omi, her mouth couldn't help but let out a soft ah, just now, Omi who was still a child-like appearance, this time, he became the most familiar adult in her impression.

"Omi." Mu Qianji saw that Omi was exactly the same as she remembered, and her feelings were somewhat touched inside, as if this time it was the one she was really waiting for to get her emotions into it.

Only, Omi's previous clothes had already failed to fit and were chipped, so right now Omi's attire looked odd, as if the clothes he couldn't put on had to be forced down.

Omi's body tensed with force, and the cloth still wrapped around him suddenly turned into shards spilling all over the ground, and Omi became a naked man as a result.

"Ah." Mu Qianji turned his head in shame, his face flushed red, Mu Qianji was busy saying, "I'll go ask my servant to prepare a set of clothes for you." Mu Qianji wanted to walk out of the room. A second to remember to read the book

At that moment, Omi took her hand and hugged Mu Qianji to her waist.

"You."

"The clothes will come later, right now spring night should be worth a thousand gold."

Omi carried Mu Qianji towards the bed.

Three hours later, Omi had already changed into brand new, well-fitting clothes.

The sky had also darkened.

Mu Qianji and Omi were preparing to eat, and during that time, Mu Qianji's face had been red, and Omi was looking at her as she ate, as if his mind was recalling the thousand gold moment this afternoon.

"Why are you looking at me like that." Mu Qianji pursed her lips and said.

"I feel like I'm dreaming, I've been looking forward to this for hundreds of years, and today, you've finally become mine completely."

"Speechless." Mu Qianji shyly lowered her head, she actually couldn't believe it, the image of that afternoon was always in her mind, lingering, always feeling happy at that moment.

Omi and Mu Qianji were closer to each other after the afternoon incident.

At this time, a servant came up and said, "Miss Mu, your letter."

"There's another letter from me, what person." Mu Qianji's eyebrows furrowed.

Omi immediately snatched the letter over and took a look, it was again from Lan Yi heck.

Omi raged, "This Lan Yi, is he really looking for death?"

Omi opened the letter and wrote inside: "Jie, I heard that you came to Zhu Bai City, Yi missed you very much, tomorrow, free or not, catch up with me, I'll wait for you at Shenxiang House, see you soon, I'm sure, you also want to know my recent situation."

Omi tore up the letter.

That servant sent the letter up and immediately retreated, then quietly left the Thousand Water House and headed straight for the Lan Family.

Mu Qianji was depressed, "What a nutcase, did he really think that I would like him as much as he is the number two genius of the One Heavy Sea."

Omi said, "I will definitely kill him, by the way, how strong is the Lan Family in the One Heavy Sea, if I kill Lan Yi, what will the Lan Family's reaction be?"

"As far as I know, the strongest person in the Lan family is currently called Lan Yuan, YuanYing fifth stage, the second strongest person is called Lan Ding, YuanYing fourth stage, in addition to that, the Lan family has eight other strong people who have reached the YuanYing stage."

"I'll go, you're not scaring me, the three strongest families in the One Heavy Sea, and the strongest person is only at the fifth stage of the YuanYing stage?"

"Yeah."

"How can it be so weak, the man we saw at the auction at noon is already at the eighth stage of the YuanYing stage."

"That man is from the Fourth Sea, not the First Sea."

"It seems that the One Heavy Sea really made me overestimate."

"YuanYing fifth stage you can win now?"

"I can't win, I can only defeat the second stage of the YuanYing stage at the strongest right now."

"Then after you kill Lan Yi, they Lan Family will definitely kill you, Lan Yi is the Lan Family's best hope to break through the Exaltation Stage in history. Once Lan Yi breaks out of the Exaltation Stage in the future, then the Lan Family will most likely enter the Second Sea, or even the Third Sea. Therefore, Lan Yi's status in the Lan Family is very high."

"Hmph, a mere Exaltation Stage, also he's good to have a history of how weak this Lan Family must be. Kill."

Omi stood up.

“Go kill Lan Yi now?I thought we were going to the auction site in the evening.”

“Kill Lan Yi before going to the auction house, go, where is the Sunken Fragrance House, lead the way.”

Mu Qianji immediately led the way, although she also believed that killing Lan Yi would be troublesome in a short period of time, but she was also disgusted with Lan Yi, just kill him, at the worst, she would not return to Zhu Bai City for a while.

At this moment, at the Sunken Fragrance House, Lan Yi had been waiting for a whole day.

Lan Yi’s fame was great, everyone in the Incense House knew him.

Many people saw Lan Yi sitting alone in the attic, waiting lonely for a woman, and were moved by his infatuation.

The entire Sinking Incense House was talking about it.

“Young Master Yi is waiting for someone again.”

“In the past two years, he’s spent countless days and nights here waiting for a woman he doesn’t know if she’ll come.”

“Yes, Young Master Yi’s true affection for Mu Qianji has touched us all.”

“I really hope that Mu Qianji knows Lan Yi’s infatuation and then is touched and they are happy together from then on.”A young girl said prayerfully, she was also convinced by Lan Yi’s true love.

Lan Yi didn’t pay any attention to the discussions of others, sitting alone in a lonely place by the window, his eyes from time to time, full of expectation to look out of the window, but the next second filled with loss moved back, so repeatedly, his lonely figure, the whole people of the Incense House looked at the heartache.

“Lan Yi is a dragon among men, a genius man who has the best hope of breaking through the out-of-body stage in the One Heavy Sea, a prince in the hearts of thousands of girls in the One Heavy Sea, a man who countless rich families have secretly fallen in love with, but now he is so obsessively guarding for another woman.”

“If I were Mu Qianji, I would definitely be moved to death.”

“Mmhmm, definitely moved to death.”

“Mu Qianji, will she come?”

1660

“It’s been two years, hasn’t Lan Yi waited long enough, why did she ever show up, I’m sure she won’t come.”

“I’m so touched and saddened for Young Master Yi.”

Unfortunately, that group of guests had guessed wrong.

Today, Mu Qianzhi would come.

And not only Mu Qianzhi would come, even Omi would come, and if nothing else, this would be the last time Lan Yi would wait.

Because Lan Yi had left a letter in the Thousand Water Residence and said in the letter that if Mu Qianji came, come to the Sunken Fragrance House to catch up, so he often went to the Sunken Fragrance House to wait, hoping that one day Mu Qianji would come to the Sunken Fragrance House after coming back and reading the letter. Therefore, he became a frequent visitor of the Incense House, and his so-called 'infatuation' only spread in Zhu Bai City.

This was also exactly what Lan Yi had in mind, he also wanted his infatuation to spread so that Mu Qianji would be even more touched when he knew about it.

Right now, Omi and Mu Qianji were furiously on their way to the Incense House.

Not killing the woman who dared to pick up Omi was not enough to vent Tang's anger.

Soon, Omi arrived at the Incense House.

When Omi and Mu Qianji walked into the Incense House, everyone looked over. The first website

Of course, Omi was overlooked by everyone, and everyone's eyes were focused on Mu Qianji.

First, they were impressed by Mu Qianji's beauty, then they were shocked that Mu Qianji had actually come.

"Wow, Mu Qianji is really here."

"Mmhm, Young Master Yi's true love has finally moved the heavens, only then did the heavens let Mu Qianji come."

The entire Shen Xiang House's guests were touched when they saw that Mu Qianji had come.

Omi's eyebrows furrowed straight, he came to kill Lan Yi, what did this group of guests mean, what a bird to be excited.

At this time, a man dressed like a boss came up and laughed, "Miss Mu, you've finally come, Young Master Lan Yi has finally expected you here."

Another man with a large belly said, "Yes, Miss Mu, for the past two years, Young Master Yi has often waited for you at the Incense House and then returned disappointed, he is so infatuated, it really touched all of us, and now, the true love about Young Master Yi has spread throughout Zhu Bai City. The whole of Zhu Bai City knows that there is a most excellent man waiting for a woman at the Incense House. I'm sure that between you and Young Master Yi, it will be passed down for a thousand years."

Mu Qianji felt nauseous, if it wasn't for the fact that she had just done that with Omi this afternoon, she would have wondered if she was pregnant for being so disgusted.

Omi had been completely ignored on the side.

At this moment, the crowd made way.

A man, walking slowly, was Lan Yi.

Lan Yi with a bit of idiocy in his eyes walked up to Mu Qianji and softly called out, "Jie, you're here."

This cry of you're here seemed to make the scene reach a climax, the crowd cheered, and there were many young girls on the scene who were moved to tears.

Soon, it quieted down.

Lan Yi said, "Jie, I've been waiting for you for two years at the Sunken Fragrance House, and I've finally brought you here, ever since the Hu Suo Forest parted, Yi has missed Jie all the time."

"Ow." Mu Qianji felt nauseous and couldn't help but simmer a bit, it was really quite like being pregnant.

Lan Yi didn't know that Mu Qianji was seeing his nausea, and thought that something had happened to Mu Qianji, he was busy asking, "Jie, what's wrong with you? Does it matter?"

Mu Qianji patted his chest and said smoothly, "So disgusting."

/> "Jie, why are you suddenly nauseous? Did you eat something wrong." Lan Yi looked concerned, as if the more he showed concern, the more Mu Qianji would be moved.

Mu Qianji was smart and said, "No, didn't eat the wrong thing, maybe, there's a reaction."

"Reaction? What reaction?" Lan Yi looked startled.

Mu Qianji said with a roll of his eyes, "Nonsense, of course it's an early pregnancy reaction, won't your mother commit nausea when she's pregnant with you."

"What? Early pregnancy." Lan Yi jumped as he heard.

"Ah." A piece of the surrounding audience, also suddenly extinct, thought it was a tear-jerking love story, but heck, the heroine suddenly said early pregnancy, this really is like grain grass turning into poison, or a good pot of porridge, suddenly dropped into a grain of rat shit.

The actual fact is that you will be able to get a lot more than just a few of these as well as a lot more than just a few of these as well as a lot more than just a few of these as well as a lot more.

Omi was also laughing inwardly at this moment, Mu Qianji is really too bad, making everyone disgusted.

Especially Lan Yi, his entire body was dumbfounded at the moment.

When Mu Qianji saw Lan Yi stupidly there, he lightly asked, "What are you looking for me for? I'm just pregnant, my reaction is quite strong, don't ask me out if you're fine, I still have to nurse the baby."

Lan Yi's face changed, from being gentle just now, it turned fierce, there was no doubt that at this time, Mu Qianji openly told everyone that she suspected, this was disrespectful to him and completely swept him off his feet. More importantly, Lan Yi felt very angry, he had waited for two years for Mu Qianji, and as a result, she came pregnant, what a F*cking joke, a joke that could indeed be passed down through the ages, and even, it might become his demon.

Lan Yi angrily asked, "Whose child?"

The onlookers at the scene, seeing the sudden change in the painting, also booed.

Mu Qianji said, "Of course it's my lover."

"Who is your lover? How old are you, and you're just having random S*x with him." Lan Yi ended up almost growling, his heart was dripping with anger at the thought that Mu Qianji's first time, or even the n+100th time, was gone.

Mu Qianji snorted, "It's my business right, I'm going to give my love life a bunch of times, and it's none of your business either."

"Do you know that I waited for you for two years at the Sunken Fragrance House, in these two years, my true love felt throughout Zhu Bai City and was passed down as a good story, and yet you, you treated me like this."

Mu Qianji sneered, "You're funny, what relationship do I have with you, but it's just a dip in the water, you're the one who doesn't know how to like me, I don't even look down on you."

"Mu Qianji, you, you, you, poof." Lan Yi spat a mouthful of blood wildly on the spot, spraying many of the onlookers all over, those who were sprayed with blood were also really depressed.

Lan Yi wiped the blood from the corner of his mouth and suddenly saw Omi next to him, asking angrily, "Is it him?"

"Yeah, he's my lover."

Lan Yiton looked at Omi with anger.

Omi spat and said, "Rubbish."

"You." When Lan Yi saw Omi still called him trash, he was even more furious to spit a second time.

The people on the scene were also surprised, who was this person? He was so crazy that he dared to call Lan Yi trash, didn't he know that Lan Yi was the one who had the most hope of hitting the exit stage of the First Sea? Of course, it was talking about the future.

Omi said, "Lan Yi right, I see that you are also at the fifth stage of Spiritual Harmony, the same level as me, so I'm giving you two choices now, first, have a fair fight with me to the death; second, be killed by me."
