“Meng Lao, don’t toss around nonsense, your granddaughter is the flower of Linjiang City, one of the two top beauties of Linjiang City, I’m just a student from Baiyun High School, how can I match her.”

“Nonsense, your medical skills are so high that even I’m ashamed of myself, it’s her who’s not good enough for you.”

“Oh, that’s just standing in your shoes, now that western medicine is rampant, how many people like Chinese medicine, how many people are delving into Chinese medicine, many people don’t care about Chinese medicine, no matter how high my medical skills are, I’m not even a fart in front of those people who don’t care, not everyone’s thinking is the same as yours.”

Meng Lun cunningly argued, “But even so, your martial arts skills aren’t bad, isn’t that even defeating Liao Shui Niu’s son?”

“Hahaha, Meng Lao, Liao Jia Yuan in Linjiang City, is nothing. People take it as a child, the entire Linjiang City, there are many people with high martial arts skills, Wen Qi is the city flower, so her vision is naturally high.”

At this point, Meng Lun smiled bitterly, as if he heard Omi think of something in his words.

Meng Lun said, “Brother Tang, don’t tell me, this girl, she really wants to be angry with me, in fact, I asked her, she said that she had fallen in love with someone else, I asked her who it was, she said that it was One Defeat Red Dust, do you think it would make me angry, One Defeat Red Dust that kind of figure she also dared to fantasize. Of course I didn’t allow it, I scolded her and gave her your number so that she could develop with you properly, but I didn’t expect that she didn’t take my words to heart.”

"Haha, Meng Lao, I told you, she is one of the two top beauties in Linjiang City, she has high vision, how can she look at me. Alright, you can stop tossing around, I'm leaving, class is almost over, I have to go back to school to pick up Miss."

"Well, I'll catch up with you another day."

Omi left the hospital and greeted Simran before he left, it just so happened that Simran had to go home to get her things.

So, Omi stopped by her house to give her a ride. First URL mNatia .online

Only after that did Omi return to school.

Back at school, classes were almost over in the evening.

After Liona got into the car, she sniffed the front seat and then went to the back seat and sniffed.

Omi was baffled, "What are you doing?"

"Nothing doing." Shannon Liu said, sniffing for a moment, and then Shannon Liu asked, "A girl has been in your car this afternoon, hasn't she."

"You're a dog, you can smell that too." Omi said speechlessly.

"It's just a woman's intuition." Liona said sourly inside, it was obvious that Omi had entered the car with Simran in the afternoon by going for medical treatment, as to what happened, Liona didn't need to ask.

The whole way home, Liona are silent, are Carlos and Omi are talking.

In the evening, Omi still teaches Carlos some martial arts until it ends at dark.

Right now in the hospital, Bai Maoquan was much better than last Saturday after three days of treatment and rest, and was able to sit up in bed.

"Liu Chenming, you wait for me." Bai Maoquan's hatred gnashed his teeth, causing him to lie in the hospital bed for three days and two nights.

Bai Maoquan summoned all three of his bodyguards to the bed, making it seem as if he had to account for the aftermath, all three of which he had hired at a high price.

"Boss, give the order, we've been waiting for a long time for you to give the order." One of the bodyguards said.

Bai Maoquan gritted his teeth and said, "You three, if you complete the mission tonight, I'll give you ten million rewards each."

R /> The three bodyguards were shocked, ten million each, and came to their senses.

Bai Maoquan's willingness to take out 30 million out of rewards was also a clear indication of his hatred for Liu Chenming as well as Omi.

"Boss, just tell me what to do, to maim or kill, just a word from you." The three bodyguards said fiercely.

Bai Maoquan said, "Go to Liu Chenming's house, beat Liu Chenming until he is crippled, and then take that bodyguard of his, and kill him. Finally, Liu Chenming's daughter..." Bai Maoquan suddenly fell silent, he was going to say, capture Liu Chenming's daughter for him to play with, but before he said anything, he remembered the doctor's instructions, he can't get close to women for half a year. Because his stomach is very fragile, once drastic movement, it will lead to sagging, engaging in women is obviously a very drastic action, the doctor specifically explained not to.

The company has been in the process of developing the new product for the past two years, and has been working on the new product for a long time. After these three things are done, I'll give you ten million each, and then you can run away immediately."

"Yes, boss, we'll go now."

The three bodyguards left the ward, these three bodyguards had been waiting for three days to finally get their boss's orders.

Omi had just finished eating and was watching TV with Liu Chenming.

At that moment, Willow Chenming's phone rang.

"Hello?"

"It's me, Mr. Liu, Bai Maoquan has just sent three of his men out of the hospital, I'm sure they've gone to find you."

Liu Chenming said, "Well, I know, thank you, Doctor Gao."

"You're welcome, take care of yourself, by the looks of Bai Maoquan, he's starting to take revenge on you guys."

Willow Chenming asked, "How is Bai Maoquan's injury?"

A few seconds later, Liu Chen Ming hehely laughed and hung up the phone.

Omi had heard everything about the phone call they spoke about.

Willow Chenming said, "Omi, Bai Maoquan's injuries are much better, and he has just sent three of his men down. Those three men of his are all experts, he hired them with an annual salary of over ten million, and they're on their way here now, can you do it?" Willow Morning asked, he was a little nervous and worried inside at the moment, already on his way here ah.

Omi smiled indifferently, "I'll know when I come."

About half an hour later, three men in black arrived at Liu Chen Ming's house.

"Willow Chenming, Omi, and where's Liona?" One of the men in black asked, while Omi and Liu Chenming were leisurely making tea and watching TV.

Omi said, "My Miss is upstairs, the second room on the third floor."

The man in black nodded and said, "Good, then there's no need to go up and invite her down now, once you two are taken care of, we brothers three will go up and gang rape her ourselves. Lao San, is the camera ready yet, the boss has ordered it to be recorded and transmitted to Linjiang Window."

"Youngest, it's already ready, 1080p HD, how many hairs are clearly captured."

Liu Chenming heard the word gang rape and trembled inside, sure enough, Bai Maoquan would not let them off lightly.

But Omi laughed, "Gang rape?I'm afraid the three of you don't even have the strength to be gay."

"Get gay?Don't worry, the boss only let us gang rape Liona, he didn't tell me to get gay with you guys."

167

"I'm talking about the three of you f*cking yourselves."

"Omi, you're still laughing, you're a little campus bodyguard who also dares to beat up our boss, you're really too long for life."

"That idiot Bai Maoquan doesn't even know how to repent."Omi shook his head.

"Stop nagging and go up."Three black-clothed men pounced on Omi and Liu Chenming.

Omi slapped his hand on the tea table and the triple tea cups bounced up, then Omi slapped his palm and the three bouncing tea cups quickly flew towards the three men.

"Pop, pop, pop."The three teacups hit the three men on the forehead with precision.

Then, the three fell down without a word.

Omi left his mouth, hired with an annual salary of ten million, but this was so useless.

Willow Chenming was quite surprised that Omi was let down so easily, this ten million hired is too useless.In the past, Liu Chenming envied Bai Maoquan for hiring three experts.

Willow Chenming was busy asking, "What happened to them?"

"Dizzy." Remember the URL Natia .online

"Ah, you just slapped three teacups on their foreheads and they fainted, they're Bai Maoquan's experts who were hired with an annual salary of ten million." Liu Chen Ming was incredulous, ten million a year.

"Experts? Uncle Willow, please don't insult the word expert, okay."

Willow Chenming was speechless for a while.

Omi walked up, took out a piece of twine, and tied the three so-called experts, into a ball, like a dumpling.

"Omi, what about them now?" Willow Chenming asked.

Omi said, "Uncle Liu, you can watch TV by yourself, I'll be back in a minute."

"Where are you going, do you, do you want to throw them into the river to feed the fish? Never kill anyone, that's the police's bottom line." Willow Chenming was shocked.

Omi wiped his cold sweat and said, "Uncle Liu, it turns out you're even tougher than me." Omi hadn't even thought about the idea of throwing it into the river to feed the fish.

"Ah." Liu Chenming was stunned.

Omi smiled, "It's not so much about feeding the fish, I just want to send this human dumpling to Bai Maoquan and settle your business matters with him, didn't you say that his company has already broken the contract. Alright, I'm leaving."

Omi grabbed the human meat dumplings with one hand, as if he had lifted a garbage bag, and walked out the door.

Omi went to the carport, pulled open the Porsche's trunk, threw the human dumplings in, and drove away.

At the hospital, Bai Maoquan lay on the bed, gritting his teeth, "Liu Chen Ming, this is what happens when you offend me, my uncle, who is the first deputy head of the Chemical Dragon Hall, you are so f*cking unenlightened, you also dare to offend me."

Just then, Bai Maoquan's cell phone called, and at first glance, it was from his uncle.

"How's it going now?" The voice on the phone said coldly.

"Uncle, it's fine, I've asked my bodyguards to take care of them, if I can't drive around later, you have to help me with the aftermath ah." Bai Maoquan said, no wonder he dared to let someone gang rape Liona, kill Omi and maim Liu Chenming, this is someone backing him up.

The other side said, "Liu Chenming is a person with little power, what's the catch, there's no harm in killing Liu Chenming and throwing him to feed the fish."

"Thank you uncle, I'll call you when I need to, I don't need your help for now, my three bodyguards aren't free meals."

"Hmm." After saying that, the other party hung up the phone.

At this moment, outside the window of this hospital room, Omi handheld the

King 'human dumplings', heard the phone call from Bai Maoquan inside.

Omi's heart raged, "Bai Maoquan that uncle, is also too ruthless, throwing Uncle Liu into the river to feed the fish is no harm." Although the police in this world played an important role, but, for such dark methods, God knows nothing, what can the police do without evidence.

Omi was outside the window, silent for a while. These people, since they dared to speak out about throwing Uncle Liu into the river to feed the fish, that was enough to show that they definitely dared to do it, and might even have done it. If one day they did it quietly while Omi was away, or while Uncle Liu was on a business trip, who would Omi go to? I knew that the irregular forces were unruly, but I didn't expect it to be so unruly.

That's why Omi was dull when he heard their phone call, because Omi was afraid.

It seemed that Omi had always underestimated the guts and tactics of these irregular forces.

Omi had to have a plan, don't wait for Uncle Liu to really be quietly done away with by them and then regret it.

After Omi finished his silence, he rolled over and entered the ward.

This ward was a senior ward, and there was only one person, Bai Maoquan.

"Who?" Bai Maoquan was shocked.

Omi threw a human dumpling onto the hospital bed.

"The three black-clothed bodyguards wailed in distress."

Bai Maoquan looked at the three bodyguards, tied into a ball, and was horrified to see Omi.

"You you."

Omi said, "Bai Maoquan, is this the bodyguard you spent ten million dollars to hire? I'm sending it back to you now."

"This, how is this possible, you're nothing more than a campus bodyguard." Bai Maoquan shuddered.

"Pah." Omi slapped over, and Bai Maoquan fell to the ground with blood coming out of the corner of his mouth.

"Bai Maoquan, what am I going to do with you now? Do we throw you out, or assassinate you and take you to the fish?"

"What do you want, this is a hospital."

"So what if it's a hospital? Did anyone see me climb in through the window?"

"You." Bai Maoquan's body trembled, looking at Omi in horror.

"You you, you're not really going to kill me, are you? Is it a crime to kill someone? One defeat won't spare you." Bai Maoquan said shakily.

"One Defeat Red Dust?" Omi was stunned, this fool actually used the name of One Defeat Red Dust to scare him, did he know that One Defeat Red Dust was standing right in front of him.

"Yes, One Defeat Red Dust, specializing in dealing with people like you who have a disregard for human life, you'd better not mess around." Bai Maoquan warned.

"Hahaha." Omi gave a cold laugh.

Omi asked, "Bai Maoquan, Liu Chenming and his daughter, if you still dare to mess with them, then you'll know if I dare to kill you, everyone has his bottom line, the police have their bottom line, and I have mine, I won't kill you today because you haven't stepped on my bottom line, but that doesn't mean I don't dare to kill you, do you hear me?"

Bai Maoquan subconsciously nodded his head, the three bodyguards were all tied up in a ball, he was now looking at the fierce Omi, how could he have half the courage to speak out loud.

Omi asked, "What are you going to do about your business with Liu Chenming?"

Although Bai Maoquan was unhappy in his heart, he had to give in for the time being and said, "The part about signing a contract with him, I will fulfill it."

"Unfortunately, I don't believe you." Omi took out a silver needle.

"What do you want?"

168

Omi pressed Bai Maoquan onto the bed, then the silver needle was quickly inserted into his abdomen and removed a few seconds later.

Omi said, "Now that you've become half a eunuch, if I'm satisfied with your performance at some point in the future, I'll naturally relieve you."

Bai Maoquan immediately felt it, and sure enough he couldn't feel it just as well anymore, but most importantly, it also turned black.

"Ah." Bai Maoquan shouted and almost fainted.

"What did you do to me?"

Omi said, "Every month, Bai Maoquan, you must come to me to administer needles, otherwise, you will become a complete eunuch."

"You."

"I believe you should know what you have to do." Omi didn't bother to talk nonsense with him, jumped out of the window and walked away.

Bai Maoquan panicked and yelled for the doctor while pressing the call button on the bedside table, and soon the doctor arrived and immediately examined Bai Maoquan.

Unfortunately, the doctor is helpless and doesn't even know what's going on, why it turned black, and now has no function other than to urinate.

A furious Bai Maoquan had to call his uncle, it seems that this matter can't be solved by him, so he must let his uncle help out. A second to remember to read the book

About an hour later.

An old man in his sixties arrived at the hospital with a very prominent scar on his face, looking very fierce, he was Bai Maoquan's uncle, the First Vice Hall Master of the Hua Long Hall, and his name was Yu Wei.

"Uncle, look, woohoo." Bai Maoquan said in front of his uncle's face.

His uncle burned it with his cigarette and asked, "You really don't feel anything anymore?"

"Don't feel anything, the cigarette doesn't even burn."

His uncle smashed the cigarette butt against the ground.

"Uncle, you have to decide for me, that Omi said I have to go to him once a month to get an injection, or else it will fall off automatically and turn into a eunuch completely. What am I going to do? That Omi, his strength is not ordinary at all, my three bodyguards that I hired with an annual salary of ten million dollars were all put down by him." Bai Maoquan cried out.

A man standing next to his uncle gritted his teeth and said, "Dad, I didn't expect a little campus bodyguard to have some tricks up his sleeve, what should we do now?" This man's name was Yu Long, and he was Yu Wei's youngest son.

Bai Maoquan's uncle's gaze was cold as he said, "Don't rush to do anything yet, find out his background first, but, never let him go."

"Dad, leave this matter to me I'll handle it, cousin was a good normal person and turned into someone like a eunuch, this can never be swallowed."

"Swallow it?Heh, if Maoquan does become a eunuch, I'll let him eat the eunuch."Yu Wei said.

Omi returned home.

Liu Chen Ming was busy asking, "How was it?"

"It's okay, Uncle Willow, it's settled, as long as Bai Maoquan has some sense, he'll never offend us again."

"That's good, you know, we're dealing with those evil forces now, this was something I wouldn't have dared to think about before."Liu Chen Ming was sobbing, if it wasn't for Omi, how would Liu Chen Ming dare to offend those people, so inside Liu Chen Ming was like walking on thin ice, if one day Omi couldn't do it anymore, then it would be the end of the line with him.

"Alright, Uncle Liu, go to bed early, I'm going back to my room too."

Omi went back to his room to take a shower, then logged in to his qq with his phone, thanks to that little hacker beauty's help last week, he found out who the Love Fairy was, it's been a few days, and he still hasn't thanked her properly.

"Hey, are you there?Hacker."Omi sent a message over.

"There it is, brother Omi, you finally talk to me.

La."The little hacker beauty was delighted.

"This morning, thank you for helping me find the love fairy."

"You're welcome la."

"Alright, that's it then."Omi didn't like to chat, mainly because he was too tired of typing.

"Don't, let's talk again, it's only a few words at a time."

"I don't want to type."

"What's your phone number?I'll call you."

Omi thought for a moment and sent the number out.

A short while later, Omi's phone rang.

Omi picked it up.

"Hello."A silver bell-like voice came from the phone, very nice.

Omi was shocked, it was a female, and the voice was so nice.

"Hey, brother Omi, why aren't you talking?Speak, huh?"

Don Omi said, "You're a woman?"

"Nonsense, knowingly."

Omi really hadn't thought about whether she was male or female, subconsciously thinking it was.

"Alright, so be it."Omi felt like there was nothing to talk about with someone he hadn't seen before.

"I'm speechless, are you busy?Can't you just have a nice chat with me."

"As much as I appreciate you helping me out, I don't know you."

"Ouch, count me scared of you, you can call me Maya, now you know me, right?"

Don Omi said, "Still don't know each other, I don't like to talk on the phone with people I don't know, it feels weird, thanks for the other day, I'm hanging up."

"No hanging up."The other guy yelled.

"Uh, what the hell do you want." Omi was speechless, was this hacker sick, so fond of talking to him.

The hacker little beauty said, "Alright, alright, count me as being afraid of you, the password for my space is 556677, go look at my photo album, after meeting my real person, so that's always a familiar face, right?"

"Space? What space? Where. How long does it take to drive?" Omi asked.

"Ahhhh, count me in, open the QQ video, it's always okay." The little hacker beauty exhaled.

Omi picked up his phone qq, clicked on accept video, and suddenly saw the other side.

Omi saw on the picture of the phone, a girl who didn't look too big, wearing a pair of orange eye frames, no lenses, looked very cute, this cute girl also stuck her tongue out at Omi, so adorable.

"Now you've seen it, you're satisfied, we're considered acquaintances, right?" The phone, that one.

Don muttered, "Why is it so small?"

"Where are people young, they are fifteen years old." The other side coquettishly pouted, then puffed out her chest, that chest could probably be compared to Xu Mei Qian, Omi was shocked, the chest and the tender face seemed to not match ah.

The little beauty smiled and said, "Brother Omi, I didn't expect you to be so handsome, you're a little handsome."

Omi indifferently said, "Fine, just a class grass."

"Wow, it's still a bancho, so do you think I'm pretty?" The little beauty asked, then blinked.

Omi said, "It's okay."

The little beauty was not happy: "You're talking nonsense, people are the most beautiful, lovely and smartest invincible junior high school flower, how come it's just okay in your eyes." The little beauty's voice suddenly sounded like a petulant whine.

Omi said, "Alright, whether you are a school flower or not, it has nothing to do with me, if there's nothing to do, hang up, I'm going to sleep."

169

"Why are you so desperate, people have been videoing you."

"Remember, don't reveal my identity." Omi instructed.

"You're so boring, brother Omi, how about we fall in love? A lot of girls in my class are in love."

"What's a romance?" Omi's brow furrowed, never heard that word before.

"It's just falling in love ah, so mom and dad won't know lah, in reality, my mom and dad won't let me find a boyfriend, so let's fall in love."

Omi whipped out a cold sweat, "There's something wrong."

"Brother Omi, okay."

"Bye." Omi hung up the phone, chatting further, endless, this hacker, looking at her so bull, thought she was a very big person, did not expect the age to be so young, and quite childish.

Omi lay on the bed and thought to himself, "I have to make some plans, cultivate some of my own forces, otherwise I'm always in a passive position, and I have to do everything myself. But how am I supposed to cultivate my forces?"

Omi no longer thought much about it, it wasn't something that could be done in a day or two, Omi wanted to cultivate some power of his own, and it wasn't mainly for his own sake, but for the sake of Liu Chenming's father and daughter, Omi couldn't be a bodyguard here forever.

The next day, Omi and Liona still go to school together, but, Liona seems to be a bit silent.
First URL mNatia .online

"There's something wrong with you since yesterday evening, Miss, what is it?"

"Nothing." Liona didn't seem to like to talk.

"Miss, can't even I say it?" Omi became more and more confused.

Liona snorted, "Yesterday afternoon, did you take the opportunity to treat Simran's father and did you do that with Simran again."

"Which one?" Don said, puzzled.

"That's the one."

"I really don't know if you don't tell me."

"Cha Zhen." Liona gave Omi a blank look, having to make it so clear to her.

Omi recalled yesterday evening when Liona asked if a woman had sat in his car in the afternoon, and Omi suddenly understood that the original matter was this.

Omi nodded, "Yes, didn't you ask yesterday evening, I told you that it was Simran who had entered my car ah."

"You you you, hmm, I'll never speak to you again." Liona was so angry that she wanted to cry, turned her head to look out of the window, her heart so aggrieved, so simply say it, even if it's just to deceive her a little ah, there is no her existence in her heart.

"Miss, this BMW is my own, if it's that car of yours, then it's understandable that you mind it so much." Omi said in his heart, minding too much, my own car still won't let me drive Simran, Omi won't spoil her.

There was a slight mist in Liona's eyes, but she looked out the window so that Omi wouldn't notice. "I'm not the one who has the right to ask so much of you," Liona grumbled. "Moreover, I'm still an unsound person, which is like Simran, except for her family background, everything is better than me."

Omi was speechless: "Of so serious? It's perfectly normal, and you're too small-minded."

"I don't want to talk." Liona looked out the window into silence, the more she said the more her heart felt pained. Thinking seriously, she wasn't who Omi was, it wasn't like Omi went to her house to be his boyfriend, he was just her bodyguard, what right did she have to be heartbroken. What does Omi want to do with any woman, even if it's to have a prostitute, it's none of her business, really!

Is ridiculous, thinking of this, Liona laughed at herself.

Arriving at the school, Omi and Liona had just sat down in their class when Liona's phone rang.

Upon looking, it was her father calling.

"Hey, Dad, why are you calling me all of a sudden, have you arrived at the office yet?" Liona asked.

However, the voice on the phone was not Liu Chenming.

A cold voice said, "Call Omi, within ten seconds, if Omi doesn't receive the call, then wait to collect Liu Chen Ming's body."

"Dad." Liona suddenly screamed, the whole class was shocked, Omi was busy standing up from his seat.

And Liu Chenming's face was pale, and he immediately ran to Omi with his cell phone.

"What's wrong?" Omi asked.

Liona cried out.

Omi was busy taking the phone.

"Who's looking for me, who the hell are you?" Omi asked angrily.

"Omi, you don't need to know who I am, in half an hour, if Bai Maoquan's bottom isn't healed, then collect Liu Chen Ming's body."

"You dare." Omi gritted his teeth.

"There's not much time, the clock starts now." After saying that, the other party hung up.

Liona was busy rushing, "You have to save my dad ah, why is my dad being kidnapped ah."

"Miss, don't worry yet." Omi calmed down, he only had half an hour, and if he rushed to the hospital to treat Bai Maoquan, half an hour might be just enough.

However, Omi didn't like to be threatened, but Omi didn't even know where Liu Chen Ming had been caught.

Suddenly, Omi remembered someone, the hacker little beauty, and didn't expect to have to trouble her again.

Omi immediately called her number.

"Wow, brother Omi, you're looking for me again, did you promise to fall in love with me?"

"Maya, I don't have time to talk to you right now, I need you to do me a favor."

"What favor?"

"Find someone for me, but I can only give you his phone number."

"But, I'm not home right now, I don't have a computer, but I'll be right back, forty minutes tops."

"Forty minutes?" Omi's brow furrowed, he only had half an hour to spare now.

"Forget it, it's too late, I only have half an hour, let's do this first, I'll talk to you later."

Omi hung up the phone and immediately rushed to the hospital, it was too late, so he had to go to the hospital to treat Bai Maoquan first. Although Omi didn't like to be threatened, but Uncle Liu's life compared to Bai Maoquan's lower body, everyone knew which was the lighter, if they really killed Uncle Liu, then doing nothing could make up for it. And after treating Bai Maoquan and saving Uncle Liu's life, there would be plenty of opportunities to settle scores with them later.

The little hacker beauty also immediately rushed home, although it was too late, but in case there was still a need for her help later, it was better to go back to standby first.

Omi spent twenty minutes continuously running red lights to get to the hospital.

Omi went straight to Bai Maoquan's hospital room.

At the moment, Bai Maoquan was waiting for Omi's arrival with his legs crossed.

Liona is also anxious to follow Omi, the crap that just happened on the way to school has long vanished.

170

When Bai Maoquan saw Omi coming, he still had his legs crossed and was humming a bit of a proud posture. In his heart, he said, "I thought it was really much more than a bull, but I still came immediately as soon as I received the call, machine it, it's still too young to fight with me."

Omi said, "Can we start the treatment now?"

Bai Moquan pretended not to hear.

"I said, is it ready for treatment?" Omi yelled.

Bai Maoquan said, "There's no hurry, let's wait another half hour."

Omi looked at the time, there were still seven minutes left.

Omi said, "Bai Maoquan, if anything happens to Liu Chenming, I'll be the first one to throw you down from here, now you have to wait for another half hour, okay yes, then we'll wait together."

Bai Maoquan was shocked, yeah, if his cousin really killed Liu Chenming, wouldn't he also have no life to live, thinking of this, Bai Maoquan was busy saying, "You can start the treatment."

Omi grunted, and without saying a word, he directly inserted two silver needles into Bai Maoquan's abdomen.

"Ah." Bai Maoquan cried out in pain, Omi didn't even have to take off his clothes to accurately pierce the acupuncture points. Three minutes later, Omi took the silver needles out.

Omi said, "Call immediately and tell him to release Liu Chenming, although I don't know who that person is yet, it must be someone who is related to you." Remember the URL Natia .online

Bai Maoquan said, "I need to make sure that it's really cured first."

Omi told Liona to go out first, so as not to see anything disgusting.

Bai Maoquan verified that it really wasn't half a eunuch anymore.

Bai Maoquan was so happy that he immediately called, "Hey, cousin, it's cured."

"Very good."

Hanging up the phone, Omi walked out of the hospital room.

Liona was busy asking, "How's it going? Is my dad still going to be okay?"

"Don't worry, I'll call your dad's cell phone again and see."

Omi immediately called Liu Chenming's cell phone and was quickly picked up, but the person who answered was not Liu Chenming, it was the same person who had called him before.

"Can we release Willow Chenming now?" Omi said coldly.

"Omi, count on you to know what's good for you, or else you'll be waiting to collect Liu Chen Ming's corpse, but although Liu Chen Ming's death penalty can be avoided, it's hard to escape alive, so this is a lesson for you, behave in peace from now on, don't be ungrateful."

"What do you want?" Omi's face chilled.

"Hahaha, no need to be nervous, removing quite his arm is just."

Ka, the phone hung up.

Omi raged, "Son of a b*tch."

At that moment, the little hacker beauty called.

"Brother Omi, I'm back home, do you still need my help now?"

“Thanks, and you’ll help me find out where this number is right away.”

“Okay.”

Omi reported Liu Chenming’s phone number to the little hacker beauty, and about two minutes later, the little hacker beauty found out the exact location.

“Brother Omi, it’s in Brilliant Daxia, about three hundred meters from your current location, but I don’t know how many floors, so go to the Brilliant Building first and I’ll determine the exact location of the other party based on your location.”

“Thanks.”

Brilliant Dasha, it was near the hospital.

Omi jumped out of the window and directly leapt over the roof, three hundred meters, not twenty seconds later, Omi was standing on top of the Splendid Dacha building

.

Based on Omi’s location, the little hacker beauty determined the exact location .

“Brother Omi, your location is about eight floors further up.”

Omi immediately jumped off the roof of the building and jumped in through a window as he descended to the eighth floor.

This floor, which happened to be the eleventh floor, was an office building in this building, but it was an empty office, and the company that had previously worked there had just closed down.

In one of the offices on the eleventh floor, Willow Chenming was tied up with her hands behind her back and tape over her mouth.

A man held a folding knife in his hand, his eyes eerily looked at Liu Chenming with a disdainful smile and said, “Liu Chenming, you’re a small business owner, I’m really curious, how dare you play with me, are you worthy of playing with me?”

Next to this man stood two of his men, two men who were now rubbing their fists.

Liu Chenming whimpered, but was helpless.

“Thinking that you’ve found a bodyguard who’s not bad at martial arts and you’re arrogant, what a mouse’s eye, Linjiang City is full of experts, even I don’t dare to be too high profile, you little man, ridiculous, ridiculous. Now, can that Omi save you?” The creepy man asked, full of contempt and derision.

One of the men said, “Brother, what to do with him?”

At this point, the eerie man didn’t want to say anything more and ordered, “Break one of his arms and leave it here, I’d like to see if that Omi has the ability to find him, if he doesn’t even have that, he’s not worthy of playing with me.”

But at that moment, Omi’s voice sounded behind him, “I’m here, do you think it’s worthy to play with you?”

The creepy man turned around and saw Omi standing in the doorway, his face full of incredulity and fear, it was too soon.

Liu Chen Ming saw Omi appear so quickly, excited and incredulous at the same time.

“Omi, you actually found your way here so quickly.” The eerie man was shocked, he couldn’t figure out if he had left some flaw somewhere, the only flaw, should be that Willow Chenming’s phone had a positioning function, it turned out that he had neglected, he had underestimated this high school student’s skills.

Omi looked at Liu Chenming, Liu Chenming was still intact, it seemed he wasn’t late, they hadn’t started on Liu Chenming yet, thanks to the help of the little beauty of the hacker, Omi now realized that it was quite good to have a hacker to help, otherwise Omi probably wouldn’t be able to find the place tomorrow.

“Brother, he’s that ungrateful Omi ah, I thought he was some kind of character, but it turns out he’s a yellow-haired kid.” The two men teased, as Omi looked very young, only eighteen years old, and his beard hadn’t even grown out yet.

The creepy man waved his hand, “Go.”

The two men immediately walked up to Omi.

"Kid, do you know what kind of person our big brother is? You're too young to fight with our big brother, go back to school for a few more years."

"Yeah?" Omi's gaze was cold.

"What's the nonsense with him, go."

Omi's figure moved.

"Slap." Two palms struck the back of their heads, and the two men fell to the ground, unconscious.

The gaze of the gloomy man was cold, these two men, both martial arts level 20 ah, knocked out in one go.

"Omi, I really underestimated you, strike fast, accurate and ruthless." The eerie man said.

"You're next." Omi charged up towards the gloomy man.

The gloomy man made his move in an instant, he was still confident in his own strength.
