

King of kings

Chapter 1661-1665

"You don't deserve it?" Lan Yi roared.

Omi snorted, "What a death sentence, then I'll send you on your way."

Omi was about to do it when a voice suddenly came out, "This fellow Daoist, this is where you're wrong."

"Who's speaking." Omi looked up and saw an old man standing on the upper floor of the loft, drinking tea leisurely.

This old man was at the fourth stage of YuanYing.

When the people at the scene saw that old man, they all turned pale and talked, "It's the Lan Family's second strongest person, Lan Ding."

Omi's eyebrows furrowed, YuanYing fourth stage, Omi was really unsure, if it was YuanYing third stage, Omi would still be sure to maneuver around for a moment or two.

Now Tang Huan didn't bring it, so that 'aunt' of Omi's, naturally, was also gone, and it would be dangerous if he met a strong enemy, so Omi had to be a bit more careful as well.

Saying that, that YuanYing fourth stage old man flew down.

"Young man, you're very arrogant." The YuanYing fourth stage old man said.

Mu Qianji looked at Omi with some concern. Remember the URL [.kanshu8.net](http://kanshu8.net)

Omi said, "Yeah, I'm arrogant, what do you dare to do."

Now, although Omi thought that he couldn't face this YuanYing Fourth Stage, but if he lowered his stance at the moment, the other party would even bully him, so Omi's best option was to keep his stance up.

"Hahaha, what did you just say to Lan Yi? Can you say that again." Landin's tone was starting to sound a little bad.

Omi said, "I said that either Lan Yi and I will fight to the death, or I will kill him."

"Hmph, what arrogance, you don't know how to live, you're a little Spiritual Harmony Fifth Stage, you don't even look at what Zhu Bai City is, you dare to rave here."

Omi said, "Zhubai City is a place where I'm too low to shit."

"You." The old man was furious, and so was everyone around him, Omi had offended the entire Zhu Bai City.

Everyone felt that Omi was so crazy and talked about it, "What is this kid's origin, why is he so arrogant?"

"Yeah, not only does he dare to talk like that to Randin to his face, he also dares to curse the entire One Heavy Sea into it. He's so crazy, did he come from the Two Heavy Seas?"

Not only the onlookers, but even that YuanYing fourth stage old man was a bit confused.

A person so crazy, he must have a bit of a background.

Therefore, he originally wanted to shoot Omi to death and help Lan Yi snatch up Mu Qianji, but as a result, he was a bit hesitant, in case the other party had a great deal of influence, wouldn't things become more serious.

The old man said to Omi, "Do you know, that sentence you just said is enough to be shot to death tens of thousands of times."

Omi said, "Then do you believe that I can also shoot you to death tens of thousands of times."

"You." The old man was furious.

Mu Qianji was busy saying, "Lan Yi, that's it for today, we'll talk about anything tomorrow, anyway, if you're upset, you can issue a life and death challenge to my lover, alright, we're leaving."

Mu Qianji's eyes instructed, immediately pulling Omi away.

Omi was also a bit depressed, it was so unpleasant, Omi really wanted to shoot this old devil, but, he wasn't strong enough and he had to worry about whether he would be desperate or not.

It was impossible, Omi could only take out Yun De's token.

"Stop." Omi and Mu Qianji had just taken a few steps when that old man shouted.

Omi turned back and said, "Anything else?"

"Well, did I let you go?" The YuanYing fourth stage old man asked with a heavy face.

Omi snorted as well.

Just go, it's none of your business."

"Don't you dare take a step to try? Do you believe I'll shoot you in one go?" The old man said threateningly.

Omi trailed off, "You old dog, don't force me, or else I'll make your Lan family cease to exist."

Mu Qianji was also busy saying, "That's right, my beloved is not someone from One Heavy Sea, you can't afford to offend him, originally he was going to come to kill Lan Yi yesterday, I was the one who stopped him, otherwise Lan Yi would have died yesterday. Alright, we're leaving first, if you dare to do anything, go ahead."

Mu Qianji pulled Omi out again.

Everyone looked at the old man to see if he would actually do it.

However, until Omi and Mu Qianji walked out of the Sunken Fragrance House, that old man didn't make a move.

Everyone wondered if Omi was really from the Second Sea.

That old man grunted, "Kid, wait until I investigate thoroughly before coming back to you, and if I find out that you don't have much of a background, then don't blame me."

At this moment, Omi and Mu Qianji were on their way back.

Omi was very frustrated.

"Alright, we didn't expect that second strongest person from the Lan family to appear, or else we would have killed Lan Yi." Mu Qianji consoled.

"I'm so useless, I couldn't even kill Lan Yi, and I was threatened by an old ghost, and in the end, I had to rely on pretending to please the crisis, ahhh." Omi shouted, hating that his strength was too low.

Mu Qianji said, "There is a strong man among strong men, a mountain is higher than a mountain, even if your strength surpasses that old man, there are still stronger people to appear, unless you stay in the Flying Cloud Sect forever, then there will never be a stronger person to appear. Moreover, you've only been cultivating immortality for a few years and you can be compared to someone who's been cultivating immortality for hundreds of years, you're already strong enough, so there's no need to add mental baggage to yourself and put your mind at ease."

"No, I don't like being bullied, I must slaughter that old devil and even the entire Lan family."

"I'm sure you'll do it soon." Mu Qianji said as he held Omi's hand.

Soon, Omi and Mu Qianji arrived at the auction venue.

As soon as they entered the gate of the auction room, they saw the man at the eighth stage of the YuanYing stage.

When that man saw Omi, he was busy smiling, "You're here, what's wrong, how poorly you look."

Omi snorted, "Threatened by an old ghost of the fourth stage of the YuanYing stage, in a bad mood."

"Haha, you're joking, with your identity, you can even be given Yun De's token, who else would dare not give you face in this heavy sea."

"I didn't reveal this identity."

"Well, that's your own fault, if you reveal Yun De's token, I'll take revenge, and that YuanYing fourth stage who threatened you will tremble in fear."

"Hmph, he doesn't deserve it."

"Oh, a small person, why put it in your heart, by the way, my name is Yu Mo, I often organize auctions in the One Heavy Sea, if you need anything, you can come to me, the entire One Heavy Sea, no one is my opponent yet."

"Okay, thanks, I'll go in for the auction then."

“Please.”

Omi entered the auction room.

And then, Lan Yi lost his mind and returned to the Lan family.

About tonight’s incident, it spread quickly like a virus throughout Zhu Bai City.

It was previously spread as a good news, but now, it turned into a joke, and it was impossible not to spread it.

Of course, Lan Yi had also turned into a joke and had fallen into the laughingstock of Zhu Bai City.

About Omi’s identity, it also became a mystery, however, Omi’s words that even taking a shit in the One Heavy Sea was considered low class was also spread out, and it was bound to make the entire One Heavy Sea angry. The angry people would definitely want Lan Yi to fight Omi to the death and kill him.

1662

Omi and Mu Qianji entered the auction room, which was now full of people.

Omi found a corner to sit down.

Omi was only here today to have a little fun and see what the auction was like, he didn’t want to come and buy anything, besides, Omi didn’t have any spirit stones.

Not long after, the auction began.

“Ladies and gentlemen, the first item for today’s auction is a primary lower-grade magic weapon called ‘Green Conch’s Kill’, this magic weapon was taken from a Green Conch, an undersea demonic beast of the Sea of Xiuhai that had cultivated into a green grade, it was once the magic weapon of a YuanYing eighth stage powerhouse, after which this person fell, the spiritual imprint on the magic weapon hasn’t been completely erased! Go, everyone can verify. The starting price is 30 fifth-grade spirit stones.”

The price was raised to 35 fifth-grade spirit stones.

Omi said to Mu Qianji, “This magic weapon looks okay.”

“How do you know.”

“I can feel it, this magic weapon does still have spirit marks on it that haven’t been completely erased, it should be a sound attack type of magic weapon.”

“Unfortunately, thirty fifth grade spirit stones, ordinary people really can’t afford it.”

“Well, it’s expensive, if I had thirty fifth-grade spirit stones, I would have used them to refine it before I would be reluctant to use them to purchase a magic tool.” One second to remember to read the book

“But the combat power is also very heavy on how to measure it.”

In the end, this Green Conch’s Kill was purchased away for 45 fifth-grade spirit stones.

"Next, this is the second item to be auctioned, it's a four-grade, nine jin spirit talisman, the name is 'stun talisman' after making this stun talisman, it can cause a strong person of the ninth stage of Spiritual Harmony to be stunned, the starting price is two fifth-grade spirit stones."

Omi said, "I also know how to refine talismans, but unfortunately, the materials are hard to find, otherwise, I would also refine talismans and bring them here to sell."

Mu Qianji was busy saying, "You don't have to refine your own talisman and bring it to sell ah, nowadays, there are a few alchemists who have the ability to gather the materials themselves, almost all of them are refining talismans for some big families and then gain some profit."

"Uh." Omi was startled, Omi didn't seem to have thought about this.

Mu Qianji said, "Not every talisman alchemist, like you, has such a high combat power, other alchemists, talisman refining is the main thing, combat power is almost non-existent."

"You're right, it looks like I'm also going to take a test as a talisman alchemist to come here, if I have the chance, I can also make talismans for others and gain some income."

"Well, but the strongest we have in the First Sea is only a fourth-grade talisman alchemist."

"I'm only a fourth-grade talisman refiner now as well."

The next auctions were all similar things, pills, talismans, magic tools, secret methods, spirit medicines and the like, those who needed them would naturally auction them off, those who didn't need them wouldn't auction them no matter how cheap they were, after all, spirit stones were hard to earn.

After the auction ended, Omi and Mu Qianji left the auction venue.

However, Mu Qianji said, "We can't go back to the Thousand Water Residence."

"Why?"

"Let's be careful with everything, that Randin he's sure to be upset tonight, he'll be investigating us, maybe, he'll choose to kill us in the dead of night, God forbid, no matter how big or small your background is."

"Uh, so sneaky."

"I'm just taking precautions. So let's not go back to Thousand Waters House now, I'll take you to another place."

"What place."

"As I told you before, I joined a five-star mercenary group, and this is where I'm taking you.

Li."

Mu Qianji brought Omi to another place, knocked on the door, and entered a modest mansion.

At this moment, three YuanYing stage powerhouses were in the hall, not yet resting.

Mu Qianji walked into the hall and worshipped, "Meet senior Wang Wei, Beth, and Latha."

The man called Wang Wei said, "Miss Mu, you're here, I thought it would be some time before you came, by the way, this one beside you is?"

"His name is Don Omi, he's my husband."

"Ah, you, you're married?" The three YuanYing stage powerhouses were shocked, Mu QianJie got married at such a young age, in the immortal cultivation world, it was rare to get married at a hundred years old, most of them would only consider lifelong events when they were two or three hundred years old, because after reaching this age, the progress of the realm was very small, most of them would find it difficult to advance any further, placing their hopes on the next generation. And Mu Qian would never reach forty before getting married, causing the great shock of the three YuanYing powerhouses.

"Yes." Mu Qianzhi didn't want to explain that much.

At that moment, the man called Lata said, "Miss Mu, as far as I know, your master has high expectations for you, she expects you to marry into the Four Seas one day, and this kid, what is his origin? Your master doesn't even object."

"Oh, this is my own matter, my own decision, and my master can't interfere. This time, I brought my husband along with me because I was hoping, if I could get him to join our team as well, then we can take on the mission to the Sea of Restoration together."

"Him?" Those three YuanYing strongmen looked at Omi with some suspicion.

Omi also sized up the three strong men and women, two men and one woman respectively, the one called Wang Wei was at the second stage of the YuanYing stage, and the other two, Beth and Lata, were at the first stage of the YuanYing stage.

To be honest, when Omi saw them, he was quite disappointed inside.

Omi thought that this five-star mercenary group that Mu Qianji had joined was a very strong team, but it wasn't.

Omi said, "Qianji, as far as I know, a five-star mercenary group must have killed at least forty people or beasts of the fifth stage of the YuanYing before they are worthy of this title, right, with these three people, are you sure they are five-star?"

Mu Qianji was busy signaling Omi not to be rude.

The man called Wang Wei snorted, "Kid, are you questioning us?"

"I'm just skeptical, you guys are only at the first and second stage of the infant, are you sure you're a five-star mercenary group?"

Mu Qianji was busy saying, "Omi, there's another head of mission, our head of mission is a strong YuanYing sixth stage."

"Oh." Omi said in his heart, why didn't you say so earlier.

Mu Qianji asked, "Is the headmaster not here?"

"The captain has returned to the Triple Sea."

"Oh, I see, so my husband's joining our mercenary group?"

"We won't know until the Head comes back, Miss Moo, and you can't bring an outsider in until the Head agrees, so ask this man to leave."

"Alright."

Mu Qianji didn't expect that the three YuanYing seniors wouldn't even allow Omi to stay here for a while, it seemed that they had a bad impression of Omi just because he had just questioned them? Make them uncomfortable?

"Omi, let's go first then." Mu Qianji said.

Omi said, "Didn't you say, Thousand Crowns, that we'll stay here first?"

"You can't stay here before you officially join this mercenary group." Mu Qianji said somewhat depressedly, she also felt inside that this three infant seniors were a bit unreasonable.

1663

Omi snorted, "Dog.Shit mercenaries, I'm not even willing to invite me to stay."

Saying that, Omi flung his sleeves and left.

"Hey, what." The man called Wang Wei stood up and asked.

Omi turned around and said, "I said dog.Shit Mercenaries."

"Kid, you insulted our mercenary group one after another, do you really not want to hang around."

"It's none of your business if I don't want to mix."

Mu Qianji was busy advising, "Omi, cut the crap, three seniors, I'm sorry, my husband he's not in a good temper, you guys should bear with him. Since he can't stay here yet, we'll just leave first, and we'll consult the headmaster when he returns."

Wang Wei said, "Miss Mu, if it wasn't for your face, when he questioned us just now, I would have made a move to teach him a lesson."

Mu Qianji was in a difficult situation at the moment, not that her personality liked to be frustrated, but she and these three people, were indeed team members, otherwise she would have certainly refuted Wang Wei's words when faced with them.

Mu Qianji secretly forgot about it, they were all from the same mercenary group.

"Excuse me, we'll be leaving first then." Mu Qianji chose to rest in peace. First URL m.kanshu8.net

At that moment, the man called Lata said, "Miss Mu, just because we give you face doesn't mean we'll just let him go."

Mu Qianji was a bit angry and said, "Then what do you mean you want?"

"How about it, Miss Mu seems to be angry, it was your husband who first questioned our qualifications in the first place, then he called us dogs.Shit mercenary corps, and now you're acting as if you've been

wronged. Don't you forget that you are also a member of this mercenary group, and by all rights, he said dog. When shit mercenary corps, you should immediately slap him and terminate your mateship with him on the spot, otherwise you will not be able to live up to our Head?" That female infant named Beth said.

Omi also did not attack, looking at these three people with a disdainful expression.

Mu Qianji said, "I'm sorry, my husband is my heaven and earth, no matter what he has done, I can't leave him, even if he really had the intention to insult our mercenary group, or even insult our head, I would still choose to stand with him. Just now, my husband, did not know that the head of the group had another person, so he questioned it, which was a normal reaction, and was not disrespectful to you. After that you did not allow me to bring him to stay, it is reasonable to say that it is already a bit excessive, I am also a member of this mercenary group, here, I also have my room, I have the right to bring him to spend the night here, what right do you have to tell me that he is not allowed to stay here. I'm just putting up with all of this, alright, three seniors, this matter ends here, I'm doing this for your own good, otherwise, my husband's temper is really not too good, and if anything happens, I can't stop him."

The three infants were furious: "Miss Mu, we only gave you a few thin faces because you are a team member, you don't want to challenge our patience. Now, I've changed my mind, your husband's insult to our mercenary group is an unforgivable crime, if I don't teach him a lesson today, I'll be sorry to the captain."

Mu Qianzhi trailed off, "Really? Then you deal with it, I won't stop you."

After saying that, Mu Qianzhi said to Omi, "Honey, be ruthless, give them a little color."

"Okay Le, just waiting for you to say that."

After saying that, Omi flipped out the Heavenly Furnace Mirror.

But that Wang Wei, but directly flying sword attacked up, he thought that Omi was only a Spiritual Healing Fifth Stage, and a random flying sword would be enough.

But he was wrong.

Omi's Heavenly Furnace Mirror shone.

An intense yellow light shot out and shot at the

On Wang Wei.

"Ah." There was a scream, and in the next moment, Wang Wei's body was as if he had been scalded by boiling water, and his skin was festering and flowing with pus.

"Ah." Wang Wei dropped his flying sword and fell to the ground, in pain.

Omi's Heavenly Furnace Mirror, but a mid-grade on the lower end of the scale, might not be able to deal with the fourth stage of YuanYing, but it was more than enough to deal with the second stage of YuanYing.

"Ah." The other two, Beth and Lata were both stupid, Wang Wei of the second stage of the YuanYing stage, fell down in one go, they couldn't help but look at Omi's magic weapon, what level was it, was it a mid-grade magic weapon? How else could they take down the second stage of the infant at the fifth stage of Spiritual Harmony?

Mid-grade magic weapon, not even their headmaster, a strong man of the sixth stage of the YuanYing stage, ah.

Omi shone the Heavenly Furnace Mirror towards Beth and Lata again.

"Ah." There was no doubt that the two of them were harder than Wang Wei, as they were only at the first stage of the YuanYing stage.

In a moment, all three YuanYing powerhouses were lying miserably on the ground screaming, with festering, pus-like burns on their bodies that were disgusting to look at.

They would never have thought to death that Mu Qianji's husband possessed a middle-grade magic weapon.

Omi took out his flying sword again and said, "These three dogs, let me take their lives."

Mu Qianji was busy stopping them, "Omi, stop it in moderation, for the sake of the headmaster."

"Hmph, for the sake of my wife's face, I'll spare you three stinkers, now, can I stay here?" Omi stepped on that Wang Wei and said.

"Yes." Wang Wei said reluctantly.

"Hahaha, it's a pity that I'm not staying now that I'm invited to stay." Omi smiled and left the mansion with Mu Qianji.

After leaving the residence, Omi asked, "Thousand Jedi, this kind of trash mercenary group, it's fine to quit."

Mu Qianji said, "However, the head of the group treats me quite well, when I joined this mercenary group, it was also the head of the group who invited me on his own initiative, it's just that those three people, just now, have been disgruntled with me."

"Thousands of Jie, we could have formed a mercenary group ourselves."

"Yes we can, but we need to have the qualifications ah, we need someone to hire us ah, otherwise where would we get the income, besides we can't do this for a long time."

"Well, we'll talk about it later, after all, we're not professionals in this line of work, we're just earning some extra money by joining the mercenary corps and practicing by the way."

After that, Omi and Mu Qianji stayed in a private house.

"Omi, let's get some rest early." Mu Qianzhi said.

"Hehe, Qianji, you sleep first, my Heavenly Furnace Mirror seems to be about to be promoted."

"What do you mean? A promotion? Hasn't your Heavenly Furnace Mirror already been sacrificed to an intermediate lower-grade magic tool by you? Are you going to sacrifice it again to the upper intermediate level?"

"Yes." Omi nodded his head.

“Heavens, no way, becoming a middle-grade superior artifact, even if you’re a strong person at the Exaltation stage, you may not be able to take out a middle-grade superior artifact.” Mu Qianji was greatly shocked.

If Omi’s Heavenly Furnace Mirror were to be sacrificed to an intermediate upper-grade magic tool, then Omi’s strength would directly increase.

Not to mention, such a high grade magic weapon, YuanYing fourth and fifth stage, would definitely be decapitated at once.

It was not even impossible to defeat the sixth and seventh stage of the YuanYing.

1664

Omi gritted his teeth and said, “How can I allow myself to be bullied, when I sacrifice the Heavenly Furnace Mirror to the upper intermediate level, that will be the day the Lan Family will perish.”

“How long will that take?” Mu Qianji asked.

“I don’t understand this anymore, it should take ten days and half a month.”

“Then for these ten days and half months, we’ll stay here.”

“Whatever, anyway, my Heavenly Furnace Mirror hasn’t been sacrificed to the upper intermediate grade yet, and I’m not in the mood to go out.”

With that, Omi began to sacrifice his Heavenly Furnace Mirror.

It was fortunate that Omi had Immortal Qi, otherwise it would not have been possible for a magic tool to rise in rank so easily.

The night was late, and Mu Qianji didn’t sleep, sitting on his bed to cultivate.

At this moment, in the Thousand Water Residence, an old man of the fourth stage of the YuanYing stage was standing in the sky.

That YuanYing fourth stage old man said inwardly, “That brat isn’t even here, hmph, it’s a big night, they can’t possibly go out of the city to go, so there’s only one possibility, they didn’t come back here to stay, they’re obviously hiding from something.”

That YuanYing fourth stage old man’s gaze was cold, Omi was trying to hide from him, what did that mean? It means that Omi may not have as big a background as he says he does, otherwise, if he’s really that crazy, why wouldn’t he dare come back for the night? Remember the URL .kanshu8.net

“Good boy, you acted so arrogant and condescending at the Incense House, so you were trying to scare me. I, Lantian, was actually too frightened to make a rash move against you, good, good. In the next few days, I will continue to look for you, and if you really disappeared, then everything will be problematic.”

Saying that, that YuanYing fourth stage old man flew away.

The next day, that YuanYing fourth stage old man asked people to inquire about Omi and Mu Qianji again, but as a result, no one knew where they had gone.

On the third day, the fourth day, the fifth day,,, no one had ever known where Omi had gone.

So, Landin was finally sure that Omi and Mu Qianji must have fled Zhubai City that night.

“Bang.” At the Lan family, Lan Ding slapped the table in anger, thinking of the day he was dumped by Omi, he was in a very annoyed mood, he really regretted at the moment that he hadn’t slapped him to death that day.

In addition, Lan Yi had completely turned into a joke in Zhu Bai City, the entire Zhu Bai City was secretly laughing at Lan Yi, of course, there were also people who secretly scolded Mu Qianji for being cheap and being pregnant at such a young age.

In the blink of an eye, half a month had passed.

This half month, neither Omi nor Mu Qianji had left that private house, Omi had been cultivating the Heavenly Furnace Mirror.

Mu Qianji was also cultivating hard.

Finally, after half a month of hard work, Omi’s Heavenly Furnace Mirror was completely promoted to an intermediate grade superior artifact.

“Hahaha, Intermediate Superior Grade Artifact, it’s done.” Omi laughed out loud.

Mu Qianji busily opened his eyes and said in surprise, “It’s accomplished? It’s really turned into a middle-grade upper-grade magic weapon?”

“Yes.”

“Wow, how advanced.” Mu Qianji was full of admiration, in someone else’s shoes, it would take countless years and many, many opportunities to have their magic treasures sacrificed to a higher level ah.

However, Omi’s Immortal Qi was already the highest opportunity, and it didn’t seem like a difficult task to sacrifice a few magic weapons, so it wasn’t surprising when you thought about it.

Mu Qianji then said somewhat worriedly, “Omi, it’s not a crime for a man to conceal his sin, but as far as I know, even a strong person at the Exaltation stage may not be able to take out a middle-grade superior magic weapon, so if it’s known that

Dao you have such an advanced magic weapon, will anyone rise up with malice.”

Omi said, “There will definitely be, but you can’t just not want this magic weapon because you’re afraid of people getting up to mischief. Besides, my magic weapon will continue to upgrade, and I’ll behead anyone who dares to draw attention to my magic weapon.”

“That’s all we can do nowadays.”

“Alright, it’s time for us to go out, let’s find a place to eat first, then, let’s see when we’re going to behead that old ghost from the Lan family, and Lan Yi.” Omi said.

Mu Qianji originally wanted to say that if we went to kill Lan Ding, the news about Omi possessing a middle grade magic weapon would spread even faster, but Mu Qianji thought about it or didn’t advise it, after all, as an immortal, one couldn’t leave a knot inside, or else it would be dangerous to turn into

a demon in the future and go through a robbery. So, behold it, and do whatever pain is in your heart. If she really wants to die, she accompanies.

The two of them arrived at an inn, ordered a large table of food, and then began to eat.

During the meal, Omi heard the guests around them talking about it.

"Is there still no news about that man Mu Qianji?"

"No, I thought that I could see a showdown between men, but I didn't expect that grandson to run away without a trace."

"Yes, Lan Yi waited for two years for Mu Qianji at the Sunken Fragrance House, this true love was obvious to everyone, and as a second genius of the One Heavy Sea, he has indeed paid quite a bit. But I didn't expect that the person Lan Yi waited for would be another person to get a 'human life', hehe, if it were me, I would have broken down and issued a life and death duel to him."

"But, if Lan Yi issues a life and death duel, why not on the night of the incident, but five days later, after Mu Qianji and her man ran away? The people have all run away before issuing a duel, isn't this a bit of saving face afterwards?"

"I don't know about that, in short, Lan Yi has already issued a duel to the death, ten days have passed and that man, Mu Qianji, has yet to appear at the stage of life and death. Lan Yi has been waiting at the life-and-death stage since the day he issued the duel, and he's been waiting for the tenth day."

Omi and Mu Qianji were startled when they heard the other guests discussing the matter, not expecting that so much had happened in the past half month.

Omi turned around and asked those people, "Hey, what are you guys talking about? Lan Yi issued a life and death duel?"

"Yes, Senior, Lan Yi issued a life and death duel against a person ten days ago, and the matter spread throughout the city, but that person never showed up, so Lan Yi could only wait at the life and death platform."

"What is the Platform of Life and Death?"

"The Platform of Life and Death is a dueling place in Zhu Bai City, and often people duel right there. Right now, Lan Yi is waiting for that person at the Platform of Life and Death, and he has been waiting for ten days. There are also a lot of people watching at the Platform of Life and Death right now, and we also want to go to the Platform of Life and Death after we finish our meal."

"Oh, that dumbass." Omi gave a sneer.

"Senior, who are you?"

Omi said, "Have you seen this beautiful woman beside me? She's the Mu Qianji."

"Ah, she, she's the famous Mu Qianji?" That person was shocked, although Mu Qianji was famous, not many people had seen him after all.

"Correct, so, I am Mu Qianji's man, Omi."

"Ah, you are her man, then, wouldn't the person who Lan Yi issued the life and death duel, be you?"

“Correct, after eating later, don’t forget to go to the Life and Death Terrace and watch me behead Lan Yi’s head oh.” Omi said with a smile, and after turning his head, he continued to eat his meal, while those people, looking at Omi’s back dazed, seemed to be incredulous.

1665

After Omi ate, he and Mu Qianji went straight to the platform of life and death.

Now that Omi had a mid-grade superior magic weapon at his disposal, this First Sea was no longer terrifying, at least the three strongest families of the First Sea could be easily crushed by Omi.

Omi arrived at the platform of life and death, and found that there was indeed a person sitting on the platform of life and death with his eyes closed, as if he was waiting for someone.

This person was Lan Yi.

Lan Yi originally didn’t want to fight Omi in a life and death duel because he saw that Omi was younger than him but at the same realm as him, so he was afraid that he wouldn’t be able to win and that Omi was really from a big family. But later, he became the joke of Zhu Bai City, plus Omi escaped, so he announced a duel to the death against Omi to save some face, he expected that Omi wouldn’t dare to come, so this was just to save some face. Outsiders only said that Omi didn’t dare to come.

However, Lan Yi had never thought to death that Omi would come.

At this moment, there was a large circle of people around the stage of life and death, all of them watching the fun.

Right at this moment, Omi shouted, “Lan Yi.”

“Ah.” Hearing the shout, Lan Yi immediately turned his head and looked towards the place where the sound came from, only to see Omi and Mu Qianji standing at the edge of the life and death platform holding hands.

“This.” Lan Yi was startled, as if things were out of his expectation.

And a group of onlookers, seeing Omi appear, shouted in excitement, waiting for ten days, finally waiting to see a good show. One second to remember to read the book

“Ohhhhh, duel, duel, duel.” The spectators shouted in anticipation, and the scene stirred.

At this moment, Lan Yi didn’t look too good, he didn’t really want a life and death duel at all.

Omi leapt onto the life-and-death stage.

Lan Yi was busy standing up as well.

Omi: “Lan Yi, I heard that you’ve issued a life and death duel against me, you’ve been waiting for me for ten days, but unfortunately I didn’t show up until today, are you disappointed?”

Lan Yi snorted, “Omi, didn’t you run away?”

“Escape? Why would I run away, and what makes you think that I did, could it be that that old ghost of your family at the fourth stage of the YuanYing stage really went to kill me in the middle of the

night?" Omi's eyebrows furrowed, from Lan Yi's words, he could hear that their Lan family's strongest man must have gone looking for him.

"Omi, for half a month, you disappeared and you didn't dare to return to the Thousand Waters Residence on the night of the incident, you either ran away or where did you go."

"It seems that old ghost of your family really went looking for me."

"Cut the crap, come on, Omi, fight me." Lan Yi said with his flying sword.

Omi snorted, "Will it be a duel to the death or a duel to the death? I clearly remember that you ordered a duel to the death against me, how come it's now a duel to the death."

Lan Yi was depressed, Lan Yi didn't have confidence in himself, and the strongest person in his family wasn't here at the moment, what if he couldn't fight, so he said duel to the death, but he didn't expect that Omi was deliberately trying to irritate him.

"Omi, if you want to fight, then fight, could it be that you don't dare to fight me."

"No, no, no, I'm not interested in dueling with you, I just want to fight you to the death." Omi said.

"You, you, you don't think I'm afraid of you, come on, duel to the death, I'll kill you." Lan Yi was enraged.

"That's more like it, do it."

Lan Yi ton flew his sword to kill up, Lan Yi didn't just know martial skills, he also had his own law

Treasure, right now, what Lan Yi was performing was that was his martial skill, Blazing Sun Avalanche, and it was the strongest move said Blazing Sun Avalanche.

When Lan Yi killed with his sword, his flying sword emitted a light like the blazing sun, very dazzling, and in the blazing sun light, there was also a if there was a shadow, this shadow forced others to look, not only affecting the opponent's mind, but also infinitely powerful.

The spectators surrounding the stage of life and death felt dazzling.

Unfortunately, his martial skill was very low grade in Omi's eyes.

"Shura Fifth Sword." Omi pulled out his sword with a buzzing sound, as fast as lightning.

"Wow." Lan Yi's flying sword was suddenly cut off by Omi's sword, while all of Lan Yi's attacks vanished in smoke.

The entire arena was shocked.

Omi had cut off his opponent's flying sword in a single move, it was a flying sword, this difference in strength was no longer one and a half stars.

Lan Yi was still holding a half-cut sword hilt in his hand.

Lan Yi looked at the half hilt of the sword in his hand, completely stupid.

Omi's strength, seconds he didn't know how many streets had gone.

All the onlookers were looking at Omi unable to make a sound, no wonder Mu Qianji liked him.

Lan Yi was already the second day of the First Sea, so what level was Omi?

Omi snorted, "Lan Yi, what other magic treasures do you have, bring them out."

Lan Yi looked extremely ugly, as Omi's voice felt like it didn't treat him as a level at all, as if Omi was a YuanYing.

Lan Yi didn't use his magic treasure again, as the effect of his magic attack wasn't as good as the Blazing Sun Avalanche just now.

"If not, then I'll have to do it, after all, we're fighting to the death."

Lan Yi's body trembled, and the word death he heard seemed to be afraid.

"Tang, Omi, you're going to kill me?" Lan Yi subconsciously looked around, not noticing the arrival of his family's strongest man. There was a nervousness in his heart.

"What do you think, we're in a life and death duel."

"But, but it was you who just forced me to say a duel to the death, I was only going to fight you to the death, everyone at the scene can testify." Lan Yi was busy defending himself, like a greedy person who was afraid of death.

"Hmph, you really make me despise you, ten days ago, who issued a life and death duel against me, now, you actually have the nerve to argue. Alright, you can go on your way." Omi raised his flying sword.

"Omi, wait." Lan Yi shouted with a sweaty forehead.

"There are last words to finish."

"What will it take for you to let me go?"

"Do you really want to live that badly?"

"Please, spare me, I'm a second genius of the One Heavy Sea, I'm not happy." Lan Yi pleaded, at the moment he couldn't care less about his face.

"That's right, everyone says that you have a good chance of breaking through the Exalt Stage in the future, it's indeed a pity to die like this. However, there are plenty of people in this world who are more genius than you."

"Pounce." Lan Yi immediately knelt down.

"Uh, what are you doing?"

"Omi, please let me go, I was wrong, I shouldn't have stolen a woman from you."

Omi hesitated, the so-called heaven has good virtues, people have blatantly knelt down, besides, Omi and Lan Yi, there is no big grudge, it's just that he wanted to chase Mu Qianji before.
