"Omi, you can refine these 115 sixth-grade spirit stones first." Mu Qianji said.

"There's no need to rush, plan well. These 115 sixth grade spirit stones, now you only need to take out four pieces for you to refine, and you will be able to ascend to the first stage of Exaltation. I'll let you ascend to the First Stage of Exaltation first, but four pieces is not much anyway."

Mu Qianji didn't refuse, Omi helped Mu Qianji refine it, and after ten minutes, Mu Qianji finished refining it.

Mu Qianji's realm soared from the third stage of YuanYing to the first stage of Exaltation.

After rising to the first stage of Exaltation, the momentum on Mu Qianji's body also changed greatly.

"Alright, the remaining 111 pieces, you can refine all of them, and you don't know how much you can raise it to."

"We'll know when we refine them." Omi first held the four sixth grade spirit stones in his hand and refined them in a minute.

Omi's realm soared from the third stage of the YuanYing to the first stage of the Exaltation.

Omi continued to refine 16 pieces of sixth grade spirit stones, and his realm rose to the second stage of Exaltation.

He continued to refine another 34 sixth grade spirit stones, and his realm rose to the third stage of Exaltation.

At this point, Omi still had 51 spirit stones left. One second to remember to read the book

Omi continued to refine 49 pieces of sixth-grade spirit stones, and his realm rose to the fourth stage of Exaltation.

In the end, there were still two pieces of sixth grade spirit stones left.

Two sixth-grade spirit stones were no longer of much use.

This was because in order to continue to ascend to the fifth stage of Exaltation, there had to be at least 50 pieces of sixth grade spirit stones.

Omi put away the remaining two sixth-grade spirit stones and said, "Keep them for defense."

"Omi, how do you feel now that you've reached the fourth stage of Exaltation?" Mu Qianji was busy asking, Mu Qianji out of the first stage, the momentum and Omi one heaven and one earth, the difference was too great.

After Omi had risen to the fourth stage of Exaltation, his aura had changed a lot compared to when he was at the third stage of YuanYing, as if he was a different person, even Mu Qianji felt like he didn't dare to offend Omi when he stood in front of him.

"Not bad, I feel strong."

"Wow, I even feel like your momentum has suddenly changed, like you're not even the same person as just now. So what's your strongest strength right now?"

"I don't know yet, now that I've reached the fourth stage of Exaltation, I'll try to see if I can sacrifice my flying sword, if I can sacrifice it to the advanced lower class, then, hehe." Omi smiled, indeed, if I could sacrifice it to the advanced lower class, it would simply be no one else.

The entire Four Seas, at least Omi didn't have to be afraid of anyone, Omi got a little excited thinking about it.

"Mmhm." Mu Qianji was also looking forward to the feeling of being pitched by the auction house tonight, it felt very unpleasant, in fact, she and Omi both knew that the various fees charged by the auction house were deliberately targeted, otherwise, the fees were so black, no one would do business with them at all.

Omi said, "But I'm afraid it will take a lot of time for me to sacrifice to a high-grade magic weapon, no matter, let's sacrifice first and see, one day I can sacrifice to a high-grade magic weapon to go, when that time, all those who have offended me will be finished in one hit."

Omi began to sacrifice the magic weapon, Mu Qianji was also working hard to cultivate, the realm had improved, but they were such a quick success, there must still be a lot that needed to be improved simultaneously, such as martial skills, the application of the magic weapon and so on.

The next day, Omi and Mu Qianji came to the auction house early in the morning to find the person in charge of the auction house and ask for an explanation.

However, Omi was now in the identity of Liu Fan, so naturally, Omi could not reveal his fourth stage of Exaltation and still be at the fifth stage of Spiritual Harmony.

Omi arrived at the auction house and was stopped by that gatekeeper before he even entered the gate.

"Stand." That gatekeeper had an arrogant look on his face.

"Out of the way, I want to go in and find your person in charge." Omi said in a deep voice.

That gatekeeper grunted, "Sorry, idle people are not allowed to enter."

"Idlers? Are you calling me an idler?"

"Did, did you auction something again today? Your flying sword has been auctioned off, so what is it if it's not an idler." That gatekeeper gave a cold snort.

Omi's anger was extreme, but Omi endured it first, because, Omi just damn well wanted to see how far they could gripe.

This gatekeeper, if Omi wanted to do something, one finger was enough.

Mu Qianji said, "We haven't settled our accounts from yesterday, we need to go in."

"I'm sorry, the settlement center of the auction house said that you guys already took the spirit stones away last night, which means that you've made sure that the bill is correct, so the auction house has no accounts to settle with you, so why don't you get out?"

Omi's eyes were cold and a little out of control, wanting to make an early move.

Just at that moment, Yu Mo came.

"Yu Mo." Omi shouted.

"Ah, Tang, Omi." Yu Mo was a bit flustered.

"Yu Mo, about what happened yesterday, do you know?" Don Omi asked.

"Yesterday, sh, what was it?"

"Deliberately trapping me, I was supposed to be given 162 pieces of sixth grade spirit stones, but instead I was given 115 pieces."

"This, I don't know ah." Yu Mo also said inwardly, "Oh my god, Uncle Jin is too dark, so how can Omi stop."

"Yu Mo, take me to the person in charge."

"This."

"Take me there, I'm sure it'll do you good."

"Ugh, okay."

Yu Mo led Omi into the auction room.

At that moment, that gatekeeper was busy saying, "Yu Mo, the person in charge has explained that idle people are not allowed to enter."

"Uh, this." Yu Mo looked at Omi and said in his heart, "Could it be that Uncle Jin has specifically explained that Liu Fan is not allowed to enter again? Then if I take Omi in now, wouldn't that make Uncle Jin unhappy?"

Yu Mo looked at Omi with some difficulty and said, "Liu Fan, this, I'm also embarrassed ah, after all, I'm the person in charge of the One Heavy Sea Auction, I'm not in charge here."

Omi snorted, "So, you're not going to take me in?"

"Me."

"Yu Mo, you better think it through, or I promise you'll regret not taking me in today later."

"This." Yu Mo knew that Omi was referring to, his cousin Omi.

"Alright, I'll take you in." Only then did Yu Mo take Omi in.

Omi went straight to a certain room, similar to the office of the person in charge.

This person in charge was called Yu Jin, and he was a strong man of the second stage of Exaltation.

Unfortunately, yesterday, he was still a strong man in Omi's eyes, but today, Omi could slap him to death.

"Knock knock." Omi was preoccupied with courtesy, so he didn't kick the door, but knocked instead.

Soon after, the door opened.

"Uh, how did you get in here." Yu Jin was a little surprised to see Omi come in, he had instructed the janitor not to allow Omi in.

Omi huffed, "Yu Jin, you won't forget what you pitted me against yesterday."

Yu Jin said, "Liu Fan, you're thinking too much, I'm such a big auction house, and I'm still going to trap you? Did you get the clearances from the settlement office yesterday and every cost explained to you in detail, and you've seen that it's okay and it's been settled."
