

King of kings

Chapter 1741

"Who is the Blue Fox Rush?"

"The name of my current identity is Blue Fox Punch, you can call me Blue Fox Punch from now on."

"Oh, okay, Punch."

"Hehe." Omi laughed, but it was awkward to hear Mu Qianji's disguised peasant woman call him Brother Punch.

Omi soon arrived at the Blue Fox Family's 19th District and found Blue Fox Chong's home. In a building with hundreds of floors, Blue Fox Chong's home was on the 98th floor.

"It feels like I'm living in a suite." Mu Qianji said after entering Blue Fox Chong's home.

"Yes, this place thrives on high-rise buildings, it really isn't much different from a suite, except that the exterior walls are cast from huge stones."

Mu Qianji stood at the window, opened it and looked out.

The house of Blue Fox Chong was a four-bedroom, one kitchen and one bathroom layout, the total area, it was estimated to be over 300 square meters, of course, the kitchen still burned firewood, so the kitchen was piled with firewood.

Mu Qianji asked, "Where are the other people in Blue Fox Chong's house?"

"He only had one set of parents, and now his parents are dead, so there's no one left in the Blue Fox's house, so we can shut up and hide here for a while." First URL m.kanshu8.net

"Ah, so sad, who killed his parents?" Mu Qianji asked.

Omi pointed at the upstairs and said, "The one who killed his parents was none other than the family that lives upstairs."

"Ah, no."

Omi said, "I will avenge this for Blue Fox Chong."

Mu Qianji nodded and sat down in the living room chair.

Omi poured a glass of water for Mu Qianji and said, "Qianji, we might have to stay here for a while."

"Why?"

"I learned from Blue Fox Chong's memories that it's very difficult to enter the Six Seas. First of all, one must pass through the Rainbow Bridge to get to the Six Seas, and the Rainbow Bridge only opens once every three years, and each time it opens, it's limited to one hundred people on the bridge. Ordinary

people, simply can't get on the Rainbow Bridge, and every time they are able to get on the Rainbow Bridge, they are all members of the Blue Fox Family's fifteen main lines. And I, the Blue Fox, am not only a side clan, but also a fifteen generation side clan, my status can be said to be not a little bit weaker, I can't even enter the family's main city, let alone go up to the Rainbow Bridge."

"Ah, that's not the end of it. My status as a peasant woman is not even as good as that of a Blue Fox, it's a 45th generation collateral line." Mu Qianji said.

"Oh, there's no hurry, we'll always find an opportunity, now let's close the door for a while."

Just like that, Omi and Mu Qianji, closed the door and closed the door to seclusion for a month in Blue Fox Chong's home.

It was only after a month that Omi opened the gate and walked out.

Walking out of the gate, at the top of the stairs, Omi saw his upstairs neighbor aiming at his gate.

"What are you doing?" Omi roared, this sneak peek is the grandfather of the family that lived upstairs and killed Blue Fox Chong's parents, usually nothing but blindly sneaking around, relying on his grandson, is the top ranked genius identity of this building.

"Blue Fox Chong, why hasn't there been any movement in a month? In closed-door cultivation ah." That old man said, not only was he not embarrassed to be caught sneaking glances, but he actually had a sarcastic tone.

"It's none of your business." Omi said.

"Yo, Blue Fox Chong, suddenly turned tugging, is your skin itching again, my grandson has indeed not taken care of you for a long time." That old man laughed.

Omi was hesitating whether to slap this old man to death.

"Bang." Omi slammed the door shut.

At the door, that old man kicked hard and roared, "Blue Fox Chong, you dare to slam the door on me, you wait, my grandson will come back and smash your door."

Inside the house, Mu Qianji asked, "Omi, who is it?"

"An old man upstairs is the family that killed Blue Fox Chong's parents, and that old man's grandson is one of the top ranked geniuses in our building, so their family is very arrogant in this building, especially in front of Blue Fox Chong. I just opened the door and went out, he's sneaking a peek, this old bastard, really threw him off the 98th floor."

"Omi, don't disturb everyone for now."

"I don't know what's going on now that a month has passed and the Fire Cloud Family hasn't found us, let's go, let's go downstairs and poke around some of the restaurants in my city."

“Mm.”

Omi and Mu Qianji went downstairs, there was no elevator here, so you had to take the stairs, or of course, you could just fly down.

Omi quickly found an inn, and since there were people there, there was naturally a market, and inns and such existed.

Omi entered the inn and ordered a tea.

No matter what level of immortal cultivator was here, it wasn't free, and they all had to spend gold coins to buy something.

There was much discussion in the inn.

“Right now, all of the Heavenly Kings of the eight great cultivation families are searching all over the world for that person who holds a heavenly magic weapon.”

“Yes, the entire five seas are going to be overturned, even if we dig three feet into the ground, we'll find it.”

“This news was first spread out by the Fiery Cloud Family, but later it was known by other families and they joined the search.”

Omi and Mu Qianji left the inn almost immediately.

“Fortunately, we entered the Blue Fox Family, otherwise we wouldn't know where to hide now, eight great immortal cultivation families, all the Mahayana Heavenly Kings are looking for us, gosh, can't describe that image, are heavenly magic weapons really so attractive?” Mu Qianji exclaimed.

Omi said with a frown on his brow, “I'm afraid that it's not just the Heavenly Grade Dharmic Weapon, but my Shura Saber Technique, perhaps it's not surprising that I've been recognized, it's something that many people know about Wang Shura's treasure.”

“Hmm.”

“I'm worried right now, Tang Huan, Yan Xin Yi, and Lu Yu Xi who are cultivating at the Eight Eye Flood Snake, will they be alright.”

“Don't worry, I'm sure they'll be fine.”

“It's hard to say, since the Eight Great Immortal Families, sent people to dig for us, he and the others will definitely be found by many people, with their beauty, I'm worried, after all, there aren't many beautiful women in the Immortal World.” Omi said worriedly.

“Then what should we do?”

Omi said, “I need to think of a way to blend into the Blue Fox family and find our team.”

“That's a good idea.”

Omi arrived at the city wall and waited for his chance.

Half a day later, two soldiers in blue armor came in from outside, and they were walking and talking.

“Damn, no farts to be found.”

“I’m wondering if the news coming out of the Firecloud Family is fake, where is the heavenly magic weapon.”

“It shouldn’t be fake, didn’t you see that the Fire Cloud Family’s twelve Heavenly Kings, all participated in the search.”^a
