

King of kings

1748

Omi said, "River your sister's water."

"Ah, you, your voice? How come it's a man?" Blue Fox Lily was horrified.

Omi said, "Lily Heavenly King, open your dog eyes oh." Saying that, Omi resumed his original appearance.

"You, what are you?" Blue Fox Lily was shocked, just now it was a maid, suddenly turned into a grown man, also.

Omi smiled, "You should be wondering who I am, weren't the eight great immortal cultivation families of the Five Seas all looking for me before? That's right, I'm the legendary one who holds a heaven-grade magic weapon and also uses the Shura Eighteen Blades Technique."

"It's you, you actually know the Disguise Technique."

"Of course, I'm still the Blue Fox Wuji."

"You actually delivered it to my door, just right."

Omi snorted with contempt, "Unfortunately, it's already too late."

Just then, Blue Fox Lily suddenly discovered that her brain, as if she couldn't fully control her actions.

"Eh? What's going on?" Blue Fox Lily tried to raise her hand, but it was hard. Remember the URL .kanshu8.net

Don Omi said, "Enjoy yourself, Blue Fox Lily."

"Ah." Blue Fox Lily realized that the original weak soul in her brain had suddenly become incomparably stronger, instantly covering her soul.

"No." Blue Fox Lily shouted, at the same time, she immediately YuanYing took off her body, if YuanYing took off her body in time, it was still not too late, the worst case scenario was to reclaim a body.

However, how would Omi give her the chance to take off her body.

Blue Fox Lily was trying to get her infant off her body when she realized that it was as if the outer layer of her brain had a hard protective shield that completely covered it, and she couldn't get her infant off her body at all.

"How did this happen." Blue Fox Lily was silly, as a Mahayana stage powerhouse, she had been set up by design, and, not knowing what kind of tough methods the other party had, she could actually restrict her infant and help the original soul to be strong so quickly, this was simply impossible, but it happened.

"No." Blue Fox Lily finally hissed, and then, she was completely unable to control her body, and at the same time, her infant couldn't get out of her body and was trapped in her brain.

She could hear the sounds of the outside world and sense the outside world through her infant, but she couldn't leave, being trapped in her brain just the same.

A few seconds later, Blue Fox Lily's eyes changed for a moment, then she knelt down and said to Omi, "Thank you, thank you senior for saving me, little girl has no teeth to forget."

Omi looked at the kneeling Blue Fox Lily, to be precise, it was no longer Blue Fox Lily, because at the moment the original soul was in control of the body, it was a truly stunning woman.

Omi asked, "What is your name?"

"Senior's name is Light Water."

"Light Water, you have now regained control of your own body, previously, your body was seized by this old witch, and if she didn't happen to have injured her infant, you would have been refined and fused by her in the first place. I have now, helped you regain your body, and your soul, under my conception and nurturing, is no weaker than this old witch, Blue Fox Lily, of course, just in terms of soul strength."

"Mhmm, thank you, Grampa, but, how I feel, there is still a person existing in my head, and, she is still talking and shouting in my head at the moment."

"Light water, don't be afraid, that old witch her soul strength can't exceed yours, don't worry about being controlled by her body again. Also, the old witch can't get her infant off her body, I've trapped her infant inside your brain, do you know why I don't let her infant off her body and leave?"

"Why?"

"Because, I want you to fuse her infant with her, and then her infant will become yours."

p; "Ah."

"If you fuse her infant, then you're a Mahayana, and all of her is yours."

"Oh my god." The desperate woman was shocked.

"Light Water, don't be happy yet, with your ability, it's impossible for you to fuse her infant, so you'll need my help next, and I'll help you to fuse the old witch's infant as fast as possible. As for how long it will take, I can't say, maybe a year, maybe a few months, maybe longer, it's up to you to make it."

"Thank you, Eunuch."

"Alright, there's no need to thank me, you don't have any strength yet, you must honestly pretend to be your Blue Fox Lily and not let anyone recognize you, or else nothing will work. But don't worry too much, because the old witch's infant is still in your brain, so outsiders who feel your momentum are still Mahayana, and as long as you don't do anything, you won't be exposed."

"But."

"I'll help you access the memories of the Blue Fox Lily later, so you'll know everything, as long as you control yourself, you won't wear out."

"Mmhm, thank you, Senior, Senior's great kindness, Little Lady has no teeth to forget."

"Come here."

The stunning woman stood up and looked at Omi, so handsome, Omi was the most handsome man she had ever seen in her life, feeling her face a little hot, feeling to move her eyes, how dare she be rude to her benefactor.

Omi said, "You just close the door every day now, I'll come to visit you as soon as I have time to help you fuse the old witch's infant."

"Good." The character woman nodded her head with some lack of strength.

And now, in the desperate woman's brain, Blue Fox Lily yelled, "Son of a bitch, liar, I'll kill you, let me go, ahhh."

Blue Fox Lily's infant, lungs are going to explode, Omi and the desperate woman's conversation, of course she can all perceive, actually still want to fuse her infant, she spent her life struggling, but in the end, she actually became someone else.

Omi turned around and left.

Omi should also go find Mu Qianji, after all, it had been more than half a month.

Omi followed his memory to find the address of that peasant woman's house.

Soon, Omi arrived at the peasant woman's home.

The peasant woman's home was on the edge of the Blue Fox Family, a very poor looking black alley.

Omi pushed open the door of one of the houses and saw at once that in the courtyard, a peasant woman was guiding a youthful and beautiful young girl in her cultivation.

That peasant woman was the one that Mu Qianji had disguised, and that youthful and beautiful young girl, never seen.

Mu Qianji was a little surprised to see Omi suddenly come.

"Hello, who are you looking for?" That youthful and beautiful girl politely asked Omi.

Omi smiled and said, "I'm looking for your mother."

"Uh." That beautiful maiden couldn't understand when her mother knew this person.

Mu Qianji said, "Yuanling, you go into the house and practice."

"Yes, mother." That beautiful maiden went into the house.

Omi drew a boundary to keep the sound from spreading out and smiled, "Qianji, I didn't expect you to really come back here, what, you like being a peasant woman, right, I didn't expect you, a peasant woman, to have such a beautiful daughter."

Mu Qianji said, "That's exactly why I came here, to sort of do something for that dead peasant woman. Omi, why have you suddenly come, what have you been doing for the past half a month or so."

"Haha, Qianzhi, I have a good thing to tell you."

"What good thing."

"We're about to have an ally in the Mahayana stage."
