Omi didn't say anything, if it really came to that, it would be a matter for all of humanity, not just him.

"Uncle Qing, I'm going back then."

"Okay, go."

Omi had many things to do next.

One of the first things to do was to go to the One Heavy Sea and find Tang Jingtian, in addition, if there was time, go to the Mortal Realm, although entering the Mortal Realm would greatly damage one's cultivation, Omi had so many spirit stones, depleting a little cultivation was nothing.

Although Omi didn't have any family members in the Mortal Realm anymore, there was at least one brother still waiting for him.

That was Little Flame, who had a long lifespan and definitely couldn't die.

Therefore, Omi still had a lot of work to do.

As for whatever legendary Behemoth Behemoth the Sea of Death had sealed, it was not Omi's turn to worry, and it was unlikely to break free of the seal within a few hundred years.

After a few hundred years, Omi might have ascended, and the spirit world would have nothing to do with Omi even if the entire world was destroyed.

For the next few months, Omi was cultivating, and because of the pills he took and the fact that he absorbed spiritual energy faster, Omi broke through to the second stage of the Mahayana stage. The first website m.kanshu8.net

"Congratulations to Tang Shao for breaking through to the second stage of the Mahayana stage, Tang Shao is just different, even if he doesn't refine the spirit stones anymore and cultivates completely by himself, he's still much faster than the average person." Lu Yuxi said.

"Alright, stop flattering, I need to get ready as well." Omi said.

"Tang Shao, prepare what?"

"To the Five Seas, the Rainbow Bridge is about to open."

"Ah, the rainbow bridge is about to open, has it been a year since we arrived at the Six Seas?"

"Yes, it's been almost a year."

"Time has passed so quickly, it's been almost a year."

"On this trip to the Five Heavy Seas, I'll first go in search of Tang Jingtian, then I'll go to my hometown."

Lu Yu Xi was busy saying, "Tang Shao, take me there, I want to go to your hometown."

"What are you going to do, you honestly cultivate in Mo's Imperial City, I'm not taking anyone with me, I'm going alone." Omi said.

Lu Yuxi pursed her lips, wanting to go just as much.

"Lu Yuxi, now is not the time for you to travel, the future of your realm will depend on your own cultivation, you still have time to waste time with me. Alright, you tell the others for me, I'm ready to go."

Mu Qianji walked in from the doorway and said, "Omi, you can't take the others with you, but I want to go with you, I want to go back home to see my hometown."

"Uh."

"I was forcibly brought to the Spirit World by my master back then, I really want to go back home again."

"Alright." Omi understood Mu Qianji's feelings and promised to bring Mu Qianji along.

Yan Xinyi also really wanted to go with Omi, but Omi refused because there really wasn't much point, so she might as well cultivate well.

Half a month later, the Rainbow Bridge opened.

Omi and Mu Qianyi stepped onto the Rainbow Bridge and went all the way back to the Five Seas.

Omi had really wasted a lot of time trying to come from the Sea of Five Heavens in the first place.

If, after a year, Omi had returned to the Sea of Five Heavy Seas again, Omi would have been at the second stage of the Mahayana stage, and Omi's true combat power would have been at least at the seventh or even the eighth stage of the Mahayana stage. There was no longer anyone in the Five Heavy Seas who was a match for Omi.

Omi landed in the Blue Fox Family of the Five Seas.

After landing, Omi said, "Thousand Extremes, there's no hurry to go to the Fourfold Sea."

"What else do you have to do?"

"

"I have to kill someone first."

"Who?"

"This Blue Fox Immortal almost defiled Tang Huan a year ago, but unfortunately I was no match at all at that time."

"Fine, then go kill him."

Omi came directly to Blue Fox Immortal's cave.

When Blue Fox Immortal felt Omi's momentum, he came out in a panic and worshipped, "Brother Laobo, you've returned from cultivating in the Six Seas."

A year ago, Blue Fox Laobo had seized Omi and ended up being controlled by Omi instead, everyone thought that Omi was Blue Fox Laobo, that's why Blue Fox Immortal was paying homage to Omi at the moment.

Blue Fox Laupo is the strongest person in the Blue Fox family.

Omi snorted, "I'm not Blue Fox Laupo."

"Uh, big brother Laupo, you're silly, didn't you just seize this flesh body a year ago? I still remember, this flesh body that you took away, he has a heavenly flying sword and the secret method of the Shura Eighteen Blades, right, have you refined his Shura Eighteen Blades now that you've taken away his flesh body?" Blue Fox Immortal asked.

Omi choked Blue Fox Immortal with his hand for an instant.

"Brother Laupo, what are you doing."

Omi said, "Blue Fox Immortal, my name is Omi, a year ago, Blue Fox Laupo seized me, but unfortunately, he didn't have control over my body, so I'll use the trick and impersonate Blue Fox Laupo. Alright, you can go die now."

"No, don't kill me." Blue Fox Undead yelled in sudden fear.

"A Gryphon, I won't even give you a chance to beg for mercy."

"Pah." Omi squeezed the Blue Fox Immortal to death in one fell swoop.

Omi threw the corpse away and said, "Now you should change your name to Blue Fox Immortal."

After killing Blue Fox Immortal, Omi looked into the air, a year ago, Omi was unable to break the shield over the Blue Fox family.

Omi's hand suddenly rose and fell.

"Bang." The protective shield over the Blue Fox Family was broken by Omi in one fell swoop.

The entire Blue Fox Family was greatly shaken.

"Alright, Omi, don't waste your time here, we should leave."

Omi nodded, "There is indeed no time to waste, we only have one year to complete what I want to accomplish on this trip when the Rainbow Bridge opens next year."

Omi arrived at the Four Seas through the Five Seas Teleportation Array.

The Four Seas hadn't changed at all, it was still the same as it was a year ago.

Omi suddenly said, "Right, I forgot one thing."

“What is it?”

Omi said, “When I was in the Four Seas, I stole all the Seventh Grade Spirit Stones of all the families in the Four Seas openly and secretly. Later on, I made an oath that in the future, I, Omi, will triple repay the seventh grade spirit stones I stole from them in the first place.”

Mu Qianji laughed, “I thought it was something, but now for you, let alone three times, you can take three thousand times the seventh grade spirit stones.”

“I, Omi, will do as I say.”

After saying that, Omi shouted in the sky of the Four Seas, “Please, the strongest people from all the families of the Four Seas, immediately go to the Xia Clan and collect the seventh grade spirit stones, a year ago, I, Omi, stole your seventh grade spirit stones, now I am returning them five times, please come and collect them as soon as possible, they will not expire.”

At this moment, the entire Four Seas heard it clearly, whether they were cultivating underground or not.

After Omi finished speaking, he flew directly to the Xia Clan.

The reason for arriving at the Xia Clan was because Omi happened to be going to the Xia Clan to find someone, Xia Xiaoxin.
